
## Windfall Literary Contest Judges Announce Winners

Announcement of three winners in this year's first Windfall literary contest has been released by Scribes. The judges have awarded a first prize in the poetry division to Ella E. Chamer '49, a second prize in the non-fiction field to Virgil L. McCarty '49, and a third prize in the short story bracket to Byron H. Kretzman '50.

Ella Chamer, a two-time winner in Windfall contests, topped first prize in the poetry division of last winter's contest. Miss Chamer, who is a senior in Liberal Arts, hails from Union, N. J. She has done some writing while in high school and began trying her hand at poetry when she entered college. Ella is a member of the literary organization, Blue Stockings, and favors Shelley among the many lyric poets whom she admires.

Virgil McCarty, a senior in the Arts and Science college, is a native of Marshfield, Vt. He is married, the father of one child, and served during the last war as a radio instructor with the Army

Signal Corps. Virgil's literary experience includes various papers and articles, one of which has been published in the Vermont Journal for the Vermont Historical Society. He has written a book dealing with Fascism in America entitled "It Has Happened Here," which is now in the hands of a New York publisher.

Byron Kretzman, a junior from Healdsburg, N. Y., is majoring in electrical engineering. He transferred to U. V. this term from Hofstra College on Long Island at the insistence of Don Morrison U. V. M. '41, with whom he served in the Army Signal Corps. Byron also served with Virgil McCarty, winner in the non-fiction division, while the two men were radio instructors at Fort Monmouth, N. J.

Judges for the contest were Prof. Muriel J. Hughes, Jack Trevithick and John Aldrich of the English Department, Mrs. Francis Colburn, and Prof. Sumner Willard of the Romance Languages Department.

## Vt. Varieties Feature School-Wide Talent

### Gala Campus Show Will Perform Thurs. And Fri.

Bob Condon Will M.C.  
U.V.M. '48 Varieties  
(Special to the CYNIC)

Final preparations have been made during the preceding week for the Dramatic Club production of the "Second Annual Vermont Varieties" which will open at 8:15 Thursday night, December 9, at Southwick Auditorium, with a repeat performance Friday night. Committee members have been busy making elaborate staging and lighting plans to bring a variety of atmosphere to the show, along with its many and varied acts.

Entertainers have been chosen for the faculty staff, students, and administration, and President Millis is included on the list of performers. All persons participating have been rehearsing with Mr. Humphrey and Dee Dee Cummings this week. The variety of acts will range all the way from tumbling specialties to smooth dancing, with a promise of many surprises of heretofore hidden U.V.M. talent. Original music and a special "Varieties" orchestra are also to be heard. Bob Condon '50, will act as master of ceremonies.

There has been a general buzz of activity as the costume and properties committees have been collecting odd pieces for show, and all in all, it looks like there would be fun in store for all.

A week ago the ticket booth appeared in the lower hall of Waterman, and Dramatic Clubbers have been on hand all week to sell tickets. Publicity for the Varieties has been carried to radio programs and downtown restaurants which are featuring "Vermont Varieties Specials" on their menus all this week. The admission charge is sixty and seventy-five cents, including tax, and all seats are reserved. Tickets will also be sold at the door, if there are any left.

Bob Condon

### CYNIC VIEWS COMING EVENTS

- December 8  
7:15 p.m. Women's Mass Meeting, Southwick.
- December 9  
4:00 p.m. Movies "Bells of St. Mary's," Fleming Museum.  
8:30 p.m. Second Annual Vermont Varieties Show, Southwick.
- December 10  
1:00 p.m. Chapel, Ira Allen Chapel.  
8:30 p.m. Second Annual Vermont Varieties Show, Southwick.
- December 11  
7:30 p.m. Basketball, Hamilton, Memorial Auditorium.  
8:30 p.m. Hillel Hanukkah party, Talmud Torah Hall.  
9:00 p.m. Newman Club dance, Gym.  
7:00 p.m. and 9:00 p.m. Movie on 1948 Olympics, Fleming Museum.
- December 12  
4:00 p.m. Christmas Concert, Ira Allen Chapel.  
7:00 p.m. and 9:00 p.m. Movie on 1948 Winter Olympics, Fleming.

### Brilliant Winter Sports Film Will Be Exhibited Sat.

Hans Thorner's brilliant technicolor film entitled "The 1948 Winter Olympics" is being brought to the U.V.M. campus this Saturday and Sunday evenings, December 11 and 12, in the Fleming Museum. The proceeds will go to the men's ski team, and to enable as many as possible to attend this highly recommended production, two showings nightly have been scheduled at seven and nine o'clock each evening.

Skiing, along with bobsledding and similar winter sports, highlights, this ninety-minute film which is the only complete film made on last season's olympics. The best of reports have been made by those who have already seen it, and particularly those who are interested in skiing are urged not to miss the picture. The entire program is being run by the Outing Club which is trying to aid the ski team this winter.

Tickets should be bought in advance from any member of the men's ski team or Outing Club Council for any one of the four shows at the price of seventy-five cents. They are also being sold in Waterman lower corridor Tuesday, Wednesday and Thursday of this week during the hours around noon time.

### Actress To Present "Memoirs" Program At Hanukkah Party

Selma Burnett Snyder, actress-lecturer and creative story telling will present a program "Memoirs of My People" at the annual Hanukkah party for the U.V.M. Hillel group to take place Saturday evening, December 11 at the Talmud Torah hall on North Winooski Avenue. Miss Snyder's program is a stirring dramatization of Leo W. Schwartz's anthology of Jewish self-portraits.

Miss Snyder received her training in the theatre and radio. She has acted, sung, entertained and written for both, having had her own book program on WEVD, New York. She has been guest critic on "Speaking of Books" on WGY, Schenectady, N. Y., and has had acting roles on virtually all the major networks, in addition to playing several seasons in repertory in Litchfield, Conn., Provincetown, Mass., and Tiverton, R. I. The actress also spent two years with the Labor Theatre touring the country.

Hanukkah, or the Feast of Lights, will be observed by the U.V.M. Hillel group with a dinner starting at 6:30, the program by Miss Snyder, and dancing. Each person attending the affair is requested to bring a gift, valued not over twenty-five cents, wrapped, ready for the exchange grab bag. A cordial invitation is extended to all Jewish students on campus to come to this Hanukkah party.

### UVM Is Host To Newsman Federation For First Time

Walt Fimian

### Committees Under Lead Of Pres. Walt Fimian

For the first time in its history the University of Vermont Newman Club will play host for the monthly conference of the New England Province of the National Federation of Newman Clubs. In the past the meetings have been held in Boston and vicinity. Sixty delegates from New England colleges will be welcomed to the U.V.M. campus on Friday evening, December 10 for a full week-end's entertainment.

Various committees under the direction of the President of the Vermont Newman Club, Walter Fimian, have planned a varied program to entertain the guests and introduce them to the campus and Vermont skiing.

The conference will get underway Thursday evening, December 9 when the U.V.M. Newman Club holds its regular monthly meeting. The guest speaker will be Rev. Henry P. Fisher, C.S.P. Father Fisher is rector of St. Anne's Church, Boston, and Chaplain of the New England Province of the Newman Club Federation. Before coming to Boston, Father Fisher was stationed in Johannesburg, South Africa, for six and one half years. With two other Paulists, he sailed to South Africa to establish the first Paulist mission in that country. Prior to 1938, he was spiritual director of the St. Paul's Guild, a national Catholic organization primarily interested in rendering financial assistance to former Protestant clergymen and Anglican nuns who by becoming Catholics have lost their means of earning a livelihood. Father Fisher, a native of Washington, D.C., attended the Washington public schools, and the George Washington and Catholic Universities. He was ordained in 1929. He will speak to members of the Vermont Newman Club on "The Newman Club and Newman Club Federation."

Father Fisher will also be the guest speaker at the Catholic Chapel at Southwick Friday, December 10, at 1:00 p.m. in Room 239.

Saturday's program will be climaxed by the University dance sponsored by the Newman Club. This will be the last college dance before the Christmas vacation.

The Newman Club Conference will reopen Sunday with Mass at Trinity Col-

(Continued on page 8)

### NEWMANS CLUB CONFERENCE

- Thursday, December 9  
7:30 p.m. U.V.M. Newman Club meeting, Ira Allen Chapel.  
Guest Speaker: Rev. Henry P. Fisher, C.S.P., New England Province Director of Newman Club Federation.
- Friday, December 10  
10:00 p.m. Registration.
- Saturday, December 11  
9:30 a.m. Automobile tour of Vermont campus.  
10:00 a.m. Leave Burlington by bus for 'Stowe ski resort.  
5:00 p.m. Confessions for skiers.  
6:15 p.m. Dinner, Faculty Lounge.  
7:45 p.m. Basketball game—UVM vs. Hamilton—Memorial Auditorium.
- 8:30-12:00 p.m. University dance, sponsored by Newman Club. (Dress informal.)
- Sunday, December 12  
9:00 a.m. Mass, Trinity College, The Most Reverend Edward F. Ryan, Bishop of Burlington, presiding. Sermon by Rev. William L. Nolan, C.Ss.R.  
10:15 a.m. Communion Breakfast, third floor, Waterman Building.  
12:00 a.m. Official meeting of the Newman Club Federation.

### Petitions For Stu-Gov Offices Now Available For Aspirants

With nineteen vacancies available including the four major offices, Student Government petition blanks will be available Thursday, December 9, at the Information Booth, Waterman for all students eligible for the election scheduled January 12, 1949.

It is thought that several members of this year's executive council will run for the leading offices of president, vice-president, secretary, but considerable opposition is seen if other students decide to run. The Student Government elections committee under Chairman Pete Haslam has announced that there is no limit on the number of nominations and states that the crux of eligibility will be a "good standing with the university" by the student who wishes to run for office.

The petitions for class nominations must contain signatures of 100 members of the class from which the candidate is seeking election while the petitions must be submitted by 6 p.m., Thursday, December 16, in order that the nominations may be submitted for the Dean's approval.

Harry Miele who rolled to a landslide victory last year after a brief but energetic campaign will graduate this year along with Jane Atwood, treasurer and Jane Smith, secretary. Tom Hayes, vice-president and Norm Dennis, sub-treasurer will be seniors next year with Dennis taking over the responsibilities of treasurer and Hayes in a position to run for the presidency if he wishes.

The basis for representation in the council has been set at five members for each class or one person for every, 150 members in that class.

When the candidates are officially known CYNIC will publish pictures of the candidates along with short biographies. The presidential candidates will receive considerably more space in an effort to give full recognition to their platforms.

The present simplification of the voting procedure and the election system is a result of the planning and recommendations of the Election Committee composed of Pete Haslam, Bob Perkins and Lucille Wetherby.

### Staff Graduating Leaves Many Vacancies On 1949 Windfall

"Opportunities and quick advancement" is the keynote of *Windfall's* drive for a more extensive staff on U. V. M.'s literary magazine. According to Joyce A. Viventi, editor-in-chief, there are now many opportunities and openings for all students interested in trying for a position with the magazine.

Many staff members will be graduating this year, so, *Windfall* finds itself with a skeleton staff, too small to handle the many phases of work required to issue a literary magazine. Added to this, *Windfall* is still in an infant stage and has not had time to acquire a permanent and large staff. Consequently, there are positions open not only on the Junior Staff but also on the Senior Staff.

In correlation with the drive for new members the personnel will be reorganized. The staff will be divided into five departments: executive, business, prose, poetry, and art. These departments will be divided into two levels, a Senior Staff and a Junior Staff. The Junior Staff

will be composed of all personnel except those on the Senior Staff and will be headed by a Staff Captain.

The executive Senior Staff will be headed by the editor-in-chief assisted by a personnel editor, exchange editor, and a public relations manager. The business Senior Staff will be headed by a business manager assisted by an assistant business manager, and a circulation manager. The prose, poetry, and art Senior Staffs will each have an editor and assistant editor.

*Windfall* needs juniors as well as sophomores and freshmen to fill these positions. No previous experience is needed and a staff member chooses the division in which he will work. Opportunities for advancement are many, as an entire new staff will be chosen at the end of this school year. Literary talent is not necessary for a staff member.

If anyone is interested in working on *Windfall*, they may sign up on the posters that will be displayed this week.

## Concluding Session Of IRC Conference Elects Officers

The final meeting of the New England IRC Conference was held in the Ira Allen chapel on Sunday morning. The session started with reports of the discussions of each round table by their respective chairmen.

The first Round Table, "How much support should the U. S. give the U.N.?" discussed the trends toward nationalism and militarism which tended to weaken the U.N. The recommendations made emphasized the revival of an international spirit.

The second Round Table, "To what extent should we continue to aid reconstruction of Western Europe?" recommended that certain statements be issued to Europe by the State Department in regard to points which would make it easier for U. S. to aid European reconstruction.

The chief points brought out under the third Round Table, "What is the future role of Germany in European and the world affairs?" were general disarmament and the creation of a new central government in Germany.

The topic of the fourth Round Table, "How relations between the U. S. and Russia could be improved?" was answered by three solutions: our fullest support of the U.N., educational student exchange between U. S. and Russia, and more trade with Russia.

The conclusion of the fifth Round Table, "American Democracy and Soviet Communism," was that both nations could exist in peace.

The sixth Round Table's topic, "What is Japan's future role in the Far East?" was answered by the fact that the U. S. must have overall control of Japan's government and education in the immediate future.

The seventh Round Table answered its topic, "How Imperialistic has U. S. Foreign Policy become?" with many recommendations including one which asked for a withdrawal of U. S. arms from the Chinese national government.

Following the round table reports, several other matters were decided upon by vote. Motions were passed to send delegates to the National Conference in the spring and to instruct them to vote against future National Conferences for the reason that they were "top heavy" and against any motion that excluded Mexico and Canada. The University of New Hampshire was decided upon for the next year's conference. Officers elected are Joseph Quinlin, vice-president, and Margaret Fisher, secretary.

The session was concluded by an evaluation of the conference by Prof. Paul D. Evans. He brought out three specific points: the lack of vindictiveness in the students, no fatalism present at any of the discussions and the absolute need for education to meet the world leadership.

## I. R. C. DELEGATES

(Staff Photo by King)

## President of Goddard College Addresses Regional Conference

One of the many meetings attended by the delegates to the I.R.C. was held in the Ira Allen Chapel at two o'clock on Saturday, December 4. The speaker at this meeting was Mr. Pitkin, president of Goddard College. His topic was "The Individual in a World Society."

Mr. Pitkin began his talk by saying that the world today is no longer merely a conglomerate of many completely independent countries, but that it is actually a world society brought together by science, trade, and modern transportation methods. This world society encompasses large areas containing many kinds of people, governments, and cultures. The two million people in the world society are very varied as to cultures, religions, and ideas of right and wrong.

The relationship of the individual to the world society is intimate in the respect that it is the individuals who make, modify, and perpetuate the various cultures. In many other ways the people are very remote from the world. They let the world slide by them until all of a sudden it hits them sharply. The people of Bikini were a group which never kept up with the world, and finally the world caught

up with them when they were forced to leave their native homes so the advanced nations could test the atomic bomb.

The behavior of the individual is affected by the behavior of others. A recent example of this is the way in which Hitler and a small group around him changed the course of history and affected the lives of many millions of people.

The world society today is neurotic and immature. It is in continual conflict and is slowly destroying its physical base. The main reason for instability of the present world society is the fact that the people of the world are immature. They are vain, stubborn, and often roused to a high state of nervousness because of trivial happenings. In order to prevent disaster we must develop an attitude of world citizenship. Nations must change their way of thinking, and we must learn to live with others even though they differ from us. We must also become a mature people. Millions of people will have to be educated to become mature.

We will have world destruction rather than world society if we do not become a mature people. We must all henceforth work for the good of the world society.

## Prof. Grayson Kirk Speaks At First Parish Church

"The United States can only hope for a long, long, period of the present high tension," stated Grayson Kirk, Professor of Government at Columbia University, at the I.R.C. Regional Conference Saturday night, held at the First Church parish house.

Mr. Kirk emphasized the fact that there are three possible peacetime outcomes to the problem of American foreign policy. The most favorable solution for the United States would be the build up of a number of strong powers with regional influence.

The dominance of the two strongest powers with their own special "spheres of influence" or the dominance of one strong power were the other two possibilities pointed out by Mr. Kirk.

A fatal weakness of all people is in thinking that something will turn up soon, Mr. Kirk went on to say. He believed that everyone has overestimated what the United Nations could do, overlooking the fact that it was never conceived to maintain peace, only to promote peace.

"Avoid escapism to help strengthen American foreign policy," Mr. Kirk emphatically stated in closing.

## Dr. W. Chamberlin Highlights U. S. Foreign Policy

On the opening night of the I.R.C. conference here at U.V.M., the visiting New England delegates were acquainted with one another by a banquet at the Hotel Vermont. The guest speaker for the evening was Dr. Waldo Chamberlin, the University of New York. However, before he spoke, Ralph Conant, conference chairman, introduced Joseph Quinlin, national president from A.I.C., and Paul Evans, both of whom welcomed delegates. Miss Martha Atwood, national president from U.V.M., introduced speaker, Dr. Chamberlin, whose topic was "United State Foreign Policy and World Affairs."

Dr. Chamberlin stated that the United States foreign policy is the determining factor of world foreign policy, and that foreign policy involves us in everything that is important to the world. "As the Palestine problem is concerned," he said, "we should leave it alone for we have much more important commitments such as China." He continued with the fact that if we should decide to help China, we should be willing to aid her all the way and not half way as we have been doing.

As far as the Berlin situation is concerned, Dr. Chamberlin stated that according to General Clay, if we are forced out of Berlin, we can be forced elsewhere. These are our two main problems of today and should be solved quickly, yet wisely.

"The functions of the U.N.," Dr. Chamberlin said, "is to bring about (1) justice and peace so that they can be maintained, (2) living together in peace as good neighbors, and (3) friendliness among nations so that universal peace may be obtained."

However, Russia has not abided by these agreements, for in 1944 she withdrew from the post-war committees, and since then, slander against religion in the United States has been printed in the newspapers.

In closing, Dr. Chamberlin said that in order to expand our dealings in the world, three things should be done. First, "we should be redefined. Second, sovereignty should be defined. And third, the voting system should be changed."

FOREIGN STUDENT

Norwegian Underground Ace  
Compares Vermont to Homeland

Norwegian Arne Stangeland '52, feels that the Democratic party in the United States seems to serve the common people more than the Republican party. Six feet, four inches, blonde, blue-eyed Arne, who has been in this country two months, says that history books studied back in Norway, not the campaign speeches, give him this impression. He refused to comment further from a European's point of view on the results of the election, saying that he wasn't the right man to ask. "You have to see a party platform in practice to really know," he insisted.

Arne is the right man to ask about the Norwegian underground. In 1943 Arne joined a scout troop (which was forbidden by the Nazis) whose leader was also a leader in the home forces or underground. Later in the same year, Arne's troop joined the underground. After being trained, Arne became a weapons instructor. He also helped transport weapons which came from England by torpedo boats. The weapons were landed on small coastal islands and then packed in herring in the holds of fishing boats. Weapons were also dropped from planes in the mountains and were cached there until needed. Although every member of the underground acted as a spy whenever possible, Arne said that sabotage operations were under strict orders from London. All their training was aimed towards assisting the British in an invasion of Norway.

It wasn't until May 7, 1945, that Arne knew his older brother was also an underground member. He got up in the wee hours of May 7 to take part in the overthrow of the local Nazis on the eve of V-E Day, only to find his brother also awake. Such extreme silence was maintained so that no one would have anything to tell in the event of capture and torture. Even when the leaders met, they wore black masks to blot out their identities. "V-E Day wasn't much in our town," Arne said. "The Germans were too arrogant and many were drunk. It could have been much worse. We wore Norwegian flags on our arms and were supplied with rifles and hand grenades."

America entertains Arne so well that he claims he hasn't been homesick at all for his home 3,600 miles away.

"The United States was the natural

choice," Arne replied when asked why he chose to study here. He said that he wanted to combine travel with study. His parents, who had lived in Brooklyn at one time, and his brother, now a student at the University of New Hampshire, had indoctrinated him with the advantages of this country. Arne finds many similarities in scenery and climate between Vermont and Norway because of the Green Mountains and Lake Champlain. Arne's home is on Risoy, one of the two islands on which the city of Haugesund is spread, off the southwestern coast of Norway. Arne's interests back home were mountaineering and the out-of-doors, skiing, and listening to classical music, none of which he has time for here.

After passing his final exams at preparatory school two years ago, Arne, who will be 21 at the end of November, spent a year working in a ship yard. Experience is necessary for admittance to a technical school in Norway. The next year Arne attended a commercial school in order to obtain a specialized background to be prepared in case he was not admitted to college. Now Arne is enrolled at U.V.M. in the mechanical engineering course. After he graduates Arne wants to see more of this country and gain experience in the engineering field here, specializing in either Diesel or steam engines, before going back to Norway.

Newman, Hillel, SCA  
Combat Religious  
Apathy On Campus

Now that we have been elevated to the ranks of higher education, those long-ago days of pastel ruffles, mary janes and Sunday School seem rather hazy and insignificant. We recall our mothers fussing about us each Sunday morning, twisting each curl into place, hoping that we would walk away with the most blue ribbons and perfect attendance medals. And then we recall reading about the Good Samaritan and the Miracle of the Loaves and Fishes. As we grew older, Sunday School was replaced by regular service. Remember tripping up the aisle accompanied by Mother and Dad? But as we grew older and more worldly we sometimes begged off going to church at all.

If the average college student of today had cultivated within himself the feeling that religion was not something vague and incomprehensible, associated only with the you'd-better-go-dear look from our mothers, but rather an awareness of a Supreme Being, arousing within us a sense of reverence, love and gratitude, then the current attitude of indifference to religion among these eager pursuants of superior learning would not be so rampant. We may dismiss it with a shrug but we all know that the main reason for the marked absence of college students from spiritual services or simply the "indifferent" attitude toward religion is that we are now on our own—there is no parent in the doorway on Sunday morning urging us to dress for church. Why get up, begrudgingly, on the only morning we have to sleep late just to go to church? After all, who would ever know whether we went or not?

Tus we see that the college is not at fault—it is the individual Joe or Josie College who is to blame for the seeming lack of religious spirit. The college, UVM for instance offers many opportunities for bringing to life what religious spirit may be locked within us by sponsoring the Student Christian Association for Protestants, the Newman Club for Catholics and the Hillel Foundation for those of the Jewish faith. Each of these organizations has officers and a regular day of meeting and besides the religious instruction gained by attending, there is usually some form of social activity (this latter should not be an enticement, but in most cases, it is). Let's try to, resurrect the old Sunday School feeling, using one of these three organizations as medium.

SPORTS FEATURE

Ralph Lapointe, Cardinal Sub,  
Returns To UVM For SE Degree

This summer vacation was spent by many of us, scanning the sport pages of daily newspapers for news of the St. Louis Cardinals and more specifically news of Ralph Lapointe. Ralph is our personal representative in the great American pastime and as such our interest in him is more than general. We formed this habit late in the summer of 1947, when he was playing shortstop for the Philadelphia Phillies. Although a rookie at the time, Lapointe was number 1 in the batting order because of ability to get on base and bring home the bacon. In write ups of the games, reference was usually made to Ralph's ability on the bases. He was generally considered amongst the fastest men in the league. Ralph finished the season with a very healthy batting mark of .308 and was selected by a sportwriter's poll to the All Star rookie team of that year.

During the following winter, veteran long ball hitting Eddie Miller was obtained by the Phils from the Cincinnati Reds in a players swap. This was a disappointment since Miller had the shortstop's position all but sewed up. During the winter trading season, Ben Chapman, former manager of the Phils was quoted as saying, "we have six shortstops on our club and I offered him (a rival manager) any one of them but Miller and Lapointe." He then went on to say that Lapointe had a promising career ahead of him. Although Chapman had six shortstops, he didn't have anything resembling a first baseman and sent Ralph Lapointe to the Cardinals in exchange for George Sisler.

Lapointe reported to the Cardinal spring training camp at St. Petersburg, Fla. It is both advantageous and rather disconcerting for a young ballplayer to be playing with the Cardinals and Musial, Slaughter, Marion, Breechen, names that have been in baseball headlines for upwards of ten years.

Ralph started off the season as a utility infielder, and got his first chance at playing regularly when "Red" Schoendienst the second baseman was injured. Mgr. Eddie Dyer commenting on Ralph's performance said, "Lapointe is a good shortstop but he never played second base before." Ralph got his chance at shortstop when Marion was forced out of the lineup with a back injury. He fielded the position well, but

didn't hit with any degree of consistency. It wasn't until Ralph was playing regularly, that his hitting began to pick up. But as Lapointe's batting average rose, Marion's back became better, and soon the "Octopus" was back in the lineup returning Lapointe to the bench. It is a well known fact in baseball, that unless a player can meet all types of pitching, in other words play every day, he will not develop as a hitter. That was the story in Lapointe's case.

Ralph appeared in 85 games during the 1948 season and batted a harmless .225.

Two days before the close of the season, Lapointe was traded to Rochester in the International League. Which team he will play with next year is not yet certain, but it must certainly be a team on which he will be playing, even if it means spending next season with Rochester.

It is generally agreed that Ralph has the capabilities of a major leaguer and the potentialities of greatness—a little time and a little luck will see U. V. M. again represented on the national baseball scene.

PROVE CAMEL MILDNESS  
FOR YOURSELF!

Prove for yourself what throat specialists reported when 30-day smoking test revealed

NO THROAT IRRITATION  
due to smoking CAMELS!

MAKE YOUR OWN 30-DAY CAMEL MILDNESS TEST. Smoke Camels, and only Camels, for 30 days. Prove for yourself just how mild Camels are!

Hundreds of men and women, from coast to coast, recently made a similar test. They smoked an average of one to two packs of Camels a day for 30 days. Their throats were examined by noted throat specialists. After a total of 2470 examinations—these throat specialists reported not one single case of throat irritation due to smoking Camels!

But prove it yourself... in your "T-Zone." Let YOUR OWN TASTE tell you about the rich, full flavor of Camel's choice tobaccos. Let YOUR OWN THROAT give the good news of Camel's cool, cool mildness.

Money-Back Guarantee!

Try Camels and test them as you smoke them. If, at any time, you are not convinced that Camels are the mildest cigarette you ever smoked, return the package with the unused Camels and we will refund its full purchase price, plus postage. (Signed) R. J. Reynolds Tobacco Company, Winston-Salem, North Carolina.

According to a Nationwide survey:

MORE DOCTORS SMOKE CAMELS THAN ANY OTHER CIGARETTE

Doctors smoke for pleasure, too! And when three leading independent research organizations asked 113,597 doctors what cigarette they smoked, the brand named most was Camel!

Founded in 1883. Published weekly during the college year. Subscriptions \$2.50 a year; single copy, five cents. Acceptance for mailing to points outside Burlington at special rate provided for in Section 406 P. L. and R. Act of March 3, 1879, authorized October 14, 1926. Publication Office, 187 College St., Burlington, Vt.

## Cynic Coverage

Shortly after the U.V.M.'s second semester begins in February the new CYNIC staff will be announced. During January the tryout periods will be held and members of the CYNIC will compete for the major positions on the paper.

If there is any organization in this school that the students should consistently interest themselves in it is their newspaper and for this reason the present editorial staff will outline several suggestions which it feels will build a better CYNIC.

CYNIC writers must have freedom to express themselves on controversial issues. This applies to international, national, state and local affairs, of course, but we mainly refer to issues on this campus. The editorial staff should not feel satisfied with its work unless organizations and groups within the school are given a coverage that will make them aware that their actions reflect upon themselves and that their committee acts are meant for public knowledge.

State, local and campus problems are the real testing grounds for editorial courage and the student should demand that its paper bring to light political news that it is important to us as citizens and voters. If Vermont has inadequate representation in Congress the readers should know more about it and if on our own campus we have an extraordinary low morale among the faculty due to passive subservience to a highly geared and professionalized administration it is the CYNIC and the CYNIC only which can inform the students. In the latter question it is not merely a faculty-administration question since we receive the major portion of our incentive and inspiration from the men and women who teach us. If our professors are a dispirited and disunited group their state of mind is reflected in us.

These are only a few of the issues that will confront the writer. The extent to which he or she attends to these questions are the basis of evaluation by the student readers.

## The Editor's Column

A detailed survey has substantiated the administrative claim that the CYNIC carried an unfounded report of budget padding. When the original copy was turned in, I honestly believed that the source of the information justified the printing of the material. Although the article did not definitely insinuate that the administration was pulling a houdini, the column caused quite a rumpus with those closely associated with the University of Vermont.

The whole gerrymander seems to boil down to this: in order to check precisely the actual profit or loss of the various institutional departments, each has to carry its share of the general maintenance expenses. Whereas, this policy does not constitute a breach in the accounting procedure, employed at the request of the Auditor of Accounts, State of Vermont, the CYNIC retracts all statements concerning this, which were voiced in the November 3 issue of this publication.

### NSA Comes To Aid of Displaced Students

The United States National Student Association has begun its drive to enable displaced persons to attend American colleges next fall.

N.S.A., in cooperation with the President's Commission for Administration of Public Law 774 and with the major religious resettlement agencies, has been assigned the task of finding housing, part-time jobs for self-support, and scholarships or tuition-waivers for DP students.

Although more than 10,000 DP students have applied for aid, only a small percentage can be accepted. Each college will be able to choose the applicants who best meet its requirements.

N.S.A.'s sub-commission at Harvard University is in charge of the program and has begun sending instructions to the 265 N.S.A. member colleges and universities on how to arrange for the DPs at their institutions.

After they have assured financial support for the new students, N.S.A. delegations in the member colleges will ask the presidents of their institutions to sign "assurances" that the students will be admitted.

The selected student will be transported from the DP center to the United States by the International Refugee Organization of the United Nations.

In order to avoid discrimination, the DPs accepted will include an equal number of Protestants, Catholics, and Jews.

### Flat Foot Floggie With The Floy

Maybe it comes from footing the bill so much, but anyway it appears that Joe College has prettier although bigger—feet than Betty Co-ed.

This was disclosed recently in statistics released by Dr. Wilfred T. Robbins, director of the Student Health Service, Santa Barbara College, University of California, based on physical examinations of students.

Results showed that 12 per cent of the men had foot defects, compared with 29 per cent of the women students. Dr. Robbins explained that the males will probably continue to have healthier looking feet so long as members of the fair sex insist on cramping their feet into undersized shoes.

### Opportunity Prevails For Creative Writers

The National Five Arts Award, Inc., a non-profit organization, designed to discover, aid and stimulate creative writing in the colleges and universities in the United States has announced the first of its annual contests for its Awards and Fellowships totalling one hundred thousand dollars.

Open to all writers, the contests are primarily for new college age writers in the fields of the full length play, the radio script, the popular song, the screen original, the short story and short short. There are six cash Awards in each category, a \$2,000 first prize, a \$1,000 second prize and four prizes of \$500 each. In addition, and in a special effort to obtain recognition and financial assistance for young writers, \$70,000 of the total Awards will be granted in the form of 140 Fellowships of \$500 each.

The Fellowships, like the cash prizes, will be awarded on the basis of merit alone, rather than on age or academic degrees, and will be granted to writers of talent and promise. Further, such writers may use the fellowship money in whatever manner will best further their writing careers for it is not conditioned upon project outlines or specific writing or study commitments.

Sponsored by Norman Gerstenzang, Inc., manufacturers of the Normandy Pen, The National Five Arts Award has begun to contact colleges, universities and writers' clubs for entries in its first national contest.

In each category, as with the play, The National Five Arts Award proposes to obtain professional production and publication of the most meritorious scripts, stories and songs. And in each case the author will receive full royalties in conformity with the highest standards set by all the Writers' Guilds.

The contests, which are open to all writers, require a two dollar entry fee on the first manuscript submitted, and a one dollar fee for each additional entry. Closing date of the contests is January 31, 1949. Announcement of the Normandy Pen Awards and Fellowships will be made April 1, 1949, or as soon thereafter as possible.

Each category will be judged by a panel of three, all writers, critics or producers of national reputation and distinction in the particular field in which he or she acts as a judge.

The address of The National Five Arts Award, Inc., is 715 Fifth Avenue, New York 22, N. Y.

TRY BUILDING WITH THIS!

## From The Archives . . .

Three Years Ago—December 5, 1945

Lt. Robert E. Long, returns to U.V.M. after establishing military government on the island of Saipan. Lieutenant Long also served as defense lawyer of those people who got in difficulty with the Military Government. Here, he came in contact with the natives of the island as well as with the Japanese.

Honor system opposition gains impetus on campus as final plans are formulated for a highly-publicized Student-Faculty Discussion. Many members of the faculty will express their views while the students are expected to spark the discussion.

The CYNIC was dedicated to the 67, University of Vermont men, who paid the ultimate price in war.

Bob Jake sparked the University of Vermont basketball quintet to a 48-34 victory over the Winooski vets. The Winooski aggregation had been signed as last-minute substitute for the Plattsburg Army Air Force, which was forced to cancel all remaining games. A few hours before game time orders came for all army personnel to leave Plattsburg for an undisclosed destination.

Sixteen Years Ago—December 9, 1932

A new greenhouse will be added to the Agricultural College for the purpose of year-round experiments in soils and crops. A large number of imported grass and legume plants which have been sent from Washington, D. C., will be studied at the University greenhouse before being transferred to the field at the U. S. Morgan Horse Farm at Middlebury, Vt.

Professor Evans, head of the history department of the University of Vermont, has just completed the ninth in the series of biographies of prominent Vermonters of the nineteenth century. The life sketches will be published in the Dictionary of American Biography.

Seventeen Years Ago—December 11, 1931

A four-day search for Esther Pitts '35, missing since Sunday evening, ended yesterday when she telephoned her parents from the Windsor Station in Montreal. Her father, E. J. Pitts of Colchester, in the company of Detective James Wood, drove to the Canadian city and returned with her yesterday noon. She was in a semi-hysterical condition at the time of the call.

While sensation-seeking metropolitan papers have followed possible clues and false leads, featured garbled stories and created many explanations of the girl's disappearance, local authorities working on the case were unable, at the time the CYNIC went to press, to present an accurate account of the facts.

Twenty-nine Years Ago—December 6, 1919

"The attention of the entire student body is called to the 'Regulations for the Information of Students,' Section 13, part 9. This rule is construed as 'to cover contemplated absences in excess of recess periods.' The penalty for unexcused absence from classes immediately preceding or following a vacation was probation.

To the Editor of the CYNIC:  
We've read your verses, Spot,  
We think they're mostly rot.  
You're just a Frosh (or so you say),  
And in your place you ought to stay.  
Why worry about the Junior men?  
The fair sex is beyond your ken.  
Stick to your Latin and your Greek;  
Remember a degree you seek.  
Waste not valuable space  
On mere petticoats and lace,  
But if your pen you can't constrain,  
Boom VERMONT with might and main.  
That's a purpose good and true—  
Show us now what you can do.

# Green and Gold Etchings

## Student Government Notes

### Ariel Question

Regarding the distribution of *Ariels*, it was explained that the number of copies ordered was determined by the fall registration of 1946. If enough books remain after distribution to students registered that fall, they will be given to those who entered during the winter quarter of 1947.

A vacancy on the Social-Cultural Committee, made by the resignation of Frank Peabody, was filled by the appointment of Curtis Mosher. The motion was made by Ed Costello, seconded by Karl Webster, and carried.

Upon discussion of the disgraceful appearance of the student lounge, Al Pratt moved that Ed Costello be empowered to purchase four metal refuse cans for the room. The motion was seconded by Frank Peabody and carried.

Dan Burke was instructed to select council members to confer with him and with Dean Kroepsch on the registration process.

### Finance Recommendations

Jane Atwood asked about a report by the Constitutional Committee. It was considered best to wait until the president returns to discuss the proposed constitution.

Concerning the powers of the Finance Committee, the following recommendations were presented by the investigating committee:

1. That all organizations not on the 1948 budget, desiring appropriations from student government funds must be recognized by the executive council of student government.

2. That a committee be formed to draw up a list of requirements that the above mentioned organizations must meet to be recognized by the Executive Council of student government.

3. That the overall budget for the year be approved by the executive council before the appropriations are made.

4. That all increases in appropriations or appropriations to newly recognized organizations be brought in and approved by the executive council of student government before appropriations are made.

It was pointed out that these stipulations would not override but merely check the functions of the Finance Committee.

Since these proposals are closely related to revisions in the Constitution, Al Pratt moved that the report be referred to the Constitutional Committee. The motion was seconded by Karl Webster and approved.

### "On the Spot"

Dan Burke stated that *Free Press* reporters have questioned him on several student issues and that other students have been similarly "put on the spot." It was agreed that all publicity on student activities must be authorized by Mr. James Jennings of the new Public Relations Committee. Ed Costello moved that the secretary issue notices to this effect to all student organizations under student government jurisdiction. The motion was seconded by Al Pratt and carried.

The council agreed upon a gesture of sympathy for Harry Miele who is in the Mary Fletcher Hospital.

After Thanksgiving recess council meetings will be held on Wednesday at 4.00 in the Waterman student lounge. A motion by Ed Costello and seconded by Curtis Mosher appointed Vincent Richards to make a permanent poster announcing student government meetings. The sum of \$7.50 was appropriated for that purpose. Ed cited the work done by Vinnie on posters, especially the one for Key and Serpent, of which he is not a member.

The secretary asked that the council approve the purchase of a *Burlington Free Press* subscription to enable completeness of the council scrapbook. It was so moved and carried.

### Band Drive

Stressing the function of the University Band in boosting school spirit, Ed Costello offered to the council a plan by which the band could secure new uniforms. This would entail approximately \$5,000. Ed proposed that the band be loaned \$1200 to enable the recording of "Cotton Babs." If the money were appropriated immediately, a recording could be made after Thanksgiving, and the records ready for

sale early in January. The Decca concern would make the records, which would be the non-breakable type. Bob Ray, the band's drum major, stated that a minimum order of 2,000 records would be required. These would cost \$.55 apiece; the master recording, to be done by WJOY, would cost between \$50 and \$60. To provide a substantial profit, a selling price of up to \$1.50 was suggested. The council voted to make the necessary loan.

It was moved by Al Pratt that student government elections be held on Wednesday, January 12. The motion was seconded by Lucille Wetherby and carried. Jane Atwood suggested that elections might be held two days so that students not elected offices might be eligible for council positions. Such a method of election would necessitate a change in the Constitution and thereby a student vote of acceptance. The idea was discarded in regard to the coming elections.

The meeting was adjourned at 5.08.

Respectfully submitted,  
JANE SMITH,  
Secretary, UVM Students

### ATTENTION SENIORS

Seniors may register with the Placement Office the week of December 13-18 at a series of evening meetings in accordance with the following schedule:

Tuesday—December 14.

Engineering, Chemistry \* College of Technology; Chemistry, Mathematics, Physics \* College of Arts & Sciences.

Wednesday—December 15.

Commerce & Economics \* College of Technology; Economics \* College of Arts & Sciences.

Thursday—December 16.

College of Arts & Sciences.

All meetings will be held in Room 239, Waterman.

All meetings will begin at 7 p.m.

## Fraternity Notes

### DELTA PSI

All the brothers wandered back to 61 Summit Street after the Thanksgiving vacation, staggering under a load of turkey and high spirits. King Doug Riddel came back early and led several boys astray in darkest Montreal. John Kubin went deer hunting most of the vacation with no luck—funny he has pretty good luck on campus. Our nomination for "Martyr of the Holiday" is Tom O'Brien who survived a trip to New York and back on the Rutland! Greater love hath no man than to all but lay down his life to visit his family.

Just prior to Thanksgiving we were honored by the appearance of Stu Evans, who is in New York State drumming up trade for a northwestern lumber concern.

### TAU EPSILON PHI

A "Happy Thanksgiving" was the theme of the informal dance held at the T.E.P. house, Saturday eve, November 20. The girls came dressed in slacks or skirts and the fellows wore either dungarees or that old pair of khaki pants lying about. The clothing worn that night fitted in with the decoration of the house,

which had corn husks and snow strewn about. Under the direction of the social chairmen, Steve Berman and Fred Sigmán, a few games were played. In one of these "cruel, punishing" games, called "walking chairs," former chancellor Larry Ahrens and an anonymous date emerged victorious. Another game played was the one in which a fellow and his date had to go under a bamboo stick held a few inches above the ground. Those brothers with dates weighing more than 150 pounds were automatically eliminated.

Following the games were a few short skits put on by a few of the brothers. The M.C. for the skits was George Rudes and some of the participants were Howard Aaron, Art Langer, and Herb Levine. Chaperones for this dance were Mr. and Mrs. Kahn and Mr. and Mrs. Lamden. It was agreed by everyone that this dance was an aid to our appreciation of the forthcoming Thanksgiving vacation.

The brothers of Tau Epsilon Phi would like to take this opportunity to congratulate Fred Weinberg and George Rudes, who were initiated into the fraternity on Sunday, December 5. The date of our forthcoming Christmas formal is December 17.

## CAMPUS CAPERS... LAFF 'N' LEARN

### Johnny GUIDES JEFF BACK INTO THE ORPHEAN GROOVE

### Build your vocabulary

ORPHEAN — Like Orpheus, sweetest singer of mythology.  
JONGLEURS — Mediaeval Minstrels.  
BARCAROLE — Serenade with romantic intentions.  
NYE — Old hunting term for a cluster of beautiful birds like Pheasants.  
ANTEILUVIAN — Before the Flood; ancient.  
EXPOSTULATE — To object with emphasis.  
ULTRAMUNDANE — Out of this world, i.e., to sing like Bing.  
CIGARETTE HANGOVER — That stale smoked-out taste; that tight dry feeling in your throat due to smoking.  
CADENZA — A gay vocal outburst.  
PHILHARMONIC — Denoting a love of pleasant harmonies.

### Hit a Happy Note in Smoking

All over America, millions of smokers are discovering—there's NO CIGARETTE HANGOVER when you smoke PHILIP MORRIS... because PHILIP MORRIS is less irritating than any other leading brand. That's why eminent nose and throat specialists actually suggest\* PHILIP MORRIS in cases of irritation due to smoking. You'll be glad tomorrow, you smoked PHILIP MORRIS today!

# Second Half Drive Fails To Overtake Dartmouth Five

## Kotlarczyk Leads Scoring And Defense; Galli Shows Promise

The Catamounts, smarting from their defeat at the hands of the Big Green of Dartmouth last Wednesday night fought to within six points of the Indians in a gallant, but sloppy effort Monday night before being turned back 51-41 in as violent a basketball game as one might hope to see. Both teams were suffering from cases of early season jitters, making the accuracy of shots very low and the personal fouls high.

The scoring opened as Big Al Niemann dropped a pair of foul shots. Ed Leede countered for Dartmouth with a charity toss, but Ed Kotlarczyk's driving layup opened a three-point gap. Two layups by Dartmouth's Wes Fields and a foul shot by Ken Pierce knotted the count at 5 all. Hudak and Reier hit for the Big Green, but Ed Kotlarczyk then scored on a layup to bring it to 7-10. From here Dartmouth, with Hudak and Fields supplying the scoring punches, drove to a 31-20 halftime advantage.

### Catamounts Press Big Green

The second half started out as the first had ended with Dartmouth continuing to take command. Then midway through the second half the completion began to change as Wes Fields, Dartmouth high-scoring forward, and Hammy Livingston, U.V.M.'s captain and stellar guard left via five personal fouls. With the score 43-26 the Catamounts began to click. Roy MacDonald scored on a layup and Al Niemann followed with a foul toss. Buckley scored for Dartmouth, but then the fireworks began. Galli, Niemann, and Kotlarczyk, hit in succession making the score 45-35. Ed then converted two free throws while Al's hook shot was good for two more. This narrowed the margin to 45-39. Dartmouth called time out, and Vermont was back in the ball game.

Leede and Pierce then matched foul shots and the margin remained the same. Then came the blow. Ed Kotlarczyk who had been playing the greater part of the second half under the weight of four fouls, committed his fifth and retired himself for the evening. This left a big hole and the Vermont attack cooled off. From there on in Dartmouth froze the ball, while picking up four more points.

### Niemann, Kotlarczyk Work Well

The game was exciting, but rough, with far from good basketball being played. Al Niemann's work under the boards and around the pivot was his best this year, while Ed Kotlarczyk's ball handling and shooting stood out. High man for the game was big Wes Fields of the Indians. His thirteen points, garnered on five floor goals and three free throws was tops for the night.

## UNION GAME HIGHLIGHTS

(Staff Photos by King-Whitmore)

## Ski Program Sponsored By Outing Club Features Movies of Stowe And Mad River

This winter the Outing Club is planning a big ski program. The Club maintains a ski jump and several trails on the west side of Mt. Mansfield near Underhill. In addition to this, the Outing Club runs ski buses to Stowe every week-end at a greatly reduced cost. On January 16, a day hike is planned to go to "Upper Bryants" Lodge at Bolton. Although no date has been set for a sleigh ride, there

will be one after semester exams. No dates have been set for the annual Interfrat Meet or the Girls' Ski Meet, but both will, no doubt, be big successes as in previous years. This year the Invitation Ski Meet will be held on Kake Walk week-end. Many colleges will be represented for this meet including Middlebury and Dartmouth. The Outing Club Council has formed a committee to start a new giant All-College Ski Meet here at U.V.M., but plans are very tentative.

On Thursday evening, December 2, the Outing Club sponsored a ski program including talks by Charlie Mills of L. P. Wood's and John Howard, director of the new U.V.M. Ski School. Sepp Ruschp, famed ski instructor, showed movies of the new Mad River Glen development and the Stowe area. An overnight hike to Taylor Lodge on Mt. Mansfield on December 4 proved to be a great success for many Outing Club members. The Winter Olympics movie will be shown at 7 and 9 p.m. on December 11 and 12. The proceeds are for the benefit of the Men's Ski Team. The movie is in color and lasts about an hour and a half. It should prove to be worthwhile. A hike to the Outing Club Cabin on Mt. Mansfield is planned for December 12. There are tentative plans for a joint hike with the Middlebury Outing Club sometime in the near future.

The objective of the Outing Club is further student interest in out-door activity. Hikes and other activities are scheduled frequently enough to afford every member sufficient opportunity to take part.

## Catamounts Register 42-39 Union Verdict In Roughshod Affair

After a very rough and tumble exhibition of basketball, brought on by an over-anxious Union quintet, the University of Vermont registered its first court victory of the year in defeating the Garnet and Gray 42-39 last Saturday night at Memorial Auditorium.

Evidently the lads from Schenectady thought that they were here to avenge the 7-6 football loss the Catamounts handed them back in October. They used just about everything but brass knuckles to forestall U.V.M.'s scoring power. The pace of the game became so fast that both squads committed numerous fouls and bottled each other up to such an extent that little scoring ensued.

Shortly after Union took a 2-1 lead, Ed Kotlarczyk flipped the ball to Ken Pierce, who connected for the first U.V.M. field goal of the evening. From that point the Green and Gold, although they were threatened several times by the Dutchmen, held the domineering position throughout the remainder of the torrid tussle. Eddie Kotlarczyk and Keith "Stretch" Galli, who together accounted for 17 of the Cats' first half points to give their team a 25-18 margin at half time, found the mark quite consistently to make them high for the night with 13 and 12 points respectively.

In the second half Union not only continued to control the backboards as they had in the first part of the game, but they also began to find the mark with Jim Pemrick, Union's tall center, doing some fancy shooting. Several times in the third and fourth quarter two quick baskets by Union would have tied up the ball game; however the Catamounts kept things under control by virtue of Galli and Kotlarczyk adding to the score at crucial points and the timely defensive play of Captain Hammy Livingston and Big Al Niemann. Pemrick put Union into within two points of the U.V.M. lead when he tossed in a hook shot in the last minute of the game. Vermont controlled the ball

# Sports Slants

By GORDON BICKFORD

Profile—of the ski coach. To U.V.M. minus snow and minus its Class A Collegiate rating comes Robert N. "Bob" Searles, to help the Green and Gold slope sport regain prominence.

Coach Searles, a pleasant, quick-witted, 29-year-old Dartmouth grad, has been coaching skiing since he completed his war-time tour of duty with an Air Force Intelligence Unit. In 1946 he was an instructor at the Snow Valley School in Manchester, Vt., and the past two years he has been head ski coach at Norwich.

Asked what makes a skier, Bob answered quickly: "Snow and competition." He has a fine background in the ski business. A native of Newport, Vt., he was a four-year ski letterman, and a member of those great Newport State Championship teams of the late 1930's that included such outstanding skiers as "Bo Bo" Sheehan, Middlebury's ski coach, and Norm Richardson.

At Dartmouth Bob was D.K.E., a member of Cask and Gauntlet, Senior Honorary Society, captain of the Frosh

ski team, and a three-year varsity star under Walter Prager. The newest member of the Athletic Staff lives in Essex Junction with his wife and 5-year-old daughter, and says he would like the Burlington area fine if it would only snow.

Bob will talk about high school skiing, college skiing, commercial skiing, and in fact any kind of skiing at all, except his own ski exploits and the prospects of his Catamount team. When asked what his squad was going to do on the hills this winter, Coach Searles answered solemnly: "—Work."

Of Fists and Men—Lyman W. Cote, Vermont trainer, groundskeeper, athletic father-confessor, equipment manager, sports expert, Boxing Team Coach and State Bantamweight Champion has issued a call to all prospective boxers to report to him before Christmas vacation regarding the U.V.M. team entry in the *Daily News* Golden Glove Bouts.

Any of last year's team (that lost the team championship to the local St. John's Club by a last-minute technicality) and any freshman or others interested in boxing are requested to get in touch with "Shorty" at the Gym.

The Hamilton Affair—on Saturday evening, the Catamount Basketeers are supposed to meet Hamilton College of Clinton, N. Y., at Memorial Auditorium. To date Hamilton has said nothing about the scheduled encounter. There has been received nary a line-up, no statistics, and in fact no word whatsoever from Clinton in New York. *Whereas* and *Therefore* we see five possibilities.

1. Hamilton has gone out of business.
2. The Clinton Post Office is defunct.
3. They don't have a basketball team.
4. They are holding secret practice.
5. Hamilton just doesn't want to play.

But, if Hamilton does possess a basketball and if they do put in an appearance Saturday evening, the Catamounts will trounce them roundly and soundly. The End.

## Make this an ARROW Christmas

We have dozens of Arrow shirts in Whites and in colors.

All sizes and all sleeve lengths.

\*This special compound gives lustre... keeps hair in place without stiffness.

## Rifle Team To Meet U Of M Aggregation For Initial Match

The U.V.M. Rifle Team is currently sharpening its sights for coming matches, and prospects point to a better than average season. Under the tutelage of Captain Johnson, the squad has been spending ample time at the range in hopes of improving last year's record.

At present the underclassmen have been shooting the best scores in practice, with Tom Breen, a sophomore, currently leading the marksmen. Other members of the team, who have been hitting the bull's-eye with consistency are John Cooley (sophomore), Andy Davis (junior), Don Faulkner (sophomore), and Capt. Don Steenburn (senior).

Captain Johnson has instituted a seating plan, which will rank each member of the team according to his performance in practice and competition. It is hoped this will create greater spirit and improve the marksmanship of the squad.

This week-end the Rifle Team will journey to Amherst to engage the University of Massachusetts in the first match of the season. With more shoulder to shoulder matches than ever before, the team can look forward to a season of keen competition.

## ATTENTION VARSITY LETTERMEN

There will be an important meeting of the Varsity Club on Thursday at 7.00 p.m. in the Gym. Election of officers will be held at this time.

## W. A. A. NOTES . . .

Suppose that you women athletes have been waiting for the news of the new point system that was planned by last year's W. A. A. (Women's Athletic Council, to you new people) Executive Council. In order to stimulate more activities by the women on campus the following sport system was adopted.

A. Organized and unorganized; Club credit (tentative).

Archery	Ping-pong
Badminton	Sailing
Basketball	Softball
Bowling	Square Dance
Dance	Swimming
Fencing	Tennis
Ice Skating	Volleyball
Hockey	

B. Individual credit.

Bowling	Riding
Golf	Skiing
Ice Skating	Tennis
Ping-pong	Softball

Points will be given as follows:

A. For credit in organized clubs.

6 hours minimum participation for credit, 10 points for each hour (6 or over)

B. For credit in individual unorganized.

10 hours minimum participation for credit, 5 points for each hour (10 and over).

C. Managers.

6 hours minimum to receive club or manager credit, regular club credit (10 pt. hr.) 5 pt. hr. i.e. 15 pts. hr.

D. Council—3 unexcused or 6 absences

of any sport maximum, 25 points for full academic year.

E. Outstanding contribution.

Then there are the coveted awards! This year the awards are to be given each year on the new point system.

A. Freshmen

200 points (includes at least 1 team sport) \*Class Numerals.

B. Sophomores

500 points (includes at least 2 team sports) \*Emblem

C. Juniors

750 points (includes at least 3 team sports) and 1 club a season during junior year. \*All Sports blazer; others not meeting AS requirements—W.A.A. bracelet.

D. Seniors

1000 points (includes at least 4 team sports and 1 club each season during junior and senior years. \* Honor Roll

At a glance you girls can see the varied activities that W.A.A. has planned for the coming year. Most of these are climaxed with tournaments or playdays with other colleges. But they all need support so come on out and have some fun with the others who enjoy the same sports that you do and we can't help but have one of the best W.A.A. years ever!

## MAKE THIS CHRISTMAS

Choose  
Parker "51"

...world's most  
wanted <sup>gift</sup> pen

Parker "51" Pen and Pencil Set. Gold-filled cap. \$23.75.

● It's an exciting gift... whether you give it or get it! So choose your "51" now.

Here is the world's most wanted and most beautiful writing instrument. Precision-made in every detail. The "51" starts the instant it touches paper—glides without effort. Your hand rests as you write.

What's more, you never need a blotter. For this is the pen that writes dry with Superchrome, the ink created for the "51" alone.

If you wait, you may miss out. So do your Christmas planning—or hinting—early. See your Parker dealer now while a full selection of styles and colors is available. Pens, including new demi-size, \$12.50 and up. Pencils, \$6.25 and up. Sets, \$18.75 to \$80.00. The Parker Pen Company, Janesville, Wisconsin. U. S. A.; Toronto, Canada.

Over 100 years by The Parker Pen Company

## Al Bronner Spreads UVM'S Fame Via Christmas Cards

Santa Claus has helpers from U.V.M. this year, so his little "Brownies" will have more time to play (bridge) in the back rooms of toyland instead of slaving over Christmas cards. The commander-in-chief of this little band of Christmas spirit promoters is Alan Bronner, the originator of the Christmas cards with that "personal" touch displayed in the book store. Bronner, a product of Stuyvesant High School, comes from New York City, and is enrolled as a freshman in this institution of higher learning.

Our hero, tired of the ordinary Christmas card, decided to capitalize on his artistic flair by inventing a new type, especially designed for U.V.M. students and personnel. Little did he know that he was starting a thriving little business, which was to grow far beyond his fondest expectations. The idea seems to be going over big with everyone who has come in contact with Bronner's creations and it looks like "old Father Christmas" will be putting in a plug for our Alma Mater

this year in return for the help given him by a few students here.

Yes, these cards are wonderful publicity for Vermont because when the postman brings one to your door, the green envelope with the University's name stamped on in gold will stand out among all the other plain white ones, and it's sure to be the first one you open.

So far Alan, himself, and Erma Roy, his representative on the Women's Campus, have acquired most of the customers with some sales in the bookstore, but from now on the latter will handle the business exclusively. Sales so far have exceeded 2,900 cards and the total is expected to rise to 3,500, bringing our University to the attention of 3,500 people.

This only goes to show that anyone who has enough get up and go around U.V.M. can accomplish practically anything they set out to do. Let this be an encouragement to all you people with hidden talents, to take your light from under the bushel and contribute some of that talent to good old "VERMONT."

## UVM Is Host

(Continued from page 1)

lege at 9.00 a.m. with the Most Reverend Edward F. Ryan, Bishop of Burlington, presiding. The sermon will be delivered by Rev. William L. Nolan, C.Ss.R. Following Mass there will be a Communion breakfast at Waterman and Bishop Ryan will address the group at this time.

The conference will close at 12.00 a.m. with an official meeting of the Newman Club Federation.

All Catholics are invited by President Finian to join in the week-end's program regardless of whether or not they are a member of Newman Club.

Schools that will be represented are: University of New Hampshire, Salem Teachers' College, Tufts, Stratford College, Emerson College, Katharine Gibbs, Norwich, Boston University, University of Connecticut, Simmons, Massachusetts School of Art, and Northeastern University.

## Fountain And Cafeteria Discussed By Pres. Miele

How often have you complained that there is no table available in the Soda Fountain and that you have to stand up to eat while others usurp tables and chairs to play cards or just chat? You are urged to go into the Student Lounge to continue your visiting or to begin that game of cards and make available for others the use of soda fountain tables and chairs so that they may better enjoy the food they have purchased.

The door leading from the Soda Fountain to the Student Lounge is open for your benefit so that you may conveniently move for a continuation of your coffee hour. The new furniture furnished by Student Government is there for just such socializing!

Complaints from every direction have come to my attention that far too many people are resorting to cutting the cafeteria line. It is undoubtedly something everyone is tempted to do at some time, but it does not ease the situation for those who have taken the time to get there

early, and find themselves forced to the end of the line. Recently I got into the cafeteria line at 4.45 and there were sixteen people ahead of me; by 5.00 at least seventy-five students had established squatters' rights ahead of me.

The surprising feature of the situation was that these "squatters" were all upperclassmen, who by virtue of their stations should be examples for the freshmen. It seems to me that this situation might be reversed, and that the upperclassmen would do well to observe the fine behaviour in general of the freshman class of this year.

### NOTICES

The deadline for Juniors to have their pictures in the 1950 *Ariel* is December 17. If pictures are not taken by that time, they will not appear in yearbook.

One of the staff members of the *Cynic* lost a pair of fur-lined leather gloves. Finder please leave in *Cynic* office for reward.

# The Vermont Cynic

## Students Indicate Little Desire to Run For Government

The dearth of petitions for the nineteen vacancies on U.V.M. Student Government may indicate that competitors for the posts are exercising pre-election caution this year in order to throw their names before the U.V.M. electorate in quick and exciting order when school is resumed in January.

The student body need not interpret this comparative silence as presaging a quiet election since a measure of political acuity has been gained by campaigners from Harry Miele's whirlwind campaign last January. Miele was not one of the original contenders for the presidential post until late in the election when at the request of many friends he announced his candidacy.

That a late spectacular entrance into the political arena is a powerful factor at the polls is the lesson learned and presumably this accounts for the soft-pedaling of advance publicity by those seeking office this year.

### Possibilities

Thomas Hayés '50 of Bellows Falls, Dan Burke '50 of Wellesley, Mass., Edward Costello '51, Rutland and Alan Pratt '50 of Proctor, are present council members consistently mentioned for the office of president while council member Pete Haslam '50 may be a contender for the office of vice-president. It is not yet known which of these men have secured petitions of eligibility for the Student Government offices.

A constitutional revision by the council may force this year's sub-treasurer Norm Dennis '50, St. Albans to campaign for the office of treasurer. Previously this office passed to the sub-treasurer without reelection by the student body in order that a student could be training for treasury responsibilities at all times.

Prominently mentioned for the posts of vice-president and secretary are Patrick Farma '50, Fairfield, Conn., and Vincent Richards '50, New York City, while Scott Mahoney '50, Burlington, will definitely be seeking election as a senior council member.

The election is scheduled January 12, 1949.

### New Voting Method

The following specified system of voting will apply to any of the major issues at the University of Vermont that require voting by the student body. These major issues on elections will consist of Student Court elections, Student Government elections, Kake Walk King and Queen elections, and any special issue that may arise subject to a vote by the students of the University of Vermont.

Rule 1: At least two (2) weeks before an election and continuing up to the election, the VERMONT CYNIC will publish the established rules of voting. It shall include the time, place, and purpose of the election open to all members of U.V.M. students.

Rule 2: A student must be a member of the University of Vermont, proof of such fact signified by presentation of his student activity card at the voting booth.

Rule 3: Upon presentation of the student activity card, the votee's name shall be crossed off in the student directory, and his card stamped by the proper symbol of voting as provided for the election.

Rule 4: Upon completion of this procedure, the votee shall be issued one set of ballots.

Rule 5: Elections will be supervised by the members of honorary societies, especially Boulder Society and Mortar Board. In addition, three (3) faculty members must be provided for the counting and recording of ballots.

## VARIETIES IN ACTION

(Staff photos by Whitmore)

## Newman Clubs End Religious Gathering On Vermont Campus

On Sunday the New England Province of the National Federation of Newman Clubs culminated its three-day conference at the University of Vermont.

About two hundred students attended a special Communion Mass at Trinity College. The Reverend Dermot Cosgrove, Chaplain of the U.V.M. Newman Club, was the celebrant of the Mass, with the Most Reverend Edward F. Ryan, Bishop of Burlington, presiding. Two of the University students—John McSweeney and George Collins—served as acolytes. The sermon was preached by The Reverend William Nolan, C.Ss.R., of the Redemptorist Mission at Bradford, Vt.

Following the Mass a Communion Breakfast was served at the Waterman Building. Walter J. Fimian, Jr., President of the U.V.M. Newman Club, presided. President Millis extended greetings to the group on behalf of the University. During the course of his remarks he approved the threefold purposes of the Newman Club—the intellectual, the religious, and the social.

The guest speaker was The Most Reverend Edward F. Ryan, Bishop of Burlington. He said that the chaotic condition in which the world finds itself today is due to a materialistic philosophy of life and to disregard by men and nations of the Ten Commandments of God and the Sermon on the Mount. He exhorted the Newmanites to spread the gospel of Christ and to bring others to a love of God through their good example. He deplored the fact that there has been an increase of secularism in many American colleges and universities and that there are professors who scoff at religion and try to undermine the morals of college students.

Guests of honor at the Communion Breakfast were Bishop Ryan; President Millis; The Reverend Henry P. Fisher, Chaplain of the New England Province of the Newman Club Federation; The Reverend Dermot Cosgrove, Chaplain of the U.V.M. Newman Club; The Reverend Jeremiah Sullivan, Chaplain of the Norwich Newman Club; Dr. Katherine E. McSweeney; and Professor Catherine F. Nulty, Faculty Advisor.

After the Communion Breakfast, the official meeting of the New England Province was held in Room 239 Waterman Building.

On Saturday, the group made a trip to Stowe for winter sports.

## College Vandals Start Destruction Of Student Lounge

Members of the Student Government Executive Committee have been alarmed recently by the manner in which students have mistreated new furniture in the Waterman student lounge. In a discussion Saturday among a few of the members, enough examples were cited to show that this idea of abuse is no mere impression.

One night recently, two chairs which someone took outdoors and left there, escaped damage from the weather only by the grace of God and the weatherman. Another chair has a hole in the back where a student has pushed his feet against it and torn the upholstery. Chewing gum apparently stuck intentionally on chairs and chocolate bars squashed in the seats spoil the furniture as well as clothing. Almost unbelievably it has been found that coke was poured on the seats of some chairs.

It is likely that few students realize the cost of their new furniture—\$4,700. That is about 16% of last year's Student Government budget, which means that every student paid approximately \$1.75 of his Student Government fee for it. Checks on the number of students in the lounge indicate that the new furnishings have about doubled the use of the lounge. However, the opinion has been expressed that if the students can't appreciate it, the furniture should be returned and Student Government should use the money for a better cause. If the students want the furniture, they must use it properly and restrain others from its abuse.

## Tom Hayes Declines To Seek Prexy Post

In a surprise move early this morning U.V.M.'s number one eligible candidate for the Student Government Presidency Tom Hayes '50 declined to run and threw his support to Dan Burke '50 of Wellesley, Mass. Hayes gave as a reason Burke's accomplishments in U.V.M. affairs and excellent ability as an administrator.

Burke is a junior in the College of Arts and Sciences and has been a sophomore representative on this year's executive council. Hayes states that it has been to Burke's credit that the idea of fair play and toleration has been continuously kept at the forefront of Student Government this year and that Burke will be the fitting successor to President Harry Miele.

## Vermont Varieties Wins Its Way Into Hearts of Audience

"Variety is the spice of life" goes the old saying and this was true at the Second Annual Varieties Show held at Southwick last Thursday and Friday evenings under the auspices of the Dramatic Club.

True to the note on the program they did indeed present "the varied talents of all branches of the University Family," with a gay, light touch throughout, providing the audience with an evening's entertainment that clearly showed the hard work by cast and staff alike under the direction of Ronald Humphrey, assisted by Dee Dee Cummings and John Hall.

Howard Delano and Susie Pooley started the evening off with a very amusing bit called the "Stage Hand Shuffle," followed by the theme song, "Let Your Heart Sing," with four harmonizing Sig Phis who had a little difficulty with the words at first but finished up well.

Bringing back old school memories even to those nicely pointed dunce caps, Pikes Peaks (Morris Pike, Wallace Powers, Francis Rost, Burton Shepherd) produced several novelty songs ending with "A Whale Did Swallow Jonah."

The faculty made its first bow represented by Jack Robinson in "Two Flips and a Flop," accompanied by Chuck Taylor and Rusty Keyes. Amazing, amusing acrobatics and antics resulted with ways not to cure backaches, definitely in the act.

Keeping up the old-time vaudeville theme, Jackie Sidle sang "Only A Bird in A Gilded Cage" and Neil Towne and Julia Gain came up with a very animated "Anything You Can Do I Can Do Better."

The highlight of the vaudeville came however, with the Barnyard Eight with Ethel Hoffman calling the changes in a rollicking old-time barn dance, complete even to the whisksers and blue jeans of the men. The square-dancers, all faculty members, put this branch of the University family in an entirely different light. Evidently enjoying themselves immensely, President and Mrs. Millis, Mr. and Mrs. Jack Robinson, Jeanne Euler and Richard Hopp brought the house down and probably brought back nostalgic memories for any old-timers in the audience.

After Mary Jane Brown tap-danced her way into the hearts of the spectators, the Variety Show ended with the appearance of all the cast singing the theme song in a grand finale.

## Kappa Sigs Take In 48 New Men To Lead Fraternity Pledges

Following a grueling rushing period, the ten Greek letter fraternities pledged a grand total of 270 men in evening ceremonies last night. Kappa Sigma led the grand parade with 48 pledges, closely followed by S.A.E.s with 41 and the A.T.O.s with 39.

Y.), Philip Levin (Burlington), Bernard Belsey (Hoboken, Mass.), Loren Rosenberg (Burlington), Gilbert Edleston (Burlington), Mort Kaufman (Burlington).

(Continued on page 2)

# Increased Interest In Slavonic Language Shown At Luncheon

The Vermont chapter of the American Association of Teachers of Slavonic and East European Languages (AATSEAL) held its semiannual luncheon on Saturday afternoon in the Waterman Building at the University of Vermont. Present also were students in Russian from both U.V.M. and Middlebury.

U.V.M.'s Dr. Sumner Willard, chairman of the chapter and professor of Russian at the University, solicited the aid of the group in contributing information as to Vermont's sizable foreign colonies, particularly those of Slavic descent. The nature and history of these groups is the subject of Dr. Willard's current study.

Dr. Mischa H. Fayer, director of Russian studies at Middlebury College, emphasized the need for a wider and more accurate knowledge of the Russian language, in order to prevent the gap between East and West from being further widened by faulty or biased interpreting. He read, in Russian, an excerpt from a Russian review of Truman Capote's "Other Voices, Other Rooms," then read the same passage in English, as translated in the American press, and again in English, as translated by himself.

Professor Levitsky's most poignant memory is of the job of questioning some of the thousands of Russians found in German Wehrmacht units captured in Normandy. It is not generally known, he said, that many of the troops who opposed us there were Russians captured by the Nazis on the Eastern front and enticed into a "Free Russian Army," for the liberation of Russia. The Germans did not consider these units sufficiently

reliable to use on the Eastern front, so they were transferred to the "invasion watch," heavily salted with German NCO's and officers.

With our Normandy invasion, most of these Russians took the first opportunity to surrender to American troops. They had been willing to fight Communism, but saw no point in defending Naziism. At the end of the European campaign, however, the Soviet Union requested the return of all of its nationals in our prisoner-of-war camps. The U. S. Army undertook the job of determining which of the men had to be considered Soviet citizens and repatriated as such. Professor Levitsky said he found that nearly all the men were convinced that they had forfeited Soviet citizenship by the act of allowing themselves to be taken alive by the Germans, in the face of Stalin's general order declaring such act to be treason. Yet this reason was not allowed, he said, and most of the prisoners had to be told they were to be repatriated. At this, he said, the Russians rioted, burned their barracks, and some committed suicide. They were nevertheless returned to Soviet control, and no word has been heard of their fate.

The AATSEAL meeting further revealed that the Russian language is now being taught at four schools in Vermont: Bennington College, The Putney School, Middlebury College, and U.V.M. The Medical College at U.V.M. is one of the few medical schools in the nation at which Russian satisfies the language requirement for entrance.

## PRE-YULETIDE

# Yuletide Spirit Hits Campus Clubs As Vacation Draws Near

## Classical Club Plans Festivities

Sweet strains of "Adeste Fidelis" and other Christmas carols in Latin will be floating forth from the home of Prof. and Mrs. Lester Prindle, 380 Maple St., December 16, at 7.30 p.m. The Goodrich Classical Club will gather there to celebrate the yuletide season and to hold their last meeting before the Christmas vacation. The highlight of the evening will be the showing of colored slides of ancient buildings in Rome, and Madonna pictures. Professor Prindle has prepared descriptive material to go with each slide.

In keeping with the Christmas spirit Prof. James E. Pooley has consented to read to the group part of the Christmas story in Latin from the Latin Vulgate Bible.

## Health Council Sells Seals

The Women's Health Council conducted a successful three-day sale of T.B. seals furnished by the Vermont Tuberculosis Association to help that organization in its tuberculosis prevention and cure work. Various members of the Council volunteered to sell the seals in the lower corridor, Waterman Building, December 8, 9, and 10. The sale at U.V.M. was part of the program to include similar drives at Middlebury, Norwich, St. Michael's, and Bennington colleges.

## Professor Huber to Lead Caroling

All U.V.M. students are invited to join in the annual Christmas Caroling around the campus on Thursday evening. Prof.

Robert Huber of the Speech department will organize the carolers into groups at the Waterman Student Lounge at 7.30 Thursday. Staff and Sandal, assisted by Sophomore Aides, is continuing the traditional pre-holiday sing, which has proved very popular during the last few years under the leadership of Prof. Robert E. Long. Two groups will be formed and all University dormitories will be visited one of the groups. The climax of caroling will be a lunch of hot chocolate and donuts to be served by Staff Sandal at Robinson Hall.

## Santa Visits Graduate Club

The Spirit of Christmas prevailed at the home of Miss Jean Ichter of 12 Ledgermere St., Friday evening, December 11. Twenty members of the Graduate Division of the Nursing Education Club enjoyed a lively Christmas party.

Soon after the party began Old Saint Nick appeared, looking as big and jolly as ever, with his pack full of fantastically wrapped gifts. He (she) distributed these gifts which consisted of toys with an appropriate funny saying. These toys will be taken to the Children's Home before Christmas.

During the evening a great deal of talent was shown as the members took part in various skits and tricks. The prize for the best performance went to our advisor, Miss Faye Crabbe. She dramatized the dictation of a Methodist minister.

The Hostesses served a bountiful supply of delicious sandwiches and home made cookies and candy with traditional Wassail.

7,200 years of college... and still learning

**T**HE Bell Telephone Laboratories is known as a leader in communications engineering. On its staff are 1,622 engineers and scientists with college degrees. Among them they have 7,200 years of college training... and they are still learning.

They study many things. How to speed your voice across the street or around the world. How to keep your voice natural in tone and volume. How to make central office equipment capable of switching your call even faster. How to produce in laboratories the materials which are hard to get in their natural form—quartz, for instance. How to conserve the scarce metals which go into wire and cable, by making one circuit carry many conversations.

From such studies they learn how to make your service better and better, and keep its cost low.

## A GIFT FOR GOD

By BETTY COLE

A Christmas snow was falling gently around Sammy as he stopped trudging along the street on his way to church and turned to admire a beautiful Nativity scene in a store window. People passed by him and the crisp night air made his nose tingle, but inside, he was warm and content, heedless of the bustle of last-minute Christmas shopping around him. His eyes were on the sheep, camels and cows crowded around a shed which was surrounded by light from a big white star up in one corner of the window. Fragile angels with such sweet expressions on their faces hovered over the shed. There were funny looking men with beards, who were clothed in bright-colored dresses. They were carrying tiny boxes of colored candies. Sammy knew they were jewels and that the men were wisemen bringing gifts to the baby Jesus. In the shed he could see the baby and his mother. Everything looked so peaceful and Sammy's heart was filled with the beauty of the scene. Carolers on the corner near him were singing "Oh, Little Town of Bethlehem," and Sammy was encircled with the warm, captivating strains.

"That's Jesus, ain't it?" inquired a wee voice from behind Sammy who was instantly jolted back to the noise of the busy street. He glanced beside him and a round face with a pudgy nose that needed blowing looked at him inquiringly. The boy's finger was pointing through his worn mitten at the tiny doll in the cradle by Mary. Sammy noticed the boy didn't wear warm ski pants like his own and that his tiny feet were in boots many sizes too large.

"Yup, that's Jesus and there's his mother, Mary, beside him, see?" Sammy pointed his finger also.

"That sure is a pretty angel. Did the angel bring the baby to the barn there? My mother would like one of them angels. She's pretty, like them," and Sammy's new friend drew closer to the window making it all white where he breathed on it.

"God sent the angels down from heaven to tell the wise men that Jesus was born. God sent Jesus too. He gave him to Mary and Joseph and to everyone. That's why I'm going to church right now so as I can thank God for Jesus." Sammy clenched a dime in his fist that his mother had given him to give to God at church.

"Gee, I've never given God nuttin'. I pray to him every night and so does my ma; gee, she works hard. I'd like to give her sumpin' for Christmas. She says she don't need nuttin' 'cause God gave her me just like you said God gave Jesus to Mary," the boy's eyes looked at Sammy admiringly. "I'd like to give her one of them angels, I sure would, but I ain't got no money."

Sammy looked at the beautiful angel and then at the boy beside him. The boy's face was staring at the angel, his wishful eyes aglow with the reflected light of the huge star in the window.

"I bet he really would like to buy that angel for his mother," thought Sammy to himself. He became conscious again of the dime in his hand. Perhaps the angel cost a dime. "Here, pal," said Sammy to the boy beside him, "here's a dime I was going to give to God, but you buy the angel for your mother. I . . . I bet she'd like it real well. You just go right in and buy it and bring it home to her for Christmas."

"But, what about God?" the boy answered, his eyes on the dime. "You were going to give him the dime, weren't you?"

Sammy pulled off his mitten and slipped the dime through the hole into his friend's hand. "God won't mind," smiled Sammy. "He's kind and likes little boys and, well, he'll understand," and Sammy turned and ran on to the church whose bell he could hear in the distance behind the falling blanket of snow. "God will understand," he said softly to himself, and again he felt warm and content inside.

## Alpha Chi's Night Before Christmas

'Twa 13 nights before Christmas when through Alpha Chi house, Not a creature was stirring except Joan Meyn's mouse.

Jim's argyles were done and hung up to dry. That on Christmas this year he would be able to try

The newest style—the newest look—Tho' for Millie to knit, nearly twelve months it took.

Kathy was nestled all snug in her bed, While dreams of Green pastures danced in her head.

Mrs. France in her bathrobe handed Lorne his cap. Before Joyce could get in that last-minute smack.

When all of sudden there arose such a clatter, McGinnis ran down to see what was the matter.

And when she saw Becky saying farewell, She said, "Take your arm off our brand new doorbell."

And what to our wondering eyes should appear But Harriet Gregory as moonshine so dear.

Her face was so radiant, her smile was so bright, She didn't even need to carry Armand's flashlight.

And then Miss Lynn Davis, so lively and quick; Left her last cigarette to put up a kick.

More shrill than a whistle, the telephone rang, And proctor, Miss Buzzell, shrieked up to the gang.

"Now Becky, now Janice, now Rita, now Hill, Now Joyce, and now Caryl, pipe down and be still."

But this call was for Rita, from a former good pal.

"I only wish," she did sigh, "That his name, it were Al."

But it was not he, and she thought she would die—

For instead, it was station WJOY. And then Miss Chapman stepped out in the hall.

And said, "Please, kids, I'm expecting Mister 'Noel' to call"

But then a whoop and a yell and a few other sounds

Announced to us—noisy hours had come around, And finally, Dee Caryl shouted above all the noise,

With such grace—oh such grace—and innocent poise,

"I'll tell my life story, my sisters—HOW!" And then to amazement of one and of all,

A huge, monstrous elephant appeared in the hall.

"What's that," did scream Joan, "That's not a mouse."

"Go way," said Millie, "Only men in our house." And what do you think was the cause of this ditty?

It was Dodo's display for the Republican Committee.

Then from the kitchen there came such a sound, That Kathy ran down to see what could be found.

Come Harvard, come fire drills, come Kapp Sig brawls,

Come birthdays, come teaching, come farewells in the halls—

Well come all these hazards, dear sisters, and so forth,

The Civil War's over and Georgia's come North. But the underground railroad is still in the prime,

And the tunnel must be dug to insure a good time.

(Continued on page 8)

## CHRISTMAS ABROAD

By MICKEY MACLAUGHLIN and ANN DELLA-CHIESA

Christmas is the Santa Claus in Macy's, the golden-brown turkey waiting to be carved, tinkling sleigh bells, carols and the tinsel star at the top of a glittering evergreen to most of the students at U.V.M. But not all, for there are Vermonter who remember Christmas celebrated many miles from our campus.

In Switzerland, Ingrid Ashinger '51 said, Christmas preparations begin as early as December 6 or St. Nicholas Day. On that day, the children of the family put their shoes on the doorstep, if one has been good. St. Nick will fill the shoes with all sorts of Christmas goodies. After this initial celebration the remaining days until Christmas Eve are filled with caroling. On Christmas Eve there is the traditional Christmas fir tree, brightened with the glow of candles. Presents are not left under the tree, but instead on small tables, one for each member of the family. On Christmas Day there is a huge dinner which includes the familiar turkey with "all the fixin's."

Renate Hirsch, graduate student from Bebek Istanbul, Turkey, describes Sheker Bayram, or the Feast of Sugar, as the Moslem holiday comparable to Christmas. It is celebrated for three days following the month of Ramazan, during which fasting is observed in the daylight hours.

The Feast of the Sugar is looked forward to by the Moslem children, for then they receive new clothes. Toys are rarities but candy is the big feature of the feast. Turkish delight, a national candy similar to rock candy but flavored with spices, and chocolates are always enjoyed during the Feast of the Sugar. On the first day everyone visits their elders and superiors; on the second day the women

visit each other; and on the last day friends visit each other. Grandparents give their grandchildren handkerchiefs which have money or candy knotted in the corner when the children come to visit. Fairs with rope walkers, Kurd dancers and colorful booths are part of the feast. The Moslem men also make it a special point to pray in the mosques the traditional five times a day.

Arne Stangeland '52, claims that Christmas in Norway is much the same as it is here in the United States, excepting that lutefish, a specially prepared fish and sylte, a sort of meat loaf side dish, are served during the traditional Christmas meals. Children wear Christmas masks representing Santa Claus, who looks like our Santa, ring neighborhood doorbells during the celebration which often lasts from Christmas Eve until Epiphany, January 6. Christmas Eve, as in many American homes, the family gathers around the "Juletre" while one member of the family acts as "Julenissen," Santa Claus. Caroling and hanging of stockings are also part of the Norwegian Christmas.

There is no Santa Claus in Venezuela said Ramon Franco '52. The Christ Child brings the gifts and puts them near one's bed Christmas Eve. Ayacas, a concoction of dough, meat and olives which is baked wrapped in banana leaves, and bollos, a similar food, is served. There is a crêche in every home and carols, called "aguinalados" Christmas gifts, are sung. The boys get up at 4 a.m., go to Mass and then roller skate on the streets which are cleared for them until seven during the holidays. In the interior of the country the plainsmen gather and sing Christmas ballads of their own making, accompanied by their guitars.

## PROVE CAMEL MILDNESS FOR YOURSELF!

Prove for yourself what throat specialists reported when 30-day smoking test revealed

### NO THROAT IRRITATION due to smoking CAMELS!

MAKE YOUR OWN 30-DAY CAMEL MILDNESS TEST. Smoke Camels, and only Camels, for 30 days. Prove for yourself just how mild Camels are!

Hundreds of men and women, from coast to coast, recently made a similar test. They smoked an average of one to two packs of Camels a day for 30 days. Their throats were examined by noted throat specialists. After a total of 2470 examinations—these throat specialists reported *not one single case of throat irritation due to smoking Camels!*

But prove it yourself . . . in your "T-Zone." Let **YOUR OWN TASTE** tell you about the rich, full flavor of Camel's choice tobaccos. Let **YOUR OWN THROAT** give the good news of Camel's cool, cool mildness.

*Money-Back Guarantee!*

Try Camels and test them as you smoke them. If, at any time, you are not convinced that Camels are the mildest cigarette you ever smoked, return the package with the unused Camels and we will refund its full purchase price, plus postage. (Signed) R. J. Reynolds Tobacco Company, Winston-Salem, North Carolina.

According to a Nationwide survey:

### MORE DOCTORS SMOKE CAMELS THAN ANY OTHER CIGARETTE

Doctors smoke for pleasure, too! And when three leading independent research organizations asked 113,597 doctors what cigarette they smoked, the brand named most was Camel!

Publication Office, 187 College St., Burlington, Vt.

## Editorials

### A Whimsical Appeal

Unless the CYNIC is mistaken the changeover to the semester system among other things was intended to cut down on the flurry of tests and build a little order where cramming and confusion reigned.

Like your wife's second pie it's worse than the first. The semester system has not only outdistanced the former quarter system in piling on examinations of various varieties but is, according to this observer, heading towards a point where tests will become daily affairs for the students in each class.

When the student appeals to his professor to spare him from cramming and compartmentalizing his mind for tests the pedagogue in question invariably passes the buck to the department head.

Thus . . . to the Department Heads—

"Peace on earth with good will towards men," is a Christmas theme which the student hopes will last beyond the holidays. You and your colleagues must be weary of dissecting the mental apparatuses of 3,000 young men and women. Your tests would be more beneficial if they arrived less often. The student in many cases would like to satisfy intellectual curiosity by engaging in projects of his own liking, but your over-zealous testing blocks this avenue of expression.

If the present rate of tests given increases the students will have good reason to petition the Vermont legislature for the financing of rest and rehabilitation camps for the students.

We still wish you a Merry Christmas.

### Vandals At Work

How uncivilized and ignorant can college students be? A news item in this CYNIC brings to our attention ample proof that students treat the Waterman Student Lounge in a slightly less than Paleolithic manner. That chewing gum, coke, and chocolate bars should be spilled on chairs is inexcusable, and anyone who puts shoes, muddy or otherwise, on fine furniture shows either a poor background or a deficiency between the ears.

It took a lot of time, effort, and students' cash to put respectable furnishings into the Student Lounge, and we seriously doubt that those who worked to improve the lounge ever visualized the destruction that would be wrought by unthinking students. Should that hour ever arise when supervision is necessary in order to foster a little respect toward lounge furniture, then the University of Vermont students should hang their heads in shame. The members of this institution can not expect to see wholesale improvements in our campus setting, as long as this spirit of vandalism characterizes student attitude.

## The Editor's Column

There is an old saying which starts with the famous words, "To err is human, to forgive divine." How the multitude of mistakes on the front page of the last issue of the CYNIC could be forgiven is beyond all human comprehension. Never during the present regime have so many faux pas characterized the columns of this tabloid. This is one of the few times that the final proof has not been read thoroughly before going to press. Since I perform the function of make-up and proofreading also, my humble apologies to Walt Fimian (right inset), president of the Newman Club, and to Bob Condon, master of ceremonies of the variety Show, whose portraits were reversed on the lead stories. The fact that the Newman Club was erroneously called the Newsman Federation did not help matters very much either.

### Book Store Coupe D'Etat

The closing of the veterans' accounts at the Book Store on December 1 caught many of the vets by surprise in spite of the poster placed on the cash register sometime before that date. Although the Book Store definitely needs ample time to close their accounts and balance their books, the outsider would take the stand that perhaps the veterans were left right out in the cold. The door was shut tight on the accounts eight school weeks before the end of the semester. The majority of the vets have just a little more to think of than their supplies for the remaining two months of the period. The veterans pour a lot of money into the Book Store for supplies but you would never realize it from measures such as this.

### A Stab in the Back

The alarming report of vandalism in the student lounge should start the fireworks into action. The refurbishing was heralded by a great deal of trumpet blaring for the Student Government had really pushed a well-respected plan to completion. However, a few ill-bred individuals have taken upon themselves the unsolicited task of wrecking the installation piece by piece. The Student Court has been insignificantly out of the limelight this term so far, but at last they have the opportunity to operate as the median of justice on the campus.

Not too many years ago, a group of know-nothings from one of the rival state organizations, developed an artistic trade by painting the pillars of Ira Allen Chapel a blistering maroon from top to bottom. Excited over the sudden splurge in vandalism, the authorities of the two institutions apprehended the twentieth century Michelangelos and persuaded the culprits to make restitution for the damaged property. This case seems to be a major parallel to the infamous lounge deed cited above. The students of the University of Vermont should not sit calmly on the sidelines and let matters settle themselves. Let's go U.V.M.!

### Correction

Student Government and Marshall London have correctly stated that the CYNIC erred in a news story concerning the formation of the Wallace Club and published in the October 20 issue.

The CYNIC reported that London, leader of the Wallace group, had obtained recognition for his group from Student Government in April. London afterwards informed the council "that this was an error on the part of the CYNIC reporter. His group received recognition from the Student Advisory Committee, thereby, the University Senate."

In addition, the CYNIC stands corrected on a statement appearing in the same issue which read "the council has either forgotten or does not have any record of a Wallace group petition."

### Reserve Officers

The Office of the Northwestern Vermont Branch, Senior Army Instructor, ORC, Fort Ethan Allen, announced today that Reserve Officers of the Army who are not currently engaged in Reserve Activities, have been granted until January 1, 1949, before being automatically transferred to the Inactive Reserve.

This action permits Reserve Officers to protect their active Reserve Status by contacting their Unit Instructors in or near their home communities, it was pointed out.

Last spring, Gen. Omar N. Bradley, the Chief of Staff, dispatched a questionnaire to each of the 274,000 Army Reserve Officers. More than 40 percent of Reserve Officers receiving the questionnaire failed to answer or otherwise indicated a preference for transfer to the Inactive Reserve, where they would have no military duties or responsibilities except in time of war.

Officers in the Inactive Reserve, it was pointed out, are subject to call to active duty in a national emergency during the life of their commission, but are not eligible for promotion, drill pay or retirement benefits.

Inactive Reserve Officers who now desire to be retained in the Active Reserve should notify their local Organized Reserve Corps Instructor at once.

Those officers who failed to respond to the "Bradley questionnaire" or have previously indicated their preference for the Inactive Reserve, must now indicate their desire to participate in the ORC program and express their availability for assignment to an active Reserve unit or revert to inactive status.

## The Whirl Outside By Montone

...AND ICY ROADS AHEAD

## WSSF In The News

Marshall Sabens has accepted the chairmanship of the World Student Service Fund Campaign Committee on this campus, it was announced recently by the WSSF Advisory Committee.

The Campaign Committee, which plans to hold the annual WSSF Drive from January 9-16, hopes to raise \$5,000 for student relief in war-devastated nations, Sabens said. Campaign plans include campus-wide solicitation, special events, WSSF dance, etc.

"We appeal to all students who are concerned with the needs of their fellow students overseas to support us in this drive," Marshall declared. He stressed the need for volunteer workers to do office work, and serve as canvassers during the campaign. Applicants for campaign jobs were requested to see any member of the Campaign Committee at WSSF headquarters, 265 Waterman.

### WSSF Fights Tuberculosis

Tuberculosis rates are reaching all-time highs among student groups in Europe and Asia, according to reports received here by Chairmen of the World Student Service Fund Campaign Committees which will launch a drive for \$5,000 on this campus on January 7.

In India and China, active T.B. cases among university students are nearing the 20 percent mark, and in Germany and Austria, more than 6 percent of all students are suffering from the disease. Greek students also have a high T.B. rate, and in both Greece and Austria, a shortage of X-ray plates has made it possible to detect only advanced cases. The result of malnutrition and poor housing conditions over a period of years, T.B. is increasing among student groups, and is today the number one health problem among university students abroad.

T.B. Patient in Dutch Student Hospital Takes First Walk Without Crutches.

Shortage of adequate housing in the countries where the T.B. incidence is highest means that diseased students sometimes have to live in the same buildings with healthy ones, spreading the disease still further, according to the report.

WSSF is countering the spread of T.B. by medical aid, support of T.B. sanatoria for students, and supplementary feeding for students suffering from malnutrition. National student sanatoria in India, China, Greece, and Poland are positive steps taken to halt the spread of the disease.

Half-sanatoria and rest homes for the treatment of incipient T.B. cases are also being established and supported by the WSSF. Student hostels are being constructed in many countries to ease the housing situation which is one of the primary causes of the high T.B. rate. As Europe and Asia recover, the disease rates will go down. We cannot afford to wait for that day, however. We need trained leadership in the countries abroad, and that leadership must be created in foreign universities now. The rapid spread of disease threatens the entire student group in many countries, and a large part of the funds raised on this campus in the coming World Student Service Fund campaign will be used to fight that spread.

# Green and Gold Etchings

## Sorority Notes

### KAPPA ALPHA THETA

The familiar "white box," product of Fanny Farmer had many Thetas guessing at the November 22 meeting, until it was revealed that Jan Sorn '48 had become engaged to Olin Wiland. The wedding will take place sometime next September.

November 24 meant either going home or away to most Thetas, and the traditional celebration of Thanksgiving, with turkey and all the trimmings. Jan McDonald, who probably could have gotten home to Iowa just in time to come back, took off for her aunt's in Scarsdale, N. Y. Judging from Jan's reports, Scarsdale's social life proved quite satisfactory. "Bunky" Henderson, gone now to the Home Management, but not forgotten, spent Thanksgiving Day visiting Ann Tuttle '48 in New Rochelle, N. Y., and the remainder of vacation in Verona, N. J., with Norma Carmichael.

Barbara Larrabee '50, has courageously moved in with Norma and Plum in Bunky's absence.

### PI BETA PHI

Fiftieth anniversary observances of Vermont's Phi chapter reached a very successful climax in the pre-Thanksgiving open house and formal dance. We were all very glad to see so many of the faculty and administration at the open house as well as the others who braved the down-pour. Chaperones for the anniversary dance were Mr. and Mrs. Procter Page, Mr. and Mrs. L. B. Knollmeyer, and Mrs. Allen Moore, our house director. A special note of recognition goes to Jean

Ritchie, Margie LeSueur, and Barb Purdy for doing a grand job on the decorations.

From all reports, the Pi Phis seem to be in need of a rest from the Thanksgiving "rest." The six girls who stayed at the house for the holidays are now professional interior decorators as the chapter room emerged complete with gilt-trimmed desks. If anyone wants any varnish removed, just call Joyce Foster, our refinishing expert.

We notice Barbara Shimmin is now wearing an S.A.E. pin along with her arrow. Bob Schofield is the man of the hour.

The success of the week-end's regional International Relations Club Conference owes a lot to Martha Atwood, the regional chairman. And speaking of international relations, the latest unofficial report from Jo Howard '48, finds her in Berlin, Germany, working for the U. S. occupation government.

The welcome mat is out as Kathy Kidder moves into the house while Joyce Wright is being domestic at the Home Management house. Kathy is another home-ec'er who takes over as first assistant to Sylvia who still reigns as kitchen chief even though she didn't bring us back venison from the season's attempt.

All candidates for positions on the Executive Council of U.V.M. Students will meet in Room 239 Waterman on January 4, at 4.00 p.m. for notification of Dean's approval and for pictures to be used in the CYNIC.

In order that students may be free to catch the trains and buses which leave Burlington before noon, classes scheduled to meet at 11.00 o'clock will be omitted on Saturday, December 18. Earlier classes will meet according to the usual schedule.

A special meeting, open to the public, will be held so that candidates for election to Student Government offices of president and vice-president may explain their platforms.

This meeting will be called to order by President Harry Miele at 7.30, Friday evening, January 7, in Student Lounge.

## Fraternity Notes

### DELTA PSI

Messrs. Twitchell, Peabody and McKee are in charge of the Christmas Formal to be held December 17. It is rumored they are planning to decorate with balloons—we'll have the only house on campus with "air-ride."

The brothers were glad to welcome friends and neighbors to the grand opening of the new game room. A good time was had by all with several of the brothers and guests giving short informal talks from the floor.

### SIGMA ALPHA EPSILON

As we, brothers of S.A.E., look back at the past fall social season many fond memories of dancing, singing, and pledging enter our hearts and minds. Our final football dance of the year was held on November 13 in conjunction with the Middlebury football game. Guests, chaperones, and brothers enjoyed a delightful evening of dancing and pleasant conversation. Mr. and Mrs. Carl Palmer and Mr. and Mrs. Baranoff graciously chaperoned the gala affair. We wish to extend our thanks once again to social chairman Joe Peters and all the brothers who did so much to help make the fall season such a grand success.

Brother Dave Wetherby has been coaching the chapter basketball team for the last few weeks to ready them for the coming Interfraternity competition. A better season than last year's is expected as all of last year's team is back to don the Purple and Gold.

Brothers George Schofield, Howie Haddigan, and Armand Premo are to be congratulated for the fine season they had with the U.V.M. varsity football team.

The sweet strains of "Violets" will soon be encircling Barb Shenman and Bev Denning, who have been pinned by brothers George Schofield and Al Susslin respectively.

## Catamounts Humble Game Continentals with 66-40 Assault

The U.V.M. Catamounts roared to a decisive 66-40 win over the Hamilton Continentals Saturday night at Memorial Auditorium, but the game wasn't anything spectacular as the visitors kicked the ball around the court practically the whole game.

In the first half the Cats were taking four out of every five rebounds from their opponents and this, coupled with a haphazard Continental defense enabled the home club to rack up an 18-6 first period lead. From then on it was just a question of how high U.V.M. could push the scoring. Coach Fuzzy Evans saved the Hamilton squad from a high count embarrassment by putting in his second team in the latter part of both halves. The second stringers shortly turned the one-sided battle into a four ring circus with Hobie Cook and company acting as ringmasters.

The Green and Gold ran circles around the Clinton, N. Y. quintet on the fast break, and as a matter of fact, in every other department too. Nearly every time on the offense, the Cats shook a man loose and this free man was fed constantly to account for the majority of the victor's total. On the defense U.V.M. was sensational with the first team allowing Hamilton to score only five baskets from the floor.

There was consistent fouling all during the game with Vermont collecting a little over half of the total—48.

Kennie Pierce had his third personal slapped on him in the first period and was replaced by Bill Grant. Grant then suddenly caught fire, hitting with a hook immediately after entering the game, and tossed in eight more points before the half ended and another basket in the second half for a grand total of 12.

Capt. Hammy Livingston snapped out of his scoring slump, pumping the strings for 14 points while Ed "Yosh" Kotlarczyk, playing his usual good game, swished 11 to keep the team scoring lead.

## DARTMOUTH HIGHLIGHTS IN PICTURES

(Staff photos by Leak)

## Sports Slants

By Gordon Bickford

Last Saturday the Hamilton College basketball team appeared and engaged the Cats. The New Yorkers walked onto the Auditorium with great enthusiasm and a very worldly manner, but the results were disastrous—66-40. The Hamiltonians promptly embarked for their home lair at Hamilton—no, not Hamilton, for that is where Colgate is, but Clinton, where Hamilton is—or was.

Being Yuletide and a moment for good feeling, the basketball Catamounts will spread Christmas joy in the following manner: they'll beat New Hampshire, Friday; A.I.C., Saturday; and move down to Storrs, Conn., Monday to play Connecticut.

In keeping with that wave of monstrous good-fellowship that sweeps the nation around the end of December, we hope that Santa will tuck in the Green and Gold sock a win over Norwich tonight to start the Catamounts' defense of their state title, and that the benevolence of Mr. Claus will extend over into the new year when Middlebury and St. Mike's have to be met.

And from the CYNIC Sports Staff to all—Merry Christmas etc.

## Kittens Make Debut In 6:45 Preliminary Tonight With Cadets

Coach Norm Strassburg's kitten hoop squad takes on the Norwich frosh here Wednesday night at Memorial Auditorium in its first game of the season. This game will be a preliminary of the varsity engagement and will get underway at 6:45.

The starting five will probably have Ed Jasinski and Bud Propp at the guard posts, Mark Byron at center, and Johnny Bloomer and Howard Merrick at the forward positions.

Charlie Salem, Ernie Vuley, Dan Charnas, Bob Fallon, and Joe Normandeau have also shown up well in the practice sessions and will see plenty of action in this initial test.

## SPORTS NOTICES

The winter class in gymnastics held its initial workout Monday, December 6, at 4:00 p.m. This class will continue to meet on Mondays and Wednesdays at the same time until spring recess. "Sonny" Taylor '51 and "Rusty" Keyes '51 are in charge of the class and are desirous of working with a large group.

There are a dozen or more men playing handball as their winter elective in Physical Education. There is room for like number in the class, and Mr. Post states that anyone interested in the vigorous and exciting game is welcome.

The Water Formation Group of the W. A. A. is presenting a Water Ballet Program at 7:30 p.m., December 16, at the Y. M. C. A. There will be many colorful group formations which the participants have created themselves. There will also be some individual numbers including diving.

## UVM Opens Defense of State Hoop Crown in Auditorium Tilt

On Wednesday night, December 15, the University of Vermont basketball quintet plays host to their traditional rivals from Norwich University at Memorial Auditorium. This will be the last home game until January 12 when the Purple Knights of St. Michael's engage the Catamounts.

Vermont will be out to maintain their eight-year victory string over the Cadets; the last time a Norwich club registered a win against the Catamounts was way back in 1940. This encounter will be the 57th between the two state rivals. The Green and Gold has a record of forty-five wins to twelve defeats since the beginning of the series. Wednesday night's game will be the first State Conference affair for the two schools and both will be anxious to chalk up a win.

The Mountaineers have Pete Deane, new basketball coach, to help put them into the limelight among New England small college basketball circles. In their first game they defeated New Bedford Textile, but their real test will come on Saturday night when they meet Clarkson, powerhouse of upper New York State.

## Cadets Bring Veteran Club

The Maroon will have a veteran studded squad to face the Evansmen; four of the first five saw action against the Cats last year. Jack Daley, who scored 14 points against Vermont in the last game between the two schools (Vermont won 61-44), is starting at the left guard position. At right forward will be Jake O'Connor, another veteran who will bear watching by the Catamounts. Glen Thomson, 6 ft. 1 in., high scoring center and right guard Jim Seiwright, senior from Montpelier, are the remaining starters who saw action last year. The only newcomer to the lineup is Gerald Bovee, left forward who made quite an impression when he scored 14 points in the season's opener. This combination may prove to be tough for the Evansmen to hold in check, but a Vermont victory seems certain. U.V.M. has faced stiffer opponents than the Maroon and the Cats seem to be working together more smoothly after those first few shoddy skirmishes.

## CAREERS AT GENERAL ELECTRIC

General Electric is not one business, but an organization of many businesses, offering opportunities in virtually all the professions. Here three G-E men brief the career possibilities which the company offers in business, in electrical engineering and in sales engineering.

### HE WANTS TO START YOU IN BUSINESS

R. J. Canning (Michigan), Director of the G-E Business Training Course: Every year I interview and select seniors interested in G-E business careers. Our training course gives to business administration and liberal arts men practical experience in business procedures as well as evening classes in company accounting and financial operations;

### ELECTRICAL ENGINEER

A. H. Lauder (Wyoming), Assistant Manager of a G-E division: I don't think opportunities were ever better for the engineer who takes his engineering seriously—who concentrates on it and avoids the temptation to swerve off into administrative work. In my 26 years here, I've found variety and opportunity for creative thinking.

### SALES ENGINEER

P. C. Shirkey (Princeton), G-E sales representative: The company needs many men to do the kind of work I'm doing—that is, to keep up with new apparatus and find economical and practical applications for it among G-E customers. The company runs its own course for us, with studies in engineering as well as in sales methods.

For further information about a BUSINESS CAREER with General Electric, write Business Training Course, Schenectady—a career in TECHNICAL FIELDS, write Technical Personnel Division, Schenectady, N. Y.

# ATO's and Kappa Sigs Wrestle For Top Rung on Bowling Ladder

With fraternity rushing cutting heavily into the interfraternity bowling league schedule, postponed matches began to pile up as the fourth week of competition drew to a close. Meanwhile the race is rapidly developing into an A.T.O.-Kappa Sig slugfest. The former, defending champions, dropped the Delta Psis by a comfortable margin, which combined with their forfeit from the Owls, enabled the Williams Street outfit to pull abreast of the Kappa Sigs. The latter humbled the hitherto undefeated Sigma Nu aggregation and the S.A.E.s by considerable margins to rise up to a first place tie.

In the independent league, Wills Hall maintained their slim lead over the Claggett House and Chittenden entries by percentage points, in spite of the fact that they have rolled one match less. Every team seems to be in the fighting except the V.I.P.s, who have failed to copp a single tally to date.

## Kappa Sigs 4, Sig Nus 0

Behind the exceptionally fine bowling of Charlie Lewkowicz and Bill Geilbertson, the Kappa Sigs overran the league-leading Sig Nus by the lopsided score of 1,048-972. Tom Snelson was the high scorer for the losers with a commendable 219 pinfall.

Kappa Sigma: Setien 188, Hoskiewicz 184, McGarey 203, Lewkowicz 239, Gilbertson 234. Total: 1,048.

Sigma Nu: Shand 188, Snelson 219, Gendron 186, Collins 184, Monieson 195, Total: 972.

## Phi Dels 3, Delta Psi 1

After building up a comfortable first string lead, the Phi Dels sustained the late drive of the Delta Psis to ring up a decisive 953-905 verdict. Dick Long's 217 was high for the victors, while Stu Haven paced the Dels with a 210 total.

Phi Dels: Schwyer 182, Linsenmeir 173, Dempsey 197, Long 217, Link 184. Total: 953.

Delta Psi: Kehoe 169, Craige 180, Ingram 172, White 174, Haven 210. Total: 905.

## A.T.O. 4, Owls 0

When the opposition failed to put in an appearance, the A.T.O.s secured four additional points toward their fourth consecutive bowling crown.

According to league rulings, the title hopefuls rolled their match in customary fashion and hung up a very impressive 1,059 total, of which 232 pins were credited to George Lines.

A.T.O.: Medlar 196, Fraser 211, Field 206, Lines 232, Wisner 214. Total 1,059.

Owls: Forfeit.

## Kappa Sigs 4, S.A.E.s 0

A game but outclassed S.A.E. quintet went down to a 993-878 defeat at the hands of the Kappa Sigs to start the fourth week of competition on December 8. Wally McGarey returned to form to pace the winners with 227, while Gould Susslin was high for the S.A.E.s with 181.

Kappa Sigs: Setien 186, Hoskiewicz 172, McGarey 227, Lewkowicz 205, Gilbertson 203. Total: 993.

S.A.E.: Susslin 181, Courtney 179, Post 168, Constantino 178, Astone 172. Total: 878.

## A.T.O. 4, Delta Psi 0

In the finale, the A.T.O.s continued their rampage by rolling over the Dels 1,010-962. Warren Field led the A.T.O. attack with a total pinfall of 222, while Stig White paced the vanquished with 205 pins.

A.T.O.: Fraser 214, Tampas 179, Lines 195, Field 222, Wisner 200. Total: 1,010.

Delta Psi: Phillips 197, Kehoe 176, Ingram 192, White 205, Haven 192. Total: 962.

## The standings:

Points	Won	Lost

# UVM Quintet To Make A Four Day Southern Trip Starting Friday

This week-end the Cats have a rough schedule on their hands. In the space of four days they will play four games, all away from their home court. Friday night the Evansmen journey to Durham, N. H., to take on the vaunted Wildcats. The Catamounts hope to continue their winning ways over New Hampshire as they did in football this fall. The Wildcats have a big team, and from the limited reports up this way promise to give Vermont a battle all the way.

Saturday night the boys move into Massachusetts to play the American International College at Springfield. Not much information has been received from A.I.C., but they have a fairly good team. They lost two or three outstanding players by graduation last spring, and have been a little slow in forming a new squad from the remaining players. Although the Green and Gold is expected to take this one, the A.I.C. basketballers could make it tough.

With a brief rest on Sunday Vermont meets the University of Connecticut on Monday night. This will be the last game for the Cats until after the Christmas vacation. Bolstered by two high scoring forwards, Connecticut is looking forward to a successful season, and will be out to keep Vermont from spoiling the loss side of the column.

Coach Evans is expected to go along with the same lineup as in previous games. Captain Hammy Livingston will be at his usual guard post with the scrappy Eddie Kotlarczyk at the other. Keith "Stretch" Galli, who has been playing bang-up ball his first year on the varsity, will start at center. Big Al Niemann and Ken Pierce will hold down the forward positions. With five games under their belt thus far, the Cats head south Friday determined to add a few victories to the win side of the ledger.

# Coach Post Announces Postwar Renewal of Spring Hexathalon

By THE SPORTS EDITOR

Mr. A. T. Post, director of physical education for men, announces that the Hexathalon will return to the sports calendar next spring. This will be the eleventh running of the traditional six-event sports test for the individual University of Vermont champion.

The Hexathalon is a criterion of all-around ability, and the six events have been selected as the toughest test of fundamental physical condition. They include: The 20-foot rope climb; 110-yard dash; running high jump; mile run; 16-pound shot put and the running broad jump. Points are scored on the basis of 1,000 against a mean time or distance, with points above or below 1,000 figured on the individual's performance in each event.

The names of past winners are pages out of the history of Vermont athletics and include Juzukawicz, Delfausse, Webster, Budzyna, the only three-time champion, who won in 1935-6-8, Davy Jones and Frank Taylor, probably the greatest athlete ever to wear the spangles of the Green and Gold. Taylor, who made varsity letters in football, basketball, baseball, track, tennis, skiing, and hockey, holds the individual scoring record for the Hexathalon 6684.76. The two last runnings in 1941 and '42 were won by Bob Lockwood.

Mr. Post, who has directed the event since its inception in 1932, says that training and the peak of condition are absolute essentials to any prospective entrant. According to past winners the toughest events are the 110-yard dash, the mile run and the rope climb. The 20-foot climb with hands only, is considered the most arduous test of all, and requires the most special attention.

When asked if there were any men on campus who might compare favorably with pre-war winners, Mr. Post mentioned Bill McIntyre, "Sonny" Taylor, Art Collier and Stan Ursprung, but said

that any man who can work into condition and will train for a few weeks before the event stands a good chance in this traditional championship.

FRANK TAYLOR

Anyone interested in the average times, training procedure or additional information should contact Mr. Post at the Athletic Office.

BURLINGTON, VERMONT, FRIDAY, JANUARY 7, 1949

NUMBER 35

## Student Gov't Election Highlights Week

### Board of Trustees Recommends More Financial Aid From State Campaigns In Full Swing As Jan. 12 Election Of Council Officers Nears

#### Report Cites Need For Lower Tuition

The proposed appropriation by the State of Vermont to U.V.M. will have no effect on present tuition rates. The trustees of the University of Vermont and State Agricultural College have asked for a state appropriation of \$250,000 in place of the \$125,000 appropriation which they have received for the past two years. This is for annuity payments, debt retirement and general operating expenses.

#### Highest Tuition

U.V.M., which has the highest tuition of the fifty-two land-grant colleges in the country, may benefit financially under a proposed trustee change which would bring the state university under the direct control of the state. One of the recommendations of the Board of Trustees in its report prepared for the legislature now convening was to give the General Assembly control of a clear majority of the trustees, thus making U.V.M. more truly a state university. Consequently, there would be greater state responsibility for finances.

#### Trustee Changes

Under the present system in addition to the President of the University and the Governor, who serve ex-officio, nine trustees are elected by the General Assembly and nine elect their own successors. The Board of Trustees recommended to the legislature that the charter be amended to reduce the number of self-perpetuating trustees from nine to six, and to provide that the governor shall appoint a trustee for a term of two years, who might vote in his absence.

#### Twice as Much

U.V.M. students provide 39 percent of the University's income while the State provides 9 percent. In comparison to the average land-grant colleges in the country, students at Vermont pay roughly twice as much and the state provides one-third as much as the national average.

#### Trustees Admit

The United States Congress and state legislatures have laid the responsibility upon land-grant colleges to furnish "a liberal and practical education to the industrial classes." Therefore, land-grant colleges have asked generous tax support so that their services would be available to low income groups. Commenting on the land-grant colleges' responsibility of higher education to low income groups, the report of the Trustees noted: "The University (U.V.M.), having received relatively less tax support, has not been able to achieve this end."

#### Tuition Reduction Necessary

Despite private endowment scholarships, and state scholarships in agriculture and teacher training, two-thirds of Vermont students pay the full tuition without the benefit of scholarships. The report of U.V.M.'s trustees stated that it was the belief of the Board of Trustees that tuition fees should be reduced, particularly for Vermont residents. The report continued:

"In fact, every effort should be made to reduce tuition through additional scholarships or through increased tax support, or both."

## Candidates for President

Daniel Burke

From Wellesley, Mass., lettered in Basketball and Track, president of high school student council.

Daniel Burke is a descendant of the great English orator, Edmund Burke. He has been prominent in many student activities on the campus.

Here at U.V.M., one of Phi Delta's winning Kake Walkers of 1948, a member of the past year's Executive Council and President of Key and Serpent, the Junior Men's Honorary Society.

Dan is a pre-law student, majoring in Political Science.

#### Platform:

1. Increased scholarships for needy students who would be and are leaders both scholastically and in extra-curricular activities.
2. Aid wherever possible towards the reestablishment of Vermont to its previous small college athletic prominence.
3. Furtherance of closer contacts with the students themselves to determine council decisions on charity appropriations, constitutional revisions, etc.
4. Greater publicity regarding the scope of the Executive Council's financial activities.

Edward J. Costello, '51

Graduated from Mt. St. Joseph Academy, Rutland. Served in the Navy during the war for 38 months. Entered U.V.M. in the fall of 1947, a pre-law student, majoring in Political Science. Organized Young Republican Club at U.V.M. President of YR; Secretary-Treasurer of Gold Key; Vice-president of the Debating Club, and winner of a Butler Debating Prize, 1948; Member Student Government Publications Board; Student Government Council Member; Vermont Forums Campus Committee; Newman Club; and managed the Burlington Primary Election campaign of Governor Gibson.

#### Platform:

1. Reduction of Student Activity Fee.
2. Installation of lockers on lower level of Waterman.
3. Use of Student Government funds to make loans to campus activities and organizations to further their purposes (for example, the U.V.M. band loan to enable them to record songs), and make a profit from them for their uniform fund.
4. Installation of automatic washing machines and cooking facilities in all dorms.
5. Student Government scholarship funds.
6. To work to interest Vermont legislature in hope of getting the appropriation requested by the Trustees to lower tuition rates.

Marshall Sabens

Marsh Sabens, class of 1950, is enrolled in the College of Arts and Sciences as a Political Science major. Graduated from Burlington High School in 1944. Entered U.V.M. in January, 1947, and has been active in many student activities. Member of Student Government Constitutional Revision Committee. Member of Student Government Religious Life Committee. Member of Key and Serpent, junior men's honorary society. Reporter and Feature Writer for CYNIC. Member of Sigma Alpha Epsilon Fraternity. Chairman of WSSF drive for 1949. Council member of IRC and U.V.M. representative to Vermont Regions of IRC's. Chairman of World Relatedness Commission of Student Christian Association. Member of planning committee for New England Student Christian Movement Summer Conference.

#### Platform:

1. Make Student Government more truly representative of student needs and desires.
2. Careful appropriation of Student Government funds to reduce Activity Fee.
3. These funds are to be used for the general welfare of all the students.
4. A continuation of the attempt to get a post office and barber shop on campus.
5. Closer cooperation between the administration and the Student Government.
6. Revitalization of honorary societies.

## Burke, Costello, Sabens Compete for Top Post

The all important annual election of members and officers of the Student Government Executive Council will take place on Wednesday, January 12, 1949, from 9 a.m. until 4 p.m. in the lower corridor of the Waterman building, opposite the campus book store. There are 42 aspirants in the field for the 18 available positions on this year's council. The hottest race appears to be for the top position, that of President, with two juniors, Marsh Sabens and Dan Burke, and one sophomore, Ed Costello, competing for the office. Carolyn Chapman and Pat Farma, both of the class of 1950 are in the race for vice-president. Betty Kerin, Barb Penfield, and Vince Richards, all from the class of 1951, are in the running for the office of secretary.

#### Thirty-four Candidates

The freshman, sophomore and junior classes, are entitled this year to elect five representatives each. In the running for the five exalted positions from the class of 1950 are: Bill Dingerson, Joan Ediff, Mildred Joslyn, Dick Kinsler, Ian MacNeil, W. Scott Mahoney, Tom O'Brien, Dick O'Connell, Jean Ritchie, Bob Taisey, Bud Towne, and Pat Tucker. Running from the class of 1951 are: Martha Atwood, Sam Bloomberg, Bob Herriott, Art Hill, Chester Ketcham, Elizabeth Lawrence, Dave Newhall, Fred Picker, Alpheus Streeter, John Tampas, and Ruth Warrell. From the class of 1952: Michael Custode, Priscilla Gordon, Harold Henningson, Bruce Jerman, John Kelty, Phil Levine, Jerry Loyd, Bob Mintzer, Ronald Roff, Kurt Schindler, and John Viets. Pictures and brief descriptions of each candidate will be placed on a bulletin board in the lower corridor of Waterman, opposite the book store on Monday, January 10, 1949.

#### Miele Declines

Until recently the retiring president of Student Government, Harry Miele, had intended to run for the office of vice-president on this year's council. Expressing a sincere desire to continue being active on the council to assist in the fulfilling of several plans and ideas which have been started for the benefit of all students, he has nevertheless been forced to drop out of the running for reasons of ill-health and a need for more attention to necessary activities.

#### Outgoing Members

Besides Miele, as president, Tom Hayes, vice-president, Jane Smith, secretary and Jane Atwood, treasurer are the other outgoing officers of the past year's council. Outgoing council representatives include: Karl Webster, Lucille Wetherby and Sherm Sprague from the class of 1949; Al Pratt, Dan Burke, Bob Perkins, Stan Ursprung, and Frank Peabody from the class of 1950; and Pete Haslam, Ed Costello, Pete Palmisano, and Curt Mosher from the class of 1951.

#### Presentation of Platforms

The candidates for the presidency and vice-presidency will present and explain their platforms at a special meeting, open to the public, in the Student Lounge on Friday evening at 7.30 p.m. Student Government is the nerve center of most student activities and events on campus. Its most important task is the allocation and handling of the student activity fees paid by all undergraduates at UVM.

### "Invest In Tomorrow Today"

Another relief campaign is opening on this campus—the annual World Student Service Fund Drive.

"Another relief campaign?" Not quite. This one is different.

There are over eight hundred thousand students—college students like ourselves—in need today in the world. "Need" means just that—need of food, of books, of clothes, of medicine. There is one relief organization in this country which concentrates on helping those students—and only one. That is the World Student Service Fund. There is one group in which the WSSF campaigns—and only one: the students and faculty members of American colleges and universities.

This is a unique appeal. There are other appeals for needs just as severe—but there are other audiences to meet those needs. This appeal is our responsibility alone. If we fail, it fails.

What would that failure mean? It would mean less doctors, lawyers, engineers for countries which will not have enough trained workers for years. It would mean prejudice and ignorance in high places—because there wouldn't be enough educated men and women to go around.

Aside from all humanitarian aspects, we don't think the world can afford to lose a single university class. We don't think America can afford the loss of a single class anywhere in the world. We can afford it today, yes—because we won't have to pay the price until tomorrow. But tomorrow's price may be much higher than we want to pay.

This is an era when all bonds between men in different nations are disappearing. It is vital that we preserve trained and educated men and women in every nation abroad who can work with us and understand us in the future. The World Student Service Fund offers the means for that preservation. The effectiveness of its work has been endorsed by UNESCO, the Association of American Colleges, and the American Association of Junior Colleges. The records of where the money goes and what it accomplishes are available in the local WSSF headquarters, 265 Waterman, for anyone who wants to see them.

Everything we give to the WSSF should be regarded as insurance, not charity. The drive has started; the goal for UVM is \$5,000.00.

We urge everyone of you to ask all the questions he wants. If you do that, we won't have to urge you to contribute. You'll want to help the campaign.

## The Editor's Column

Much as the now-defunct 80th Congress, the 1948 session of the UVM Student Government passes on—also with its critics and supporters—leaving in its wake a mystic combination of purely constructive student legislation at its best—and, unfortunately, its share of not-so-brilliant deeds. It is only fitting, as elections for a new Council draw near, to review the activities of the past year.

### Much Good Done

Much was actually carried out that was for the good of the entire student body. It was progressive legislation and that the University benefited from it as a whole can not be denied. President Millis took the initiative and went before the members of the Government and of the Honor Societies to explain, in an unprecedented move, the reasons for changes of policy in the tuition. Appellate jurisdiction was clarified for the benefit of Student Court and other courts. A daily bulletin of events, the precursor of the vastly-improved bulletin boards, influenced their formation greatly. The University Store was induced to sell a line of drugs, which it has successfully done. The Band's twirlers finally received badly-needed uniforms, a tremendous improvement in its appearance at football games.

### Less Conclusive Actions

Of lesser value because the actions were less sweeping and conclusive, the Government passed several motions designed to solve the CYNIC's difficulties (but which fell far short); it brought about the temporary reopening during the evening of the Soda Fountain, which, however, was forced to close shortly after due to lack of business; it emphasized the no-pay-for-student office holders through its refusal to pay the Business Manager of the CYNIC; it approved the Kake Walk directors, in actuality a mere formality; set a minimum charge of \$1 for use of the station wagon, a much-abused luxury for certain students; and went on record against hour exams during deadweek.

### Pending

Several items of undeniable good remain pending. Some were considered during most of the year and are yet to be fulfilled. A Post Office for UVM was found to be impossible, but facilities for buying stamps are available in the University Store and provisions for mailing packages from the Waterman Building are presumably being made. At last report, a request for a room for a barber shop was still in the hands of President Millis, and Treasurer Page was to act on proposed reduced-rate bus cards for UVM students.

### An Ambitious Council

The Council was an ambitious one. It undertook, to its credit, several gigantic programs, from which much good undeniably resulted. However, the greatest fizzes in proportion to their hoped-for success were the proposed report to the New York Alumni, on the subject of UVM athletics, and the furnishing of the Student Lounge. There was a temporary flurry raised by the expose in the CYNIC on the state of athletics; and at a mass meeting, the few students present showed a desire for a general improvement of the situation. The excitement undoubtedly did much to influence the hiring of a ski coach and the initiation of a skiing program; and, fortunately, the football team had a remarkably good season. But any permanent results of the action, which can come about only through a thoroughly established plan for all UVM sports activities, are doubtful. The furnishing of the Student Lounge has been a rather hazy matter from the start. Since inheritance taxes wiped out the original provision for furniture, a move to buy new furniture with student funds was started. It was finally accomplished, but today—after considering the expense, the fact that a relatively small percentage of students use the Lounge, and its generally messy appearance—some Council members wonder whether the money wouldn't have done more elsewhere.

From the start, the members in general have expressed a desire for greater attendance at the meetings by the students. The general ineffectiveness of a sign, inviting attendance of all students, is obvious when one considers the number that could actually attend.

### Controversial Issues

On more basic matters, the Government occasionally simply refused to recognize an existing situation and left much to be desired. In voting to give nothing to WSSF, it merely postponed the whole problem of charitable donations. Since the preceding Council had forbade donations by organizations receiving Student Government funds, and since no conclusive student opinion was found, the Council can not offer today a satisfactory answer. On the matter of club dues, the Council decided that no club receiving Student Government funds may charge dues (the Outing Club being the only legal exception). The ruinous effect, in the long-run, on incentive seems only too apparent. A complete circumvention of the problem of participation in Kake Walk by those other than members of fraternities—who comprise a very definite minority—was also made. The problem remains and will remain until some compromise results.

### Other Shortcomings

The Government was not without its other shortcomings, too. There were the occasional boners. (The Sub-treasurer and the Secretary were elected contrary to the Constitution; injured football players were granted the right to accompany the team in the station wagon, but had no priority to it; the Council found itself in a quandary on how to replace a member who had resigned—Student Court advised it to read its Constitution.) But these were only occasional lapses and there were more serious matters. Some members were not quite sure of their duties as student representatives—a common difficulty in any form of representative government. But, in certain matters, when difficulty was reached, a remarkable concern for the opinions of the student body was shown, and cries of, "Call a mass meeting," were heard.

At times, and this is still true, there was no definite delineation between where the Administration ends and the Stu-

dent Government begins. In the matter of Kake Walk, certainly a student activity, the Government has no control over the funds and has control in name only over the directors. On the proposed report on athletics to the New York Alumni, the Government's action was vetoed because they had overstepped their jurisdiction.

There was also a decided inclination to spend without a definite guarantee of return. Money was allotted for twirler uniforms with the hope that band concerts might pay it back but nothing definitely was stipulated. There were other matters, such as the proposed barber shop and the special bus cards, which were not realized, but through no fault of the Government.

### Better Aspects

There were better aspects to consider, too. The Government worked to the end at serious attempts at streamlining procedure and preparing an improved Constitution for approval. Financial reports, at first a failure, were improved so that it was finally possible to get a statement on very short notice.

### Congratulations!

The Council is to be congratulated. There were many capable and hardworking members. True, there were too many faults of procedure, and there are still many controversial issues for which no solution was reached; but these failings are far outweighed by the actual good legislation accomplished. UVM students may rightly thank the outgoing President and the other officers and members of the Council for the work rendered on their behalf.

## Letters to the Editor . . .

December 28, 1948

Dear Sir,

This letter comes from a group of teachers at the University of Athens, Athens, Greece. If members of the student body, faculty or staff have any clothing, underwear, shoes or other articles which they are willing to contribute for a box to be shipped to Athens, the things may be left in the Information Office or in the Office of the Dean of Women.

It is hoped that shipment may be made as soon as possible. Therefore if you have anything to donate for this purpose please bring it in promptly.

MARY JEAN SIMPSON,  
Dean of Women.

Dear friends,

Athens 25/11/48

Firstly allow us to express to you our gratitude for the wonderful generosity and the high feelings of friendship you, Americans, are showing towards our country.

Do believe us that the Greek people will always remember your kindness and will be very thankful to you.

As you know conditions of living are still too bad in Greece. Owing to the bandits' terrorism our Country has yet to fight against the communists in order to secure a democratic way of living not only for the Greek people, but also for all Europe.

Those who are writing to you this letter are officials of the University of Athens who cannot bear anymore the heavy burden of supporting their family, with the very low wages of 38 dollars a month!

Today is your thanksgiving day, and we know that on this occasion you use to help needy persons. We have no relations who could help us and in our dispondency we dare to address ourselves to you as our colleagues, and ask you the great favour to send us any kind clothing or underclothing you not ware any more. We do not want that you spend any money for us but please don't discard your used dresses. Be sure that they will be very useful to us, and a great support for our family.

We will feel an everlasting gratitude for you.

Best wishes

Your Colleagues.

Octavia Kessissoglou

Miss Frango Maronitou

Miss Erasmia Koskina

and Mr. Epaminondas Maronitis.

P.S. Our address is, Athens University, Athens, Greece.

Dear Sir;

In a very short time the WSSF drive will commence on the UVM campus. Last year, at the time of the WSSF drive, there was a widespread controversy as to whether Student Government should donate student funds to WSSF or whether students should donate individually. It is my opinion that this controversy was partially the reason why the WSSF drive did not go over as well as most people had hoped it would.

It is not the purpose of this writer to propose a solution to the difference of opinions which prevailed over the campus during last year's drive, but it is the hope of this writer that the students will help to make this year's WSSF drive come somewhere near being successful.

As students we should all realize the importance of donating something to WSSF. True, there is much to be desired by students at UVM, but at least we have books from which to study, paper on which we can write and warm classrooms. To us these are everyday regularities but to students abroad they are much more important than a well equipped football team or a level baseball field.

But whether or not Student Government should give a large donation or whether the students should give donations individually, we should at least give something.

I don't think any reasonable student would complain if Student Government gave \$25 or \$30 and I don't think it would make too large a dent in any student's budget if he or she gave \$1 or \$2. If this happened, we might at least come close to the \$5,000 goal.

However, no matter how much we do give, perhaps it might be well to remember that if there were a better understanding between the students of the world there might be less wars and less dictators or political monarchs to lead the people of the world into wars.

LOU LANE

# WSSF Drive Opens - - - "Invest In Tomorrow Today"

## UVM'S Drive Seeks \$5,000 To Give Aid To Foreign Students

"Invest in tomorrow today," is the slogan of the World Student Service Fund drive which will be held on this campus January 9-16. A goal of \$5,000 has been set for the U.V.M. campaign. Marshall Sabens, chairman of the campaign committee, speaking for WSSF, said, "We appeal to all students who are concerned with the needs of their fellow students overseas to support us in this drive." President Millis urges the student body and faculty personnel to give the drive their full attention.

### Ross and Severance

Friday during an interfaith chapel service, Dorothy Ross and Malcolm Severance, two Marshall Plan students, introduced the drive by describing the conditions in European colleges as they saw them and the value of WSSF aid to the students of war-torn countries.

WSSF is the American branch of World Student Relief, a non-governmental organization, which gives aid to university groups in devastated areas without discrimination as to race, politics, or religion. There are between 500,000 and 1,000,000 students abroad needing aid. Fifty percent of the funds administered by WSR are raised by American students and professors. The rest of the budget is raised by similar campaigns in eighteen other nations. Aid given falls into five main fields: food, clothing, medical aid, books and housing. The fund also encourages and supports student self-help projects. WSSF cooperates with CARE in channeling food parcels to students overseas.

### Goal of \$3.00 per Person

The campaign on U.V.M. campus is directed by the Advisory Committee whose members are: Mary Ellen Fuller, Marshall Sabens and Stanley Brown. The Advisory Committee appointed the chairmen of the solicitation committees who are: Student, Hugh Gorton; sororities, Janet Killary; fraternities, Howard Siegrist; women's dormitories, Irene Urie and Doris Jones; men's dormitories, Larry Kimball; off-campus, Louise Gee and Sarita Goodman; city organizations, Kenneth Williams; faculty, Carolyn Chapman. The solicitation chairmen choose team captains. Each team captain is responsible for ten solicitors who personally contact the people assigned to them. Three thousand one hundred students and the entire faculty will be reached in this manner. A giant-sized thermometer will be erected in front of Waterman to record the progress of the drive. An average of three dollars per person has been achieved in past years throughout the country.

### Volunteer Workers Needed

Vincent Richards, in charge of publicity, is assisted by: Radio, Scott Mahoney; posters, Jean Hard; press, Ruth Mason and Jean Van Hyning; thermometer, B. Stearns and B. Ross; mimeographing, Gene Kalking. Special events: held to raise money in addition to the canvassing process are directed by Peggy Fisher. Hedi Ballantyne is chairman of the dance which will be held January 15 to climax the drive.

Volunteer workers are needed to do office work, and serve as canvassers during the campaign. Applicants for campaign jobs may see any member of the Campaign Committee at WSSF headquarters, 265 Waterman.

### NOTICE

After much deliberation Mortar Board decided at a meeting Tuesday evening January 4, that the organization, due to the limitation of their funds would no longer be able to pay any of the tutoring fees of non-veteran men, after January 15. However all non-veteran men may still apply for tutoring services.

## Marshall Plan Students Urge Cooperation In WSSF Drive

ED. NOTE: The following is a résumé of a talk presented by Mal. Severance and Dot Ross before an interfaith chapel audience Friday, January 7, marking the initiation of the drive for WSSF funds.

"As students in Europe this past summer on the Marshall Plan in Action Course, we had the opportunity to see with our own eyes the adverse social and economic conditions that exist in the European countries, especially in France and Germany. In the invasion areas and bombed cities we saw people living in the ruins of their former homes or in temporary shacks. In Le Harve alone 83,000 people lost their homes, and in Koln, Germany, 65 percent of the city was completely destroyed. We talked with workers in the various countries and found that in France the average monthly salary is \$40, while the necessities of life, food and clothing are as expensive as in the U. S. In Great Britain salaries were a little higher but prices were about the same, rigid rationing also existed.

covery and in rehabilitation. The billions of dollars appropriated are supplying food, manufacturing equipment and agricultural machinery. The Marshall Plan aid however is not for individuals, and they can benefit from it only as their society as a whole benefits. Therefore it is left to private agencies and organizations to aid needy individuals. WSSF is one of these organizations. It is designed to help struggling students in their pursuit of education."

### Future Leaders

"To meet the many political, economic and social problems that exist in Europe today will take shrewd, competent leaders. Yet many able students are deprived of obtaining the quality of educational instruction which will fit them for these pressing tasks. Their educational opportunity is limited by lack of equipment and supplies, books, faculty, and the poverty and ill health of the students themselves.

### Students Undernourished

"We heard only yesterday from a friend in Crefeld, Germany, who is desperate for information on the development of politi-

# Stuart Chase, Popular Lecturer On Economics, To Speak At UVM Wed.

Stuart Chase, popular writer and lecturer on economics and public affairs will speak here on Wednesday, January 12 at 8.00 p.m. in the Ira Allen Chapel. His lecture will be sponsored by the International Relations Club and the Cultural Committee of Student Government. There will be a charge of 30 cents for townspeople, but none for students.

### Rich Background

Mr. Chase was born in New Hampshire, educated at Harvard and Massachusetts Institute of Technology, and trained as an accountant. He practiced this profession for some years, acquainting himself with the structure of many businesses, organizations, and government agencies, acquiring not only a rich background of factual knowledge but a dynamic method of approach to new material.

### Varied Interests

His books cover a wide range, all of them, however, expressing his lifelong interest in the impact of science and technology on society. They have influenced contemporary thought in various fields. Among Mr. Chase's books are such well-known titles as "Your Money's Worth," "Men and Machines," "The Economy of Abundance," "Rich Land, Poor Land," "The Tyranny of Words," "When the War Ends," and others.

## Community Concert to Present Serkin, Noted Pianist, Sunday, Jan. 9

Rudolph Serkin, internationally famous concert pianist, will appear here Sunday, January 9 in a concert at the Municipal Auditorium. The performance is under the auspices of the Community Concert Association. It will be presented at three in the afternoon for members of the association.  
This Russian-born pianist has been educated in Vienna, lived in Switzerland, Czechoslovakia, New York and has finally settled in Brattleboro, Vermont. Since his debut in this country in 1936, he has been widely acclaimed and warmly welcomed in every city as one of our great pianists.

### Well Rounded Program

Mr. Serkin's program includes selections from the works of many familiar classical composers:

Italian Concerto	Bach
Rondo in D major	Mozart
Sonata in F minor (Appassionata)	Beethoven
2 Romanzerna	Schumann
3 Etudes	Debussy
2 Etudes, op. 25	Chopin
Ballade in A-flat major, op. 47	Chopin
Tarantell, op. 43	Chopin

Greetings  
and

## We expected this...

**YOUR TELEPHONE** must take hard knocks as they come—and go on working.

To make sure it can, we test samples of each day's production and put telephones through the equivalent of years of service in a few hours or days. For example: we drop handsets into their cradles 22,000 times—equal to 4 years' normal use. And not just once, but from 16 different positions, we drop sample telephones from desk-top height onto a hardwood surface. We even check their feet to be certain they won't scratch your table.

Here at Western Electric, we've been making Bell telephones since 1882. But telephones themselves are only about 6% of the equipment used in your service. The other 94% includes wire, cable, switchboards, trucks, poles, tools, office equipment. With the exception of buildings, we make or supply almost everything Bell telephone people use—and test it with utmost care.

Guarding the quality of things used in your Bell telephone service is one way that Western Electric helps to make it the world's best.

**Western Electric**

A UNIT OF THE BELL SYSTEM SINCE 1882

# Evansmen Post Three Wins Away

New Hampshire 54-46

In the first game of their pre-vacation tour through New England the Catamount five journeyed to Durham, N. H., to meet and defeat a not too highly rated Wildcat five 53-46. The play was a bit sloppy and the officiating extremely poor in a game that at one time saw a not too sharp official threaten to throw the Vermont bench out of the field house "en masse" for their harmless chatter and comments.

Ken Pierce opened the scoring with a layup after Ed Kotlarczyk had taken Stretch Galli's tap. From then on it was pretty much even-steven with neither team showing too much accuracy. Near the end of the first half the Wildcats, paced by their stellar guard, Ed Millman, showed the Cats leading margin to one point, 25-24, but shots by Ed Kotlarczyk and Al Niemann paved the way to a 29-25 half-time lead.

In the second half Stretch Galli who had been held to only two first half points really let go, caging three quick field goals to break the contest wide open as the Cats went on to win.

Galli's 18 points and his rebounding made him the Green and Gold standout, while Ed Millman took the honors for the host team.

A.I.C. 79-57

With their initial win tucked well under their belts the Catamounts journeyed south to Springfield, Mass., where on Saturday night, in the spacious Springfield College Field House, they met and defeated the Aces of A.I.C. 79-57. The Green and Gold, led by Capt. Hammie Livingston, were red hot and after being closely pressed in a high scoring half, really opened up in the final twenty minutes to win easily.

Ed Kotlarczyk opened the scoring with a neat long set shot in the first minute of play, putting the Green and Gold in front 2-0. Al Niemann followed with two foul tries, and when Ed hit again, this time on a layup after dribbling the whole length of the court, the Cat attack was really rolling. A.I.C. countered with shots by Al Beaudoin and Bert Gibby, putting both attacks under full steam. Shots began to fall from all over the court with an amazing accuracy and the score started mounting, with Vermont always two to five points in the lead. In the waning minutes of the first half Hammie Livingston hit with three quick shots and the margin jumped to a 45-36 UVM half-time advantage.

Stretch Galli and Ed Kotlarczyk scored quickly to open the second half, but then A.I.C. hit with four straight from the floor and one from the charity line to narrow the margin to 49-45. Hammie Livingston, playing a whale of a game, then scored with a hook shot, but the home team countered with two foul attempts. Hammie again scored, this time on a running jump shot from in the bucket. Al Beaudoin hit for the Aces and the gap went back to four points. Al Niemann then picked up his fourth personal and Coach "Fuzzy" Evans sent in Big Bob French to replace him. Bob Flagg made good on his charity toss and when Al Beaudoin did likewise a few seconds later the score stood 53-51, Vermont. The play began to roughen up as A.I.C. tried desperately to take the lead. Hammie Livingston drove through for a layup, but Beaudoin of the Aces countered with a charity toss. Here with the score 55-52 things really began to happen. Kotlarczyk hit with a set shot. Ken Pierce then caged two of his deadly push shots. Bill Grant followed with one of two charity tosses. Bob French, playing a great game before a home town audience, scored with a tap in. Grant, Pierce, and Kotlarczyk then scored on successive layups and when the smoke had cleared the score stood 70-52. In all fifteen points had been racked up, while the Aces had

been stopped cold. The fifth win of the season was in the bag. Hammie Livingston's 21 points and Ken Pierce's 18 took high scoring honors for the tilt, while Ed Kotlarczyk and Bob French, stole the floor play and defensive honors. Capt. Al Beaudoin was the big gun in the Aces attack, and for a while his accurate sets threatened to break the Catamounts back.

Connecticut 48-72

On Monday in the third and final game of the five day Southern trip the Green and Gold took the court against the Uconns of Connecticut at Storrs. This was the game the Cats wanted most, and though decided underdogs they played hard, building up a 33-26 halftime lead before bowing 72-48 under the pressure of the Uconns greater reserve strength.

The first half was the best half the Green and Gold have played in two seasons while the last was probably the poorest since "Fuzzy" Evans has been coaching at UVM.

The Uconns scored first on a foul shot by Tom Nevers, but Ken Pierce, quickly reversed things with a one hand push shot from the corner. The score bounced back and forth with neither team enjoying more than a three point advantage until Ed Kotlarczyk dropped a charity toss to make the count 22-18 at the fifteen minute mark. Both teams were playing great basketball, with the Catamounts having a slight edge over the Huskies.

Hammie Livingston, after being fouled in the act of shooting, then made good with both of his free throws. Ed Kotlarczyk hit with a neat under hand shot after a beautiful fake and the margin jumped to 26-18. Here the Uconns called time out.

The time out didn't affect the Cats one bit, for after Art Galaise had converted two charity tosses, Hammie Livingston playing a continuation of his terrific game at A.I.C., hit with a set shot. Connecticut then scored twice, but Stretch Galli and Bill Grant scored for the Green and Gold and Vermont walked off the court with a 33-26 halftime advantage.

In the second half came the complete reversal. Nothing seemed to go right for the Evansmen while the Blue and White couldn't seem to miss. They caged twenty shots, as Sophomore Hank Bartnicki went wild, to only three for the Cats. What Coach Hugh Greer said to the Uconns during the half isn't known but whatever it was it certainly brought results.

It was the A.I.C. contest in reverse. The Green and Gold just couldn't stand the outburst as they went down to their third defeat of the season. Hammie Livingston, Al Niemann and Ed Kotlarczyk played great basketball when they were "on," while Hank Bartnicki, Stan Sorota, and Pete Lind were the big guns in the Uconns attack.

## Cagemen Vanquish Mountaineers 56-44 Kotlarczyk Stars

By Gordon Bickford

Displaying every intention of keeping their Vermont Conference victory string intact, the Catamounts opened their successful holiday basketball tour by defeating their down-state rivals, Norwich, 56-44. Ed Kotlarczyk, having himself "a night" contributed 23 points from all over the floor to pace the Green and Gold. Keith Galli added 13. For Norwich, Rutland's Jack Daley showed the way with 12.

Immediately after the opening toss, Ken Pierce raced in for a layup; Al Niemann sunk a foul shot and the Cats assumed a lead they were never to relinquish. Kotlarczyk and Galli began finding the range and Vermont led at half time 36-27.

The second half saw Norwich press the Cats at times, but with great floor work by Al Niemann and Capt. "Hammy" Livingston, and Kotlarczyk's torrid long heaves, the Evansmen stayed out in front and annexed their first Conference win.

Vermont	G	F	P
Pierce f	2	2	6
Niemann f	1	3	5
Grant	2	0	4
Galli c	5	3	13
Kotlarczyk g	11	1	23
Cook	0	1	1
Livingston g	1	2	4
Totals	22	12	56

## Sports Slants

Victor Murdock

Before we start to wonder what 1949 has in store for UVM's athletic teams, let's put the crystal ball aside and look back over the past year at some of the outstanding performances in the various fields of sports.

Basketball still continued to dominate the scene. A 14-6 won-loss record was posted; Vermont won the State Conference title; and a brilliant 51 to 47 victory over Clarkson revenge the loss of '47. Hockey began in fine fashion with a 2-0 triumph over Norwich, but the season ended in a mediocre note with four won and six lost. Although the record in football was just a little better than average, the enthusiasm of team and student body was truly an example of "Ye ole college spirit" . . . just what we needed at Vermont. Archie Post's track and cross-country squads also rate high praise, especially the freshman harriers who will greatly add to the strength of the varsity come next fall.

If we were to vote on what was the best performance in all sports, I believe the majority would agree that the 14-0 victory over New Hampshire and the hamstringing of "Raggy Knees" Ragonese, little All American would rate the No. 1 position.

Over the holidays Coach "Fuzzy" Evans' crew chalked up three more victories to bring the season's total to five won and three lost. Connecticut was the only club that gave Vermont the bitter taste of defeat. The high riding Kittens continued their winning ways by defeating Norwich and V. J. C. Incidentally they collected 136 points in those two games.

Now for that crystal ball. We foresee for UVM a victory over the little Notre Dame of New England, St. Mike's, by 10 points in their cage conflict on January 12 and also another State title for the Cats.

## CAMPUS CAPERS... LAFF 'N LEARN

## Our Story Points a Real Moral

Our campus story has a definite purpose: to make you realize the genuine DIFFERENCE that PHILIP MORRIS possesses. We have full proof of that, but too extensive to be scientifically detailed here. We cordially invite interested students engaged in chemistry and pre-medical work, to write our Research Department, Philip Morris Company, 119 Fifth Avenue, New York, N.Y.

### CANDIDATES FOR COUNCIL POSITIONS

Kneeling, left to right: Jerry Loyd, Michael J. Custode, Robert H. Mintzer, Kurt Shindler, Harold Henningson, and John Kelty—Class of 1952  
 Row 2: Bill Dingerson, John Ediff, Milly Joslyn, Pat Tucker, and Jean Ritchie—Class of 1950, and Ruth Warrell, Betty Lawrence, Dave Newhall, Sam Bloomberg, and Chet Ketcham—Class of 1951  
 Row 3: Bud Towne, Ian MacNeil, Dick O'Connell, Scott Mahoney, Tom O'Brien, Bob Taisey, Class of 1950 and Fred Picker, Art Hill, Alpheus Streeter, Bob Herriott and John Tampas—Class of 1951.

### Candidates For Vice President and Secretary

#### Carolyn Chapman

Carolyn, whose home town is Vergennes, is a junior enrolled in the College of Arts and Sciences as an English major. She is a member of Alpha Chi Omega Sorority and has been active in extra-curricular activities. During her sophomore year she was a CYNIC reporter, scrubbed on the *Ariel* and was a member of the International Relations Club. This year she is Editor-in-chief of the 1950 *Ariel* and is heading the faculty solicitation for the current WSSF drive.

#### Patrick Farma

Patrick Farma is a junior in the pre-medical course. Pat's hometown is Fairfield, Conn., where he was vice-president of his high school class and captain of the basketball team. He is a pledge of Kappa Sigma and has played varsity baseball and basketball. Farma has served on the Intrafraternity and Intramural Sports Committees. He is also a member of the Student Government Athletic Committee.

#### Betty Kerin

Betty is a member of Delta Delta Delta Sorority. From the class of 1951, she is

enrolled in the College of Agriculture and is majoring in Home Economics. A native of Burlington, Betty is quite active on the campus serving on the Newman Club Council, Women's Athletic Association Council and as a member of the Home Economics Club. She is also a sophomore representative of the Sugar Party Committee.

#### Barbara Penfield

Barb hails from Orange, N. J., and is also from the class of 1951, enrolled in the College of Arts and Sciences. Her major is Political Science. She is a member of Kappa Alpha Theta Sorority and has been active in many campus activities. During her Freshman year she was a member of WAA, acted as Scholar-

ship Chairman at Coolidge Hall, served as a WSSF solicitor, was a member of the International Relations Club and was on Dean's List.

#### Vincent Richards

Vince Richards is a sophomore in the College of Agriculture and comes from Scarsdale, N. Y. A veteran, Vince, served as an executive yeoman of the second

largest supply base in the Pacific during the war. Here at U.V.M. Vince is member of the Student Government Publications Committee, member of the International Relations Club, Vice-President of the Vermont Independent Party, and is currently serving as Publicity Chairman of the WSSF drive. Vince is well known to many students as the creator of many unique posters

### Student Gov't Election

(Continued from page 1)

#### Bring Activity Card

Every student must present his own blue student activity card at the voting booth to be eligible to vote. Each student receives two separate ballots, one for the slate of officers and the other for the council representatives from his respective class.

#### Change of Date

The outgoing council has done much during the past year to improve conditions on the campus, but much it has undertaken has been blocked by various circumstances and still remains to be realized. Meetings of the council have been held weekly and have been open to all interested students. Recently the weekly meeting date was changed from Monday at 4 to Wednesday at 4 p.m. The meetings have been held in Room 36 Waterman.

#### New Voting Method

The following specified system of voting will apply to any of the major issues at the University of Vermont that require voting by the student body. These major issues on elections will consist of Student Court elections, Student Government elections, Kake Walk King and Queen elections, and any special issue that may arise subject to a vote by the students of the University of Vermont.

Rule 1: At least two (2) weeks before an election and continuing up to the election, the "Vermont Cynic" will publish the established rules of voting. It shall include the time, place, and purpose of the election open to all members of UVM students.

Rule 2: A student must be a member of the University of Vermont, proof of such fact signified by presentation of his student activity card at the voting booth.

Rule 3: Upon presentation of the student activity card, the voter's name shall be crossed off in the student directory, and his card stamped by the proper symbol of voting as provided for the election.

Rule 4: Upon completion of this procedure, the voter shall be issued one set of ballots.

Rule 5: Elections will be supervised by the members of honorary societies, especially Boulder Society and Mortar Board. In addition three (3) faculty members must be provided for the counting and recording of ballots.

## Unique Events Spotlight WSSF Campaign

### Only One-Sixtieth Of UVM Students Hear Next Officers

#### Eight Candidates Speak At Meeting Fri. Night

At a special meeting open to the public in the Waterman student lounge last Friday night, eight candidates for Student Government offices started their campaigns with short addresses to fifty UVM students. Presiding over the group, Harry Miele prefaced each speech with an introduction of the candidate.

Most of the candidates urged a reduction in the Student Government fee, and the three candidates for President generally explained their platforms as printed in the CYNIC of January 7.

Dan Burke, representative from the class of 1950 on the past Council and candidate for President, was the first called upon by President Miele. Standing in front of the speakers' table and speaking without notes, he quickly and concisely reviewed his platform, explaining that he dared not make promises he could not fulfill. He finished by stating that he would be proud to be President of UVM Students if elected and would strive to do the job well.

Vice-presidential candidate, Pat Farma '50, emphasized his desire for increased scholarships, greater winter sports fame for UVM, a larger placement office, and more interest in cultural arts. He feels also that politics of Student Government should be publicized to the students.

The next candidate for President, Ed Costello, displayed speaking ability born of his extensive political experience and his experience as representative from the class of 1951 on the past Council. Ed pointed out that Student Government is a \$45,000 a year business and promised businesslike operation. He feels that the Student Government fee can be reduced \$2.00 per student, especially if the Vermont Legislature makes the appropriation requested by the Trustees. One project Ed would like to carry out for the coming year is the installation of washing and cooking facilities in all dormitories.

Marshall Sabens '50, the third presidential candidate, advocated the use of referendums to the student body for more representative voting in the Executive Council, the use of Student Government funds for the general welfare of students, closer cooperation between Student Government and the Administration, and the revitalization of the Honor Societies.

By drawing of lots, Vice-presidential candidate Carolyn Chapman was left to

### All-Campus Appeal To Boost Proceeds From Charity Drive

#### Sophomore Aides Parade Dressed As Europeans

Ada Wilbur, chairman of the WAA-sponsored Co-Recreational Night, has announced that the profits which will go to the WSSF fund amount to approximately \$20. Ada said that the game night was quite successful with about 75 people attending. The WAA Council made up the committee which Ada headed.

This was the first of many events being held for the benefit of WSSF. Peggy Fisher, general chairman of WSSF special events, has announced that the International Dance, originally scheduled for Saturday night, will be held in the Southwick gym Friday night. Thursday night a concert sponsored by Alpha Chi Omega will be given. Tuesday Alpha Epsilon Phi sold apples in the student lounge for the benefit of WSSF. The proceeds of the Home Economics food sale will be donated to WSSF. The Sophomore Aides are publicizing WSSF by parading in Waterman halls costumed as Europeans. Several IRC members are demonstrating the difference between the well-dressed American student and the ragged foreign student, also in Waterman. The Outing Club has set up an amplifying system in the Waterman cafeteria which will provide music and announcements between the hours of eleven and one, Wednesday, Thursday, Friday and Saturday of this week.

"Dress internationally," Hedi Ballantyne, chairman of the WSSF dance, advises those who plan to attend it. Although informal clothes are in order, she said that the international theme of the dance should be carried out by wearing international costumes. During intermission a skit directed by Mary Anne Browne and Carol Farmer will be presented, which will contrast the lives of European and American students. Mimi Beauvais, Polly Buttrick, Bunny Cotnoir, and Harriet Gregory are in charge of the decorations which will be various flags and other international symbols. Jean Hard, with the help of the Sophomore Aides, Cliff Havens and Ed Weber are responsible for publicity. Gold Key members headed by Bob Herriott will be in charge of the concessions. Jean Hard will be chief of the coat checking, which will be done by the Sophomore Aides. Admission to the dance will be by donations.

Music composed by Dr. Richard Stoehr, professor of German and music at St. Michael's, will be the essence of the con-

(Continued on page 4)

### Seniors To Register Now For Positions After Graduation

During the week before Christmas, many seniors met evenings with Doctor Lange, director of Student Personnel, to talk over matters concerning positions available after graduation and to register at the Placement Office. The greatest response came from the students in Education, Engineering, and Science and Economics majors. Students in Liberal Arts and others who have not registered as yet, should immediately come into the Student Personnel Office, Placement Division in Room 106, Waterman Building, and secure the material necessary for registration.

Seniors should register at the Placement Office because it is a convenient place to keep all credentials that may be referred to after graduation. After a senior is out of college for several years and he or she has failed to register while in college, important papers may be lost or they may never have been gathered together. Then references may be hard to obtain.

The Placement Office prepares a folder, consisting of several forms of personal data to be filled out by the student, names of persons who can give recommendations, and six to twelve small portrait photographs, 2 1/4 in. by 3 1/4 in. This folder is placed on file and becomes a permanent record. The office can make contacts

(Continued on page 4)

### Students Get Data On Pre-Enrollment From Registrar

Pre-enrollment for all students will end January 13. Every student enrolled in UVM including special and graduate students and excluding only medical students must pre-enroll before that date.

Each student must go to his advisor at this time and pre-enroll. If he has forgotten the name of his advisor, he should secure it at the office of his dean.

He must fill out, with the aid of his advisor, all of the information possible on his enrollment card except for the sectional letters.

After the signature of his enrolling officer is secured the student must take his enrollment card at once to the Registrar's Office where he will receive an admission card for registration.

This ticket must not be lost. A second one will not be issued before the registration begins.

## NOTICES

New recordings of "Cotton Babes" will be placed on sale as soon as possible at the Book Store and during noon hours in the lower hall of Waterman. Group orders may be placed with Bob Ray at 2391-M. All net profit from these records will be used to buy new uniforms for the Band. The price of records is \$1.50.

All women students who expect to apply for any form of Student Aid for the second semester should procure application blanks and file their requests in the Office of the Dean of Women by January 20.

MARY JEAN SIMPSON,  
Dean of Women.

The WSSF International Dance will be held at Southwick on Friday, January 14, from 8-12 p.m. Music will be by the Catamounts, and admission is by contribution. Wear dress of another country or informal.

#### SPANISH CLUB

"Dona Barbara" a full-length Spanish movie with English sub-titles will be shown at the Fleming Museum on January 20 at 7:30 p.m. A coffee hour will follow.

All Spanish Club members are invited and others who may be interested.

### Kake Walk Interest Rises With Posting Of New Scrub List

"Who will play for Kake Walk?" appears to be the growing question on campus, especially among upperclassmen who cherish fond memories of Vermont's classic mid-winter festival. No word has been available from the Kake Walk directors, but rumor indicates that the orchestra will be named before exams. However, tickets for Kake Walk and the Kake Walk Ball will not go on sale until after the post-exam recess. An early sellout of Kake Walk Ball tickets is expected on account of the limited dance capacity of Memorial Auditorium.

Because a Kake Walk scrub list which was posted in December disappeared when the janitors took down the old bulletin boards, the Directors will post a new one on the Kake Walk bulletin board opposite the Waterman coat room this week. They wish anyone interested in working on Kake Walk would sign the new list which will have a new sheet each day. Committee heads and Assistant Directors are frequently chosen from scrubs who prove their capabilities in Kake Walk work.

It was learned late last week that the Directors will accept bids for the Kake Walk Ball coat checking concession until noon January 20. Four people must work in the concession and hang coats up on racks. They may charge up to 25 cents per couple. Bids should be sent to Kake

(Continued from page 1)

### Debaters Re-Instate Discussion Groups and Debates at Hanover

The Debate Club has started off the new year with a full program of debates and discussions. The discussions are being re-instated after a very successful beginning last year. These discussion groups are formed by two speakers and a chairman. The speakers and chairman are picked from advanced speech majors and second year debaters.

The Debate Club publishes a nice little catalog listing the topics and the speakers, and at present there is a great demand for these little books. The requests for catalogs come from Churches, PTA groups, Rotary Clubs, and many similar groups. The topics listed in this year's book are:

1. Should Vermont develop a comprehensive health program?
2. Is the UN enough?
3. Is there a better way of financing Vermont schools?

4. How may we prevent communist infiltration?
5. Should we revise our Marshall Plan foreign policy?
6. Where should sex education be taught: home, church, school, college, or in special clinics?
7. Should a Federal World Government be established now?
8. Should federal aid to education be adopted?

In addition to these discussion groups the club is staying active in the debating field. They are starting off the year with a debate at Dartmouth on January 11 at which time two of the members will be taking the affirmative stand on the national debate topic: Resolved that the federal government should adopt a policy equalizing educational opportunities in tax supported schools by means of annual grants.

### Redstone Campus Votes Monthly Donation to Adopted War Orphan

The girls on Redstone Campus, which includes Slade, Redstone, Southwick, Grace Coolidge and Robinson halls, voted to adopt a war orphan under the Foster Parents' Plan for War Children. Each one of the girls has pledged to give ten cents a month to the fund needed to care for one of these unfortunate war victims. Collections will be made periodically by each house treasurer who is responsible to her respective house director for the money collected for this Campus fund which will make happier the life of a girl ten to fifteen years old.

The selection of the foster child for Redstone Campus is being left to the Foster Parents' Plan which was organized in 1937 to take care of children regardless of race, creed, or nationality. The Plan is non-political, non-sectarian, and a non-profit organization. Up to now, the Plan has taken care of more than fifty thousand

children, all cases of individual relief. The Plan is not affiliated with any other agency. Their work is concerned only with the rehabilitation of children in order to permanently establish them. The work is carried on in England, France, Belgium, Holland, Italy, Malta, Czechoslovakia, Poland, and China. The Plan has headquarters in each of these countries, with a central office in London.

There are many children of nationalities other than those of above mentioned countries. They all live in colonies, hostels, or with private families. Thorough investigation is made of each child, and they are visited regularly by a Plan worker.

January 15 is the date set for the first Redstone Campus donation through the Foster Parents' Plan for War Children which has its American headquarters at 55 West 42nd St., in New York.

### The Elections

The last meeting of the 1948 council has taken place, and just about the time that this issue comes out the students will know who are the new council members and the new officers of Student Government.

A word about the outgoing council. They did a good job. The word was "good" not "great" because on some issues they really bungled the job, revision of the constitution was one of them, there were others. They tended to sit back and become apathetic. Unfortunately, it would have been far better if some of the members had never been elected. But that is not their fault. It is the fault of those who elected them.

Be that as it may, it was a difficult time for any council, the tremendous increase in the student body, and the resulting problems that this increase involved would disrupt any organization.

To the new officers and the new council; whatever be the reason that you ran for office and were elected you owe a debt to the UVM student body. If you do not want to recognize this debt you should not be where you are, and if you do not recognize the debt during the coming year be assured that you will be thrown out at the next election.

Of all things do not become apathetic, fight for the things that you think right, compromise when necessary but do not become apathetic. Some think that compromise is apathy, that is wrong. If the issue is well thought out and worked hard over, it is as progressive as any method could possibly be.

Lots of thanks to the old officers and council, and lots of luck to the new.

## The Editor's Column

### Education for Democracy

Are we failing our children just as our parents failed us? The previous generation did much that we can condemn. True, it is far easier to be a Sunday morning quarterback, but even the real one is expected not to make irresponsible mistakes.

The past generation made many; the stupid isolationism, the unjust persecution of liberals by bigoted reactionaries, the injustices such as the Sacco-Vanzetti case in Boston, the assinine way that such topics as sex education were handled, the depression and the aftermath, the inept handling of the German situation after World War I, the almost seeking for another war. All these things that our fathers left us and the repercussions that they caused in our world leave a serious indictment from history on that generation.

Will we the present generation, the Saturday afternoon quarterbacks fumble the ball and botch up the plays as was done a generation ago? It causes one of this generation to wonder at times. We should have learned from experience by now that ignorance is probably one of the biggest causes of our troubles, yet, we in these United States spend more money on alcohol than we do on the education of our children. We still bar certain individuals from our educational institutions because of the color of their skin or because of their religion. Our fathers did that too. We still try to suppress the free exchange of ideas by such methods as the directives of one of our veterans' organizations to local posts of that organization to check on the school books used in their community for "subversive" material.

We still besmirch the character of individuals before the people of the country by trying men in courts of public opinion, a court as damning as any civil court, and yet these people do not have the right to defend themselves nor do they have the protection of trained and competent legal personnel. Who, that has listened to some of the testimony before the House Committee on Un-American activities can feel that we are doing something good; who does not feel the strength of democracy and a free life slipping away from them?

Will we be proud of these things in years to come?

But we tend to say, what can "I" the individual do about these things, and then we become apathetic, we don't read the news in the papers, we are more interested in the sports or the comics, it has been truly said the most important man in this world today is not Truman or Stalin or any of these famous individuals but John Q. Public the American Citizen. The American Citizen holds more potential power in his hands than any one else on the face of this earth. Nevertheless, he has let this power become corrupted, he has passed it on to unscrupulous individuals, and he has made mockery of the ideals of those who founded and those who have believed in this country.

One doesn't have to go very far back to see a good example of this, look at the percentage of voters who voted during the last election. The colossal excuse of all was that of a woman as reported in *Life* magazine "I had quite a lot to do Tuesday and I just didn't get there. . . ." It reminds one of another story in *Life* concerning the people in Shanghai who are all striving for their individual gain, forgetting that if they don't get together for the common good that they will all be killed.

What can "I" do then? There is much, the most important of which for people such as we, students in a University, is to read and learn. Read newspapers, magazines, books on national and international affairs, learn the mistakes of our fathers so that we will not make them again. One wonders for instance how many students in this institution have read "The Gathering Storm," the majority probably do not even know who the author is. Your world should be more than algebra and chemistry and the sports pages. Step up into the rank that you really belong in and act accordingly.

### Cooperation Requested

Not long ago a rope barrier was placed in the corridor outside the cafeteria for the purpose of dissuading the chow line cutters. The majority of the students realizing that this thing has gone far enough have decided to cooperate. Nevertheless there are a few students who, disregarding others completely, will step over the rope into the line.

It is about time that something besides warnings be given to these people. Student government through student court has the authority and the machinery to punish these persons who deliberately break regulations. These organizations have the requisites, we would like to see some action.

It might be well to remind those students involved that student court has the authority to put a student on probation or even to have him dismissed from the University.

### Save a Life

Speaking of prosecuting, another group that it would be well to get rid of are these speed fiends who go tearing around the campus in cars, without regard to the lives or limbs of other students. Some do not seem to realize that it is pretty slippery out there some of these days.

Eventually, somebody will probably get hurt, then there will be a lot of fussin' and fumin', just when it won't do the guy who is six feet under any good. If we have the fussin' and fumin' now we might be able to save that guy's life. Might be your own?

### Sex Education—Again

A while ago there was an editorial on these pages concerning the present lack of any method of sex education on this campus.

Again we have the presence of the complete lack of willingness to try something different or to get out of the rut so many of us are in. This editorial we mention was in the issue of October 27, 1948, yet in all that time there has been absolutely nothing done in this regard. What does one have to do to get action on an issue, any kind of action, blow up Waterman.

## The Whirl Outside By Montone

### HERE'S HOPING!

#### Constitutional Revision

The recent mess over the revision of the constitution, leaves a lot to be desired from student government. The whole thing should have been gone over a long time ago and the students been given a long enough time to think it over.

Calling the mass meeting at a time when the elections are occupying most of the time of a lot of people, was inopportune, to say the least. To those who are still in the dark about the whole thing, fifty students petitioned student government to hold a mass meeting for the purpose of revising the present constitution or installing a new one.

According to the present constitution, in order to hold such a meeting it is necessary that the meeting be announced in the CYNIC a week before the proposed meeting. Because it was such a spur of the moment thing the CYNIC was not able to put out an issue on Tuesday, January 4 to fulfill the necessary week requisite and have the meeting on January 10. An issue did come out on Wednesday with the announcement but this was too late.

It is to be hoped that the next council will get on the ball with revision, so that this confusion will not be repeated.

#### University of Oslo Summer Session Data

The University of Oslo has announced that it will again hold special summer classes for American students from June 27 to August 6.

Official headquarters in America for the summer session has been established at St. Olaf College, Northfield, Minn., where catalogs and applications may be secured.

The courses which will be conducted in English, cover the sciences, the humanities, and a general survey of Norwegian culture. A maximum of six credit hours may be taken in the six weeks course and in most cases the credits are transferable.

Approximate expense for the six weeks at the University is estimated to be about \$300 and transportation last year on the S. S. *Marine Jumper* came to \$320 to \$400 for the round trip.

Requirements for admission are dependent on a good academic record, seriousness of applicant's purpose, qualities likely to make the student a good representative of the United States abroad, good health, and geographical distribution of applicants. An applicant must have completed his sophomore year, by the summer of 1949.

The University of Oslo guarantees the educational standards of its courses and it is one of the European schools which has been approved by the Veterans Administration.

#### Veterans Administration Clarifies Leave Program

Veterans enrolled in colleges under the G.I. Bill may not elect to have their subsistence allowances interrupted—in order to conserve entitlement for additional instruction—until they reach the end of a period of enrollment certified by the college, Veterans Administration said in response to numerous inquiries.

The period ordinarily is a school year. However, it may be a quarter or semester, if the veteran does not expect to attend school for a longer period. Interruptions of training may not be recognized between quarters or semesters which are included in his period of certified enrollment, nor for holidays occurring within terms or semesters.

In those cases where veterans do not wish to draw subsistence allowances beyond the certified periods of enrollment, they must notify V.A. at least thirty days before the end of such periods.

Unless they inform V.A. in advance, they will be granted up to fifteen days leave automatically and paid full subsistence during that time.

The normal leave policy assures unbroken subsistence payments to all veteran-students. Under the plan, a veteran receives payment for the full enrollment period certified to V.A. by the college he attends, providing there are no more than fifteen days between terms.

## Sports Slants

Mort Kaufman

One man's opinion . . . This being my first opportunity to expound my theories on athletics at this fair institution, which column due to limited space and other natural causes has been absent in days of yore, I shall peruse without delay a subject pertinent to all college campuses.

Amateurism versus athleticism; subsidizing versus nonsubsidizing, call it what you may, but this has been a controversial issue from the N. C. A. A. to the shores of Lake Champlain, especially during the past year.

I'm concerned primarily with the situation at our university, a situation which in most respects is one of the healthiest in this section of the country. Vermont is upholding, which seems to be an idealistic conception at present, amateurism in athletics and I hope we shall continue to uphold this policy come good season and bad.

This does not mean that an individual with athletic ability isn't to be encouraged to come to the university, but the criteria for acceptance is, first, his capabilities as a student and then his abilities in extra-curricular activities.

Certainly those proponents of athletic scholarships have some basis for their beliefs, those institutions, for the most part with great athletic plants, have gained considerably in financial status. I would agree with their desire for improved athletic facilities; a university should endeavor to provide for the best coaching possible, for the best equipment in hopes that a student participating in athletics has helped to make him a better individual (but not a potential professional).

It seems to me that Vermont should continue to uphold the present policy regardless what our brother institutions to the Northeast and South do. Athletics was first considered to be a builder of men—not of institutions.

## "Skiing Highlights"

Due to lack of snow, Coach Bob Searles and his ski enthusiasts have been confined to conditioning exercises in the gym cage. Fifteen aspirants have been working out daily in a group with general road work and calisthenics in order, to be in condition whenever Old Man Winter decides to release enough of the white stuff for actual practice runs at Mansfield.

Ken Belding, John Goodell, John Hurst, El Isham, Doug Pierce, Duane Pierce, and David Sylvester, all veterans of former UVM ski teams, are working out regularly. Also getting in shape to show their stuff on the slopes are Jake Bailey, Andy Buchanan, Tom Cook, Dave Dodge, Merritt Edson, Dick Evans, Jack Harwood, and Don Powers.

Meanwhile the Middlebury College ski team received a royal welcome home when it arrived by train from Aspen, Colo., this past week after winning the National Intercollegiate four-way ski championship title.

The Panthers, who already hold the North American ski title, annexed its second national title by topping the college teams from Colorado Western State, Utah, Denver, California, Colorado, Wisconsin, Nevada, Wyoming, Harvard, Seattle, San Jose, and Yale.

The five-man team, consisting of Capt. Don Henderson, Jack Valentine, Paul Kailey, Tom Jacobs, and Fred Neuberger, won vital points in all four events (slalom, jumping, downhill, and cross-country).

Coach Bobo Sheehan, in praising his victorious team which performed despite handicaps of altitude sickness and lack of snow training said: "Our boys possessed a certain confident winning spark that our rivals failed to possess."

Congratulations to our rival Panthers.

## Vermont Host To Baseball Clinic

Burlington and the University of Vermont again received the honor, last Saturday of being host to big league players and coaches when a baseball clinic sponsored by the Boston Braves, National League Champions, was conducted by Jeff Jones, Braves' scout. Such stars as Charlie "Red" Barrett, Earl Torgeson, and Ray Martin demonstrated the finer points of the game in the presence of some 200 Vermont baseball enthusiasts.

Pitching, batting, fielding and the psychology of the game were among the high spots brought out by the big league dignitaries. Perhaps the best bit of advice was given by the jovial pitching star of the Braves, "Red" Barrett when he stressed the point of mastering three types of pitches, the fast ball, curve, and change-up, before attempting the more difficult and tricky hurling.

We hope that the baseball clinics will be continued here at UVM from year to year. With the facilities we have to offer, there is no reason why it should not be an annual occurrence. Perhaps the clinic could have been held outside on Centennial Field considering the weather conditions. At any rate the old baseball fever has undoubtedly penetrated the veins of a good many players in these parts, already—high school and college stars alike.

The UVM Catamounts meet the Purple Knights of St. Michael's at Memorial Auditorium tonight in the second defense of the Conference Basketball Championship. It should be a sizzler.

Vermont has reigned supreme in State basketball circles for the past three years. Since the days of Killick, Jake and Durkin, the Catamounts have ran rough-shod over any and all opposition the Green Mountain Conference has presented. Tonight, with two starters, Ed Kotlarczyk and Al Niemann, remaining from the great team of '46-'47, and two reserves, Capt. Hammond Livingston and Ken Pierce teaming with a soph center 6 ft. 3 in. Keith Galli, the charges of "Fuzzy" Evans will tangle with the greatest threat to their title—the new edition of St. Michael's. As support to these starters, Evans can call on Pat Farma, Bob French, Stu Moffitt, and Hobie Cook from last year's squad, and sophomores Bill Grant, Bob Twiss and Harry McCarthy.

To date, Vermont has a record of five wins and three losses. The Cats dropped their opener to Dartmouth, and a few days later were edged by the Hanover men again. After these two losses to the cream of the Ivy League, Vermont swung back and beat Union, Hamilton, Norwich, New Hampshire and AIC in succession before dropping a hearbreaker to the Huskies of Connecticut. That's the story to date.

Across the river the Winooskiites have been carefully assembling basketball talent in a court-building process that is supposed to bring them in a position to dominate area hoop proceedings.

This year's Purple varsity consists, with the exception of Capt. John Dean, of the

all-conquering frosh team of last season. Newly-hired Coach Ben Borgman has available besides Dean, Ed Krupinsky, a three-letter man from Springfield, Willy Hart and Ken O'Dougherty. At center, with big Ted Burzenski out with a broken hand, and George Kruse's availability in doubt as a result of a knee injury Borgman will probably choose tall Dan Fitzgerald. In the back court the Purple have high-scoring and team spark Ed Markey, Frank Walsh, Bill Ziter, and the pride of Winooski, Tommy Sullivan.

So far the Knights have beaten Champlain twice after close struggles, overcome Lowell Textile and came from behind to top New England. During the holidays the Purple lost two to Hofstra and St. Peter's. As a result of winning their second game with Champlain, on Friday, the Knights will go into the contest with a 4-2 count.

So it's 5-2 and experience against 4-2 and sophomore talent. The Michaelmen have speed and deception, the Green and Gold height and experience. The breaks should tell the story as these two evenly-matched clubs clash tonight.

The probable starting line-ups:

Vermont—Pierce, Niemann, Galli, Livingston, Kotlarczyk.

St. Michael's—Krupinsky, Hart, Kruse, Markey, Walsh.

In the preliminary game, the freshman teams of both schools meet for the first time. This contest will bring together two high-scoring clubs which have bowled along undefeated so far. Like the varsities, the yearlings appear evenly matched and the result of this game will lay the pattern for future contests between the Green and Gold and their arch-rivals across the river.

## SCA Members Spend Six Days At Kansas Religious Parley

"World Churchmanship 1949" was the theme of the Ecumenical Student Conference held at the University of Kansas at Lawrence, from December 27 to January 1. This conference was devoted to the promotion of thinking about closer understanding among denominations, with emphasis on Christian ideas as one of the major objectives.

Representing U. V. M. were Polly Buttrick, Marshall Sabens, and Leonard Tomat, cabinet members of the Student Christian Association.

The week's parley consisted of discussion groups centered around platform speeches by well-known religious leaders, such as Dr. Trueblood, prominent author and philosopher in the field of religion and Dr. George Kelsey, executive secretary of the Federal Council of Churches in America.

Daily worship services of different denominations were conducted so that the students might familiarize themselves with services other than their own. One of the many things that impressed the U. V. M. representatives was the success of bringing together students from 338 colleges out of 46 states and 32 foreign countries; a grand total of 1300 representatives. This assembly was the first of its kind sponsored by the United Student Christian Council.

In summing up the overall purpose of the conference, Leonard Tomat said, "It was to promote a closer understanding among groups participating in the Student Christian movement, so that we might realize an ecumenical church—one church in God."

## SG Candidates Speak At VIP Election Hop Before WSSF Raffle

With Bernie's Kriesel's Vets Club band furnishing the music, more than 100 couples attended the Vermont Independent's Election Hop which was held in the soda fountain. The Student Lounge remained furnished for the convenience of the dancers and Coca-Cola was the main thirst quencher. Two extra features highlighted the dance. The first was a series of humorous speeches given by the candidates for president, vice-president and secretary in the forthcoming student government elections. The second was a raffle, sponsored by the Health Council. The prize, a beautiful cake, was won by Lila Locke of Allen House. Proceeds of the raffle went to WSSF. The chaperones, Mr. and Mrs. Louis Knollmeyer, were entertained by Joan Ediff.

## Student Government

(Continued from page 1)

the last to speak of the candidates for the two top offices. She explained that she had no platform because she thinks the Vice-president should work with the President and Council to carry out their programs. However, she did state that she is in favor of closer cooperation between Student Government and Student Union.

After apologetically searching several pockets for his notes, Vinnie Richards '50, candidate for Secretary gave Webster's definition of a secretary to which he added the duty of publicity. As his qualifications for Secretary Vinnie listed study in shorthand, and typing and "a short sojourn with the American Institute of Accounting in New York City." In conclusion he stated his belief that our Student Government is "a government of the students, by the students, and for the students" and that with a good Secretary "it shall not perish from the University."

Taken by surprise, Betty Kerin '51, explained that she had expected to speak at the dance Saturday night, but said she would like very much to be Secretary of Student Government.

Barbara Penfield '51, third candidate for Secretary, was the last speaker of the evening. She expressed a desire to interest students in the activities of their Executive Council and also a wish to decrease the Student Government fee. Explaining her belief that the Executive Council should be better publicized by the Secretary, Barbara said she would like to keep editorializing out of the Executive Council minutes.

In closing the meeting, Pres. Harry Miele took the opportunity to express his appreciation of the students with whom he has worked during the past year.

## Placement Office To Register Seniors

(Continued from page 1)

with companies to solicit jobs on the campus. For example, the American Brake Shoe Company and The Aluminum Corporation of America have recently had representatives on the campus. Last year over 20 firms sent college recruiting personnel to UVM. The third service the Placement Office offers is to send out credentials to concerns if the students request them.

The primary responsibility of getting a job rests on the individual student. All the Placement Office can do is to help. It cannot guarantee any job and it cannot guarantee a student interview with a company representative.

A special bulletin board in Waterman Building has been set aside for the posting of notices of interest to seniors. Letters concerning the fields in which seniors are majoring have been sent to firms in the eastern United States by the Placement Office. Answers to these letters will be posted on this bulletin board. From now on there will be an increasing number of visits to the campus by concerns as well as written contacts. Seniors are urged to check posted notices and to register as soon as possible with the Placement Office.

## WSSF

(Continued from page 1)

cert which will be held in Fleming Museum, Thursday evening at 8. Dr. William Raab, professor of experimental medicine; Mrs. I. Pappoutsakis, wife of Professor Pappoutsakis, associate professor of music at UVM; and Barbara Beal, a student of Doctor Stoehr's will be on the program with Doctor Stoehr. Doctor Stoehr, who is a pianist and composer, studied at the Vienna Conservatory of Music and taught there for thirty-five years. Doctor Raab, a violinist, also comes from Vienna. Doctor Stoehr will play his own arrangement of three different approaches to God, taken from the music of Bach, Handel and Pergolesi. Doctor Stoehr will also play three of his own compositions: "Dedication," "March of the Nazis," and "Morning in the Vienna Woods." Doctor Raab is going to play a movement from a violin sonata, "Farewell to Summer," "Mount Mansfield," and selections from "Christmas Cantata," all of which were written by Doctor Stoehr. Mrs. Pappoutsakis, a flutist, will play "Minuet from Arlesienne" by Bizet. Barbara Beal, class of '50, will play "Impromptu in A Flat-Major" by Schubert and "Ballade" by Doctor Stoehr. Refreshments will be served during intermission by Alpha Chi Omega. Admission to the concert will be by donations.

"Imagine preparing for finals with only a bowl of broth under your belt, no text

## Kake Walk Recording By Band Is On Sale

(Continued from page 1)

Walk Directors, Box B, Waterman Building.

The University Band under the direction of Joe Lechnyr has recorded "Cotton Babes," the stirring tune which has become UVM's own favorite. Anyone who has seen a Kake Walk, and newcomers too, will be glad to learn that "Cotton Babes" on unbreakable records can be bought in the University Store or from members of the University Band.

books, no heat in your room and no aspirin. Please make life easier for your fellow students in the hungry, ravaged countries of the world by attending the WSSF events," Peggy said in asking the support of the student body. Marshall Sabens, chairman of the WSSF drive, added, "We are very appreciative of the efforts made by these organizations sponsoring WSSF benefits. However, we hope that donations given at these events will be additional to contributions made through individual solicitations."

Campus air is provided with WSSF bulletins through the efforts of Lionel Rothkrug and the publicity committee who have set up an amplifying system.

## Sororities Conclude Weeks Of Rushing With Formal Party

The rushing season for this year reached its climax with the week of formal parties which began Wednesday, January 5 and ended Wednesday, January 12.

Pan-Hellenic, it was learned, set a minimum for the amount of money a sorority might spend for the entertaining of their rushees. This was the last event before pledging and consequently the last opportunity for the girls to come acquainted before the bids were made.

The schedule was arranged in such a manner that each sorority held its party on a particular night, so that it did not conflict with that of another sorority. In that way, girls, who received more than one invitation were able to attend parties without forfeiting one for another.

After the last formal party tonight, a silence period will reign, during which time sorority girls may not approach rushees about sorority matters until the bids are in. The bids will be in no later than January 13. Upon receiving a bid, the candidates for pledging are to go to Southwick on Friday the fourteenth, between the hours of four and six, where they will register their choices.

# Smoke a LUCKY To feel your LEVEL best!

Luckies' fine tobacco picks you  
up when you're low . . . calms  
you down when you're tense!

Luckies' fine tobacco puts you on the right level—the Lucky level—to feel your level best, do your level best.

That's why it's important to remember that LUCKY STRIKE MEANS FINE TOBACCO—mild, ripe, light tobacco that makes a thoroughly enjoyable smoke. No wonder more independent tobacco experts—auctioneers, buyers and warehousemen—smoke Lucky Strike regularly than smoke the next two leading brands combined.

Light up a Lucky! Luckies' fine tobacco picks you up when you're low, calms you down when you're tense. So get on the Lucky level where it's fun to be alive. Get a carton and get started today!

## Costello, Farma To Head New Student Gov't

### Campus Organizations Actively Support WSSF Drive for Funds

#### Clubs, Dorms Try Unusual Publicity

The appeal for cooperation in the World Student Service Fund drive on the Vermont campus this week, has been answered not only individually, but by the many organizations and clubs who have shown a keen interest and active participation in the week's campaign.

#### Williams Explains

As for the individuals, there were students like Ken Williams who solicited city organizations, explaining the drive in an informal letter in which he said, "It will be through the advancement of the educational group of these countries that the nucleus for a peaceful world can be developed. If we allow the minds of these men to deteriorate, the effect will be felt by us in the future. Thus, WSSF provides a means whereby we all can invest in the future."

#### Marshall Plan Students

There were qualified students, who, by virtue of their experience this summer in viewing the devastated countries on the Marshall Plan, were capable of describing the plight of the European student. In talks presented by two of the Marshall Plan students, Dorothy Ross and Malcolm Severance, before an interfaith chapel audience, Friday, January 7, the existing conditions were made known and cooperation on the part of all students was urged. This marked the official opening of the drive.

In order to carry on the campaign effectively and attain the goal of \$5,000, many committees had to be organized on campus. These were under the direction of an Advisory Committee headed by Marshall Sabens, who speaking for WSSF, said, "We appeal to all students who are concerned with the needs of their fellow students overseas to support us in this drive."

#### Special Events

Many special events under the sponsorship of their respective organizations were held for the benefit of the drive, under the chairmanship of Peggy Fisher. One of the special events included a co-recreational night at Southwick, Friday, January 7, sponsored by WAA, which included game participation and dancing, with the proceeds going to WSSF.

The Health Council at UVM raffled off a cake at VIP's Election Hop, Saturday night, January 8. Lila Lock was the holder of the lucky ticket.

#### Human Posters

During the week of campaigning, "human posters" were seen, i.e., Sophomore Aides parading in Waterman dressed in International costume to carry out the theme, and the IRC demonstrated the difference between the healthful well-dressed appearance of the American student as compared to that of the starving student overseas.

The Home Economics Department contributed the proceeds of their monthly cookie sale, and for the benefit of the drive, Alpha Epsilon Phi sponsored the sale of apples in the student lounge on Tuesday, January 11. A concert sponsored by Alpha Chi Omega sorority was held at the Fleming Museum, Thursday evening, January 13, at 8 p.m. The program featured Dr. Stoehr of St. Michael's at the piano; Dr. Raab of UVM's Medical College, played the violin and Mrs. Pappoutsakis, the flute.

Also working for WSSF were the

### Vince Richards Elected New Secretary; 1,333 Ballots Cast In Record UVM Vote

#### SUCCESSFUL CANDIDATES

VINCE RICHARDS

ED COSTELLO

PAT FARMA

#### Costello Tops Burke By Margin of 36 Votes

In one of the biggest turnouts in recent years, Edward J. Costello was elected President of UVM students in the official Student Government elections held last Wednesday. Patrick Farma '50, and Vincent Richards '50, were elected to the posts of vice-president and secretary, respectively.

#### Council Members

Members elected to the Council from the class of 1950 are: Bill Dingerson, Scott Mahoney, Tom O'Brien, Jean Ritchie, and Pat Tucker.

Elected to the Council from the class of 1951: Martha Atwood, Robert Herriott, Arthur Hill, David Newhall, and John Tampas.

Elected to the Council from the class of 1952: Michael Custode, Harold Henningsen, Bruce Jerman, John Kelly, and Jerry Loyd.

#### 1333 Voted

It was a comparatively heavy vote, in proportion to those students eligible. Of approximately 3,000 students, 1,333 students exercised their right to vote. Of all three races, the one most keenly contended for was that of the Presidency. Costello was accorded this office by the narrow margin of 36 votes over his nearest opponent, Dan Burke. In the other two races, both candidates had substantial margins.

#### Active on Campus

Costello is a native of Rutland, and is, at present, a member of the sophomore class. He served in the Navy for 38 months and entered UVM in 1947. While at UVM, he has been active in several organizations. He organized the Young Republican Club of UVM; he is secretary-treasurer of Gold Key, vice-president of the Debating Club, an outgoing member of the Student Government Council; and a member of the Vermont Forums Campus Committee and the New-man Club.

#### Service to Students

His platform was based principally on service to the student. It included: reduction of the Student Activity Fee, installation of lockers in the Waterman, installation of washing and cooking facilities in the dorms, use of Student Government funds as loans to worthy organizations, Student Government scholarships, and working to interest the Vermont Legislature to appropriate money to UVM, with the hope of reducing the tuition.

#### Officials

Pete Haslam, director of the campaigns and an outgoing member of Student Government, was assisted by several members of the Honor Societies and the faculty, in making the official tallies of the votes. Included among those assisting were: Dot Ross and Kathryn Eaton (Mortar Board); Harry Bolwell, Bill Clossey, and Harry Miele (Boulder); Warren Jones (Student Court), and Professors R. H. B. Haugen and William A. Adams.

### UVM Students Acclaim Serkin's Virtuosity at 2nd Community Concert

Burlington was privileged to hear one of the world's foremost musical artists at the Rudolf Serkin concert on Sunday, January 9. The concert was held at Memorial Auditorium as part of the Community Concert series.

To go through the individual numbers, giving a criticism of each, would be useless, as the entire concert showed such complete mastery and technical perfection that nothing adverse could be found to be said. Showing a tremendous versatility, Mr. Serkin played numbers ranging from Bach to Debussy, each being an example of musical perfection. While each composition resulted as a masterpiece, the two high spots of the program were the Beethoven Sonata in F minor, the celebrated Appassionata, and the Chopin Ballade in A-flat major. In both of these a dynamic technique and a wealth of emotional feeling combined to provide a thrilling experience.

In addition to the regular program, Mr. Serkin inserted the Mendelssohn Rondo Capriccioso in the main body of the concert, and as encores he played the Men-

(Continued on page 4)

### New Bulletin Board Is Finally Realized In Waterman Bldg.

By now everyone, without question, has seen or possibly used the new bulletin boards opposite the Book Store and on the staircase landing. The plan that originated two years ago finally became a reality over Christmas Vacation. The board is distinctively divided into several sections, each section being restricted to a particular subject. The board is to be known as the University Bulletin Board. There are certain regulations which must be followed in order to make the plan a success. A detailed list of these are found directly in the center of the board between two sections. They include such items as length and removal of notices, thumb tacks, spacing, etc. The student body is responsible for anything posted for 48 hours by a University office.

### Mrs. Laura Cummings Guest Speaker at Tea

"A love of books, a feeling of friendliness toward people, and a desire to serve and work without too much thought of monetary gain, are among the requirements necessary to run a book store." This was the thought which key-noted the talk by Mrs. Laura Cummings, Thursday afternoon, January 6, in Room 364, Waterman.

Prof. Willard B. Pope introduced Mrs. Cummings to the audience of English Department faculty and students majoring in English.

Refreshments were served before Mrs. Cummings began her informal talk of problems and happenings of interest in her career of selling books over a period of twenty-one years.

### 'Apply Scientific Method To Study of Man' Says Chase at Chapel Lecture

Stuart Chase, speaking at the Ira Allen Chapel on Wednesday evening, called for a renewed study by mankind of man himself. Chase, the noted writer on economic and social problems, was presented jointly by the International Relations Club and the Cultural Committee of Student Government.

#### Two Billion Dollar Question

In answer to the question — which Chase termed the two billion dollar question of the day—"can mankind learn to control the machines he has created," he said the answer could be found by the application of the scientific method to the study of man himself. Chase has conducted research on this subject in collaboration with the Social Science Research Council.

#### Great Strides

Within the past few decades the greatest strides along these lines have been made in the study of man through such research as the life expectancy tables, estimates of the growth of population, the frequency distribution tables in economics, and the increased use of aptitude tests. Two of the outstanding contributions to

(Continued on page 4)

### UVM Band, Under Lechnyr, Announces Schedule Thru May

The UVM Band, under the direction of Joseph Lechnyr, has announced its schedule up through May 1949. The band will play at the following basketball games in Memorial Auditorium: January 19, Middlebury game; January 22, Springfield game; February 19, Massachusetts State game.

The band will be in attendance at the Kake Walk, February 22-26. The annual concert will take place in March, the definite date of which will be announced later. The next set dates are May 10, Junior Week parade, May 17-20, the ROTC Federal Inspection, and May 30, Memorial Day parade.

According to Drum Major Bob Ray, additions may be made to this schedule, or changes made if necessary, all of which will be announced.

## Editorial

Since the Fall of 1946, when football returned to the campus after its wartime recess, the University of Vermont has been fortunate in having a football squad that has brought honor to the school. We've had a team that has worked hard, played hard, and has shown us good football and an aggressive spirit. All of these qualities combined have borne results. Seldom have the "Cats" let the odds get them down. In fact, it seemed that the tougher the opposition, the better they liked it, as evidenced in last season's contests with Union, New Hampshire, and Middlebury. They have, at some time or other, beaten or tied every team on the schedule over a span of three years. Next season, barring unforeseen injuries and ineligibilities, Vermont could very well have one of the best years in the history of the University. All of the team, with the exception of reliable Bob Neiburg and Bob French, will be back, improved by a few seasons of experience. In addition, there are several promising freshmen who should aid the Catamounts attack considerably. However, it is mainly for the men who have worked hard for the past three years that this editorial is being written.

Most of these veterans will play their last game for Vermont next November down at Middlebury—unless this proposal is considered.

Right now, we'd like to go on record as recommending to the administration and to the student body, that the squad be rewarded for their efforts. One of the best ways to do them honor, we think, is to give them a good trip a week or two after the regular season. It is our proposal, therefore, to begin negotiations with a southern school of our own size for a late November game.

Immediately we have visions of the administration throwing up their hands and saying, "No post-seasons games! Let's avoid the complications accompanying 'Bowl' contests." To this we answer quickly that this wouldn't be a "Bowl" game—just a regular schedule game—just a friendly encounter devoid of "Bowl" game frenzy.

It is our belief that the Student Government Funds would cover the expenses adequately. If not, the necessary money could probably be raised without too much hardship. By the "necessary money," we mean sufficient funds to give the team the best accommodations in transportation and living quarters while on the trip.

As for the team to be played, there are several school whose

## The Editor's Column

During the past few months much attention has been given by our daily newspapers, weekly news-magazines, and news-reels, to one of the greatest ideals of modern times, a twenty-six year old United States Air Force veteran, an international refugee named Garry Davis. Garry Davis, the son of Society Bandleader Meyer Davis, became interested in the United World Federalist movement a few months ago and today is the leader of a surging popular movement centering in Paris, France.

During the past summer, it was the writer's privilege along with four other UVM students as members of the Marshall Plan in Action Course, to meet and talk with Garry Davis while studying at the University of Paris. Over a cup of coffee after dinner in what would correspond to our Soda Fountain, quite by chance, we ran into him. What an opportunity! We spent the following three hours discussing various aspects of the United World Federalist movement. Meeting a fellow American student not a member of our group always brought forth the question, "Well, what are you studying here?" To that, Garry Davis replied that he was writing a thesis to be presented at a forthcoming international meeting of the United World Federalists to be held in Luxembourg and that immediately started a fiery United World Federalists discussion.

Acting very skeptical towards the movement in general we asked many very frank and pointed questions regarding this movement of idealists and received very convincing answers from one obviously very sincere in his beliefs on the subject. During the course of our discussion, to our amazement, he told us that he had gone so far as to renounce his United States citizenship to help further the movement. Believing him to be absolutely nuts, he explained to us that for the success of the movement eventually everyone would have to become citizens of the world, and to attain this goal someone had to start, so he took it upon himself to start the movement and as everyone knows got into much trouble by doing it. This great step forward was fine until the French authorities learned about it and in desperation as a citizen of the world, Garry Davis sought refuge on international ground—the United Nations headquarters in Paris, until he finally gave in and accepted a French permit which allowed him to stay in France for a limited time to make up his mind as to becoming a citizen of some national entity.

To us at the time and to the general public today, Garry Davis seems like an eccentric freak. Yet, we never met anyone so convinced of anything before in our lives. He was a sincere, devout fanatic—a lone-voice in the wilderness, yet his courage and determination and belief—his powerful and sincere desire for a peaceful world has pushed him to the top of a rapidly, growing movement for world peace which may attain its worthy goal—that of making everyone citizens of the world which will be of utmost aid in building a world of peace.

The international refugee who camped on the United Nations doorstep in Paris for a few weeks, who was thrown out of a General Assembly meeting of the United Nations for making an impromptu speech, has recently filled the Salle Pleyel and the Velodrome d'Hiver, two of Paris' biggest auditoriums with enthusiastic hordes of people. Today this "eccentric freak", in a matter of a few short months has thousands of supporters all over the world and has been transformed into a true international figure. Included among his avid supporters are several people of world-wide fame, such as Albert Einstein, Richard Wright, author of *Native Son*, André Gide and many others. France's own president, Vincent Auriol, has also now sanctioned this energetic movement by inviting Garry Davis to stay in France without a passport. People all over the world have come to or written Davis to become a part of the "Association for the International Registry of World Citizens and People's Assembly," which he heads. He urges people to write to him to express their desire to become citizens of the world to help promote the movement and he promises that in 1950 that an assembly of the people of the world will be elected.

This movement in our eyes, which we admit seemed a bit far-fetched and somewhat futile at first, is worthy we believe, of careful scrutiny and should be considered more than just another plan for peace. With few exceptions everyone wants to live in a peaceful world. Actually to work for the achievement of this goal some plan of attack must be followed. Since the United World Federalist movement under the leadership of Garry Davis is catching on and shaping up as a very feasible method of approach for making a world of peace, we believe it should be backed and sincerely supported by everyone with a sincere desire for world peace. True some sacrifices will have to be made, but to us any sacrifice and any amount of honest and hard work is expendable for the attainment of this ideal.

Garry Davis said to us more than once during our short but profitable acquaintance that we would someday hear of him. So skeptical were we and so sure and convinced of his belief was he that he warned us that someday our minds would be changed. They have been to a large degree, and we are certainly glad that we met Garry Davis, but even happier that his prophecy was realized and that we have heard of him,

location would guarantee good football weather at that time of year. Just as suggestions, there are Virginia Military Academy, Washington and Lee, and Virginia Poly Tech (V.I.P.), all in Virginia. Davidson College, near Charlotte, North Carolina, The Citadel, in Charleston, South Carolina, and Rollins College in Florida. This writer has followed somewhat all of these teams and believes that all of them play just about the same kind of ball that UVM plays. Any one of them should make a good, even opponent.

In addition to giving the team a good trip, it is very possible that many new friends could be made for the school.

None of the varsity players have been approached on this proposal. Perhaps they wouldn't even want such a game. But if they do, let's get behind the idea and push it through. They've been giving us the kind of football we've wanted—now let's give them something as a "graduation present." Let's give them a send-off they won't forget!

"In our house if you don't get in by closing hours — you don't."

much sooner than either he or we had anticipated or even hoped for.

## College Enrollment Still Climbing

For the third successive year the Nation's college and university enrollments have climbed to a new peak. Releasing enrollment figures furnished substantially all of the 1,800 institutions of higher education in the United States, the U. S. Office of Education reveals that enrollments this past fall increased by over 72,000 students over last year, despite a drop of 100,000 in number of veterans enrolled.

Total enrollment in all colleges and universities is 2,410,000 this year. Of this number 486,267 are studying at 20 institutions. These twenty institutions enroll 20 percent of all college students in the United States.

The rate of student drop-out is slowing down, according to the survey. This is indicated by the greater holding power of colleges despite fewer freshmen students and a scaled-down veteran enrollment. Last year's freshman enrollment stood at 593,000. This year only 569,000 freshmen are reported.

Veterans, who formed about half of the Nation's college student body in 1947, account for only 42 percent of the total enrollment in 1948. Delaware, Florida, Maryland and New Mexico are the only states showing increases in the number of veteran students this year. Greatest drop in veterans enrollments came at the junior college level. Approximately 50 percent of the veterans are enrolled in 131 of the country's large universities.

Men still outnumber women almost 3 to 1 in the Nation's colleges. The proportion of women students has changed little this year over last fall. The 3 to 1 ratio holds in the large universities, although it goes down to slightly less than 2 to 1 in liberal arts colleges, and is more nearly 1 to 1 in teachers colleges. The proportion of women freshmen is slightly higher in 1948 than it was in 1947 in all types of institutions, the survey reveals.

## General Electric's Education Program

College graduates are finding ready employment in the major industrial enterprises of the nation. This year, the General Electric Company alone hired the record number of 1,400 graduates from 150 colleges and universities. This exceeded last year's record of employment by almost 600.

The record-breaking hiring of college graduates is attributed to the expansion of the company, coupled with the effects of the wartime shortage of graduates.

Of the total hired, 1,046 are electrical, mechanical and industrial engineers. Fifty chemistry and fifteen physics graduates have also been selected. In addition, more than 250 business administration, accounting and liberal arts graduates have been selected for the Business Training Course.

The new college-trained employees will enter General Electric's \$1,000,000 education program, which includes technical, scientific and business courses. The largest number of graduates (engineers) will enter the Test Course which more than 20,000 have completed during past years.

## Notice to Veterans Working Part Time

Subsistence allowances paid by the Veterans Administration to veterans in educational or on-the-job training are not considered as income for income-tax purposes. Any income that they may earn on part-time jobs while attending educational institutions full-time, or earn while on-the-job training is subject to taxation under existing tax laws.

## New Sugar House

In a recent news release from the University of Vermont and State Agricultural College Extension Service comes word that a new sugar house which incorporates features from some of the best sugar houses in Vermont has been erected at the University of Vermont and State Agricultural College's Maple Research Farm at Underhill Center. Funded by the Vermont Syrup and Sugar Packers' Association, the new sugar house will be used to construct a road to the sugar house. The sugaring operation this spring will be conducted by Wayne Pollard of Underhill. Any sugar makers interested in looking over the new sugar house are invited to visit the maple research farm at Underhill Center during the sugar-making season.

# Cats Outspark Knights By 58-50

by GORDON BICKFORD

Very few of the 3,500 spectators at Memorial Auditorium last Thursday night expected to see St. Michael's beat Vermont, but the Catamounts surprised the capacity crowd by the convincing manner in which they pushed the Purple Knights around. The lead at time was high as 18 points.

Benny Borgman, who was brought to Winoski to put some polish on a galaxy of stars, sat dejectedly on the St. Michael's bench and watched Vermont's stellar guards, Livingston and Kotlarczyk, stop his high-scoring forwards.

St. Michael's vaunted attack was thrown back, and Markey the leading Purple scorer was held to 5 points. In fact if it hadn't been for little Willy Hart's last-minute burst the Knights wouldn't have been in the ball game.

Art Collier, who was playing his first game of the season, broke loose and led the Catamounts with 12 points. It was Collier and Pierce (who made 10) on offense, and Niemann and Galli teaming with the guards on defense. The combination brought the Green and Gold its twenty-fourth straight win in the Vermont Conference.

At game's end, with Vermont on the long side of a 58-50 count, one fact was glitteringly apparent: The "Wonder Boys" need more polish.

Lineups:

## VERMONT

Totals	17	16	50

Halftime score: Vermont 32, St. Michael's 21.

Officials: Nurdyke and Mahoney.

In a preliminary game the St. Michael's freshmen beat the Vermont freshmen 60-38. Merrick led the Kittens with 13 points, and Duffy paced the Squires with the same number.

## Sports Slants

By Vic Murdock

Hockey and skiing, two sports which should be going full steam at present, are still handicapped by lack of ice and snow. A few days ago the hockey squad, anxious for a real workout on ice, managed to find a frozen pond out near the "Olde Board." Postponement of the Champlain and St. Michael's hockey games, scheduled for January 14 and 15, seemed imminent as of last Wednesday. However, several volunteers were attempting to put things in shape by spraying the rink . . . let's hope it is in good condition by now. A few, never-say-die skiers journeyed to Mt. Mansfield last week-end, where they found three feet of snow and skiing on the Lord trail and in a few other spots. On Tuesday the ski team is planning a trip to the mountain for some downhill practice and exercise . . . so despite the lack of winter's ice and snow things are looking up.

The big shiny train from across the river has been stopped . . . Vermont 58—St. Michael's 50 . . . an eight point difference making our prediction of a week ago just two points off the mark. Frankly this department felt slightly worried in the first few minutes when the Purple Passion really poured it on with that eight point lead. But when the Vermont defense began to tighten up and our boys began to find the mark, nothing could stop them. Hats off to Art Collier in making 12 points and playing a fine defensive game in his first appearance of the season.

U. V. M. plays its next home basketball game on January 19 when they meet the

## Golden Gloves Sees 'Shorty' Cote Enter Three Man Vt. Team

Lyman W. "Shorty" Cote, UVM boxing instructor announced that he will enter a three-man team in the Vermont Golden Gloves Tournament that started Thursday night in Memorial Auditorium. Dave Hinkley, Tommy Miller, and Bill Thompson will represent the Green and Gold in this amateur boxing competition that can lead to regional and national fistic recognition.

Thompson and Miller are frosh newcomers to the Catamount boxing team who will fight in the lighter weights. Thompson weighed in at the start of training last fall at 155 lbs., but "Shorty" says that he will go into the ring at 145. Miller was an outstanding halfback in

Middlebury Panthers for their third Conference game; and then on Saturday night, January 22, the Catamounts play their last game until next semester when they engage Springfield here, at the Auditorium.

In next week's CYNIC we will include the standings and results of recent interfraternity bowling and basketball competition. Our last few issues have not permitted us enough space for the latter.

There will be an interesting meeting of that new club, the Anglers' Society on Monday, January 17. Elections for the coming term will take place as well as a talk by Stuart Lerner on "The Spinning Outfit," he will also demonstrate some of the equipment used in this type of fishing. Everyone is invited.

## Ode to the Purple

The recent basketball game between Vermont and the boys across the river caused the sports staff to break out in a rash of poetry. Here, with apologies to Lord Byron, are the results.

## THE DESTRUCTION OF A MYTH

Ben Borgman came down like a wolf on the fold  
And his cohorts were gleaming in purple and gold  
And the sheen of their spears was like the stars on the sea  
When the blue wave rolls on the deep Winoski.  
Like the leaves of the forest when Summer is green  
That host with their banners in Burt'n were seen  
Like the leaves of the forest when Autumn hath blown  
That host on the morrow lay wither'd and strown.  
For the mighty old Cat spread his fangs on the blast  
And scratched in the face of the foe as he pass'd.  
And there lay the Knight distorted and pale  
With the dew on his brow and the rust on his mail  
And the tents were all silent, the banners alone  
The lances unlifted, the trumpet unblown.  
And the widows of Trinity are loud in their wail  
And the "Wonder Boys" cry in Phil Melanson's ale  
And the might of the Knight unsmeared before that  
Hath melted like snow in the fangs of the Cat.

scholastic competition at Burlington High School, and one of the backfield aces of the Kittens this past fall. He will box in the 155 lb. class.

Dave Hinkley, whom the sportswriters called "Dynamite Dave," will be remembered as the Vermont Amateur Champion who blasted his way to the title by two sensational first round knockouts in the State Tournament last year.

Hinkley is in top condition, and though

the heavyweight ranks will see keener competition this year with the entrance of "Battling" Bob Gale of Rutland. "Shorty" says that his heavyweight ace should successfully defend the title.

While this is a smaller team than represented Vermont last year, the boys have been working long and hard and are in good physical shape, and should give a good account of themselves with ring-wise "Shorty" helping from the corner.

## Rev. John B. Hanna to Speak at Inter-Faith Vespers Sun. Evening

There will be an interfaith vesper service Sunday, January 16, at 7.30 p.m. in Ira Allen Chapel. The speaker will be Dr. John B. Hanna of New Rochelle, N. Y., who is now the executive secretary

of the Council for Unity of that city which is a pioneer project in interfaith and interracial cooperation. Dr. Hanna has had a wide experience in the Congregational ministry, and comes to his present work from the Council for Social Action of the Congregational Church. His sermon theme will be related to the

## KPK Initiates 35

The Alpha Gamma Chapter of Kappa Phi Kappa, men's honorary professional education fraternity here on campus, recently initiated thirty-five new members at a banquet held at Happy Acres. At the initiation President John S. Millis was made an honorary member. The men initiated were:

J. D. Adams, Marvin Briggs, Walton Brown, Charles Comstock, Donald Christie, Clarence DeSordie, John Emerson, Jr., Louis Fusco, Jr., Bruce Gaylord, Aquilino Higuera, John Hoskiewicz, James Harris, Edmund Hart, Alexander Kaszuba, Parker Ladd, Lucien Lambert, Kenneth Liggett, Frank Livak, Hammond Livingston, George Moffatt, William Mahoney, Lyndol Palin, Dominic Paul, Alfred Persico, Albert Plante, Charles Proctor, Fred Shattuck, Dennison Shepardson, Joseph Smart, Joseph Solari, Andrew Soule, Alan Steinecke, William Towne, Douglas Tudhope, and Rudolf Woodcock.

interfaith and interracial program of the New Rochelle Council for Unity.

Preceding the Vespers on Sunday there will be two interfaith events sponsored by the three faith groups, Hillel, Newman Club and the Student Christian Association. At 4 p.m. there will be a meeting in 239 Waterman of the three organizations at which Dr. Hanna will speak informally of the work of his Council in New Rochelle.

At 6 p.m. there will be a "high tea" in the President's dining room, 3rd floor Waterman at which the officers and advisors of the three faith groups and the Burlington Church groups are expected.

## Chase Calls For Study Of Man Systematically

(Continued from page 1)

the field of social sciences which Chase cited were the research on national differences and the sampling theory. Research on national differences has resulted in finding that differences among the races of men are only superficial ones, and that races are truly equal. Despite the recent presidential campaign, Chase feels that the sampling theory has aided our understanding. He noted that one of the heads of one of the major polls has said that the election predictions may have set the business of the pollsters back five years, but it had advanced the science of sampling opinion by three years.

### Study of Man

The renewed study of man is necessary in order that one may size up the problems that are facing the world at the present time. New research is required since there is no historical event which can be paralleled to Hiroshima. This study should be in the field of the social sciences since the eclectic nature of the

delssohn Spinning Song and the popular Chopin Polonaise in A-flat major. One of the most outstanding features about the concert as a whole was that Mr. Serkin did not play down to his audience, but played at a magnificent level with a program to match. While not as obvious a concert as it could have been, it provided a far more rewarding experience for the extra work that the concert-goer was forced to use in listening.

field now includes economics, psychology, anthropology, etc. Chase deplored the action of the United States Congress, which resulted in "millions for the study of the atom, but not one cent for the study of man."

### Intellectual Adventure

Chase feels that we can never build "one world" on simply our own culture or that of the Russians. It must be based on a culture of universal ideas which are basic to all groups. He termed the extending of the boundaries of *Man* as the greatest intellectual adventure of our times.

## Campus Organizations Support WSSF Drive

(Continued from page 1)

women's dormitories. On Thursday evening, during dinner hours, Robinson Hall provided an "evening of music" to publicize the drive. The evenings entertainment consisted of several people playing songs and selections by artists, other than American, to bring home the fact that in helping the WSSF appeal, each might be helping a future Paderewski, Wagner, Chopin, to live.

Music was provided during cafeteria hours by the Outing Club through the use of Public Address System. The P. A. System was also set up outside of Waterman with music and special announcements broadcasted three times during the day. Dean Simpson delivered a message Thursday, at 9.50.

### Exams To Be Held At Vt. For Teachers

The American Council on Education has announced the tenth annual administration of its National Teacher Examinations at the University of Vermont on Saturday, February 19, and Saturday, February 26, 1949.

These examinations are administered for several reasons: 1) Four hundred school systems require the results of the examinations to be submitted with applications; 2) Many graduate schools of education require them for admissions purposes; 3) They are important to prospective teachers for self-appraisal purposes, helping in the analysis of the individuals' strong or weak points.

The examinations are conducted for the American Council on Education by the Educational Testing Service. Dr. Norman E. Lange, director of Student Personnel at Vermont, will serve as the UVM examiner. He points out that the Common Examination battery, consisting of general education and professional information tests, will be given on Feb. 19. Special examinations covering the subject matter to be taught will be administered on February 26.

Applicants for the Teacher Examinations should apply to Dr. Lange in person or by mail as soon as possible. No applications may be received after January 22, 1949.

### Directors Announce Holidays Will Commence With Formal Ball Feb. 24

Skitch Henderson is one of Hollywood's greatest "one-man packages," as far as the movies are concerned. Henderson, who divides his time between his regular appearances on Bing Crosby's air show, recording dates with Capital records, and dance dates for his orchestra, has been signed by Ben Bogea and Burgess Meredith for yeoman service in the Jimmy Stewart-Henry Fonda se-

quence of the episode, "A Miracle Can Happen." Also along with his movie interests, Skitch has made personal appearances at the following places: Hotel Pennsylvania, New York; Capital Theater, New York; Frank Daley's Meadowbrook, Cedar Grove, N. J.; Surf Club, Virginia Beach; Stevens Hotel, Chicago; and Casa Loma Ballroom, St. Louis. Over the air, he has appeared on

the following shows: Frank Sinatra Show, CBS; Bing Crosby Philco Program, NBC; and David Rose's California Melodies, CBS.

Today, Skitch Henderson ranks as one of our really great musicians and orchestra leaders. He will appear at the Kake Walk Ball on February 24, 1949 at the Memorial Auditorium.

### NANCY REED TO SING WITH ANDY ROBERTS

Vermont's own Kake Walk Holiday will commence this year with the Kake Walk Ball, to be held at Memorial Auditorium on Thursday, February 24, 1949. Instead of being a masquerade dance, the Directors have announced that this year's Kake Walk opener will be a formal ball. Couples will dance to the music of Skitch Henderson, famous pianist and band leader. Featured with Henderson are vocalists Nancy Reed and Andy Roberts. Wherever Skitch Henderson has appeared, he has been a sensational hit, which seems to guarantee the success of this year's Kake Walk Ball.

The sale of tickets for the Kake Walk Ball will begin at 8:30 a.m. on January 20, at the Bookstore in Waterman Building. The price is \$3.60 per couple. Since the number of tickets must be limited by the size of the auditorium dance floor, an early sell-out is expected.

There is some dispute whether Skitch Henderson is Hollywood's contribution to the band world or whether Radio via the Bing Crosby Philco Hour should claim him. Regardless, Skitch has become a phenomenally famous piano playing band leader and he has made all—including his native England, proud. When he began to study at Lords School of Music in England he wanted to be a concert pianist. It was very fortunate for American music lovers, however, that Skitch decided to come to the United States, thereby enabling him to come into contact with our own popular music.

Between vaudeville shows he embarked on a career of orchestra keyboarding which brought his remarkable piano stylings to practically every top-ranking orchestra and nation, including Glen Gray's Casa Loma Band, Skinnay Ennis, Tommy Dorsey, and Artie Shaw. Then

### New Camera Club To Hold Exhibition For Photographers

A new club has been formed on the UVM campus. It is the Camera Club. The Camera Club is strictly a professional organization consisting of CYNIC and Ariel staff photographers and all those who are interested in photography. The Club will take any pictures that University organizations may need besides those for the CYNIC and the Ariel. Through the Club, the publications photographers will combine their efforts for better pictures for the student body. Also unnecessary publications of the pictures will be avoided. Any camera enthusiast can learn a great deal from the experiences that the Club offers to its members.

The Club has just purchased a new  
(Continued on page 6)

### Outing Club Will Hold Ski Trip

Skiing and hiking plans for the rest of the year have been tentatively drawn up by the Outing Club outing committee. After exams are over the schedule will be in full swing and promises to be a varied and busy one.

Skiing on the Tear Drop and on any slopes or trails in the vicinity will be in order on February 13, when the club makes a Sunday trip to the Outing Club Cabin on Mt. Mansfield. On February 19 and 20, an overnight trip is planned to Taylor Lodge in Nebraska Notch. March 6, is the date of a ski trip to the ski bowl at Underhill where there is a tow, and supper will be in order at Comstocks. On March 13, a ski hike (and for the more cautious members, a snowshoe hike) is slated going to the west side of Mansfield. On the 26th and 27th of March an overnight trip to Bryant's on Bolton Mountain will squeeze in a little late winter skiing on Bolton's trails.

Planning far into the future, the committee has suggested a Sunday hike to French Camp on the Long Trail on April 24. An May 1, a party will be held at the cabin out at Mansfield to do spring cleaning and general rejuvenation of the cabin. They hope to have an overnight hike to the picturesque Butler Lodge on Mansfield on May 7 and 8. May 15, the next Sunday is the tentative  
(Continued on page 6)

### Doctor Stoehr Concert For WSSF Draws Plaudits From Student Critic

Professor Stoehr of St. Michael's College was the master of ceremonies at a recent recital held at the Fleming Museum Auditorium. The recital was sponsored by the Alpha Chi Omega Sorority for the benefit of WSSF. This is but one of the many activities being sponsored on the University campus for this worthy purpose.

Professor Shoehr, whose arrival from Europe a few years ago was such a sensation at the University, gave a marvelous performance at the recital which was

held January 13 at 8:00. The recital got off to an informal start with a series of three selections played by Professor Stoehr at the piano. These 18th Century pieces were of widely different types and at their conclusion an informal vote was held as to their popularity. The first was a Bach choral, "You Also Pray With Closed Lips." This was one of his few definitely melodic compositions. The second was a seculo-religious piece by Handel. It was definitely joyful, although religious, and reminded one of an Italian

painting with overblown, lymphatic, cherubin, flitting madly all over the landscape. The third, and incidentally, the winner, was a selection by Pergolesi. This composition was majestic, full of faith, sadness and a deep longing for eternity, but at the same time it expressed the nearness of the Italian to his God. It represented a walk to church under a blue Italian sky.

Mrs. I. Pappoutsakis was the second performer on the program. Her accom-

### To Voters and Successful Candidates

Today the newly-elected Executive Committee of UVM's Student Government is scheduled to have its first meeting. There are on it members of last year's Executive Committee who have moved to higher positions, but there are also many newcomers whose understanding of Student Government is likely to be less solid. Of these there will probably be those who feel they must make a showing the first day to establish their importance, and there will be those who let someone else do the talking until they see what the score is. Fortunately some of those silent observers will soon become oriented and help the veterans to provide the leadership the Executive Committee needs in working for the welfare of students at UVM.

### Publicity Problem

More publicity for Student Government activities appeared as a plank in several election platforms during early January, but this is not the first that has been said on the subject. The Constitution of UVM Students mentions in several places that minutes of meeting are to be printed in the CYNIC; the thought was repeated in meetings of the last Executive Committee, and yet the CYNIC has failed to print the minutes regularly. Nevertheless it has a defense—it is an exceptional thing for a legislative body to require a newspaper to print its minutes. Minutes, as such, are poor in news quality and frequently would take up space that should be allotted to good news stories. Furthermore, since the CYNIC is not a daily, minutes of Executive Committee meetings often appear after the next meeting.

There is an easy solution to this problem, however. If the Secretary of the UVM Students were to place a copy of the minutes on Student Government's new bulletin board in the lower hall of Waterman as soon as possible after each meeting, they would be available for everyone to read certainly no later than the next day. By adding an appropriate change in the Constitution to the amendments which have already been proposed, UVM Students can relieve the CYNIC of this unnecessary burden of printing minutes that are not written as news stories.

### Secretary or Not

Although Article V of the Constitution for UVM's Student Government states that the Secretary "shall be a sophomore at the time of election", it seems that the students have put a junior in the position. When the new Secretary of UVM Students (the official name for Student Government) came to Vermont in the fall, 1946, he registered as a member of the class of 1950. Again in the fall, 1948, the same young man registered as a member of the class of 1950, and thus he is listed in the Registrar's Office. A further check from the CYNIC Office revealed that in the office of his own Dean, J. E. Carrigan of the College of Agriculture, the new Student Government officer is also listed as a junior. However, for some reason he lacks a few credits, but according to the information from Dean Carrigan's Office, these can be made up before 1950. This all adds up to the fact that UVM Students have apparently elected a Secretary who cannot constitutionally serve, that is unless there are facts which the CYNIC failed to uncover. It can be hoped that there are, and if there are, they should be a good subject for a "Letter to the Editor," a shamefully scarce type of literature at UVM.

### Revision or Revolution

Several students circulated a petition to rush amendments through by having a mass meeting the Monday before elections, but the meeting could not be held because it was too late for proper publicity. Despite this fact, one of the backers of the hurry-up mass meeting went so far as to advocate throwing out the Constitution and adopting a new one, something he claimed any of the students could do any time.

That is a revolutionary idea in the literal sense of the word. The glory of constitutionalism (government under a constitution) is that it maintains flexibility by amendment while retaining a practical amount of stability. Unfortunately, during recent years, revision of the Constitution has not been kept abreast of the needs of Student Government. The members of last year's Executive Committee seemed to have been fed up with breaches of the Constitution which were excused just because they were practical. They felt that the Constitution should be amended properly to bring it up to date, and it looks as if these plans will be carried out, for the new President of UVM Students and the Executive Committee was a class representative last year and a member of the group that worked on constitutional revisions.

### Understanding Student Government

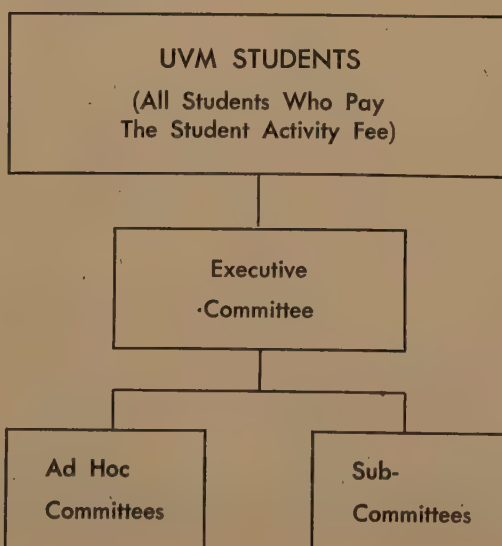

It is little wonder that the percentage of students who vote in a Student Government election at the University of Vermont is disgraceful. The terminology used to define the organs of Student Government and their operation have become so diverse that the average student rarely knows who are members of Student Government, whether there is a difference between the Executive Committee and the Executive Council, or what powers they have. In simple language the organization of Student Government at UVM is not hard to understand.

According to the Constitution of UVM Students, all students who pay the Student Activity Fee shall be voting members of the organization known as *UVM Students*. The Executive Committee (around campus often called the *Council*) consists of the president, vice-president, secretary, and treasurer, and the elected representatives from three classes (at present the classes of 1950, 1951, and 1952). The Executive Committee, or popularly the Executive Council, is required to meet at least once a week except during vacations. The Constitution provides for several sub-committees under the Executive Committee. They include the finance, social, pep, freshman orientation, and religious life committees, etc. Then there are *ad hoc* committees which are merely committees the Executive Council brings into being to handle special jobs such as the furnishing of the Waterman student lounge.

A mass meeting of the student body, or in terms of the Constitution, a meeting of UVM Students, may be called in any of four different ways. It may be called by the President of the University, the President of UVM Students, five or more members of the Executive Council, or by the petition of fifty or more students presented to the Council. "A notice of the time, place, and purpose of meetings shall be posted . . . and printed in the CYNIC at least one week in advance."

If this little bit of information on Student Government at UVM enables a few more students to understand Student Government meetings and activities, it will have been worth the money appropriated by the Executive Committee to have it printed. (The CYNIC is just one of the many ways in which the Executive Committee spends the Student Activity Fund.)

## STUDENT GOVERNMENT ORGANIZATION AT UVM

## The Whirl Outside

By Montone

STILL PLAYING—CONTINUOUS PERFORMANCES

## Letters to the Editor . . .

### To the Editor:

I would like to take this opportunity to thank the students of the University for the confidence placed in me by my election to the office of President of the Student Government. I shall endeavor to merit that confidence by doing all within my power to carry out the program outlined in my campaign.

The turn out at the polls was most gratifying, as it displayed the interest of the students in their governmental affairs. I hope that this interest will continue and grow during the coming year.

To those who worked so hard on my behalf, in the dorms, fraternity, sorority, and co-op houses; to those who made posters or distributed leaflets; to the Hemming Brothers whose singing commercials aided materially; and to my son, Jay, pictures of whose undraped chassis provided poster material, I extend my heartfelt thanks.

Sincerely,  
Ed Costello

### To the Editor:

Another WSSF drive is on. It seems to me very unfortunate that the committee in charge of the drive should have had recourse to what I might call "sensationalism" in order to urge faculty and student body to donate to the WSSF drive. I know for a fact that this so-called sensationalism has merely provoked antagonism towards the drive.

When a committee feels it has to appeal to purely exterior motives in the form of sensationalism in order to urge a group of individuals to donate funds towards a charitable cause, then something would seem to be wrong. If it is necessary to sponsor an international dance, where students will wear the costumes of various foreign countries; if it is necessary to go about campus and wear ragged and tattered clothes; if it is necessary to write to the CYNIC such things as (I don't remember the exact wording): "imagine having to take finals in a cold hall; no paper or ink to write with, etc."; if all of these are necessary, we might as well forget the drive or examine the situation.

We sometimes forget that life is made up of higher motives, and not necessarily of exterior, tangible motives. We likewise forget that it is not what we do but how we do it that counts. One thing we never forget, and that is to forever ask "why." Yes, *why* should I contribute to WSSF; *why* should I give to any charitable cause? The answer to our own question will be colored by our acceptance or refusal of such things as higher motives which govern our attitude on life in general. If we merely look upon a contribution to WSSF as a contribution to foreign students who wear tattered and torn clothes and who must take finals in a cold, unheated classroom, our reaction is bound to be casual and even indifferent. We must be tempted to say, never mind the clothes or the lack of heat; it's the exam that counts; or a typical reaction might be the following one: Why should I worry about them (foreign students); there are many American students who are in similar or even worse conditions. A contribution to WSSF is not a tangible one because it primarily benefits those far removed from us, but if we look upon such a contribution as benefiting part of suffering humanity, then we have ceased to be sensational, and our action has been prompted by a higher motive.

We are actually living in a highly specialized age which has produced sensational things: atom bombs, jet planes, etc. Whether we like to admit it or not, we are products of our age. It is often extremely difficult for us to assume a practical philosophy of life; college and university groups have not escaped the influence of the age. A good liberal college education should teach us practical standards of living; it should likewise teach us to differentiate between higher motives and the purely exterior or sensational. We might eventually succeed in prompting others to worthy causes, such as a WSSF drive, without having recourse to sensationalism.

AMBROSE A. SAINDON,  
Instructor, UVM.

## Doctor Stoehr

(Continued from page 1)

panist was Professor Stoehr, and for her first selection, she played Bach's "Suite in B Minor" on the flute, followed by the Minuet from Bizet's "L'Arlesienne Suite," both of which were sylvan in character.

Doctor Raab of Burlington was the violin soloist of the next section of the program. He played a Christmas carol from Doctor Stoehr's Christmas Cantata. This cantata was performed at the Ira Allen Chapel a few years ago, directly after Doctor Stoehr's arrival at the University. With such genius so near our campus it should be performed again soon. Doctor Raab's second selection was "Farewell to Summer" also by Doctor Stoehr. This piece expressed all the nostalgia connected with the passing of that season and one could almost imagine solitary color leaves blowing down a long lane of poplars. Doctor Raab played for the last of his selections, "On the Peak of Mount Mansfield" written also by Professor Stoehr. The climactic effect achieved towards the end of this piece is extremely striking, and brings the composition to a sudden and titanic close.

One of Professor Stoehr's most obvious traits is his Romanticism. In this age of modernistic art, sculpture, architecture and music such a departure from normalcy is indeed refreshing. His next solo piece expressed some of this Romanticism. "Dedication" has all the simplicity of a child offering a garland of flowers to the Virgin or the passion-less surrender of a young girl to her lover. One of the most controversial pieces which Doctor Stoehr

## WSSF

(Continued from page 1)

turned in yet. The drive was far behind its goal on January 14 but the WSSF dance had not yet been held. When the final WSSF penny is turned in, the fund leaders hope that Vermont will have at least approached its goal of \$5,000.

About 200 townspeople, students and faculty members attended the concert held January 13 in Fleming Museum, sponsored by Alpha Chi Omega. Eighty dollars was collected for the benefit of

has written is his "March of the Nazis through Vienna." This was actually written during the five days that Doctor Stoehr and his family lived through that event. His next number, "The Woods of Vermont in the Morning" was also dedicated to his adopted state. As a final selection, Professor Stoehr played the second movement from his piano concerto.

After the intermission, during which the Alpha Chi Omega Sorority served refreshments in galleries A and B upstairs, Barbara Beals '50, played "Impromptu" by Schubert and Doctor Stoehr's "Ballade." This was its first public performance. Although it was written in the romantic style it had a definitely modern ending. Her encore was the "Butterfly" by Grieg.

The program closed with a medley of old and new selections by Doctor Stoehr and Doctor Raab, which included a passage for whistling which gave the final "fillip" to a completely charming evening.

WSSF. Dr. Richard Stoehr introduced each selection on the program of the informal concert.

The raffle for a cake, conducted by the Health Council at the VIP campaign dance, amassed twelve dollars for WSSF, Jo Campbell who was chairman of the raffle, has announced.

The WAA-sponsored Co-recreational Night earned ten more dollars than was first reported, making the total contributed to WSSF by WAA \$30.

Thursday night Robinson Hall provided piano music during the two dinner shifts to remind the girls that money contributed to WSSF may provide an education for another Chopin, Bach, or Beethoven. Mrs. Florence Weld, housemother of Coolidge, Martha Atwood, Mary Segale, and Ruth Sittig were the musicians. Polly McMurdo was chairman of the arrangements. Gladys Neiburg made the announcements.

The Sophomore Aides who paraded in Waterman as WSSF animate posters January 12 and 13: as Indians, Suzette Levine, Anita Swasey; as Dutch girls, Shirley Dennis, Jean Hard, Norma Hale, Nancy McKee; as Russians, Jean Austin, Jocelyn Chutter; as Chinese, Esther Thomas, Betty Kerin; as Hungarian, Marilyn Fairman. Marilyn was chairman of the publicity stunt for WSSF.

January 11, Alpha Epsilon Phi made \$28 for WSSF by selling apples in the student lounge, Adele Kaye, president of AEP, has announced.

In the spring, on March 13, Kappa Alpha Theta will hold its annual spaghetti supper, the proceeds of which will be donated to WSSF.

## WSGA Nominations To Be Presented To Student Body

On February 25, the nominations for the 1949-50 officers of the Women's Student Government Association Council are to be presented to the Student body. According to the Constitution of the Association the senior members of the present Council are requested to draw up a slate of nominations. This will be done.

There is another clause in the Constitution which gives every woman the right to draw up a petition for any person she considers a qualified candidate for any office. This petition must be signed by 100 members of W.S.G.A. and presented to the President on or before February 11. No formal printed form is necessary for the petition. A list of the officers will be found on page 5 of the Handbook. The powers and duties of these officers are found on page 10.

I would like to urge you once again to make use of the privilege you have and present your own candidates to the Council that they may be given consideration for next year.

Kathy Eaton, President  
W.S.G.A.

## KAKE WALK BALL TO OPEN HOLIDAY

(Continued from page 1)

he created a sensation in Hollywood and did an endless amount of musical work in pictures. Radio beckoned and he performed in featured spot on such airshows as Pepsodent and Dave Rose's California melodies. When war broke out, he was dividing his time between guest appearances and his duties as house conductor and pianist for NBC in Hollywood.

When Skitch returned to civilian life after serving in the air corps, he picked up his career where he'd left it. Frank Sinatra invited him to make one guest appearance a month on his network show. When Axel Stordahl, musical director of the Sinatra show, became ill, Skitch took his place and was on his way. Capital Records asked him to organize his own orchestra and signed him to a recording contract. His first records—"Cynthia's in Love," "Dreamland Rendezvous," and "Five Minutes More"—hadn't hit the music stands before he was signed to a regular featured spot with Bing Crosby on Bing's much-discussed 611-station transcribed program.

In his music, Skitch leans heavily to the modern French school and such composers as Ravel and Debussy. He feels that the trend is slowly veering from the frantic and raucous in dance music to the kind of music folks can keep time to without perspiring.

Skitch stands six feet one and weighs 180 pounds. He has green eyes and wavy blonde hair, and he is single! His hobbies are sailing, skiing, and flying.

## CAMPUS CAPERS... LAFF 'N LEARN

**BUILD YOUR VOCABULARY**

**FORENSIC** — Pertaining to public debate.

**DEMOSTHENEAN** — Like Demosthenes, famous old Greek orator who could really "send" his hearers.

**PERADVENTURE** — Possibility of failure.

**PERORATION** — Grand finale of a prepared speech.

**IRREFRAGABILITY** — Power of enduring beyond disproof.

**CATAclysmic** — Disastrous.

**CIGARETTE HANGOVER** — That stale, smoked-out taste; that tight, dry feeling in your throat due to smoking.

**MELLIFLUOUS** — Smoothly-flowing.

**EPIDEICTIC** — Pleasurably impressive.

# Sports Slants

By Vic Murdock

Tonight's basketball game between Middlebury and Vermont should prove to be one of the most exciting thus far this season. At present the Panthers and the Catamounts are in a dead-lock for the mythical Vermont Conference Basketball Championship, each with two wins and no defeats. Both schools have registered wins over Norwich and St. Michael's. Middlebury's surprising victory over the Purple Knights last Saturday by 55 to 52 is an indication that the Panthers are not to be scoffed at. The Panthers will give the Green and Gold trouble, but "Fuzzy" Evans' well coached quintet is tough to beat on its home court.

A fine idea was brought forth by that editorial in last week's CYNIC in regard to rewarding the members of the football team, who have been contributing so much in the last three years. The possibility of meeting a southern school in a post season game has its merits, but is it feasible that the administration would approve of such a proposal? It is certain that some sort of a "Graduation present" should be bestowed. Let's leave it up to the players themselves by requesting them to write to the "Sports Editor," Vermont CYNIC, Waterman Building. When enough replies have been received we will print the most frequent desires and then do all we can to help carry them out. When I read this article it brought to mind a practice session I watched last fall. Late in the afternoon when everyone else was studying(?) or sleeping, the boys were out knocking each other apart, hitting the tackling dummy, and using up pounds of energy in the process. I thought to myself, "Why don't they at least provide a

# Interfraternity Basketball Begins

## Kappa Sigs Win Three Straight In League 'A' Sig Nu and Delts Tie

The Kappa Sigs are burning up League A in the interfraternity basketball loop with three wins against no losses. They made it three in a row by defeating the Phi Sigs, 31-26; Lambda Iota, 30-18; and TEP, 28-22. In the first game Hurler with 11 points was high for the winners while Golberg with nine was high man for the Phi Sigs. Rice of the Owls had four and Lewkowicz nine, for the Kappa Sigs in the second contest. Saturday, Vescovi and Bachelder caged six apiece to spearhead the Kappa Sigs attack. Irwin tossed in eight for the losers.

In other games Saturday ATO squeezed by previously unbeaten Delta Psi 34-33. Fallon led the winners with 17 points while the league's high scorer, Ralph Kehoe, was held to six for Delta Psi. The Phi Sigs moved into a second place tie by defeating Sigma Phi 32-29. Goldberg again was high with 15 and Nostrand of Sig Phi caged 13 points. In the only other game of the day, Sigma Nu rolled over Phi Delta Theta 35-19.

training table for the amount of hard work they put in each day?" As a proposal, a training table next fall would probably satisfy the majority of the players. But the Yankee Conference prohibits both post season games and training tables . . . so, what would you like fellows, besides a degree and a new lease on life?

Hrychiewicz threw in 11 for Sig Nu and Chuck Smith contributed eight of Phi Delt's total 19.

### AGGIE CLUB

The club's first meeting of the new year was held Wednesday, January 5, at the Old Brick Barn. About 35 members braved the slush and rain in order to hear Arthur Packard, President of the Farm Bureau. Mr. Packard, however, was ill in the hospital and unable to attend. The main business of the evening was the revamping of the Dean Hills Sugar Party. Following the business meeting, refreshments were served. Regular meetings of the Aggie Club are on the first Wednesday of each month.

# Evansmen Split Two Games In Northern New York Trip

## St. Lawrence Defeats Catamounts By 55-53, Late Drive Fails; Livingston Paces Vermont Five In Thrilling 62-61 Win Over Clarkson

By Art Heald

The perennially ill-fated northern New York basketball trip once again cast its ominous shadow on the invading Evansmen last week-end, as the Green and Gold hoopsters eked out a narrow but hard-earned split, dropping a heartbreaker to St. Lawrence 55-53 Friday night, and squeezing by Clarkson Saturday afternoon 62-61.

### St. Lawrence 55—U. V. M. 53

In the curtain raiser at Canton, the Larries rolled up a tremendous 19-1 lead after eight minutes of play had elapsed. The Catamounts were thoroughly baffled by the whirlwind opening attack of the home team. Until Art Collier looped three quick goals, the Green and Gold were unable to dent the Scarlet close-checking defense.

Trailing 30-17 at the mid point, the Evansmen, spurred on by the pep talk of Fuzzy Evans, really started to roll in the second half. With Kotlarczyk and Galli showing the way, the tribe trailed 35-29 with ten minutes to go. The strain of the game's tempo began to take its toll on the Evansmen as Livingston, Kotlarczyk and Pierce hit the sidelines via the foul route. With 80 seconds remaining, Collier climaxed the long uphill fight by tallying from the bucket to deadlock the game at 53 all. Slim Elmslie, giant high-scoring Larry center, then salted the game away by flicking in a neat set shot from the corner for the game's winning markers. After the Cats failed to come through on their next scoring attempt, the St. Lawrence quintet froze the ball successfully to seal tight the verdict.

### U. V. M. 62—Clarkson 61

In the Saturday afternoon contest at Potsdam, the Catamounts paced by Hammy Livingston, salvaged a 62-61 decision over an underrated Clarkson Tech quintet. The close nip and tuck contest had all the aspects of a thriller from start to finish. The Techmen jumped off to a short lived 4-1 lead but the charges of Coach Evans were not to be denied. With Livingston setting a torrid pace, the Cats fought the Engineers on even terms throughout the first half, registering a 31-30 halftime lead.

Spurred on by the defense play of Bob French, the Evansmen pushed into a 55-52 lead with four minutes left to play, in spite of the Herculean efforts of Buck Lesko. In the closing minutes, the tempo was terrific as each side tried desperately to pull out in front. Two tricky goals by Al Niemann were offset by a pair of rebounds by Lesko to give the Techmen a 61-59 lead. Galli's long field tied the game and set the stage for Niemann's game clinching foul counter. With three seconds remaining, a desperation jump shot by Jim Holcombe from the foul circle slid off the rim to slam tight the UVM decision.

### Sideline Highlights

Al Niemann's steady playing in both games deserve praiseworthy attention. . . . O'Rourke and Lawrence held Hammy and Eddie scoreless during the first half at Canton. . . . Livingston's long field goal with one second remaining before intermission at Potsdam was really an important basket. . . . The dazzling play of Kotlarczyk drew a great round of applause from the "Larry" fans. . . . The forward wall of the Techmen was comprised of three towering giants—the Larries were no midgets either. . . . Hats off to our boys with the never-say-die spirit—both games were great to see!

PICTURES—ARTISTS' MATERIALS  
205 COLLEGE ST.

## Thompson Loses; Miller, Hinkley First Test Thurs.

The 1949 Vermont Golden Gloves tournament opened last Thursday night in Memorial Auditorium with 18 free-swing bouts. In collegiate competition, Coach Bill Piscione's St. Michael's leather pushers scored three decisive wins. Single entrants on the first week's card from Vermont and Middlebury lost via the knockout route.

In the first bout of the evening, Jack Daly of St. Mike's beat John Quinn of Waterbury in the 126-pound class. The All-State halfback put Quinn away in the second round.

Sam Donnellon of Middlebury, fighting at 145 was KO'd by Roland Towle of Richford in the third round of what was easily the most exciting go of the entire card. At the bell for the third round, both boys were out on their feet. It was evident that whoever connected first would win. Towle beat the Middlebury lad to the punch.

In the 160-pound class, Jerry Finn of the Purple took Bill Trayah of Essex of a technical knockout in the third.

The lone Vermont contestant, 155-pound

Frank Thompson lost to Harry Young of St. Mike's. Young was the best looking 160-pounder to appear in these preliminaries, and though Thompson made a fight of it for the first round, the fast-stepping Michaelman knocked him out in 45 seconds of the second.

Tomorrow night, UVM will be represented by two members of Shorty Cote's squad. Tommy Miller will be in the 155-pound bouts, and big Dave Hinkley will make the first defense of his heavy-weight crown.

With the entire St. Mike's team back for another night of action, and the presence of a heavyweight from Middlebury, these Golden Gloves bouts at 8.00 p.m. tomorrow promise a lot of rivalry between the three state colleges.

## Kake Walk Regal Campaigns Open

### Committees Map Out Preparation Plans As Gala Ball Nears

With a roll of drums and a trumpet fanfare at 9.45 p.m., February 24, the King and Queen of the 1949 Kake Walk will be ushered onto the dance floor of Memorial Auditorium by their attendants at the Kake Walk Ball. The Vermont royalty will reign on a throne decorated with a recently-designed Kake Walk seal, it was announced by Bob Herriott, chairman of the auditorium committee. The green and gold seal on the back of the throne will be composed of a crown, a cake, a scepter, and crossed skis.

Three "Storms of Color" and Skitch Henderson's music will provide the vital "dreamy atmosphere" for the Ball. The "Storms of Color," which will hang from the ceiling, are large spheres covered with multiple mirrors which revolve while colored spotlights are focused on them. They will shoot darts of soft lights at the dancing couples. Skitch Henderson and his piano, his orchestra, and vocalists Nancy Reed and Andy Roberts are the Ball music makers who come to UVM directly from regular appearances on Bing Crosby's radio show, recording dates for Capitol records, and the movie "A Miracle Can Happen."

On the walls of the auditorium will hang banners from UVM fraternities. Green and white streamers will criss-cross over the dancers' heads as the orchestra plays from a white band shell. On the back of the white sounding board will appear "2nd Kake Walk UVM" in green letters. A Kake Walker will strut on each side of the drawn stage curtains. A red plush carpet will lead up to the canopied throne, which will be draped in red velvet in contrast to its white background.

Pres. and Mrs. John Millis, Miss Mary Jean Simpson, Dean of Women, Treasurer Proctor H. Page, and Assistant Registrar F. N. Hamblin, will be chaperones.

Ronald J. D'Elia will be in charge of the coat checking concession, and the soft drink concession will be operated by Charles Traverse and William Carpenter. A concession booth in the lobby, records of "Cotton Babes" will be sold by members of the UVM Band. Proceeds from the sale of these records is to be used for the purchase of uniforms for the band.

Bob Herriott, who is chairman of the Auditorium Committee, is being helped by Stan Brown on decorations, and Bob Moore and Joyce Rolfe in setting up the throne.

### KAKE WALK DUCATS NEARLY SOLD OUT TO U. V. M. STUDENTS

Three-fourths of the tickets to Kake Walk next Friday and Saturday nights and approximately five hundred ball tickets have been sold to UVM students alone. Tickets have been on sale since Sunday, February 13. For three days, last Sunday, Monday, and Tuesday, the students were given their chance to purchase tickets before they were put on sale for the general public.

Tickets may still be obtained and will be on sale at Hayes and Carney on Church St., downtown, until next Wednesday. There are Saturday night balcony seats and a sizable number of good Friday night seats still available.

Tickets to the Kake Walk Ball are going rapidly, Ben Schwyer, ticket chairman of Kake Walk has announced. Balcony seats to the ball are being sold at sixty cents to those who do not wish to dance.

### ROYALTY ASPIRANTS

LYNN DAVIS

BOB FRENCH

ANN O'DONNELL

MARGIE LESUEUR

DUNC McLAREN

SUE LEVINE

### Campus Turns Into Battleground As Six Vie For Top Honors

Campaigns for Kake Walk King and Queen opened at midnight last night after the candidates had been presented at the WAA sponsored Pops Night Penny Carnival at Southwick Memorial. Four sororities presented the beauties who will vie for the royal crown of the 1949 Kake Walk Queen: Suzette Levine, Alpha Epsilon Phi; Lynn Davis, Alpha Chi Omega; Ann O'Donnell, Delta Delta Delta; Margie Le Sueur, Pi Beta Phi. Two fraternities have put up candidates for the regal honor of reigning over the 1949 Kake Walk. The potential scepter-wielders are Bob French, Kappa Sigma, and Dunc McLaren, Sigma Uu.

This ratio of four Queen candidates and two King candidates is a change from the past two years when there were three candidates for Queen and four for King.

#### Lynn Davis

Lynn Davis is a senior whose home town is Bridgewater, Vermont. Lynn is majoring in Secondary Education. She has been active in WAA clubs and council, YMCA, Dramatic Club and Spanish Club. Last year Lynn starred in "My Sister Eileen" as Eileen. She was a member of the staff of the '49 Ariel and is president of Alpha Chi Omega. Lynn was also a member of both the Sophomore Aides and Staff and Sandal.

#### Ann O'Donnell

Ann O'Donnell—friendly, blue-eyed colleen—comes to our campus from Northampton, Massachusetts.

Although a history major in the class of 1949, Ann's interests while at the University of Vermont have not all been of an academic nature. You have probably seen her schussing down the nearby ski slopes, swimming or playing tennis. Like the all around college girl, she loves sports and has been active in WAA.

Ann is an intricate part of Delta Delta Delta; she has held positions as Pan-Hel representative, secretary and social activities chairman.

She is friendly, lovely and charming—a Perfect Queen.

(Continued on page 16)

### Skiing Busses Leave For Underhill Bowl This Friday Night

A ski party at the Underhill Ski Bowl February 25 for students who go to Kake Walk next Saturday night and are looking for something to do Friday night has been announced by the Kake Walk Directors. Free transportation and use of the ski tow will be available to all students upon presentation of a student activity card.

Buses will leave the Waterman Building at 6.30 Friday night and carry students to Underhill, where they will be able to ski with free use of the tow for about three hours. On the return trip the buses will leave Underhill at 10.30 p.m. thereby arriving in Burlington at about 11.30 p.m.

Since Kake Walk expanded to two nights of skits and walking, University of Vermont students who attended the Ball Thursday night and Kake Walk Saturday night found that Friday night with nothing planned was an awkward gap in the festivities. By chartering buses and renting the ski tow at the Underhill Ski Bowl, the Kake Walk Directors hope to alleviate this problem and sustain the gay spirit of Kake Walk throughout the entire holiday.

Ski party arrangements have been handled by Reg Linsenmeir for the Kake Walk Directors.

### CYNIC VIEWS COMING EVENTS

### Ten Greek Letter Fraternities Enter Walkin' fo' de Kake

The Kake Walk Directors have received from ten fraternities the names of the men who will participate in "Walkin' fo' de Kake" at Memorial Auditorium next Friday and Saturday nights. The twenty black-faced strutters are Bob Fallon and Don Brown, Alpha Tau Omega; Bob "Barney" Ross and Charlie Gates, Delta Psi; Bill French and Luther Bayley, Kappa Sigma; Wendy Parker and Fred Luce, Lambda Iota; Rod Smith and Dan Burke, Phi Delta Theta; Gil Edesiton and Morton Kaufman, Phi Sigma Delta; Marshall Sabens and Jim Carter, Sigma Alpha Epsilon; Bill Reid and Tom Snelson, Sigma Nu; George Brigham and Brendan Boylan, Sigma Phi; Norbert Freid and Larry Gollump, Tau Epsilon Phi.

It is expected by many that the Phi Delt walkers, Rod Smith and Dan Burke, who won last year, will put on another smooth performance this year and that the efforts of the other walkers to take the cup away from them will add plenty of spirit to the walking. Another prize winner who will be in the competition Friday and Saturday nights is George Brigham of Sigma Phi who was in the second place team last year.

"Walkin' fo' de Kake" is considered by many students and alumni to be the most thrilling spectacle at UVM. Memories linger on of the nights when the strains of "Cotton Babes" ring through the Auditorium and walkers lean back and go into their graceful, high-stepping routine.

### DRAMATICS CLUB PLANS NEW POETRY READING FESTIVAL

The UVM Dramatics Club, through a committee of R. H. Humphrey, Miss Eleanor Luse of the Speech Department, Prof. B. B. Wainwright of the English Department, Leonard Tomat and Gladys E. Neiburg, (committee chairman) of the Dramatics Club have completed plans for the first Poetry Reading Festival on the University of Vermont Campus.

This festival, which is open to members of the student body, the faculty, and the administration will be held at Southwick, 8.00 o'clock, Friday evening, March 11th. A social hour of refreshments and informal discussion will follow the reading hour.

The readings, which will include lyrics, dramatic monologues, and narrative poems are limited from six to ten minutes each. Any one interested in reading is requested to fill out an entry blank and leave it in the Poetry Reading Box in the University Book Store not later than February 28th, in order that a well balanced, well rounded program may be arranged by the committee. Pamphlets and entry blanks will be distributed through the various departments, and will also be available in the CYNIC office.

Mr. Humphrey will be glad to help anyone in the selection and preparation of material for this Festival.

## Kake Walk Hopefuls Pledge Era Of Unprecedented Social Reform

With the advent of the long-awaited-for 1949 Kake Walk king and queen campaigns, the six aspirants for the highest campus social honor have submitted their platforms for the CYNIC readers. All candidates have solemnly pledged that their promises will be fulfilled if the scepter of royalty rests in their hands on inauguration day.

Lynn Davis

Being aware of the numerous difficulties confronting all UVM students, and having their welfare at heart, lovely Lynn Davis modestly proposes the following innovations:

1. Twelve inches of unmeltable snow guaranteed every year for the ice sculptures, and electrically heated mittens for the poor freezing architects.
2. Automatic page flippers to get through long assignments, or one capsule of peppermint-flavored arsenic for every professor who dares to give them.
3. For the girls: helicopter service between Redstone and Waterman, and for the hazardous trek to East Hall, luxurious air-conditioned kayaks complete with outboard motors.
4. For the boys: G.I. allotments doubled, unlimited credit at the local bank, and a 1949 convertible for all who make an average of 55.832 or above for the semester.

Margie Le Sueur

The hope of the centuries is about to be fulfilled. A new era is about to begin; men are at last to find the prophecy of the ages embodied before their very eyes—the Kake Walk Queen, whose beauty has been anticipated since the beginning of the written word, has at last appeared. We're proud to present to this school the girl to represent this university at its greatest winter week-end. You have noticed her. You have seen her on the campus. Meet Margie Le Sueur. She's the Queen for you.

Tradition has pictured her; the great immortals have described her. What they have said, you will soon be saying about Margie, your 1949 Kake Walk Queen:

- "Only this and nothing more."—Poe  
 "All her acts are Queen's..."—Shakespeare.  
 "A thing of beauty is a joy forever."—Keats.  
 "Milton, thou shouldst be living at this hour!"—Wordsworth.  
 "The greatest good for the greatest number."—Bentham.  
 "A jug of Wine, a Loaf of Bread and Thou."—Omer Khayyam.  
 "Qui, Quae, pod?"—Cicero.  
 (Why, Margie, of course!!)

Sue Levine

Sue presents revolutionary reforms to replace outmoded UVM traditions—These dynamic changes, now behold; As this, her story, she unfolds!

1. Televised lectures over sets available in every room. All 8, 9, and 10 o'clock classes to be received in bed!
2. Chair lifts continuously running from dorms to all points on campus.
3. A petition by any two "Regularly Enrolled" UVM students can abolish any classes, which would then be replaced by a course in Scotch and Sofa.
4. Windshield wipers for all students who enter lectures optimistically, to prevent their leaving misty-optically!
5. A supply of credit hours to be maintained for those Seniors who are deficient.
6. Ten supersize electric fans to cool things off a bit in the lounge.
7. Mara Warner and Robert Mitchum to chaperone all UVM social affairs.
8. For all men's dorms—hot and cold running chambermaids.
9. To the Faculty would be brought immediate Federal Aid.
10. For all UVM male students—one touch of Venus—but that's all! For these reforms, keep this in mind! Sue's your find for forty-nine, Forever reign and always shine!

Ann O'Donnell

"As true as the heart of a blue-eyed colleen  
 Are the promises Ann makes as your future queen."

1. Lectures broadcast over television to all bars, especially the Mill Cafe and Bove's

2. Twenty carloads of base and ten of powder transported from Colorado to Mansfield, and a duplicate order to the Country Club so that John Howard won't have to worry about what movie he will show his skiers next.
3. More home basketball games so that the co-eds may have greater opportunity to gaze fondly on Ed Kotlarczyk.
4. Gum dispensers strategically located at the entrances of all girls' dorms to guard against halitosis.
5. "Tropical nectar" flowing freely from the fountain in the middle of the campus.
6. Free airplane tickets for extended weekends to anywhere in the universe—itineraries recommended for all faculty members gratis.
7. All house mothers deported by slow boat to the salt mines of Siberia for a tea Kake Walk week-end.

But it is impossible, of course, for me to promise an over-night transformation of the UVM campus into a Utopia so all I can hope and wish for is a wonderful, a terrific, a merry, and a happy Kake Walk, a never-to-be-forgotten Kake Walk where I can see that cute little Freshman dancing with the man of her dreams, a Kake Walk with the alums back comparing our Kake Walk most favorably to their own of yesteryear; in other words, a Kake Walk where we could say for years to come that a good time was had by all.

Bob French

If I am elected I will promise:

1. To have snow every Friday for the week-end skiers (even in July).
2. To have Oh Henry bars distributed to every one who has to sweat out the cafeteria chow lines. This will enable students to partake of enough energy to reach the door without buckling their knees.
3. To have a shuttle bus from Redstone Campus to Waterman, which would enable the girls to get out of bed and into class without even opening their eyes.
4. To have a special class for boys with proper instructions as to the procedure for holding open the main doors of Waterman for the girls.
5. A special class for girls to let them know "who's dating whom" without going to the first movie at the Flynn Sunday night.
6. To have "half hour" exams for people who go to class half as much.
7. To blacken out the light in front of Coolidge Hall to help the self-conscious lovers.
8. To make Kake Walk this year the best ever for all concerned.

Duncan McLaren

Duncan McLaren as candidate for Kake Walk King, has the formula for serene student life embodied in his collection of platform planks.

For peace in '49 Dunc advocates universal adoption of Smelt Fishing Derbies for the settlement of international problems.

For the gals—Dunc stumps for unlimited nights out, a Hollywood date bureau and free taxi service to and from classes.

For the skiers Dunc declares, "Let there be snow!"

For the married men—duplex apartments with servants and free baby sitters.

For all students—free stenographic records of all lectures and an exam taking service.

For Cafe Society—In keeping with his new reign, Dunc has made exclusive arrangements with Phil Melanson to take over the Mill Cafe for student use of all facilities. Also meal and beer chits to Boves and the Deep Six.

For the intelligentsia—no eight o'clock classes, no classes before noon, in fact no classes except on alternating first Mondays of the month.

For Veterans—Monthly checks every week.

## Dave Wheeler Tells Of Swedish College Life In Letter Home

(ED. NOTE: Because this letter to President Millis from Dave Wheeler, UVM exchange student at the University of Uppsala, contains a very interesting and personal account of life in the Swedish institute, the CYNIC reprints it for the enjoyment of all.)

Uppsala, Sweden  
 16 January, 1949

President J. S. Millis  
 University of Vermont

Dear sir:

Letter-writing being one of my poorer qualifications for any thing, I can offer no apologies for not sooner reporting on my activities. Nevertheless, this letter has lain on my conscience for a long time.<sup>1</sup> Now at this advanced date, permit me to so inform you and to make amends for past silence!

As you no doubt very well recall, before I came here we wondered much about what Uppsala University would be like and how an American student would make out here. I am now in a position to know the answers to each of these questions but to answer only the second. What can I say about the first? It is different, much more different than I ever thought. It is a university; there are professors; there are students. There the resemblance ends. When I had been here for a month, I thought that there was no system. Now that I have been here 6 months, I realize that there is a system. It would take many more months than I have to know the system. So I hesitate to say much about this. Nevertheless, I shall offer some observations and impressions. Shall I start in a chronological order, relating facts in the order I discovered them? Very well then, the first day here I asked, "where is the university?" The university? What part of it? There is no campus; the various offices, departments and buildings are scattered all over this city of 40,000. In pursuing my study of geology, for example, I have occasion to go from my quarters 10 minutes by foot to the Paleontology building, 15 minutes to the Morphology, 20 minutes to the library, 30 minutes to the Mineralogy—all in different directions, I might add. "When do classes start," I asked. What classes will you attend, I was asked in turn. The session begins the 15th of September but most of the students won't be here until the first of October. As for when particular lectures will be held, consult the bulletin to see what lectures will be given and then watch the paper to see when they will start and how long they will last.

"Well then, when and how do I register?" Oh, any time, is the answer. Just join a Nation (something like Fraternity) and you are automatically enrolled in the university. This is one reason, I might add, why the administrative offices of the president for the whole university are perhaps only 3 times the size of your own personal office, sir! One may join a Nation at any time of the year, but the process of joining involves at least a month.

So you may well imagine that, in the beginning, I had my doubts. Being a poor foreigner, people were very helpful and considerate to me. But the Swedish student, on the other hand, has to learn his way about for himself. One usually spends the first year here in learning what and how to do, and follows that up with 5, 6, or even 7 more years of study. They have here what they call "free studies." There are no curricula; there are no courses—just study what you will. This system lends itself admirably to graduate study but it does pose difficulties for the undergraduate.

I shall not attempt to say much about student life in this letter, for I don't believe that I am yet able to reduce my observations to a coherent statement. Perhaps the key is to be found in the standard question "And what are you reading?" when one wants to know what you may be studying. University study here consists mainly of reading. For each subject, there is a reading list published, and the prerequisite books are listed for each degree. Attendance at lectures is optional. The student applies himself to the reading list and, when he

<sup>1</sup>These two sentences are now well established as a gambit for all my letters!

(Continued on page 16)

## The Unappreciated

Pictured above (from left to right) are five of Vermont's cheerleaders, whose efforts to rally student support at the basketball games usually goes unappreciated. Reg Rider, Gene Gardman, Larry Gardner, Ron Ross, and Elly Hayslip. Ron Linton, Dick Lyon and Jim Merrill were absent when this photo was taken. A feature story will appear in next week's CYNIC.

## Students Are Passing Up Valuable Opportunity To Study Russian

Students are passing up a valuable opportunity by neglecting UVM's courses in the Russian language, according to D. G. Christian, who expressed his views at the International Relations Club luncheon held prior to examinations.

Christian, now a senior, told the group he had been one of the first to request that Russian be taught here, having done so as early as 1946. He was gratified when, in September, 1947, Dr. Sumner Willard, late of West Point's faculty, arrived at UVM and organized the first class in the language.

Ten students—ranging from sophomore to senior—completed the first year's instruction. All did well; said Christian. There were no failures; in fact marks were generally high. Christian emphasized that the language is by no means "impossible," as so many apparently believe. Though one of the more difficult of the Occidental tongues, the student absorbs it with scarcely more effort than he might apply to another language, because the pace of instruction is geared to match his daily capacity; he is not expected to attain the same level of proficiency after a year of Russian that is expected after a year of most other languages.

A Summer course covering a year's work was taught by Dr. Willard in 1948, and will be offered again in 1949.

Beginning with the current academic year, Dr. Willard has been conducting a second-year course, as well as the elementary course. This means that UVM students can now fulfill their language requirement by taking two years of Russian.

"But," said Christian, "there are only three of us enrolled in second-year Russian. That's because we lost so many of the original group through graduation last June." He went on to say that he felt the very existence of the course might be jeopardized if such a small enrollment is repeated next fall. He appealed to IRC members to consider the

value of the language—whether as a tool of peace or war—and to take advantage of the chance to enroll in either the summer or fall course.

In a later interview, Christian stressed the fact that the former restriction of "juniors and seniors only" has been relaxed. One freshman (Hoel B. Parkyn) is in the current elementary class, he said. Those now contemplating Russian should secure early clearance with Dr. Willard, whose office is at 229 Waterman.

"Russian was introduced here at UVM because it was felt to be a subject of vital importance for our time. And it is; for the facts!" he concluded.

## VERMONT FORUMS NAMES TRUSTEES FOR NEXT YEAR

Robert H. Kroepsch, Dean of Administration, and Edward J. Costello '51, president of Student Government were elected as trustees of Vermont Forums at the annual election meeting held January 5th. At the trustees' meeting January 20th, Costello was elected to serve as second vice president for the ensuing year.

Gladys E. Neiburg, chairman of school publicity and CYNIC reporter for the Forums will meet the members of her committee at a luncheon March 12th at which time the present reporter representatives from St. Michael's, Trinity College, and Edmunds High will recommend names of people to act as their successors on next year's publicity committee.

# Charles Carlton Heads '49-'50 Cynic Staff

## Nancy Bachman, Ed Waters Spearhead Makeup Division

Arthur A. Heald, out-going editor of the CYNIC, made the announcement at the annual banquet, held at the Olde Board, Tuesday evening, February 15, that the following were elected as members of the editorial staff for the year 1949-50: Editor-in-chief, Charles M. Carlton '50; managing co-editors, Nancy Bachman '50 and Edward P. Waters; make-up editor, Emerson J. Melaven '50; campus editor, Robert D. Taisey '50; sports editor, Victor C. Murdock '50; feature editor, Joan Ediff '50; re-write editor, Barbara A. Beals '50; and art editor, Will W. McBride '52. The positions of make-up editor and art editor are new additions to the staff.

The new editor, a member of Sigma Nu fraternity, has worked consistently on the CYNIC since entering UVM. During the past year, he held for a short time the position of co-editor and since September has been the campus editor. Carlton, a language major, is also a member of the Student Court.

Reverting to the former status of two co-managing editors the Senior Staff has placed these important positions in the capable hands of Nancy Ann Bachman and Ed Waters. The former, a pledge of Pi Beta Phi, has been very active on both the CYNIC and *Ariel* staffs. Not only was she, at one time, campus editor of the CYNIC but the 1950 *Ariel* staff claims her as the feature and biography editor. Ed, a transfer student from Louisiana State University, has had considerable journalistic experience, both on the LSU publication and also as editor of his high school paper. Ed is a pledge of Phi Delta Theta.

Emerson Melaven was named to the new position of make-up editor for which he is most ably qualified through his many years on the CYNIC understaff. Bob Taisey, a member of Sigma Phi, will take over as campus editor. Bob, a pre-law student, has held down many competent positions on both the *Ariel* and CYNIC staffs.

The new sports editor, Victor Murdock, has been working on the sports staff since his entrance at UVM. The SAE member has also been active in fraternity journalistic circles. Joan Ediff, the feature editor-elect, has compiled an enviable record during her undergraduate seasoning, relative to literary work and general extra-curricular activities. Rounding out the staff is congenial Will McBride, a freshman of considerable talent, who will hold down the post of Art Editor.

### Editor-in-Chief

CHARLES CARLTON

## CDA Sets Up Rules For National Book Reviewing Contest

The Catholic Daughters of America are sponsoring locally a national literary contest, according to Mrs. John P. McDonough, Grand Regent, Court St. Cecelia, No. 387, Burlington, Vermont. Students at St. Michael's, Trinity, and the University of Vermont have been invited to participate in the book review section.

The contest is open to anyone over 18 years of age. Entrants are required to write a book review, limited to 1,000 words, of Fr. James Magner's popular book, "Personality and Successful Living."

Contest closes April 15, 1949. All entries should be mailed to Mrs. John P. McDonough, Grand Regent, 173 Howard Street, Burlington. Each entry should bear the name and address of the contestant and the college where he is enrolled. No entries will be returned.

Three local judges will be appointed to determine winners, and the decision will be announced May 1. Local winners (who will receive cash awards) participate in the state contest, while the state winner competes for the national awards of \$50, first place; \$30, second place; and \$20, third place. National winners will be announced June 10.

### CHOIR ENROLLMENT

*With or Without Credit*

Tryouts for those who were not in the choir during the fall semester were held in the Music Building, on Wednesday and Thursday, February 16 and 17, at 4.00 p.m. All interested students unable to attend tryouts, please contact Prof. Bennett at earliest convenience.

### COMING CONCERTS

The University Choir, assisted by the choirs of St. Paul's and the First Congregational Churches, will present Parts II and III of Handel's Messiah (Lenten and Easter portions) on Sunday, April 3. Rehearsals will be on Thursday evenings at the Ira Allen Chapel from 7 to 8.45.

The Choir will assist the University Orchestra in a secular Concert on Thursday, April 28. Rehearsals will be at the Chapel on Tuesday evenings from 7 to 8.

The Choir will present a sacred concert at Wells River, Vermont, on Sunday, March 27. Rehearsals will be at the Chapel on Tuesday and Thursday evenings.

### OPERA

Announcements concerning the annual opera to be performed on May 25 and 26, will be made soon.

### ORCHESTRA

Students, members of the faculty and staff, who are interested in joining the University orchestra for the second semester, are requested to communicate with Mr. Pappoutsakis at the Music Building, 70 Williams Street, telephone: 5000-extension 217, before Friday, February 25. This applies to new candidates only.

Rehearsals are held Tuesday evenings from 8 to 10.30 o'clock at the Ira Allen Chapel. One semester hour academic credit is granted for satisfactory attendance at rehearsals and participation in concerts of the orchestra. The next concert by the University orchestra will be held on April 28.

## Brilliant "Henry V" Production Will Be Shown Here March 2

By special arrangement with United Artists in New York, UVM's Department of English and the Student Government will jointly sponsor a UVM showing of the Laurence Olivier moving picture "Henry Fifth" here Wednesday, March 2.

The famed Shakespearean technicolor film, which is playing commercially throughout the country at prices ranging from \$1.20 up, will be presented to UVM students at the special price of sixty cents tax included—a price made possible because the picture will be shown for educational purposes and will not be open to townspeople. UVM students, faculty and their families, and students of St. Michael's and Trinity Colleges will be eligible to purchase tickets when they go on sale two weeks before the performance.

In order to permit the largest possible number of students to attend, the sponsors are renting the State Theatre in downtown Burlington for March 2, and they plan to show the picture five times during the day—at 10, 2, 4.30, 7, and 9.30. The showing will therefore have the benefit of presentation by a trained operator in a standard moving picture theatre.

Prof. Willard Pope, chairman of the Department of English, has expressed the hope that both students who have seen the film and those who have not will avail themselves of the opportunity to view what is generally regarded as one of the finest productions of a Shakespearean history play done in modern times. Critics and the public have alike hailed Olivier's picture as fine Shakespeare and first-rate entertainment.

If over 1,500 persons attend the showings, a small profit will accrue which will go into the UVM fund fund. The band will manage the sale of tickets for the performances.

## Business Mgr. Is Ed McKee; Hyzer Leads Advertising

### Business Manager

Ed McKee

Following an unusually savory baked ham banquet at The Ole Board on Tuesday night, the new business staff for 1949-50 was announced by retiring Business Manager Betty Grow. As her successor to the post of Business Manager, she named Edwin R. McKee of Burlington. Ed, a business major in the class of 1950, has been an active worker on the business staff for three years, after several years of high school experience, during which he was business manager of his high school newspaper. A member of Delta Psi fraternity, he has been a member of the varsity cross-country team.

Ada Hyzer, the new Advertising Manager, comes to this position after having worked for a year along these lines on the CYNIC staff. Her previous experience was gleaned while business manager of her high school newspaper and yearbook in South Royalton. A sophomore, taking home economics, her other activities include the Home Ec Club, SCA, and House President of Sanders Hall.

Janet Putnam, a Home Ec sophomore from Bridgewater, was named the new Office Manager. After similar high school experience, Janet has worked on the CYNIC for a year. She is a member of Alpha Chi Omega and the Canterbury Club.

The new Secretary is Eleanor Weber from Newton, Mass. Ellie, a junior taking liberal arts, has been the assistant secretary for the past year, in addition to her work on the *Ariel*. She is also a member of the Hillel Society.

Advancing from Assistant Circulation Manager to Circulation Manager is Tom Roughton, a pledge of Phi Delta Theta, while Sam Mace was elevated to the post, formerly occupied by Roughton.

The announcement of the new staff was made after the dinner held at the Olde Board for the entire CYNIC staff. Formerly an annual custom to announce the new staffs in this way, the custom was discontinued during the war. This year the Senior Staff decided to revive the older method and the institution of the CYNIC Banquet was reinstated.

Present as guests of the Senior Staff were all those who have been of help in the past year in putting out the publication. John D. Adams, retiring managing editor, was the master of ceremonies, while Prof. Leon W. Dean, faculty advisor, addressed the group for a short while.

### Vermont Highways

In the not-too-distant future, some ninety thousand Vermont motorists will be licensing their vehicles for the ensuing year. A large percentage of the liberal sum exacted for the pleasure of driving in this state naturally is allotted for road improvement projects. Unfortunately, a fair portion of the main thoroughfares is in pretty rough shape, with the ultimate result that tourists may bypass the Green Mountain State in favor of the better paved New York approaches to Canada. This in turn would kill the livelihood of hundreds of Vermonters, who depend to a great extent upon the transient trade.

To be sure, Gov. Ernest Gibson has made noticeable advances in the field of road improvements, but the way is still open for further progress. In particular, that segment of Route 7 extending from Burlington to St. Albans will necessitate "special" attention when the winter winds stop blowing. There are other has-beens, which in the interest of better Chamber of Commerce relationship, will be omitted. There seems to be a possible outlet, which would provide for more road work, should the State of Vermont institute a program whereby new number plates would not be issued each year. Instead, the state would follow a course, so successfully installed elsewhere, through which corners would be affixed to the old plates. Needless to say, a considerable amount of money is saved—money which is desperately needed for road improvements. In the light of the state highway conditions, the above program harbors one of the many solutions to the perplexing problem facing the administrators of the State of Vermont.

## In Glowing Tribute

The sudden death of Prof. L. M. Prindle, esteemed head of the Classical Department of the University of Vermont, has struck an unexpected blow to the administration and to those students, who, during the course of their studies, have come in contact with him. Always willing to aid in the advancement of a worthy cause, the colorful teacher will continue to live in the memories of his many friends.

Mr. Prindle passed away as he himself would have chosen—namely, in the service of the school he cherished so dearly.

The administration and students of the University of Vermont have lost a brilliant scholar, a very capable professor, a hard-working Classical Club leader, and a conscientious civic personality. To the members of Mr. Prindle's family, the CYNIC on behalf of the entire student body humbly tenders their deepest and most sincere sympathy.

John Schoff Millis, President of the University of Vermont

"In the death of Professor Prindle the University has suffered a great loss. He was a true scholar and a devoted teacher whose devotion to the University of Vermont and its students was an inspiration to all. His service on important committees had much to do with the shaping of University policies. His wide experience, his sound judgment, and his kindly counsel were highly valued by all of his colleagues. The whole University family mourns his passing."

George V. Kidder, Dean of the College of Arts and Sciences

"He was a close personal friend, and an intimate and treasured colleague for many years. The clarity and incisiveness of his mind, his appreciation of others' points of view, his truly Vermont sense of humor, his complete fairness in every relationship, and his devotion to the University of Vermont were outstanding. In particular, he was largely responsible for the project which acquired for the University, the infirmary, in front of which he died."

A. B. Myrick, Professor Emeritus of Romance Languages

"I have treasured his friendship back through many years even to the days when he was an undergraduate here, and the things I shall always remember of him were his honesty, mental and intellectual, his sense of justice and utter fearlessness, his loyalty and the warmth of his friendship."

James Eugene Pooley, Assistant Professor of Classical Languages

"For twenty years I was intimately associated with Professor Prindle as a member of the Department of Classical Languages, of which he was chairman. I came to admire and respect him as a devoted scholar, a sympathetic teacher and a warm personal friend. Through his passing the University has lost an outstanding scholar and loyal alumnus, the city and state have been deprived of a citizen whose like is too seldom seen today, and I am without one whose support and friendship have been of inestimable value."

Leon W. Dean, Assistant Professor of English

"A son of Vermont and its University, Professor Prindle was always a staunch friend of both, giving generously to them of his time and his talents and his money. He was a man respected at home and abroad for his scholastic attainments, but, a New England individualist to the core, he was also a man of sound judgment in many matters, and his counsel was often sought by his friends and colleagues and men in positions of trust and responsibility. His convictions were as strong as his integrity and his loyalties, and he had the courage of them. His untimely death removes a pillar of support from the University circles to which his life was devoted."

Dorothy Elmer, President of the Classical Club

"We, as students, feel the loss of more than a professor whom we have respected in the classroom. Professor Prindle was to each of us a friend in the truest sense of the word—always willing to take time to talk over our problems with us and ready to help in any of the many ways he could. More than he probably ever realized, Professor Prindle was an inspiration and guide to those of us who knew him. He always will be."

## The Whirl Outside

"FROM LITTLE ACORNS..."

## Letters to the Editor . . .

### STUDENT COURT

Dear Editor:

As students of a supposedly democratically organized university, we wish to protest the decision of the Student Court concerning the trial of January 25, 1949 at Waterman.

One reason for our protest is the fact that directly after the trial one of the members of the court stated that it was a decision for the best in that it would serve as an example for other members of the student body. We feel that this is an unjust attitude to penalize one student with reform of the many as an objective. It is unlikely that the greater number of students will even be conscious of the results of this trial. Furthermore, it is our opinion that few people ever profit by the mistakes of another.

It would seem that such a harsh penalty as athletic probation for such a long period of time would tend to elicit bitterness on the part of the recipient. One of the first principles of justice is to make the penalty fit the offense. It hardly seems just that the penalty for "cribbing" in a quiz should be the same as for "cribbing" in an hour exam or a final. This seems to be the case in the present situation.

Since we feel that there is much punishment involved in the humiliation of being apprehended and brought up before Student Court, it seems to us that a warning would have sufficed as punishment along with the accepted zero on the quiz.

Yours sincerely,

FRANCES KEOUGH,  
BARBARA JONES.

### SPORTSMANSHIP

To the Editor:

It is with some reluctance that I write this letter concerning the basketball game with Springfield. . . .

The game was without doubt as thrilling and exciting as we, the spectators, could hope to see. Our team exhibited the spirit and courage we all admire. The boys came from behind to win in the last few seconds of play in spite of adverse decisions earlier in the game. They deserved to win.

There is some question as to whether we, the spectators, were worthy of such a team. Several times during the last five minutes a roar went up from the spectators whenever a Springfield man was on the foul line. Is this the kind of sportsmanship and hospitality a visiting team should expect from UVM? In the midst of the excitement it's hard to control our emotions. However, we would not condone such a display of unsportsmanlike conduct in our team. Can we set any lower standards for ourselves? We like to see our team win. Our cheers and support by being present is a stimulus to them. Let's not mar their victories.

Sincerely yours,

KARIG A. BERBERIAN,  
Instructor, M. E. Dept.

### A COMPLIMENT

Memorandum to the Staff of the CYNIC:

I wish to take this opportunity to compliment you on the particularly fine work which your organization is doing this year. I have mailed a number of copies to various people in the country and all the recipients share my opinion of your fine work.

Sincerely yours,

PHILIPP H. LOHMAN.

## Farewell To Arms

With this anniversary issue, the '48-'49 Senior Staff closes the covers on another chapter in CYNIC history. Completely befuddled a year ago not only by wholesale resignations of the "have-nots" but also by the frequent call-ins of an inquisitive happy Student Government, we nevertheless were able, much to the alarm of some, to hurdle the early obstacles and manage to survive in fair fashion. We have sincerely tried, to the best of our knowledge and facilities, to publish a school paper of which everyone affiliated with the University of Vermont could be equally proud.

Therefore, with an eye to improvement, the CYNIC has become stylized to a great extent during our tenure in office. Unable to accumulate enough real live news for two issues per week, the staff successfully experimented with a larger weekly publication. The editorial page was renovated in an attempt to foster more interest in general school problems and closer student-faculty-administration cohesion. Blessed by the presence of a quartet of excellent staff cameramen, we embarked upon a crusade to enliven the columns with as many photographs as our tottering budget could possibly allow. In addition, the influx of several cartoonists of commendable talent plus the introduction to the editorial page of the artistic works of Guy Montone, skilled Art Editor for the Columbia University *Daily Spectator*, has dressed up the CYNIC considerably. Unfortunately, the necessary load of advertising has intermittently created some holocaust from the university family, but the revenue was desperately needed to offset the rising cost of CYNIC production.

In bowing out of the school paper limelight, it is only fitting to pay tribute to those who have made the CYNIC possible during the past year. First of all, a hearty thank you to the Senior Editorial and Business Staffs, whose sole reward for their hard work was in the form of personal satisfaction since Student Government at the onset obliterated the minute salaries formerly allotted the division heads. Hats off also to the freshman-studded understaff members, who have completely lived up to the fondest hopes of the departing clique; to the administration for their commendable non-interference policy toward censorship; and finally to our advertisers, to the Free Press Printing Company and our good friend Francis Joachim, for outstanding service rendered during the past year.

We proudly turn over the reins to the incoming Senior Staff, confident that they will continue to carry out an aggressive program for the betterment of the University of Vermont CYNIC.

## The Inquiring Photographer

QUESTION: What CYNIC improvements would you deem necessary?

Betty Grow,  
Business Manager.

"I feel that the CYNIC could operate more efficiently with a larger office."

Elizabeth Snell,  
Advertising Manager.

"Larger quarters would be more adequate for the entire business staff."

Stan King,  
Photography Editor.

"We have very fine darkroom facilities; however, we do have need for a condenser."

Joyce Wright,  
Feature Editor.

"A system which offers to the writers, constructive literary criticism."

## Looking Things Over

This is the obvious time for a concluding sinful word since we are retiring from the task of managing a college weekly which has a reading public of some 3,000 students at the University of Vermont. The University of Vermont is an educational institution conceived of in a spirit of emulation, bred in a spirit of liberalism and at present subsisting as a sub-marginal corporation buffeted by Vermont legislative disposition.

Crass as it is to suggest, we'll do it. UVM would be a great deal happier if it untied all its outside strings with the trustees, the legislature and the fiscal experts and turned over all its available land for farming purposes with the faculty, the administration and the students acting as cultivators. In this way we might earn our daily bread and free ourselves from the impositions and implications necessarily placed before any educational group which has degenerated into a business corporation.

It almost seems that to be a Vermonter today is to be an antiquarian. We must revere Calvin Coolidge, Chester Alan Arthur or our green hills. The latter were pleasant until they became the prescribed diet of every newspaperman, poet and historical novelist in New England and then as the daily dishful their nauseating qualities became apparent. What might have been the heart and soul of a resourceful people has become scenery or the pretty picture to show your friends.

If Vermont has profited by the initiative of any group it is not that of its citizens. The authentic country store is now found under the ownership of the fellow from Trenton and the productive farm is run by the gent from Malden while the rugged Yankee is screaming at town meeting to have his road plowed so he can transport milk from the pinched haunches of his underfed cows to the creamery each day.

The legislature concerns itself with "care" and "relief" leaving matters of growth and sufficiency to a group of publicists who bombard out-of-state slicks and papers with verdant invitations for a week-end fling. If the young people of Vermont wish to remain in the state they would do best to train as innkeepers, T-Bar operators or perhaps join the National Guard.

Amen, and as the CYNIC comes under new management we'll see you shortly with the column "Fable n' Folly."

JDA.

## COULD THIS BE you?

...proudly wearing the uniform of an officer in the Army Nurse Corps. Acquiring valuable experience—that will put you at the top of your profession. Giving of your best—in the most vital work ever opened to women. Benefiting from the skill... the knowledge of your co-workers in the Army Medical Corps. Filling your life with stimulating experiences. Making your future secure.

... This COULD be you... when you become a graduate, registered nurse. As either a Regular or Reserve officer in the Army Nurse Corps, you have the opportunity of naming your preference for duty with the U. S. Army or the U. S. Air Force. You can travel, if you wish. You receive uniform and living allowances, as well as your regular pay. Promotion and yearly vacation with pay are assured.

... Yes, you *could* be, you *CAN* be, one of the favored group whose knowledge is appreciated, respected... as you serve your country, humanity... and yourself. Write today, for particulars, to the Surgeon General, Pentagon Building, Washington 25, D. C. If you are not already a Registered nurse—see your Dean of Nursing Education.

Check these distinguished careers with your advisor or college placement officer.

## They have what it takes

TELEPHONE LINEMEN have the traditional Bell System spirit of service that aims to "get the message through." They also have what it takes in the way of equipment and supplies.

Their wires, cables, poles, tools and countless other things are provided by Western Electric—maker or supplier of practically everything used in your telephone service. We carry stocks of 31,000 different items to help all Bell telephone people, not only to do their daily job of maintaining and expanding telephone facilities but also to meet sudden emergencies.

● Western Electric has been a part of the Bell System for many, many years—ever since 1882. Our people share in the System's spirit of service. We, too, are always ready to answer the unexpected hurry call—to help "get the message through."

## ALPHA TAU OMEGA

Reminiscing over the past year, Alpha Tau's memory book has many happy moments. In February, 1948, the bowlers won the trophy for the second straight year. Bob Chittick and Dick McGill "walked fo' de Kake." March was final exams and spring vacation. April saw seven new brothers into Alpha Tau. May highlighted the spring formal at Oakledge Manor. And June of final exams graduated five Alpha Taus.

After summer vacation, October brought about elections of officers and initiation of five new brothers. November was Mortar Board, and Alpha Taus of Middlebury and Vermont joined in for a big party at the end of the football season. Rushing, Thanksgiving Day, on into December, the time of the Pledge Banquet, thirty-nine pledges, and a Christmas formal to top the season with gladness and joy . . .

. . . For Christmas vacation, after which came January and the New Year. Formal pledging was held and then everyone settled down for midyear exams. Now it is February, 1949, the spring semester, the time of Kake Walk with ice sculptures, the Ball, skits and "Walkin' fo' de Kake," more entries for the Alpha Tau Memory Book. . .

## KAPPA SIGMA

With the ill-fated exams tucked away among our memories, the Kappa Sigs can look back on a very prosperous year in the annals of Alpha Lambda. Unable to cope with old man weather and superiority of our adversaries, the Kappa Sigs fared insignificantly at last year's Kake Walk. Quick to recover, the boys copped second place in the interfraternity basketball loop and followed through with a first in softball.

During Founder's Day Exercises, Bob French was named to Boulder, Charlie Traverse and John Hoskiewicz to Key and Serpent, and Stretch Galli, Larry Kimball and Frank Farrell to Gold Key.

The boys hung up the football trophy during the fall, and followed through by wrestling the bowling crown from the ATO's. The Kappa Sigs are proud of the members of the fraternity who are also extra-curricular leaders: Bob French, president of Boulder; Pat Farma, vice-president of Student Government; Art Heald, editor of the CYNIC; Ralph Conant, business manager of '47-'48 CYNIC and '49 Ariel; Art Collier, captain of '48 baseball; Ed Kotlarczyk, captain of '47-'48 basketball; Dwight Burritt, captain of '47-'48 rifle team; Hammy Livingston, captain of '48 tennis and '48-'49 basketball; Hobie Cook, captain of '48 football; and finally, Jack Hurley, president of the Varsity Club and captain-elect of '49 baseball. The fraternity also ranked fourth in scholarship during the last semester of 1948.

The Kappa Sigs at present are working feverishly for Kake Walk hoping to better last season's disappointing performance.

## PI BETA PHI

After a successful Kake Walk 1948 with Pi Phi taking honors for the ice sculpture, inter-fraternity sing practicing took the forefront. With Kappa Alpha Theta we tied for first place. In June our annual spring formal was enjoyed by a large group. Fifteen seniors received their diplomas at graduation with Lynn Derrick awarded the highest honor of a University of Vermont woman. On Founder's Day, eleven Pi Phis had been elected into membership of the Vermont honoraries.

Fall marked the fiftieth anniversary of this chapter's establishment on campus. A special open house and dance were held to celebrate the occasion. Regular open houses are a Pi Phi tradition with a warm invitation extended to the entire campus. Carol Smith was crowned Queen of the Harvest Ball in October.

At Christmas time a party was held with gifts exchanged suitable for children and later distributed by the Salvation Army in Burlington. A sale of gifts was also held for the benefit of the Pi Phi Settlement school, a national project in the Tennessee mountains.

In January, a tea dance was held for the record number of pledges of Pi Phi and the other sororities and fraternities of U. V. M.

And now plans are growing for the best Kake Walk yet, 1949. A gala time is the wish for all the campus and the many visitors.

## KAPPA ALPHA THETA

February '48 found the Theta house in the middle of many plans for a Kake Walk Queen campaign and our annual Spaghetti Supper. Doris didn't win, but we had fun, came out on top in the Inter-sorority Ski Meet, and celebrated with an open house Kake Walk weekend. The supper netted us \$50.00 for the Institute of Logopedics and spaghetti for dinner for weeks afterwards.

Spring brought another cup to the Theta house mantle for coming out first in the Junior Week Peerade. After weeks of practice and strained vocal cords, the night of the Inter-sorority Sing we tied for top honors with the Pi Phis. The end of May brought the Spring Formal and we celebrated the finish of finals and graduation at Theta Camp in June.

Back at Local 215 this fall, the Thetas held many post-football game open houses, built an elevated Homecoming Poster, and celebrated Halloween by giving a campus dance, The Cats Meow.

February '49 finds us recuperating from rushing and exams, and planning great things for the 52nd Kake Walk—

"If you think there's rest in the Theta house,  
You're very much misled,  
Cause there won't be rest in the Theta house  
'Til all of us are dead."

## TAU EPSILON PHI

The most significant event of the year for TEP was a change in residence, from 16 Wilson Sreet to 389 College Street. The new house will be arranged in a dormitory fashion and provide living quarters for 26 men. The ground floor contains a living-room, library and dining-room. There are 7 bedrooms on the second floor which will be used for studying. All the brothers living in the house will sleep on the third floor. The brothers of TEP cordially invite anyone who did not attend their Housewarming Dance on February 12, to stop by and look over the new house. We especially invite the students, faculty, and administration of U.V.M., to spend part of their Kake Walk Holiday with us at the new house.

Last year's Kake Walk still stands out in the memory of everyone as an outstanding event of their college career. During that 4 day celebration, TEP regained some of the honors that were theirs before the war. Brothers Stan Fram and Irving Greene captured third place in "Walkin' fo' de Kake" and the fraternity as a whole, placed third in the skits. During the spring quarter, TEP held its annual Memorial Day weekend. There was an informal dance Saturday night and a picnic Sunday at the sand dunes. The month of June saw the loss of Bros. Lipman and Greene via graduation, and Rifkin to the Tufts Dental School. Their places were taken by the 10 men who were pledged during rushing. TEP wishes everyone a joyous and successful Kake Walk.

## PHI SIGMA DELTA

This has been an eventful and hectic year for Phi Sigma Delta. Twenty years have now passed since the establishment of Phi Chapter on the U. V. M. campus. The Twentieth Anniversary Celebration Banquet featured President Millis and the national president of Phi Sigma Delta, Ted Rich, as speakers. Ted presented a Scholarship Plaque to the Chapter for last year's achievement of attaining the highest fraternity average at U. V. M. The Board of Governor's Cup for outstanding service to the fraternity was awarded to Wally Lash and Sid Levine. An outstanding group of twenty-six men were pledged in the traditional ceremony at the banquet.

PSD proudly possesses Traynor Trophy this year. Awarded annually, this cup symbolizes the best all-around fraternity record in sports, scholarship, and activities during the past year. Also displayed on the mantle are trophies for the all-campus championships in touch-football and volleyball.

The Salvation Army benefited by a fraternity welfare project this year, when in December, the fraters manned the Christmas collection kettles for a day. In addition to the ones downstreet, a special kettle was set up in front of Waterman. \$250 was realized for the benefit of the needy.

*How Long can a song-hit live?*

**Hear CONNIE HAINES'**  
new version of "Stormy Weather"  
...you'll know! (A Signature Record)

That great number that everybody was humming back in 1933 comes to life again with Connie Haines' sensational, new recording. Here's little Connie Haines, smooth-singing, phono-fan favorite, talking over this all-time hit-tune with fellow musician, Jerry Jerome.

*How MILD can a cigarette be?*

**Make the CAMEL 30-DAY TEST**  
...and you'll know!

Yes, make the 30-day Camel Mildness Test. See for yourself how mild Camels are. In a recent test of hundreds of people who smoked only Camels for 30 days, noted throat specialists, after making weekly examinations, reported

**NOT ONE SINGLE CASE**  
**OF THROAT IRRITATION**  
*due to smoking—*

30 DAYS? I'VE  
SMOKED CAMELS FOR  
5 YEARS. THEY'RE MILD  
AND THEY TASTE  
SO GOOD!

IT'S CAMELS FOR  
ME, TOO, CONNIE.  
I MADE THAT 30-DAY  
CAMEL MILDNESS  
TEST!

### Money-Back Guarantee!

Smoke Camels and test them in your own "T-Zone." T for taste, T for throat. If, at any time, you are not convinced that Camels are the mildest cigarette you ever smoked, return the package with the unused Camels and we will refund its full purchase price, plus postage. (Signed) R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

*Camels*

# HIGHLIGHTS IN REVIEW

## DELTA PSI

As the CYNIC Senior Staff prepares to appoint its successors, Delta Psi fraternity looks back on a year of successful activities and achievements.

Managed by Rocky Goyette and led by sharp-shooting Ralph Kehoe, the Delt basketball team battled its way to a second consecutive year of interfraternity championship and then took the "all campus" cup in a decisive game with the dormitory champions. Second\* unto none in their league after the first round, this year's team shows promise of taking the same honors.

Skiers Jake Bailey, Bill Worthen and Larry Fagan took first place for Delta Psi in the interfraternity ski meet.

A feature of Kake Walk last year was the Delt-engineered whirlwind campaign that swept Doug Riddel into the spotlight as 1948 Kake Walk King. Further honors came to Delta Psi when Al Pratt was named a Kake Walk Director for 1949.

The relay team, Dave Harlow, Larry Fagan, Franklin Peabody, and John Phillips, won the interfraternity cup for the second year in a row. Later in the spring the track team led by Capt. John Phillips, the volleyball team with Stan Bryden, captain, and the softball team captained by Doug Riddel all won second places in interfraternity competition.

Scotty Ingram as the Joe Palooka comic strip character, Humphrey, pedaled Delta Psi's contribution to the Junior Week Peerade and drew an honorable mention from the judges.

The names of nine Delts elected to Honor Societies were announced on Founder's Day 1948: Boulder, Scotty Ingram, Ken Pierce; Key and Serpent, John Ballard, Bill Dingerson, John Phillips; Gold Key, Jake Bailey, Bob Herriott; Kappa Phi Kappa, Ernie Stockwell; Alpha Zeta, Lou Resi.

Curt Mosher, Franklin Peabody, Al Pratt and Karl Webster represented their classes on Student Government during 1948. At the election for 1949, the students chose five more Delts to serve: Bill Dingerson, Bob Herriott, Jerry Loyd, Dave Newhall and Tom O'Brien. Student Court is served by Delts Warren Jones, Deane Milligan and John Twitchell.

Delta Psi pledged twenty-two men at the end of the 1948 rushing season.

## SIGMA ALPHA EPSILON

The activities of SAE during the past year have been directed mainly toward the improvement of the house.

Kake Walk of 1948 saw the warming of the new lounge in the basement. This year by Kake Walk, barring any unforeseen interruptions, a chapter room adjacent to the lounge will be completed. The work on these two projects was done entirely by the members.

The kitchen was improved by the purchase of a new stove, sink, refrigerator, and other incidentals to make it possible to take care of the large number of fellows eating at the house. For the dining room chairs and tables were purchased.

To give the boys in the house ample opportunity to tidy up (clean shaves, etc.) a new electric hot water system was installed. However, judging from the number of men who seem to find it impossible to shave their upper lip, the next major investment of the fraternity may have to be in razor blades.

The past semester was highlighted by the formation of a Mother's Club. Already this group has aided and improved the house in a number of ways. They sponsored a benefit card party to raise money for a living room carpet. Between semesters they donated a good deal of time and effort and furnishings for the improvement of the house. Their efforts have been highly successful and much appreciated.

Amidst all this house improvement, the chapter has increased considerably in numbers and activities. On April 19, 1948 twenty-two men were initiated. As a result of this year's rushing program a class of forty-two pledges joined the ranks.

While SAE has not been outstanding in the field of interfraternity sports, there has been an increase in the participation and interest in such activities.

It is hoped that the progress of the past year can be continued in the future.

## SIGMA PHI

The past year has been a very productive and successful one for the Sigs. A year ago during Kake Walk the brothers got off to a good start and added innumerable trophies to their somewhat depleted collection, by placing first with their skit both nights of competition and taking second place honors both nights in the Kake Walking itself. Later in the year, in the spring, another cup was added to the shiny new collection when for the second consecutive year first place was won in the Interfraternity sing. Although not quite as successful in interfraternity athletics during the year, the Sigs more than held their own and gave other fraternities a good deal of keen competition in the softball, volleyball, football, basketball and bowling leagues.

During the past summer much in the line of renovation and improvement transpired within the house itself. A complete remodeling of the kitchen and pantry was undertaken accompanied by the installation of two electric stoves, two automatic dishwashing machines, two garbage disposal units and numerous cabinets. Other improvements included new plumbing facilities and repairs to the heating units.

Early in the fall of 1948 a tea and dedication was held for the formal dedication of the Reynolds suite which was remodeled and refurnished in the memory of "Chum" Reynolds by his parents and close relatives. During the fall, too, an initiation was held which brought four pledges into the brotherhood of Sigma Phi.

After a very successful rushing period, eight men were pledged which swelled the active chapter to 30 men, of which at present 20 are brothers. To date much has been done by the active chapter and everything points to another memorable year in the annals of the Alpha of Vermont.

## LAMBDA IOTA

As another hectic Kake Walk threatens us with busted averages, strained hearts, and empty wallets, the Owls think back to last year's gala festival. Wendy Barwood fought valiantly but vainly for the crown. Parker and Luce walked for the cake, but settled for crow. The lack of snow and ambition forced the Owls to "save face" in the sculpture event by the sign:

"Our sculpture great  
Beset by fate  
Ran down the drain  
To Lake Champlain."

The rest of the winter was spent between the academic halls and the ski slopes. Bob Morrison was the chief instigator for parties at Underhill, while Chip Hale promoted Smugglers' Notch.

Spring brought the Peerade. Our float lost due to a slight risqué connotation in the theme which was brought to our attention by the judges. Social season burst forth with a honey of a formal followed by four picnics to cement friendships. This proved to be our undoing, as cupid promptly claimed several of the brothers.

The "brains" who survived exams to return in the fall promptly launched a pledge drive to fill the riddled ranks. Twenty of the best men money could buy were pledged. (Is this dirty rushing?)

A fall formal, two informals, and scads of post-game tea dances filled our social calendar. We ended the year with a Christmas party for the St. Joseph's Orphans. Now we're rested from finals, and ready to start. Come on Kake Walk!

## DELTA DELTA DELTA

The Tri Delt House has been the scene of much activity during the past year. We bid fond "adieu" to the class of 1948 at the Tri Delta traditional PANSY BREAKFAST in May. At June Spread, we greeted many of our alumnae. When we returned to school in the fall, the house had taken on a few new shades in some of the rooms. The alums proudly presented drapes for the living room. With these, new wall paper here and there, and a few additions, we swelled with pride.

Early in the fall, we made plans for service projects for the year to support the Delta Delta Delta scholarship fund which offers scholarships to college women throughout the country. The first of our service projects was the BUTTER-FLY BREAKFAST. We served waffles with pure Vermont maple syrup to over

a hundred people. Behind the scenes, the girls were busy doing dishes and making batter.

Halloween was open house time for the Tri Delts. It seemed as though there were "thousands of people" here. With the coming of new refrigerator in November, we started having meals served at the house. The coming of Thanksgiving necessitated a celebration of our Founders' Day. We had a panorama of Tri Delt through the years; scrapbooks and relics were brought out and dusted for the occasion.

Late in the fall, glamorous Tri Delts donned the fashions of 1949 and presented a show for the benefit of the scholarship fund at Southwick. The actives gave an informal dance in January in honor of their recent pledges—all 28. Tri Delt forecasts for the spring are a formal dance and another BUTTER-FLY BREAKFAST.

## SIGMA NU

Thursday, September 30, started Sigma Nu on another gala year of interesting activity at U. V. M.

Our Housemother, Mrs. Brauer, was on hand to greet the returning Brothers and Pledges, and to facilitate their change to scholastic life.

In the major fields of interest, rushing, studies, social activities, campus activities and house improvement we have had an outstanding semester.

After the smoke and the din of the battle that rushing always seems to be we were proud to welcome 28 new pledges into the group and are now enjoying the interests, activities and character that such an injection of new spirit brings.

The scholastic field and the all important averages remain an unknown quantity, but, with a devotion of at least 80 percent of the college time to this field, we look forward to favorable comments from the Registrar.

Socially the life of the Chapter has been composed of week-end buffet dances at the house with a special celebration for the returning Alumni at Homecoming time. The Halloween "Spook" party and the gala Christmas Formal were the highlights of the past semester.

Athletically the "Golden Serpents" of Sigma Nu battled to near top position in touch football under able coaching, excellent playing and roaring support. The field of basketball is just now seeing the "Golden Serpents" get their stride with a successful season a promise.

The Fall Semester found Sigma Nus active in Student Government, Student Court, and in the Honorary Societies, with Harry Miele's tireless efforts serving as an inspiration to us all.

To those who pass the Lodge an obvious improvement is the new "King size" name plate. However, the majority of improvement consists of new carpeting on the entire first floor creating an entirely new atmosphere in the house.

As a fitting close to Sigma Nu's superb Semester the faculty provided several periods of reflection and reminiscence during which time we found that no matter how successful the Fall Semester had been the chance for improvement still remains.

## ALPHA CHI OMEGA

Alpha Chi Omega welcomed the college year with a tea dance following the football game on Saturday, October 16. Becky Wheatley was chairman of the event which featured the typical fall atmosphere of cider and doughnuts.

Shirley Dennis, a sophomore, was chosen as Alpha Chi's candidate for queen of the Harvest Ball which was held on October 23.

The first cultural program of the year was given on October 25. Janet Brackenridge and Mary Andrew gave talks on their trip to Europe with the Marshall Plan students. Dave Partridge showed films of the trip which he had taken.

A huge "mammy" was Alpha Chi's contribution to the poster contest for Homecoming Day. An informal open house was held after the football game where coffee and cake were served.

Our province president, Mrs. Arthur Cope of Belmont, Mass., was our guest for a few days the first of December. During her visit, a tea was held in her honor to which other sorority representatives were invited.

On December 11, the annual Christmas Bazaar was held. Dorothy Elmer was in charge of this event which lasted from 2 until 6. Gifts and refreshments were sold.

Alpha Chi's contribution to the WSSF drive was a concert at Fleming Museum on January 13. Dr. Stoehr, accompanied by Dr. Raab and Mrs. Pappoutsakis, played several inspiring pieces of music. During intermission, punch and cookies were served by Mrs. France and Kathryn Eaton.

# Cats Down Coast Guard; Mass. Here Tonight

## Ragged Vermont Hoopsters Squelch Cadet Tide 58-44

By Mort Kaufman

Showing signs of inactiveness and minus the services of Capt. "Hammy" Livingston, the Catamounts defeated the United States Coast Guard Academy on Saturday evening 58 to 44 at the auditorium.

The first few minutes of the game were marked by poor shooting and passing by both teams, and it wasn't until midway in the first half that points were scored with any regularity. With the score 13-11 Vermont, the Cats found the range and with "Ed" Kotlarczyk hitting from underneath and outside, UVM surged to a 28-19 lead at half time.

The second half produced more scoring and Vermont displayed some finesse in moving the ball and setting up the "give and go" plays of "Al" Niemann in the bucket, but the game remained ragged in spots. Stretch Galli and Ken Pierce did most of the scoring for Vermont, while Tom Doane and Sid Vaughn were hitting most consistently for the Cadets of New London.

During the last few minutes, the game gave every indication of turning into a foul shooting contest, however, the final whistle found Vermont with its tenth victory in fourteen games; the Cadets, ready to accept their eighth defeat in ten whose motto is "Semper Paratus," seemed starts.

### Frosh 60, V. J. C. 41

The freshman game saw the Kittens defeat Vermont Junior College by a 60 to 41 score in the initial contest of the evening. The Frosh trailed VJC 13 to 11 at the end of the first quarter, but came back strongly to lead at half time 24 to 16.

In the early minutes of the fourth quarter the team from Montpelier threatened to overtake the Frosh, but the last few minutes found them winning going away.

## Athletic Department Appoints Evans Coach Of Freshmen Baseball

John C. (Fuzzy) Evans, UVM's head football and basketball coach has been named freshman baseball coach. Fuzzy is not new to the Kitten baseball scene, having tutored the frosh for five years prior to the war.

Evans, who replaces Don Maynard at the helm of the frosh baseball squad, expects to have the freshman baseball candidates working out by April 1, and Mike Kasap, UVM's line coach will handle spring football practice when Evans is with his baseball charges.

### Sports Notice

Handball Singles Tournament starts February 19. All undergraduate men who wish to enter will sign up for same in the Physical Education office during the week of February 14-18.

Last year's champion was Bailey Goldberg, class of '50, and the runner-up was Sid Levine '50.

## UVM Plays Host To Redmen In Lone Auditorium Clash

On Saturday, February 19, the University of Vermont plays host to the University of Massachusetts for their third Yankee Conference clash of the year. Coach "Fuzzy" Evans quintet will be after its twelfth win of the season and second conference victory. All indications show, taking into consideration that the "Redmen" have won only three and lost eight, and the impressive record UVM possesses, that the Green and Gold should walk off the floor with another home game victory safely tucked under their jerseys.

From the quintet that faced the Evansmen last year, which lost by the overwhelming score of 76 to 44, Coach Loren Ball had only three lettermen returning when the "Redmen" began practice last fall. Earl Tonet 6 ft. left guard, who scored ten points against the Cats last year; William Looney 6 ft 2 in. center, and Edward McGrath 6 ft. 2 in. left forward provide the experience and height necessary, but the rest of the squad is lacking the experience to round

out a good working combination. The rest of the starting lineup is doubtful at this moment.

Vermont will be at near full strength with the return of Capt. "Hammy" Livingston from the injured list; he will probably see only limited action, with capable Pat Farma taking over for most of the game. The rest of UVM's starting line-up will remain the same as in the past.

Probable starting line-ups:

Massachusetts	Vermont
Norskey	rf..... Niemann
McGrath	lf..... Pierce
Looney	c..... Galli
Gagnon	rg..... Kotlarczyk
Looney	lg..... Farma

## Puck Chasers Open Belated Season With 2-0 Union Win

By Vic Murdock

For the first time this season UVM's pucksters were presented with an opportunity to don their skates and hockey gear, when they faced off against Union College last Saturday, February 12, on the rink in back of the gym. Originally the Catamounts were scheduled to open their season on January 12 with Massachusetts here, but adverse weather conditions have halted the eight engagements slated before last Saturday's contest.

On the cold, wind-swept rink Vermont opened its belated season by defeating the hard fighting Garnet sextet by 2 to 0. Burdett Stearns and Dick Colella paved the way for the victory by scoring unassisted goals late in the second period of play. Goalies Arnold Piche of the Green and Gold and M. Silverman of the Garnet and Gray staved off the whirling puck time after time to hold the offensive activities in check. Piche, rated very highly in these parts, was particularly brilliant in keeping the Garnet wingmen from sliding the disc into the net. Defensemen Bill Dempsey and Malcolm Mickler, showing some of the form they displayed last year, broke up several scoring thrusts attempted by the Dutchmen to contribute toward the two to nothing shutout. Union's two defensemen, Brady and Young, had the Cats pretty well bottled up until that brief scoring spree late in second stanza.

In the first period Perrault, Cote, and Barwood, Vermont's first offensive line, threatened to put the home team into an early lead with numerous assaults at the Garnet goal, but Union tenaciously thwarted off all attempts. Both teams were weak in passing and working the puck toward the net not only in the first

canto but throughout the entire fray; as a result the defensemen were not often pulled out of the strategic zone a few yards in front of the goal. Many interceptions and wild shots kept the contest at a fast and exciting pace, which gave the 200 odd spectators moments of suspense.

At 15:14 of the second stanza Stearns skated to the right of Union's defensemen about twelve yards away from the cage and let fly with a shot which Silverman failed to stop; it was a screen-type play and it came as a surprise to the Garnet goalie. One minute and forty-eight seconds later Dick Colella found the mark again for UVM with a play resembling the first goal; this time the scoring was from the left about the same distance from the net. Both scores were made unassisted. The period ended with the Catamounts in the lead by two hard-earned goals.

The third period was just a repeat of the first with neither club able to penetrate the tight defensive play put up by the defensemen and goalies.

Summary: Vermont (2)—rw, Barwood; c, Cote; lw, Perreault; rd, Dempsey; ld, Mickler; g, Piche.

Union (0)—rw, Behan; c, Burlingame; lw, Paige; rd, Young; ld, Brady; g, Silverman.

Scoring: First period, none. Second period, 1, Stearns (Clarke), 15:14; 2, Colella, 17:02. Third period, none.

Penalties: Vermont 6, Union 3.

Spare: Vermont—Colella, Bogie, O'Neil, Ferriter, Hungerford, Stearns, Garfield, Clark, Tavares, Perkins.

## Undefeated Vermont Rifle Team Humbles New England Opposition

One of the few teams untroubled by quirks of this winter's weather, the UVM rifle team has been having what is probably its best season since 1938. The riflers are at present more than half way through their 1949 season in the New England College Rifle League and have as yet to suffer their first defeat.

UVM's opening league match was against Bowdoin on December 18. At that time Vermont unveiled a few of the men who have since led their team to four consecutive victories. Tom Breen, a sophomore, shot an outstanding 283 total score consisting of a 99 in the prone position, a 96 kneeling, and an 88 standing. Behind him were John Cooley with 266, Andy Davis with 264, "Si" Simonds with 256, and Winston Jacobs with 255. Against this array of scores Bowdoin could muster only 1271 to compete against Vermont's five-man total of 1325.

Following Bowdoin came Harvard, which, as predicted, did not offer any stern competition to the Vermonters, bowing with a score of 1298 to Vermont's 1354.

On January 15, Vermont was a decided underdog against one of the country's leading teams, M.I.T. The men from Cambridge fired a score of 1378, with such shooters as Voelcker, Corwin, and MacDonald firing respectively 281, 279, and 278 out of a possible 300. However, the Catamounts rose to the occasion, firing the best team score fired here at the University since 1938. Don Steenburn, this year's captain, pointed the way with a 98 prone, a 90 kneeling, and a phenomenal 90 standing, for a total of 278. Tom Breen turned in another 278, while Len Mercia and Doug Corron each contributed 277's. Fifth place was taken by Dick Hutchinson with a 271, and Vermont's final team score was just enough to take the match and provide one of the biggest upsets of the year in New England circles, 1381 to 1378.

The following week Vermont was again not rated the favorite as it came up against the last year's New England champions, Dartmouth, at the University gym. However, the Catamounts soon dispelled any doubts about their ability with Breen, Corron, Faulkner, Davis, and Cooley combining to overwhelm the Big Green with a walloping 1352 to 1320.

The only teams now standing between Vermont and the Northern New England championship are New Hampshire and Norwich, and Vermont is a current favorite over both. Vermont will fire New

Hampshire on February 19 and will meet Norwich here in its final match.

Vermont's record this year, according to coaches Captain Johnson, Captain Sollosi, Sergeant Baker and Sergeant Goss, is largely attributable to the combined strength of the team, any one of the ten men being capable of turning in one of the five best scores every match. With this strength in depth, Vermont may well become the New England champions.

## Hinkley And Miller Drop Golden Gloves Decisions In Finals

The University of Vermont entered a three-man team in the 1948 Vermont Golden Gloves Tournament. One man was eliminated in the opening bouts while two lost decisions in final bouts.

In the preliminary bouts UVM's Frank Thompson fighting at 155 lbs. was ko'd in

GALE W. HINKLEY

the second round by Harry Young of St. Mike's. Young went on to the finals in the 160-lb. class.

Fighting in the light heavyweight class freshman Tommy Miller of Burlington scored a sensational one round ko' over Bob Farmer of Burlington in his first bout. In the finals, the frosh football star met defending New England light heavy champ, Bob Hunt of Montpelier, and dropped the decision after putting up a very creditable showing against the experienced and clever Hunt.

In the main event of the Tournament, Vermont's Dave Hinkley making his first defense of the Vermont heavyweight crown was outboxed by fast-moving Bob Gale of Rutland. Hinkley had all his own way in the first round, battering the Rutlander at will and appearing certain to retain his championship, but in the last two stanzas, Gale beat Hinkley to the punch time and time again, scoring with his jolting left and won the decision.

Lyman W. "Shorty" Cota, Green and Gold boxing mentor, was commended during the presentation of awards not only for the fine showing of his team, but for his help and advice to the young boxers in every weight division.

## Sports Slants

By GORDON BICKFORD

The last pearls of wisdom to come from this column by this writer a statement which should cause much glee in the ranks of the Purple Marching and Chowder Society on the north bank of the Onion River—and in other points.

When columnists write their farewells the patented formula is to say that it was fun, but much hard work—may we state at this time that no one on the CYNIC has yet managed to accuse us of hard work—a fact which readers of this column will readily substantiate and in which we take considerable pride.

By way of passing it would be nice if—

a) The alumni would push some one here to initiate a comprehensive athletic scholarship plan.

b) The football team could have a training table and the Yankee Conference nonsense forgotten.

c) The students would in some way show their appreciation to the coach for the many fine basketball teams Vermont has produced in the past few years. It's done in other places.

Of course nothing will be done about any of the above mentioned items so we can clean out the bottom drawer of a filing cabinet that has served as Sports desk, remove the pictures of fully clad athletes that Phil Robinson and the CYNIC photographers gave us, the pictures of scantily clad young ladies that John Adams must have thrown in, that Epistle by Gil Wood to a CYNIC cub reporter, say thanks to Art Heald and the sports reporters for doing my work, and fold tents like the Arabs and as silently steal away to make room for the youth and talent that will take over the sports columns and guide them to a new and better era.

# Champlain Stops Catamounts; Bloomer Leads Frosh Over RJC

Champlain College scored an upset in area basketball circles by dumping the Catamounts Wednesday night, 58-42. The Bluejays played by far their best game of the year, while for the Green and Gold it was a repetition of the not-up-to-par ball they turned in during the win against Coast Guard.

It was a shifting-zone defense and aggressiveness under the boards that spelled the difference between the two teams. The Champlain defence baffled and stopped the Cat offensive, and the Plattsburg team almost completely dominated the re-bounding.

Champlain jumped into the lead at the very beginning of the game, never relinquished it and enjoyed a comfortable 10 point, 28-18 margin at halftime.

The Cats made a bid early in the second half, and began to close the gap, but the Bluejays, paced by big Al Baldassari, found the range again and moved out in front to stay.

Baldassari and Hastings led the Champlain scoring with fourteen points apiece, while Billy Grant and Ken Pierce contributed 9 each to the losing Catamount cause.

# Hockey And Ski Teams Away For Road Tilts

While the basketball Catamounts are entertaining the University of Massachusetts Redmen Saturday night, other Green and Gold sports teams will be in action on other fronts.

Coach Mike Kasap's undefeated, untied and unscored-upon hockey sextette place their scatheless record on the line against the Garnet of Union College in Schenectady, N. Y. The Kasapmen turned a 2-0 win over Union in a previous engagement, the first out for the UVM ice team this season.

The hockey line-up will find Buck Piche in the nets, Mickler and Dempsey at the defensive posts and Cote, Barwood and Perreault in the first line of assault. The second line is composed of Hungerford, Ferriter and Colella.

While the basketball and hockey squads are thus occupied, the ski charges of Coach Bob Searles will split into two sections to take part in different meets.

The A squad will journey to Montreal to participate in the McGill University Winter Carnival, while the B squad will enter Norwich Winter Carnival.

The ski team was originally entered in the Williams Meet for this week-end, but due to inclement weather conditions the Class B meet was cancelled. After their fine showing at the Dartmouth Carnival, in which the Cats placed fifth among the nation's top ski teams, the Green and Gold was favored to cop the Williams meet

# Obstinate Weather Conditions Fails To Halt Ski Programs

The ever-present big FI—the weather—bids fair to give the University of Vermont's recreational ski program another slap in the face this semester. At least, that was the outlook earlier this week.

John Howard, the director of the ski school, is not one to be discouraged over a little thing like the weather, however. "As a matter of fact," says Howard, "we'll ski on the grass if need be."

UVM's ski students will move into that important phase of the program, the on-the-slope training period. Howard's corps of instructors will hold classes on Tuesday, Thursday and Saturday afternoons.

Two hundred and seventy-five students are signed in the course which is divided into credit and non-credit periods. According to Howard, there are three beginners, two intermediate, and one advance class in the physical education credit division.

In the non-credit portion of the program, four beginner classes are listed together with three intermediate and one advanced. All told, the program includes a pretty large segment of UVM's skinned student body.

If the students move onto the slopes this semester, they will be facing a quartet of top-notch instructors including Chuck Taylor, Jerry Loyd, Johnny Hurst and Mrs. Catja Gordinier. Taylor has two years of teaching at Mont Tremblant

behind him; Loyd, a season with the Green Mountain Club in Bennington. Hurst is a former ski trooper and instructor with the army's ski troops, while Mrs. Gordinier is an Austrian girl with considerable experience in the instruction end of the business both in Switzerland and Austria.

Howard is confident that even more students will evidence interest another season. This season's training may prove effective enough so that a number of others will be able to participate for credit in physical education.

What effect the recreational training end of skiing will have on the competitive features of the sport is still questionable, but it is expected that the varsity ranks of the snow sport will feel the impact of an increased interest through this type of program.

Two new members have been added to the instructional staff of the Recreational Ski program. Fred Picker, with a year's teaching experience at Big Bromley and promise of week-end teaching at Sepp Ruschp's School at Stowe, will instruct—weather permitting—in the Tuesday-Thursday program. Dave Hagar, one of our leading ski enthusiasts with over two years teaching experience locally, will augment the Saturday staff.

# CAMPUS CAPERS...LAFF 'N LEARN

**Johnny**  
HELPS JULIAN ZOOM INTO THE  
EMPYREAN OF PURE SCHOLASTICS

JULIAN, YOUR FEBRIFIC HOURS WITH THE MIDNIGHT OIL ARE SO MANY, YOU'LL NUGIFY YOUR HOPES ON TOMORROW'S QUIZ. WHY DON'T YOU HIT THE HAY?

TED, I WANT TO WIN THAT NATIONAL SCHOLARSHIP, BUT—HRUMPH—I SMOKE SO MUCH MY THROAT FEELS DRY AS OSSEOUS TISSUE

IS IT TRUE, GRAHAM, THAT THE PITHECANTHROPUS ERECTUS WAS EURYGNA THOUS?

IT IS TRUE, SIR AND IT—ULP—HRUMPH—HRUMPH—I'M AFRAID I—I—CAN'T GO ON

TOO BAD, YOUR THROAT HANDICAPPED YOU. WE'LL COMPLETE YOUR TEST NEXT WEEK

JULIAN, YOU KNOW ALL THE ANSWERS, BUT YOUR VOICE WOULDN'T LET YOU GIVE 'EM --

O-O-THERE'S A REAL CASE OF CIGARETTE HANGOVER

AND I—HRUMPH! HRUMPH! WANT THAT SCHOLARSHIP SO MUCH—AND MY THROAT FEELS ALL SMOKE-OUT--

JULIAN, YOU'VE GOT CIGARETTE HANGOVER WHY NOT CHANGE TO PHILIP MORRIS, THE ONLY LEADING CIGARETTE PROVED DEFINITELY LESS IRRITATING?

THANKS JOHNNY, I'LL TRY IT

SINCE I SWITCHED TO PHILIP MORRIS SMOKING HAS BECOME A POSITIVE PLEASURE!

THE BIG SCHOLARSHIP OUGHT TO BE IN THE BAG FOR YOU TOMORROW

SOME TIME LATER

IN ANSWER TO YOUR LAST QUESTION, DOCTOR IT WAS BRITAIN'S WAR LEADER WHO SAID HIS OPPONENT "UTTERED A TERMINOLOGICAL INEXACTITUDE"

BRILLIANT ANSWERS, GRAHAM. YOU SCORED 20 OUT OF 20

IT GIVES ME GREAT PLEASURE TO ANNOUNCE THAT JULIAN SCORED A HYPERPIESISTIAL SUCCESS—HE WON THE NATIONAL SCHOLARSHIP

THANK YOU SIR—AND THANK JOHNNY AND PHILIP MORRIS FOR HELPING ME WIN!

**IMPROVE YOUR VOCABULARY**

EMPYREAN — The clear upper sky.

FEBRIFIC — Causing fever; said of feverish activity.

NUGIFY — To render futile, to X-out.

OSSEOUS TISSUE — Bone.

PITHECANTHROPUS ERECTUS — Famous specimen of primeval man.

EURYGNA THOUS — Having a wide prominent jaw.

CIGARETTE HANGOVER — That stale, smoked-out taste; that tight dry feeling in your throat due to smoking.

TERMINOLOGICAL INEXACTITUDE — In short, a lie.

HYPERPIESISTIAL — Quickening the blood pressure to a high degree.

## The Moral of Our Story Is Clear:

Behind the playful plot, our intentions are definitely serious: we want to PROVE to you that PHILIP MORRIS brings you a welcome DIFFERENCE in cigarettes.

This PROOF is too extensive to be detailed here—but pre-medical and chemistry students, who will be especially interested, can get it in published form FREE, by writing our Research Dept., Philip Morris Co., 119 Fifth Ave., N. Y.

## DAVE WHEELER

(Continued from page 2)

feels himself qualified in the subject, presents himself to the professor for examination. Therefore, students usually take but one subject at a time and devote all their energies to mastering it. It is not unusual to meet students who have not been around to the university or to their particular professor for months—I met one who had not been to his (Greek) professor for 2 years!

There being no regular schedule of classes, no centralized buildings, no curricula, and optional attendance, there is but little contact among the students. Each province in Sweden has its own Nation here at Uppsala, and all students belong each to their own Nation. Each Nation duplicates for its own members the functions of administration, the granting of scholarships and loans, etc., as well as providing reading and social rooms. But there is no student body in our sense of the word.

Yes, at first I had my doubts, but they began to resolve themselves when I learned more of the Swedish customs and ways of doing. The social system and social attitudes are here so different that it becomes doubly difficult to describe life at Uppsala.

Now, as for the second question—how does an American student get on over here? The largest and most obvious difficulty is the language. I, for example, after starting from scratch 6 months ago, can read Swedish without too much trouble. My attempts to speak Swedish still bring smiles to the faces of my listeners. After 3 months I was able to understand lectures, but I still am unable to contribute much to discussions. Fortunately, most of the professors speak English. And fortunately, at least half of the reference material is written in English or German. In fact, I will say that the problem of language is the only real problem or obstacle standing in the way for the American student. That it was not an acute problem in my case depends upon the fact that much of my time here, especially earlier, has been devoted to traveling and observing Swedish geology first hand, and that when I did attend lectures was mainly after my comprehension of the language had improved.

I believe that the language problem is less for science students than for arts students, there being so many international terms and methods. On the other hand, the language problem is much greater for the more abstruse studies—philosophy, economics and the like. However, most of the American students who have come here have been precisely these arts students. Once the language is out of the way, other problems become relatively less important. There remains only the problem of the personal adaptability of the individual student, besides the obvious factor of conducting his study or research in a strange environment.

Being in a manner of speaking an advance scout, I came here, as you know, with no research problem intimately associated with Sweden to work upon. Rather, I came here both to learn more, to continue my studies, and to discover new approaches, methods and ideas. It is in the second of these objectives that I have achieved the greatest success. Now I shall return to U. V. M. and do a bit of proselytizing—I have already warned Professor Doll that I have great visions for the Geology Dept., but I shall speak of that at greater length when I get home. Geology is a field that can have a future for Vermont, particularly in view of the coming developments in Labrador.

My own activities here may be divided into two parts: study at the university in both geology and physical geography, and field trips to all corners of Sweden. As for the first, I have been following a rather heavy schedule, since I am taking no examinations here. As I told you earlier, this involved morphology, climatology, physical geography and quaternary geology. A supplement I found in translating theses and papers into English, which has also given me an insight into method.

The field trips have been both organized and private, and have carried me to many parts of Sweden: to Abisko and Narvik, to Kiruna, to Boliden, to Falun and Dannemora, to Gotland and Skåne. Not of the least interest have been trips near Uppsala to observe glacial morphology. May I be permitted to say that Scandinavia is an excellent place to study the effects of glaciation? This region has been very thoroughly investigated, has an abundance of glacial phenomena,

and above all, is much more accessible than, say, Labrador or other similar regions. I am now very eager to apply my observations to Vermont.

As for my own personal activities here, I have found (made) time to meet many people and to learn as much as possible about Sweden in general. Much which I have found I like and much I do not like. About the only generalized statement which I shall make—in writing, that is, is that after having been in Sweden for a half year I like the United States! But I must confess that now, as it comes closer to the time when I shall leave, I find myself liking this country more and more. As you know, sir, through the courtesy of Professor Liljengren, I have a fine room in the Engelska-Americansk. Seminarier, which building is a former dwelling now converted to a library. The nearest restaurant being a considerable distance away, I have availed myself of the kitchen, which survived the conversion, and am now an accomplished cook. This results, among other things, in a considerable saving in money. This word, money, brings me to the last two points I wish to mention in this letter.

It is expensive to live in Sweden. It took no trouble at all to spend a thousand dollars, and I am not home yet. Of course, I spent a great deal in traveling about. My credit being limited and my debts becoming more and more outstanding, I think seriously of getting back. Moreover, I am very anxious to start work again at U. V. M. and to start my theses. To say nothing of the fact that I have "negotiations" at a rather advanced state with a young lady! So you see sir, necessity and inclination together conspire for my early return. The long

## NOTICES

No classes will be held on Friday and Saturday, February 25 and 26, Kake Walk weekend. Classes will meet on Founder's Day, Monday, May 2.

G. V. KIDDER,  
Secretary.

Bulletins have been received with respect to the Summer School of the University of San Carlos of Guatemala to be held from July 1—August 19. Anyone interested contact the CYNIC office for further information.

and the short of it is that I intend to be back in the first of March rather than in the first of June.

Although 'I am burning my bridges ahead of me, this does not mean that there is little or nothing to do here! Although no lectures are given in my fields between the 1st of December and the 1st of February (!), work has been piling up. These last few weeks particularly have seen a great deal of translating to be done as well as plain studying. You may rest assured of this—that spending so much money to come here to study, I, as a good New Englander, am getting my money's worth!

Notice that the date-line reads 16 January. That was yesterday morning and it is now late Monday evening. So it goes with all my letters; I had best close now and mail this letter in the morning, else it suffer the loss of still more time.

Respectfully yours,  
DAVID B. WHEELER

## CANDIDATES

(Continued from page 1)

## Margie Le Sueur

Margie Le Sueur is a brown-eyed brunette who comes to UVM from "down east" in South Portland, Maine. She is a Senior, nineteen years old, and is majoring in psychology. Margie has contributed much to the campus in the way of activities—she is Circulation Manager for both the '48 and '49 *Ariels*, an active member of WAA, and a past member of YWCA, IRC, as well as the John Dewey, Goodrich Classical, and Spanish Clubs. She is a member of Pi Beta Phi sorority which she has served both as president and convention delegate; despite a busy schedule she has managed to maintain a B average for her four years of college.

## Bob French

"Big Bob" French is the Kappa Sigma nominee for Kake Walk king of '49. Following a lengthy period in the U. S. Navy, Bob began his matriculation here at the University of Vermont. During his undergraduate study at UVM, the West Springfield, Mass., native has racked up an enviable academic and extracurricular list of achievements.

Besides posting some very good grades, Bob has been a varsity member of the football, baseball, basketball, and tennis squads; a member of Key and Serpent, junior men's honorary society; president of the Boulder Society, senior men's honorary; a member of the Varsity Club; and a member of both Student Government and the Athletic Council.

Bob is one of the many young married veterans on campus, residing in the rear of the Kappa Sigma house, with his wife,

the former Doris French of West Springfield, and small daughter, Linda. So, in conclusion, Bob French possesses all of the attributes necessary for a good Kake Walk King, judging from his all-round capabilities and his fine physical appearance.

## Duncan McLaren

Presenting, from Barnet, Vermont, with a friendly smile the contender for the kingly crown of Kake Walk, Duncan McLaren.

Dunc graduated from Peacham Academy, spent three years in the field Artillery and then entered UVM in '45, at which time things began to jive.

Entering into activities with spirit and zest Dunc joined the track forces of UVM and made a name as an outstanding operative in both Cross Country and Track. He was elected captain of Cross Country in 1947, and this year he will captain the Track team.

Dunc is a Sigma Nu, a member of the Aggie Club and a judge on Student Court. For recreation he skis, plays tennis, swims and has participated in every phase of intermural athletics.

While pursuing his hobbies (Wine, Women and Song) Dunc's journey has taken him from Brooklyn to Burlington, from St. Louis to St. Albans.

Dunc's major in school is Agricultural Economics as a rule, but at present it's to contend for the Kake Walk crown.

With an outstanding background off and on campus, Dunc McLaren fills the bill for a popular and personable Kake Walk King.

## Their Majesties King Bob And Queen Lynn

### Royal Aspirants Try Ingenious Publicity To Attract Support

UVM has been the scene of an intensive battle of wits during the days allotted to the campaign for King and Queen of Kake Walk. The campaigns began February 18, when the candidates were first presented at the WAA Penny Carnival. Each sorority and fraternity who put up a candidate passed out flyers; made many posters; sang of their candidates, some with original lyrics; passed out favors, such as match covers, cigarettes, candy kisses and gum drops, and pins or tags complete with pictures of the candidates. The strife for publicity between the four sororities, Alpha Chi Omega, Delta Delta Delta, Pi Beta Phi and Alpha Epsilon Phi who presented candidates was much more colorful than that of the two fraternities who nominated kings. Variety of favors and skits in Waterman characterized the sorority campaigns. Many of the posters and skits were obviously the result of many hours of work.

The campaign for Ann O'Donnell, the Tri-Delt nominee, was centered around her smiling Irish eyes. A facsimile of a Winter Carnival featuring Ann was the essence of a skit presented by the Tri-Delts. They also gave out balloons with Ann's name printed on them. An innovation in poster display was the use of the backs of two dogs by Tri-Delts to carry posters around the main campus.

Alpha Chi Omega's Lynn Davis stepped out of a pond lily as its petals opened during one of the many clever skits put on in Waterman by Lynn's campaigners. Lynn's campaign theme, "Girl of the Year," was emphasized by a skit in which pledges represented the numerals of 1949 and each month of the year, paraded single file through Waterman. A poster describing Lynn was carried by the last girl. "Even the shmoos fall for Lynn" was illustrated by the waddling of a family of shmoos through the student lounge and soda fountain.

A E Phi, whose nominee was Sue Levine, included the Medical Building in their campaign. Sue appeared there before a class of medical school freshmen in a skit pictured as "a rare specimen having no illnesses." Another effective stunt was the appearance of a group of A E Phis in Waterman as cheerleaders rooting for Sue. "Sweet Sue" and "If You Knew Susie" were Sue's campaign songs.

### Student Union Slate Of Candidates For 1949-50 Announced

Women's Student Union has announced its slate of candidates for the offices on the Council for the year 1949-50. The voting will take place in the near future at a special mass meeting of the women of UVM. Nominations for offices include:

- President:**  
Betsy Bigelow, Rae MacTiernan
- 1st Vice President:**  
The defeated candidate for president
- 2nd Vice President:**  
Alexandra Dzielewski, Marcia True
- Chief Justice:**  
Phyllis Barron, Rosemary Traynor
- House Chairman:**  
Dorothy Barr, Marjorie Goeltz
- Asst. House Chairman:**  
Jean Austin, Alma Warrell
- Scholarship Chairman:**  
Norma Hale, Barbara Larrabee
- Asst. Scholarship Chairman:**  
Shirley Hakewessell, Anne Hawley
- Secretary:**  
Barbara Hayden, Harriet Nichols
- Treasurer:**  
Nancy Churchill, Jean Smith
- Social Chairman:**  
Shirley Dennis, Barbara Spaulding
- Asst. Social Chairman:**  
Mary Ellen Fuller, Jean Hard
- Town Representative:**  
Harriet Carlton, Esther Thomas

### KAKE WALK CALENDAR

- February 23, Wednesday  
Voting for King and Queen candidates—9 through 5, lower corridor of Waterman, near Student Lounge
- February 24, Thursday  
Formal Dance, Memorial Auditorium—9 to 2  
Crowning of King and Queen—10 p.m.
- February 25, Friday  
Radio appearance of King and Queen over WJOY—1.15 p.m.  
First night of Kake Walk, Memorial Auditorium—8.30 p.m.
- February 26, Saturday  
Judging Ice Sculptures—10.30 a.m.  
Annual Student-Faculty Basketball Game, Memorial Auditorium—2.00 p.m.  
Basketball Game, Champlain vs. UVM—3.30 p.m.  
Second night of Kake Walk, Auditorium—8.30 p.m.
- February 27, Sunday  
Fraternity and Sorority Open Houses—3 to 5 p.m.

### Walkers To Put Best Foot Forward In Try For Kake Walk Prize

This year as the band again strikes up the opening strains of "Cotton Babes," ten couples of "Walkers fo' de Kake" will be anticipating their signal, the dropping of a white handkerchief, and in turn they will run up before the King and Queen, bow, and demonstrate their own techniques of "walkin'." The hard effort which is put into training weeks ahead of this night are well appreciated by the eager audience, which by its cheers and roaring applause approves each couple's variation of the Kake Walk step.

Alpha Tau Omega's candidates for Kake winners this year are two freshmen who have never stepped before, Bob Fallon and Don Brown, both of Burlington. The Delta Psi will be cheering for Barney Ross and Charlie gates when they come running out under the lights. Barney has walked before for the Delt house, while Charlie is a newcomer to the art.

From the Kappa Sig house are Luther Bayley, who also walked last year, and Bill French, who has never walked for the cake. Fred Luce and Windy Parker, who walked for the "Owls" last year, are again representing this outfit. Parker plays in the ROTC band, and both participate in interfraternity sports.

A Norwich transfer, Gil Edleston, is teaming up with Mort Kaufman to win cheers and fame for the Phi Sigs. Kaufman is a sports writer for the CYNIC.

(Continued on page 10)

### Gala Ball Spotlights Crowning Of Royalty By Skitch Henderson

King Bob French and Queen Lynn Davis were welcomed by a crowd of over fifteen hundred at the Kake Walk ball on Thursday night. At 9.45 to the fanfare of trumpets, the royal procession marched to the throne, where band leader Skitch Henderson crowned their majesties. The Kake Walk royalty will preside over all the major weekend activities. Since the ending of balloting at 5.00 p.m. on Wednesday, the decision had remained a top secret of the Kake Walk election committee.

#### Queen Lynn

Queen Lynn, class of 1949, is a major in secondary education. Lynn played the title role in the Dramatic Club's presentation, of "My Sister Eileen." Queen Lynn's hometown is Bridgewater, Vermont. She has been active in YWCA, WAA club and council, and the Spanish Club. She has been a member of the honor societies, Sophomore Aides and Staff and Sandal. This year Lynn is president of Alpha Chi Omega.

#### King Bob

King Bob, a member of Kappa Sigma, is a native of West Springfield, Mass. Bob has received varsity letters for baseball, basketball, football, and tennis. In addition, Bob has been made a member of Key and Serpent, junior men's honorary society and President of Boulder Society, senior men's honorary society.

Bob and his wife, the former Doris French of West Springfield, Mass., reside in the rear of the Kappa Sigma house. Little Linda French, their daughter, is a member of the class of UVM, 1969.

Pres. and Mrs. John S. Millis, Miss Mary Jane Simpson, Dean of Women, Treasurer Proctor H. Page, and Assistant Registrar F. N. Hamblin were chaperons for the ball.

"Storms of color," large revolving spheres covered with multiple mirrors reflected the colored spotlights which were focused on them. Skitch Henderson and his orchestra played from a white band shell. The regal throne was decorated with the recently designed Kake Walk seal.

### Dr. Brown Eminent Educator, To Speak At Museum, March 1

Dr. Francis Brown, eminent educator and humanitarian, will be the guest of Kappa Phi Kappa, professional education fraternity, on Friday, March 4.

Noted for his work both here and abroad with UNESCO in the interests of world education, Dr. Brown is also an officer of the American Council on Education and second vice-president of Kappa Phi Kappa, a national undergraduate and graduate organization devoted to studying and furthering the cause of education.

A talk by Dr. Brown is tentatively scheduled for 8.00 p.m. in the Fleming Museum Auditorium, and all students, faculty members, and townspeople who are interested will be invited. Bulletin boards will carry further announcements concerning arrangements for Dr. Brown's visit to the UVM campus.

## Editorial . . .

Trusting in our not-so-infallible intuitive powers and placing ourselves completely, helplessly, and, yes, even barefacedly, in the outstretched hands of fate—or whom have you—we bow—with perhaps our judgment now modied by our imperfect powers of prognostication and by the exigencies of a deadline—in the general direction of Mecca to offer our true—and we hope timely—thanks. Let us look back on this winter of Nature's caprices, of its vagaries; a winter, to say the least, phenomenal; a winter of utter confusion, and for the whole country, a reversal of the normal pattern—in Southern California, ruined crops and heavy snowstorms, and in Los Angeles, more snow; in the West, a record of storms and blizzards, the like of which the country has never before seen in recorded history, a tale of frozen cattle, marooned inhabitants, and one snowfall after another; in the East and New England, an indescribably mild winter, a series of days with but an occasional coldsnap among them, a series of snowstorms, however born at sea and thus a scourge for city dwellers, but without effect on mountainous areas, a tale of woe from all skiing promoters; and in Vermont, and more particularly, at UVM, a quiet contrast with the normal winter weather of biting cold and heavy snows of sunlit, spring-like days, and gray, fall-like days, with but an occasional and always shortlived snowfall, and a yet unfrozen Lake Champlain.

And, thus, it was in these surroundings that UVM looked forward to its Kake Walk and its accompanying snow sculptures and winter sports. But suddenly, perhaps simply because of the law of averages or as an indication normalcy was finally returning, it snowed! Oh, it was wet and it did not swirl to the ground fast and furiously "like so many gift packages in a mail chute," but it did come in huge blobs of white magic, clinging to each object, encasing them in a shroud of white, and producing a campus scene prettier than any Christmas card; and we finally had the crowning touch for our snow sculptures and UVM's Kake Walk was white at last!

More seriously, however, the CYNIC, through its new staff, takes this opportunity to congratulate and thank everyone participating in this year's celebration.

Happy Kake Walk!

## Inquiring Reporter

Kake Walk can be, and generally is, approached from any angle. One can look into the history of the tradition, examine the efforts which the fraternities put into it, and describe to the last detail, each moment of its occurrence. But not to be forgotten is the student—the spectator and financier of Kake Walk. It is for him, in reality, that all of this fuss is made. So, logically, it is best not to forget just what he thinks about the whole affair.

For this reason, four reporters armed with forty names were sent out to test student opinion. The forty names were picked at random from the UVM directory with regard only to keeping a fair proportion among the various colleges. The results were varied, ranging from keen liking to strong disliking, and with very few indifferent. Some of the answers we received to the question "Do you think Kake Walk is all that it is supposed to be?" are printed below:

*Warren Caryl:* No, Although I enjoy Kake Walk very much, and look forward to it as much as other students, I feel that it should be criticized on three points.

1. First of all, a Masquerade Ball should be held instead of a formal. There are other formal dances held throughout the year, but never something like a masquerade. It would be a lot of fun if everyone came that way and competed for prizes.
2. Also the ball should be limited to the students only and should not be on a commercial basis as is the Kake Walk night at Memorial Auditorium.
3. Third, the campaigns for King and Queen could be much more extensive than they are, and thereby foster more spirit and enthusiasm.

*Valerie Meyer:* Yes, but I believe that we ought to have publicity in a national magazine. A lot of schools have their winter carnivals written up and surely one as wonderful as ours, should receive more recognition than it does.

*Betty Davidson:* The individual spirit is good, but the fraternities and sororities that are supposed to be taking an active part in it, do not enter into it as much as they could. I would like to see every group participate in all Kake Walk events, for example . . . each fraternity run a King. That would make a more exciting campaign and foster a better spirit.

*Louise Gee:* As far as I am concerned, Kake Walk is just exactly what it is supposed to be. I think it is typically college and when other college students talk about their winter carnival, I immediately think of Kake Walk and all it means to me. In short, I think Kake Walk is just wonderful.

*Miriam Peterson:* Kake Walk stands for all the good things I've known at UVM, and when I talk to freshman and non-UVMers I always paint a glorious picture of it. "Cotton Babes" gives me a thrill and as a winter carnival, I think it has more to it than the carnivals in many other colleges. This year there seems to be a great lack of spirit, but whether due to its being so near the new semester, the conflict between the VIP and the directors, or because of the numerous restrictions placed upon the campaigns, I do not know. However, the Ball and the performance may be great enough to make up for the previous lack in spirit.

*Frances Howells:* Being a transfer last year, I don't feel I am qualified to say much as all I attended of the Kake Walk last year was the dance, but I am looking forward to it with a great deal of excitement this year.

These statements are more or less representative of all those received. Of course, it is needless to reprint all forty commentaries, but these should give you somewhat of an idea, just what UVM is looking forward to with Kake Walk 1949.

## THE WHIRL OUTSIDE

by Guy Montone

## A Letter from the President

I am happy to extend a very warm welcome and a word of greeting to Alumni, friends, and parents of students attending the 1949 Kake Walk. I know that the festivities of the week-end will be enjoyed by all. I hope that our visitors will find a most cordial reception.

*John S. Mills*

## Letters to the Editor . . .

Dear Editor,

The time has come for the students of the University to mourn the passing of one of the fastest, most invigorating and interesting sports on our campus. Hockey is no more. Recently it was voted out of the athletic setup on the Hill. After this current season this great sport goes on the shelf as ancient history in our sporting world. A little bad luck this year concerning weather conditions was probably the primary reason given, if any reason can be primary to that of cost. Certainly we have a finer team this year than ever before, and it is a bit unfortunate that our puck chasers haven't had a better chance to prove it.

Although this sport has been shelved it is with the stipulation of a renewal in the event of the University ever having inside ice conditions. At present, that fact looks practically impossible. Nevertheless, where there's life there's hope, and there's plenty of life in Hockey. Those of us interested in Hockey will no doubt go on next year with an independent team from the University in the local league.

Thanks should be in order for all the students here at UVM who enjoyed Hockey, and had enough school spirit to brave the elements to back up a good team at the matches down behind the men's gym. There are still a few more games on tap for this season if we get the ice weather we need. Watch the athletic bulletin board in Waterman or ask any member of the team.

Here's to a great sport and the fans who follow it here on campus.

Bill Wood '50

### NOTICE

Dr. Robert H. Chastney, Principal of Montpelier High School, will speak to the Goodrich Classical Club, Thursday evening, March 3, at 7.30 p.m., at Southwick.

### OMISSION

The CYNIC sincerely regrets the fact that information on Miss Suzette Levine, a candidate for Queen of Kake Walk, was omitted in its last issue.

# THIS IS KAKE WALK

By Gladys E. Neiburg

Kake Walk, the highly organized gala event of the University of Vermont, with its ingenious stunts, cleverly costumed masqueraders, the agile and spectacular walkers "fo' de kake" grew out of a "gripe session" of students back in 1893 when a military ball did not come into existence as had been unofficially promised by one Captain Tutherly of the Military Department. It is gently whispered that, strangely, the Military Department was rather unpopular; and Captain Tutherly, in a brave and noble effort to give the department more prestige, promised the military hop which he could not produce.

The late Frederick T. Sharpe '95 took matters into his own hands. Things began to hum. Sharpe, a leader in college affairs, proposed to a group of friends that they hold their own dance in their own way. Sharpe, who is described as follows, saw to it that the affair was held the very next day, December 19, 1893—fifty-five years ago. "Sharpe, a genius in all things clownish, gave more than one imitation of a cat fight to residents on the hill who thought they were hearing the real thing." Back in those days when dancing was more than walking to music or gymnastic feats of tossing your partner over your shoulder, the comic section of the 1896 *Ariel* had a so-called business card aimed to catch the attention of the swanky Cotillion Club on the hill: "T. F. S. Sharpe, Dancing Master. Spacious hall over the chapel."

Sharpe and friends discussed the disappointment caused by the inability of the Military Department to raise its prestige. This "bull session" took place in the "Hash House" as the Commons Hall (the university cafeteria) was known then. The next day there appeared on the bulletin board in the Old Mill, the following poster in Sharpe's handwriting: "Cake Walk in the Loft Tonight. All Invited."

## How the Name Originated

The name was as spontaneous as the event itself. Old timers will remember that walking for the cake was very popular among vaudevillians. Some of the boys in the Hash House "bull session" knew or thought they knew what occurred at Kake Walks so their opinions were accepted. To them it was a celebration at the end of sugar harvest, down South, when darkies dressed up in their best togs and walked in pairs. Those who did it most skillfully, attractively or uniquely were awarded a prize, which was a cake.

Actual walking for the cake did not take place at UVM until 1894. The first event, Sharpe's spontaneous combustion, was in the form of a masquerade dance when all came dressed as darkies. In 1894, the dance was held in the drill hall in the Old Mill. There were so many who attended, and so many winning walkers, that the one cake had to be awarded to several couples.

## Opened Doors to Better Spirit

The idea of cake walk caught on at once. According to Dr. "Ned" Randall

'95, of Waterville, N. Y., "It was one of those spontaneous ebullitions of high spirits that rarely animated the whole college body." It was sponsored by no one in particular, no class, fraternity, or other group. George P. Anderson '96, of Boston, said that one of the principal reasons why the Kake Walk was so successful was because there was much need at that period for better feeling. There were many groups or fraternities and rivalries were sharp, and sometimes carried too far. The non-fraternity men in college, then a small group, were somewhat neglected figures. The Kake Walk was a happy diversion which tended to break up the spirit of aloofness and opened the doors to better college spirit.

Possibly the college spirits got too exuberant, or maybe the beer trickling down from the keg in the loft in the chapel below, the next day, was the reason why the Kake Walk was banned in 1895. However, in 1896, the faculty permission was procured for a third performance with the understanding that this time there would be good publicity and more restraint. Representatives of the several classes made the arrangements. Greater preparation on the part of the participants took from the affair some of its spontaneity but added to its effectiveness. This and the succeeding Kake Walks were held in the State Armory until 1904. Since then, they have been held in the University Gymnasium or the Memorial Auditorium.

In 1897, "the Kullud Koon's Kake Walk" was held on a scale far beyond anything before thought of as possible. Specialties replaced the impromptu stunts of previous years. Judges were selected from the faculty and citizens, the hall was decorated, and a goodly crowd gathered. The stunts included the "Hay Hill Football Team," the "DeWolfe Hopper Opera Company," the "Salvation Army," "Chauncey Depew," "Lillian Russell," "Tom Sharkey," and even the doughty Richard Coeur de Lion appeared to delight the audience with comical capers and witty sayings.

It was also at the 1897 Kake Walk that the Master of Ceremonies was dressed as a devil. The YMCA Melodeon was borrowed for the occasion and the devil felt he had to strike or prod it with his pitch fork to make sure it would play, inasmuch as it was a Methodist organ. It was in this same year that Perry Winrich of Boston composed "Cotton Babes" which was later arranged by Band Leader Joseph Lechnyr.

## Progress Continuous Since 1897

From 1897, the progress was gradual but continuous even though walkers, at times, diminished down to three or four couples. The impromptu specialties, which had been presented as evidence of youthful high spirits became more and more elaborately conceived and finely rendered stunts with plots, careful costuming and ingenious, often bizarre mechanical effects.

It was in 1904 that a stunt called "Varsity vs. Co-eds" was awarded the coveted cake. However, it aroused the ire of the University women attending to the extent that they all left the hall in a body, some weeping copiously. The stunt in question depicted a mock football game between the men and girls of the college. The men's team wore regulation football uniforms while the "girls" were costumed in huge hats and flowing veils. Wide lace flounces were visible at the bottoms of their trousers. Time was called at short intervals to allow the "girls" an opportunity to powder their noses with whisk brooms dipped into a conveniently placed bucket of corn starch.

It was in the previous year, 1903, that the fraternities presented their walkers and put on the stunts. The regimental band furnished the music. The week of George Washington's Birthday was officially designated as Kake Walk time.

In 1908, Clark C. Briggs '95, of Burlington, presented a cup to be given to the best specialty or stunt each year until it had been won three times by one fraternity, when it passed permanently into the possession of that fraternity. Later, T. B. Wright of the Syndicate Clothing Company gave a cup to be awarded to the winner of the Peerade which had become part of the celebration. The Boulder Society was given two smaller cups for the individuals in the winning teams of walkers. Mr. J. L. Southwick, editor of the *Free Press*, gave another for the

best "Koon Kut Up," an innovation in 1921.

It was in 1920 that Kake Walk became a two-night affair, with a parade and the Winter Carnival theme entered the picture. Hockey games and ice sculptures came to the fore at that time. One year, when there was not enough snow (believe it or not), one enterprising fraternity ordered cakes of ice. These arrived too late to be assembled into any pattern, and so remained as dumped off in the front yard. This heap of ice cakes created quite a bit of interest because some clever member of the fraternity had placed a huge card in front of it with the following inscription "Modern Kake Walk—Cubistic Style."

The masquerade ball, which had been given up, was revived in 1934 at which time the first King and Queen were elected.

Election of the first King and Queen was an exciting event. S. Thatch Hubbard, the successful candidate for King, was sponsored by the Communist Petting Party. According to Thatch, the Communist Petting Party should get the respect due old age inasmuch as it dated back to Adam and Eve. The campaign manager for the C.P.P. was none other than one Francis T. Colburn whose slogan was "A full bread basket."

The selection of the Queen was a very complicated matter. A rug was laid out in the hollow square of the spectators and huge dice rolled in. The monstrous

ivories boomed across the rug and number 193 was announced as the lucky number. The lucky number was held by candidate Kay Mahoney.

How times have changed. Now, campaigning. Voting is voting. Elections are elections. Lovely queens are chosen to smile and bow sweetly and to be attended by their defeated rivals who also smile. Kings are elected and reign for the short time, self-conscious embarrassed rulers, looking as though they wished they were anywhere but under the heavy, royal robes and dignified crown.

The editorial of February 21, 1947 sums up Kake Walk very neatly. "When we think of college days . . . We will always remember Kake Walk, Kake Walk is more than a tradition; it is a symbol of college life. The whole school becomes unified in one great surge of spirit—a spirit which is marked by the stimulating syncopations of 'Cotton Babes.' The competition is still there. Prizes are awarded to the group with the best skit, sculpture, and walkers. But the oneness of the laughter at the skits, cheering of the walkers, makes Kake Walk truly a University function. When the lights are dimmed, and Joe lowers his baton, a million intangibles are aroused inside every UVMer. Kake Walk is not described in words; it is described in feelings. This evening is the consumption of months of planning, campaigning, prop building, rehearsing and sculpturing. *This is College Life—this is UVM—This is Kake Walk.*"

## "WILL IT RAIN TONIGHT?"

... everyone wants to know, but military and air-line pilots must know and know promptly!

To help transmit this information, the Bell System maintains the largest facsimile transmission system in the world . . . a network nearly 20,000 miles long.

Over these wires the United States Air Force, in cooperation with the United States Weather Bureau and other government agencies, is able to send up-to-the-

minute weather charts and maps to many points simultaneously. Each receives a faithful reproduction of the originals. The chance for error is eliminated, valuable time is saved.

This network is a part of America's vast communications system—the finest in the world. The job of maintaining and improving this system, of keeping the cost of telephone service as low as possible, never ends.

**BELL TELEPHONE SYSTEM**

## Literary Wits Strive To Keep Skits From Censor Board's Axe

Let us delve into the dark and mysterious realms of that ancient cult . . . the Fraternity, as they prepare for a Kake Walk Skit.

The God of Thinking presides over the house and injects his deadly serum into a committee of men who have the task of finding a theme for their skit. Suggestions are presented, are considered, are dropped, and so on to the next until one in particular appeals to the group and is accepted.

At this point, the real work begins. Out of this initial stage, must develop an ingenious plot . . . humorous stunts . . . split second timing . . . props . . . committees for casting, lighting, directing . . . scheduled rehearsals, equipment and most important . . . cooperation.

Our literary wits get together either in teams or as a whole and elaborate on the theme. This is done over a period of weeks usually, and sometimes even vacations are sacrificed, to say nothing of sleep. Inspiration may be gained in various places, whose atmosphere is considered conducive to merrymaking, and jokes come thick and fast over numerous glasses of a popular beverage. (Be assured, dear reader, that the above is purely from hearsay, not from personal experience.)

The skit writers strive for humor that will be thoroughly enjoyed by all spectators . . . alumni, students, and townspeople alike. In a conversation with one writer it was learned that his fraternity had hit upon the idea of analyzing previous Kake Walk skits. As he explained it, "We wanted to find out why certain ones in the past, didn't click. Perhaps the skit was overdone, or the lighting was poor. Maybe they couldn't be heard distinctly . . . There must have been reasons for their not be as entertaining as they might have been. We intend to learn by their mistakes, which is as it should be."

And so, with no rest for the weary . . . joke-worn, time-rushed writers, they trudge on through scores of ideas; ideas that are applicable, ones not presenting too many difficulties . . . and ideas that won't be censorable. Keeping a thousand minute details in mind, the final draft is written, fingers crossed, and manuscript submitted. A committee consisting of three judges, in this case: Dr. Smith, Mr. Daggett, and Miss Bandel is selected to read the material and choose five skits for Kake Walk.

They also recommend changes and offer suggestions. Immediately after this, the fraternities envelop themselves in a barrage of work. The women on campus suffer silently and patiently while "Joe" is out rehearsing for his skit or making stage settings. And when he shows up an hour late for a date . . . she hears . . . an alibi that might sound something like this: "There we had the props all built and painted, when we realized that we could never get it through that narrow doorway," or, "we had to keep rehearsing to cut down our skits from thirty minutes to the allotted fifteen."

Now we have come to the end of our Cook's tour. We haven't seen the finished production as yet, but we have learned somewhat, of the problems facing

(Continued on page 10)

## That Old Kake Walk Spirit

### A Kake Walk Date by Pat Williams

It's known that Kake Walk is an added expense—

And it really adds up to dollars and cents And though you boys must get tickets and tux

It's really the girl that spends the "bucks."

A dress must be bought, (to her pop that's not funny

For he's the one that furnishes the money)

Your favorite color is the dress she buys (Even though it may not match her eyes).

Of course, no doubt you already know

That to a shoe store she must go

The shoes she gets are really "neat"

(But not for long when they're near your feet).

Your hair can be done with a shower and song

While she frets with hers which is thrice as long

And if one strand is not where it should be

Please don't tell her where it could be.

Little things like jewels and make-up

May seem trivial, but time they can take up

None of this you'll ever know

For when you see her she's quite a "show."

With gloves in her hand and coat on her arm

You'll really find her a bundle of charm

For you she's done this, cause she's your date

So give her a smile that's worth an "A" rate.

## Kake Walk Program Expands Over Years From Humble Start

Kake Walk holiday has always been a thrilling and exciting experience to following UVM students, whether held in the year 1908 or 1949. Naturally things have changed since the horse and buggy days at UVM, and Kake walk has changed as well. However, no matter how the programs, customs, or skits have been altered, the spirit has always been there, the spirit which is UVM.

Costumes are an integral part of the color and gaiety of any festivity, and costumes have always played a major part in Kake Walk celebrations, whether in the originally held Peerades, the Masquerade Ball, or "Walkin' fo' de Kake." In 1908 the prize winning walkers presented an entirely different picture from last year's winners. The man was arrayed in tails, striped trousers slightly rolled to uncover his ankles, a polka-dot vest, and the conventional sneakers. His partner, however, wore bowed pumps, a huge lacy bonnet, elbow gloves, and a neck-to-floor frilly dress. Nothing was exposed except her sweet smiling face. Her leg, expertly resting upon her partner's shoulder, exposed many rows of gathered lace. The only question now remaining is, just how did people walk when arrayed as such?

The audience seated in the auditorium in 1929 was entertained at the sight of elaborately arrayed walkers dressed in suits of blue and white satin, illuminated by tiny electric lights which glowed on various parts of the costumes. Numerous colors were blended into the costume of the walkers of 1940. They were conspicuously dressed in silver, white, red, striped, and multi-colored costumes. This year was also noted for having two girls "Walkin' fo' de Kake." Last year's "danciest cullud pussions" were dressed in various costumes of splashy blue satin, high-lighted colors of red, yellow, stark white, green and blue, gleaming under concentrated lights. To most of the UVM upperclassmen, the picture of these walkers doing their stuff may still be vivid.

A Peerade, antecedent to the Masquerade

### DELTA PHI EPSILON

The D Phi E girls had a wonderful time cooking a spaghetti supper for some fifty odd hungry boys and girls on Sunday January 15 at the D Phi E apartment on 89 North Prospect. The supper was planned under the able chairmanship of Rita Finberg. The affair started at 4.30 and lasted until 6.00. Some time in the near future D Phi E will again plan another Sunday evening supper.

A rummage sale was held on January 15 at the Odd Fellow Hall by D Phi E. Part of the proceeds from the rummage sale and the supper went to WSSF.

Congratulations are in order to President, Marcia Osher who recently announced her engagement to Morton Friedman of New York.

### KAPPA ALPHA THETA

February 24 not only signifies the beginning of the biggest UVM social event of the year, but also the return of many alumnae and alumni. Theta "alums" who will return to "215" for Kake Walk are Aileen Nichols Smith, Breezy Bristol Bryden, Toots Hageman, Ruth Jandorek (better known as "Klunk") Lee Church, Alison Stead, and Doris Holmberg. Needless to say, every couch, cot and spare mattress will be called into service—where there's a will there's a way.

On Sunday afternoon there will be open house at the Theta house. If you want to relax over a cup of coffee and enjoy an afternoon of visiting with friends and alums, 215 So. Prospect Street is the answer to your wish.

Charlotte Plumb will be around Burlington just long enough for Kake Walk, for she leaves the 27th for "points south"—namely Wilmington, Vt., and practice teaching.

Norma Carmichael will forsake Kake Walk entirely, for the sake of Sigma Chi, and Colgate's Winter Carnival.

Not relating to Kake Walk, but nevertheless important, was the "big-little-sister" banquet, held February 17, at Marietta's. A delicious turkey dinner, a few songs, and 52 Thetas added up to a night to remember.

As these notes go to press, all Thetas are joining with the rest of the student body in a fervent prayer for a Kake Walk WITH snow!

### PHI DELTA THETA

Welcome Alumni to the 52nd annual Kake Walk.

Phi Delta Theta is putting all its confidence behind Dan Burke and Rod Smith to take top honors in the walking. Rod Smith is a two time winner having teamed with Hal Mayforth, Jr. in 1947 to win and last year with Dan Burke. Both are in excellent shape and are looking forward to the first notes of "Cotton Babes."

In spite of the recent monsoons, Phi Delta Theta will have an A-1 snow sculpture. We will be vying for the top honors where we have placed in the last two years.

A buffet supper, under the capable direction of Ray Comolli, will be held on Thursday evening preceding the Kake Walk Ball.

Doug Pierce, ace cross-country ski man, will be absent due to the big ski meet at Middlebury.

Many alumni are expected to return for the annual festivities including: Chuck Arliss '48, Dave Tuholski '47, Al Weiss '48, Duke Reid '48 and many others.

An open house will be held on Sunday, February 27 from 3-6 to which all are invited. A special invitation is extended to all Phi Delta Alumni.

The members of Phi Delta Theta wish one and all the happiest Kake Walk ever and hope this Kake Walk will be but one in a never ending chain.

### PI BETA PHI

Kake Walk campaigning and anticipation have been taking the limelight of the activities at the Pi Phi house during the last few weeks. We are all looking forward to seeing Lyn Derrick, Margie Bagby, Cindy Smith, Eddie Verrall, Dottie Scott, and Vevie Grier '48, graduates expected back for the week-end. Tuesday evening, the house was opened for an informal coffee hour to climax the campaign for Margie—and here we can all give a special tribute to a really grand candidate.

Wednesday the pledges of Pi Phi sponsored a dessert hour for the other sorority pledges. The evening was enjoyed by a large group. Sunday afternoon the welcome mat will be out for UVM and its friends. A warm invitation is extended to everyone.

But besides the Kake Walk celebrations we have been quite busy. Janie Atwood, Gladys Clark, Betty Grow, and Toady Page are turning the tables and are now practice teaching at the high school. They like it, too.

The lack of snow is disastrous. But when it was here, the Pi Phis weren't. We could practically meet the whole sorority at Stowe, and the post-exam vacation was timed perfectly. Even Peggy Harris got down the Tyro. Fantastic!

Three cheers for Mary McBratney! Sylvia is at the Home Management house and Mac is taking over the kitchen providing Syl with good competition.

It has been a wonderful Kake Walk and will continue the same way. Best wishes to you all for a wonderful week-end!

### SIGMA NU

The bustle about the house the past week has been at its height with poster making, skit practice for the presentation of Sigma Nu's candidate for Kake Walk King, Duncan McLaren, and the search for snow for the Ice Sculpture. Since the weather man has failed to oblige with the valuable powder, importation of snow from nearby areas and the purchase of ice has been necessitated.

An open house is planned for this week-end to celebrate possible victories in Kake Walk competition and also to bolster the spirit of the campus holiday.

The Kake-Walking team of Bill Reid and Tom Snelson has been working out every afternoon and Sigma Nu's outlook in this event is tops with no mishaps between now and Friday night. The workout is very strenuous and pulled muscles are easy to get.

We are looking forward to a successful Kake Walk holiday and wish all participants and everyone on campus the best of luck and an exciting and eventful week-end.

### SIGMA PHI

During the weekend of February 12, eight of the brothers, Jack White, John Burrows, Doug Tudhope, Elly Hayslip, Dick Nostrand, Steve Gates, George Davenport and Bob Taisey, visited the four Sig chapters in New York State, being very cordially received at the Union, Hamilton, Cornell and Hobart chapters. The week-end proved to be a tremendous success the return of two of the good brothers for a few days.

Now that semester exams and vacation are things of the past, serious activity on the part of all brothers and pledges has been directed toward preparations for Kake Walk. George Brigham, for his third consecutive year, joined by Mickey Boylan, under the direction of Ron Page, have been earnestly and rig-

idly putting themselves in condition to represent the Sigs in the walkin' fo' da' kake. Bill Flanders, Doug Tudhope and Elly Hayslip have been instrumental in organizing the house to work on the ice sculpture and much has been accomplished to date in spite of the decided absence of snow.

The work on the ice sculpture has not been without its mishaps, however. On Sunday morning, February 20, Sky Banghart injured rather seriously his right hand, necessitating his removal to the Mary Fletcher Hospital for a few days.

Preliminary preparations have also been made for the open house and tea to be held on Sunday afternoon from 3 to 5, February 27.

Basil Cook, a good Sig brother who attended UVM before the war, has returned to resume his undergraduate work.

## CAREERS AT GENERAL ELECTRIC

General Electric is not one business, but an organization of many businesses, offering opportunities in virtually all the professions. Here three G-E men brief the career possibilities for the engineer, the x-ray specialist and the business trainee.

### ENGINEER IN MANUFACTURING

C. H. Linder (Texas), Ass't Manager, Apparatus Dept.: "An important part of my work is developing men for Manufacturing Management. For this we have a Manufacturing Leadership Program, in which we assign young men to serve 'personal apprenticeships' to seasoned, successful managers in varying phases of manufacturing."

### X-RAY SPECIALIST

R. F. Wilson (Yale), of the G-E X-Ray Corp.: "For electrical and mechanical engineers, physicists, chemists, and industrial designers who enter x-ray work there's a double satisfaction—that of contributing to a technology having direct benefit to humanity, plus the challenge of unusual engineering problems."

### BUSINESS TRAINEE

John McCallister (Indiana), of the Business Training Course: "Graduating as an accounting major, I had the usual choice: public or industrial accounting? I chose industrial with G.E., and, after a year of work in Tax Accounting and of study with the BTC, I'm more sure than ever that it was a good choice."

For further information about a BUSINESS CAREER with General Electric, write Business Training Course, Schenectady—a career in TECHNICAL FIELDS, write Technical Personnel Division, Schenectady, N. Y.

## High Excitement To Reign Along With King And Queen

Kake Walk competition and spirit will climb to a thrilling climax tonight and tomorrow night when the fraternities bring forth their skits and high stepping kake walkers in the Memorial Auditorium. Here they will vie for awards before a crowded auditorium and six judges. Each night a fabulous and coveted cake will highlight the conquests of the walkin' fo' de cake along with the Preston Cup for the winning skits Friday and Saturday nights.

The UVM band under the baton of Joe Lechnyr makes magic with "Cotton Babes" for the walkers while the excitement of the spectators reaches its peak. The band also plans music preceding the program and during the ten-minute intermission between skits and walking.

Saturday marks the end of long labors and planning on snow sculpture when they are to be judged in two categories. Awards will be made for first and second choices of the three judges, Miss Eleanor Luse, Robert H. Kroepsch, and Francis Colburn, in each of the two groups. These include men's dormitories, fraternities and the VIP's in one group and the women's dormitories and the sororities in the other.

Besides the traditional cake and the Preston Cup, first and second place awards are made to the walkers repaying them for the many hours of vigorous training. Likewise for the skits, the months of planning and rehearsing are rewarded by first and second place trophies including the Briggs cup, which like the Preston Cup is given to the winners of the skits and walking of the first night to keep until the fall semester when they are surrendered to those who won on Saturday night.

Two sets of judges, one for the skits and one for the walking, will be on hand to pass the verdict each night. On Friday night's judicial stand will be H. H. Powers, Harold Collins and Mrs. Ethel Hoffman watching the skits, and Paul Moody, Ippocrates Pappoutsakis, and A. B. Rooney watching the walking. Dean William E. Brown will make the awards. Saturday night's judicial body will include Robert Proctor, Miss Muriel J.

(Continued on page 10)

## Kake Walk Directors of 1949

Frank Krug

Franklin P. Krug, Alan Pratt, and Frank Zwick are the Kake Walk Directors of 1949.

Franklin P. Krug is the Financial Director. He entered the University of Vermont in the fall of 1945 after three years in the Air Force. He is a mechanical engineer and a member of the American Society of Mechanical Engineers.

Mr. Krug is a member of Phi Delta Theta Fraternity and a member of the Interfraternity Council. He was Chair-

Frank Zwick

man of the 1948 Interfraternity-Inter-sorority Sing. He was Kake Walk scrub, committee head, assistant director and Director for the four successive years. Mr. Krug is a native of Westmount, P. Q., Can.

Frank Zwick, the Production Director, is a pre-med student from New Britain, Conn. He entered UVM in the fall of 1944 and joined the army after his freshman year. He re-entered UVM in January, 1947, became assistant director of Kake Walk in 1948 and director in 1949.

Al Pratt

He was also a director of Senior Week in 1947.

Mr. Zwick is a member of Sigma Alpha Epsilon Fraternity.

Alan Pratt '50 is a pre-law student from Proctor. Pratt, who spent a year and a half under the Navy V-5 program, was an assistant director of Kake Walk last year. In addition, Pratt has been a member of the Executive Council of Student Government, chairman of the Junior Week Publicity Committee, and chairman of the Pep Committee.

## Home Eccers, Aggies Make Future Plans For Sugar Party

The January meeting of the Home Economics Club took place at the Brick Barn on the 18th. The business meeting was held with Catherine Carter, the president introducing Gordon Farrar, a member of the Aggie Club, who discussed the spring Sugar Party, and the possibility of having to change plans for it this year. Catherine then announced that the proceeds of the cookie sale for the week of January 10 were contributed toward the WSSF drive. After the meeting Jane Cook introduced Dean H. G. Miller, associate dean of the College of Agriculture, who spoke of the prospective home economics building. Refreshments were then served by the club members and faculty.

On February 17, the meeting of the Home Economics Club was held at the Brick Barn at which it was decided to have a Spring Fashion Show. It was announced by the president, Catherine Carter, that the Aggie Club along with representatives from the Home Ec Club have decided to hold the annual Sugar Party on a smaller scale this year. After a discussion of other items the meeting was closed, followed by the serving of refreshments.

# Smoke a LUCKY To feel your LEVEL best!

up when you're low . . . calms  
you down when you're tense!

Luckies' fine tobacco puts you on the right level—the Lucky level—to feel your level best, do your level best.

That's why it's important to remember that LUCKY STRIKE MEANS FINE TOBACCO—mild, ripe, light tobacco that makes a thoroughly enjoyable smoke. No wonder more independent tobacco experts—auctioneers, buyers and warehousemen—smoke Lucky Strike regularly than smoke the next two leading brands combined.

Light up a Lucky! Luckies' fine tobacco picks you up when you're low, calms you down when you're tense. So get on the Lucky level where it's fun to be alive. Get a carton and get started today!

UVM's Speed Subdues Mass By 53-33; At Norwich Tues.

Evansmen Display Fine Passing Game; Pierce, Kotlarczyk Top Scoring

by Bill Matthews

A smooth-working Catamount quintet defeated the University of Massachusetts at Memorial Auditorium Saturday evening by the score of 53-33.

Displaying the teamwork which has characterized many victories in the past, Vermont exhibited excellent ball handling in baffling the Maroon and White team from Amherst. Ken Pierce, with some neat tosses from underneath the basket, led the scoring for UVM with sixteen points, while Ed Kotlarczyk contributed 14 points and Stretch Galli 13. Vermont won its second Yankee Conference game and ran the year's total to 11 victories by defeating the Maroon.

Time and again, by means of some deft passing, a Vermont player was shaken loose to score easy layups, and rarely did the Green and Gold resort to long set shots. Al Niemann as usual, set up some brilliant plays from the bucket besides dunking in nine points himself.

Captain McGrath was the only consistent scorer for the Bay State Institution; he connected with a total of ten points on shots from the outside. Gagnon hit with seven points from his guard position and Norskey with six were the most prolific scorers besides Captain McGrath. The Catamounts shifting zone defense effectively bottled up the Massachusetts attack, and most of their counters were made from outside.

The Evansmen overtook a short-lived Mass., lead after the first few minutes, and never relinquished control thereafter. At the end of twenty minutes of play, Vermont held a 25 to 16 lead.

Captain Hammie Livingston was back in uniform playing with a plastic mask to protect his mending nose. Although seeing only limited action, and obviously hampered by the mask which covered most of his face, Hammie showed some of his old form in rebounding and working the ball down the floor. Pat Farma played a great defensive game in Hammie's place, and with his speed and alertness nabbed more than his share of rebounds and pass interceptions.

Eddie Kotlarczyk scored twice on brilliant pass interceptions and dribbled in all alone for layups.

All in all the Cats looked the best since their one point victory over Springfield here a month ago. The passwork

Mass. vs. UVM Game Action

was generally good and consistent shooting from the floor and foul line spelled victory. It was the seventh straight victory for Vermont on its home court. Every man on the squad saw action as Coach Evans substituted freely in the last eight or ten minutes of the game.

Cats After Fourth Vt. Conference Victory; Livingston Back Again

Tuesday night the Catamounts invade the hardwood court at Norwich University looking for their fourth victory in as many starts against Vermont competition. Assuming, of course, that Vermont defeats Champlain tomorrow night, the Cats will be gunning for their thirteenth win as against five losses. UVM has previously racked up a 56-44 win over the Cadets on the Auditorium surface. Norwich, although they came up with a surprise win over Middlebury recently, is having one of its hard luck years in basketball and is currently holding down the cellar in the Vermont Conference. Vermont, by virtue of its undefeated status in Conference play since the winter of 1943, will be heavily favored to add another Norwich scalp to its collection. Although the Cats lost much of their timing and accuracy during the mid-year exam layoff, they have been steadily regaining their old form and should have no trouble bringing Norwich into camp. Coach Evans is on guard against any upset such as the Champlain game.

Coach Evans will probably stick by his regular starting line-up with lanky Keith Galli in the center circle, big Al Niemann

(Continued on page 9)

Sidelines

A pre-Kake Walk festive air was contributed by the presence of gaily attired clowns and candidates for the King and Queen. At one time during the game former Kings Art Collier and Ed Kotlarczyk and King candidate Bob French were all on the playing surface at the same time.

## Ski Team Places Fifth At Dartmouth And McGill

The Catamount ski team of coach Bob Searles finds itself in a very favorable position due to their fine showing at the McGill University Winter Carnival last week-end.

The Green and Gold team finished in fifth place being barely edged out by the host McGill club. A few breaks would have given Vermont the coveted fourth slot.

With the excellent score turned in at McGill, and another fifth place in good competition at Dartmouth, the UVM skiers stand a good chance of regaining the class A rating from which they were dropped at the end of last season.

If, as now appears likely, the Middlebury Eastern Championship Meet is canceled, the McGill Meet will stand as final ratings for Eastern Colleges, and that will find Vermont firmly entrenched in fifth place, three lower than the required 8th place to regain Class A rating.

At the Dartmouth meet Vermont wound up with 536.7 points only 12 points behind New Hampshire. Sylvester in jumping and Belding in downhill led the Cat scoring.

At McGill it was pretty much a team affair with the Searlesmen displaying good teamwork in all departments. Coach Searles deserves a lot of credit for bringing the snow sport out of the depths in one year, under adverse conditions. The future of Vermont skiing is on the upswing.

Final team standings: Dartmouth 588.3; Middlebury 588.9; McGill 554.3;

New Hampshire 548.2; Vermont 536.7; St. Lawrence 523; Maine 501.7; Harvard 489.0; Toronto 444.6.

Jumping: Cummings, Maine, 215.8 (1); Bull, Dartmouth, 213.3 (2); Draper, McGill, 212.4 (3); Sylvester, Vermont, 210.6 (4); McIntyre, St. Lawrence, 209.9 (5); Caldwell, Dartmouth, 209.1 (6); Arnsberg, Dartmouth, 207.4 (7); Valentine, Middlebury, 206.5 (8); Jacobs, Middlebury, 206.2 (9); Stewart, Dartmouth, 205.7 (10). Team scores: Dartmouth 98.2; Middlebury 96.1; McGill 94.7; New Hampshire 93.

Downhill: Griffin, McGill, 73.1 (1); McIntyre, St. Lawrence, 74.3 (2); Dodge, Dartmouth, 78.1 (3); Jacobs, Middlebury, 78.1 (4); Hugesson, McGill, 78.1 (4) (tie); Arnsberg, Dartmouth, 78.3 (5); Stewart, Dartmouth, 79.1 (6); Tumdart, Dartmouth, 79.3 (7); Neuburger, Middlebury, 80.1 (8); Belding, Vermont, 80.1 (8) (tie).

Team totals: McGill 96; Dartmouth 95.7; Middlebury 93.8.

### NOTICE

Free chest X-rays will be given to all undergraduates, graduate and special students, all members of the faculty, and all persons employed by the University of Vermont in Room 36 of the Waterman Building from Monday, February 28 through Friday, March 4. Registration cards and further information regarding the X-rays can be obtained from Dr. Kingsbury at the Infirmary.

## Carlton and Thorell Shine at Skidmore; No Snow at Syracuse

The UVM girls' ski team placed well in the Skidmore College meet at Saratoga Springs, N. Y., last week-end, with Harriet Carlton and Carolyn Thorell winning first and third places in the individual downhill event.

In the individual slalom, Carolyn Thorell and Harriet Carlton were third and fourth respectively, winning them second and third in the individual combined competition, Harriet Carlton second and Carolyn Thorell third.

In team competition, the Skidmore girls won first place, with Middlebury College second and UVM third. These were the only three colleges represented at the meet.

Results of the team downhill race were: Jane Rupp, Middlebury, first; Joan Jenkins and Bobbie White, Vermont, fifth and sixth. Of the team slalom: Sally Harrison, Skidmore, first; Joan Jenkins, Vermont, third; and Bobbie White disqualified because she missed a gate.

Four girls from Vermont made the Skidmore trip: Joan Jenkins, varsity; Lynn Thorell, transfer from St. Lawrence and varsity while there; Harriet Carlton and Bobbie White.

Other UVM girls were sent to the Syracuse competition last week-end, which was called off because of lack of snow. These girls were: Tony Peloquin and Nancy Stell, varsity; and Jane Cook and Sally Halligan. Coach John Howard accompanied the team.

Both teams left Friday morning and returned Saturday night.

## Cats Seek To Repay Champlain; Preliminary Game Star Studded

Mort Kaufmann

Mid the Melodies of "Skitch" Henderson, the vivacious co-eds and the strains of "Cotton Babes," the University of Vermont will meet Champlain College at the Auditorium on Saturday afternoon at approximately 3.00 p.m. The big athletic event of Kake Walk week-end will find the Catamounts meeting a foe, that defeated Vermont a little over a week ago by a decisive sixteen points at Champlain.

If UVM displays the smooth working ballhandling which baffled the University of Mass., last Saturday, the Cats should readily penetrate the Champlain defense, which yielded few shots from in close during their last encounter. Coach Evans will have every one available for the game, if the physical exertions of Kake Walk are not too great, Vermont should prove a more formidable foe than in their first encounter.

The initial game, on Saturday, will bring together the deeply hidden basketball talents of a few, well chosen members of the faculty and students in the new annual Student-Faculty Game. Last year the battle ended in a 32-32 score, which many attest was the best display of basketball seen in "many a moon" on this campus.

The lineups for this battle are tentative,

but many of these talented, athletes are known. The faculty team, which bears the loss of the services of star center Lyman "Shorty" Cote due to domestic duties, can call upon the services of "Deflation" Gary and, "Acid" Smith, both professors of merit. In addition, the Military Department will furnish "Pill-roller" Delp, "Buckets" Baker and "Pro" Stark; other notorious shots as "Arrow Plate" Sollosi, "Pointer" Johnson, and "Dictator" Witherspoon will furnish the faculty with scoring punch. It is reported that Coach Mike "two-ton" Kasas will use the single wing . . .

Players, who will uphold the dignity of the students, are "Hawkeye" Travers, "Buckshot" Ingram and "Automatic" Dempsey, some of the meaty members of the squad. "Lightning" Ursprung, "Swiss" Hurley, "Bubbles" Ward and "Dead Eye" Dusenberry will provide the speed, while "Scoop" Bickford and "Trapper" Morgan should awe the crowd with dazzling deception.

Coach Fuzzy Kruse, while supplying a "cold one" at the Sugar House . . . said . . . The students gotta win, we gotta get revenge from last semester, hic. Blindmen referees for the game will be "Whistle Happy" Setien and "Finger Pointer" Lewkowicz.

## Varsity Club By-Laws

1. Name of Organization—UVM Varsity Club
2. Purpose of Organization
  - a. To promote a better understanding between athletes, coaches and students in regard to the problems of Athletics of the University of Vermont
  - b. To band all Athletes of all sports into one organization in order to promote better athletic spirit amongst themselves and the student body
  - c. To settle the complaints and grievances of all athletes concerning any problems confronted in any sports coached on this campus
  - d. To keep all alumni varsity lettermen in close contact with the University of Vermont after graduation to insure that said University will have better athletic teams; for said alumni members are the men who are most interested in athletics and will see that said University has athletic teams of a high caliber; and see that such men are formed into a cohesive Alumni Club that will aid needy student athletes in good academic standing
3. Those of the University of Vermont who have won their varsity letter
4. Officers to be elected and the time elections are to be held:
  - a. Those elected officers will be
    - (1) President
    - (2) Vice President

- (3) Secretary-Treasurer
- b. Elections will be held annually in June
5. Time and number of meetings and place of meeting
  - a. Meetings will be held twice a month
  - b. They will be held on the 1st & 3rd Thursdays at 7:00 p.m.
  - c. Meetings will be held in the Gym
6. Validity of Organization
  - a. This organization has the sanction and approval of the following bodies of this university
    - (1) Athletic Department
    - (2) Athletic Council
    - (3) Student Government
  - b. A registration certificate has been filed with the University Council
7. Duties of the Varsity Club
  - a. Meet all visiting athletic teams
  - b. Discuss any complaints of athletes relative to
    - (1) Coaching
    - (2) Price of tickets for admission to athletic contests
    - (3) Complimentary tickets
    - (4) Athletic fee of Student Government
    - (5) Any matters that directly concern or indirectly concern those men who participate in athletic contests
  - c. Keep in close contact with Alumni members for the purpose of
    - (1) See that they send promising athletes to UVM
    - (2) See that they get complimentary tickets for future athletic contests
    - (3) To form a loyal cohesive Alumni Club
  - d. Submit a budget to Student Government for future expenditures which may include
    - (1) Dances
    - (2) Books for keeping minutes and appropriate finances
    - (3) Paper and postage for correspondence
    - (4) Green & Gold Alumni Membership Book to be printed annually
8. The Faculty Advisor is Prof. F. D. Carpenter
9. The minutes of each meeting will be formulated into a Report which will be presented to the Athletic Council or any University body that desires to see or review said minutes
10. A series of open letters will be sent to Alumni each month via *Alumni News* telling of the clubs organization and progress
11. First permanently elected Officers and their addresses and phone numbers
  - a. President—John P. Hurley—368 Main St.—2916—2 Ames Pl., Morrisstown, N. J.
  - b. Vice Pres. Charles Travers—135 R. 4th Pkwy.—2629-W.—Morristown, N. J.
  - c. Sec. Treas.—Joseph W. Waterman, 16 Wilson St.—5407—36 Burrage Rd. Newton Center, Mass.
12. To see that a tutoring fund is set up for athletes who are deficient in certain courses
  - a. Before athlete is eligible for such a fund he must have the recommendation of his coach
13. To see that a training table is set up
  - a. Primarily for football
14. To see that funds are available for annual Spring Baseball trip

## Feature . . . Cheerleaders Plan New Cheers, Tactics

"Let's fight for Vermont! Let's fight for Vermont!" Everyone on campus is familiar with these words and probably a majority of the students at one time or another have sung them but how many students on campus have really given much thought to the ones leading this song or the other cheers? How many could tell how the cheerleading organization is setup, how those cheerleaders get those green sweaters and White V's?

To start at the beginning, the cheering squad is under the direct guidance of the Pep Committee which consists of three members chosen each year by Student Government. Incidentally the Pep Committee hopes to be expanded in the near future to include seven members with at least three women members with all members to be representative of the four classes.

Under the by-laws of the committee, three varsity cheerleaders are allowed with a squad of freshmen. The squad at the present consists of Elly Hayslip, captain; Richard Lyon, and Ronald Liston, varsity leaders and freshmen Ronald Ross, Gene Boardman, Reg Rider, Larry Gardner, Jr., and Jim Merrill.

A plan of awards is worked out in the by-laws whereby freshmen may win their green sweaters with the white V's after completion of a full year of cheerleading. These sweaters are given out at the end of the football season each year. White V's are used to distinguish cheerleading from the other sports. The varsity squad in conjunction with the Pep Committee makes the final decision as to the three men who each year receive the coveted sweaters. Recently Student Government appropriated funds to the Pep Committee to be used to purchase slacks for the cheering squad which will add greatly to the look of uniformity which the cheering squad is working for.

The present cheerleading squad has many plans for the future, some of which it is already working on.

Contrary to rumor it does not plan to have girls on the cheerleading squad. An attempt was made to do this early in 1948 but due to general opinion on campus and suggestions from the Dean of Women and the present squad this was not successful.

The present squad feels that its greatest need at the present time is stronger backing and more action from the Pep Committee and larger financial appropriations. An attempt was made this year to run a series of dances but this was a failure chiefly because of the lack of a larger organization to back the cheering squad. It is hoped that by next year a system can be worked out whereby some of the larger organizations on campus will back outings, dances, etc., for the cheering squad.

From one quarter at least, the cheerleaders have received 100 percent cooperation and backing and this is from the Athletic Department, which has presented to the squad a portable microphone and some hand megaphones.

Some of the plans for future cheerleading include a desire for transportation to nearby games, dances to accompany pep rallies, and team send-offs the night before a game but unless a few students attend the rallies and send-offs, they are impossible.

New cheers are in the process of being worked out, some of them with the band. The cheerleaders would like to start a card section similar to the system used at Southern California and include cheers involving tumbling, etc., as are used at Michigan and Syracuse but this cannot be done without more freshman cheerleaders, especially ones with a flair for the tumbling and the agility to execute it. Cheering practice is held every Thursday afternoon at four in the cage in back of the gymnasium.

Cheerleaders can have plans and plans, however, but without the student body solidly behind them their plans are to no avail so let's get out there and support them! Every contest should have the spirit of the '48 Vermont-Middlebury football game. The Athletic Department has received word from many alumni that the spirit is picking up but there is a long way to go yet.

In the future the cheerleaders plan to attend all sports events, not only football and basketball but baseball, track, etc.

## Sports Slants

by Vic Murdock

Farewell and congratulation to Gordon Bickford for the splendid job he did during the last year as Sports Editor of the CYNIC, it has been a pleasure working for him. However, Gordie will still be writing for this publication and like Sam Houston and Ted Battles, who preceded him, our retiring editor has decided to write for a daily paper in his spare time. Thanks for the headache pills you left in your desk, Gordon. I will probably need them before the end of the year.

### Hockey Gets The Boot

Our ill-fated hockey team, hindered continually by the weather this season, was struck another hard blow last week when the athletic council decided to discontinue the sport as of next year. The main reason given for the council's decision is perhaps obvious to us all and yet I personally disagree with the action taken. They contend that the unpredictable weather in this vicinity makes it impracticable to allocate funds for one of New England's main winter sports; last year only one game had to be cancelled of the half dozen or more home games. Just because we have a mild winter this year is no reason why we should plan to discontinue the sport next year. It would certainly seem to this department fairer and more logical to carry over what has not been spent this year to next year, and give the fellows on the team a chance to represent Vermont in a sport that is becoming increasingly popular throughout this area. St. Michael's, Norwich, and Middlebury have also suffered from this unusual weather but they have increased their facilities and are planning to make hockey one of their main winter sports. It is true that an indoor rink would solve everything, but by the time that dream becomes a reality Vermont will be far behind the other college hockey teams in the northeast. Considerable money has been spent for equipment during the last three years—what are we going to do with it? There will be several disappointed hockey players on this campus next winter if we have good ice and idle hockey equipment, which can not be used for an organized team. I strongly urge the members of the team, those faithful 200 fans who witnessed the Union game, and any others, who have the game at heart, to place the matter before the student government and the athletic council.

### Underdog Comes Through

We are not making excuses, but there always seems to be one game during a season, no matter what sport, when everything goes wrong and an underdog comes through with a surprising upset. It is more usual in basketball than any other sport, because of

the playing conditions, which are far from approaching a set standard. Backboards differ as much as the temperament and consistency of the officials calling the plays. One night a team may win on its home court and a week later lose to the very same team, on their court, by the same margin or more. When Champlain beat Vermont last week it was one of those games that leaves the fans and coaches scratching their heads; the players do not talk about it. Saturday afternoon should prove to be a reversal of the action that took place over in Plattsburg this time with Vermont taking Bluejays into camp to even things up.

### Glances Here and There

An eight game southern baseball trip, starting with a game with Fort Meade on April 11, brings UVM back to the pre-war days. Navy is included on the schedule, along with Hofstra College, George Washington College, Loyola at Baltimore, Lehigh, and Fort Dix. Vermont opens its regular 12 game schedule on April 30 with Bates here at Burlington . . . John Bellows, Bill McIntyre, Dunc McLaren, Stan Ursprung and several other track aspirants have been getting into shape on the indoor track and in the cage . . . Ed Kotlarczyk is leading scorer for the Catamounts with a total of 176 points as of the Massachusetts game . . . Trainer "Shorty" Cote added to his itinerary of odd jobs last weekend when he doubled for electrician and acrobat to replace a light, which burned out during the basketball intermission . . . since the ski team acquired their new full time coach, Bob Searles, a remarkable improvement has been shown; fifth at the Dartmouth winter carnival and fifth place last week-end at McGill is certainly an indication that UVM rates a class "A" standing from the I.S.U.

### Norwich Basketball

(Continued from page 7)

at one forward position and Ken Pierce at the other. Ed Kotlarczyk and either Pat Farma or Capt. Hammie Livingston at the guard posts. Hammie may or may not see much action depending on whether his fractured nose will be sufficiently healed to enable him to play without his special nose mask which covers his entire face.

The K-dets have an able and experienced team. With the skyscraping Thompson on the backboards and a pair of sharpshooting guards, Daley and Bovee, the Horsemen have managed to make

things hot at times for some of their opponents. The line-up will probably be the same as the winning combination against Middlebury. Jim Sievwright has been starting at center lately and although he does not hit the hoop with much consistency, he has been dependable under the backboards and in setting up plays. Chuck O'Connor and Thompson will be at the forwards and Daley and Bovee at the guard posts with Jake O'Connor and Merritt bound to see some action.

The freshman squads from the two schools will meet in the prelim in what should give Vermont a sweep of the Norwich series this season.

## Candidates Presented In Rigorous Campaigns

(Continued from page 1)

Open house was held Tuesday night by the Pi Phis, who nominated Margie LeSueur as their candidate. One striking skit put on in the soda fountain by Margie's fans was the "Kake Walk of 1920." Prisoners in striped suits stumped through Waterman bearing signs, such as "I'm Slaving for Margie." Much use was made of the song "Margie."

Robinson dining hall was the scene of a great deal of campaigning "Margie" and "Ann" napkins were put in the napkin holders. Pieces of chocolate with tiny red flags having Lynn's picture on them was served. Gum drops were served in candy dishes bearing the slogan "Sweets from Susie." Each candidate paid Robinson a visit for one meal. Several times music or singing was provided by campaigners during the dinner hour.

Sigma Nu, whose candidate was Duncan McLaren; and Kappa Sigma, who put Bob French in the running, didn't go all out for publicity stunts. Besides the usual serenading and passing out of cigarettes and flyers, the only outstanding features of the campaign for king were: the kilted Scotsmen who showed their knees in Waterman to advertise Dunc and the large sad MGM lion, Leo, which the Kappa Sigs placed on the campus, bearing words which advertised their "star."

Red-nosed clowns distributing McLaren flyers began the candidate plugging at the Vermont-Massachusetts State game Saturday night. Banners bearing the names of candidates were hung along the edges of the auditorium balcony.

Sue Levine was the first candidate for queen to appear in a skit during half-time. The limousine was a surrey with a red fringe. The song, "If You Knew Susie" filled the auditorium while A E Phi pledges dressed as country boys and girls in jeans and peasant skirts, pulled the surrey around the floor.

Seated on a flower strewn lawn, which covered a railway express wagon, Anne O'Donnell was presented next by the Tri-Delts. "Blue Eyes Smiling at You" was sung while the Tri-Delts maneuvered the wagon across the auditorium.

"Which has the Toni?" was asked by two mop-haired Sigma Nus to introduce their skit. "Athletes" dressed in longies and Duncan McLaren dressed in track clothes came in. Another attraction of the side show was an "acrobat." The "athletes" ran a race, accompanied by the comments of a typical sports announcer. Dunc led most of the way and his opponents fell by the wayside so he crossed the finish line as the winner.

Kappa Sigs, with only their green and gold basketball uniforms for costumes, carried Bob French into the center of the basketball court on their shoulders. Two team members carried a huge sign saying, "Vote for Bob French."

Lynn Davis rode before the public in a chariot pulled by Grecian maidens. At the beginning of the Alpha Chi skit, the lights went out. A screen bearing the word "Lynn" in gold letters blocked the entrance to the auditorium. When the screen was removed, the spotlight was focussed on Lynn.

Pi Phi also made use of the effective spotlight technique. Margie walked across the court alone in the spotlight, and then was presented a bouquet of roses by a "handsome Vermont man" while the Pi Phi sang "Margie."

## Preparation Of Skits

(Continued from page 4)

the creation of a skit, and experienced by the whole fraternity. And when we look back and think of the pains that go into this event—the worries of perhaps . . .

"Where to draw the line on dialogue . . . where on action? Will the audience be entertained? Does it run overtime . . .? Can we get the necessary equipment? Do the rehearsals conflict with anyone's schedule, exams or dates? How to dress men up as women . . . and moreover how can we talk some rugged individual into playing a woman's part?"

We find that these questions must be answered and these problems solved. And then we might wonder, "Is it worth it?" Fortunately for the spectator, the answer is apparently in the affirmative. The participants believe it is, because they believe strongly in the spirit of Kake Walk and in its rich traditions, as ancient as UVM itself. The traditions embodied in a gala spectacle of color and vivacity and ingenuity known by, awaited by, and in the memory of every UVM Student past and present as Kake Walk Holiday.

## Old Kake Walk Programs

(Continued from page 4)

ade, in 1908 was not so long nor so full of clowns as those of later years, but the sight of its participants riding upon horseback added to its thrilling moments. One fellow won a prize in 1921 by appearing before his classmates dressed in a long beard, a helmet, a flour barrel and a long spear—nothing else! A sign he carried read, "When Knighthood was in Flour." Another prize went to a huge stork, covered with feathers and carrying a baby in a diaper in its mouth. Tacked onto the bird was the card, "You Tell 'Em Stork, You Kid the World." The freakish thing about this otherwise live-looking stork was the fact that he had men's feet with ankle socks and sneakers.

In a later year, the Peerade was done away with but the costumes maintained with the beginning of the tradition of the Masquerade Ball. The Masquerade of 1940 found participants dressed to resemble anyone from a football star to Alice in Wonderland. Last year some of you may remember, there was a huge toothbrush and tube of toothpaste wandering around Memorial Auditorium. Perhaps it was a hint for everyone to grin and bear it. And it seems that everyone has enjoyed himself through the years, whether wearing a barrel, a tube, or bristles.

The themes of the skits of Kake Walk have also changed since 1908. Last year's winner, "All This and Hell Too" began with a scene on earth, in which a Western Union boy was instructed to deliver a message to Hell, bearing President's Truman's pleas to Mephistopheles to block a Republican presidential victory. In 1908 the idea was "classical" with one skit entitled, "In the Days of Old, or Harry

and Henry, the Village Cut-Ups." It starred Henry VIII with numerous courtiers, ladies, and huntsmen. Also presented that year was "A North Pole Expedition" with John Philip Sousa as First Mate. In 1921, the political theme was stressed. "In Tune with the Infinite" opened with a scene showing Woodrow Wilson, James Cox, and William J. Bryant as tramps searching for jobs, and ending with Wilson's being offered the position of Dean of Middlebury College. This he declined indignantly saying, "Never, I'd rather be a doormat at the Old Mill first." In 1929, television was the subject of the skit, "Seeing Things," and the audience was given a glimpse of Mars. "Tin Pan Alley," presented in 1940, was an amusing take-off on the Vermont Symphony.

The Kake Walk programs have also shown considerable change with the passing of years. In 1908, it was a small brown folder containing no pictures or illustrations. The judges and committees were listed, while the actual program was found scattered throughout the pages. There were some advertisements, but not too many. They consisted mostly of clothing and shoe ads. F. E. Perkins, 202 Main Street, took up a half page to say, "Boys—when you get up the next spread, come down and I'll help—by the way, tell the co-eds I've got the best." H. W. Allen had an ad in the folder for his store, the original of today's Abernethy's. Yet, this program of 1908 was much more impressive than the one of 1921, which was just a yellow card printed in green ink. It said much, however, the events on it including alumni suppers, sub-freshman smokers, winter sports, and the Kake Walk performances. The year 1929 found

a program with an increased number of ads. One in particular should interest a present-day student in UVM. It was put in by the Hotel Vermont, and read, "Students, enjoy the Sunday Supper at Hotel Vermont. Seventy-five cents per person." The highest paid ad was a full page, bought by the Chittenden County Trust Company, for which the Kake Walk financiers collected all of fifteen dollars! This program also contained pictures of the directors, the Fountain, Ira Allen Chapel, and the awards. Also included for the use of the students was an official score card for stunts and walkers so that an individual could judge the contestants for himself. In 1940, there was a most interesting program. The magazine, *Ira's Folly* joined forces with the Kake Walk program to produce an excellent pictorial magazine. There were literally dozens of pictures, including skating, skiing, hockey, basketball, Kake Walk highlights, and the orchestra leader and vocalist. In this one also was a chart for scoring. The cover was an amusing drawing of Ira Allen on his pedestal in a high-stepping position of his Kake Walk with a southern belle. And then there was last year's program, shaped like a three-layer cake, and full of excellent ads, a scoring page, several pictures of walkers, and a short history of the traditional affair. Its yellow cover was printed in green ink with a huge V, a pair of walkers, and a kake.

The Kake Walk of 1949 will someday be just a mass of clippings, pictures, and programs filed away in the Alumni Office. Some student in 2012 will laugh at the costumes, skits and programs which made up Kake Walk 1949. The spirit will still be the same then, however, with the idea of Kake Walk as a grand and unique tradition, beloved by flappers, romeos, bobby soxers, swains, vets, and somewhat-may, alike.

## Kake Walkers

(Continued from page 1)

Marsh Sabens and James Carter, who walked for the SAEs last year, will again don the fancy costumes and do some high stepping.

Still another team as yet unknown to Kake Walk critics will be Tom Snelson and Bill Reid, walking for the Sigma Nus. Reid is very active in the Aggie department, belonging to the Aggie Club and Alpha Zeta. Snelson takes part in interfraternity sports.

Just back from the service, Mike Boylan makes his try at "walkin'," teaming up with veteran George Brigham, who has walked two years for the Sig Psi house.

Winner two years since he has been in college, Rod Smith is again going to do his best to keep the cup in the Phi Delt house, with Danny Burke, his partner of last year. Rod is married and lives at Trailer Camp; Danny is on the Interfraternity Council and is president of Key and Serpent.

Tau Epsilon Phi is presenting two more new walkers, Lawrence Gallun, a freshman, and Norbert Fried, a transfer from Connecticut Extension.

Judges for the walkin' will be, Friday night, Prof. Paul A. Moody, Prof. Ippocrates Pappoutsakis, and Prof. Albert B. Rooney; for Saturday night, Prof. Donald F. Smith, Prof. Truman Webster and Prof. Hovey Jordan.

## Faculty Judges

(Continued from page 6)

Hughes, and F. D. Carpenter on skits and Donald F. Smith, Truman M. Webster, and Hovey Jordan on walking. Presenting awards will be Mr. Albert Jensen, Republican candidate for mayor.

## WINNING SKIT AND WALKERS

## Phi Delts, Delta Psis Take Stellar Honors During Kake Walk

Cups, green and yellow cake crumbs, crumpled programs and headaches are all that remain of the Kake Walk holiday but many triumphs will not be forgotten. The gracious smiles of King Bob French and Queen Lynn Davis and the points acquired by the various winning fraternities in the Traynor Trophy competition will be best remembered.

Skitch Henderson's music, the murmur of the crowd as the King and Queen of the 1949 Kake Walk were preceded onto the dance floor by the pages, the Belden twins and by the queen's attendants, Janet Putnam and Kathy Eaton; and the coronation climaxed the triumph of the winners of the king and queen campaigns. The dance was broadcast a half-hour over both WJOY and WCAX. Friday afternoon at one-thirty, King Bob and Queen Lynn, were interviewed over WCAX.

The Traynor Trophy is awarded each year to the fraternity which has accumulated the most points in interfraternity competition. Five points is awarded for first place, three for second place, two for third and one for fourth. Key and Serpent is the guardian and awardee of the Traynor Trophy.

First place ratings were gained twice by both Phi Delta Theta and Delta Psi. Phi Delta's team of Rod Smith and Danny Burke were the first place Kake Walkers both Friday and Saturday. The Preston Cup will reside in the Phi Delta house until next Kake Walk. The Briggs Cup will be the property of the Delta Psi's until next year because their skit, "The Odyssey of the Forty-Niners" took first place both nights. When the same fraternity doesn't win the cups both nights, they stay in each winning house for six months. Permanent cups were awarded to first and second place also. Cakes were awarded to the first three places for Walkin' fo' de Kake and the skits, and to the first two places for the ice sculptures. Friday night second and third rating was given for walking to Sigma Phi team of George Brigham and Brendan Boylan and to the Sigma Nu team of Bill Reid and Tom S. Snelson respectively. Saturday night Delta Psi's team of Barney Ross and Charles Gates were second; Lambda Iota's Fred Luce and Wendy Parker were third. Second place for the skit presentations went to the Independents Friday and to Phi Sigma Delta Saturday. Sigma Alpha Epsilon was third both nights.

Ratings were given in the ice sculpture competition to Lambda Iota, first and Sigma Phi, second. The Owls massive sculpture was a large cake mottled "49ers" which had on top of it a man pulling a mule. Sigma Phi's sculpture consisted of two kneeling prospectors, a third prospector walking fo' de Kake and in ice wall for a background. In the sorority division, Pi Beta Phi was first with a sculpture of a top hat, cane and handkerchief which represented the moment before a team starts walking when they bow and leave their hats in front of the king and queen. Kappa Alpha Theta was second. The Theta sculpture was the numerals forty-nine on top of which a huge crown rested.

The fact that each fraternity had been working on the skits and each walking team has been in training since fall illustrates the intensive spirit of competition that governs Kake Walk. The impressive results are scrutinized very closely by the judges who were this year: skits, Miss Ethel Hoffman, Mr. Harold Collins, Mr. Horace Powers, Mr. Robert Proctor, Miss Muriel Hughes, Prof. Fred Carpenter; walking, Prof. Paul Moody, Prof. I. Pappoutsakis, Prof. A. B. Rooney, Prof. Hovey Jordan, Prof. Truman Webster, Prof. Donald Smith; ice sculpture, Mr. R. H. Kroepsch, Miss Eleanor M. Luse, Prof. F. P. Colburn.

Points are scored by walkers for: position of head and shoulders, knee action, (Continued on page 8)

## Women's Student Government To Hold Elections March 9

Student Union, the Women's Student Government on campus, will hold its annual election Wednesday, March 9, at a mass meeting for all University women. At this election the officers for 1949-50 will be chosen by means of a ballot containing all candidates' names. The usual procedure of checking one's choice will be employed.

The outgoing officers, who, in the opinion of many, have done an outstanding job are:

President ..... Kathryn Eaton  
First Vice-President .. Janet McDonald  
Second Vice-President ..

Barbara Larrabee  
Chief Justice ..... Patricia Doyle  
House Chairman .. Janet Brackinridge  
Assistant House Chairman ..

Alexandria Dzielewski  
Secretary ..... Suzette Levine  
Treasurer ..... Jean Austin  
Social Chairman .. Mary Jane Farnham  
Scholarship Chairman .. Beverly Hillman  
Assistant Scholarship Chairman ..

Norma Hale  
Town Representative ..... Janet Killary

As members of this organization, it is expected that every woman be thoroughly acquainted with the workings of it. Kathy Eaton, outgoing president, explains the need and usefulness of Student Union in a letter written to the Freshman Women.

Because of the need for consideration of others when groups are brought together, some sort of democratic plan is needed to insure the greatest amount of freedom for the individual. Through the experience of past classes Student Union has grown to be the guide and voice for women students of Vermont. We are proud of our opportunity to govern ourselves and hope that you will want to cherish this privilege and help us maintain our position of freedom by active participation in Student Union.

The Women's Student Union, therefore with the advice of the Joint Conference Committee, makes its own laws through Student Union Council and enforces them through its House Presidents,

House Committees, and Judiciary Committee.

The officers for the council, who will be selected by majority vote on March 9, meets weekly and functions as the executive department of the W. S. G. A. with the advice of the Joint Conference Committee. This committee acts as a forum for discussion of campus problems and to make reports and recommendations to the Student Union Council. It has no legislative or judicial power. The former power is delegated to the Council alone, with the exception of Mass Meetings.

It is hoped that the women on campus will give careful thought to the candidates for the coming election, and thereby profit from it, since W. S. G. A. or Student Union is their organization.

The following slate for officers has been presented:

President  
Betsy Bigelow, Rae MacTiernan  
1st Vice-President  
The defeated candidate for president  
2nd Vice-President  
Alexandra Dzielewski, Marcia True  
Scholarship Chairman  
Norma Hale, Barbara Larrabee  
Chief Justice  
Phyllis Barron, Rosemary Traynor  
House Chairman  
Dorothy Barr, Joan Ediff, Marjorie Goeltz  
Assistant House Chairman  
Jean Austin, Alma Warrell  
Assistant Scholarship Chairman  
Shirley Hakewessell, Anne Hawley  
Secretary  
Theodosia Carpenter, Ruth Goldberg,  
Barbara Hayden, Harriet Nichols  
Treasurer  
Nancy Churchill, Jean Smith  
Social Chairman  
Shirley Dennis, Barbara Spaulding  
Assistant Social Chairman  
Mary Ellen Fuller, Jean Hard  
Town Representative  
Harriet Carlton, Esther Thomas

## Community Concert Association Sponsors Roch. Philharmonic

The Rochester Philharmonic Orchestra will perform for the Community Concert Association on Saturday, March 12th, in the Memorial Auditorium at 8:15 p.m.

Now in its 26th season, the Rochester Philharmonic Orchestra ranks among the major symphonic groups in America. It was founded in 1922 through the interest and generosity of the late George Eastman, Kodak Magnate for whom is named the orchestra's magnificent home auditorium, the Eastman Theatre. It is supported by

Erich Leinsdorf

the world's largest community music organization, numbering more than 12,000 subscribers. During its history, the Rochester Philharmonic has had only four permanent conductors, all of them musicians of international repute: Albert Coates, Eugene Goossens, Jose Iturbi and its present distinguished young director, Erich Leinsdorf.

Erich Leinsdorf, only 36 years old, is a native of Vienna, Austria, now a citizen of the United States, a veteran of World War II and resides in Rochester and Larchmont, N. Y. Since he was 23 years old, Leinsdorf has been conducting leading symphony orchestras and opera companies in this country and abroad, among them the famed Vienna Philharmonic, the London Philharmonic, NBC Symphony, Philadelphia Orchestra, the Metropolitan Opera and San Francisco Opera.

Born in Vienna in 1912, Leinsdorf showed unmistakable talent at an early age. His parents sent him to the State Academy where he studied piano and composition. After his graduation with honors, Leinsdorf set out for Salzburg and its famous festivals. With funds at the vanishing point, he walked, thumbing whatever rides came his way. Soon after his arrival, he stole into the auditorium where Bruno Walter was rehearsing, and sat down quietly in the rear. When

(Continued on page 8)

## Student Government Funds Revitalize Tutoring Service

The Tutoring Service sponsored by Mortar Board with funds from Student Government has undergone a rebirth and reorganization. Due to the increased demands on both the Mary Jean Simpson Fund for veteran men and women and the Mortar Board Fund for all non-veteran men and women, the funds available are rapidly being exhausted. Therefore a more accurate check must be made to determine which students most need tutoring and will profit most from it. The Mary Jean Simpson Fund has always provided free tutoring for all veterans. The Mortar Board Fund has always paid one-half of the tutoring bill for every woman student and in some cases where necessary has assumed the total bill. This year Mortar Board voted to include non-veteran men on the same basis as non-veteran women. However, last semester Mortar Board was forced to discontinue this service to the men because the funds were running out.

Under the reorganized system which will go into effect March 1, all veteran and non-veteran men and women must have the approval of their professor stating that they need tutoring and will profit by it. Forms for this purpose are available in the Student Personnel Office and must be signed by a professor before any student is eligible for financial assistance under either the Mary Jean Simpson Fund or the Mortar Board Fund. It is imperative that all students now being tutored report to the Student Personnel Office, 104 Waterman, for this blank immediately.

New forms for tutoring bills have been printed and are available in the Student Personnel Office. All tutors are asked to obtain these billing forms and turn them into the Student Personnel Office before 4:00 p.m. the first of every month. No other bill will be accepted.

## CYNIC VIEWS COMING EVENTS

March—N. Y. C. Jewish Museum Exhibit of Orthodox religious pieces. Cannon (Oriental) Room, Fleming Museum. Exhibit of Northern Vermont Artists, Art Studio, Fleming.  
March 4—All Day—Final day of chest x-rays, Room 36, Waterman.  
March 4—1.00 p.m.—Chapel, Ira Allen Chapel.  
March 7—7.30 p.m.—Meeting of Angler Society, Museum Auditorium.  
March 8—4.00 p.m.—C. & E. Dept. Movies, Museum.  
7.30 p.m.—Faculty Square Dance, Southwick Ballroom.  
March 9—7.45 p.m.—Mass Meeting Student Union, Chapel.  
March 10—6.30 p.m.—Sigma Xi Dinner, Waterman Dining Room.  
March 10—8.00 p.m.—Sigma Xi Lecture, Waterman 364.

## Bachelor Degrees Awarded

The Board of Trustees of the University of Vermont and State Agricultural College at their regular February meeting on Saturday, February 19, voted Bachelor's degrees to 15 students who had completed their required work at the end of the last semester.

Students receiving degrees are: Bachelor of Science in Education, Walter A. Gage, Burlington; Mildred C. Goss, St. Johnsbury; Joan M. Kennedy, Chestnut Hill, Mass.

Bachelor of Science in Nursing Education, Bernice E. Frechette and Jean E. Greer, both of Burlington.

Bachelor of Science in Agriculture, James G. Sykes, Brownsville.

Bachelor of Science in Electrical Engineering, Merritt E. Dockey, Jr., and Frank J. Poplawski, both of Burlington.

Bachelor of Science in Commerce and Economics, L. Richard Fisher, Hardwick; Lawrence Lysterly, Pinehurst, N. C.; Norman J. O'Grady, Essex Junction; Robert F. O'Grady, Essex Junction.

Bachelor of Arts, David M. Cox, Kew Gardens, N. Y.; Ellen E. Goodrich Platka, Williston; Natalie J. Salls, Hartford, Conn.

Publication Office, 187 College St., Burlington, Vt.

## Editorial . . .

It is the pleasure of the new Senior Staff of the CYNIC to announce the fulfillment of the one position for which no appointment was made when the new staff was chosen, namely, that of Personnel Editor. At the last meeting of the Senior Staff, Gladys Neiburg, was unanimously chosen, for it is the consensus of opinion that no one person has done any more than Miss Neiburg in providing the spark and much of the sustenance of many campus groups. Owner of her own business in St. Albans, she entered UVM four years ago and since that time has contributed much to life on the campus and in Burlington. She has been active in the Dramatic Club, the Health Council and Hillel, and is now secretary of Robinson Hall here on campus. She has actively participated in the productions of the Burlington Theatre Club and managed the publicity in local schools and colleges for the Vermont Forums. And on the CYNIC, there has been no more faithful worker. She was the originator of several columns, including the Coming Events column, Dorm Notes, in addition to others, and has always guaranteed reams and reams of all kinds of stories every week. As a final indication of her virtuosity, hers is the hand behind the forthcoming poetry-reading festival. Again, we offer Miss Neiburg our best wishes.

Congratulations are in order to the TEPs for their new fraternity house. Formerly occupying one of the remotest houses, way out on Wilson Street, they now rank with the closest—and, incidentally, own one of the finest. As anyone who visited them over Kake Walk or at their open house can testify, their hard work in refinishing the living room and constructing a game room was appreciated by many.

## Editor's Column

As after every function of note, there is without doubt much controversy and uniformed opinion on the pros and cons of a Kake Walk. The variety—and the divergences—in these opinions were clearly shown in the comments found in the last "Inquiring Reporter," in which criticisms ran from presenting a few well-founded places for improvement to a complete endorsement of everything with the label "Kake Walk." In the interests of presenting several various points of view of those better informed, two members of the University administration were recently interviewed. We present below several bits of information gleaned from our conversations and, also, several suggestions. None of these are comprehensive or conclusive, but the CYNIC feels that in the presentation of a few facts, better-directed actions can result.

The answers we got from our first interview ran somewhat as follows: Kake Walk started out as a fraternity function; fraternity men originated it as a form of amusement and they developed it into something good. Primarily, it is the fraternities' baby. However, in view of certain circumstances—increased enrollment with a decrease in the number of fraternities—there should be certain modifications. In the past, other organizations were allowed to participate: the sororities ran candidates for Queen and oftentimes, the directors were non-fraternity men. His suggestions for a more modern Kake Walk included the right of any competent pair of walkers to compete, and the right to present a skit to be left in the hands of well-organized, well-financed groups—logically the fraternities.

To the second person interviewed there was "no logical argument" as to why anyone besides the fraternities had any right to Kake Walk. Lilac Day is sponsored by WAA, the Sugar Party by the Aggies, the Military Ball by the Military Department; and the speaker's view was that Kake Walk belonged to the fraternities. In short, his views were that Kake Walk is not the big all-University winter carnival, as our Kake Walk programs would have us believe. Several points were well taken, however. A step forward—was made this year by placing the directors under the jurisdiction of the Interfraternity Council; the fraternities are the ones who do things at UVM because, it so happens, they are nearly the only ones who are sufficiently organized and financed; the rules by which awards—cups, etc.—are made would have to be changed for a broadened field of competitors, since most of the rules were made when fraternities played the dominant part in all college life.

In sizing up the situation, we come to several conclusions and suggestions. The exact status of a Kake Walk has never been definitely determined. Is it a fraternity party or for the school as a whole? Within reason, we feel it should be the UVM winter carnival. Secondly, there is no consistent thought on the question of "Who shall actually participate in what?" Last year a VIP candidate became Queen, and this year VIP was not allowed to run a candidate. Recognizing the need for organization and money, we would qualify any logical men's organization to submit a skit for approval. This would include, of course, the fraternities and other social groups, such as the VIPs and other recognized organizations. We would allow any competent pair of walkers to tryout for participation. A new system for awards, retaining the old ones for interfraternity competition, and the like, with more comprehensive prizes to include all qualified participants, could be established.

And, in the setup as it now stands in regard to the ice sculptures, we find "no logical argument" why girls' dorms and sororities should be judged together, when one realizes the lack of funds in a dorm.

Lastly, as for the directors, they are responsible only now for the first time to anyone—namely, the Interfraternity Council. This is admittedly an improvement. However, in the view that Kake Walk is for the University as a whole, we see no reason why the directors shouldn't be responsible to the students as a whole—logically through Student Government.

## The Whirl Outside

By Montone

THE SOLE WHICH KNOWETH NO LIGHT

## Inquiring Reporter . . .

Calling all Freshmen!

Now that you have borne the rigors of an alleged raw Vermont winter, burnt midnight oil by the gallon studying for a strenuous week and a half of exams, and witnessed the zenith of UVM's social life in the inimitable Kake Walk, what do you think of it all? Does the "college in the Green Mountains" embody all the ideals you had hoped for in the school of your choice or is it simply another fount of higher education with the usual run of profs, social activities, and sports?

The Roving Reporter, with his pad and pencil, has been wending his way among you again and this is what you answered to the question, "After four months at UVM, what do you, as a Freshman, think of the school?" And so here's an all-out picture of UVM—its campus and customs.

**SUE VILE**, New Britain, Conn. "The upper classmen are all kind and not the 'holier-than-thou' sort. Of course, there could be some renovations, for instance, transporting Redstone Campus closer to the main drag, and installing coke and cigarette machines in the girls' dorms. On the whole, the school is swell."

**JACK HEASLIP**, Bennington, Vt. "UVM seems to be getting better and better. Studying is much easier now and for social life it can't be beat."

**DORIS COLLINS**, Arlington, Va. "Am satisfied and happy here. The profs are understanding and eager to help solve any problems. And dorm life helps one to live with all kinds of people."

**H. GORDON WYLLIE**, Ithaca, N. Y. "Kake Walk was terrific, climaxing the whole weekend and presenting a new feature to the whirl of winter festivities. It far surpassed the famed Dartmouth carnival. Except for the grounds on the men's campus—which could stand a tree or two, the school rates four stars!"

**MIKE CUSTODE**, E. Orange, N. J. "UVM's a great place! More school spirit could be shown at games though. And why not an auditorium of our own to take in Kake Walk?"

**MARY-ELLEN BURKE**, Swanton, Vt. "UVM is all a State U. should be—not too big, not too small. But there is a superfluity of required courses which are not really essential for one's particular following."

**BOB FLANAGAN**, Malden, Mass. "Nice campus but rough courses. For a state which specializes in winter sports, hockey should definitely be a must on the sports agenda."

**JEAN GRIFFITH**, Danby, Vt. "UVM is tops! Everyone is so friendly—even to Freshmen. Kake Walk was just about the most marvelous thing I've ever seen." And that seems to be part of the story of what our Freshmen think of UVM!

When one considers the needlessness of the recent lake tragedy which took three lives, equipping the Burlington Airport with just one life raft, could easily make the difference between life and death.

Has our campus Christmas tree taken root or are we waiting for next year?

Thanks to the quick-witted action of several women students and a quick check with the Constitution of Women's Union, UVM's women will have a broader choice of candidates in their forthcoming elections.

The CYNIC's best wishes are extended to Joan Herberg, now recovering from a mid-term skiing accident at Mad River.

The CYNIC can print no letters which are unsigned.

The English Department deserves the thanks of all who had the opportunity of seeing "Henry V" for sponsoring this fine film.

## Falcone And Langer Tin Pan Alleyists Perform For K. W.

Remember the song "April Fool," for someday it may rank among America's most beloved ballads, just as the names of its composers, John Falcone and Art Langer, may be among Tin-Pan-Alley's great.

Some of you may remember having heard Johnny at the Student Lounge piano, playing a few songs that sounded as though they might have been popular at one time, but somehow you could not quite place their titles. There is a good reason for this—you never have heard them, but they are good enough to make you wonder why. These are original songs, written by Johnny Falcone, himself.

Previously, John's melodies had always remained without words until a few months ago when Art Langer, upon hearing John play what is now "April Fool," asked if he might write words for it. Within a week the song stood as it does now, and the combination of Falcone and Langer had been formed. Only a week later, the words and music for "I Just Wanna' Be a Hollywood Star" were written and a copyright application sent.

Now, let us take a good look at the two personalities involved. John Falcone, who (as you may have gathered) writes the music, is a special student here at UVM, being a graduate from Seton Hall College in New Jersey. Now a pre-med student, his hometown is Center Rutland, Vermont. There he comes from a musical family, his father and brother both having taken up the violin. When John was young, his main study in music was also the violin, and it was not until nine years ago that he developed a real interest in the piano. After one year of lessons, however, he stopped his formal study (and has been playing by ear ever since). His first composition, "Simple Syncopation" was written in 1942, while the music for "April Fool" was finished in 1946. Johnny, in describing the latter, says that "The music was awfully lonely without words, until I met Art."

Art Langer is a pre-med student in the class of 1950 and hails from Brooklyn. He spent two years in the army, and while at Fort Bragg, N. C., wrote many stories and poems for army publications. Before entering the service, he had worked in summer-stock for two summers at Tamiment Playhouse, near East

## Debaters Win New England Trophy

The Debate Championship for New England now belongs to the University of Vermont. At the MIT New England Intercollegiate Debating Tournament held in Boston February 26, the UVM Debate Club emerged victorious over 16 other schools to take the crown. Members of the team which made the trip were, on the affirmative, Joseph Levin and Dick O'Connell and on the negative, Tom Hayes and John Harrington. Accompanying the team was Dr. Robert Huber, head of the UVM Speech Department and debate coach.

Vermont took six out of seven contests to win the tournament. In the seeding rounds wins were scored over Bates, Rhode Island, and Mount Holyoke and a loss to Maine. Maine was defeated in the quarter-finals and MIT in the semi-finals. In the final round, before an audience of 200 debaters, coaches, and visitors, Vermont handed Tufts College its first defeat to win the championship. UVM made the unusual record of defeating each of the other three teams that reached the semi-finals.

At the banquet following the tourna-

ment a trophy and a plaque representing the New England Championship were presented to the Vermont team. These may now be seen in the Speech Office.

The resolution that was discussed was "Resolved, that the Federal Government Should Adopt a Policy of Equalizing Educational Opportunity in Tax Supported Schools by Means of Annual Grants."

Other schools taking part in the tournament were Harvard, Dartmouth, Holy Cross, Williams, Boston University, Colby, Emerson, Providence, Gordon, and Curry.

Stroudsburg, Pa. In this work, he has come into contact with many successful show people who were of help to him, including Lee Wainer, under whom he worked in 1943, and his 1944 instructor Norman Zeno, who wrote and directed the Broadway hit, "The Show is On." Others whom he has worked with are David Brooks, star of "Bloomer Girl," Elizabeth Caron; and Tom Craig, the

romantic lead from "Follow the Girls." Here at UVM, where he is a member of Tau Epsilon Phi, he is majoring in English, which is evident to those who have read any of his stories in *Windfall*.

The career of the two boys got a big push forward during this year's Kake Walk when Skitch Henderson let John play his two songs at the Ball on Thursday night. But this is a story in itself.

When the two discovered how well-liked "April Fool" and "I Just Wanna' Be a Hollywood Star" were becoming, they asked Al Pratt, one of the Kake Walk Directors, if he would see what chance there was of their playing their songs at the Ball. Before a definite answer could be given, but with an interview with Henderson already on the fire, (Continued on page 8)

## Kake Walk's Whirl Leaves Students and Alumni In Gay Daze

Sleepy-eyed faces and numb brains, flattened wallets and wilted corsages, these and other sure indications ushered in the Monday-after-Kake-Walk blues. A few hardy souls sighed with regret at the end of festivities, but most breathed a sigh of relief with, "It was fun, but I'm glad it only comes once a year!"

Expert Walking, such as the campus has never seen, and a holiday spirit made the '49 Kake Walk all that one could expect. Sunday afternoon the hill was overflowing with camera fiends recording the ice sculptures for posterity and sociable students taking in one fraternity house after another. For many a co-ed the weekend was even climaxed by a fraternity pin.

Kake Walk was not without its accidents this year. There was the Walker who, as he made his opening bow before King Bob and Queen Lynn, felt a suspender button pop and went through the performance in dreadful fear that with each next kick he would lose part of his costume. As an anti-climax he later discovered it was only a button off his vest. Kake Walk also had its tragic side. One student, overrating his capacity, passed out and woke three hours later to find his date had taken the 11.52 back to Vassar. Many a thirsty man tried to sample the beer in the ATO and Delta Psi beer mugs but with no success.

Highlights of the weekend included the moment when Rod and Danny threw back their heads and started Walkin' fo' de Kake and the crowd gave one tremendous cheer; the SAE's new and dazzling costumes; Janie Smith's rendition of "April Fool"; and, of course, that breathless moment at the Ball with the first glimpse of the King and Queen.

The mad whirl of Kake Walk with its overflowing fraternity houses, keen competition for honors and coveted cups, tuxedos and glamorous evening gowns (more often than not borrowed)—Kake Walk has come and gone once more.

# FRATERNITY AND

## ALPHA CHI OMEGA

Kake Walk weekend found Alpha Chi a proud and happy group with their president, Lynn Davis, reigning as queen of the festivities. Many alumni returned for the weekend among them Betty Whitney, Dottie Dexter, Ginny Hamel, Jeanne Howland, Debbie Cobb and Evelyn Olsen Davis.

Terry Farrell, who is now at Castleton State Teachers' College pleased everyone

was announced at the Ball by the maestro Skitch Henderson himself.

Don Brown and Bob Fallon went through the steps at Kake Walk on Friday and Saturday nights and did quite well for themselves although they are rookies at "walkin' fo' de kake."

Thursday evening a special dinner for brothers and pledges and their dates was dished up by Steward Bill Emerson. The steaks set everyone up in fine condition

Especially credit is due Scotty Ingram and "Colonel" Knouse who wrote the skit and words to the songs, John Emerson, John Eddy, Roger Greenslet, and Hubert Brooks who arranged and directed the music, and also the cast and others who worked to perfect the skit.

Not to be left without a snow sculpture, several Delts worked up a huge beer mug which was being tipped by one cooperative student so that his friend could get a drink from it.

Weekend festivities at the Delta Psi House were helped by a tea dance after the basketball game Saturday and an open house Sunday afternoon, both of which were directed by Bill Mulheron. Kake Walk Resume

## PHI SIGMA DELTA

Great rejoicing spread through the Phi Sig house this Kake Walk as the boys brought home a Kake on Saturday night. This put the final touches on an already joyous and exciting weekend.

Since the beginning of the semester, the pledge class has been working on the new downstairs lounge, and Friday night, after Kake Walk, the lounge was officially opened. The paneled walls, indirect fluorescent lighting, and linoleum covered bar were really a sight to behold, and the fraternity is rightly proud of its pledges. Naturally, both nights of Kake Walk were filled with merrymaking, and the Coca-cola and ginger ale flowed like beer. Both the living room and basement were overflowing with happy couples. On Saturday night, the boys and their dates had a treat when the Catamounts joined the crowd in a jam session and everyone danced and sang.

On Sunday, Phi Sig held its open house with the Phi Sigma Delta Mothers Club acting as hostesses. Tea and delicious refreshments were served and the house was packed most of the afternoon. Naturally, the Sunday night movie capped the eventful weekend, and everyone went home feeling they had experienced a real treat at this 52nd Kake Walk.

pledges returning were Whit Switzer '48, Don Marburg '48, Phil Johnson '49, Ed Jenkins '47, Link Bailey '49, Stew Brown '49, Al Weess '48, Chuck Shortle '47, Dave Tuholski '46, Torrey Carpenter '48, Hal Mayforth, Sr., Hal Mayforth '49, Bill Griffin '39, Bill Fagan '45, The Neanderthal Man from Newark (Arliss)

Fraternity First Prize, Lambda Iota

Sorority First Prize, Pi Beta Phi

when she was elected queen of the Castleton Winter Carnival.

"Sweet Alpha Chi Girl" was sung to Milly James in recognition of the shiny new Sigma Phi pin which she received at a special initiation ceremony Sunday afternoon. Jim Rooney is the lucky guy.

Rose-Mary Traynor has been chosen Alpha Iota's delegate to the national convention of Alpha Chi to be held in Pasadena, Calif., this June. Shirley Dennis is the first alternate and Joyce Rogerson second alternate to this biennial convention.

Fraternity education was the purpose of this week's meeting Marge Perrin, our alumni advisor and one of the founders of this chapter gave an interesting talk on the experiences of the few girls who brought Alpha Chi to the Vermont campus.

Everyone's most sincere gratitude was extended to Mary Andrew for her hard work as Kake Walk campaign manager when Lynn gave her a cigarette lighter in deep appreciation for her part in the campaign.

## ALPHA TAU OMEGA

Alpha Tau had open house for the entire weekend with a cafe atmosphere of colored lights and candles. Honors go to Chick Medlar and George Lines for their fine job in handling the parties. Also, Rob Fordham made it home and back to Saxtons River safely.

Heaps of happiness to Jeanne Guyett and Jack Wisner who presented the young lady with a beautiful diamond ring on that festive evening. To the surprise of the young lovebirds, the engagement

for the Kake Walk Ball with all reported to have lasted the whole evening.

Beginning one of the most strenuous weekends of the school year, Kake Walk, the brothers and pledges made a stupendous effort to raise an ice sculpture out of a few remaining crystals of snow. However, Bob Stanley came to the rescue with two trucks to pile up enough snow for the boys to fashion a beer mug.

## DELTA PSI

Kake Walk dominates the Delta Psi news this week as it has dominated the thoughts of Delts since the semester began. With their outstanding skit, "Odyssey of the Forty-Niners," the Delts took first place cups and cakes both nights and the honor of keeping the coveted Briggs Cup for a year. The Delta Psi walkers, Charlie Gates and Barney Ross, in wine and gold costumes, won the admiration and applause of the crowd for their high-stepping, graceful precision Friday night and Saturday night won the second place cake and cup for their fine performance. Al Pratt also took home a cake for his hard work as a Kake Walk Director.

Brothers, pledges, their dates, and many friends of Delta Psi crowded in the stone mansion on Summit Street to applaud the impressive ceremony of cutting the cakes, which lives on in memory as a symbol of Kake Walk success.

People have been wanting more and more telephone service and we've been working hard to provide it. We've added nearly 9,000,000 new telephones in the past three years. Still more are needed and are on the way.

But that's not all that we've been doing to increase the usefulness and value of the telephone.

Telephone service has been extended to automobiles, trucks, boats, trains and airplanes... real progress has been made in expanding and improving rural telephone facilities... wire and radio relay networks have been developed and enlarged... research has started on new electronic devices which promise to bring even wider horizons of electrical communications within view.

All this means better telephone service for you... more people you can reach easily and quickly... more time in your day... a larger world in your grasp.

**BELL TELEPHONE SYSTEM**

# SORORITY NEWS

## PHI DELTA THETA

(Continued from page 4)

teamed with Hal Mayforth, Jr., to bring us the top honors in 1947. That's hard to beat. Mr. Preston, in recognition of this feat, has promised to donate a replica of the Preston Trophy to the fraternity. The armless effort in the front yard died an ignominious death at the hands of fate and the judges.

Congratulations to Frank Krug and his fellow directors for a job well done. Will Robertson served as an assistant director and is due for his share of the laurels. Congratulations also to Phikia Ed. Waters on his recent appointment to the position of Managing Co-Editor of the CYNIC.

Recent initiates were John Dickinson Adams, Jay Underhill, Bill Bigwood, and Norm Herberg. Mickey Cochrane '48 has returned to school to do graduate work. Phikia Dave Patrick '51 has re-entered school after a semester's absence. Those leaving at mid-year were Brother Larry Lyerly who finally graduated and Phikias Chuck Taylor, John Kelty and Tom Roughton.

Phi Delta Theta is represented in varsity athletics again this semester. Brothers Piche and Dempsey are mainstays of the UVM hockey team while Brother Doug Pierce is one of the point-getters on Vermont's revamped ski team. Phikias Roy Weber and Bill Robinson are playing freshman basketball and Brothers Dick Hutchinson, Si Simonds and Phikia Tom Breen are members of the rifle team.

## PI BETA PHI

Kake Walk week-end lived up to all expectations in supplying a wonderful time for all. Saturday night gave a climax to the festivities when Pi Phi was awarded first place, including cup and cake, for its ice sculpture, "The Big Moment," showing the handkerchief dropping next to a top hat and cane.

Jean Ritchie came home Thursday to surprise us all with Bill Dingerson's Delta Psi pin and Peter Mason is now wearing a DKE pin, given her this week-end by Bud Catherman, visiting from Amherst.

We all missed seeing Joanie Herberg around with us during Kake Walk, but many of us have tried to bring Kake Walk to her. It is wonderful to hear that she is feeling better.

Though a number of the Pi Phis managed to get to Middlebury in between Kake Walk events, Martha Atwood really did it up right, à la motorcycle. They arrived at Middlebury but missed the skiing in spite of a noble attempt. And then there is Bobbie Spaulding who walked out on us to spend the days at Colgate University. Her Phi Gamma Delta pin is no coincidence.

The welcome these days goes to Pat Van Breegh, a transfer from Pi Phi at Goucher College, Baltimore. We hope to see much more of her in the coming weeks.

Three cheers to Bev Hillmann and all for a really fine Kake Walk open house at Pi Phi. We were glad to meet so many of the faculty and administration here as well as the students and alumni. It seemed good to see so many familiar faces again.

## SIGMA ALPHA EPSILON

Festivities in celebration of Kake Walk week-end officially started Thursday night with the gathering of the brothers and pledges at the house for group singing. It was a fine opportunity for the returning alumni of the chapter to become acquainted with the new fall pledge group.

and inspect the new improvements in the house.

The chapter room was finished just prior to Kake Walk and the recently formed Mother's Club has donated much of their time and energy in assisting the brothers in refurnishing and redecorating the first floor of the house. New drapes and venetian blinds were put in the living room and with the funds raised by means of a luncheon bridge, sponsored by the Mother's Club, a new rug was purchased.

Sunday afternoon the brothers initiated a former member of the school, Mr. Gould, who was a member of Sigma Alpha Chi, which was the name of our fraternity before we became Sigma Alpha Epsilon in 1929. Plans are being discussed for the celebration of the 20th anniversary of our affiliation with S A E National. Monday evening Brother Madison, a charter member of the affiliating S A E chapter of '29, attended the brothers' meeting to give an informal talk of the history of the chapter, and expressed the wish that we could strengthen the local alumni association.

## SIGMA NU

Two weeks ago saw the opening of a vigorous and exciting campaign for the honor of having a Sigma Nu for Kake Walk King. Although the campaign proved unsuccessful, the experience gained and the spirit of Kake Walk created within the chapter were by no means considered a defeat or waste of time and effort put forth. The committee chairman and subchairman deserve much credit for an untiring effort in the campaign.

Two of the most enjoyable informal parties and open houses of the year, typical of Kake Walk holidays were held during the weekend. The house and hill reeked with the Kake Walk spirit and most of the other houses were also open to guests during the wee hours, following the skits on Friday and Saturday evenings. Although the celebration was certain to leave many tired and troubled souls to attend Monday morning classes, it had little effect at the house, as time stood still for everyone to have the time of his life! Many alumni, parents and personal friends were among the welcome guests at the portion of the festivities held at the house.

May we congratulate all winning teams, organizations, and individuals at this time, and with what remains, if any, drink a toast to a very successful Kake Walk in memory of the '49ers.

## Notice

The Elks National Foundation Scholarship Awards are offered again this year to "The Most Valuable Student" undergraduate. Further information may be secured at the Office of the Dean of Women. The award is open to both men and women.

King Bob and Queen Lynn Reign at the Ball

## TAU EPSILON PHI

It all began on a Thursday night, At 5.30 to be exact, Not a tuxedo was seen in sight, When the brothers entered in a solemn pact.

This Kake Walk was to be run differently, No more of that brawling, rowdy, foolishness, No one was committed to complete sobriety, But just enough to make one's appearance a mess.

There was a knock on the door and packages delivered, The corsages arrived amid a loud burst of talk, Brothers and pledges all alike shivered, To think of the cost of this year's Kake Walk.

Each brother went to pick up his date, Naturally she performed the necessary, "Hi, Joe." Some day that girl would make a good mate, But for now, hmmm, That gown is cut awfully low.

The girls received their corsages and a new burst of patience, But they certainly had their ilk, Imagine presenting us with carnations, When they know we don't drink milk.

That eve we traveled to the Olde Board, Lucky thing the girls don't lake caviar, All of our wallets let loose their hoard, But one brother had enough left to smoke a cigar.

We danced to the music of Skitch and his band, And the girls stared at his handsome blonde dome, The music was good, the singing grand, But we were happier listening to John Falcone.

Finally, the time came, the dance was ended, Out of Memorial Hall we pranced, Some brothers could, some couldn't, It all depended on how far they were advanced.

Few of the brothers slept that night, Some of their faces were decorated with frowns In answering the question, they thought they were right, They thought that whale-bone held up those gowns.

The demi-tasse cups on the library tables, Crumbs from Mrs. Adler's brownies falling to the floor, The clinking of milk bottles (Aesop's Fables) Greeted our parents as they came through the door.

The skits were good, the Walkers excellent, We scarcely had time to breathe, A few hours later most of us were spent, Not only financially but physically.

It's hard to believe that Kake Walk is in the past, And how that holiday made us all much stronger, But oh, how those days flew by so fast, But ah, how those evenings took much longer.

## DORM NOTES

### ROBINSON

Provoking caprices of the weatherman cannot daunt Robinson Hall girls when they plan something. February 18th was the date for a sleigh ride. It simply became a hay ride with Professor and Mrs. M. P. Lamden accompanying the gay riders as chaperones. The lack of snow did not lessen the fun and hilarity of the occasion. At the dorm, hot chocolate and doughnuts—three kinds no less (plain, "riz", and cinnamon) greeted the party and made them feel warmly welcome.

Best wishes to Ricki Richards, Robinson Hall freshman and congratulations to Stan Clapp. Yes, you guessed it the first time. Ricki is pinned.

Robinson Hall second-semester whirligig: Welcome to Sarita Goodman who came to live with us, Sad "So long" to Verda Gray who decided on a room-mate at Coolidge. "Farewell" to Gig Moodie who phoned in that she was not returning to school. Reason? Gig has announced her engagement to Graham Murray of Long Island.

Guests and callers at Robinson Hall, over Kake Walk week end, were Mrs. Fannie Wood, of New York, mother of three "Red" Woods, Marnie, Putsy and Lewby; Audry Bidwell '48, Mary Lou Delano '48, and Elaine Schmidt ex-'51.

Washington's Birthday week end is time for traveling and fun for Bobbie Spaulding who went to Colgate, and to Betty Martin who went to West Point.

# Catamounts Claw Bluejays, 57.43

## Whizzers In Last Home Contest, Win After Slow Start, Pierce Leads Way

Keeping in the spirit of Kake Walk, the Catamounts defeated visiting Champlain College on Saturday afternoon before many happy faces by a comfortable 57-43 score.

For a few minutes during the initial half, however, it looked very much as if Vermont would have great difficulty in defeating the improved "Blue Jays" from across the lake. The excellent shooting of Mastrarilli resulted in UVM being 8 points down mid way in the first half.

Ken Pierce

A surge of good passing and shooting seemed to hit the Cats at this point, and they drove to a 31-23 lead at half time although each team was having ample opportunity to shoot fouls.

Vermont continued to enjoy a comfortable lead throughout the second half as Ken Pierce hit frequently from underneath, while the tight defense was more readily penetrated than in their first game at Champlain. The scoring was evenly distributed among the Cats with Ed Kotlarczyk, and Hammy Livingston hitting from outside; Galli, Collier and Al Niemann scoring from in close. Mastrarilli and Captain Hastings were the high scorers for Champlain.

Coch Evans substituted freely during the last few minutes of the contest, while Art Collier was given the starting assignment for Stretch Galli, who played his last basketball game for this year.

## Students Fail Test Faculty Wins, 26-18; Cote's Speed Helps

The first contest which took place during Saturday afternoon should be written last—last but not least for the crowd was certainly thrilled by the game between the faculty and students. The faculty defeated students 26 to 18 in a brilliant display of shooting, ballhandling and all-round teamwork.

It was evident from the opening whistle that the faculty was determined to win, for their star center, who was thought to be ill, was in uniform and awed the multitude with his blazing speed and his control of the backboards. It was Lyman "Shorty" Cote of course. In addition, a professor was imported all the way from the University of Conn., in person of "Sarg" Landa. It became obvious that the students would have to wait until next year to get revenge.

The members of the Military Department were particularly impressive in defeating the students, using their weight to good advantage off the boards, while Rudes fought his way through the bucket with grace in leading the students in scoring.

The lineups.

## Skiers Jinxed At Midd. Belding Leaps 177 Feet But Falls; Goodell 8th

A crowd of some 3,000 people witnessed an Invitation Ski Jump Friday, February 25, at Middlebury's 50 meter ski jump, the last half of which was run off in a blinding snow storm. Wilhelm (Willy) Hellman, of Sweden, competing for the first time in the U. S., captured first place in the Class A competition with leaps of 185 and 160 feet. In second place was Roger Simpter, former Dartmouth ace, now with the Edelweiss Ski Club. On their first leaps, both Hellman and Simpter jumped 185 feet breaking the record set a few moments before by Aurele Legere who leaped 183 feet. On the second jump, Simpter leaped 162 feet to 160 for Hellman, but Hellman's near perfect form gave him the win by a margin of 3.4 points. Bengt Jadersolm of Sweden and Walt Brostek of New York finished third and fourth respectively, out of a field of 16 in Class A competition.

A record jump of 186 feet was made by 16-year-old Bruce Falk in Class B competition. However, in this and in his second jump of 163 feet, his hands touched the ground and he finished out of the running. First place went to Ray McIntyre of St. Lawrence U. with jumps of 182 and 172 feet. Vihn Kasky took second place with leaps of 177 and 170 feet. Following in third and fourth place were John Caldwell of Dartmouth and Paul Kailey of Middlebury.

The UVM skiers were entered in the unclassified league which was won by Vic Tremblay of Lebanon, N. H., with jumps of 169 and 170 feet. Doug Schmelt with leaps of 159 and 163 feet was second. For UVM, Johnny Goodell finished eighth with jumps of 151 and 147 feet. Dave Dodge was thirteenth with jumps of 142 and 136 feet. Ken Belding was fourteenth despite a leap of 177 feet on the first try. In landing, he couldn't remain upright and did a somersault through the snow. Another UVM contestant, Dave Sylvester, broke his jumping slats in a practice try and was eliminated from competition.

## Feature . . .

### ANGLER'S SOCIETY

It seems that in the past few weeks there has been a fad for "joining things." I mean clubs, councils, teams, societies, this, that and whatnot. It's very confusing' but amusin' to watch an eager freshman scribble his name on every list which begins, "Sign here for . . ." However, the very latest must on the campus for you fish lovers is to join the ANGLERS' SOCIETY, which is going to develop into an active club if leader Stuart Lerner can round up some other enthusiastic fishermen. A group of twenty-five or thirty is desirable before plans can get underway. Those from fish eaters to fish catchers are eligible to join.

Lerner attended Stuyvesant High School in New York before entering U.V.M. as a freshman and chemistry major. At Stuyvesant he organized an Anglers' Club which proved to be very successful and is still active. He has had much experience at fresh and salt water fishing, and his main purpose in forming this club is to get other fellows together to "swap" info. As yet, Lerner has not fished Vermont streams, and so some of our native anglers should have a few lessons to teach our out-of-stater and vice versa. It's going to be a cooperative club, with something doing all the time. There's lots of fish in the world and there should be plenty of fellows interested in how to hook them.

As yet the program the club will follow

is somewhat undeveloped and is open for suggestions and additions. However, some of the highlights will be moving pictures relative to fishing and boating and obtained from tackle manufacturers, speakers and demonstrations. Lerner himself has a hoard of tackle which may be of interest to many. If anyone feels strong enough, he can transport his boat and Martin motor to the meeting and explain just what makes it purr. This new club is just the place for a tall-tale-teller, for that is just what a few meetings may be devoted to. What could be more soothing and cozy to sit around a campfire on Lake Champlain, smoke a pipe, and spin fantastic sea yarns? Here's where our veterans should shine.

# Sports Slants

by Vic Murdock

Last Saturday afternoon, amid the festivities of a very successful Kake Walk, the Evansmen led by Ken Pierce chalked up their twelfth victory of the year when they rolled over Champlain Blue Jays by 14 points. After the Norwich game on Tuesday the Cats close the season with games on the fifth against Middlebury and on the seventh St. Mike's provides the opposition. Now that Keith Galli has been dropped from the squad, because of scholastic difficulties, capable Art Collier will probably be called upon to round out the team. Galli's height has been a big factor in UVM's winning ways, but "Fuzzy" Evans is noted for reshuffling his line-ups to get the best possible scoring combination.

## Yankee Conference

What some day may be termed the "Little Six" of collegiate athletics, the Yankee Conference, has the possibilities of creating enthusiasm and interest that is so typical of organizations like the Big Ten, Southern Conference, and the Pacific Coast Conference. Interstate rivalries that exist between Michigan and Minnesota, Kansas and Missouri, and Alabama and Georgia, attract the attention of sport fans all over the country. Vermont and New Hampshire may be classified as an interstate rivalry but it is not played up like the traditional ties that exist between the larger schools. The six New England state-named universities, Rhode Island State, Maine, Connecticut, Massachusetts, New Hampshire, and Vermont, working and planning together have it in their power to establish an institution which can make sport contests far more interesting to the spectators and players. The Conference, which held a meeting this last fall with President Millis as chairman, plans to work out schedules that will give each school an opportunity to meet at least four other New England teams in basketball, football, and baseball. Conference track, golf, tennis, and cross-country meets certainly present a fruitful method to bring together keen competition and friendly interschool relationships. It may take three or four years to fully organize the Yankee Conference, but Vermont should give its full support and cooperation to the project . . . it has many favorable aspects.

## Hockey Team Defeats Cadets 7-3 For 2nd Win; Midd Here Mon.

Vermont's much-abused hockey forces, despite every effort to eradicate them continue on their winning ways. Last Tuesday, the Catamounts rung up their second consecutive win against no losses by trouncing a very strong Norwich sextette 7-3.

Norwich jumped into an early lead when they pumped two markers into the strings in the first period. In the second period, Norwich tallied again to jump into a 3-0 lead, but the Green and Gold scored three in a row to close the canto with a 3-3 deadlock.

Vermont had things all their own way in the final period scoring 4 goals and retaining their undefeated record.

The ice-team faces a very busy schedule this weekend. Wed., March 2, they have a night game with Middlebury at the Panther lair at 8 p.m. Thursday they take to the road again meeting Norwich in a return match at Northfield's indoor rink. Friday they journey to Lake Placid to meet Paul Smith College in the Arena, and Saturday they are home to Middlebury.

## Cats Trip Norwich 50-34; 4th Vt. Win

The Cats annexed their 26th consecutive conference win Tuesday night at Northfield when they rolled over Norwich by the score of 50-34. By virtue of the victory, Vermont is in a position to at least tie for the State Conference Title again, and a win over Middlebury this Saturday will clinch it.

Captain Hammie Livingston and his men seemed right at home on the huge Norwich armory floor and took an early lead which they never relinquished. At halftime Vermont led 22 to 15.

## Cadet Officers Receive R. O. T. C. Promotions

Ten Cadet Officers of the University of Vermont ROTC Battalion are Shown Receiving Their Promotions from the Unit's Commanding Officer, Major W. D. Witherspoon. From left too right—Cadet Lt. Col. Mark Jurras, Jr., Montpelier, Vt.; Cadet Major Franklin C. Scribner, Calais, Vt.; Cadet Capt. H. Brown Baldwin, Essex Jct., Vt.; Cadet Captains William Salmon, Burlington, formerly of Bennington, Vt.; Newman Rome, Rutland; David Jareckie, Ely, Vt.; Donald H. Steenbourn, Southbridge, Mass.; Ronald A. Liston, Burlington, Vt.; Kenneth Pierce, Montpelier, Vt.; Harold V. Bronk, Bellows Falls, Vt. At least seven of the Cadet Officers are being considered for Regular Army Commissions while some few without previous military service may enter the Service following graduation.

# Smoke a LUCKY To feel your LEVEL best!

Luckies' fine tobacco picks you up when you're low . . . calms you down when you're tense!

Luckies' fine tobacco puts you on the right level—the Lucky level—to feel your level best, do your level best.

That's why it's important to remember that LUCKY STRIKE MEANS FINE TOBACCO—mild, ripe, light tobacco that makes a thoroughly enjoyable smoke. No wonder more independent tobacco experts—auctioneers, buyers and warehousemen—smoke Lucky Strike regularly than smoke the next two leading brands combined.

Light up a Lucky! Luckies' fine tobacco picks you up when you're low, calms you down when you're tense. So get on the Lucky level where it's fun to be alive. Get a carton and get started today!

KAKE WALK RESUME

(Continued from page 1)

position of toes, teamwork and smoothness, grace, costumes, special stunts and steps. This year all the walkers were dressed as men. In the past, one of each pair has been made up as a woman. Skits are evaluated for their originality, teamwork and smoothness, delivery and voice, properties, costumes, audience interest, and time taken. Any skit that took over fifteen minutes to be presented lost points. "Odyssey of the Forty-Niners," Delta Psi's winning skit, satirized the Marshall Plan trip to Europe made by UVM students last summer. The "Students" saw a plaid-diapered Prince Charlie in England, the can-can girls of gay "Paree" and the college life of the shot-at, militarized and vodka-drinking Russian student. The shooting of a Russian for not wearing his red shirt was part of the clever ridicule of the communist state. Each night of Kake Walk, the Kake Walk committee awarded \$50 to the fraternity who was first place in the skit contest. The awards, the only cash prizes, are given because the winning stunt is usually the most expensive.

A cake was presented to Sigma Gamma who won the Kake Walk poster design contest. Both nights a giant, 18", three tier cake was awarded to Joe Lechnyr, leader of the UVM band, without whom Kake Walk wouldn't be possible. Friday night Dean William E. Brown presented the awards. Saturday night Albert Jensen, Republican candidate for mayor of Burlington, gave out awards.

Informal tea dances, open houses held Sunday afternoon and the games held Saturday, faculty—students and UVM—Champlain, were also part of the Kake Walk weekend.

Al Pratt, speaking for himself and the other Kake Walk directors, Frank Zwick and Frank Krug, said "We feel relieved and let down at the same time now that it's finally over." This year's Kake Walk is the culmination of two years of work for them.

ERICH LEINSDORF

(Continued from page 1)

Walter stepped to one side of the platform to talk to some of the singers, Leinsdorf slipped up to the piano and began to play the opera where Walter had left off. The great maestro listened attentively and was so impressed with the youngster's ability that he engaged him on the spot as his assistant at the festivals. In 1937, when he was only 25, Leinsdorf's reputation had reached the United States and he was engaged, unseen and unheard, by the Metropolitan Opera as a repetiteur. In 1943 he joined the U. S. Army as a private. Leinsdorf is of stocky, muscular build, quick-witted, speedily adaptable to unexpected situations, a frequent contributor to leading publications in and out of the music field, speaks five languages (converses with virtually any foreign-born orchestra players in their native tongues), is often invited as a guest on radio quiz shows because of his remarkable memory, quick wit and broad knowledge in many fields, is an inveterate reader of newspapers, books and magazines, reads everything he can about Abraham Lincoln; has two weaknesses: salami sandwiches and slot-machines.

Erich Leinsdorf and the Rochester Philharmonic are under contract to RCA Victor to record for them as soon as record-making is resumed.

LOST: Pearl and rhinestone bracelet the night of Kake Walk dance. Sentimental value. Tel. 5000, ext. 252.

APRIL FOOL

(Continued from page 3)

John and Art auditioned singers for the two numbers. They came up with two terrific kids—Jane Smith and Reggie Linsenmeir.

Thursday afternoon at 5.30, the four met Skitch Henderson over at WCAX. Knowing full well that the bandleader must have been 'plagued by many other boys and girls with the same thing in mind, all they asked was permission to let them play the two songs for him. Skitch was willing, so Jane and Reggie sang while John played the piano. After hearing the ballad, "April Fool," Henderson was so impressed that he said at the Ball: "I've been around the circuit a long time and I have been approached with songs by college students as well as professional song pluggers, but this song, 'April Fool,' is one of the finest I've ever heard. The two kids have a lot of talent and if they stick with the business there is no reason why they shouldn't reach the top."

Both Johnny and Art, a trifle flushed by the success of their song, wish to extend their sincere thanks to Al Pratt, the entire Kake Walk Committee, Reggie, and above, all to Jane Smith, without whose swell voice, the song "April Fool" might not have gone over so well.

NOTICE

A variety of notices of scholarships, fellowships and graduate assistantships for women are coming to the Office of the Dean of Women. These are being collected in a folder and anyone interested may examine these upon request.

MARY JEAN SIMPSON  
Dean of Women

VERMONT-NORWICH

(Continued from page 7)

The Green and Gold sifted through the Maroon defense with apparent ease, and eight Vermont men figured in the scoring. Eagle-eyed Eddie Kotlarczyk had a great night tossing in 12 points, followed closely by Art Collier and Hammie Livingston with 10 apiece. Coach Fuzzy Evans, sensing that the Cats were clicking and had the game in the bag, allowed every man who made the trip to participate.

Art Collier, filling in for Stretch Galli, who was declared ineligible recently, played a great defensive game and connected with five field goals. Captain Hammie Livingston played his best game since his nose became fractured and while bolstering the stubborn Cat defense, also found time to pour in 10 points. Ralph Kehoe, who joined the squad recently, looked particularly impressive and scored 6 points.

Jake O'Connor led the Norwich attack with 11 points followed by Thomson with 9 and Bovee with 8. However, the Cadets never did get a chance to work the ball in consistently and their off-balance shots did not pay off. They scored only 12 field goals in the entire game while Vermont connected with 23.

Summary of the scoring:

Vermont	G	F	P
Pierce, rf.	2	2	6
Kehoe	3	0	6
Niemann, lf.	1	0	2
Grant	1	0	2
Collier, c.	5	0	10
French	1	0	2
Kotlarczyk, rg.	5	2	12

Twiss	0	0	0
Moffitt	0	0	0
Livingston, lg.	5	0	10
Farna	0	0	0
Cook	0	0	0
Total	23	4	50

Norwich

	G	F	P
Thomson, rf.	4	1	9
C. O'Connor	5	1	11
J. O'Connor	0	0	0
Novo, lf.	0	0	0
Seivwright, c.	0	1	1
Bovee, rg.	2	4	8
Daley, lg.	1	1	3
Merritt	0	2	2
Total	12	10	34

Officials: Tarro and Herbert.

In a preliminary engagement the Kittens trounced the Norwich Frosh by a score of 59 to 34. Bloomer was high scorer for the Frosh with 14 points followed by Merrick and Jasinski with 12 apiece and Vuley with 10. High men for the Norwich Frosh with 6 apiece were DiSalvo and Merian. Norm Strassburg's men now have a very impressive record of eight wins and two defeats.

Notice:

On Tuesday, March 8, the Anglers' Society will show movies at the Fleming Museum. The films will illustrate bass, trout, and salmon fishing, and will prove most instructive. The showing will start at 7.30. Everyone is invited.

## Parisian Decor Will Be Joli Motif Pour Mortar Board Formal

Heralding the arrival of spring or at least urging it on, are the plans now taking shape for the spring Mortar Board formal. This bi-annual affair, sponsored by the members of Mortar Board, senior women's honorary society on the UVM campus, will be held on Friday, March 18, at Southwick between the hours of 9 p.m. and 1 a.m.

Providing melodious strains for the dancing and listening pleasure of all who attend, will be the Catamounts, under the leadership of Ken Belding, and, adding to the atmosphere, both gymnasium and ballroom will be decorated to resemble Parisian cafés, carrying out the theme of "Paris." The decorations committee, working along these lines, hopes to convert the gym into a likeness of Parisian night life small tables, candlelight . . . and refreshments . . . (only the wine is missing!) Also by means of a public address system, the music, played by the Catamounts in the upstairs ballroom, will filter down to the gymnasium, for the entertainment of those wishing to dance there.

Tickets for this shindig will be \$2.40 per couple . . . the girl doing the honors in this case, and will be on sale next week in the corridor opposite the Book Store. Boutonnieres are in order for this "Turn-About Evening."

Aiding Mortar Board, will be the Sophomore Aides, and Staff, and Sandal, women's sophomore and junior societies, respectively. They will take charge of refreshments and coat checking.

The six senior women in Mortar board, whose efforts and preparations make possible the much-awaited seasonal dances are:

Patricia Doyle . . . . . President  
Dorothy Ross . . . . . Vice-President  
Kathryn Eaton . . . . . Historian and Librarian  
Martha Wood . . . . . Secretary  
Jane Atwood . . . . . Editor  
(submits articles to National Chapter of Mortar Board)

Jane Smith . . . . . Treasurer

Using the profits from these dances for student projects, this organization is planning to establish a Recreational Room in the basement of Coolidge Hall, which will serve all the women on Redstone campus. Among its varied activities, Mortar Board counts the tutoring service as one of the most valuable.

## Band Backing Henry V Hails Play Financial Gain With \$8.50 Profit

Through the efforts of the English Department, mainly of Mr. Pope, head of the department, fifteen hundred eighty-five people were able to see United Artists' moving picture version of Shakespeare's play Henry V. The movie had five two-hour showings on Wednesday, March 2, at the State Theatre, which was rented for the day.

UVM band members undertook the sale of tickets, for the profits, if any, were to go to the band. Costs were: cost of the film, rental of the theatre, and amusement tax. Student Government backed the English Department, prepared to meet losses if there were any. There weren't, the band made \$8.50.

Students who saw the film were fortunate in that the print was a new one, and thus the hearing, excellent.

Miss Bandel, speaking for the English Department, said that it extended many thanks to the band members who worked hard to sell so many tickets to students, faculty, and faculty families.

## Choir To Include Among Future Presentations "The Beggar's Opera"

A concert at Wells River, the annual Easter Concert and the production of "The Beggar's Opera" are among the plans of the University Choir for the rest of the year, under the direction of Professor Howard Bennett.

The annual Easter Concert will be held at the Ira Allen Chapel Sunday, April 3, with the combined choirs of the University, St. Paul's Episcopal Church and the First Congregational Church. The program will consist of the second and third parts (Lenten and Easter portions) of Handel's Messiah.

Soloists for this concert will be: sopranos, Janice Shively, instructor in singing at the university, Marilyn Holden, an alumnus and a former member of the choir; alto, Mrs. Jacqueline Sidle, whose husband is in the Engineering Department; tenors, Alfred Quance of Burlington; George Merritt of New Haven; Ernest Stockwell, also an alumnus of the university and now Director of Veterans Education; basses, Carl Nelson and Bruce Butterfield, both of Burlington.

The University Orchestra directed by Professor Pappoutsakis and the University Choir will give a secular concert, Thursday, April 28, at the Ira Allen Chapel. The program will be announced later.

"The Beggar's Opera" by John Gay, will be produced on May 25 and 26 at Southwick. The following have been chosen for the various parts: Macheath, Donald Brown '52; Peachum, David Newhall '51; Lockit, Morris Pike '49; Filch, Raymond O'Hare '50; Matt O' the Mint, Jerry Hayes '52; Polly, Patricia Holt '51; Lucy, Shirley Lantot '52; Mrs. Peachum, Mary DeForest '50; Jenny Diver, Jean MacLaughlin '50; Suky Tawdry, Jean Preston '49; Mrs. Coaxer, Anne Harvey '52; Molly Brazen, Joan Chapman '51; Mrs. Vixen, Martha McNamara '52; and Mrs. Slammekin, Barbara Whitney '51.

## United States Navy Band To Present Concert Here May 16

The United States Navy Band, world-famed musical organization, on its 1949 Spring Concert Tour of thirty-one dates, will be presented in concert in Burlington, May 16, it was announced today.

The celebrated Navy Band will come here under the sponsorship of the University of Vermont Band, with net proceeds of the engagement to be devoted to purchase of new green and gold uniforms.

Gib Sandefer, Concert Tour Director, has completed arrangements with the local sponsors for the engagement.

Composed of 50 members for its tour, the band will have on tour eleven outstanding soloists, several of which will be featured during its concert appearances. The thirty-one-date tour has been approved by President Truman, and the itinerary will include engagements in Pennsylvania, New Jersey, New York, Connecticut, Rhode Island, Massachusetts, New Hampshire, Maine, Vermont, and Ohio.

The Navy Band, universally acclaimed for its sound musicianship and versatility, will play under the superb direction of Lieut. Comdr. Charles Brendler, U.S.N., who has been a member of the band for more than 32 years.

Since 1925, when President Coolidge signed special enabling legislation, the Navy Band has made annual tours to bring its music to audiences throughout the country, except for the World War II years.

## UVM Students And Personnel Have Chest X-rays During Unit's Visit

### CYNIC VIEWS COMING EVENTS

March Northern Vermont Artists' Exhibit, Fleming Art Gallery

March Exhibit of religious and cultural Relics of Jewish Art, Oriental Room, Fleming Museum.

March 11th: 3.00 to 5.00 p.m. Tea for Artists' Exhibit, Fleming Museum.

8.00 p.m. Poetry Reading Festival, Southwick.

March 12th: 8.15 p.m. Rochester Philharmonic Orchestra, Memorial Auditorium.

March 15th: 8.00 p.m. Meeting of Research Club, Room 364, Waterman.

March 16th: 7.00 and 9.00 p.m. Movies, Life and Loves of Beethoven, Fleming Museum.

March 17th: 4.00 p.m. Movies, Life and Loves of Beethoven, Fleming Museum. 8.30 p.m. Osler Clinical Society, Dr. Chester Kiefer, Fleming Museum.

March 18th: 1.00 p.m. Chapel 2.00 p.m. Audio-Visual Conference, Dr. Douglass, Fleming Museum.

### Placement office Notes for Seniors

March 14th: 7.30 p.m. Group meeting, Room 239, Sears & Roebuck representative.

March 15th: Individual interviews with Sears & Roebuck representative in regard to managerial positions.

March 16th: Interviews with Ebasco Inc., mechanical, electrical and civil engineering students.

March 18th: Interviews with representative from Hamilton Standard Propellers. Full information on all meetings and interviews on file in Placement office.

## Purdue English Dept. Presents Unique Class

West Lafayette, Ind.—(ACP)—The Purdue Exponent reports on a class given by the Purdue English department and thought to be unique. The class, Motion Pictures, studies films from the point of view of the effects the movie director gets from the medium used. The pictures are compared with the novel and scenario, and it is shown how the author differs in his treatment of the story from the movie producer. Techniques of production are of minor concern, with the major emphasis placed upon the origin, history and aesthetics of the motion picture.

## Guy Harrison Will Lead Orchestra In Children's Concert

The Rochester, N. Y., Civic Orchestra conducted by Guy Fraser Harrison will give a concert for children and students Saturday afternoon, March 12 at three o'clock in the Memorial Auditorium.

The Burlington branch of the American Association of University Women is sponsoring the concert; the price of tickets is nominal to accommodate a large number of students, 40 cents for students of grade and high school age and \$1.20 for college students and others.

The Civic Orchestra is made up of first desk men and other players of the Rochester Symphony and has been conducted by Mr. Harrison for two decades. Mr. Harrison is also assistant conductor of the Rochester Symphony. The reputation of the Civic Orchestra has spread through its radio broadcasts besides its annual series of Sunday evening concerts in the famed Eastman Theatre.

Tickets are on sale at Bailey's Music Rooms, Everyday Book Shop, McAuliffe's and the University of Vermont Book Store.

The following program will be played at the concert.

1. Young Person's Guide to the Orchestra . . . . . Britten
2. Malaguena . . . . . Lecuona
3. March—Tannhauser . . . . . Wagner
4. The Sorcerer's Apprentice . . . . . Dukas
5. Farandole from L'Arlesienne . . . . . Bizet
6. Waltz of the Flowers . . . . . Tchaikowsky
7. Yankee Doodle . . . . . Gould

## Peggy Fisher Elected IRC Prexy For 49-50

Peggy Fisher will lead UVM's IRC as president for the '49-'50 term replacing Hedi Ballantyne while Sylvia Heininger has been elected to the vice-presidency vacated by Charles Ballantyne. The elections were held Tuesday March 1.

Renewing their previous policies of promoting interest in foreign and domestic affairs the IRC placed special emphasis on improving understanding among the various faiths on campus.

Additional officers elected were Al Streeter, secretary; Marshall Sabens, treasurer and Hedi Ballantyne, Valery Worth, Graham Berwind and Shirley Gleason as council members. Outgoing council members included Al Redway, Val Worth and Marshall Sabens.

## Project To Continue At City Hall Audit. From March 14-25

Sixteen hundred or less than half the students and university personnel on UVM campus had their chests x-rayed during the week of February 28th through March 4th during which time the Vermont State Board of Health and the Vermont Tuberculosis Association had their x-ray crew and equipment in Room 36, Waterman. Mrs. Sue Wright of Winookski, and Hugh Young of Wallingford, were the technicians. Miss Laurance Noe, of Rutland was the clerk. Directing the work was John T. Carpenter of Burlington, Assistant Executive Secretary of the Vermont Tuberculosis Association.

Katherine Young and Martha Samson of the Women's Health Council of the University co-operated in the campaign by preparing and distributing posters and registration cards among all the dormitories. They organized the committee which distributed registration cards to those who did not live in dormitories by handing out registration cards at the special table in the lower corridor in Waterman building each day of the campaign week.

The work of x-raying chests as a tuberculosis prevention measure started in this state in the fall of 1946. Since that time, nearly 85,000 x-rays have been taken in all parts of Vermont. Schools, universities, colleges and industrial plants and communities have been the projects. The x-ray equipment and crew is sent to every large Vermont college each year.

The University of Vermont project was a part of an overall program in Burlington to last six weeks. The CYNIC was asked to remind people on this campus, who did not have their chests x-rayed, that they could take advantage of this service by going to the City Hall Auditorium March 14th to March 18th, March 21st to March 25th, during the hours from ten in the morning to 8:30 in the evening, with the exception of from one to two o'clock, and from 4:30 to seven o'clock.

## Prof. Willard B. Pope Will Direct Scenes From Shakespeare

The Shakespeare classes, under the direction of Prof. Willard B. Pope, will give several scenes from the plays of Shakespeare, Tuesday evening, April 5, at the Fleming Museum auditorium.

Scenes have been selected from *Romeo and Juliet*, *Coriolanus*, *Henry IV*, *Richard III*, and *Midsummer Night's Dream*.

The presentation of these productions is open to the public, as well as students on this campus, and a cordial invitation is extended to all those who are interested to come to the Fleming Museum that evening at eight o'clock.

The acting of the scenes is to give the class and the audience a more vivid portrayal of Shakespeare's plays than can be derived from reading and class discussion.

Students have been cast for the various roles and are now busy preparing for the production. Directors have been appointed from the students and, in the near future, Professor Pope will announce the names of the students who will take part in such committees as make-up, costume, lighting, props, and stage crew.

## Hello Joe Gotta Problem

Gotta problem? Gotta date with a delicious dish this Saturday night—but don't know where to drag her? Well, stop worrying, Bud, you aren't the only one! The Shadow may know what evil lurks in the hearts of men, but only an "experienced" UVMer knows all the hidden nooks around here which provide "recreation."

One of our new frosh was beating his brains out over this ponderous problem—so he got smart and asked someone with all the answers—a man of the world—a senior. Said senior draped his legs around the nearest chair, indulged in his favorite occupation by starting to talk, and in the erudite manner befitting one of his station and dignity, he set his subordinate straight.

"It all depends on what you want to do. Wanta drag her out in extra-special style? Wanta dine her, dance her, and treat the doll like a queen? Try the Paragon. It's got the works—eats, music, floor show, and almost no lights. Of course, it may be a wee bit crowded, but that only gives the true night club atmosphere—you know—getting pushed around a little? It's on the South End bus line, in case you don't have your Cadillac up here. It's really in the taxi class, though, since it'll cost you plenty anyway.

"If that is in line with what the little lady wants, but you don't want to shell out quite so much, how about dragging her to the Olde Board? Take it from me, she'll love that natural woods business—girls are nuts that way—. It's for real occasions though. Even if it is cheap, the stuff isn't exactly given away.

"If all you want to do is just plain eat without having to stumble around a dance floor, hike out to the Carriage House. This joint really has atmosphere—candlelight, open fireplace, natural beamed ceiling—the works. It doesn't dig too big a hole in your pocket for what you get, but it does dig one, just the same. And a buggy is strictly yes, because it's way out in Williston.

"If I'm still over your head with the greenback, and you want to eat and dance with the feeling of getting away, you can go to Happy Acres. You won't get soaked too much and you'll have a good time. You can take the North Avenue bus, if you want to take it easy.

"For something nice and simple, there is a neat juke box joint about ten miles out on Route 2. You can dance and eat and not pay through your teeth—and it's not bad for that sort of thing. Oh, yeah, it's called Walnut Ledge.

"But if you want my own, strictly personal opinion, my little friend, take her to that school dance coming up. Take it from me, it'll be a lot more fun. In the first place, you won't have to spend your whole evening with one hand in your pocket, and in the second, you'll have all the Joes and tomatoes you know to talk to—and for your little Babe to see what others are wearing. You'd be surprised what those dishes can think of to have a good time. And besides, go to these things and you don't have to be a book-worm on Saturday night for the rest of the month. You'll be able to see daylight again, as the saying goes. Of course, that isn't the only reason why to show at these picnics, you know. They're easier to get to, for one, and you don't have to go digging up buddies with buggies. And you can pretty usually count on there being something each week. Just look at your calendar, Bud, that's all.

"That' all I'm going to say to you about this little matter. Time's a fleetin' and junk and stuff. Have a good time and don't get lost!"

## Student Government Seeks Workers For Five Committees

The opportunity has come to any interested student to actually work within Student Government. There are five committees which all need new blood for the coming year. By merely signing your name at the Student Government Bulletin Board you can help your governing body manage these five important spheres of student life. There are the Social, Religious Life, Finance, Freshman Orientation, and Pep Committees. Each one has many varied duties and responsibilities. The Social Committee handles all school social functions, plans the school calendar, and arranges the cultural events. Religious Life's policy is the general encouragement of religious faith among the students. The Finance Committee aids the Treasurer in the budget, financial reports, and etc. The Freshman Orientation Committee is in charge of Freshman Week program, Freshman Camp, and issuing the Handbook. The Pep Committee writes and edits the school songs, prepares the cheers, and, generally speaking, promotes the school spirit.

At the last Executive Council meeting the following members were placed on the committee: Social, Martha Atwood; Religious Life, Dave Newhall; Freshman Orientation, Bill Dingerson and Jean Ritchie; Pep, Art Hill and Bob Herriott.

Due to the fact that there is not enough room for all on these committees, certain candidates will be selected for the jobs. At the next meeting of the Executive Council, Wednesday, March 2, students will be chosen for the various committees.

## Women's Student Government Hold Mass Meeting March 9

Women students elected the leaders of their governing body, Student Union, at a mass meeting last Wednesday night in Ira Allen Chapel. The ballots were counted Wednesday evening, but the results were withheld until the absentee ballots could be obtained. At the time the CYNIC went to press these ballots from students unable to attend had not been received by Student Union.

Pres. Kathryn Eaton introduced the candidates for the several offices following a short talk by Dean Mary Jean Simpson. Dean Simpson emphasized the importance of being able to elect officers under which one is being governed. She complimented Student Union on its growth, influence, and accomplishments as a campus organization. She mentioned the high capability of those who have held offices in Student Union and that of all the present candidates.

Running for the two top positions of president and vice-president were Rae MacTiernan and Betsy Bigelow, the defeated candidate automatically becoming vice-president. Rae MacTiernan is a junior and is majoring in psychology in the Liberal Arts College. She is well

## Wheezes From The Gallery

As blow the "breezes," there will be wheezes—and possibly a few reverberating sneezes!

Less than half the students and university personnel took advantage of having their chests x-rayed this past week. This free service is to safeguard your health and my health. All that was asked was minute of time to assure all of us that there was, or was not, danger of the dread disease of tuberculosis. If your lungs are o.k., it is good to be assured of this fact. If your lungs are not as o.k. as they should be, wouldn't it be much better to find out now rather than a year from now when it could be almost too late to avoid a lot of misery and suffering? Those of you who did not have your chests x-rayed last week may still do so by going to the City Hall auditorium March 14th to March 18th, March 21st to 25th from 10:00 to 1:00 o'clock, from 2:00 to 4:30, during the day, or from 7:00 to 8:30 in the evening. Jot down the dates. You won't be sorry!

Congratulations to the University Players for having members as versatile as Harry Miele and Leonard Tomat who cooked a genuine Italian feed for the gang of twenty gathered at the home of the Humphreys, in North Converse, last Sunday evening. After stowing away a goodly amount of spaghetti and meat balls, green salad with the rest of the fixings, plus pungent cheese, an hour of music, including records from "Kiss Me Kate" were enjoyed.

So long until next time!

## Applications For Foreign Study Being Received

Applications are being received at the University of Vermont and State Agricultural College for the 10-week Foreign Study Program which the University is offering in England and Holland for the summer of 1949.

The program will include three weeks of orientation and academic study on the UVM campus in Burlington, following which the group of 300 will be flown on a serial basis, in chartered C-54 planes, to London. They will then spend two weeks at the University of Birmingham, England, and two weeks at the University of Leyden, Holland, with free time of one week in England and two weeks on the Continent for sightseeing and individual tours. For the most part, students will reside in British and Dutch homes. While in London, the program will provide free time for sightseeing, a lecture and a reception.

The curriculum contains four courses which carry eight semester hours of graduate or undergraduate credit in the Social Sciences. The courses are: Economic History of Western Europe; Economic Geography of Western Europe; International Economics; and a Seminar Course of foreign lectures dealing with problems of European reconstruction.

According to the director of the program, Prof. George C. Grosscup, applicants must be citizens of the United States, have completed basic courses in economics, history and political science, and have senior standing in, or a Bachelor's degree from a recognized institution of learning.

Last year's program included students from 93 institutions, and represented 26 of the 48 states.

### Notice:

The Poetry Reading Festival, sponsored by the Dramatics Club, which will take place at Southwick Friday evening, March 11, at eight o'clock, is open to the public. Any one interested in hearing poetry read is cordially invited to attend this first poetry festival from which it is hoped to evolve a Regional Poetry Reading Festival to which other colleges will send some of their best readers.

The "dead line" date for readers to turn in their entry blanks was February

There will be a social hour following the reading period during which time refreshments will be served and informal discussion will take place.

## Winter !! Brrrrrr!!

According to Vermonters we had a mild winter this year, but looking back upon it we might begin to wonder.

Remember those dark damp mornings when you "jumped" out of bed, dashed to the window and shuddered at the thought of going out in such freezing cold weather. Then you bundled yourself up warm as toast, stepped outside, sank knee deep in mud and nearly suffocated.

Perhaps we can consider ourselves fortunate that we had warm days. They gave us a chance to thaw out after the cold ones. The thawing was usually accomplished by coughs and sneezes.

When we begin speculating as to the reason we're under warning this semester we might attribute it to the ice, rain, and snow. On icy days we took enough spills to shake our brains loose, then the rain came, and washed them away to finally be hidden in the snowdrifts.

However, we were often saved the trouble of walking. All we had to do was stand on the sidewalk and we'd be whisked off to our classes (providing the wind was blowing right). Sometimes I wonder if the wind wasn't paid by some frustrated instructor to make sure we got to classes on time.

As always winters bring varied reactions to the pupils. We have those who on cold nights sleep with the window shut, then wake up in the morning with a stuffed nose and a sore throat, a perfect excuse for cutting. Then you have those who won't get out of bed unless the temperature is above forty. Some won't get up anyway. Others will get up, jog down to breakfast, eat heartily and then snooze through their morning classes to make up for the exertion. Then you have those early birds who get up at six (gads), do their daily dozen, eat a hearty breakfast and then scoot over to the lounge to play bridge.

But all in all, barring a few cold days, snow, sleet, rain, ice, mud, fog, a sprained ankle, twisted knee, lost brains, too much sleep, and a few flunks, the winter wasn't bad at all.

### College Placement Program Continued At University

Recently the Vermont State Employment Service and the Veteran Employment Service met with the colleges and universities in Vermont and arranged to continue the college placement program initiated last year to supplement the guidance and placement activities of the respective institutions.

According to Dr. Norman Lange, Director of Student Personnel who represented UVM at the meeting, the two public agencies will again pool their facilities with those of the colleges in such a manner as to provide the broadest possible job promotional coverage of Vermont employers in behalf of graduating students. Employer contacts will be made by mail, phone, and personal visits by representatives of the two agencies. All college students who desire employment in Vermont or in the states of their residence who will graduate in 1949 are eligible for assistance under this program. Students will register on special application forms devised jointly by college and agency officials. The completed forms will be used in bringing the qualifications of individual students to the attention of employers who have employment openings.

The qualification records of Vermont graduates will be forwarded to the local office of the Vermont State Employment Service which serves the area in which the student resides. These same qualifications will be exposed to job openings throughout the state as well as in the area of residence. In an effort to assist out-of-state students who desire employment in the state of their residence the qualification records of such students will be forwarded through the appropriate State Employment Service to the local employment office serving the area in which the student resides.

This program is not designed for teacher candidates as they register under a different arrangement. However, students interested in other types of employment as well as in teaching, should register under the program, listing occupational choices in fields other than teaching. As a result registering for this service, each student will be broadening the area over which his qualifications will be given exposure and thus will enhance the likelihood of finding the exact type of job which he desires. He will also benefit

### Elections For Vacancies In Stu. Govt. To Be Held Mar. 22

Elections for officers to Student Government will be held March 22, 1949, according to Harold Henningsen, member of the Student Government Elections Committee. Vacancies include two freshman representative positions on the Executive Council and one junior position on Student Court. The candidate for Student Court must be a junior from the Arts and Sciences College and only Arts and Sciences students may vote in the election. Freshmen in any college may vote for the representatives to the Executive Council.

Petitions may be picked up March 11-17 from Student Government's mail box in the Information Office. Petitions for the representatives to the Executive Council must have 100 signatures from the freshman class, and petitions for the Student Court position must have 100 signatures from students in the Arts and Sciences College. March 17th is the deadline for petitions to be returned to the Student Government mail box.

Due to complaints after the last election, polls will be open an extra hour, from 9.00 to 5.00. Voting will take place in Room 36 Waterman on March 22, and will be supervised by the honoraries and the Election Committee.

Pictures will be taken of candidates March 17th at 4.00 in the CYNIC dark-room.

Voting rules are as follows:

Rule 1. At least two (2) weeks be-

fore an election and continuing up to the election, the "Vermont CYNIC" will publish the established rules of voting. It shall include the time, place, and purpose of the election open to all members of UVM students.

Rule 2. A student must be a member of the University of Vermont, proof of such fact signified by presentation of his student activity card at the voting booth.

Rule 3. Upon presentation of the student activity card, the votee's name shall be crossed off in the student directory, and his card stamped by the proper symbol of voting as provided for the election.

Rule 4. Upon completion of this procedure, the votee shall be issued one set of ballots.

Rule 5. Elections will be supervised by the members of honorary societies, especially Boulder Society and Mortar Board. In addition three (3) faculty members must be provided for the counting and recording of ballots.

At a college examination a professor asked: "Does the question embarrass you?"

"Not at all, sir," replied the student, "not at all. It is quite clear. It is the answer that bothers me!"—Bradford Durfee Tech.

### Dr. Brown Noted Educator Addresses Kappa Phi Kappa

"Attitudes are not developed in the abstract. They are the result of activities in which the individual is a participant" was the keynote of the message by Dr. Francis J. Brown to the audience at Southwick, Friday evening, March 4. Doctor Brown, a staff associate of the American Council of Education, has worked with the United Nations Educational Scientific and Cultural Organization for several months, organizing conferences of representatives from many univer-

sities and colleges in countries all over the globe. One of the important conferences was held in the University of Utrecht. Many meetings were held in what was called the "new" building, constructed in the thirteenth century. The "old" sections were erected in 48 A.D.,

The visit here by Doctor Brown was sponsored by the Kappa Phi Kappa, the national education fraternity. Douglas W. Durkee, president of the local chapter, introduced Doctor Brown, giving a brief history of Doctor Brown's extensive experience in the field of education.

During his talk, Doctor Brown stressed the fact that the responsibility of the schools and colleges is to develop attitudes supporting international agencies, to foster better understanding, and friendship to help toward international peace.

Doctor Brown cited the example of the six universities in Holland which have banded together and after inviting one hundred displaced students, mostly Czechs, to attend their universities, made it possible for them to come to Holland, live in a beautiful Dutch home for several months before registration in the school. They lived with the Dutch students, who helped them to learn the Dutch language, customs, history and thus become a friendly integral part of their hostess country. It is friendship of this sort which makes for better understanding.

### Agricultural Coll. Announces Dean's List

Forty-eight students made the Dean's List in the College of Agriculture at the University of Vermont and State Agricultural College, it was announced today by Acting Dean Paul R. Miller. Twelve of the list are seniors, 20 are juniors, ten are sophomores and five are freshmen. The list also includes one special student.

Richard D. Aplin, '51, of Waban, Mass., heads the list with grades averaging 95.3 or higher. The next group, those having averages between 92.5 and 94.9, includes the following four students: Allan K. Lawrence, '50, and Alvan J. Lawrence, '50, both of Morrisville; Joseph F. Metz, '50, Elizabeth, N. J.; and Dean H. Urie, '51, Craftsbury Common.

Students whose averages are between

89 and 92.4 are: from the class of 1949, Catherine B. Carter, Burlington; and Cynthia M. Williams, Riverdale, N. Y.; from the class of '50, James F. Basque, Pittsford, Sylvia Colt, New York, N. Y.; John A. Ferwerda, Whitinsville, Mass.; A. William Jasper, Havertown, Pa.; John E. Lovell, Woodstock; John C. Page, Middlesex.

Also, from the class of '51, John H. Cooley, Randolph Center; Lucy E. Hall, Hardwick; Donald G. Harris and H. Blakely Harris, both of Middlebury. In this group also is one special student, Holden T. Doane, Bakersfield.

The remaining 30 students on the list are those having averages between 85 and 88.9.

### How Long can a song-hit live?

## Editorial . . .

Obviously one of the least pleasant aspects of our last Kake Walk was the widespread lifting of articles from fraternity houses and, in one case, from one of the men's dorms. Unfortunately, the CYNIC did not have the facts to be able to carry this story. Therefore, we shall make an attempt to present a résumé.

It would appear that there were several groups of irresponsible pilferers, not the least infamous of whom was one group of either two or three men who evidently made the rounds of at least six fraternity houses while gathering an enviable pile of loot. The time and date of their adventure have been set at between the hours of 11 and 1 o'clock on the Friday evening of Kake Walk; and their loot contained everything from cuff links to a pair of suit pants. They took fountain pens and pencils, electric razors and a sports jacket, shirts and wrist watches until they had a "take" of 48 articles. Waking from their stupor of the evening before, this particular group evidently saw the folly of their ways the next day and proceeded to make amends. One of the fraternity houses was informed that a box would be left on the steps of East Hall. While one of the brothers investigated, an automobile delivered the box to the engineering building; the janitor subsequently finding the box and turning it over to President Millis. President Millis then informed the fraternities of the recovery. Most of the articles, some in a damaged condition, were then returned the following Tuesday.

There were other cases of misappropriation, however, and these cases must truly fall into the category of theft. Thus, the CYNIC received, earlier this week, the following notice.

### "Announcement

"Buckham Hall would appreciate the return of three pairs of drapes which were taken from the dormitory during Kake Walk activities."

A further check with the fraternities revealed that other deeds were perpetrated and they have yet to get back such items as: 1 fraternity house sign, 1 notebook containing a term paper, 1 sports jacket, at least one overcoat, and even \$20. Even included were a pair of silver candle sticks, borrowed for the occasion and of high personal value, and two watches taken from the room of two Kake Walkers while they were at the Auditorium.

The CYNIC does not claim to be a scandal sheet, but such conditions have existed and it is time that some preventive measures on the part of those concerned were taken. As to the immediate question, "Who was the group who took and later returned their articles?" there are only two guesses: they were either UVM men or not. Any UVM student should feel safe in the presence of any other student, but, recognizing a sorry situation, if these students are from UVM, they should be turned over to the Student Court immediately. If they are not from UVM, the administration is undoubtedly taking the steps it deems just.

To return to the question of protection of fraternities, there have been some methods tried in the past, but generally ineffective. Cops have been hired, but they couldn't distinguish between the more desirable guests from the "drifters." Bouncers were used this year, but even that did not prevent the swiping of the candle sticks from a dining room table or the breaking into the kitchen of one of the fraternity houses. In fact, it would seem sometimes to be impossible to check the situation, for a great many fraternity men say simply, "nothing can be done." There are other fraternity men, however, who realize the importance of restriction, and who desperately are looking for some feasible method. Whether admitting

"He says he has classes from 10 AM through 4 PM, and he always eats at noon."

## Letters to the Editor . . .

February 28, 1949

Dear Editor:

Through the CYNIC I would like to express my most grateful thanks to many who helped me with my part of Kake Walk this year. I would like to express my thanks to Stan Brown for the great job he did with the Decorations Committee, Bob Moore and Joyce Rolfe for their wonderful job on the king and queen throne, and to Dave Partridge for the time and pains he put into the lighting and amplifying part of Kake Walk.

These people did the brunt of the work, but working with them and deserving equal praise come: Al Trono, for designing and constructing those two gigantic kake walkers; Polly McMurdo, for designing the royal seal which was used on the throne this year; and Barb Preston, Nan Nelson, Nan McKee, Skip Graves, Bob Farrell, and Howie Braithwaite, for their assistance in decorating for the Ball.

Without the help of these people the 52nd Kake Walk could not have been the success that I feel it was, and I know that I also express the sentiments of the Directors when I heartily thank these, and the many other persons, who helped to make Kake Walk what it was—the best ever.

Sincerely,

BOB HERRIOTT,

Chairman Auditorium Committee,  
52nd Kake Walk.

Dear Sir:

Liberty of thought is a priceless American heritage. But it is no longer news that this heritage has been trampled upon at the University of Washington where three professors were fired for holding unorthodox political beliefs.

An immediate consequence of this action was the spontaneous formation of the Students Organization for Academic Rights (SOAR). . . . SOAR is united in the aim of preserving freedom of thought and expression on the University of Washington campus and in support of the policies of the American Association of University Professors. We do not attempt to answer current questions concerning Communism and Democracy nor to pass judgment on any ideology, but rather maintain that every man should be judged individually by his peers on the basis of his acts and that therefore a professor's qualifications to teach should be finally judged by his colleagues on the basis of his actual performance in the classroom as attested to by his students and by colleagues in his field.

We are writing you as fellow students for two reasons: first, because you should realize that academic freedom may at any time be abrogated on your campus; and second, to enlist your aid in the battle that SOAR is spearheading at the University of Washington. Our funds come from voluntary student contributions and are consequently limited. To those of you who are deeply concerned over these issues and would like to help further the cause that SOAR is pledged to uphold, contributions may be made payable to the Students Organization for Academic Rights and mailed to 2710 Westlake Ave., N., Apt. No. 1, Seattle 9, Wash. Even more important, write to Dr. Ralph Himstead, Secretary, American Association of University Professors, 1101 Connecticut Ave. N.W., Washington 6, D. C., expressing your dissatisfaction with the recent action taken at the University of Washington. For further information about SOAR and its work, contact Miss Afton Woolley, Correspondence Chairman at the above address.

Very truly yours,

ROBERT W. CRAIG,  
Chairman, SOAR.

## Junior Class Elections Slated

In the hope that UVM may enjoy one of the best Junior Week celebrations in a decade a special meeting of the Junior Class will be held Wednesday, March 16, to elect class officers for the approaching senior year and chairmen for Junior Week which is scheduled for the second week in May.

Members of Class of 1950 will meet in the Student Lounge to choose their leaders and create the organization necessary to satisfy student clamor for a gala school celebration. It is hoped that a band of the Skitch Henderson calibre can be hired for the Prom but this decision will hinge on Student Government's attitude towards supplementing the Junior Class's finances.

only those with UVM student activity cards would cure the situation is unknown. It is worth a try at least, and it just might keep some of those drifters and "high school seniors" out. Or you could padlock all the rooms.

As for the misfortunes of Buckham Hall, whose doors obviously cannot be locked, they will just have to wait for the good graces of whoever was despicable enough in the first place to steal drapes.

## Informal Photos For 1950 Ariel

The annual drive for informal snapshots of all phases of campus life is now underway for use in the 1950 Ariel. This provides a unique opportunity for every student to actually participate in the makeup of the Ariel. Snapshots covering all organization activities, aspects of everyday campus life, fraternity, sorority and dormitory events, humorous episodes of student life, and any snapshots relative to any branch of student life suitable for print will be acceptable. Snapshots taken by students enrolled in the Marshall Plan in Action course during the past summer are also requested.

Any snapshots can be placed in designated boxes which have been placed in the campus bookstore and in the Ariel office, Room 49 on the Ground Floor in the right wing of the Waterman building.

Informal snapshots, perhaps more than any one other section of the Ariel, help to personalize university life and make it more memorable in the minds of individual students in the years to come. All organizations and students wishing to immortalize their respective roles in university affairs are urged to contribute any suitable snapshots. All snapshots which are submitted will be returned at the request of the contributor with the provisions that he write his name and address on the back of each snapshot which he has submitted.

Further information regarding contributions can be obtained from Bob Taisey, Informal Photography Editor for the 1950 Ariel.

## If He Is---

American Association of University Professors Bulletin—(ACP)—Professor Harold Larrabee writes for college professors:

If he's brand new at teaching, he lacks experience.

If he's been teaching all his life, he's a rut.

If he dresses decently, he's trying to be a fashion plate.

If he thinks about something besides clothes, he's a bum.

If he seldom admits a mistake, he's arrogant.

If he ever admits a mistake he ought to go back to bricklaying.

If he plants an occasional joke in his lectures, he's a comedian.

If he never condescends to an academic nifty, he's duty dull.

If he goes to chapel with regularity, he's a hypocrite.

If he shies at sermons he's a heathen.

If he writes books, he neglects his teaching.

If he never publishes, he never had a thought worth printing.

If he hands out plenty of high grades, he has no standards.

If he hands out plenty of low grades, he's a butcher.

If he uses notes, he's unoriginal.

If he gets along without notes, he's an ad-libber.

If he sticks to his specialty, he's got a one-track mind.

If he tours the encyclopedia, he's a show-off.

If he can't identify Fritzie Zivic and Jack Kramer, he isn't human.

If he listens to sports broadcasts, he's illiterate.

If he gets paid for outside work he's greedy.

If he does outside work for nothing, he's a sucker.

If he stands up while teaching, he's oratorical.

If he sits down while teaching, his feet hurt.

If he's young, he needs more seasoning.

If he's old, he's seen better days.

If he gives a lot of quizzes, he's a slave-driver.

If he seldom gives a test, he's too lazy to read papers.

If he gets his name in the newspapers, he's publicity mad.

If he never appears in the public prints, he's so much deadwood.

If he takes an active part in faculty business, he's a politician.

If he never serves on a committee, he's a work dodger.

If he's on good terms with the president he's a sycophant.

If he doesn't wear out the stairway from the Ad building, he's disloyal.

# Green and Gold Etchings

## DELTA PHI EPSILON

New officers were elected for the coming year in Delta Phi Epsilon. Polly Klein was elected president; Janet Hofstadter, Vice President; Helene Shapiro, Secretary; and Rita Fienberg, Treasurer. New Pan-Hell representatives, House Chairman and Social Chairman were also elected.

Kake Walk was a wonderful and big weekend for the D. Phi E. girls. Two alumni paid us a surprise visit. They were Lita Rappaport, '48, and Edith Robbins, '47. It was swell seeing them.

A surprise birthday dinner party was given for Trudy Rosenberg and Sophia Sandow at the D. Phi E. apartment on 80-North Prospect St. The food was excellent. Who were the mysterious guests?

The officers elected in the D. Phi E. pledge group are as follows: Lucille Boosin, President; Rosalind Sachs, Vice President; Treasurer, Ruth Goldberg; Secretary, Elaine Katz.

The pledges of D. Phi E. recently gave their Pledge Tea. It was very successful. Future teas are being planned.

## KAPPA SIGMA

Alpha Lambda Chapter of Kappa Sigma found the fall semester a happy and profitable one. The fraternity football and bowling teams were victorious and our sights are now on the interfraternity basketball title.

On November 20, the annual "Bowery Brawl" was held and, as usual, was a roaring success. Never were the Flora Dora girls more beautiful, while our new addition, the a cappella choir, was received with enthusiasm by all.

The new fraternity officers elected for the ensuing year are: Jack Hurley, Grand Master; Al Niemann, Grand Procurator; Jim Turnbull, Grand Master of Ceremonies; Bill Carpenter, Grand Treasurer; and Ehrick Howland, Grand Scribe.

Bro. Dwight Burritt displayed his engineering genius by building an electric sign, which includes the fraternity's star and crescent, and the fraternity colors, scarlet, white and green. Brothers Sylvies and McGinnis transferred to Boston University at the end of the semester.

Through the financial genius of Bro. Charlie Traverse and the cooperation of our many new pledges, the long-awaited redecorating process to the first floor of the homestead finally materialized. Bro. Jack Hurley left our happy home to marry one of our own UVM co-eds, Miss Jackie Bull.

Kappa Sigma enjoyed Kake Walk almost to the fullest. Over six hundred brothers, pledges and guests were served at buffet suppers on Thursday, Friday and Saturday nights. Last, and best of all, our own Bob French was elected Kake Walk King.

## LAMBDA IOTA

At the last counting, all of the Owls have survived the numerous pitfalls of Kake Walk and had emerged unscathed from the gala event. Despite the dastardly attacks by the unseasonable weather, our sculpture remained undaunted; and after a little eleventh hour plastic surgery by Stan Clapp and fellow artists, the "Forty Niners" proudly carried off first prize. Fred Luce and Windy Parker, our high stepping walkers, secured a cake for the famished brothers by taking third place on Saturday night.

Congratulations to brother Ray Dana who became a blushing bridegroom on February 23. Ray, and wife Claire, have established their little nest in back of the Owl House in a beautiful new three room trailer, which, Ray has declared, is strictly off limits after 9:00 p.m. to all members of the fraternity.

The redecorating of our kitchen and dining room has just been completed after a breath-taking burst of energy by the boys before Kake Walk. The walls are

now resplendent in a gay yellow with blue trim. Although general satisfaction has been registered by the majority, a few complaints have been heard that the color scheme was not very soothing to the eyes on those mornings after the night before.

During the meeting of February 14 officers were elected for the second semester. Those who assumed new offices were: Bernie Higuera, President; Edward Russell, Scribe; Jack Holly, Treasurer; Donald Perkins, Social Chairman; William Plankey, Lord High Commissioner of Public Grounds; Al Streeter, Interfraternity Council Representative.

The following pledges received the first degree on March 4: Francis Allaire, Ken Austin, Charles Bilionis, Andy Brown, Andy Buchanan, Raymond Cloutier, Keith Creasey, Bob Currier, Eugene Glysson, Dick Hunkins, Ike Isham, Tom Kendall, Tom Long, Bill O'Brien, Gerry Rice, Paul Stevens, Al Streeter, John Smyrski, and Frank Woodcock.

## SIGMA PHI

The Sigs emerged tired but satisfied from a fairly strenuous, yet successful Kake Walk holiday. Although no outstanding feats were accomplished during the weekend, two cups were added to the living room mantelpiece; one for placing second in the walking on Friday night, and the second for winning second place in the ice sculpture competition.

Kake Walk weekend started off at the Sig house on Thursday evening with a bountiful buffet supper preceding the Formal Ball. The whole affair was capably supervised by John Burrows and its success promises that it will become an annual event. Many good grad brothers returned for the week-end and shared the week-end's events with the active brothers. The climax to the week-end was the Sig sister initiation followed by an open house and tea on Sunday afternoon. Five new Sig sisters were presented for initiation by the following brothers: Allison Stead by Bill Flanders; Marjorie Nelson Hunt by Mitchell J. Hunt; Arline Brush by Paul Hunt; Phyllis McCarthy by Ed McKenna; and Millicent James by Jim Rooney.

The weekend of March 5th was also a significant one for the Sigs and far from being an anti-climax to Kake Walk. At that time eight pledges were initiated into the brotherhood of the Alpha of Vermont, including: Richard K. Simonds, Grosse Pointe, Mich.; Charles F. Black, Jr., Burlington, Vt.; Charles E. Farham,

Buffalo, N. Y.; McNeil S. Fraser Grosse Pointe, Mich.; Andrew E. Doe, Montpelier, Vt.; Frank E. Kelley, Montpelier, Vt.; Robert L. Kynoch, Montpelier, Vt.; and Douglass L. Thompson, Lyndonville, Vt. A large number of the good grad brothers were on hand, along with actives, to welcome the new brothers. The weekend was also significant in that the annual Fourth of March Tunk to commemorate the founding of Sigma Phi was held in conjunction with the initiation.

Ed McKenna and Stephen Gates spent the week-end in New York as representatives of the Vermont chapter at the Regional Fourth of March Tunk held at the Hotel Warwick.

Plans for the immediate future include an informal dance which will be held at the Sig house on Saturday evening, March 19.

## CLASSICAL CLUB

Do you know that Mithridates VI, King of Pontis in Asia Minor, in 100 B.C. took poisons in a series of small doses in order to make himself immune to poison because he was obsessed with the idea that someday someone would try to poison him? And that the formula that he concocted for this immunization potion was discovered in 1899 and was used by druggists under the name of "Mithridation" until 1915 A.D.? Do you know that "walking the plank" was not the invention of modern pirates? Plutarch described Roman citizens walking the plank in 67 B.C. Do you know that a Roman invented a reaper 1700 years before Cyrus McCormick?

These are just a few of the sidelights from the talk "Sidelights on History" given by Dr. Robert H. Chastney, Principal of Montpelier High School, to the Goodrich Classical Club at Southwick on March 3. Dr. Chastney was trained in the classics and taught Latin in the public schools for several years. The local chapter of Phi Beta Kappa made him an honorary member on March 7, 1948.

The following students were invited to join the Classical Club: Carol Brody, '52; Alfred Hurley, '51; Lillian M. Allen, '49; Thomas Kent, '51; Joan Beasley, '51; Jacqueline Moore, '51; Pauline Howard, '52; Joan Crandall, '52.

## DEBATE CLUB

The University of Vermont is being represented this weekend in the Brooklyn

College Debate Tournament. Eight students accompanied by coach Dr. Robert Huber left for New York Thursday. Teams taking the affirmative side of the question were Margaret Fisher and Helene Shapiro, John Howard and Pauline Wescott. On the negative UVM had Bruce Stargatt and Horace Squires, Malcolm Severance and Ian MacNeil. Topic of the debates will be Federal Aid to Education.

## DRAMATIC CLUB

Because of the excellent performance given last year, the UVM Dramatics Club is again presenting "My Sister Eileen". This year's production is being sponsored by the Lions' Club here in Burlington, and the profits are to go toward the Eye Conservation program. The Dramatics Club feels that the cause for which they are presenting "My Sister Eileen" is helping them to assume responsibilities in Burlington as well as UVM. The play will be given in the Memorial Auditorium; the exact date of production will be given later. The following are participating in the production of the play: Maynard North, Esther Thomas, Lynn Davis, Herbert Levine, Charles Parker, John Tampas, Robert Condon, Katherine Crocker, Parker Ladd, W. Howard Delano, Newell Curtis, Mary Ann Browne, Deedee Cummings, Michael Wiedman, William Riddell, Suzanne Pooley, Harry Miele, Leonard Tomat, Windy Parker, Doris Galloway, Priscilla Hale, Lynn Delano, and Tom Kent.

At their meeting on March 2, three new members were elected into the University Players, the honorary society for students exhibiting talent in dramatics. The newly elected are Bob Condon, Dee Dee Cummings and Margaret Harris. "You Can't Take It With You" is being presented on May 12 and 13 at the Southwick Memorial. Tryouts for parts will be conducted on March 22, 23, and 24.

On March 11 at eight o'clock, the Poetry Reading Hour is being presented. It should prove to be very interesting and enjoyable. For a special treat, a social hour will follow afterwards.

## FUTURE FARMERS OF AMERICA

The "University of Vermont Collegiate Chapter of Future Farmers of America," held their annual initiation and banquet Thursday, March 3. The members met at the Brick Barn at 5:00 p.m. to work two degrees, Mario Barberi, Wilfred

Barcomb, William Beucler, Robert Coffin, Ray Davison, and Frank Livak were initiated into the chapter as Green Hands. Senior members Bruce Gaylord, Kenneth Liggett and Albert Plante were raised from Green Hands to Chapter Farmers. In the closing ceremony Honorary Membership was conferred upon Associate Dean Paul R. Miller of the College of Agriculture. The meeting adjourned and the members met at the Lincoln Inn in Essex Junction for the initiation banquet. Following a turkey dinner, George Rickert, President of the Vermont Jersey Cattle Club, spoke on "The Female With the Ten Most Perfect Features,"—alias the lowly cow. Following the speech a color movie on Vermont life was shown by the club faculty advisor Mr. Watson.

## IRC

The IRC looks back on the past year with satisfaction. Its membership has grown from about thirty members to about one hundred and thirty within the past year. Several important programs have been sponsored by the IRC; among these are the programs entitled: "What is Communism?", and the report on the Marshall Plan in Action Course. The largest event this year has been the New England Conference of IRC's when about two hundred delegates met on our campus. Other programs have been luncheons and coffee hours.

The IRC was very happy to be given a little office in East Hall last year. This now contains a good file of material concerning international affairs. Also in East Hall is the bulletin board which is used for different displays about countries or current problems. The club sponsors a reading table in the East Hall Library on which magazines for the use of the students are placed.

The next IRC program will be "What Is Russian Foreign Policy?" on Tuesday March 29.

## CAREERS AT GENERAL ELECTRIC

General Electric is not one business, but an organization of many businesses, offering opportunities in virtually all the professions. Here three G-E men brief the career possibilities for the marketing specialist, the accountant, and the manufacturing trainee.

### FUTURES IN MARKETING

C. H. Lang (Michigan), Vice Pres: responsible for Apparatus Sales: "The need for increased sales efforts to maintain the current high level of business is opening broad opportunities in all phases of the marketing of industrial products—selling, application and service engineering, market analysis, and advertising and sales promotion."

### CAREER IN FINANCE

H. A. MacKinnon, Assistant Comptroller: "Part of my job is the direction of our Business Training Course and travelling auditors staff. Since 1919, these two have been providing direct channels through which young men have progressed into all types of accounting and financial management positions with General Electric."

### MANUFACTURING TRAINEE

Dick Saunders (Rochester): "As a member of the G-E Manufacturing Leadership Program, I'm gaining first-hand knowledge of all the phases of manufacturing from machine tools to labor relations. The Program provides that each of us serve 'personal apprenticeships' to seasoned managers in a number of different fields of manufacturing."

For further information about a BUSINESS CAREER with General Electric, write Business Training Course, Schenectady, N. Y.—a career in TECHNICAL FIELDS, write Technical Personnel Division, Schenectady, N. Y.

### Cats Win 7th Straight Vt. Conference Title, Pierce And Collier Lead Scoring; Frosh Lose 3rd

The University of Vermont garnered its seventh straight state Basketball Championship, when the Catamounts defeated Middlebury on Saturday evening by a 63-50 score on the Panthers home-court. It was also the 27th consecutive State win for UVM.

From the opening whistle, the game gave every indication of being one marked by frequent fouls due to the size of the court, which fostered body contact. Middlebury deplored into a sliding zone defense, giving the Cats little opportunity to drive in for lay-ups, at least during the first half. UVM was forced to revert to a set shooting game, and that they did, hitting the hoop with consistency from outside and in the corners.

Vermont went ahead in the opening moments on a set shot by "Art" Collier and they were never to be headed during the entire game. Ken Pierce was particularly deadly with his one hand push tosses and at one point made three quick baskets in a row to give Vermont a 35-26 lead at the half time.

Fouls were prevalent during the first half, and it was not long into the second stanza before many players were fouling out of the contest, especially those of Middlebury. Ralph Loveys, whose presence in the line-up did not help Vermont, terminated play in the first few minutes of the second half, while Burdett and Nightingale also failed to finish the game.

Despite the loss of Hammy Livingston via the foul route, the Catamounts dominated play during the second half and with all the members of the squad finding the hoop, especially Ken Pierce, Vermont left no doubt in the minds of the Middlebury fans of the ability of UVM's basketball team of '48-'49.

Officials: Morrell and Hutchinson.

The Frosh, who had barely won from the Middlebury Freshmen in their first encounter, were unable to overcome a half time deficit of 12 points and lost by a 62-57 count.

It was a well played, high scoring game marked by good shooting by both teams, but the Kittens drove to within 4 points of their opponents in the early minutes of the fourth quarter. Middlebury led at half time 37 to 25.

However, the Frosh could not overcome the few points separating the teams and lost their third game of the season.

### Hockey Season Ends 2-2 Record Posted

In the third game of the season the Catamounts went down to defeat before the Middlebury Panther hockey team, 9-3. Plagued by mild weather throughout the year the Cats managed to win the first two games with Union and Norwich, in a rough and fast game Wendy Barwood came up with two goals for Vermont. For Middlebury, center Paul Thompson was high man with four goals, two of which were singles.

In a game at Norwich the following night the Cats lost their second game in two days. With the high scoring Norwich ace, Paul Niconchuk, leading the way with five goals, the Cadets dropped the Catamounts by a 9-2 score. Dick Hungerford put the Cats ahead in the first period but it was a short lead as Wilson and Adams teamed up with Niconchuk to put the Cadets far out in front by 4-1 at the end of the first period. In the second period the Cadet puck chasers made it 6-1 as Niconchuk connected again and McWilliams also rifled the puck into the net. Cote tried to put Vermont back into the game in the final period when he outguessed the Norwich goalie to make it 6-2. The Cadets, however, really sewed the game up as Niconchuk made good for two more and Curley got a third goal to make it 9-2 as the game ended.

As the game with Middlebury was cancelled, Vermont brought down the curtain on the 1949 hockey season.

### Wood Names Three Vt. Cagemen All-State Evans Repeats Coach of the Year Spot, 'Big' Al Niemann Receives Highest Praise

Recent selections by Gil Wood of the Green Mountain State's All-Vermont basketball team and coach of the year deserves high praise and worthy recognition. If all the coaches and sport writers in the state, including the CYNIC sports' staff, were to get together to make the awards they would probably iron out the same combination chosen by Mr. Wood. Three of the five named to the all-state quintet were from the Catamounts and two positions went to the Purple Knights.

Coach John "Fuzzy" Evans was named as the honorary coach by the Daily News; Evans was also picked last year as the outstanding college basketball coach in the state. It is a very impressive record for UVM's hard working tutor not only this year but during the last three years; since the remarkable 1946-47 season, Coach Evans' teams have posted 48 wins and only 14 losses.

Wood's first team is as follows: Forwards, Al Niemann (UVM), and Ken Pierce (UVM); guards, Ed Kotlarczyk (UVM), and Billy Hart (SM); Center, Ted Burzenski (SM). Al Niemann, alert and consistent play maker,

Al Niemann

was unofficially given the nod as the best player in Vermont college circles. Niemann, Kotlarczyk, and Pierce were named for the second straight year as leading all-state stars. Hammy Livingston, aggressive Catamount guard and Keith Galli, promising sophomore center, took places on the second team. Thus all five of Vermont's original starting aggregation received honorary memberships.

# Smoke a LUCKY To feel your LEVEL best!

Luckies' fine tobacco picks you up when you're low . . . calms you down when you're tense!

Luckies' fine tobacco puts you on the right level—the Lucky level—to feel your level best, do your level best.

That's why it's important to remember that LUCKY STRIKE MEANS FINE TOBACCO—mild, ripe, light tobacco that makes a thoroughly enjoyable smoke. No wonder more independent tobacco experts—auctioneers, buyers and warehousemen—smoke Lucky Strike regularly than smoke the next two leading brands combined.

Light up a Lucky! Luckies' fine tobacco picks you up when you're low, calms you down when you're tense. So get on the Lucky level where it's fun to be alive. Get a carton and get started today!

# Cats Prove Superiority By Defeating Knights 52-43

## Evansmen Stage Brilliant Comeback; Kotlarczyk Stars

By the Sports Editor

UVM's fighting Catamounts certainly proved beyond a doubt that the Green and Gold is the best quintet in the State of Vermont, when they took the high riding Purple Knights of St. Mike's into camp for the second time this year. No matter what has been written or remarked about the two rivals there is only one criterion for comparison and that is the final score. Earlier in the season the Cats defeated the Knights 58-50 and last Monday they turned the tables on some boastful predictions by posting a 52 to 43 victory. It is hard to point out who was the outstanding Vermont player, because they all put on a show that rates as the best performance of the season. Ed Kotlarczyk dropped in nineteen points from all angles and his teammate, Ken Pierce, countered with nine tallies; but the work of Al Niemann, who held Ted Burzenski to a mere six points, probably contributed more to Vermont's sparkling victory than any other factor. Capt. Hammy Livingston was a demon under the basket on rebounds and in the second half his performance turned the tide in favor of the Cats.

A foul shot by Ken Pierce put Vermont in front, but St. Mike's quickly pushed in a foul shot and a field goal to take the lead. Within eight minutes the Knights increased the lead to a dangerous seven points; little Billy Hart and George Kruse accounted for eleven points to give the Knights a 15 to 8 advantage at the end of the first period. Ed Kotlarczyk closed the gap to three points with a set shot and a push shot from the lane. As the first half closed Pierce tossed the ball the length of the court to Livingston, and the aggressive left guard laid it in to put Vermont within one point of tying the Purple. The half time score read St. Mike's 21, Vermont 20.

The lead changed hands several times in the second half, but with nine minutes and thirty seconds to go Ed Kotlarczyk put the Evansmen ahead by 35 to 34 with a set shot from about fifteen feet; the Green and Gold maintained the lead throughout the remainder of the nerve-shattering contest. Kehoe, Livingston, Farma, Pierce, and Kotlarczyk added 17 more tallies to the score and the Cats, deserving the hard-fought victory they achieved, walked off the floor with jubilant emotions.

## Swish

Ken Pierce jumps between Ted Burzenski (left) and Ed Markey of St. Mike's to score a field goal for UVM. Art Collier looks on from extreme left.

## Baseball Practice Gets Underway in the Cage

With the closing of the basketball season by a comfortable win over St. Mike's, the sports spotlight turns to the coming baseball wars.

Coach Larry Gardner, starting his 21st year at the helm of the Catamount diamond forces has called out his batterymen and they are going through limbering-up drills in the cage.

Larry said that the baseball situation is still not ready to come into focus for a

week or two, due to conflicting activities of several of the candidates.

Kotlarczyk, UVM's pitching ace, Kehoe, Grant, Collier, French and Farma are still shaking the basketball dust from their shoes before starting baseball practice. Then there is the matter of who is scholastically eligible to play. But there is a nucleus of returning veterans coupled with the outstanding players from last year's Frosh team, and the prospects are bright for a successful season.

## Sports Slants

by Vic Murdock

The big shiny train from across the river, now looking very tarnished and not quite so huge, got sidetracked for the second time this year when Al Niemann put the chains to Ted Burzenski and Ed Kotlarczyk pushed the armor and lances aside to score 19 points. It was the 28th straight victory for Vermont in state competition; the last time UVM lost to a state opponent was way back in 1943, when the Knights came out on top by 45 to 43. Ken Pierce, Capt. Hammy Livingston, and Bob French played their farewell contest for the Green and Gold under very joyful circumstances. On Saturday, two nights before the taming of the Knights, the Evansmen chalked up their seventh straight Vermont Conference Championship by bombarding Middlebury 63 to 50. The season's complete record stands at 15 wins and 5 defeats . . . how many teams in New England can claim an equal or a better showing?

With basketball, hockey, and skiing leaving the sports picture, a gap of from four to five weeks of little activity remains until baseball, track, golf, and tennis hold the limelight. However, winter sports will still be the topic of conversation for several weeks to come. The hockey team is still trying to convince the athletic council and other responsible groups that it is feasible to continue the world's fastest game next year. It appears as if they are bucking a stone wall, however, as little enthusiasm or regard for arrangements seem imminent. Suggestions, such as moving the rink to the old tennis courts or the cage in back of the gym, have failed to arouse the proper investigation or interest. Keep trying fellows . . . however, if you really want to play hockey I guess it will be strictly a voluntary affair. An indoor rink or a covering for an outdoor rink would run into considerable money, but a reallocation of certain funds could easily support the team for a limited schedule next year. All we need is interest on the part of all concerned. Is not the signature of some 1100 students on a petition, requesting hockey be continued, enough evidence to show that there is student support? But more than just student interest is needed.

## When Barbers Talk About Home Shaving— THAT'S NEWS

Burlington, Vt., March 11, 1949  
Remember when the barber treated you to the old fish-eye when you said you shaved at home? Not any more—our demon interviewer recently asked barbers what they recommended for shave-at-homes. 86% said "use a blade that's Hollow Ground like my razor." That means PAL Hollow Ground, the blade that's ground like a barber's razor, for keener, quicker "feather-touch" shaves. PAL still gives you 4 blades for 10¢, 10 for 25¢, 21 for 49¢ and 44 for 98¢—for Single and Double Edge razors. Try PAL—today. Your dealer stocks them.

## 7000 Boys and Girls Enrolled In Vermont 4-H Club Program

The year 1948 was a banner year for Vermont 4-H members, according to the 4-H department at the University of Vermont.

Statistics gathered from the annual reports of county club agents show that nearly 7,000 rural boys and girls were enrolled in the 1948 4-H Club program. Through the program these boys and girls are learning new and improved methods of farming and homemaking and they are also learning how to work with one another in their clubs and in their communities.

Although this is National 4-H Club week and 4-Hers are busy making plans for the 1949 program . . . a look at the 1948 record of Vermont 4-Hers shows some startling figures, according to the department. Some of the results are these. Vermont 4-Hers preserved 51,955 quarts of food, raised 212 acres of garden crops, took care of 20,530 birds, raised and cared for 1,160 head of cattle, made over 5,000 articles in home crafts projects, they also planned 117,000 meals, made 5,750 garments and remodeled 1,130 garments.

Throughout the coming week, Vermont 4-Hers are joining 4-Hers the country over in observing National 4-H Club week. They are making plans for 1949 4-H Club projects and are considering the theme of the 1949 club year . . . "Better Living for a Better World."

## Health Council News

A pamphlet on vision and proper lighting was distributed to health officials attending the Health Council meeting, Wednesday evening, March 2, held at Waterman Lounge instead of Southwick, the regular meeting place, so that pictures for the *Ariel* could be taken at the time of the March meeting. This pamphlet and a booklet on "Healthy Eyes" published by the John Hancock Mutual Life Insurance Co. were made available to all women's dormitories on campus to further the Health Council March project of saving and protecting eyesight.

Joyce Wright was appointed as chairman of apple and tangerine sale to be held in Waterman corridor and Lounge as a money-making project. Pat Collins was appointed to succeed Althea Burns as member of the program committee.

Other Health Council projects to take place during March will include instructions on proper posture, dental hygiene, hearing, pedestrian safety, and foot care.

The meeting informally discussed the need and possibility of a men's health council on this campus, which if organized, would promote better health among the men. It was also thought that the two organizations could co-ordinate several phases of health work.

## Student Gov. Minutes February 23, 1949

Meeting called to order by President Costello at 4.12.

Roll call. Absent—Dennis, Schofield, Dingerson, Tucker, Ritchie, Hill, Jerman, Kelty, and Herriott.

President Costello turned over the meeting to Malcolm Mickler and Wendell Barwood, representatives from the hockey team. Mal Mickler stated that the Athletic Council had decided, to the surprise of the whole hockey team, that hockey would not be continued on this campus after the finish of this season. He stated that thirteen petition had been circulated around the campus requesting that hockey be allowed to continue as a regular yearly activity of the Athletic Department on the campus. The Athletic Committee said that this sport would be discontinued until a sheltered rink could be provided. 1,105 names have already been signed and more are expected.

Pat Farma moved that on the basis of the petitions, against the arbitrary dropping of hockey from University activities, Student Government recommend that hockey be reinstated next year and that three representatives be appointed to attend the meeting of the Athletic Council and protest this matter, one of the members to be a Student Government Council member. This motion was seconded simultaneously by Custode, Tampas, and Atwood and passed unanimously.

Pat Farma, Mal Mickler and Wendy Barwood were appointed to attend the next meeting of the Athletic Council and protest the proposed elimination of hockey from the campus activities.

There was no treasurer's report.

Ring Committee—Thomas O'Brien, chairman. Progress is slow due to the lack of answers from the companies

already contacted. Other companies have been approached and have been requested to send pictures of their rings.

Constitutional Revision Committee—Martha Atwood. There has been no meeting of this committee since the meeting held prior to Kake Walk. President Costello requested that the finished Constitution be submitted to the Council not later than March 21.

President Costello brought up the subject of damage done to the campaign banners of the various candidates for Kake Walk King and Queen. After some discussion it was agreed that an item should be put into the University Catalogue or the *Freshman Handbook* that anyone damaging campaign property would be libel to Student Government and that the punishment could result in the expulsion from the University.

It was suggested that Dean Kroepsch be approached on the advisability of putting this in the University Catalogue and if this was not favorable, to insert it in the *Handbook*.

President Costello stated that on March 22, special elections would be held to fill the two freshman vacancies on Student Government vacated by Jerman and Kelty. At the same time there will be an election to fill the vacancy on Student Court caused by the resignation of Scott Mahoney. It was stated that there had been several organizations on campus left out of the Directory, among them Sigma Gamma, but that nothing could be done at the present time but they would be listed in next year's Directory.

Signs have been posted concerning traffic parking violations around the campus especially at the north end of Waterman Building.

Since the CYNIC had failed to print a notice about the lists posted for the different Student Government committees, in

the last issue of the paper, the lists would be left up until after a notice has been published in the next CYNIC. This would give all who are interested in being on these committees a chance to sign up for them.

The Stanford Plan, which is a Foreign exchange Plan and rather costly, was discussed. The cost was \$1,153 per man per year.

Dave Newhall made a motion for adjournment. The motion was seconded by Pat Farma and the meeting was adjourned at 4.40.

Respectfully submitted,  
VINCENT E. RICHARDS,  
Secretary  
UVM Students.

## Outing Club

(Continued from page 7)

May 7 and 8 Saturday and Sunday, Overnight trip to Butler Lodge, Mount Mansfield.

May 15 Sunday, afternoon hike to Red Rocks Mountain in Hinesburg.

May 21 and 22 Saturday and Sunday, overnight hike to Sterling Pond Lodge on the Long Trail north of Smugglers Notch.

May 30 Memorial Day (Monday) UVM Mountain Day, Mount Mansfield. Grand tour of the whole mountain by the whole University.

June 5 Sunday: Annual Outing Club Picnic at Rock Point.

The Outing Club Committee wishes to point out that this schedule is only tentative and is therefore subject to changes and additions.

## Marriage Depends On Emotional Maturity Says Dr. Vera Behrendt

Providence, R. I.—(ACP)—"Nothing determines the degree of success in courtship and marriage more than emotional maturity," said Dr. Vera Behrendt in a lecture on "Marriage and Courtship" at Brown University.

Doctor Behrendt gave some criteria for judging whether or not a person is emotionally mature. The ability to weigh the value of "long time gold against immediate satisfaction" was said to be important in this respect. Listed as lacking this virtue are those students who read a mystery novel the night before an important exam. They neglect the fact that getting a high grade on the exam would afford more long lasting satisfaction.

"The capability to give affection and love to another individual" was mentioned as another criterion. The emotionally immature person shies away from making any deep emotional attachments. In a girl, she said, this tendency manifests itself in the form of collecting boy friends much as an Indian collects scalps, while boys who always try to date a much sought-after girl also exhibit this insecurity born of immaturity.

Another important criterion of emotional maturity is that of various types of emotional response, the lack of which is shown in the child's temper tantrums. A shortcoming in the adult results in the over-aggressive person who lacks control, and the person who controls himself to too great a degree, the over sweet individual.

## Student Government Announces Sub-Committees For Coming Year

The main business taken up at the Student Government meeting of March 9 was the election of people to the various special committees of Student Government: the Pep Committee, the Social Committee, the Religious Life Committee, and the Freshmen Orientation Committee.

To the Pep Committee were elected the following people: Bob Herriott, Art Hill, Dick Aplin, Charles Ayer, Dave Banta, John Bloomer, John Bogie, Bob Carter, Jean Hard, Edwin Hebb, Jr., Ray Henry, Rita Karp, Kurt Shindler, Walt Thompson. These people will have the job of building student morale here by holding pep rallies, fires, and building student spirit by teaching the new freshmen the words to the songs all UVMites hold dear.

The Social Committee, staffed by Martha Atwood, Mary J. O'Neil, Bob Taisey, Jean True, Mike Wiedman, will have the job of acting as overseer on the many social activities here on campus.

One of the most important committees elected at the meeting was the Freshman Orientation Committee. The purpose of this committee is to plan the Freshman

Handbook and help the new students get acquainted with their new surroundings in September. The newly elected members are: Bill Dingerson, Jean Ritchie, Paul Parash, Sue Glenn, Sylvia Heinger, Sue Levine, Marshall Sabens, Ed Streeter.

Nine new members were elected to the Religious Life Committee. The main functions of this committee are to aid the three faith groups on campus, run the WSSF fund drive, and hold the Religious Life Parley. The newly elected members are: Dave Newhall, Graham Berwind, Polly Buttrick, Robert Farrell, Mary E. Fuller, Betty Kerin, Stanley Brown, Ruth Goldberg, Stanley Susskind.

The last committee appointed is one which is dear to the hearts of us all, the Finance Committee. The job of this committee is to look over all proposed budgets and to recommend all financial matters to Student Government for action. Head of this all-important committee is Ed Costello. The newly appointed committee consists of Norman Dennis, Shirley Dennis, Richard Kinsler, and George Schofield.

## MacTiernan To Head Women's Student Gov't For '49-'50; Traynor Chief Justice

Rae MacTiernan

Betsy Bigelow

## Slate Of Officers For Coming Year Finally Announced

In a tightly contested election of the Women's Student Union on Wednesday evening, March 9, the following University women were chosen to the women's student body for the ensuing year:

President, Rae MacTiernan.  
First vice-president, Betsy Bigelow.  
Second vice-president, Alexandra Dzielewska.  
Chief justice, Rose-Mary Traynor.  
House chairman, Gerry Goeltz.  
Assistant house chairman, Jean Austin.  
Scholarship Chairman, Norma Hale.  
Assistant scholarship chairman, Shirley Hakewessell.  
Secretary, Barbara Hayden.  
Treasurer, Jean Smith.  
Town representative, Esther Thomas.  
Social chairman, Shirley Dennis.  
Assistant social chairman, Jean Hard.

Several of the offices were so closely contested that the final result was in doubt until many of the absentee votes were counted, according to Kathy Eaton, the outgoing president.

Student Union is the body through which the women at U. V. M. are governed and the rôle it plays at the University is a highly significant one.

## Newman Club Holds Annual Retreat At Trinity Col. Mar. 19

An excellent opportunity for Catholic students on campus to observe the spirit of Lent will be the Newman Club Retreat, which takes place this weekend, March 19 and 20, at Trinity College Chapel. The Retreat is an annual affair, usually occurring at Trinity College, but in former years has taken place in the months of January or February, so students this year will have a chance to combine the Retreat with their other Lenten practices.

The club feels that it has been very fortunate in securing for its Retreat master, the Rev. Joseph Scannell, C.S. S.R., who is at present the superior of the Redemptorist Missions at Bradford, Vt. Father Scannell has served several years in the foreign missions in Brazil. In this country, he was director of the passion play, "Pilate's Daughter," in Roxbury, Mass., and was principal of the Mission High School there. He has had wide experience in conducting missions and retreats for parishes and for Catholic youth.

The Retreat will open at Trinity College Chapel at two o'clock on Saturday afternoon, with conferences and meditation. At five o'clock there will be Stations of the Cross, followed immediately by confessions. After a short interval for supper, the Retreat will be resumed with a conference at 7.30, followed by Benediction. On Sunday morning, the club will receive Holy Communion in a body at a special mass at nine o'clock at the Trinity Chapel. Following the mass, the club will move to Waterman Building, Faculty Dining Room, on the third floor, for a Communion Breakfast, at which Father Scannell will be the guest speaker.

A short business meeting will follow the breakfast, at which students will hear about the recent conference in New Hampshire and the plans for sending delegates to the Newman Club Convention in Boston, April 29, 30 and May 1.

## CYNIC VIEWS COMING EVENTS

March 1-31  
N. Y. C. Jewish Museum exhibit of Orthodox religious pieces, Cannon Room annex, Fleming Museum.  
Exhibit of northern Vermont artists, Art Studio, Fleming Museum.

March 15  
7.30 p.m. Junior Class meeting, election of officers, Waterman Lounge.  
7.30 p.m. Men's Glee Club Formation meeting, Room 36, Waterman.

March 16  
4.00 p.m. Meeting of Student Government, Waterman Lounge.  
7.00-9.00 p.m. Movie, "Life and Loves of Beethoven," Auditorium, Fleming Museum.  
7.30 p.m. Mass meeting of all freshmen, Waterman Lounge.

March 17  
5.00 p.m. Regular CYNIC Senior Staff meeting.  
7.15 p.m. Square dancing at Southwick, men and women.  
8.00 p.m. Lecture by Dr. J. H. Randall, Jr., "Accepting the Universe of Science," Ira Allen Chapel.

## Placement Office Offers Fellowships To Senior Students

Seniors, here is your chance to continue your education!

After a student has completed four years of college, there are primarily four ways that he may continue his education through graduate work. He may receive from another college, a scholarship, a sum of money which is a gift; a fellowship: a sum of money for which you do some kind of specific work; or an assistantship: which is given to those who are put on the teaching staff for one quarter of half time work. The other alternative is to finance the extra year of study yourself or to apply for subsistence under the GI Bill. Many graduate students are not aware that there are all kinds of jobs open to them at various colleges offering assistantships, fellowships, and scholarships. Here is what you can do!

Assistantships are being offered at colleges in such fields as Home Economics, Forestry, Education, Engineering, History, Medicine, Mathematics, Chemistry, and many others. The University of Minnesota even offers an assistantship at a radio station, KUOM, as well as the above listed fields. Assistantships, either teaching or research, range from perhaps one in Astronomy to thirty in Physics at this university. Stipends, or compensations, are paid on a basis of \$1800 for full time service of nine months or from \$450 to \$900 for half time service. At Kansas State College, Manhattan, Kansas, the nine months' stipend is \$1215, which shows that there is a wide range in the value of various assistantships offered.

Fellowships and scholarships are also numerous. For example, the University of Chicago offers, this year, 250 awards with over fifty large fellowships and stipends ranging from \$525 to \$3000. The University of Missouri is offering fellowships carrying stipends of \$650 each to students who have completed one year of graduate study. Special fellowships are given in the fields of wildlife and fisheries management with stipends of \$1000 for twelve months service. Barnard College, of Columbia University, New York, offers special fellowships for women who show promise of usefulness in public service. The stipend is \$1800 for a year of graduate study. Graduate scholarships are being granted by the University of Wyoming in various departments. Teaching and research fellowships, particularly in Chemistry, Education, History, Mathematics, and Medical Sciences, are awarded to students entering the University of Oregon.

Many of the application deadlines for these aids have already expired, but there are still many colleges which consider applications until April 1. Applications may be obtained by writing to the Dean

## Vt. Forums Meet School Committee At UVM Luncheon

The School Publicity Committee for the Vermont Forums met with Harold Slocum, general chairman the Burlington Forums group; Bob Benson, general publicity chairman; and Gladys E. Neiburg, out-going chairman of school publicity at a luncheon in Waterman Cafeteria, Saturday, March 12.

Collette Croteau, reporter for the *Triad* at Trinity College; Martha Riddell, reporter for the *Register* at Burlington High, and Paul Barash, reporter for the *CYNIC* at U. V. M., were present at the meeting.

A review of the work done the past (Continued on page 4)

## The Red Cross Needs Your Help It Needs You; You May Need It

"You Too Can Help Through the Red Cross," the theme of the 1949 drive of the American Red Cross, will be heard on UVM campus during the week of March 14 through March 18, when teams of canvassers will solicit donations from the faculty and from the students.

Prof. W. R. Adams, Jr., will act as chairman of the drive among the faculty, while David S. Newhall '51 will be chairman of the drive among the students. Plans are underway to have a member of each dorm solicit that dorm. Solicitors will be on duty in the lower corridor

at Waterman to accept donations from students who do not live in dorms.

Donations in the past have made it possible for the Red Cross to carry on its work of service in case of emergencies, floods, disasters, war, and in peace time. Contributions made now will make it possible for the Red Cross to continue to reach out in the spirit of neighborliness, to act, to assist, to share with those in need, across the street, across the nation, across the world. It is "Through the Red Cross" that all people can help.

## Dean Hills' Sugar Party To Be Held Mar. 26 At Underhill

The sugar bush on the Proctor Maple Research Farm in Underhill will be the scene of this year's traditional Dean Hills' sugaring-off party.

The afternoon of Saturday, March 26, was announced yesterday as the date for the 1949 event which, for the first time, will not be in the Gym, but in the new University Experiment Station sugar house half way up Mt. Mansfield.

The annual party will be sponsored by the student Aggie and Home Economics clubs. Tickets, at 75 cents, may be purchased from members of the clubs and all reservations must be in before Thursday, March 24.

Plenty of pickles, doughnuts, coffee and soup will be on the menu from 1.30 to 3.00 p.m. The committee will use their boiling arch to boil down the syrup to the right consistency for caramelizing now.

Private cars will leave from Morrill Hall and students desiring transportation are expected to be there about 1.30 p.m. Leading the list of invited guests is Dean Emeritus Joseph L. Hills, in whose honor the party is given. Former Governor Mortimer R. Proctor, who gave the farm to the University of Vermont, Gov. Ernest W. Gibson, George Ellis who donated the money for the new sugar house, Harris Soule, director of the Vermont Development Commission, are among guests invited to the occasion.

Others are President John S. Millis, president of the colleges, representatives of General Foods Co., and the George H. Hale Co., donors of the sugar house equipment, George Stufflebeam, Fortis Abbott and Clyde Smith, officials of the Vermont Sugar Makers Association.

## UVM SONGSTERS TO REVISE GLEE CLUB

While this University performs a number of functions in the field of student activities which are both necessary and worthwhile to its students, there is one particular organization which has, for many years, failed to function on this campus—that being the Men's Glee Club. The absence of such a group has been brought to the attention of this writer from several sources, including many of our readers. The need of this organization has been borne out by the success of various small organized and unorgan-

## Editorial . . .

This is one of the most liberal schools in the entire northeastern region. This was the opinion overwhelmingly forced upon me by conversations with students from other schools and actual observation of one other school in action.

At a convention held at Syracuse University this past weekend, several striking contrasts assailed my amazed eyes and unbelieving ears. Our Student Government has more power, both to initiate legislation and to act as a sounding board for student opinion, than any of the nine other schools with which I came into contact. Ours alone is elected by completely democratic means; ours alone is allowed to handle student funds; ours alone may question the Administration and make recommendations with the assurance of being heard.

U. V. M. has been accused of being "conservative." In illustration of what a truly conservative school is, please consider one, represented at the conference at which a student may be dismissed on 24 hours' notice for disagreeing with the Administration. This penalty, notice, is just for exercising free will and free speech, not for any infraction of rules. Naturally, for the protection of those delegates, I cannot mention the name of the school. This in itself is an indication of the sickening situation.

Among the conditions prevalent elsewhere, I learned of the excluding of women from the political organizations on campus; of the use of the party system for nomination, rather than direct petition among the student body; of the closed meetings at which only members of the student organization could attend or be heard; of the absolute uselessness of suggesting anything not in favor with the Administration. And these conditions, singly or combined, existed on every campus except ours, which was there represented. Think this over before calling Vermont "conservative"!

Yet, there have been many just complaints here concerning the difficulties involved in trying to get our Administration to do certain things, of the constant reminding that seems necessary, of the length of time involved. This is all quite true. Nevertheless, a student or group of students has the right to petition and be heard. If the cause is important enough, it is well worth the effort involved.

Our Administration is not perfect. . . . But then, I have never seen gilt wings walking into the classrooms either. By and large, we have an opportunity—it is our fault if we do not use it. Student Government is that opportunity. It is free and fair—and it is open to all. Before complaining about the conservatism of Vermont, try attending one or two meetings. If you can think of suggestions, make them. We have an outstanding democratic institution. It is the fault of the students if it does not work.

J. E.

## Wheezes from the Gallery . . .

Gladys Neiburg

There seems to be much talk about the class honoraries at UVM. Discussions echo back and forth opinions about the methods of selection in vogue that sometimes pluck a student from the crowd and elevate him, or her, to an honorary . . . just like that!

Frankly, I am no authority on the subject of "How to get into an Honorary," but it should be, according to my one-track mind, an avenue where character, leadership, scholarship, and attitude are considered.

A council, or cabinet, or whatever one cared to call such a body, should meet and carefully consider candidates for membership to honoraries. This council should be composed of the current honorary, the faculty adviser of each club or other recognized organization on campus, and the deans of the various colleges.

Popular vote by class members and further nominations by the Council members would determine the names to be considered. The faculty adviser would be well-qualified, if he is an interested and active faculty adviser (and he should be), to give an opinion on the character, leadership and attitude of the proposed candidate. The dean of the college could advise in regard to scholarship and character. The members of the honorary would have the privilege of expressing opinions.

It should not be too difficult to choose, after proper deliberation of these qualified people, the students who are deserving of being members of an honorary, students who will cherish and carry on the splendid traditions of their respective honorary society.

Of course this will take time. Of course it will necessitate the meeting of a fairly large group of people. But won't it be worth it?

What do you think?

## Military Science Dept. Announces Adv. Course

Major William O. Witherspoon, Professor of Military Science and Tactics, has announced a meeting for all students qualified and interested in the Advanced Course in Military Science for next year. The purpose of the meeting will be to explain facts and give out information pertaining to the Advanced Course and to accept applications from students.

To qualify, a student must be an academic junior in good standing at the time of enrollment for the fall semester, 1949, and must also have satisfactorily completed the Basic Course in Military Science or be a veteran with at least one year or more of honorable active service. Students must not be over 25 years of age. Veterans are advised to bring their discharges.

The meeting, which will be conducted by Major Witherspoon, will be held in Room 239 Waterman, March 22, at 7.30 p.m. All students interested in this course are urged to attend.

## The Three Bares

By Ed Reed

## Vermont Artists to Hold Exhibition in Fleming Museum

On March 11, the eighteenth exhibit of the Northern Vermont Artists was opened to the public at the Fleming Museum.

This exhibit is the brainchild of Mr. Harold Knight of Burlington.

It all started in 1931 when Mr. Knight and a group of people who were interested in fostering the development of art in this area sponsored an exhibit consisting of photographs, commercial art, and paintings. The only drawback for an otherwise auspicious debut were the unfavorable lighting conditions and the cramped quarters. However in 1932 when the museum was opened the exhibit was held there under considerably improved conditions.

Every year invitations are sent out to people who have contributed works in the preceding three or four years. Around January or February there is usually a large registration. This year there are one hundred eight artists, about ten times the amount that participated in the first exhibit. Registration consists of a one dollar fee. Each registrant must have his work in two weeks in advance. Cards are made out by the individual artists for each of his paintings. These are then sorted by the museum staff who spend a considerable amount of time taking care that everything is done correctly.

Until this year people who spent their summers in Vermont were invited to contribute. However, the project has grown so much in interest that many native Vermonters were being denied the privilege of entering. Consequently this year it is strictly a Vermont show. Besides the amateurs contributing there are twelve professionals whose works are entered.

The main difficulty encountered is the judging of the paintings. The problem is that the judges don't want to discourage any artist who shows promise but doesn't quite meet up to the required standards. For instance a primitive painter (one who has had no formal instruction) might show considerable talent but be lacking by a slight margin. It is disconcerting for both the judges and the artist when the rejection is made. However, everything possible is tried in order to encourage those with talent. Unfortunately this year because of the number of contributors and the lack of room a number of artists were turned down.

Mr. Knight is what he calls a self-appointed chairman. It is largely through his efforts that this exhibit is continually successful. He says that it is gratifying to observe how this exhibit has grown and the benefits that people have derived from it. He takes a bit of pride in noting the many artists who began with little or no experience and developed into artists with professional qualities. It is in his opinion that many people have received happiness from the hobby of painting who might otherwise have diverted their attention to more uninteresting activities.

## Syracuse Conference Attended By UVM Independent Body

Three University of Vermont students spent the weekend of March 4-6, at Syracuse University, attending the first Northeastern Regional Conference of Independent Organizations. The three, Robert Preston, Lou Lane, and Joan Ediff, went there as representatives of the Vermont Independent Party to study conditions and problems concerning independent organizations in other schools.

The UVM group arrived in Syracuse late on Friday evening, after encountering considerable transportation difficulties. Attempting at first to go by car, the delegation continued by bus and train after serious engine trouble left the automobile in Vergennes. Despite a late arrival they attended all of the seminars and special meetings except the opening session.

Work at the conference was accomplished largely through means of the continuous seminars, conducted by members of the Syracuse University independent organizations. All visiting delegates resided in regular college dormitories and obtained their food from the university cafeteria. The agenda had been carefully planned so that no time was wasted. Within a period of two and a half days an opening dinner and informal dance, five seminars, a formal dance, tour of the campus, special religious services, and a plenary session were held.

Most of the problems of independent groups were found to be very much the same in all the schools. The entire movement appeared to be comparatively young in the northeast, the oldest group represented having been formed in 1939, and the youngest, only five days before the start of the conference. Two-year-old VIP seemed to its delegates, to be among the more progressive groups, occasioned, perhaps, by the liberal tradition found at UVM.

The study proved informative on many general school problems in the region, in addition to the particular problem at hand. For example, through discussion with assorted students an idea as to the present situation on nine other post-war-crowded campuses was gleaned. This investigation created a general feeling that UVM is comparatively well-off in regard to housing and classroom facilities. The feeling among both our delegates and those from other schools was that our Student Government set-up is, by far, more liberal and active than most. In the matter of having student public opinion heard, we are far more fortunate than the majority.

There's one in every crowd.

We mean a professor who delights in alternately sneering and cheering at the "younger generation now in college."

One such professor was leaning over his rostrum delivering a dissertation on the mode of talk sported by the younger among us.

"Now what's that silly saying the girls on the campus are in the habit of saying?" he mused to the discomfiture of the co-eds in the class.

"NO!" shouted a male from the recesses of the back row.—*The Daily Revere*.

# Off The Boards

By MORT KAUFMAN

This is the time of Basketball Tournaments, Conference Champs, and All American as Spring and the baseball season come upon us. The records are being compiled, the magazines are advertising their mythical fives while the season will be terminated before the Ides of March.

The '48-'49 basketball season is fini, so with an eye toward post season tournaments, a resume is forthcoming; Our Catamounts won the Vermont State Title and rank as one of the better small college teams in rocky New England. Eli Yale rated as the best team in this area, while winning the Ivory league—they were led by artistic Tomey Lavelli who broke the intercollegiate scoring record this season. The Metropolitan area failed to produce any great team this year, and NYU, Manhattan, CCNY, and St. Johns all rate evenly. Villanova, and La Salle of Philadelphia were considered as two of the better teams of the Middle Atlantic Area.

In the South East conference, it was all mighty Kentucky winning the conference as well as the title of number one team of the nation. The Southern Conference was won by a slow starting North Carolina State team which lived up to pre-season prediction during the last weeks of the season.

The Big Nine was won by the University of Illinois with Minnesota a close second. Independent teams whose record merited post seasons bids were Loyola of Chicago and Bowling Green. In the Missouri Valley, defense minded Oklahoma A&M won the title in defeating two of the best teams in the country—St. Louis and Bradley University.

You may take your choice in the Southwest Conference, Arkansas, Rice and Baylor all on even terms in the fight for the title may receive post season bids. In the altitudes of the Rockies, Utah and Wyoming rate on even terms and both are playing in tournaments.

In the land of snow and oranges UCLA came back strongly in the last few weeks to win the coast title in the Southern district with Southern California a runner-up. San Francisco was one of the best independent teams of the coast, while Oregon State seems almost certain of winning the Northern Division.

# A Glance at the Intramurals

## BASKETBALL

After an extremely hard fought basketball season in both leagues, playoff time is due. Come Saturday it will be the Kappa Sigs vs. the Delts in the first game of a two out of three series for the Fraternity Championship of UVM.

The Kappa Sigs, using the two platoon system and the theory of mass, have emerged victorious in League "A" with a record of 7 and 1. Close on their heels were the Phi Sigs, sparked by Bailey Goldberg with a record of 5 and 3.

In League "B" where upsets were a dime a dozen and the play close, the Delts, after dropping one pointer to the SAEs and ATOs, and Ralph Kehoe to the varsity, rallied to top the ATOs and Sig Nus and emerge victorious with a record of 6 and 2. Pressing them all the way were the Sig Nus, sparked by "Rickey" Hryckiewicz, and the ATOs with "Big Bob" Fallon leading the way.

In the dorm picture it's converse, last year's independent champs, closely pressed by Ed Kotlarczyk's Wills Hall five.

The fraternity playoffs are scheduled for Saturday March 12 at 2 p.m. Tuesday March 15 at 4.15 p.m. and Saturday March 19 at 2 p.m. if necessary.

An All-Fraternity team might go something like this Goldberg, Phi Sigs, and Hryckiewicz, Sig Nu, at the forwards; Al Pratt, Delta Psi, at center; Jack Hudson, Delta Psi, and Ed Leach, Kappa Sig, at the guard spots.

## BOWLING

The Bowling Championships is again in the "Halls of Kappa Sigma" the Kappa Sig team sparked by Pete Palmisano, Art Heald, Lolo Setien wrested a trophy from ATO, last year's champs.

## RELAYS

The Intramural Sports Committee has tentatively scheduled the Intrafraternity Relays for March 22, 24, 28, and 30—the actual dates to depend upon the number of teams entering. So far teams from Sigma Nu, Delta Psi, SAE, and Phi Sigma Delta have been working out, with more expected. The Sig Nus with Earl Randall, and Dunc McLaren as a base, seem to be favored over the Delts, who must replace one of their fastest men from last year's championship team if they are to win. Also don't count out the SAE or Phi Sigs. The SAEs have Howie Haddigan and Art Leavitt, two of the fastest men on

last year's undefeated freshman track team, while the Phi Sigs are still strong from last year.

## TRACK

For weeks now the indoor track in the gym has been covered with track aspirants—some working out for the varsity, some for the freshmen, some to lose weight, but all pointing towards the intrafraternity meet. The Sig Nus, last year's champs appear to be equally strong this year, with most of their runners able to compete. The Delts, last year's runners-up, seem a bit stronger with some additional runners and field men working out to fill the gaps in last year's team. The Phi Sigs and Kappa Sigs also appear to have depth and should be listed with the Delts and Sig Nus as contenders.

## VOLLEYBALL

The Intramural Sports Committee has announced a volleyball schedule starting on Saturday March 26. As before, three courts will be used and the schedule should take two weeks. Last year's finalists, the Delts and Phi Sigs will be strong again this year, but the Kappa Sigs, with plenty of spare court talent, should be the team to beat.

## HEXATHLON

A peek at the Hexathlon which is coming off on March 4 and -8, shows Bill McIntyre, one of UVM all-time bests as an all around athlete, as the leading contender for the beautiful 18-inch trophy, with Al Tavares, Bob St. Gelais, Jack Steinmetz, and George Arata also entering.

# Ski Team Has Two Meets Remaining On Schedule, Vermont's Senior Rating Assured Next Year

Lack of snow forced the cancellation of ski meets scheduled during the Christmas Holidays and the month of January, but the month of February gave the Catamounts an opportunity to compete every week-end. On February 6 there was exhibition jumping at Lyndonville and ten UVM skiers got their first jumping practice of the season.

Next came the Dartmouth Carnival on February 11-12 and the Vermont team entered four-event competition with the outstanding teams of intercollegiate skiing. The results were rather encouraging as UVM placed fifth in the meet, ahead of four Senior Division Teams of the Intercollegiate Ski Union.

The following week-end, February 18-19, the team journeyed to Montreal to participate in the McGill Winter Carnival. Again in major competition of the four-event variety, Vermont placed fifth as a team only a few decimal points behind the Red Birds of McGill and not far from the strong Middlebury team which placed third. Dartmouth was again the winner and the University of New Hampshire, by virtue of a clean sweep in the cross country race, placed second.

Insufficient snow for downhill and cross country caused the Carnival Committee at Middlebury to cancel its Intercollegiate Ski Union Championship Meet scheduled for February 25-26 and to substitute an open class jumping meet with outstanding European and American jumpers competing against the collegians. The Vermont jumpers were steady and might have achieved a good team score had the meet been conducted on that basis. However,

it was strictly an individual affair with Willy Hellman from Sweden winning the Class A title and Ray McIntyre of St. Lawrence University gaining top spot in the B Class.

On March 5-6 Vermont entered ten men in the Victor Constant Trophy Race, a combined downhill-slalom at Mt. Mansfield. Again it was open competition with ski instructors from Mt. Mansfield and Mad River Glen competing with a field of nearly sixty top-flight Eastern skiers. Four Vermont entries placed in the first ten and received rewards given by Sepp Ruschp.

The Vermont team will send five men to Big Bromley on March 19 to compete in the Harvard Giant Slalom, and on March 26-27 Vermont will send four men to race at Franconia on the Richard Taft Trail. This last race is a combined downhill-slalom for team and individual awards.

As a result of the cancellation of the Williams Ski Meet which was to have been the Intermediate Championship, Vermont was given the opportunity to compete in the Senior Division again this year, and the success of the team in the Dartmouth and McGill Meets assures the Senior Rating for next year.

The squad has been made up of the following:

- Class '49 John Goodell.
- Class '50 Ken Belding, John Hurst, El Isham, and Doug Pierce.
- Class '51 Jake Bailey, Dave Dodge, Merritt Edson, Don Erskine, Duane Pierce, Dave Sylvester.

## Pan Hellenic Will Allow 'Open Bids' From All Sororities

The opportunity for UVM co-eds to join a sorority is opened again this semester, since Pan-Hellenic allows the lady Greek letter societies to offer "open bids" to any girl who has been on campus since October, regardless of whether she has been through a formal rushing period or not.

The sororities have extended an invitation to any girl yet unaffiliated to visit their houses and meet its members.

Suffering from much the same affliction as the fraternities it has been found that there are hardly enough sororities to care for the increase in enrollment, and with this object in view, Pan-Hellenic, the University Council, and Dean Simpson are working out plans for the introduction of a new society. It is hoped that definite plans will be underway by June, though it is not known whether the new group would be a locally- or nationally-chartered group.

A special workshop program designed to perfect the sorority rushing program was held during February with rushing chairmen and pledge trainers taking part. It is reported that many of the suggestions resulting from these discussions will be incorporated into future rushing schedules.

## Mortar Board To Highlight Spring Activity Calendar

Get your "tux" out of mothballs, fellows and clean the Kake Walk cake crumbs out of the pockets, the co-eds have been storming Church St. again in search of those off the shoulder jobs that sweep the floor. You've guessed it—or did you peek on your Activities Calendar—the Mortar Board Spring Formal is less than a week away. Of course, you "lucky" ones, who have been already sought after, know that the gals are footing the expenses and your only required assertion is to go out behind Sci Hall pick a few dandelions to glamourize your date's gown; but what many of you don't know about are the hardships we UVM gals have to go through to get to this all important function. If you think donning a tux and picking a few posies is rough on you, ponder for a minute on the troubled "Carrie Coed."

Whether "Steady Freddie" or that secret (until now) crush is the lucky one, as soon as the man of the hour breathes "Yes!" into the phone, our heroine is mentally listing all the details she must attend to in preparation for the big night. First, she must find a gown she hasn't worn yet this year, preferably her roommate's, and go on a starvation diet so she can manage to be poured into it. After extracting her last dime from her pocketbook and shaking the last penny out of her "porker" (piggy bank, that is), Carrie must dash down to the ticket booth for obvious reasons, and dash back to do her own hair, because of still more obvious financial reasons.

Ah, yes, these are only a few of the little details Carrie must look after when she decides to play "Sadie Hawkins," but enough to make her wonder if it's all worth it. But after a few minutes of dreamy music, rustling taffeta and the smell of gardenias, who could help but think it was worth it after all, in spite of her sadly depleted pocketbook and desolate meals.

## FELLOWSHIPS

(Continued from page 1)

of the Graduate School of the particular college desired and then the applications are given to the head of the department appointing the assistant or fellow. In many cases, entering graduate students are exempted from tuition, if appointments involve 25% or more of full time service, or from matriculation and incidental fees.

There are over forty notices of the granting of assistantships, fellowships, and scholarships like the above examples in a folder which is in the Student Personnel Office. Similar notices may also be found in the Dean of Women's Office, as well as on the various bulletin boards.

Students graduating this June who are interested in graduate work should refer immediately to the material placed in the Student Personnel Office so as to meet these application deadlines. Dr. Lange of the Placement Office will be glad to give any additional information or advice.

## Vermont Forums

(Continued from page 1)

year was discussed, with plans and suggestions made for Vermont Forum publicity for next year.

The schedule of topics will be arranged next June. The committee requests that students in all schools submit, to their Forums reporter, any suggestions and topics they would like to hear discussed at the Forums.

## UVM Songsters To Revise Glee Club

(Continued from page 1)

ized choruses and quartets on the hill. Our annual Interfraternity Sing, which takes place in mid-spring, has proven, and will continue to prove to be one of the most enjoyable events of the school year. That the talent for a Men's Glee Club is lacking, can readily be denied, if Interfraternity Sing is a criteria for such an assumption. We possess the talent and the strong desire; what else can be necessary?

The foundation has already been laid in regard to this choral group, in as much as a petition has been circulated and submitted to President Millis, who has earnestly endorsed this plan. The time is NOW. We need men who desire pleasure from group singing, and men who possess a fair amount of musical ability. Let's kindle this musical flame and "Keep U. V. M. Singing."

Those who are interested in participating in the Glee Club revival, please meet in Room 36, TONIGHT, at 7.30. If you are interested, but unable to attend, please call Bill Chapin at 2933.

## UNIVERSITY CLUB SQUARE DANCING

"Eight hands around, balance your corner, balance your partner and swing!" Faculty members join hands and obey the commands of the caller. It is Tuesday night at Southwick with all faculty members invited to square dance under the sponsorship of the University Club.

The square dancing, started three years ago by the Newcomers Club was taken over last year by the University Club. So, every other Tuesday evening faculty members with plenty of energy and an

urge for strenuous exercise, gather at Southwick for some old-fashioned square dancing under the direction of Miss Ethel Hoffman of the women's athletic department, who also calls for the student square dances every Thursday night.

Last fall a group of faculty members took part in the annual Vermont Varieties show, sponsored by the Dramatics Club, and danced themselves into national rec-

ognition. The picture taken that night of the dancers was picked up by the Associated Press and spread over the country. Comments have been received from far and wide, as far away as California.

The University Club, besides sponsoring the square dancing, also sponsors bowling each Monday evening and lectures once a month for faculty recreation.

BURLINGTON, VERMONT, FRIDAY MARCH 18, 1949

NO. 5

## Pres. Ed. Costello's Manifesto Proposes Extensive UVM Reforms

In one of the most extensive manifestoes issued by a Student Government President to date, Edward J. Costello this week proposed a series of reforms which he believes will bring about a wider participation in UVM affairs and build up school morale. Costello calls for a revitalization of the Inter-Fraternity Council, removal of politics from the selection of honor society members; open opportunity for any group to propose Kake Walk King and Queen candidates, and the re-establishment of several major Vermont traditions.

A pep trophy to be awarded to groups for prize work in promoting school spirit is urged by Costello and initiative shown at Pep Rallies and Poster contests should constitute the field of evaluation. In line with this proposal is the revival of the older traditions of Hobo Day, Sophomore Day and the true Kake Walk Masquerade.

Complimenting the Kake Walk directors on their selection of a top notch orchestra for Kake Walk, Costello suggests that bands of the Skitch Henderson caliber be hired for the other school dances. In this connection he urged that Junior Week be built up to its pre-war level with a nationally known band provided for the occasion. If a loss is incurred it should be underwritten by Student Government, Costello claimed.

### New Fraternity

Calling attention to rapid increase of the UVM population Costello cited the pronounced inability of the present 10 fraternities to care for the surplus males. He urged that every effort be made to encourage formation of more fraternities. Admitting that UVM fraternities are closely knit and their support and leadership needed, President Costello called for a transfer of Kake Walk supervision and organization to this group.

### Society Politics

Commenting on the present honorary society set-up, Costello said, "UVM very definitely needs a system of selection of Honor Society membership which will reflect the will of the classes involved instead of being merely a reflection of campus politics."

Costello reported also that according to the Yankee Conference Rulings to which UVM athletic teams are subject, while there is some restriction on a training

(Continued on page 4)

## Edwin Steffe, Baritone, To Be Guest Soloist At Community Concert

The last concert of the 1948-49 series of the Community Concert Association will be on Tuesday evening, March 22, when Edwin Steffe, American baritone will be the soloist. He was born in Washington, D. C., a direct descendant of that William Steffe, who in 1852 wrote the music for what was to become practically a national anthem—"The Battle Hymn of the Republic."

At eight, Edwin Steffe was awarded a singing scholarship at the National Cathedral School and was the soprano soloist at the Washington Cathedral; later he was to be its baritone soloist.

Studying at the Peabody Conservatory of Music in Baltimore under Frank Bibb, he made his recital and operatic debut in Washington. Soon after the young man was musically encouraged when Nadia Boulanger, the famous French composer and conductor, invited him to sing the baritone part in Faure's Requiem.

Starting as soloist at Radio City in New York several years ago, this versatile artist has won ever wider recognition in the music field. Last season he was soloist with the Philadelphia Orchestra, the Toronto Symphony and the Houston Symphony.

While attending college, Edwin Steffe, rich-voiced baritone, became interested in "Ye Ancient and Noble Art of Fisticuffs" and became a welterweight boxing champ of the South Atlantic States.

From notes to notes has been the role of Edwin Steffe. Before starting his musical career he was a note teller in a large banking institution in his home town of Washington, D. C.

Any student or faculty member who is not a member of the Community Concert Association and who would like to attend this concert may do so by subscribing to the Community Concert Association now for the next year's series of concerts, thus enabling themselves to attend this concert free. The price of the subscription for a student is \$3.00 (tax included); adult subscription \$6.00 (tax included). Subscriptions will be sold at Bailey's Music Rooms on Church Street, Telephone 238. This concert is for members of the Community Concert Association only. Join now for next year and attend Edwin Steffe's concert free.

## UVM Representatives To Independents' Parley Survive Syracuse Week-end

Glamour is the word for conferences—or so the story goes. The group of three which recently went down to Syracuse for an independents' conference has its doubts as to this.

Things started out well for them. When Bob Preston pulled smoothly into the back driveway of Roberts House, Pluto, his 1936 Plymouth coupe, was purring more like a kitten than its name would indicate. The female for whom he was calling was a mite late as per usual and so Bob went in to speed things up. Looking for a suitable way of attracting attention, he focused upon an innocuous-looking doorbell inside the back hall, and making the mistakes common to all visitors to Roberts House from time immemorial, rang the fire alarm.

It did its work, and after filling up the rumble seat with a variety of suitcases, bags, boxes, and everything else that goes along with traveling "light," he and Joan Ediff headed toward Waterman to pick up the third member of the trio, staggering out of an hour test. "Well, Syracuse, or bust!" was Lou Lane's prophetic comment as he completed the human sandwich in the front seat. And with a powerful roar, they were off—as far as Vergennes. There, Pluto rebelled against Mr. Lane's statement to the tune of a broken fuel pump and burned out bearings, thus changing the mode of transportation abruptly.

The bus, which was taken in Vergennes, pulled into Albany at just ten minutes to eight, with train time on the hour. The little band ran, lugging all their paraphernalia, buying tickets, picking up schedules, and worrying that they would not make it, so that at one minute to eight, they were settled comfortably. At twenty-seven minutes past eight, the train left Union Station, just a little behind schedule. Glamour?

Syracuse gave them a royal welcome—three days of rain, mud, and slush. Our UVMers lived in the dorms there and ate in the cafeteria. If you look hard at the above picture taken at dinner, you will see an empty chair on the right hand side in the rear. This belongs to Mr. Preston, who at the time, was dangling from the ceiling somewhere taking the picture. There was supposed to have been a good old "here we are" shot of the three, but somehow, it got double-exposed.

March 22-24  
Try-outs for *You Can't Take It With You*.

## Hamilton Fish To Speak At "What Is Un-American Forum"

Speakers whose skill on the platform has been tried and proved will take part in the meeting of Vermont Forums on the subject "What is Un-American?" The forum will start promptly at eight o'clock Wednesday evening, March 23, in Burlington City Hall Auditorium.

Kurt Singer and Hamilton Fish, the speakers for the evening, will present their views in about an hour, after which an hour will be given over to questions and statements from the audience. The subject uppermost in many minds today—how to deal with Communists while still preserving our American liberties—is certain to be discussed.

Hamilton Fish served in the House of Representatives from 1919 to 1945, during which time he became widely known as an opponent of the New Deal, and a spokesman for the conservative point of view. Educated at Harvard, Mr. Fish married a daughter of Alfred Chapin, former mayor of Brooklyn. During the first World War he served overseas as captain of a colored infantry unit, and later as a major in the army of occupation.

(Continued on page 4)

## Key and Serpent to Prepare Handbook For Freshman Men

Key and Serpent, junior men's honorary will attempt to enlighten the incoming freshman male with a handbook similar to that of the freshman women's, it was disclosed today.

This society headed by Dan Burke, has already formulated plans for the printing of the book, and each of the twelve Key and Serpent men are putting in their share of work towards this project, which they hope will be useful as a sort of guide for all incoming men students.

The "book of knowledge" will include such necessary information as correct clothing, places to eat, dorm requirements, the traditional do's and don'ts, the fraternity situation, and will inform them as to how and what they can participate in as freshmen.

Key and Serpent, whose insignia is equivalent to its name, is active throughout the year in many varied activities, such as aiding Boulder Society at the annual cane rush, holding smokers for freshman men, instigating pep rallies, and taking charge of dances and hops. At the annual Football Hop held this year on November 13, after the Middlebury game, this organization awarded blankets to the senior letter men.

Recently elected to Key and Serpent was Stan Ursprung. Stan is captain of UVM's football team, and a member of Phi Delta Theta Fraternity.

## Mrs. Wills, Harlow, Williams Elected University Trustees

Three new trustees of the University, one woman and two men, have been elected on the part of the State by the current session of the legislature, replacing a like number of outgoing trustees. They are Mrs. William H. Wills of Bennington; Paul G. Harlow of Westminster, and Laurens Williams of Woodstock.

Mrs. Wills, widow of the late Governor Wills, who did so much for the University in the crisis of the early 40s, was elected almost unanimously on the first ballot. She has the distinction of being the first woman ever to be a trustee of the University of Vermont. A graduate of Middlebury College and a member of its advisory committee, she has been active in many state groups, including the Vermont Federation of Women's Clubs, the American Association of University Women, and the Vermont Association for the Crippled, of which she is president. She is also on the state board of the Young Women's Christian Association and the board of the Elizabeth Lund Home in Burlington.

Harlow, now in his third term in the

House of Representatives, is a graduate of the University of Massachusetts. He served in World War I, being a member of the Royal Flying Corps, and is a farmer by occupation. Among his activities, he is overseer of the poor in Westminster, auditor and town treasurer, and a director of the Windham National Bank. He is a representative to the Eastern States Farmers' Exchange, member of the Grange and trustee of the Farm Bureau.

Williams, a graduate of Phillips Andover Academy and Lehigh University operates a frozen food locker in Woodstock, where he has been one of the town board of Selectmen since 1943 and is chairman of the Republican town committee. He is a member of the Williams family which has been among the prominent benefactors of the University.

The three retiring trustees on the part of the State are Asa S. Bloomer, West Rutland; S. Seeley Reynolds, Middlebury; and Carroll L. Coburn, East Montpelier.

## Crack UVM Debating Team Adds New Wins To Record

Adding to its list of accomplishments for the year, the UVM Debate Club tied for first place with Navy and Champlain College at the Brooklyn College Debate Tournament on March 11 and 12. Vermont's two teams won a total of thirteen out of their sixteen contests, a record unmatched by any of the twenty-nine other schools present. John Howard was named as one of the top ten speakers of the 144 taking part.

Vermonters taking part and their won-lost records were as follows: Pauline Wescott and John Howard, 4-0; Bruce Stargatt and Hugo Squires, 3-1; Margaret Fisher and Helene Shapiro, 3-1; Mal Severance and Ian MacNeil, 3-1. Schools defeated by Vermont were Harvard, Dartmouth, Columbia, Penn State, Georgetown, NYU, Temple, Hofstra, New Haven State Teachers' College, Lehigh, CCNY, Queens, and Rhode Island State. UVM lost to Wagner, Tufts and King's Point. During the trip to New York UVM took part in two debates at West Point and two at Drew University.

The eight students who participated in this tournament were an entirely differ-

ent group from the four who won the New England Championship at MIT two weeks ago, and included only one of those who took part in the Mt. Mercy College Tournament at Pittsburgh the previous week. Dr. Robert Huber, coach of debate, pointed out that Vermont is unique among most schools in this respect, that it has a large group of debaters, all of whom can do a very capable job. This year, there are 35 students taking part in Debate Club activities including eleven freshmen. So far they have taken part in a total of 120 intercollegiate debates.

The Northeastern Regional Tournament will be the next stop on the schedule. This takes place at Connecticut Wesleyan on March 25. John Harrington and Tom Hayes will represent UVM and if they are successful here they will go to the National Tournament at West Point. Tau Kappa Alpha, national honorary debate society will hold its own championship tournament at Purdue University in Indiana on April 1 and 2. Traveling there to participate will be Stan Golden, Don Kane, Dick O'Connell, and Joseph Levin.

## Editorial . . .

In conjunction with an article appearing elsewhere in this issue of the CYNIC, the CYNIC would like to emphasize the fact that a number of lockers for student use have been purchased for the Waterman Building. Until now there have been but three applicants. The tragedy of the situation lies in the fact that this is a clear case of the students asking for something, getting it, and then not using it.

The most recent drive for lockers began approximately a year ago when a widespread epidemic of thefts was going on in the Waterman. Clothing, books, and upwards of \$100 were stolen with the result that several students—particularly commuters—asked both Dean Kroepsch and Dean Simpson for some method of protection. Student Government, under Harry Miele, also became interested, investigated the problem, and brought the matter up before the Administration. More recently, Ed Costello included the installation of lockers in his platform as a candidate for the presidency of Student Government.

It was the Administration, however, which finally carried out the proposals. Realizing the wish on the part of some students for a time locker, they approached the company which holds the monopoly on these lockers. The Administration asked for a locker which could be operated on a one-cent basis. The company refused, however, and the Administration finally purchased 60 full-length lockers, each capable of holding the belongings of two students. These were installed recently in the basement of the Waterman Building near the bowling alleys, after it was decided that that was the only possible location. To pay for these lockers, an outlay of over one thousand dollars was made—an outlay which the Administration hopes to cover in approximately 10 years. Since the lockers are not of the time lock variety, a charge of \$1 per semester with a deposit of \$2 for a combination lock is being asked. The \$2 is the cost of the lock and the money will be refunded when the lock is returned.

The new lockers are admittedly a compromise over what was originally wanted, but the fact remains that the Administration did its utmost and students now have a practical means of protecting their belongings. The matter clearly lies with the individual student.

Starting with the last issue of the CYNIC, the Senior Staff began the publication of two issues a week in place of one. This is being done in an attempt to offer the students of the University a paper which will have better news coverage, but which will continue the news interest of the other method.

Due to the limitations put on us by the printing setup, and also due to the fact that the Senior Staff must also answer to their professors for numerous courses other than the CYNIC, we are permitted to publish only eight pages, therefore it becomes necessary to cut the pages from eight to four per single issue.

This method will continue for a period of time, when it will be evaluated and a final decision will be made as to the better method.

Any comments and criticisms in the form of your letters, readers, are welcome.

## Inquiring Reporter

The worsening of Soviet American relations and the emergence of the progressive party has increased tension on American campuses.

The recent dismissals of three University of Washington faculty members accused of past or present membership in the communist party, and the removal in other colleges of eight additional professors who had openly supported presidential candidate Henry A. Wallace has already forced the American Association of University Professors to decide on its attitude for the future. Their formal decision is that the association will not give ground.

They feel that any attempt to subject teachers to civil limitations not imposed upon other citizens is a threat against the academic profession. In their opinion the dismissal of a teacher for cause is a serious step, damaging a reputation acquired at considerable cost both to the person involved and to society. They further assert that when a college begins to yield its functions as a guardian of freedom for reasons of local support it curtails its capacity to foster the search for truth.

If violations of academic freedom continue to increase, individual professors, or the AAUP in their behalf may seek a Supreme Court decision on the right of colleges to fire for political beliefs.

That's the teacher's side of the story. Now let's view the story as seen by the pupils. The following opinions have been gleaned from the UVM campus.

SCOTT MAHONEY: I feel that any conclusion reached by any member of either the administration, faculty, or student body has been too hastily arrived at to be acceptable. The problem of what so called free peoples should do about avowed communists the world over, and particularly in America, is of such magnitude that I sincerely believe few people, indeed, have devoted sufficient time and objective thought to it to have arrived at any fair solution.

The real need, more than ever, perhaps, is for honest objective thought. The real question is do American universities provide the adequate stimulus and, or, conducive conditions for objective thought?

MIMI MARTIN: For a democratic government we're boshing the whole business.

TOM HAYES: If it can be proved that a teacher is teaching apolitical philosophy which by its very nature advocates an overthrow of our American government, then I believe he should be removed.

ED STRUHL: I don't believe they should kick people out. It's setting a dangerous precedent that might have dire consequences.

PAULINE GOODRICH: I don't believe a communist should teach in a social science field. In mathematics or sciences yes. On the whole teachers should be permitted liberal beliefs.

JOHN MOORE: There are two sides to the story of course. First we have the belief that communism is a force to undermine the country. On the other hand we have the free speech idea. Teachers should be fired if they use professorships to inculcate communist propaganda. If you prove they're communists then firing is justified but if you can't get proof they should be allowed to remain.

### Sinner and Saints

When some fellow yields to temptation, And breaks a convention or law  
We look for no good in his make-up  
But, my, how we pick at the flaw.  
Nobody asks how he was tempted,  
Nor allows for the battle he fought;  
His name becomes food for those  
jackals—

The ones that have never been caught.  
"He has sinned," they proclaim from the  
housetops—

They forget the good he has done;  
They tell how he lost his last battle,  
They forget the times that he won.  
"Come hither and gaze on the sinner,  
And by his example be taught  
That primrose paths lead to the devil,"  
Cry those who have never been caught.  
I'm a sinner, Oh Lord, and I know it!  
I am weak and I blunder and fail  
As I'm tossed here and there on life's  
ocean

Like a ship that is caught in a gale.  
And I'm willing to trust in thy mercy,  
Whose blood our forgiveness once bought,  
But deliver me Lord from the judgment  
Of those who have never been caught.

—Camillus

## Letters to the Editor . . .

To the Editor:

What has happened to the Student Lounge? We thought it was a place to relax, talk, smoke, play cards, and perhaps even study a little. But, frankly, we are ashamed of the conduct there, which has recently been increasing. We feel that the display of affection evident in the Lounge is embarrassing to the majority of University students who do not indulge in such distasteful behavior. Certainly it is beneath the standard of social conduct which we all have a right to expect of the young men and women of this University. What do you think? In closing, we would like to use the well-worn phrase, "There's a time and a place for everything."

(Signed)

WOMEN'S STUDENT UNION,  
MORTAR BOARD,  
STAFF AND SANDAL,  
SOPHOMORE AIDES.

## Behind The Scenes At The Poetry Festival

Gladys Neiburg

Poetry Festival? What in the world is a Poetry Festival? What—no prizes? No—no prizes . . . just an evening of pleasure for people interested in reading poetry, or hearing it read.

Huh—you won't get ten people out for anything like a Poetry Festival! Well, if you get forty people, you'll do well. I was optimistic. I declared I would not settle for less than seventy.

How long shall the readings be? What sort of poetry will be acceptable? When shall we have it? Where shall we have it? Shall we serve refreshments?

All such questions were answered at the first meeting of the planning committee organized to sponsor the first Poetry Reading Festival on UVM Campus.

Entry blanks and letters of invitation and information in plain sight in the Book Store. A box where entry blanks could be dropped was given a prominent spot in the Book Store. Everything to make it easy and encourage people to take part. But I still kept my fingers crossed. Frankly, I didn't look into the Box until the dead line date. Lo and behold there were thirteen entries nestled there, plus one note saying "he regretted not being able to be there because he had to go to Boston that week end." Who said thirteen was an unlucky number?

Now, to notify all the courageous, hopeful readers to meet in Middle College 23 for a preliminary reading.

And in Middle College 23 came the first surprise. A nice tape recorder was there to take down and play back each reading. "Goodness, gracious, do I sound like that?" Yes, that's just what you do sound like. "I'd better work some more on my poetry."

Yes, that's it exactly. It's one thing to like poetry and to read it to and for yourself. It is another thing to read poetry out loud for the pleasure of listeners as well as for one's self. Read over your selection. Read it again and again, and again. Visualize it. Externalize the pictures, the imagery. Ah, yes, that's much better.

Everything was going along beautifully. The refreshment committee was organized. The south parlor at Southwick was reserved for the evening, even to fire in the fireplace. Informality to the nth degree.

It seemed too good to be true. Something was bound to happen. Some ob-

stacle would surely jog onto the scene. Maybe the readers would get cold feet. Maybe the refreshments would be all wrong, cream sour, sandwiches tasteless, the cakes not delivered on time. Maybe nobody would come!

There were many, many "maybes," but the evening of Friday, March 11th, finally rolled around. Nothing much happened in the nature of obstacle except a young blizzard. Snow—wind—more snow—wet snow—wind . . . but in spite of the inclemency, the difficulty in getting taxis, all the readers checked in on time. The refreshment committee was right on the job, mixing the sandwich filling, cutting the cake, measuring the coffee. Chairs, divans, and hassocks were placed in easy and comfortable disorder in the parlor. Miss Carrie Power, hostess at Southwick was most gracious and helpful.

The fireplace was all set for the match to start the flames which would reflect their light in the room, cheerful light such as only a log fire in a fireplace can give. About sixty people hung up their damp wet wraps. Sixty people, other than the readers, braved the storm to listen to an hour of poetry.

The evening was a success. It was a great success. You don't believe it? How do I know? How can I be so sure? I am sure because several of the readers and several of the listeners came to me asking me if we could have just such evenings often. It is a thought because some were skeptical about the whole thing. But the one who was most skeptical about people nowadays being interested in poetry said to me "This evening has renewed my faith in humanity!"

It was a success because all who took part, reading, listening, or helping on committees did so with a willingness to share pleasure with others.

It was an evening to be remembered, it was an evening which justifies other such evenings, if they can be arranged. It was an evening which will justify, next year—if not this year—a Regional Poetry Festival to which other colleges will send their best readers.

More power to Mr. Humphrey of Speech and Drama Department for suggesting the idea, and more power and happy landing to the Dramatics Club which sponsored the affair.

# Ed Kotlarczyk Tops Scoring For Season With 224 Pt. Total

By Phil Robinson

Ed Kotlarczyk, 28-year-old veteran from Detroit, Mich., paced the title-winning University of Vermont basketball team in scoring this season with 224 points. Playing his third season of varsity ball for the Catamounts, Kotlarczyk connected 89 times from the field, 46 from the foul stripe for his grand total of 224 points.

Ken Pierce, versatile forward from Montpelier, Vt., cashed in with 52 points in the last four games of the campaign to boost his 20-game total to 205 points. Pierce racked up a four-year total of 588 points.

Keith Galli, six foot, four inch center from Staten Island, N. Y., pulled up third in the scoring race with 168 points, but the chances are better than even that he would have hit for more than 200 had he played a 20-game slate. Scholastic difficulties ruled him out of the last three games of the season.

Capt. Hammie Livingston, St. Albans, Vt., ended his four-year collegiate career with 152 points, but missed two games in the process. Al Niemann, Queens Village, L. I., N. Y., scored 141 points for U. V. M. from his forward position, but set up more than double that amount of points over the route.

Vermont's clean sweep of state competition won the state series championship. It was the seventh straight state crown that Coach John (Fuzzy) Evans' caters have captured. In the process, the Cats made it win number 28 over state schools.

In Evans' seven years as head coach of basketball, Vermont has won 88 games, while losing 33.

U. V. M. loses three seniors from this year's squad, including two starters, Livingston and Pierce. Kotlarczyk and Niemann with three years of varsity experience under their belts will team with Galli to form the nucleus for U. V. M.'s 1949-50 combine.

## RIFLE TEAM WINS

The Norwich rifle team invaded the depths of the UVM rifle range hoping to top the UVM gunners in their bid for the northern section title of the New England Collegiate Rifle League. The rifers of UVM had their sights set for the final shoot-off in Boston against Brown University on March 26. Despite the game effort of the Cadets, they couldn't stop UVM from claiming another victory, extending their winning streak

Vermont scored an average of 54.4 points per game while holding the opposition to a 48.6 average per game.

## Experienced Track Team Prepares For Spring Meets With Prospects For A Brilliant Season

Coach Archie Post's track aspirants have been working out since mid-year's and are pointing toward the first formal meet with Bowdoin at Brunswick, Me., on April 23. Runners have been unlimbering on the indoor track while the field events men have been concentrating on form in the cage and conditioning on the bar, ladder, and rope in the gym.

In the mile and two-mile events such outstanding distance runners as Earle Randall, John Bellows, Russ Mahoney, and Jim Porter will vie for honors. Last year Randall and Bellows turned in some great performances at both distances.

Capt. Dunc McLaren and Russ Mahoney are rapidly shaping up as the top-notch half milers. Dunc won several races last year and Russ was impressive on the frosh team.

Competing in the quarter mile will be Howie Haddigan, Bill Kelley, Bill McIntyre, John Phillips, and El Wolcott. With the exception of Phillips, these men are all sophomores, but have had plenty of experience running in this 440-yard event.

In the 220- and 100-yard sprints, Mel Lazer, Art Leavitt, Joe Metz, and Jack Steinmetz are out to show their heels to the opposition.

In the hurdles the Green and Gold will be led by Dick Nostrand, a most consistent point getter last season in both high

and lows. Also in the lows will be Dale Barber, whose calcified leg seems to be completely healed, and Dick Fink and Jack Steinmetz. Besides Nostrand in the highs, Art McCann and John Phillips are planning to clear the tall timbers. Phillips was plagued by pulled leg muscles last year, but hopes to have better luck this spring.

Prospects for field events men are not quite so good due to graduation losses, but with the return of Bill McIntyre and others to bolster the team, UVM should garner its share of points here.

Bob Perkins will be back as the top performer in the pole vault. Bob Herriott has also shown that he has talent in clearing the high bar and will compete in this event.

In the running broad jump, McIntyre, Phillips, Goulet, Haddigan, and Lazer all plan to compete.

Coach Post's high jumpers were hit hard by graduation, but Dale Barber and Dick Fink are working out at this specialty.

Discus throwers, all veterans of former UVM teams, are Stan Ursprung, Norm Herberg, Hugo Squire, and Hobie Cook.

In the hammer throw, Ursprung, Squire, and Charlie Traverse should win some vital points. Herberg and Herriott also plan to toss the ball and chain.

## DIRECTS MELVIN TOWARD A DITHYRAMBIC TRIUMPH!

THAT'S MEL, THE CLASS POET—IN ONE OF HIS FRENETIC MOODS

IF YOU SKITTERING HENS DON'T ABSQUATULATE I'LL MACERATE YOU!

I DON'T MEAN TO EXPOSTULATE, BUT EVEN IF YOU ARE SALUTATORIAN YOU'RE GETTING MEANER EVERY DAY

I CAN'T HELP IT—TRYING TO BEAT OUT THIS ELEUSINIAN RAPTURE AND SMOKING TILL MY THROAT FEELS RAW AND RASPY

O-O CIGARETTE HANGOVER

I CAN'T UNDERSTAND WHAT VI SEES IN SUCH A GOON!

MEL, YOU'VE GOT CIGARETTE HANGOVER YOU OWE IT TO YOURSELF TO CHANGE TO PHILIP MORRIS, THE ONE CIGARETTE PROVED DEFINITELY LESS IRRITATING!

PLEASE DO, MEL

TIME AND PHILIP MORRIS WORK WONDERS

THIS CLASS ODE IS REALLY GOING GREAT GUNS, VI, THANKS TO YOU AND JOHNNY

QUIT EVERYBODY—MEL'S GOING TO READ US A POEM—THE CLASS ODE MAYBE

Come tune the string—and let us sing a clear triumphant chorus—  
The cigarette, the finest yet is that called Philip Morris!  
— WAIT THAT'S THE WRONG ODE...

BUT THE RIGHT DENOUEMENT... YOU'VE 'ODE' A LOT TO PHILIP MORRIS!

OKAY—I'LL TRY ANYTHING ONCE

THANKS TO PHILIP MORRIS YOU MEAN, MY GOOD PENTAMETRIST!

I mourn, alas! we graduate—and so incontinently shatter the finest class in any state—and that's no laughing matter

EXCELLENT, MELVIN, EXCELLENT!

HE'S MY FAVORITE POET—YOU TAKE A BOW, TOO, JOHNNY!

**Use These Words with Tongue-in-Cheek!**  
(Plan to use one every week!)

**ABSQUATULATE** (ab-squāt-u-late)—To scam.

**CIGARETTE HANGOVER** (don't pronounce it, but please don't ignore it)—That stale smoked-out taste, that tight dry feeling in your throat due to smoking.

**DENOUEMENT** (day-noo-ment)—The final wind-up.

**DITHYRAMBIC** (dith-ee-ram-bik)—Ecstatic.

**ELEUSINIAN** (ee-loo-sin-ee-an)—From Eleusis, where Greek orgies took place.

**EXPOSTULATE** (eks-pōs-fee-late)—To remonstrate.

**FRENETIC** (fren-ett-ik)—Frenzied.

**INCONTINENTLY** (in-con-tin-ent-lee)—Without control.

**MACERATE** (mass-er-ate)—Chew up.

**PENTAMETRIST** (pen-tam-et-rist)—Devotee of pentameter, a popular poetic meter.

**SALUTATORIAN** (sal-ute-ah-for-yan)—One who pays official tribute.

*All good stories point a moral:*

Behind our playful plot, our intentions are serious: we want you to discover for yourself the welcome DIFFERENCE in cigarettes that PHILIP MORRIS can bring you.

Established PROOF of that difference is too extensive to be detailed here—but pre-medical and chemistry students, who will be especially interested can get it in published form FREE, by writing our Research Dept., Philip Morris Co., 119 Fifth Ave., N. Y.

(Continued from page 1)

Kurt Singer, author of "Spies and Traitors of World War II" and the country's outstanding expert on spies, was born in Austria of Czech parents. He studied in Switzerland and Sweden, and edited one of the first underground newspapers to be distributed in Germany. He later published a book on Goering which led the Nazis to issue a warrant against him for high treason and hold his wife as a hostage in a concentration camp. After escaping from Germany, he came to the United States in 1940, where he made himself useful to the American Government through his knowledge of Nazi espionage methods.

In addition to his books on Goering and "Spies and Traitors," Mr. Singer has published a biography of Pastor Niemoller and an anthology of spy stories, "Three Thousand Years of Espionage," a total of fourteen volumes in fifteen languages. He has also written for Hollywood, and has published articles in *The Saturday Evening Post*, *Liberty*, *Coronet*, and other national magazines.

Mr. Singer has devised a list of twenty-five questions as a test of 100 percent Americanism. Questions include: Would you accept the election of a competent

woman to the vice-presidency of the United States? Would you fight in defense of your country no matter who the enemy was and no matter if you felt the foreign policy was wrong? Would you outlaw un-American groups like our native Fascists and Communists? Do you consider the Ku Klux Klan a true American organization? Mr. Singer's answers to some of these questions will be given in his talk.

## Costello Manifesto

(Continued from page 1)

table, he is in hopes that the exec council will evolve a way of providing a football training table with facilities for extra meals during the active season.

"The purpose of these renovations Costello said, is to break down the exclusive nature of UVM activities and bring about a greater era of school wide participation. There is no reason, he continued, "why a graduate of UVM cannot be as proud of his school as alumni of other New England schools are of their alma maters. "School morale here must be given a shot in the arm and the only way this can be accomplished is to drop present limitations on complete student participation."

## RIFLE TEAM WINS

(Continued from page 3)

to six matches. UVM humbled Norwich 1366 to 1342.

Tom Breen was high gun with 283 out of 300, followed by Jack Cooley with 277, John Clark of Norwich shot a 274 for the Cadets, highest.

On March 19, UVM will fire against MIT, Harvard, Dartmouth, Norwich, New Hampshire, and Bowdoin, in Boston. The following week-end Brown and Vermont will shoot it out for first place while the winners of the group matches in both divisions battle for third place in the league.

## INDEPENDENTS

(Continued from page 1)

Sunday evening, the business of the day over, the group of wayfarers started back to the romantic hills of old Vermont. To perpetuate this vision, the three had a group portrait taken in the Troy station take-yer-own machine. It was ver interesting.

The Rutland coach was a luxury model—a post-World War I version, which may have been cleaned since it was installed. For four and a half hours, the weary trio rode on, becoming darker complexioned with each passing mile. They arrived in Burlington just three hours before the start of classes and another gay, exciting week. Glamorous? What else would you call it?

## NEW LOCKERS INSTALLED IN WATERMAN

In answer to many requests made by students in previous years, sixty new steel lockers have been installed on the sub-basement level of Waterman. They are primarily for students who have to commute and desire a safe place for their things on the campus. The cost of a locker is one dollar per semester. There is also a two dollar deposit on a padlock which is refunded when the locker is returned at the end of the semester. The locker can be used by two persons, and so the individual expense is cut in half.

Although notices have been on the bul-

letin boards recently, there have not been many requests for the lockers. According to Dean Kroepsch, the reason for this is that the students do not realize that they even exist or do not fully understand where the lockers are. The university has invested a large sum toward this project, and it is hoped that some students will take heed of this wonderful opportunity. There is little cost or inconvenience for anyone using them. All women interested should see Dean Simpson, 123 Waterman, and all men should see Dean Kroepsch in 136 Waterman.

VOL. 67 BURLINGTON, VERMONT, TUESDAY, MARCH 22, 1949 NO. 6

## Low Cost Student Transportation To Europe Is Planned

As many as 7,500 students and professors will be able to go to Europe this summer for as little as \$250 round trip and another 5,400 displaced persons will receive prompt transportation to the United States under a program developed by a bi-partisan group of senators which calls for the use of reserve Maritime Commission troop ships.

Senator Ralph E. Flanders of Vermont, speaking for the group of sponsors which includes Senators J. William Fulbright of Arkansas, Francis J. Myers of Pennsylvania, Paul H. Douglas of Illinois, Charles W. Tobey of New Hampshire, H. Alexander Smith of New Jersey, and Karl E. Mundt of South Dakota, stated that many thousands of Americans were apparently blocked from going to Europe this summer because of the extreme shortage of transportation. All regular surface transportation has been booked to capacity for a number of weeks. Senator Flanders said: "The sponsors of this program recognized the educational value of travel and were alarmed that the policy of encouraging it as set forth in the Smith-Mundt Act, and the Economic Cooperation Act was to be frustrated. Therefore, we worked out with various agencies of the Government a plan to partly meet the need."

The program which is set forth in a resolution which the senators will introduce today requests the President to "provide accommodations at reasonable rates . . . for students and other persons traveling for educational or cultural purposes." No direct cost to the Government is contemplated.

The ships that would be used are C-4 type troop ships. The movement of the students would be integrated with the transportation of displaced persons by the International Refugee Organization in order to achieve maximum efficiency and minimum costs. It is planned that the sailing in the student program would be June 4 from New York to Channel ports.

"Studies of the operating costs of these vessels," Senator Flanders stated, "indicate that fares of less than \$250 round trip can be charged and still make the project self-supporting. This low rate is achieved by carrying full loads in both direction—students eastbound and displaced persons westbound—on half of the sailings. The ships offer a minimum of comfort and veterans will recognize little difference between them and the wartime troop carriers. The sponsors hope that this is the last year that such emergency transportation will be necessary. By the summer of 1950, private shipping lines should have restored their passenger tonnage efficiently to meet the demand."

The program, developed with the Council on Student Travel and the Institute for International Education, would be administered by the Cultural Affairs Division of the State Department. It is believed that the additional travel promoted by the plan will be an important source of dollars for countries cooperating in the European Recovery program.

## Representatives Of Interested Firms To Interview Students

Seniors, looking for a job? You may be able to obtain one through one of many representatives coming to our campus from numerous concerns. In order to aid you in making employment contacts, the Placement Office sent out last fall over five hundred invitations to nationally-known concerns asking them to submit a description of job needs and to send to the UVM campus a representative, if they so desired. A number of such firms have already sent representatives and completed interviews, and there are many scheduled to come to the campus. Although many firms are accustomed to sending representatives to colleges in their own areas, the Placement Office has been working to widen the number and types of concerns that visit UVM.

Once a representative agrees to come, a group interview is scheduled, including all those interested in the job he has to offer. Then individual interviews are given to those who so desire, and their credentials which are on file at the Placement Office, are made available to the representative. Notices of interviews are placed on the bulletin boards and are also sent to faculty members of students engaged in the particular kind of work the job calls for.

On the average, representatives are primarily interested in specialized personnel, as engineers, chemists and others. This year, they seem especially interested in merchandising students. However, although looking for a special employee, they may send applications of another sort to heads of other divisions in their company or concern. As an example, a representative looking for a salesman may also interview an accountant and send his credentials to the business department of the firm.

As many representatives are authorized to make "on the spot" offers to prospective employees, it is best that the student know something about the firm before the interview scheduled. This information may be obtained by reading notices of the bulletin boards or by coming into the Placement Office and examining the many booklets there concerning these numerous firms. Act quickly to schedule an interview with a coming representative.

Representatives coming to the UVM campus:

March 21—NACA (National Advisory Committee for Aeronautics)

March 22—Burroughs Adding Machine Company

March 23—Glens Falls Insurance Company

April 6—S. S. Krege

April 26—Home life Insurance

April 27—Wm. Filene's and Sons and Company

Date Pending—Benmont Papers Inc. (Mech. Engineers and Bus. Adm. majors)

Date Pending—Florence Stove Company

## Community Concert Announces Program For Tues. Evening

Edwin Steffe

### PROGRAM

- I  
*Under the Greenwood Tree* set by James Dunn  
*Old German Minnelied* arr. by A. Walter Kramer  
*The Bony Earl O'Moray* arr. by Fritz Kreisler  
*Aria: Vision Fugitive from Herodiade* Jules Massenet
- II  
*Die Lotosblume*.....Robert Schumann  
*Mein Madel hat einen Rosenmund* Johannes Brahms  
*Ruhe, meine Seele*.....Richard Strauss  
*Winterliebe*.....Richard Strauss
- III  
*Nemico della Patria* (Gerard's Monologue from "Andrea Chenier") Umberto Giordano
- INTERMISSION
- IV  
Piano Solos  
*Etude, Op. 10, No. 3*.....Chopin  
*Scherzo in B Minor*.....Chopin Collins Smith
- V  
*In the Silence of Night* Serge Rachmaninoff  
*The Clock*.....G. Sachnowsky  
*The Statue at Czarskoe-Selo*..Cesar Cui  
*The Siege of Kazan from "Boris Godounoff"*.....Modest Moussorgsky
- VI  
*Captain Stratton's Fancy*..Deems Taylor  
*Funeral of a Nago King*..Hekel Tavares  
*Connoisseur a La Mode* Martin Kalmanoff  
*Thunderin', Wanderin'* Robert MacGimsey  
*Hangman, Hangman*.....Harvey Enders

## Magazine Chooses Two UVM Students

Two undergraduates at the University of Vermont have been appointed to *Mademoiselle* magazine's College Board. The appointments enable them to compete for College Guest Editorships of *Mademoiselle*.

Twenty Guest Editors, who are chosen from the College Board on the basis of three assignments given by the magazine during the year, will be brought to New York City for four weeks (June 6 through July 1). They will help write and edit the annual August College issue and will be paid round trip transportation plus a regular salary for their work.

In addition, while in New York City, *Mademoiselle's* Guest Editors take part in

(Continued on page 4)

## Tech and Education Deans Announce Honor Students

One hundred five students in the College of Technology at the University of Vermont and State Agricultural College made the Dean's List for high scholastic standing during the Fall Semester, according to an announcement by Dean E. R. McKee. Forty-eight of the list are seniors, 30 are juniors, 20 are sophomore and seven are freshmen.

Five students, Russell P. Ketcham '49, Fort Ethan Allen; Robert Perkins '50, Rutland; Vincent P. Catto, Barre, and Stuart P. Washburn, Windsor, both of the class of '51; and Robert H. Mintzer '52, Burlington, head the list with averages between 92.5 percent and 95.

Twenty students make up the second bracket of the list, those having averages between 89 percent and 92.5. They are, from the class of 1949, Arthur D. Aldrich, Lyndonville; Roy W. Fox, Morris Plains, N. J.; Edward J. Gahan, Seymour, Conn.; Stephen Gates, Wellesley Hills, Mass.; Frederick A. Hale, South Ryegate; Everett W. Havens, Burlington; Mark I. Jurras, Jr., Montpelier; Louis J. Lauler, Woodstock; Burton K. MacDougall, Brooklyn, N. Y.; Russell K. Palmer, Springfield; Eugene M. Palmer, Washington; Oscar T. Rixford, East Highgate; Horace H. Squire, Waterbury.

Also, from the class of 1950, Robert B. Condon, Rutland; Knox Hazelton, Rutland, N. J.; Morris J. Levin, Burlington; Philip B. Sweetser, Morrisville; James F. Vize, Burlington. And from the class of 1951, Samuel S. Bloomberg, Burlington; Alvin W. Edson, Rutland; and Bernard L. Schulman, Brooklyn, N. Y.

The remaining 79 students on the list are in the group whose averages fall between 85 percent and 89.

- College of Technology**
- The announcement of students who made Dean's List in the College of Technology was made today by Dean McKee. The list includes 47 seniors, 30 juniors, 20 sophomores, and 7 freshmen.
- Students with averages between 92.5% and 95% are R. P. Ketcham, '49, R. Perkins, '50, V. P. Catto and S. P. Washburn of the class of '51, and R. H. Mintzer, '52.
- The following have averages between 89% and 92.5%: from the class of 1949, A. D. Aldrich, R. W. Fox, E. J. Gahan, S. Gates, F. A. Hale, E. W. Havens, N.
- (Continued on page 4)
- School of Education**
- Dean Douglass has announced that the following students have made the Dean's List in the School of Education and Nursing at the University of Vermont and State Agricultural College. This list is divided into four groups: Summa Cum Laude includes those with an average of 95% or better; Magna Cum Laude, those with an average of 92.5% or better but not 95%; Cum Laude, those with an average of 89% or better but not 92.5%; B Average, those with an average of 85%.

## CYNIC VIEWS COMING EVENTS

- March 22  
Special Student Government Elections.  
7.30 p.m. Meeting conducted by Major Wm. O. Witherspoon, for students interested and qualified in Advanced Military Science courses Rm. 239, Waterman.
- 8.15 p.m. Last in series of Community Concerts, Memorial Auditorium.
- March 23  
7.00 p.m. Men's Glee Club, rehearsal and business meeting, Music Building.
- 7.30 p.m. A.S.M.E. Meeting Speaker—on The Manufacture of Plywood, Rm. 239, Waterman.
- 7.45 p.m. Women's Mass Meeting, Officer Installation, Nominations for Honor Societies, Chapel.
- 8.00 p.m. Vermont Forums. "What is Un-American?" Speakers: Kurt Singer, Hamilton Fish. Burlington City Hall Auditorium.
- March 24  
8.00 p.m. Lecture by Dr. M. Demeree, "Chemical Induction of Mutations and its Implications for Growth and Malignancy." Fleming Museum.
- March 22-24 Tryouts for "You Can't Take It With You."
- March 25  
7.30 p.m. Lecture with musical examples, sponsored by IRC. "Music as an International Language" by Dr. Richard Stoehr, Fleming Museum.

## Banghart, Morrison To Head New Slate Of A. I. E. E. Officers

The following officers were elected at the meeting of the A. I. E. E.: T. Schuyler Banghart, chairman; William Morrison, vice-chairman; Donald Duclos, secretary-treasurer; Donald Clark and Kenneth Stuart, program co-chairman; Professor Smith, faculty advisor.

The A. I. E. E. sponsors frequent meetings, the purpose of which is to present an opportunity for students to conduct activities similar to those conducted by members of the national societies.

These activities include meetings at which technical papers are presented by students and by engineers who are actively engaged in the profession, attendance at conventions, and inspection trips, all of which provide helpful contact with engineering practice and also assist in the development of the qualities of leadership which are so essential for success in the engineering profession.

The above officers take their positions in September, 1949.

There are 18 colleges in the New England District that have student branches. These branches have frequent meetings and bring in outside speakers. The local

## Cynic Critic Praises Music Of Rochester Symphony

Joan Ediff

Erich Leinsdorf conducted a masterpiece in melody last Saturday evening, as part of the Community Concert season, he conducted the Rochester Symphony Orchestra in Burlington's Memorial Auditorium. Choosing a program well suited to his talents, he and his orchestra brought new heights of singing melody to an appreciative audience. Opening with a new version of the "Leonore" Overture, No. 3, he brought out every possi-

ble innuendo from its quietest passage to its brilliantly clear off-stage trumpet calls, to its fiery stringed climax.

The second number was the "Symphony in D Minor" by Dvorak. Completely unfamiliar to many who were hearing it for the first time, this rendition of it should place the D Minor in equal popularity with Dvorak's better known "New World Symphony." A completely melodious

All editorials and business communications must be signed and addressed to the proper department head at the Vermont Cynic Office, Waterman. Brief notices must be handed in at the office not later than 8 a.m., Thursday. Office Telephone 5000—Extension 344.

Founded in 1883. Published weekly during the college year. Subscriptions \$2.50 a year; single copy, five cents. Acceptance for mailing to points outside Burlington at special rate provided for in Section 406 P. L. and R. Act of March 3, 1879, authorized October 14, 1926. Publication Office, 187 College St., Burlington, Vt.

In former years a vital part of the life of any college graduate was the period in his life when he might return to his Alma Mater, see what changes had taken place, in the old institution, and more importantly to renew his acquaintances of his college years. This was all possible for him by the device known as the 'class reunion,' and it was through a close loyalty to his class and former classmates that these functions did serve their purposes so well, namely of perpetuating feeling of 'cameraderie'—his love for the school and for continuing in the alumnus the benefits of that rather idyllic life he knew in college.

Today, however, this time-honored spirit of 'class loyalty' is pretty much passé, and it is rarely heard mentioned. There not only is the complete absence of any class spirit but also an utter disdain of any thought to the future when we may want to become reacquainted with the University. But what more logical device is there for continuing not only, the spirit of the college but also that of the student than an organized class? Compared with a conglomerate society where one makes his contacts in a very hit-or-miss fashion, it is admittedly an artificial device; but a University is not—or should not—be a perfect reflection of an outer society. It is not a hit-or-miss world, a life without a pattern, but instead it is the breeding place of ideas, ideas to be applied later to society—and, in all, it is a rather idealized portion of life. Unlike society, there need actually be some system—artificial if you like—in this 'artificial' existence of ours; and under the circumstances, whereby each year a complete class leaves and a complete class enters the University, there is no more logical and natural social setup than that of the 'class.'

The possibilities are endless, for here there is one thing which all students have in common. There could be interclass rivalry in sports, class outings, etc., all of which would further broaden the individual after actual college life is over.

Unfortunately, UVM has not had this feeling of class loyalty for some time. Social life and Kake Walk have been dominated by the "Greeks" who now represent but one-third of the student body. Loyalty has lain with particular fraternities or sororities instead of with the class as a whole. Election of class officers and any competition at all has become of interest only to fraternities and sororities, who, as the only well-organized groups on campus, are the only ones who do possess a certain incentive to become dominant among themselves. The latest example of this was the recent election of officers of the Junior Class. Of all students eligible, approximately 160 showed up, and of these 160 the predominant member was fraternity and sorority students. And of the 34 people nominated to positions, there were possibly two or three who are unaffiliated with fraternities or sororities. Needless to say, not one independent was elected. It is easy to say, "fraternity politics," and it is as easy for the fraternities and sororities to say that it "is their own fault for not voting"; but the real fault lies in the fact that there just isn't any reason whatsoever as to why anyone besides the fraternities and sororities should be interested.

There is a brighter side of the picture, however, for, fortunately, UVM now finds itself in a position where certain things have begun to change. For several years there was simply a case of sincere apathy on the part of many students—principally, the veterans. Many of them were married and all of them were old enough not to have, in general, any force to do much as a group besides graduate and get a job. But the situation has begun to change and we now find no longer the great hordes of veterans waiting to enter the University but, instead, a predominance of the younger students fresh out of high schools or prep schools, who still carry over their scholastic spirit. We would like to cite several examples of this. Never before has Student Government received such enthusiastic results when it asked for names of those interested in committee work. Whereas in previous years perhaps eight persons would sign up for the Finance Committee, this year there no less than 19 students interested, and the number interested in the other committees ranged from 26 to 53 students. And when a position on Student Government's Executive Council was open, an alleged 19 Freshmen distributed petitions. Again in the Freshman Class, there have been at least two attempts neither of them legal to hold a class meeting. Although not officially sanctioned, they do tend to show an interest in the class.

Actually, this feeling towards a need for more class organization is not a new one. Ed Costello has promised "some changes" and promised recently that the classes "will meet more often in the future"; Dean Kroepsch has long deplored the lack of organization here at UVM, recently saying that its "existence gives a solidity to the student body"; and an article in the CYNIC last year used the same theme. It has been only in recent times, however, that anything more than words could be offered. UVM has rapidly changed in sentiment, and it is now up to Student Government to keep abreast of this change and offer a permanent plan, whereby the classes will have definite times to meet and whereby their elections will become something more than meaningless formalities.

## Inquiring Reporter

The UVM Debate Club has brought fame to the "College on the hill" in recent years but 1949 seems to be the sky's-the-limit season for receiving top team, and individual debating honors. Every member of the team agrees, however, that without the superb direction of Dr. Richard Huber, head of the Speech Department, the team itself would be non-existent. Doctor Huber, in the short time he has been at UVM, has achieved a better overall record than any other debate director in the country and has been rated best coach in the East, while attaining for UVM the reputation of being one of the finest debating schools in competition.

Praise must be given, also, to the members of the team—to Tom Hayes, for winning the individual award for top debater at the recent conference at Tufts; to Polly Westcott and John Howard, for winning all their debates at Brooklyn, John being among the first ten chosen for singular awards.

Not content to rest on the laurels of the New England Debate Championship, the team climbed to greater heights last weekend by tying Brooklyn for first place in the East. Next week, Tom Hayes and John Harrington travel to Wesleyan to defend the title at the regionals. But now, let's hear from some of the debaters themselves—and what seemed to them most memorable in their trips.

**BRUCE STAGARTT**—"I'm still trying to catch up on the three days' school work missed in going to Brooklyn—but it was worth it. I don't think I shall ever forget the look on Doctor Huber's face at Temple. The judge, after moments of indecision, finally came out to say that it had been a particularly difficult debate to judge, but that Vermont had emerged victorious."

**JOHN HARRINGTON**—"The most memorable trip I've ever had was at the National Championship debate at West Point last year where the very best debaters from all colleges were gathered—and Vermont won the regionals. It was thrilling just to be there."

**TOM HAYES**—"Naturally, the most memorable part of my trips was winning the New England Debating Championship at MIT."

**HELENE SHAPIRO**—"Just being a member of the team is something memorable but more particularly when the Annapolis judge, after a debate with Lehigh, gave Vermont the decision."

**JOHN HOWARD**—"Contrary to what people may tell you, things really aren't different in Brooklyn—or maybe as different as I expected. The whole weekend was very well organized and we were treated wonderfully."

## The Sandwichmen

Meet the Sandwich Man! Or Men—Collier, and MacDonald, who brave the Messrs. Meegan, St. Gelais, Cook, Hurley, elements every Monday, Tuesday, Wednesday, and Thursday nights to bring you fellows and gals in the dorms vital, life-sustaining food—namely sandwiches, milk, and ice cream. From 9.15 to 11.30 they peddle their wares—at girls' dorms a proctor meets them with a list and then delivers the goods to the lucky ones during "noisy periods," at Sigma Nu Meegan and "Saint" ring the fire alarm bell, which brings everyone running; while at Converse, Wills, Chittenden, and Buckham it's every man for himself, when the sandwich man comes round from room to room.

This nightly round entails fourteen stops altogether for Meegan and St. Gelais; while Cook and Crew, who handle the big men's dorms get with four stints of duty. "Girls," said Meegan, spokesman for the group, "make much more noise than men after their quiet hours. Why, Converse is quiet as a tomb." Maybe the girls are hungrier!

To satisfy that hunger, Mrs. Campbell, a widow who lives on Loomis st. makes seventy-five to a hundred sandwiches a night for "Dan" and "Saint", who also sell about the same number of ice cream blocks and bottles of milk.

While Cook's Company has been in business relatively longer—Meegan and St. Gelais are newcomers to the field—the latter hail the "sandwich route" as a gold mine for themselves and a convenience for dorm kids who can't get out nights. Now that basketball is over, they expect an even greater consumption of their "eats."

## Ramblin' Round

By Ed Waters

The students at the University of New Hampshire can well be proud of their campus newspaper, "The New Hampshire," particularly the February 10 issue. The treatment given to the recent fiasco in Concord over the Hart bill, recently introduced, into the New Hampshire legislature, was tops.

For the record, this bill provides that . . . "No person shall teach or advocate the doctrines of Communism;" "Any teacher . . . who is a member or former member of the Communist Party . . . shall forthwith be dismissed from his position as a teacher and shall no longer be eligible for any position connected with teaching in the state (New Hampshire)."

That this bill should even be introduced into the legislature, points up the pressures that are being placed on our governing bodies by organizations and news organs with personal axes to grind.

One of these, the American Legion has just concluded a conference in Indianapolis on "Ways and means of combating Communist operations in this country." A certain Dr. J. B. Mathews, a former investigator of the House Committee on Un-American activities made the statement, "Let us say they (American Universities) are hot beds of ignorance:" this in connection with the idea that some teachers and professors had joined organizations connected directly or indirectly with the Communist Party. Another noteworthy quote from this is, "Carefully picked Legionnaires from Illinois etc." The method by which these CAREFULLY PICKED were selected is a tribute to the democratic foundations of this organization. All this above is taken from the regular press hand-out of the American Legion.

Further on, there is another story about the hard work this organization is putting in trying to force six bills through the Illinois Legislature to control "Commie Activities." Bill No. 1 of this group "Would prohibit public speeches conducive to inciting hatred or violence against any group." Bill No. 3 would "Authorize dismissal of teachers given to subversive teachings." Bill No. 5 would "Bar Communists or members of Communist front organizations from employment by the State." One can immediately see what a wide interpretation these bills can be given and the unfortunate precedents which they would establish.

In the forefront of all these 200 percent American outfits we can probably place the noteworthy figure of Mr. William Randolph Hearst, who, in the poorest of taste, and with the most complete misrepresentation with which his daily papers are noted, implied, in one of his editorials last summer, that General Dwight D. Eisenhower was a communist sympathizer because the latter had defended the establishment of a chair of Polish studies at Columbia. Considering the general's background, his present position, and the salary that he now receives, such an insinuation is ludicrous, to say the least.

Now why in the world have we so much interest shown by these people, concerning our higher educational institutions? It is this writer's opinion that much of this interest is not due to the genuine concern

of these organizations, but rather to the ambition-happy leaders of these organizations whose only interest is the furtherance of their own petty careers. An investigation always makes good headlines, especially when the investigator is cloaked in the mantle of "protection for the people," (note well the recent investigations of the House Committee on Un-American Activities).

As far as Mr. Hearst is concerned, along with his compatriots, it suffices to say that they like to peddle their papers.

The one intellectual beacon on the part of the group mentioned above, Dr. Raymond B. Allen of the University of Washington has some good points, notably "Communism is incompetent to teach the truth." He agreed that academic freedom must be retained. But, it consists "of something more than merely an absence of restraints placed upon the teacher by the institution that employs him. It demands, as well, an absence of restraints placed upon him by his political affiliations, by dogmas that may stand in the way of free search for truth, or by rigid adherence to a party line that sacrifices dignity, honor, and integrity to accomplishment of political ends."

But here this writer disagrees. A communist who admits his connection with the Communist Party is in no position to mislead students, as witness the recent speech of Mr. Gerhart Eisler, in Boston. At this unfortunate meeting, (for Mr. Eisler, that is), his speech was well-applauded, but then the questions started to be fired. Mr. Eisler was sorely embarrassed; his doctrine was dragged through the daylight of open discussion, and was shown to be the fool's gold that it is. Of course, with regard to the professor who refuses to reveal his communist affiliations, he would naturally be subject to any of the existing penalties for academic dishonesty.

A few more quotes might help; from General Eisenhower's recent letter to the Alumni of Columbia: "It has been my observation that those who shout the loudest about the Reds in our schools have done little to inform themselves at first hand or to make sure that we had good schools." Again, "To help the present generation understand and value human rights, . . . we must understand the essentials of opposing ideologies, so that we can appreciate our own democratic system." And again, "Columbia intends to listen to all ideas, including those hostile to our own, but we also intend to devote ourselves to the task of making sure that our students understand America." And again, "The communists have felt that they could have no better target than the underpaid school teacher. They have been proved wrong. It is to the everlasting credit of our teachers that 99 and 99/100 percent have stood by their gun."

It might be well to finish this by another quote from a letter from Mr. Paul Wells, and Mr. Theodore Bowers of Cambridge, Mass., in the March 14 issue of *Life*, which sums up this writer's opinions in a nut-shell, "We have no reason to fear Communism, itself, within the United States; we need only fear our ignorance of it!"

## Letters to the Editor . . .

To the Editor:

Your cooperation in calling the following matter to the attention of your group will be greatly appreciated. On Wednesday night, March 2, a penny gum machine disappeared from the Waterman Building. Part of the profit of this machine is used for a most noteworthy project—the support of the Elks' Summer Camp for Crippled Children. It is hoped that the machine was taken as a prank. If so, it should be returned to its proper place immediately, and no questions will be asked.

If the machine disappeared for any other reason, it is hoped that those involved were not UVM students. Certainly, no one can stoop much lower.

I shall be grateful for any information which may lead to the recovery of the machine.

Sincerely yours,  
ROBERT H. KROEPSCH  
Dean of Administration  
and Registrar

# Delta Psi Retains Inter-Fraternity Basketball Crown

## Summit Street Five Takes Two Straight Over Kappa Sigma

by Bob Herriott

In as exciting a pair of closely played basketball games as one might hope to see, Delta Psi, sparked by Jack Hudson, and Bill Dingerson, successfully defended the second straight year, its fraternity basketball crown by turning back the Kappa Sigs 21-20 on Saturday and then 26-24 on Tuesday. It was a best out of three series with both teams fighting hard for the honor of being champion and collecting those two additional points for Traynor Trophy.

In the Saturday tilt the Kappa Sigs fought to a quarter time lead of 5-5, but as the Delta attack began to pick up, the tide of play changed to give the Deltas a 13-8 lead at the half.

In the second period the Kappa Sigs, with big Ed Leach working off the pivot, roared right back and with four minutes left, led 18-17. Then Jack Hudson, playing a whale of a game, hit with a set shot for the Deltas, but Jack Hurley countered for the Kappa Sigs. Here with less than three minutes left, and the Kappa Sigs leading by one point, pandemonium broke loose. Scotty Ingram passed the ball in to Jack Hudson, who after dribbling up the court let go with a running one-hander. Swish went the net, and the Deltas were ahead—this time for good. Ed Leach of the Kappa Sigs took the individual scoring honors with 10 points, while Jack Hudson and Bill Dingerson led the Deltas with 8 and 6 respectively.

In the second or "do or die" encounter the Deltas, with John Ballard and Bill Dingerson hitting, took an early lead of 6-0, only fell behind the rallying Kappa Sigs 10-8 at halftime. Everything was "even-steven" in the third canto with both sides garnering 7 points towards the advance of their cause.

In the final period the play began to roughen as the Deltas were fighting to win the championship and the Kappa Sigs to extend the series to a rubber game. Jack Hurley and Ed Leach began to hit for the Kappa Sigs, but with Jack Hudson and John Ballard playing great climax ball and leading the attack, the Deltas pulled the clash out of the fire to win 26-24. For the Deltas the play of Hudson, Ballard and Dingerson led the way, while for the Kappa Sigs it was Jack Hurley and Ed Leach.

### NOTICE

Tickets for the Fuzzy Evans Achievement Banquet, to be held March 31, at the Hotel Vermont, are available in limited quantities to the Student Body.

Applications will be received by Ham Livingston care UVM Athletic Office, Gym. As the seating capacity for the banquet is limited, tickets are being apportioned on a first-come-first-served basis among students, alumni and friends. The price is \$2.00 per person.

A meeting for all students interested in the Tennis Team will be held Tuesday, March 22, in Rm. 258 Waterman.

## Baseball Candidates Working Out Daily; Spring Slate Nears

Larry Gardner's baseball candidates have been devoting spare time to the all-important general conditioning by circling the indoor track and making use of the gym apparatus. There has been no squad cut to date and no definite assignments given. The first batting practice session scheduled for March 17 in the cage.

The squad has been hit hard by ineligibilities, but Larry has high hopes of fielding a strong nine by the time "play ball" sounds for the Catamounts. Battery candidates, as well as potential infielders and outfielders have been tossing the ball around in the cage for the past few weeks.

Working out for the pitching chores are Ed Kotlarczyk, Dave Dalzell, Frank Gabranski and Manny Setien, and sophomores Don McQuinn, George Maheras, Dal McBride and Art Martin. Big John Hoskiewicz, a most reliable flinger for the Cats the past two seasons, recently underwent an operation for appendicitis; so will probably see little action this spring.

Vying for the catching assignments are veterans Art Collier, Charlie Smith and Doug Tudhope, and sophomores Don Hebsch and Stan Fitts. Baseball is still a few weeks away, but the thud of ball in glove and the crack of horsehide against willow in the confines of the cage signifies that the Catamounts are getting set for a big season.

## Merrick Leads Frosh '5'

Howie Merrick, Six-foot-three-inch center from Brooklyn, N. Y., may have set a new freshman scoring record at the University of Vermont this season, sinking 72 shots from the field and 47 fouls for a total of 191 points.

The hard-driving freshman star clicked for an average of 15.9 points per game, and appears to be one of the top prospects for the Catamount varsity another season.

In number two spot is Winooski High School's Ernie Vuley. The former high (Continued on page 6)

How Long can a song-hit live?

Hear CONNIE HAINES' new version of "Stormy Weather" ...you'll know! (A Signature Record)

That great number that everybody was humming back in 1933 comes to life again with Connie Haines' sensational, new recording. Here's little Connie Haines, smooth-singing, phono-fan favorite, talking over this all-time hit-tune with fellow musician, Jerry Jerome.

How MILD can a cigarette be?

Make the CAMEL 30-DAY TEST ...and you'll know!

Yes, make the 30-day Camel Mildness Test. See for yourself how mild Camels are. In a recent test of hundreds of people who smoked only Camels for 30 days, noted throat specialists, after making weekly examinations, reported

NOT ONE SINGLE CASE OF THROAT IRRITATION due to smoking—

30 DAYS? I'VE SMOKED CAMELS FOR 5 YEARS. THEY'RE MILD AND THEY TASTE SO GOOD!

IT'S CAMELS FOR ME, TOO, CONNIE. I MADE THAT 30-DAY CAMEL MILDNESS TEST!

Camels

### Money-Back Guarantee!

Smoke Camels and test them in your own "T-Zone." T for taste, T for throat. If, at any time, you are not convinced that Camels are the mildest cigarette you ever smoked, return the package with the unused Camels and we will refund its full purchase price, plus postage. ## Interfraternity Track Rules

RELAYS MARCH 22, 24, 28, 30  
TRACK MEET APRIL 1, 2

EACH GROUP SHOULD BE CERTAIN THAT ITS ENTRY AND ITS LIST OF RUNNERS IS ON FILE WITH THE DIRECTOR AT ONCE.

THE RELAYS—4-man teams, each man to run 3 laps (330 yds.).

In the first round, each relay team will be clocked. The four teams having the fastest times will then be paired for the semi-finals, with the two teams having the fastest times being put in opposite brackets. The winners of the semi-finals will meet for the championship race.

AN EXTRACT FROM THE INTRAMURAL BY-LAWS—Special Rulings—

Sec. 6. In the Indoor Track Meet for the first four places shall count 5, 3, 2, and 1 points, respectively. A contestant may not enter more than two running events which are 440 yards or more. NO CONTESTANT MAY ENTER MORE THAN THREE EVENTS DURING THE MEET. All men running in events of 440 yards or more and in the relays must be OK'd by Health Service, and must have had at least six (6) RUNNING workouts before he may compete. In the dash and hurdles each group may enter four men BUT START ONLY THREE. In the RUNS AND FIELD EVENTS each group may enter six (6) men BUT START ONLY FOUR (4). The N.E.I.C.A.A. Rules shall govern the meet.

### Sec. 2. ELIGIBILITY.

(a) A student who has received the varsity award (V) shall not be eligible to compete in that particular sport, except that in track he shall not compete in that event or those events in which he won his letter.

ARCHIE T. POST,  
Director of Intramural Sports.

(Continued from page 3)

school star contributed 139 points on 57 field goals, and 25 free throws. Johnnie Bloomer, former all-state high school court artist from West Rutland, started a late-season drive which netted 123 points. The fourth member of the frosh quintet to hit for over 100 points was Ed Jasinski, Hillside, N. J., with 118 points.

For the second year in succession, Norm Strassburg's first-year cagers hung up a record of eight wins and four losses. The Kittens tallied 710 points over the route for an average of 59.1 points per game while holding the opposition to 628 points, or an average of 52.3 points per game.

The Kittens were dropped twice by St. Michael's, once by Middlebury and Clarkson. Their top scoring feat of the season was against Rutland Junior College. In that game, the yearlings topped the junior collegians by an 86-46 score.

## Symphony Praised

(Continued from page 1)

work, it was perfectly suited to Leinsdorf's genius for soaring tones. Written in the manner of the Classic-Romantics, the fourth movement, especially showed a rich and floating warmth.

The remainder of the regular program was in the same vein, all of it being ballet music from several operas. Because of the nature of the program, which was a perfect choice for Leinsdorf's talent, very little can be said in criticism of it. The only fault which I could find in any of the selections was in the fugue from "Schwanda, The Bagpiper" by Weinberger, in which the melody got a little out of hand, and so somewhat blurred the sharp effect of the fugue itself. In presenting his encores, Mr. Leinsdorf showed a rich sense of humor in his conducting of "Where the West Begins" and "Chamber of Commerce" from the "Frontier of the West Suite," by the modern American composer, Don Gillis. The concluding encore was from "Pictures at an Exhibition."

No article would be complete without some mention of Mr. Leinsdorf's amazing conducting technique. Completely angular in movement, he does not seem to waste a motion. It is difficult to watch his sharp jerking motions and then realize that they are what is bringing forth such an amazingly flowing melodic line from the orchestra. His movements relaxed slightly only after he dropped his baton near the end of the concert. The only thing that seemed to amaze him, however, was the nature of a Burlington concert audience. Evidently he had never been warned that Burlington does not give up when given the chance to hear fine music. We can only hope that he regarded his audience, not as gluttonous, but only as appreciative, for that it is for such a wonderful program, so well played.

## LOCAL MAN MAKES GOOD SENSE!

Burlington, Vt., March 22

For seventeen years, George Doakes has been shaving daily—even as you and I. He's tried 'em all—razor blades, we mean. Some were better than others, but none did what the ads said until—but here's his story: "Saw a man in the Pullman using Pal Hollow Ground. He looked happy. I asked about 'em. He lent me one. And I've shaved happily ever after!" You don't have to travel to try Pal Hollow Ground. Say Pal Double Edge or Single Edge at your local store. You still get 4 blades for 10¢, 10 for 25¢, 21 for 49¢, 44 for 98¢. Join the millions who swear by Pal Hollow Ground.

BURLINGTON, VERMONT, FRIDAY, MARCH 25, 1949

NO. 7

## Moffit Cops Court Post; Frosh Elect Anania, Stone

In a relatively light vote, two vacancies on the Executive Council of Student Government and an empty spot on Student Court were filled at the special election on Tuesday, March 22. The successful candidate for a place on the Student Court bench, Stuart Moffitt nosed out his closest junior class competitor, Willard Robertson, by one vote. This result was finally determined after counting the ballots four times, according to the committee handling the returns. The third candidate was Lawrence Stoddard.

Running from the freshman class were sixteen candidates to fill two vacancies on the Student Government Executive Council. In a very split vote, Edward P. Anania and Henry J. Stone, Jr., the first and last names on the ballot, respectively, were the victors. Much enthusiasm marked the campaigns for the various candidates, but the total vote indicated that only a little more than a third of the class took advantage of their opportunity to vote. The other candidates from the class were: Chris T. Armen, David F. Battye, John H. Bloomer, Alan M. Bronner, Robert G. Carter, Tom Cook, Barbara Hardie, John L. Jacobson, Stuart C. Lerner, John M. Lyman, Jane M. Norton, Daniel A. Peisch, Edward A. Peterson, and Nancy Reynolds.

Although the election for the judge on Student Court was open to the entire student body rather than to just the class concerned, as formerly, less than fifteen percent of the student body showed any desire to vote.

The ballots were counted by R. H. Kroepsch, Dean of Administration, W. R. Adams, Chairman of the Student Advisory Committee, and Peter Haslam, Chairman of the Student Government Election Committee. The complete results were posted on the Student Government bulletin board.

## TKA, Honorary Debate Society, Initiates Eleven To Local Membership

The Vermont Chapter of Tau Kappa Alpha, national honorary debate society, held initiation ceremonies Sunday afternoon, March 20, for the eleven students who have been elected to membership this year. They are Howard Aaron, Mary Fuller, John Harrington, Lindley Hartwell, Thomas Hayes, John Howard, Donald Kane, Joseph Levin, Malcolm Severance, Hugo Squires, and Pauline Wescott. A TKA pin indicates that its wearer has shown outstanding ability in debate and public speaking, has a place in the upper third of his class scholastically, and has participated actively in debate for two years or for one year while a senior. Conducting the initiation were Stan Golden, president of the UVM Chapter, Dr. Robert Huber, head of the Department of Speech. Doctor Huber is officer of the national society organization, being district governor of the Northeast Region and a member of the National Council. He was one of those who formulated a national constitution for the organization several years ago.

At a business meeting held after the initiation, officers were elected for the coming year. They are: President, Joseph Levin; Vice-President, Lindley Hartwell; Secretary-Treasurer, Mary Fuller.

TKA was established at Indiana University in 1908. It now has about 150 chapters throughout the country. In 1914 a chapter was organized here. The founders, whose names appear on the original charter, were Henry A. Bailey, Edward L. Chatterton, Leon W. Dean, Mason S. Hunt, Merrill A. Powers, and Lester M. Prindle.

## John Dewey Club Hears Dr. Randall's New View On Nature

Dr. J. H. Randall, Jr., was the guest speaker for the John Dewey Club open meeting of March 17. A professor of philosophy at Columbia University, Doctor Randall spoke on "Our New View of Nature: Accepting the Universe of Science."

Doctor Randall claimed as the main accomplishment of his generation, a new understanding of nature, transferring it from the alien and hostile universe of the seventeenth century to the helpful and bountiful one of this century.

Ruling out the ideas of mechanism as the sole basis of the universe, Doctor Randall stated that there is no one single basis. Classifying all believers in one single cause as "nothing butters," he also coined a new term for that group which feels that anything which is experienced is true. This group he called "what-everist." His own beliefs lie with the second group, as he feels that the first develop a theory and then devote all of their energies to defending it, while the second accept nothing as the final truth, but always continue searching. To be more scientific, Doctor Randall gave the two groups the accepted names of Reductive Analysis and Naturalism, respectively.

In presenting his view of the new concept of nature, Doctor Randall stated that the universe is the setting for a rational animal who must no longer attempt to be a realistic painter of what he sees, but only a draftsman working out the blueprint. This would allow room for both the laws of nature and the common sense world which surrounds us. He then called nature the world we live in and not the theories about it. Nature is a collective name for a lot of things, and the aim of science is to find the underlying cause of its component parts.

"I think one difficulty is that the problem (of world economic and political recovery) is one of such enormous complexity that the very mass of facts presented to the public by press and radio make it exceedingly difficult for the man in the street to reach a clear appraisal of the situation. Furthermore, the people of this country are distant from the troubled areas of the earth and it is hard for them to comprehend the plight and consequent reactions of the long-suffering peoples, and the effect of those reactions on their governments in connection with our efforts to promote peace in the world."

## Junior Class Elects Dingerson President Sabens, Curtis, Junior Week Chairmen

Left to right—Randall, Dingerson, Raffile, Carlton

### Only 160 Cast Vote Out of 500 Juniors

Bill Dingerson was elected president of the Junior Class at a meeting held last Wednesday evening in the Student Lounge. Other officers elected were: Earle Randall, vice-president; Charles Carlton, secretary; Edwin Raffile, treasurer; Frank Peabody, Alumni Council representative; and Marshall Sabens and Newell Curtis, co-directors of Junior Week.

The election was a sparsely attended affair with a turnout of approximately 160 members of the Junior Class, the predominance of voters being Greek letter students. Previous to the elections, a brief meeting, presided over by Ed Costello, president of Student Government, and by Malcolm Severance, acting secretary for the evening, was held for the purpose of nominations and other business. Decided at this meeting was the proposal to nominate the Junior Week chairmen singly, instead of in pairs. It was also decided that all students running for positions, other than that of Alumni Council representative, were ineligible if under warning.

Bringing the affair to a close, Ed Costello reiterated the fact that there exists a definite need for more class meetings and that more will be held next year. On the same line, Dean Kroepsch spoke on the "lack of class organization" at UVM and said that he, personally would like to see some sort of class organization as soon as students arrive at the University. Mr. Kroepsch again outlined the procedure for getting one of the newly-purchased lockers and "activity sheets" for the *Ariel* were also handed out.

Counting of the ballots and checking on the eligibility of those present was done by the Elections Committee of Student Government, which is composed of Pete Haslam, chairman, Harold Henningsen and Jerry Loyd.

A complete list of the nominees follows: Norm Dennis, Ed Kotlarczyk, John Steinmetz, Bill Elgood, Bill Dingerson, Earle Randall, Mary Jo O'Neill, Bob Taisey, Murray Ellison, Stu McCracken, Charles Traverse, Dick Bohlem, Charles Carlton, Dot Brau, Jean Ritchie, Barbara Fradenburgh, Carolyn Chapman, Robert Wood, Ralph Kehoe, John Burrows, Ed Raffile, Don Smith, Frank Peabody, Bill Carpenter, Donald Perkins, Bob Arthur, Bud Stearns, Bud Towne, Douglas Tudhope, Dan Burke, Gerry Goeltz, Marshall Sabens, Ellie Hayslip, and Newell Curtis.

## Military Ball Queen To Be Chosen By Board of Judges

Secrecy seems to be the major theme of the military ball at the present moment, but keep your eyes open, for the committee in charge promises plenty of publicity on it next week.

The Ambassadors will play at the ball which is to be held Friday, April 9, sponsored by the Ethan Allen Rifles, recently organized honorary military organization on campus.

The campaign for queen is in the limelight now. Handled much differently than in former years, it is definitely unique as far as any other queen campaign in the past is concerned.

Any sorority, fraternity, dormitory, or any member of the corps may submit a candidate for queen by Saturday, March 26. Each name must be accompanied by two pictures of the candidate, 5x7 in size: One picture will be placed on the bulletin board in Waterman and the other will be on the Military Department bulletin.

(Continued on page 6)

## CYNIC VIEWS COMING EVENTS

March 25

1.00 p.m. Chapel, Ira Allen Chapel.

5.00 p.m. Regular Meeting for CYNIC

Reporters, Feature Writers, Sports Writers, Photographers, Rm. 259 Waterman.

7.30 p.m. Lecture by Dr. Richard Stoehr, "Music as an International Language," Fleming Museum Auditorium.

Attention: All those interested in working in Boston this summer doing worthwhile projects in Religious Education and Religious Social Work, sign up in Rm. 265 Waterman or call Morris Pike, 2938. Supervision of social Work will be on campus all day for interviews.

March 26

1.15 p.m. Cars leave from Morrill Hall for Dean Hills' Sugar Party.

March 27

8.00 a.m. Women's Ski Team leaves for Stowe, from Cage.

4-6.30 p.m. Alpha Chi Supper, Alpha Chi Omega house.

March 28

7.30 p.m. V.I.P. Meeting, Nomination of officers, Student Lounge, Waterman.

4.30 p.m. Lenten Service sponsored by Student Christian Association, Little Chapel.

March 29

8.00 p.m. I.R.C. Panel Discussion, "What Is Russia's Foreign Policy."

## Jennings Plans Films Depicting Vt. Scene For Public Relations

Perhaps many of you have seen movies of other schools shown in the movie houses in town or at home, and have asked yourself why the beautiful campus of Vermont never graces the screen. Well, in the near future you may sit down in a theater and see a movie showing a year at UVM.

The Office of Public Relations, under Mr. J. R. Jennings, is at present busy preparing a 16 mm color and sound movie which will show an average year at Vermont. To date they have taken pictures of the crowning of the King and Queen of Kake Walk, the Kake Walking teams of Phi Delta Theta, Delta Psi, and Sigma Phi, and pictures of the Delta Psi skit.

At present the photography is being done by Mr. Jennings of the Public Relations Office, Mr. Eldred director of the Fleming Museum, Mr. Mallory, medical photographer of the College of Medicine; and Mr. Bartlett, general secretary of the Physical Education Department. The next thing to be photographed will be Dean Hills' Sugar Party this week-end, so if the boy friends says you ought to be in pictures, be there.

These pictures are being taken to help publicize the school's activities, and when finished, they will contain pictures of all major campus activities including sports, Kake Walk, and the Sugar Party. There will also be pictures of the labs, the research projects, The University Farm, the sugar house, and the extension activities such as the home demonstrators and the farm extension service.

These pictures will be shown to alumni clubs, schools, outside clubs, Granges, and any other groups interested in the activities of the University. Eventually the picture may be put on 35mm film to be shown in movie houses. It is hoped that all University students will be able to see it when it is finished some time next year.

Well, so long! See you in the movies!

### NOTICE

There will be a compulsory meeting Saturday afternoon at 1.00 p.m. in the Student Lounge Waterman Bldg. for the treasurer and presidents of all campus organizations who receive any financial aid from Student Government. All members of the Student Government executive committee will also be present.

Norman Dennis  
Treasurer, UVM Students.

## SPRING MORTAR BOARD

# Marshall Plan In Action

A unique opportunity for study and travel sponsored by the University of Vermont and State Agricultural College, the Foreign Study Program becomes airborne this year as a bigger and better program is anticipated for the summer trip. From the day of registration on June 27 at the University of Vermont to the day of return on September 4 the students will be rushed through a whirlwind of hard study, travel and concentrated sightseeing in England and Holland with optional tours to Belgium, France, Switzerland and Italy.

At the date of this writing the program was almost completely arranged. After assembly and registration, instruction in economic geography and economic history will be given here on campus from June 27 through July 14. Students will begin research for their seminary term papers at this time, and on July 15 there will be examinations in economic geography and economic history. Starting on July 16, there will be staggered flights from Burlington to London, England, in chartered C-54 planes over a period of six days. Students will have from two to seven days free for travel and sightseeing, and there will be a reception and lecture in London by British leaders. On July 24 the group will leave London for the University of Birmingham and a course in international economics. During this two-week course students will live in dormitories and private homes. There will also be field trips to British coal mines and industrial plants.

A night in a London air raid shelter will be one of the interesting and unique experiences shared by students on their return to London from the University of Birmingham. The shelter is the Clapham Junction deep shelter located in southeast London, known during the war as Bomb Alley. Built from a subway tube and divided into two levels, the 120-foot deep shelter is now in use as a service men's center. It will accommodate 6,000 people, and includes a canteen service. By special permission from the British Government, the UVM group will be housed there the night of August 7.

The final weeks of the program will be spent at the University of Leyden in Holland. The group will cross the North Sea on August 8 to the Hook of Holland and then down to Leyden. Students will

live with private families while continuing their international economics course and seminar courses by the faculty of Leyden. There will be field trips and visits to dutch land reclamation projects and industrial plants, to Delft, The Hague, Amsterdam, Rotterdam with boat trips through the harbors and canals, the famous Scheveningen Beach, and to Noordwijk for swimming.

In addition the program provides free time for sightseeing, with a number of optional tours suggested. From Birmingham, students may travel around England and into Scotland and Ireland. From Leyden, they may go through Holland, Luxemburg, Switzerland, the French Riviera, and back to Paris, or take a shorter tour from Holland to Switzerland and Paris. All sightseeing tours will be simplified by a complete set of maps which the University plans to supply to each student.

According to Professor Grosscup, director of the Foreign Study Program, the administration has tried to profit by the mistakes and experiences of last summer's program in making this summer's trip

fore, two of the courses will be completed here at the University before the students leave for Europe. The seminar course will be completed with a term paper that will not be due until nearly a week after the return to the States. International economics, however, is dependent on a series of foreign lectures and actual observation of the economic development and reconstruction of Europe. Last year classes were held aboard ship, but due to crowded conditions and poor facilities the plan was not too successful. To eliminate that wasted time, the group will fly to Europe this year. This will raise the cost from last year's \$575 to \$728, but it is considered to be well worth the added expense.

"We are emphasizing an intensive rather than extensive course this year. Last year we tried to see too much, it was much too hurried. This year we shall see less, but see it better. Any points we miss which a student wants particularly to see may be visited in the ample free time provided," Professor Grosscup stated. Upon arrival in England there will be time for tours around England and Scot-

more efficient and enjoyable. Changes have been made in program to make the two objectives of the course, i.e., classroom instruction and on-the-spot observation, run more smoothly together.

One of the basic conflicts of last summer's program was the attempt to maintain a high level of academic achievement and at the same time recognize that the students are interested more in the firsthand experiences and travel in Europe than a formal education course. There-

land. There will be two free week-ends while at Birmingham and one while at Leyden. And there will be from five and a half to fourteen days at the end of the course for trips on the Continent. Professor Grosscup added, "If they so desire, students will be strictly on their own during these free periods. Language was no difficulty last year and with the maps we are providing, they shouldn't have too much trouble on these free trips."

Along with the plan for a more leisurely tour, the trip will cover only 8,000 miles this year as compared to 12,000 last year. Most of this mileage will be in England and Holland.

In order to emphasize the permanent aspect of this summer course, the name has been changed from UVM Marshall Plan in Action to the Foreign Study Program, England and Holland, a more classic and less glamorous title.

Applicants must be citizens of the United States of America, and must hold the Bachelor's degree from a recognized institution of higher learning or have senior standing. The program is designed to interest students of the social sciences; thus applicants should have completed basic courses in economics, political science, and history. Preference will be given to Vermont students and residents, and they will try to compose a well-integrated homogeneous group.

Professor Grosscup stated that many of the students who had been on the trip last year assisted him in making these changes. According to Professor Grosscup the group was well united despite the range of interests and ages represented. About 75 students on the trip from New

York still get together, hold meetings, and discuss their experiences. The initiative and enterprise of the students was amazing. The cards issued to students with the large gold Vermont seal were put to many uses. Students gained entrance to Olympic games, exclusive fashion shows, and other restricted meetings by confidently flashing their impressive gold cards at doormen.

The Foreign Study Program initiated has had significant effect on other such

patterns; *Economic History of Western Europe Since 1900*—the economic, political, and cultural setting of Europe as influenced by recent historical forces. The interplay of these forces in the formation of economic and political policies, and in the shaping of social philosophies; *International Economics*—the theory and practices of international exchange including international values, foreign exchange, balance of payments, money and banking, tariffs, foreign markets, colonization, and

university programs. There have been other summer foreign programs given by universities, but they were all on a small scale. Since the University of Vermont has started its large-scale foreign study course, other colleges have followed their lead, Michigan and California, for example.

The administration and faculty is composed of Prof. George C. Grosscup, director; Prof. Lewis E. Knollmeyer, assistant director; Prof. Paul D. Evans; Prof. Howard C. Gary; Prof. Florence M. Woodard; and Prof. John H. Tarbell of Lafayette College. Miss Woodard will also act in the capacity of advisor to women.

The program will consist of four courses, each of which will carry two semester hours credit. Thus a total of eight semester hours may be earned, and may be counted toward an undergraduate or graduate degree at the University of Vermont. The four courses include *Economic Geography of Western Europe*—description and analysis of climatic topographic, and other natural factors affecting the economic utilization of the region and its resources, including the location of industries and the development of trading

population movements; *Seminar Courses*—a series of eighteen lectures at the Universities of Birmingham in England and Leyden in Holland by their staff members and guest lecturers plus the British and Dutch field trips. A term paper based on research, lectures, and observations of a specific problem of European reconstruction required.

The fee for the program will be about \$728, which includes four weeks of board while at foreign universities; tuition; air, rail, and boat transportation; lectures; housing; the field trips; and insurance. The fee does not include passports, books, visa expenses, laundry, personal services, entrance to sight-seeing attractions, personal excursions during free time, board for approximately five weeks. Students are advised to carry a minimum \$150 in the form of travelers' checks for personal use.

Each student is limited to 55 pounds on the transatlantic flight, including handbag and suitcase. Hence, only practical and serviceable clothing should be selected, and items of limited use avoided. A summer's supply of personal items such as toilet articles, soap, and tobacco should be included. Each student upon notification (Continued on page 3)

# The Past and the Future

Florence May Woodward, associate professor of economics, is a Vermont alumna (22) and a member of Phi Beta Kappa. After receiving her Bachelor's degree, she went to Columbia University for graduate study and while there, obtained her Master's and Ph.D. Her graduate studies completed, Miss Woodward returned to Vermont to serve as an instructor in economic history and economic geography. The latter will be taught by her on the Summer Study Program. She will also act in the capacity of advisor of women. Looking forward, with great eagerness to this trip, Miss Woodward expressed her profound belief and high regard for this economic study program, which she feels is one of the most worthwhile projects a university could undertake.

## Evans To Speak

On March 29, at the Fleming Museum, there will be a panel discussion on the topic, "What is Russia's Foreign Policy?" The speakers will be Prof. Evans, instructor of history at UVM, Prof. Robinson, Political Science instructor at UVM, and Prof. Hannegan of St. Michael's College, Prof. of Russian History. Tom Brain will be the Moderator. Everyone is invited. Due to the present international situation this should be of interest to the entire student body. On March 25 there will be a benefit lecture recital of "Music As An International Language" at the Fleming Museum. Doctor Stoehr of St. Michael's College will give the recital. The last concert by Doctor Stoehr was the WSSF concert. Doctor Stoehr came to Burlington from Vienna.

Before coming to Vermont in 1930, Paul D. Evans, professor of history, had behind him, numerous years of intensive study both here and abroad. He also had the practical experience of many years of teaching. Included in his academic background is an A.B. degree from Cornell in 1913, an A.M. in 1914, graduate study at Harvard, after which he pursued education in Holland. He remained there until the outbreak of World War I, when he returned to the U. S. and enlisted in the army. The war took him back to Europe, and he remained there, to study at the Sorbonne. Upon his return, Professor Evans taught for three years at Syracuse University, then at Yale for eight years, and 1930 found him at Vermont, where he has been ever since. Believing that travel to Europe is an essential part of one's education, if it can be done, he feels strongly about the summer study program and is grateful for the opportunity of sharing in it. The course under his instruction will be Economic History of Europe in the Twentieth Century.

Happy is the man who hath never known what it is to taste of fame—to have it is a purgatory, to want it is a hell. —Edward Bulwer Lytton

In the lexicon of youth, which fate reserves for a bright manhood, there is no such word as "fail." —Edward Bulwer Lytton

Directing the Foreign Study Program this summer, will be George C. Grosscup, Jr., associate professor of economics at UVM. A graduate of Beloit College in 1937, he did graduate work at the University of Miami and in 1946 obtained his Doctor's degree at the University of Wisconsin. He gained experience in teaching at both Miami University and Wisconsin, where he taught while working for his degree. Professor Grosscup, who specializes in economic theory at Vermont, is looking forward to the trip along with the other members of the faculty, and will have as his assistant, Professor Knollmeyer.

A graduate of Yale ('30), Lewis E. Knollmeyer came to the University of Vermont two years ago, to serve as assistant professor of economics specializing in finance. Previously, he had been teaching at Miami University in Ohio, and before that, while working for his Master's degree, he taught at the University of Wisconsin. This year marks for him the completion of his Ph.D. Mr. Knollmeyer, never having been to Europe, is anxious to make the trip, and he feels that he will personally profit from the experience, as well as aid in the study program. He will accompany the students and faculty, acting in the capacity of assistant director.

Impressed with the problems Europe is facing, and anxious to get a first-hand view of the situation, Howard C. Gary, newly arrived assistant professor of economics, is greatly enthused about this summer's project. Mr. Gary graduated from Brooklyn College in New York, receiving his B.A. in 1941. From there he went into the army, serving as Company Commander overseas. After four years of army life in which he saw much of Europe, he returned to the U. S. and to graduate work for his M.A. at the University of Wisconsin. Here, he taught for two years until he arrived at UVM this fall. At present he is working on his thesis for a Doctor's degree, and the information acquired this summer will provide additional research material. International economics is the course which Mr. Gary will instruct on the trip.

## MARSHALL PLAN

(Continued from page 2)

tion of his acceptance must obtain his own passport in accordance with instructions furnished by the University. Applications and transcripts must be on file by April 15, 1949. Selections will be made and all applicants will be notified by May 1. Brochures on the program may be obtained in the Admissions Office in Waterman. Direct all correspondence to: Director of Admissions, Foreign Study Program, University of Vermont and State Agricultural College, Burlington, Vt. Veterans who are eligible may take the Foreign Study Program under Public Law 346 (G. I. Bill). Public Law 16 veterans should contact their VA Regional Office regarding the possibility of changing to Public Law 346 status for the duration of the course. The Veterans Administration will pay for tuition (\$150.00), books, and subsistence for the eleven weeks. Each veteran should plan

to meet all additional expenses, at the time of enrollment. Further details will be furnished veterans who are accepted. Last summer President Millis stated the objectives of the University of Vermont in offering this course. "The University of Vermont and State Agricultural Col-

lege believes that the problems of economic, political and cultural recovery of Europe can be fully understood only by study at first hand. Therefore, the University . . . has created an integrated course of study known as the Marshall Plan in Action. Advanced students and teachers of social science will travel through Europe, where they will observe directly the problems of recovery under actual local conditions. Instruction will be given . . . by a carefully selected faculty of American scholars. The courses will be continued and supplemented through lectures in the several European universities by professors, government officials, trade union officers, and business men. In addition, . . . field trips to critical areas will be the basis for on-the-spot seminars and group reports. By these means each student will gain an appreciation of the importance to peace of the European Recovery Program and an understanding of the role which the several countries must play."

## Editorial . . .

Winter had not given up without a struggle. It had been climaxed by a three-day cold snap wherein the very remote possibility of Lake Champlain's freezing after its record freezing date of March 12 was wistfully considered. On Saturday, a streak of ice extending the length of the lake had formed; and on Sunday, a thin layer of ice had formed around the outer edges of the Burlington harbor; and the days had not been clearer all winter. Layer after layer of mountains on the New York side of the lake could be detected and every little cranny in these hills twelve miles away could be examined with ease. But suddenly, March 20 arrived and winter had died for good. The clouds lifted their eyebrows to let sun stream down, and the temperature rose into the 60s.

Yes, spring was here and it changed the mien of all things. On the campus and in the city, all remaining traces of snow disappeared; around the fraternity houses the fast-disappearing ice sculptures revealed their false wooden interiors; and the "snow" banks surrounding the new construction work on campus became mud banks once again. Students were affected, too. Easy chairs were dragged outdoors; sandals were donned; many were overcome with an overwhelming desire to sleep, and homework went undone.

Spring had truly come—but it had caught UVM unprepared: the combination of loose dirt and melting snow was just too much, and the resultant mixture was mud—of about the consistency of a well-made mud pie—which literally "plastered" the entire campus. At the entrance of the road leading to the men's dorms, a student's car became stuck, and it required an alleged eighteen men and one Jeep to extricate it. The resultant hole measured about 12 inches in depth. To walk from the Engineering Building to University Row was a maneuver which exacted all the knowledge gained from an army camp life and then perhaps some. To get to East Hall was perhaps just expecting too much. And along certain "unpaved" paths across the campus, the student who emerged from the morass still wearing his rubbers might be considered one of the more fortunate.

Spring is here, and UVM students are afflicted with an eyesore which is more than anyone should have to endure.

## Inquiring Reporter

Excerpts from Albert Einstein's forthcoming autobiography show that he disagrees with the prevailing idea that the important thing in education is preparing to pass exams. Einstein even states:

"This coercion had such a deterring effect (upon me) that after I had passed the final examination, I found the consideration of any scientific problems distasteful to me for an entire year. . . .

It is, in fact, nothing short of a miracle that the modern methods of instruction have not yet entirely strangled the holy curiosity of inquiry. . . ."

Question: What do you think of the idea that the important thing in education is preparing to pass examinations. George R. Hopwood, instructor in English: Mr. Einstein is stating a principle already understood but perhaps not always practiced. The tendency to regard examinations as objectives in themselves is in the same category as going to college for a degree rather than for an education. Both seem to me an utter disregard of what a worthy educational objective really is. It is not gaining a degree or passing an examination, but the mastery of a culture. The mark objective is educationally acceptable as the means to the end, but it should never be an end in itself.

CHARLES BALLANTYNE '50: I do not believe that the present examinations give a very true picture of what the student knows. The emphasis (and the stakes) placed upon an hour or two of unnaturally concentrated work causes the student to "cram" beforehand for material which is poorly retained and to work up a nervous state which prevents normal treatment of the questions on the exam. I think many modern educators know they have to improve the situation to a large extent but that strong conservative elements have the greater influence.

JACK W. ROBINSON, instructor in Political Science: The educational process is aimed at the accomplishment of a two-fold task: to assist the individual to develop intellectual skills and to provide the basic tools in the nature of factual information which, with his newly acquired skills, he can use to the advantage of himself and others. I fear that studying merely to pass an examination leads the student to overlooking all but the acquisition of the tools, i.e., factual information. If this is so, the student does himself an irreparable injury.

MARGARET FISHER '51: I believe that exams have a definite place in our modern college curriculum. If they are taken and given with the attitude that they are a stimulus and challenge to the student in determining the degree of understanding of the subject matter, examinations can be both useful and helpful. All too often, however, exams are merely crutches for passing courses and fail to serve their function.

SHIRLEY VITUM '49: I think if exams are necessary in a course they should be three-hour subjective comprehensives at the end of the semester or the year instead of our system of hour exams. Comprehensives would determine the student's knowledge of the subject without putting a continual strain on him.

DOROTHY POST '51: I don't think the results of examinations are indicative of the quality of work that a student can do because of the time element and the general nervous tension. Generally, I have found that marks on final exams pull averages down. Cramming five or six subjects into five or six days of exams just isn't logical.

## Things Could Be Verse

Oh, how can we but help admire  
Those families who weather  
The trials and tribulations of  
Attending school together.

When Junior's learning this and that  
Concerning Civil War,  
Daddy helps him out, cause he took  
The course the term before.

But when he gets a better grade,  
Pop very rarely gloats,  
Who knows, next week he may have need  
Of some of Junior's notes.

And Mom is in there pitching, too,  
Helping swell resources,  
Keeping home fires burning bright  
So Dad can pass his courses.

—Syracuse Daily Orange.

"He's a lawyer—and he says I'm the first case he ever lost"

## Wheezes from the Gallery

By Gladys Neiburg

I "hear'd tell" by the wireless grapevine system that there is talk on this Campus to the effect that the north study hall, Waterman 210 will be converted into something other than a study hall because it is so little used.

And here I have been, wishing for the kind of a study hall that is a cross between the "Quiet—No Smoking" study hall on the second floor, and the "Ever Noisy,—Ever Smoky" Lounge downstairs.

I made such a suggestion to Student Government some time back, to learn, upon inquiry that the idea did not go over, even to the point of having a committee appointed to look into the matter.

I believe, and feel sure there are others who believe the same way, that this University could well use that sort of a study hall where groups of students could get together, study together, discuss the lessons, or reviews, together. I know there have been times when I have wanted to study with others, for a test, a quiz, or even a final. But where to study? No talking out loud allowed upstairs, in Waterman. Too much loud talking, bridge bidding de luxe, thick smoke, piano playing, and piano banging in the Lounge.

UVM has many more students now than it had several years back. We do have the Lounge and the library at East Hall now. But I feel they are inadequate. If others agree with me, (let me hear from you, please), I will gladly find out what steps need to be taken to ask, through the proper channels, that Room 210 Waterman be converted into a Study Lounge where groups may study together and accomplish much. This Study Lounge would resemble the Student Lounge insofar as students getting together around a table, or groups sitting around informally is concerned. They would have the privilege of talking to each other and discussing the study in question. This Study Lounge would resemble the Study Hall insofar as "No Smoking," "No Bridging," "No Piano-ing" is concerned.

Maybe nothing will come of this wheeze. But I can hope and dream, can't I?

P.S. A, portable blackboard, or two of them, would be a welcome addition, a very welcome addition in this hoped-for Study Lounge.

Pat collapsed in the street and a crowd soon gathered, all trying to help and each making suggestions. One, Maggie Riley, kept shouting "Give the poor man whiskey," but little attention was paid to her. Then Pat's agonized voice rose above the din: "Will the lot of ye hold your tongues and let Maggie speak."

## Why Women Loathe Men

by Carol Henshel

The above title is misleading; most women adore men. If they don't something is the matter. Why then the title? Women loathe certain things about men and although every woman is aware of the superiority of the female sex no better substitute for MAN has been found, atomic age or not.

To classify men would be the next logical step. Men can't be classified unfortunately. To carefully pigeonhole them as "big brute with mellow heart" type or "meek appearing male with too much libido" type would end all problems but it is an impossibility. Men, like chameleons, change their color when confronted by the enemy as a form of camouflage.

Obviously man wants and needs woman . . . look at all the embryonic M.D.'s who become salesmen. Until man learns how to enjoy darning his socks, marriage will remain the most popular institution in the United States. All things considered why does man think he is such a Triton among the minnows?

As babies, little girls learn to talk much earlier and their vocabulary is much larger. This childhood trait develops increasingly upon maturity. Girls are generally healthier than boys and are free from hereditary traits. Who becomes bald, color-blind, or bleeds to death from hemophilia? Who's been having all the nervous breakdowns lately?

Since mental and physical superiority is established, why are men so petty? This is brought to light at most American colleges and universities.

If a co-ed is popular, she must be very fickle; if she dates just one, it means that nobody else will ask her out. If she smiles, she's insincere; no smile, she's an old grouch. If she mixes well at a party, she is a flirt, if she doesn't, she is a "party pooper." If her grades are good she is a greasy grind; if not, she's a middle-grade moron. What's the use?

Once a boy is live-broiled by a girl who insists on broiled live lobster and seventh row, center, theatre seats, he is apt to think the same of all the daughters of Eve. To be sure life's little pleasures are appreciated, although most girls are content with a cheeseburger and a movie, providing her date has a personality, a pleasing one. Therefore, she won't insist on the theatre to be entertained.

While still lingering on the subject of personalities, do men actually think a negative one is compensated by one remark such as "You look nice tonight." And then imitating the silence of a Little Neck clam on the half shell for the rest of the evening. Another beast is the argyle sock fiend who plagues a sweet innocent into the tortures of ten bobbins of colored wool and then—girls, you know the rest!

The conclusion is very simple. However obnoxious men are, they're wonderful, God bless them.

## Track Sports Feature . . .

The year 1923 saw the first appearance of Archie Post at the University of Vermont. He graduated in 1927 and two years later returned to stay. For nineteen years Mr. Post has guided the track and cross country teams. Last fall he instigated the state cross country championship sponsored by the Headmasters Club and run by the University. Coach Post was also instrumental in starting the state track championships. For several years he has been appointed by the Headmasters Club to serve as Director of the Vermont Schoolboy Basketball Tournaments. In addition to all this, Archie is the Director of Physical Education at the University.

Mr. Post has produced several better than average cross country and track squads. In 1937 Vermont won the Eastern Intercollegiate Championship with 38 points. Trinity and Connecticut were second and third with 27½ and 27 points respectively. The track team also beat Colby, 77-58, for the first time in several years and has defeated Colby often since then. Also in 1937 in a meet with Springfield, three University records were set by Trudeau in the high jump with a six foot leap and Ross who shattered previous records by throwing the hammer 150 ft. 1¼ in. and the discus 136 ft. 7½ in. The years 1938 and 1940 were also exceptional seasons. In '38 Vermont captured seven first places to defeat Union 65¾ to 60¾, and beat Colby 75¾ to 59¾ for the second straight year.

Since the war Vermont has been rebuilding. Mr. Post maintains that a winning team depends on the condition and training of the individual. Not too many ready made track men enter the University and training is a long and slow process. Before the war Vermont beat Middlebury quite consistently. Middlebury took the cross country championship two years in a row until the Postmen defeated them last fall in a record breaking meet. The outcome of this year's track meets remains to be seen but the squad is steadily regaining pre-war form and will be in good shape.

A great coach and a great guy Archie Post is a respected figure throughout Vermont athletic circles. "I have spent a long and enjoyable time at the Univer-

### TRACK TUTOR

Archie Post

sity," says Mr. Post, "although I never expect to get rich at it. My main pleasure and satisfaction is in watching men grow physically and mentally."

## Vermont Golf Team Well Balanced With Six Vets Returning

It is a bit early for green grass and golf links, but Captain Bill Gilbertson already has his UVM golf team lined up for the season to come. Archie Post is to handle the administrative details from the Physical Education Department.

A six man team will represent the University of Vermont, and starting where they left off last spring, the following men are the first six: Dick Presbrey, Al Perreault, Bill Gilbertson, Ted Stafford, Tad Cheeseman, and Bob Kraut. Rod Smith and Mort Kaufman also will be working out for team positions.

A ladder system by which a man may challenge the man above him on the team will be instituted to stimulate competition, and also to enable any new golfers to try out for the team.

Presbrey, Perreault, and Gilbertson are all capable of shooting in the 70s, and Stafford, Cheeseman, and Kraut in the low 80s which is good golfing at any country club. Smith is consistently in the 90s.

(Concluded on page 6)

### NOTICE

With varsity baseball workouts well underway, Coach John C. (Fuzzy) Evans, newly appointed mentor of freshman baseball, will issue the first call for freshman candidates, Tuesday, March 29.

Prospective diamond operators will meet in the back armory of the gymnasium for the organization meeting at 4.30 p.m.

## SPORTS SLANTS

by Vic Murdock

### Fuzzy to be Feted

Through the efforts of Hammy Livingston and Ken Pierce, who hung up their basketball shoes at the close of the season, an achievement banquet will be held on March 31 in honor of Vermont's coach-of-the-year, John "Fuzzy" Evans. Achievement is certainly an adequate title for the banquet considering the record that the basketball mentor has posted since he took over the job here at Vermont. His record as football coach also is something of an achievement, as he brought UVM back to a 500 percent won-loss record or better nearly every season he has been coach. For several years before Evans became head coach, from 1936 until 1940, Vermont's position in the realm of football was one of the poorest in the northeast. In 1936, probably the worse year in Vermont football history, the Catamounts won one game and lost seven. The opposition rolled up 258 points to 13 for Vermont.

### Vermont Behind the Times

Ever since I have been enrolled at this Green Mountain school several things have impressed me as to the insufficient sports facilities we have for the large number of students on campus. Certainly everything I am about to point out could be used for an argument for a new field house in the immediate future, but a few new innovations could exist without the creation of a new structure. It seems to me that sports like soccer, lacrosse, boxing, wrestling, and swimming ought to be included among the other varsity sports. There are many fellows on this campus who could qualify for the abovementioned and undoubtedly would appreciate a chance to take part in a varsity sports activity. Many men cannot make one of the three main teams of football, basketball, or baseball so they are left out in the cold. Many colleges the size of Vermont, and many considerably smaller, have the so-called minor sports as alternate choices for the less fortunate athletes who fail to qualify for the major sports. I have heard from various people, both in the student body and the faculty, that it is a strange coincidence that UVM does not have a rowing team; it does seem that with the locality perfectly suitable for such a publicized water sport that Vermont should be one of the schools participating, but when you consider the cost of buying a shell and maintaining a boathouse it probably should not be mentioned. The cost of the minor sports, however, would run into very little money with the exception of lacrosse. Is anyone interested?

### Glances Here and There

Last week Al Niemann, mainstay of the '48-'49 basketball team, was named captain for next year's quintet . . . after the Delta Psi captured the inter-fraternity basketball championship they went on to defeat Wills Dorm, 33-26, to reign as masters of the campus . . . all around track star Bill McIntyre recently took fifth place in the 500 meter event at a meet in Montreal against some very keen competition . . . Ralph Lapointe has journeyed south to start his 1949 baseball season with Rochester of the International league; if Ralph can improve his batting eye he may return to the Cards as a permanent starter . . . Howie Merrick, freshman basketball ace, was named as honorary captain of the yearling squad by the members of the team . . . William R. Johnson, sophomore from Lyndonville, has been chosen as the 1949-50 basketball manager to replace William Elgood, retiring executive . . . the ski team may still see action in the Harvard College Giant Slalom at Big Bromley on April 2, weather permitting; the meet was scheduled for last week-end but had to be postponed . . . Al Niemann was recently voted to the St. Lawrence All-Opponent basketball team; Ernie Vandeweghe, All-American from Colgate, was ranked as the best player the Larries faced in the '48-'49 season.

## A FILLIP For PHILIP

### ARROW'S SPREAD COLLAR STYLES with FRENCH CUFFS

Phil, Bill and Jack—like many college men—like the extra touch of real style in Arrow's spread collar models with plain or French cuffs.

If you prefer oxford—ask for Arrow "SUSSEX." If you like broadcloth—ask for Arrow "PAR."

Parker  
"51"

NEW . . . FOTO-FILL FILLER . . . VISIBLE INK SUPPLY . . . PLI-GLASS RESERVOIR . . . PLATHENIUM-TIPPED POINT . . . "AERO-METRIC CONTROL" . . . 9 OTHER IMPORTANT ADVANCES

YOU'VE never owned such a pen! It's the famous Parker "51" made new and different in 14 important ways.

The new Foto-fill filler, for example, makes filling the New "51" extra fast and easy. You know it's filled—you can see the ink supply . . . a bigger, longer-lasting supply. You'll never have to worry about this pen going dry in the middle of an exam!

What's more, the New "51" has "Aero-metric control." It's safeguarded against leaking even at jet plane altitudes.

And that's only the beginning. There's lots more for you to see and try in the New "51". Stop in at your Parker dealer's today and ask him to show it to you. The Parker Pen Company, Janesville, Wisconsin, U. S. A., and Toronto, Canada.

### RULES:

1. U.S.V.B.A. rules\* shall govern play.
2. Except, smaller court will be used, and a team shall consist of 5 men (3-man front line and 2-man back line.)
3. Each team shall furnish two (2) officials for each match.
4. Regular matches shall consist of three games (two out of three games to decide match winner.)
5. League winners (decided by percentage) shall play off for Championship, this match to be 3 out of 5 games.
6. The champions will receive a suitable trophy.
7. Disputes of judgment shall be decided by the officials' decisions. Disputes concerning the rules may be referred to the Director, or settled via the rule book.
8. Teams which fail to put in an appearance as scheduled, or which fail to take the floor ready to play within 10 minutes after time match is scheduled to start, shall forfeit the match.
9. A team which forfeits two consecutive matches shall be dropped from the schedule, and any matches played with such team shall have no bearing on team standings.
10. Five o'clock matches will start as soon as four o'clock matches are over if they do not finish by five.

ARCHIE T. POST,  
Director of Intramurals.

## BILL GILBERTSON CAPT. OF GOLF TEAM

(Continued from page 5)

The first formal match for the team will be against the golfers from Champlain College on April 30. The team will travel across the lake to Plattsburgh for this encounter.

Then the team will journey to Orono, Maine to participate in the Yankee Conference Championship on May 6 and 7. Golfers representing the New England state universities will shoot it out for awards.

On May 13, 14, and 15 Captain Gilbertson and his men will travel to Boston for the New England Intercollegiate Championships to be held at the swank Oakley Country Club in Watertown.

The Vermont Intercollegiate will be held at the Rutland Country Club on May 28, 29 where members of teams from Vermont, Middlebury, Norwich and St. Michael's will vie for state golfing honors.

There will be other informal matches scheduled depending on weather conditions. The Burlington Country Club, just down the road from the Women's Campus, is the home course for the Cata-mounts. All men interested in trying out for the team should contact either Bill Gilbertson or Archie Post.

## Newman Club Holds Successful Retreat At Trinity College

A very successful retreat was held last week-end by the Newman Club, president Walter Fimian announced. At two o'clock Saturday the Trinity College Chapel was crowded by students wishing to hear the Very Reverend Father Joseph Scannell, C.C.S.R., Superior of the Redemptorist Missions at Bradford, Vermont, in his opening talk. During the afternoon, in between conferences, confessions were heard and the rosary was said by the club. At 4.30 the Stations of the Cross was made and at 5.00, the Very Reverend Father Scannell spoke on "Far Away Places." After an intermission for dinner, more talks and confessions followed; then at 8.30 there was a Benediction.

The next morning, Sunday, March 20, a special nine o'clock mass was held at the Trinity Chapel, at which those who made the retreat received the papal blessing.

The club adjourned to the Faculty Dining Room at Waterman for a Communion Breakfast which seventy people attended. The Very Reverend Father Scannell was guest speaker, and his concluding talk assimilated the main points of the retreat: "It does not take much courage to follow other examples, but it does take courage and initiative to be different and to live up to Catholic ideals."

A short business meeting followed the breakfast.

## MILITARY BALL WILL BE HELD APRIL 4

(Continued from page 1)

A meeting of all candidates is planned for next week. The judging will take place at an informal tea to be held at Southwick on Saturday, April 2. The judging will be private with only candidates, judges and members of the ball committee present.

Chairmen of the various committees are: General Chairman, Mark Jurras; Publicity, Ralph Conant; Queen Campaign, Harold Bronk; Secretary, David Jereckie; Decorations, H. Brown Baldwin; Checking, Leon Magnant; Refreshments, Stuart Smith; Transportation, Newman Rome; Tickets, Ronald Liston; Entertainment and Reception, William Salmon; Furniture, Elbert Nostrand.

## ALPHA CHI OMEGA

The Alpha Chi's will sponsor a supper hour on March 27. Coffee, cake, salad, ice cream and sandwiches will be served informally at the house from four until six for the mere price of fifty cents. This will give everyone an opportunity to drop in before the Sunday night movie.

"My Sister Eileen" is keeping Lynn Davis and Katie Crocker busy these days in preparation for the performance to be held next week.

An interesting talk on cerebral palsy was given last Tuesday by Miss Dunn, a state worker who serves in clinics in Burlington and Rutland. It was preceded by a coffee hour at which the alumni served.

Congratulations to Chief Justice Rose-Mary Traynor and to Shirley Dennis and Jean Austin for their new positions on Women's Student Union.

## KAPPA ALPHA THETA

At dawn Friday morning, March 18, the Theta's were glad to welcome back into their midst three pledges: June Crouter, Oradel N. J.; Alice Plumridge Mt. Hermon, Mass.; and Harriet Towne, Burlington.

To carry-on the good work for the

coming year the following officers were installed:

President—Barbara Patterson  
Vice-President—Marjorie Goeltz  
Rec. Secretary—Marion MacTiernan  
Cor. Secretary—Lorraine Bosworth  
Treasurer—Mary Wood  
Chaplain—Rebecca Caldwell  
Editor—Peggy Atkinson

Upwards of 200 people helped make the annual spaghetti supper a great success.

We are real happy for Carolyn Smith and Ed Kotlarczyk who were recently pinned.

A happy week-end at Cele Wetherby's ended in disaster for Jean Van Hynning who broke her ankle.

## SIGMA GAMMA

The officers for the year 1949-1950 were installed on Monday evening. They are: President, Ann Baker; Vice-President, Marilyn Ormsbee; Secretary, Mildred McNeilly; Treasurer, Joyce Lane; Chaplain, Jean Preston; Pan-Hellenic Representatives, Kathryn Mears and Ann Burroughs; Rushing Chairman, Lilah Locke; Pledge-Mother Hester Burroughs. We wish to thank the outgoing officers for the fine work they have done, especially Jane King, our former president.

Last week at an initiation service welcomed Kathryn Mears and Joyce Lane into Sigma Gamma as sorors.

The pledges had a dessert hour Tuesday evening for the pledges of other sororities. Besides ice cream and coffee, they served delicious brownies made by Kathy Mears.

Recently we had a hayride. It was intended to be a sleighride, but, of course there was no snow. Refreshments were served afterward at Dotty Nye's.

Elaine Baker sent chocolates to her sisters in Sigma Gamma to announce her engagement to Tom Murphy.

That must have been quite a vacation that Irene had in Boston after Mid-Year because within a month two men had come up from Boston to visit her.

## Notice:

### ARIEL DEADLINE

Thursday March 31 is the deadline for all Ariel material. It is important that all material be in at this time. The Ariel office will be open all day Thursday.

VOL. 67

BURLINGTON, VERMONT, TUESDAY, MARCH 29, 1949

NUMBER 8

### Vermont Dance Workshop Presents Uncle Sam's Diary

"Uncle Sam's Diary," a program of modern dance, will be presented April 1, at 8.15 in Southwick Auditorium by the University of Vermont Dance Workshop. The annual modern dance Spring recital will be directed by Miss Ethel Hoffman, assistant professor of physical education for women. Members of the Apprentice Group, the Modern Dance Club, and the Workshop who will take part in the festival have been practicing techniques for months and have done their own choreography. Each dancer composed her particular part of the program.

The program will be made up of nine dances which are supposed to illustrate excerpts from an imaginary diary kept through the years by "Uncle Sam." The first dance, done by Tessie Gay, demonstrates the Indians' dancing to their gods for rain, health, and good hunting. The second dance illustrates the coming of the white man to this continent in search of freedom, only in turn to become oppressors themselves. Mary Curtis will be the Symbol of Oppression; Barbara Hearn, the Symbol of Freedom; Naomi Englerth, Celey Handy, the Pilgrims.

The third dance has as its theme the enslaving of negroes and their spiritual quality which made them bear slavery and still make contributions to society. Dancing in this group will be: Norma Colby, Frances Crowley, Julia Goelz, and Mariann LeFevre. The labor groups who developed the United States resources will be represented in the fourth dance by: Peggy Fisher, Shirley Gleason, Patricia Van Bree, and Valery Worth. The type of square dancing done by the pioneers who settled the West will be typified in the fifth dance by: Norma Colby, Julia Goelz, Katie Gordinier, Wendy Millington, Jane Smith, Barbara Spaulding, Nancy Tobey and Joyce Viventi.

"The Gay Nineties" will be symbolized by: Marianna Ciotti, Joan Friendburg,

Ruth Kenner, Joan Kopp, Maxine Osborne, Barbara Spaulding. Jazz, as a new type of music developed in America, will be pictured by: Beverly Barker, Katja Gordinier, Nan Nelson and Joyce Viventi. The eighth dance will have as its theme World War II and the coming of European immigrants to this land again to escape oppression: Hedi Ballantyne, Mary Jane Brown, Shirley Dennis, Katja Gordinier, Katherine Kidder, and Patricia Tucker will dance in this dance. The last dance on the program brings the diary up to date by representing the confusion and superficial gaiety of life in 1949. This will be a duet by Beverly Barker and Barbara Spaulding.

Marvin Briggs and Bob Fredericks will be the accompanists for the program. Tickets for the program will be on sale in the book store and at the door.

Beverly Barker is general manager of the festival. Nancy Tobey is costume designer and Joyce Viventi is talent scout. The highest honor for a girl working in the dance groups is to be appointed by the director to the Master Dance Group. They are chosen for technical skill and contributions in choreography of dances. Members of the Master Dance Group are: Beverly Barker, Norma Colby, Frances Crowley, Katja Gordinier, Wendy Millington, Jane Smith, Barbara Spaulding, Nancy Tobey, Joyce Viventi. Members of the Dance Workshop are: Joyce Aberdeen, Hedi Ballantyne, Shirley Dennis, Julia Goelz, Katherine Kidder, Nan Nelson, Suzanne Pooley, Valery Worth. Members of the Apprentice Dance Group become members of the Dance Workshop after appearing in the Spring Festival.

Another activity of the Dance Group was the entertainment of Middlebury and McGill dance groups March 19 at Southwick. A dance symposium and buffet supper was held.

### Evans To Be Feted At Banquet In Orchard Room Of Hotel Vt.

Fuzzy Evans

The Achievement Banquet to be held in the Orchard Room of the Hotel Vermont on the evening of March 31 is in honor of Fuzzy Evans. It has been in the minds of his athletes and well-wishers for some time to express their appreciation for the tireless efforts of Fuzzy in turning out teams and sportsmen here on the hill for the past twelve years. Through thick and thin, in lean years and years of plenty Fuzzy has molded the available material into scrappy, willing, and winning teams on the gridiron, the basketball court, and the baseball diamond.

Students, alumni, and friends will be there to honor Fuzzy and extend congratulations.

John Clifford Evans, better known as Fuzzy, is our genial, 5-foot-10½-inch, 175-pound, 41-year-old head coach of football and basketball, and freshman baseball. Fuzzy is a native Buckeye state

(Continued on page 3)

### Debaters View National At Wesleyan Tournament

#### University Choir To Present "Messiah" At Chapel April 3

The University Choir, under the direction of Professor Bennett, traveled to Wells River on Sunday, March 27, to give a concert there. Although the choir has presented other concerts away from Burlington, this was its first trip to Wells River.

The program featured sacred music, with Jean Preston and Anne Harvey, the starring soloists. Much preparation was put into this concert, and credit should be given to Professor Bennett and all those who participated in its brilliant presentation.

The choir is going to present an Easter concert on April 3, in the Ira Allen Chapel at 4.00 p.m. In this concert will be included the Lenten and Easter portions of Handel's Messiah. The choir will be assisted by the St. Paul and the First Congregational Choirs.

Soloists will include Janice Shively and Marilyn Holden, sopranos; Jacqueline Sidle, alto; Alfred Quance, George Merritt, and Ernest Stockwell, tenors; Carl Nelson, Bruce Butterfield and Victor Shedko, baritones. Instrumental solos will be by Miriam Marston on the organ, Virginia de Blastis on the violin, Jean Pappoutsakis on the flute, Hubert Brooks, Jr. on the trumpet, and Mary Bremer and Eleanor Scribner on the piano.

The program promises to be a huge success, and the choir is looking forward to a large audience.

### Last Meeting Of WSGA Installs New Officers

It was solemn, because the serious ceremony of installation of officers was about to begin. It was inspiring, as the newly appointed officers dressed in white, waited to take their oaths and with them, their responsibilities.

It was impressive and important, as this, Wednesday evening, March 23, was the last meeting of the year, of Women's Student Union, and yes—it was a little sad, as most of the outgoing officers clothed in their traditional black gowns, sat together on the stage for the last time as a group; a group that had worked together and cooperated with each other for the benefit of all the Vermont women, whom they represented.

Kathy Eaton, who in the opinion of many, did a particularly fine job as president, presided over the meeting, which was opened with the reciting of the Vermont Pledge. The minutes of the last meeting were then read by secretary Suzette Levine.

Since one of the main purposes for this meeting was to nominate girls for the different honorary societies, Dean Simpson spoke on the importance of making wise choices, and not coloring them by purely personal feeling; to choose leaders on the basis of those qualities which make for good leadership in every respect. After Dean Simpson's word of advice, the meeting was turned back to Kathy

(Continued on page 4)

Two University of Vermont debaters were in Middletown, Connecticut, on Wednesday, March 23 to participate in the two-day Northeastern Regional Debate Tournament which was being held at Wesleyan University in preparation for the National Tournament at West Point next month.

According to Dr. Robert B. Huber, head of the speech department at the university, who accompanied the team, his debaters hoped to equal or surpass their already outstanding record in the Regional and National Tournaments.

"For the two years in which the National Tournament has been held," said Doctor Huber, "Vermont's win and loss record—11 wins and only two losses—surpasses that of any other school in the nation. All other schools, including the winners of the championships, have lost two or more debates. No other school has won 11."

The program for the Wesleyan tournament provides for four seeding rounds, after which the eight schools with the best records met in an elimination round that decided the four teams eligible to enter the Nationals.

Representing Vermont at Wesleyan were Thomas L. Hayes, '50, Bellows Falls, and John B. Harrington, '49, Burlington. Each of them during the tournament debated both sides of the question, Resolved: That the Federal Government Should Establish a System of Prepaid Medical Insurance.

Hayes, during his two years of debate experience, has won 26 and lost 6. He was judged the outstanding debater at the Tufts Tournament last fall, and was a member of the team which won the New England championship on February 26.

Harrington was a member of the team which represented Vermont at last year's Regional and National tournaments. In last year's Regional, his team won five straight debates, placing first in the tournament. In the National, they won six straight debates, losing out in the quarter-finals to the team which became the champion. He also was a member of the New England championship team.

### French Theme Adds Festive Air To Mortar Board

Mortar Board, the senior women's honorary society, transplanted the Luxembourg Garden of Paris to the ballroom of Southwick for the dancing pleasure of the UVM mademoiselles and their escorts Friday evening March 18. From nine until one well over two hundred couples spent an evening in Paris in formal attire dancing to the music of the Catamounts.

The Catamounts turned French for the occasion, wearing berets, tres chic, and importing French tunes to vary the popular American hits. They played in the ballroom amid floral decorations representing The Luxembourg Gardens. Downstairs, the gym was magically transformed into the Pigalle section of Paris with the Bovey le Vin, a bar, and tables with checkered cloths in keeping with the Parisian scene.

Mortar Board took charge of the decorations as well as the many details and arrangements such as the band, chaperones, tickets, and publicity. They arranged for

(Continued on page 4)

### Dr. A. P. Coleman To Give Lecture On Communism

"The Slavic Idea Faces Communism, Marxian and Stalinism," is the title of a lecture which Dr. Arthur P. Coleman, professor of Polish language and literature at Fairleigh Dickinson College, Rutherford, N. J., will give in the Fleming Museum at the University of Vermont at 8.00 p.m., on Tuesday evening, April 5. The lecture, which is open to the public, is under the auspices of Kappa Phi Kappa, honorary education society on the campus and the International Relations Club.

Doctor Coleman has contributed a large number of articles to the *Dictionary of Modern European Literature*. He recently resigned the position of professor of Polish Languages at Columbia as a protest against the acceptance by Columbia of \$30,000, from the Polish Communist Government to set up a chain of Polish studies.

In his speech "The Slavic Idea Faces Communism, Marxism, and Stalinism," Doctor Coleman will give answers to the following questions: Was Truman right when he said education is enough to check Communism? Should Communists teach?

In view of his relations, dealings and accomplishments on the subject of communism, Doctor Coleman's lecture will probably be the most enlightening and conclusive lecture to be heard to date on campus.

### Vt. Forum Speakers Agree Communism Kills Individualism

Un-Americanism was the subject discussed at the Forum in the City Hall Auditorium Wednesday night, March 23. The speakers were Kurt Singer and Ex-congressman Hamilton Fish. Rev. William A. Tennien, St. Mark's Church pastor, was moderator. More than 300 attended the Forum.

The speakers agreed completely that Communism presents the greatest threat to this nation today, but differed sharply over the threat of Fascism here. Kurt Singer said that Fascists are the second greatest threat in this nation. Ex-congressman Hamilton Fish said that he knew of no Fascists in this country, but that there are many crackpots.

Kurt Singer does not believe that we can outlaw the Communist Party, since they would come back under another name. He believes that Henry Wallace's followers are the greatest fifth column in the U. S. today.

Hamilton Fish said that the main objective of Communism is World Revolution. He gave the following as the objectives of Communism.

1. Communism seeks to destroy all religion.
2. Communism seeks to abolish private property and inheritance.

(Continued on page 4)

### Students Contribute \$210.37 To Red Cross Drive For Funds

The drive for funds for the American Red Cross conducted among students on UVM campus from March 14, through March 26, netted a total of \$210.37.

David Newhall, chairman of the drive among the students, announced that Leonard Miller, who covered Phi Sigma Delta, was top collector. Other workers were Cynthia Goss, Scott Mahoney, Polly Buttrick, Marianne Ciotti, Louise Gee, Jean True, Ann Baker, Harold F. Henningsen, Pete Haslam, John Tampas, Dick Kinsler, Bob Taisey, Lawrence Kimball, Norm Dennis, Dave Banta, Al Streeter, Ed Streeter, Dot Ross, Marie Powers, Nancy Reynolds, Martha Atwood, Marty Wood, Thelma Royer, Doris Hoffnagle, Dot Elmer, Mal Wentworth, Jerry Loyd, Dan Peisch, Peg O'Day, Martha Samson, Norma Steveson, June O'Connell, Anne Hawley, Gloria McGill, Doty Stillman, and the committee who helped with the campaign in Waterman, where \$17.00 was raised at the Red Cross table on March 16 and 17.

Prof. Adams announced the following as members of the committee to canvas among the faculty and administration: Dean R. H. Kroepsch, Miss Marguerite J. Doheney, Professors L. S. Rowell, M. B. Sullivan, F. W. Gallagher and G. C. Crooks.

Publication Office, 187 College St., Burlington, Vt.

## Editorial . . .

It rarely happens, in the view of certain oppressive circumstances, that a resultant "makeshift" turns out to be better than the original. But this is the case of the annual Dean Hills' Sugar Party, a story the CYNIC would now like to relate.

The Sugar Party had been on the rocks for several years. The decline in its popularity started several years ago when a nationally-famous radio program visited UVM and its Sugar Party. The advance publicity worked wonders and everyone wanted to come; the gifts were lavish and co-eds vied with each other for the opportunity to tell about "their childhood days on the old homestead." However, to accommodate the mob, the Party was moved to the Waterman cafeteria where everyone sat down at long lines of paper-covered tables, waited for their refreshments, and generally got a little annoyed at not being able to see nor hear what was going on. (It has been conjectured, that they weren't quite so annoyed as those who bought tickets and couldn't get in at all.) At any rate, the old Sugar Party just wasn't the same afterwards; the last two years it was held in the gym, but no one wanted to come anymore, and far from its original purpose, originated in honor of Dean (Emeritus) Hills of the College of Agriculture, of providing financial aid for worthy students, it lost money.

To provide a suitable show, there were many expenses: a band was needed and a fee for using a public address system was charged; the gym was rented for the reasonable sum of \$15, while the fees of the janitors, working on a time-and-a-half basis and loving it, ran the figure up to the rather magnificent total of \$115; since entertainment was provided there was an approximate 15 percent amusement tax; the services of a cop were required by law; and it was even necessary to pay the storage charge on the snow which would be used. Last year the Party attracted 76 people and, needless to say, the Sugar Party went badly in the hole; Student Government shelled out \$150 to alleviate the loss, but a change was necessary.

Luckily the sponsoring Aggie and Home Ec Clubs found a fortunate solution: they decided to hold the Party at the UVM Sugar Bush—one of UVM's many marvelous, but little-known assets, included among which are two research forests within fifteen miles of the campus and also a portion of the top of Mt. Mansfield. This particular "bush" consists of 180 acres of upland, partly in meadow and partly in woods, located in the shadow of Mt. Mansfield at Underhill, at an altitude of 1,200 feet. The farm was given to the University by Ex-Governor Proctor, and has since been equipped by several individuals and firms interested in the maple industry; since 1944, it has been the site of extensive research into methods of maple sugar production.

It was first thought that the affair should be kept small for those who were really interested, and thus advertising was kept at a minimum. The idea grew however, and the results were overwhelming: over 450 people arrived—including President Millis, Deans Miller, Kidder, and Simpson, Assistant Dean Root, Doctors King and Marvin, various administrative heads, members of the Faculty, and many interested in the "bush" or active in the maple sugar business. The syrup flowed freely, and the talks were not only short but witty; everyone sat around on the ground (for it was warm enough) and had their fill of sugar on snow and its accompanying pickles, doughnuts, and coffee. There was neither band nor public address system; there was no gym and everyone was his own janitor; there were no police to keep order because under such circumstances they are entirely unnecessary; and the snow had been gathered the day before. The Party was a social success; it gave everyone the opportunity to see another side of the functions of the University—and, best of all, it was again a financial success.

## Inquiring Reporter

To use a well worn phrase, "Spring is sprung—." Evidence of this is found in the balmy days, March winds, and kids on bicycles splashing through puddles (much to the dismay of the coeds trudging down South Prospect). In keeping with the advent of the vernal equinox, many sportsmen and women on campus have been called away from their books to answer the phone. Yes, it's that man again—the Inquiring Reporter—and this week's query is "What are your plans for taking advantage of Spring from the sports angle?"—Behold the result!

CLIFTON HAVENS—Burlington:

"I'm a great hiker and plan to do a lot of hiking on my own, besides the many trips planned for the Outing Club. I also enjoy track, as an observer."

PRISCILLA SEALE, Floral, Park N. Y.

"I hope to organize a softball team under the W.A.A. softball club with the expectation that it will do as well as our basketball team."

LARRY REILLY, Alburg, Vt.

"Now that spring is on the way I am looking forward to a little frogging in the vicinity of Venice, P. Q., Canada. I may even get a little pickerel shooting in on the side."

NORMA FOWLER, Hillsdale, N. J.

"Due to the lack of snow this winter I was forced to get my exercise hiking back and forth from the Redstone Campus, and, of course, will continue this through the Spring. In addition, if we don't get all the snow in May, I may find time for tennis."

ARNOLD HOFFMAN, Valley Stream, N. Y.

"Besides the obvious indoor sports a man's fancy turns to at this time, tennis is number one on my sports list for this spring. I had considered going out for the track team but I'm afraid the books will prevent it."

BEVERLY BARKER, Rutland, Vt.

Besides participating in the Modern Dance Recital coming up next Friday, I intend to go out for tennis or golf on the W.A.A. program. Another activity coming up is sorority softball, also on my list."

And so, imbued with the spirit of spring sports, your Inquiring Reporter takes himself off for another week, tempted on all sides to desert his books for softball, tennis, golf, and even frogging (lured to this last, no doubt, by the prospect of a trip across the border).

## Letter To Editor

Burlington, Vt.,  
March 24, 1949.

Dear Senior Women:

The Burlington Branch of the American Association of University Women most cordially invites you, the senior women of the University of Vermont, to attend its April meeting to be held on Tuesday evening, April 5, at 7.45 at the Southwick Memorial Building.

You will each receive a personal invitation from an AAUW member. However, if by some mischance, an AAUW member fails to contact you—something unforeseen could happen—be sure you come anyway, because we want very much to meet each and every one of you.

Our guest speaker that evening will be Mrs. Katherine Elkus White of Red Bank, N. J. Mrs. White is Past President of the New Jersey State Division of AAUW, a member of the State Board of Directors of AAUW and chairman of the Rules Committee for the National AAUW Convention this June. Her topic will be of pertinent interest to girls about to graduate from college.

We know you will enjoy our speaker and hope you will take part in any discussion that may follow. There will be refreshments and a social hour when we hope to become better acquainted with you. We hope also that you will become better acquainted with AAUW so that when you return to your various homes after leaving college, you will become active participants in its fun.

Please save the evening of April 5 on your calendar.

Very sincerely yours,  
WINIFRED A. STONE,  
President Burlington Branch.

## Student Government Notes

The recently elected Student Government Executive Council turned in the worst performance of the year at its weekly meeting on Wednesday afternoon. Many of our fellow students showed signs of becoming good legislators in their ability to discuss for one half hour and arrive at no conclusions. In one particular instance they began on the matter of an appropriation to the golf team and ended in an argument over parliamentary procedure. They were so wordy that they didn't get through the business on hand, which makes the second week that they have been unable to complete the agenda. This is somewhat disillusioning for a group which started so promisingly, but now seems to have lost some of its punch.

The Election Committee announced the results of the special election held on Tuesday, March 22. Stuart Moffitt was elected to Student Court and Ed Anania and Henry Stone are the new freshmen representatives on the Executive Council. It was asked that future elections be more adequately publicized so that more people may exercise their franchise, if they so desire.

In a very belligerent manner, the treasurer announced a compulsory meeting of all organization presidents and treasurers to be held Saturday, March 26 at 1 p.m. in the Student Lounge. The purpose is to discuss future financial policies of Student Government. It was stated that failure to attend might result in an arbitrary slashing of an organization's budget. The meeting is open to all.

It could be that the Constitutional Revision Committee, in existence for nearly two months, hasn't been meeting as often as it should. When asked if a report could be given at next week's meeting, the chairman said that it would be impossible. More time will be required if an adequate job is to be done.

UVM's already over-organized campus has another extracurricular activity. The Men's Glee Club petitioned and received recognition from Student Government. This group should provide entertainment for those in it as well as for the rest of the campus through the programs which it hopes to put on.

One couldn't help but notice the condition of the Student Lounge on Thursday and Friday. It was left uncleaned at the request of Student Government to give the students an opportunity to appreciate the dirt which accumulates mostly because of negligence. Student Government spent \$5,000 to refurbish the place. They even supplied ash trays for cigarettes and disposal cans for old papers, etc. However, students seem to find it much more convenient to use the floor with the result that most of the time the place is hardly a credit to the school. If the present experiment doesn't result in a cleaner lounge, Student Government may resort to closing it in an attempt to improve student appreciation. Perhaps with the proper pressure an appreciation for a decently clean lounge may be developed.

## UVM's Chamber of Commerce

You are more of an asset to UVM than you think! Yes, you can be an honest-to-goodness public relations man! Well, you query, what are the duties of a public relations man? This: to interpret UVM to the public, and on the other hand, collect and coordinate outside opinion to the college. For instance, when someone asks you about college life and you piece together a bird's-eye picture of UVM, you are focusing public attention to the school, and acting as angel-of-mercy for the people who work behind the door labeled Public Relations Office in Room 111.

Publicity, then, is the right arm of public relations. Before the office made its debut in Waterman, practically all of the behind-the-scenes publicity work was carried on by the News Bureau with Professors Dean, Director of Publicity, and Mrs. Laura Loudon, Assistant. But last October, Mr. J. R. Jennings came to UVM to act as official public relations man—to take over the superhuman job of maintaining good working relationships between the college and John Q. Public. As director of Public Relations he must also serve as liaison between the three different groups connected with UVM—the students, the faculty, and the alumni.

But how does Public Relations bring its issues to the public eye, you still wonder. Mostly through the medium of the newspaper. But oftentimes a movie can be more effective than black and white and

that is why a short film, giving a twelve-month picture of UVM has been newly processed and will soon be shown to classrooms and fraternal organizations throughout the state. The film takes up all aspects of college life—the research laboratories, the lectures, and the gay Kake Walk whirl.

An article on the far-reaching work of the comparatively new nursing school is also being planned to foster public opinion. It is a little known fact that each nurse in training at a Vermont hospital will, undoubtedly, at some time be affiliated with UVM for pre-clinical work. The office is responsible for handling meetings to be held on campus and keeping events lined up so as to avoid a lull in activities. And off to the right of the office is a little room wherein all the cuts used in the CYNIC and *Ariel* are classified and catalogued.

Now you have the overall outlook of the Public Relations office—the Chamber of Commerce of UVM!

### NOTICE

There will be a dance Saturday night from 8.00-12.00 in the Soda Fountain for the benefit of the United Negro College Fund. Admission 40c per person. Sponsored by the Social Action Commission.

Fuzzy Evans

(Continued from page 1)

having been born in Piqua, Ohio. When he was 10 years old his folks moved to Dayton where John received most of his public school education. He was graduated from Stivers High School of Dayton, Ohio in 1927. Fuzzy exhibited great athletic prowess here and earned letters in football, basketball, baseball and track. He played guard on the Stivers High basketball team which won the state championship in his freshman year. In baseball Fuzzy was a catcher and also patrolled the outer garden. The Stivers High football team claimed the national title in 1924, and a halfback on that team was John C. Evans. Stivers also won the state championship in 1926. Fuzz also found time to do some sprinting on his high school track team, participating in the 100 and 220 yard events.

Fuzzy entered the University of Illinois in February 1928 and was graduated in February of 1932. At Illinois he specialized in athletic coaching and physical education. In the field of sports Fuzz concentrated on football and basketball and starred in both. He played freshman football and three years of varsity football under the tutelage of Bob Zuppke. His two years of basketball were under coach Craig Ruby.

In April 1932 Fuzzy headed east to take over the coaching reins at Medina High School, Medina, N. Y. Here the Evans coached teams racked up very commendable records in football, basketball, and baseball under his four year tenure.

John Clifford Evans was married to the former Thelma Baldwin in the Little Church around the Corner in N. Y. C. in the fall of 1936. (Fuzzy distinctly remembers it was the day after Thanksgiving.) Mrs. Evans was a former high school teacher in Cortland, N. Y. They have a son, James nine years old.

Fuzzy came to the Vermont campus in the fall of 1937 and for the next three years coached the frosh football, basketball, and baseball teams. In 1940 he took over the varsity helm in football and basketball and continued as coach of freshman baseball until after the war. This spring Fuzz is resuming his position as Kitten baseball coach.

The outstanding gridiron team that Fuzz recalls is the state champ team of 1941 that surprised everyone by trimming a heavily favored Norwich eleven for the title. The greatest basketball team was the 1946 quintet of Killick, Jake, and company that won 19 out of 22 games. But then we might add that the Evans coached cagers have just won their seventh straight state championship and have run their consecutive win streak against state competition to 28.

Coach Evans has done graduate work for two summers at New York University and one summer here at UVM.

The Championship Evansmen

Here is the 1948-49 basketball team, one of the many Coach John Fuzzy Evans has guided to the State Title. Kneeling are, left to right, Art Collier, Keith Galli, Ken Pierce, Capt. Hammie Livingston, Pat Farma, Ed Kotlarczyk, and Al Niemann. Standing are, Hobie Cook, Bill Grant, Bob French, Harry McCarthy, Bob Twiss, Ralph Kehoe, Stu Moffitt, Coach Evans and Manager Elwood.

Evans Has Compiled Notable Record Coaching Basketball, Football and Baseball Since 1937

Since coming to the University of Vermont from Medina, N. Y., High School in 1937, Coach John "Fuzzy" Evans has turned in some impressive over-all athletic records, particularly in basketball.

Evans didn't start coaching varsity sports until 1940. His coaching duties for the three years before he took over the top reins were spent with the freshman squads in football, basketball and baseball.

During those three years of freshman football coaching Evans' teams won nine games, lost two and tied one. During those three years the Kittens won the state championship each time.

Three years with the freshman basketball team brought Evans 17 wins against 10 losses, and in baseball his record stands at 12 wins and 10 losses.

Coach Evans' first year as head coach in 1940 found him bringing the Cats a 50 percent break on the football field with four wins and four losses. His first season with the courtmen started the Cats off on the first of seven straight Vermont intercollegiate championships. Since that first year Evans has 88 wins to his credit as against 33 losses, an enviable record for any coach in a game as unpredictable as basketball. His total record on the football field of 19 wins, 23 losses and four ties does not sound so impressive but the games won and lost don't tell the whole football story under Evans.

The worst season Coach Evans has had on the gridiron came in 1941 when the Cats won but two games while dropping six. In 1942 it was four wins and three losses and then it jumps to 1946 due to

the absence of sports during the war years.

In 1946 Vermont turned in a record of two wins, three losses and two ties, and in 1947 it was three wins, four losses and one tie. Last fall, perhaps the most memorable one, saw the Cats winning four, losing three and tying one with one of the wins being the upset over New Hampshire, 14-0, and one of the losses coming at the hands of the heavily favored Middlebury Panthers by the narrow margin of 13-12.

Coach Evans' basketball records down through the years couldn't be much more impressive for steady, well-rounded teams and consistent good records. The season of 1941-1942 gave the Cats 10 wins and five losses and the next season it was 10 wins and six losses.

Then there was the absence of basketball for two years during the war years but in 1945-1946 Evans again formed a quintet that came through with a record of 10 wins and four losses.

The greatest year of them all came during the season of 1945-1946. That was when Evans had the great Killick-Jake-Kotlarczyk trio. This great quintet came through with 19 wins and only three losses. During that year this team scored the highest point total that any Vermont team has ever scored when they turned back St. Michael's by a 80-56 score.

In 1947-48 the Cats kept up the hot pace by winning 14 while losing six and this past winter the final record stands at 15 wins and five losses.

Coming Events

- March 29  
6.45 p.m. Men's Glee Club Meeting, B. H. S., Room 20.  
8.00 p.m. Panel Discussion sponsored by IRC, "What Is Russia's Foreign Policy?" Speakers: Prof. Paul D. Evans, UVM; Prof. J. W. Robinson, UVM; Prof. C. K. Hannigan, St. Michael's. Moderator: Mr. Thomas B. Braine, Fleming Museum Auditorium.  
7.30 p.m. Pan-Hellenic Meeting, Southwick.  
March 30  
4.00 p.m. Student Government Meeting, Lounge, Waterman.  
March 31  
5.00 p.m. CYNIC Meeting, Senior Staff.  
6.30 p.m. Brotherhood Week Banquet, Waterman.  
7.15 p.m. Square Dancing at Southwick, men and women.  
8.15 p.m. Dramatic Club's production of "My Sister Eileen."

Both Boston Teams Facing Difficulties In Spring Training

Mort Kaufman

Welcome sweet spring time, we greet you with baseball—that seems to more apropos to the sportswriter these breezy days of March. In fact most of the best scribes of the land are enjoying the warmth of Florida, Arizona or California as they observe their home favorites limber up for the '49 baseball season.

Being not one of the best scribes of the land nor writing for a nationally known newspaper, the writer can only view the happenings in the Grapefruit League from a comfortable perch in Waterman through the mediums of the magazine and newspaper. Having explained the situation, a glance is forthcoming of activities of the Boston Red Sox and Boston Braves thus far in their quest for the pennants in their respective leagues. May the fans of Brooklyn, New York and other localities humbly bear with this—.

Neither team up to this date, has fared particularly well in the games played thus far—some scribes have already given up the Braves because of the baseball they have displayed but it seems to be a little premature. At present the Red Sox are in dire need of pitchers; they have as much power as any team in the American League, but if the World Series is to be in Boston, better pitching than was seen in Fenway Park last year is a must. "Tex" Hughson and Dave Ferriss have been impressive in Spring training and it is obvious the burden will be laid upon the veterans for the Sox have few promising rookies in the pitching department.

The Red Sox should be stronger afield with the addition of Walt Dropo at first and with last year's varsity intact, there are few problems for Joe McCarty.

The Braves, on the other hand, should have one of the best pitching staffs in the National League, but the outfield will certainly be a problem for Billy Southworth. If Pete Reiser returns to the form that made him once a great ballplayer, Jeff Heath's leg heals sufficiently and Jim Russell is physically fit, (each one of the outfielders seems to lack an attribute,) all will be well, but most of the clubs are facing problems similar to the Braves, so one may nationalize and hope for the best.

## Sorority Notes

### ALPHA EPSILON PHI

The Alpha Omicron Chapter of Alpha Epsilon Phi has been engaged in a number of varied activities on campus since the beginning of the second semester. After a hectic, though happy Kake Walk campaign, during which the halls of Waterman echoed "Sweet Sue," the sorors turned to plan for the remainder of the school year. Dean Adele Kaye presented a temporary schedule of events to include a sorority formal dance, a spring picnic, and an open house. The latter will be held on Sunday, April 10.

The pledges held a "Kiddie party" for pledges of the other sororities on Sunday March 6 and under the guidance of their advisor, Phyllis Barron, the future sorors and their guests had an enjoyable afternoon.

The pledges also have elected a project of helping orphan children by going to the orphanage and planning events which will aid the children. Pledge offices include: President, Jackie Adler; Vice-President, Lee Blitz; Secretary, Fran Rosengarten. The formal installation of the new sorors will take place in April.

The sorority basketball team won its first two games in competition against Coolidge Hall and Adsit House and bowed to a superior Allen House five.

New sorority officers for the year '49-'50 include: President, Phyllis Barron; Vice-President, Jimmy Schenkman; Secretary, Ruth Ehrlich; and Treasurer, Sara Cohen.

Congratulations to the new officers and best wishes for future success and happiness are extended to the present Dean, Adele Kaye, who graduates in June and who will be married soon after in July.

Her term of office was an outstanding one made possible by her efforts and good nature.

### DELTA PHI EPSILON

A tea was given Saturday afternoon, March 19, at the home of the sorority's northern regional president, Mrs. Myer Perelman, 398 North Street, in honor of our international rush and pledge chairman, Mrs. Saul Boyarsky of Belford, New Jersey.

Mrs. Boyarsky, formerly of Burlington, will leave next month for Germany, where her husband, a lieutenant, will be stationed in the Army Medical Corps.

Guests included Miss Muriel J. Hughes, faculty advisor of Delta Alpha Chapter; Mrs. A. Pearley Feen, Mrs. Jacob Frank and Mrs. Michael Frank, patronesses; Mrs. Sam Boyarsky and Mrs. Max Ahrens.

### DELTA DELTA DELTA

The aroma of freshly baked chocolate cake and cookies has been floating around the Tri Delt house lately. Guess Ann is giving Bill a little of the "domestic treatment."

Week-end notes: Pat Tucker spent Saturday skiing on the slopes at Mad River Glen. Beth Divine's parents and husband from New York were visiting over the week-end.

Saturday was another "clean-up" day at the house. The cellar got the treatment this time. It also proved to be an apropos time for "after Mortar Board" conversation.

Tri Delt's Sick List: Ann Boyden, alumni advisor, is seriously ill with pneumonia. Janet Pattee is in the hospital with appendicitis.

## COMMUNISM

(Continued from page 1)

3. Communism favors strikes and discord.
4. Communism desires to create a civil war.
5. Communism desires to bring about a World Government with the capital at Moscow.

He favors driving Communists out of Civil Service and out of colleges.

On the question of World Government Singer said: "We in this country must promote the ideal of a union of all peoples. We have the choice of one world or no world at all."

Fish said: "On the issue of a World Government it is impossible of attainment at this time, because the Communists want their world government—and are making progress. They are not entering into any world government with France or England or this country."

## MORTAR BOARD

(Continued from page 1)

favors, Bluegrass perfume or powder according to mademoiselle's fancy.

Miss Mary Jean Simpson, Miss Margaret Wing, Mr. and Mrs. H. S. Schultz, and Mr. and Mrs. Carpenter graciously served as chaperones for the evening. Sophomore Aides were assigned the job of checking coats, and Staff and Sandal served refreshments.

Tickets were cleverly done in French, being worded and printed much like a card of invitation. Tickets were, according to the tradition of Mortar Board formal, supplied by the young women who played hostesses to their escorts for what was reported by many sources to be an enjoyable evening.

## Women's Student Union

(Continued from page 1)

Eaton, who at the time introduced the past year's presidents of the various honor societies on campus. They, in turn, explained on what merits girls were chosen for their individual organizations, after nominations had been submitted. In all three societies, Mortar Board, Staff and Sandal and Sophomore Aides, the qualities of scholarship, leadership and service were given most consideration. Marjorie Goeltz, speaking for Staff and Sandal, included "ability," and Jean Hard, president of Sophomore Aides, spoke of "cooperation and college spirit" as being important aspects for representatives of the class.

With these standards as criteria for their choices, all women present in the Chapel, proceeded to indicate their preferences by checking the names of the girls on sheets which had been given to them. The class of '52 was entitled to nominate twenty girls to Sophomore Aides, and ten to Mortar Board. The class of '51 could choose fifteen for Staff and Sandal, and also ten for Mortar Board; with the Junior women having the privilege of selecting ten girls from their own class to Mortar Board Society.

Next on the agenda was the anxiously awaited installation of officers, and with organ music in the background, Kathy Eaton proceeded to administer the oath to Rae MacTiernan, who accepted the honor and the duties of the highest office a UVM woman can attain, President of Student Union. The oaths were then administered to the rest of the newly appointed officers by outgoing Chief Justice, Patricia Doyle.

Taking the platform once more, Kathy

Eaton expressed her appreciation in a short farewell address in which she said: "In closing this last meeting of 1949 I wish to briefly express my appreciation to you as members of Women's Student Government Association for your cooperation, and my gratitude to the very excellent council who have been so wonderful to work with and so faithful to the duties.

To Rae and the new council we extend our congratulations and very best wishes. I am very happy to turn the meeting over to your new president, Rae MacTiernan."

At this point, Jan McDonald speaking for the outgoing council presented Kathy with a corsage of yellow roses in tribute to her fine work.

Thus, as the gavel was turned over to Rae, the new president ascended the platform and adjourned the very impressive meeting until the women of the University would meet again en masse next year.

## Fight For Cancer Continues With "Cancer Forum" at UVM

One more step forward in the fight against cancer in Vermont will be taken on April 1 and 2 when the "Vermont Physicians Cancer Forum" will be held at the Waterman building at the University of Vermont.

The Vermont Cancer Society and the College of Medicine at the University have joined forces to give Vermont medical men an opportunity to hear and participate in discussions on cancer problems. Dr. E. M. Daland of Harvard, a guest speaker, will preside at the opening session at 9 o'clock Friday morning, April 1, when the preliminaries will include addresses of welcome by Dr. W. E. Brown, dean of the college of medicine, and Dr. W. H. Rath of St. Albans, president of the Cancer Society, and Doctor Daland's statement of the purposes and aims of the conference.

Leading the three panel discussions of the morning program will be Dr. A. G. Mackay on "Gastric and Esophageal Malignancy" Dr. W. T. Rees on "Head

and Neck Malignancy;" and Dr. A. A. Gladstone on "Malignancy of Large Bowel."

Following luncheon at the Waterman building, Dr. Joe V. Meigs of Harvard, one of the guest speakers, will serve as chairman for the afternoon group of panel discussions. Subjects are "Malignancy of Breast" with Dr. K. F. Truax, leading.

Wives of the doctors and trustees of the society have been invited to join the medical men for the subscription dinner at 6 o'clock. That evening Doctor Meigs in his talk will give "The Evaluation of the Papanicolaou Technique."

Dr. E. L. Amidon will serve as chairman of the session Saturday morning, April 2, which concludes the conference. Leading the panel discussions will be Dr. O. S. Peterson, Dr. J. F. Daly and Dr. W. M. Flagg, whose subjects respectively will be "Lymphomas," "Malignancy of Skin" and "Cancer of Bladder and Prostate."

## Dean Hill's Sugar Party Swells Loan Fund; Ken Liggett Receives John Thomas Award

### 475 Help To Make Sugar Party Success

On that sunny afternoon of Saturday, March 26, the UVM Maple Research Farm was the scene of the annual Dean Hills Sugar Party. This was the first year that the party was held outdoors in the country, instead of in the gymnasium. The whole affair proved to be a grand success with 475 in attendance besides several guests. The Sugar Party is sponsored each year by the Aggie and Home Ec Clubs to help support the Joseph L. Hills Loan Fund. The amount taken in this year was nearly \$200. Private cars and farm trucks provided transportation from Morrill Hall to the farm. Of course there was the matter of a three-quarter mile of muddy road over which everyone had to tramp before reaching the grove of trees near the sugar bush where the party was held. There was a tractor with trailer to aid those who didn't think they could make it. The arch where the maple syrup was boiled down to a waxy consistency was the center of attraction all afternoon. Coffee, doughnuts and pickles were also on hand. Sherman Sprague, an Aggie student, acted as toastmaster and read first a letter to the group from Dean Hills and a letter to Dean Hills from all those that signed it.

Doctor Marvin, plant physiologist, gave a short talk on the experiment station. President Millis and Acting Dean Miller of the Agricultural College also said a few words. Dean Miller presented the John M. Thomas award to Kenneth Liggett, a senior. The award is given each year to the Aggie student who best exemplifies John Thomas, Class of '42, who died in 1940 in an automobile accident.

A dance was held Saturday evening for the Aggies and Home Eccers at the Brick Barn on Summit Street. Both round and square dancing were offered. Much credit goes to those students and faculty members who made the party a big success; Gordon Farr, Chairman; John Page, Jean Hard, John Cooley, Announcement and Publicity; Peggy Lawlor, Bill Farrar, Program; Jane Gates, Joan Metz, Dance Decorations; Allen Lawrence, Jane Wilson, Tickets; Aubrey Pulling, Work; Bill Reid, Snow; Alvan Lawrence, Syrup; Sylvia Reynolds and Norma Stephenson, Refreshments; Dick Aplin, Henry Rouba, Transportation. Faculty members who deserve many thanks are: Mr. Miller, Mr. Root, Doctor Adams, Mr. Sproston, and Miss Knowles.

## Foreign Policy Of Russia Based On Own Nationalism

The question before the panel discussion at the IRC's forum Tuesday evening, March 29, was "What is Russia's foreign policy?"

Expressing their views on the subject were Professor Paul D. Evans, instructor John Robinson, from UVM and Cornelius Hannigan of St. Michael's College. The forum was at the Fleming Museum Auditorium at 8 p.m. opened by Moderator Tom Braine who introduced the participants giving a short sketch of their academic background.

After a brief biography, Cornelius Hannigan, opening speaker, drew a preliminary historical parallel to portray the development of the different ideologies of Russia and the countries generally grouped in the term "The West."

Hannigan later amplified this by advancing the opinion that while success in the last war might have revived Russia's aims toward world revolution, nevertheless if the risk were too great, Stalin would probably prefer to keep what he has gained rather than risk loss of Russia's increased power by engaging in a crusade. He added that Russia would undoubtedly extend all sympathy and aid (without really jeopardizing her own position) to Communists in China, the United States and other countries.

Though Russia is motivated by no moral or ethical restrictions, her foreign policy is one of limited objectives rather than the unlimited goal of world revolution and Russia's policy is based chiefly on Nationalism, the view upheld by Dr. Evans. With Mr. Robinson taking the opposite position, by pointing to the teachings of Marxism as stressing the inevitability of world revolution, he also cited "Uncle Joe" Stalin as a supporter of Marxism and a "practical theoretician who clings to world revolution both in theory and in practice."

Dr. Evans later maintained that Russia's is primarily an opportunist policy and that she is first concerned in propagating her power and the security of that power rather than in "propagation of the faith of Communism throughout the world." The weight of the Soviet organization itself, he said, tends to weigh down its expansionistic elements.

Robinson emphasized that Stalin had repeatedly, in various phraseology, pointed to the impossibility of two economic systems long existing peacefully in the world. In answer to a question put before him

## Poli. Sci Students. See State Senate, House In Action

A memorable event which will stand out in the minds of many Poli Sci students here at UVM is the trip they made to Montpelier to see the state legislature in action. About forty students, accompanied by Mr. Robinson, an instructor in Political Science, made the trip by bus on either March 24 or March 25. The busses left the university at 8.15 a.m. and arrived at the Capital about an hour later with a group of people very eager to witness a session of the House of Representatives. Those who went on Friday had the added pleasure of attending the State Senate.

The first reading of some unimportant bills comprised most of the agenda for Thursday morning's session. Quite a bit of time was spent discussing the Power Authority Bill which was voted upon during the afternoon at a joint meeting of the House and Senate. Comparatively few of the 275 representatives and senators stayed to vote for the bill which failed to pass. Before the actual voting took place there was a heated debate about the bill which showed the students how many of the principles they had learned in class were practiced. During this session the

## Pan-Hellen Council Proposes Tea For Non-Sorority Girls

At the last meeting of the Pan-Hellenic Council, it was voted to have a tea and discussion hour at Southwick on Thursday evening, April 7, at 7.45 p.m. All non-sorority members who are interested in forming a new group on campus are extended a cordial welcome to this get-together. Through this informal gathering, it is the endeavor of the Council to obtain the opinions and extent of interest of non-sorority girls towards the formation of a new sorority "nucleus." Questionnaires will be filled out at the close of the program, which, it is hoped, will reveal the opinions of the majority of non-affiliated coeds. Pan-Hellenic will take further action on the ideas disclosed and will back to its utmost the group which wishes to organize.

At the Pan-Hellenic meeting, Miss Simpson outlined the situation of a new sorority, as it now stands. A panel discussion of old and new sorority presidents, also of scholarship chairman, has been scheduled for Thursday, April 21 at Southwick. The Council feels that much information can be benefited to each group through such a general discussion. A tentative date for the Pan-Hellenic Council Banquet has been set for April 27. At this time the new council will be introduced and will officially take office.

## V.I.P. Announces Slate Of Officers At Meeting Mar. 28

Nominations of officers for the coming year were made at a meeting of the Vermont Independent Party held on March 28. Elections are to be held at the next meeting on April 4. In order that persons nominated for one office might not be kept out of the race for another office (in case they should fail in the elections), duplications were made on the slate. These will be taken care of at the election itself.

The complete Executive Council is to be replaced, including the officers and the class representatives. The nominations as they now stand are for president: Lou Lane, Bob Preston, Joan Ediff, and Scott Mahoney; for vice-president: Don Berube, Scott Mahoney, Larry Stoddard, and Rita Karp; for Secretary: Polly Wescott, Theodosia Carpenter, and Frances Keough; and for Treasurer: Emerson Frost, Doris Jones, and Bob Preston.

The nominations for the rest of the Council are by class, and are listed as the classes will be next year. They are, for Senior Representative, Robert Condon, Joan Ediff, Gracie Flower, and Robert Perkins; for Junior: Polly Wescott, Rita Karp, Pat Morrill, Emerson Frost, and Lou Lane. For Sophomore: Theodosia Carpenter.

## Editorial . . .

Students at UVM may well be content that at long last a great step forward has been made in the governing of interfraternity affairs, for a new Constitution the work of a committee on reorganization of the Interfraternity Council—has been drawn up. From all outward appearances it is a workable constitution, containing provisions which give the Council far-reaching powers. In intent, it is simple enough. Its purpose is to "bind the fraternities . . . into a permanent organization which shall . . . promote the best interests of the University and of the fraternities." Provisions for equal representation of the fraternities, continuity from year to year of Council members (unlike Student Government), and assurance that records will be made and kept are all made under the Constitution.

But also included are two provisions which can have great consequences: they concern the formation of a judicial board and the matter of jurisdiction. At the request of the Council or of any fraternity, President Millis is obligated to appoint a three-man board, whose members will be staff members of the University who do not belong to any of the fraternities represented at UVM. They will serve as a judicial authority on any infractions of rules, and will possess the power to close a house, bar a house from rushing for one year, remove social privileges, and impose monetary fines. The beauty of this provision lies in its impartiality, a factor which is naturally lacking among Council members on occasion.

The Council itself has jurisdiction over certain traditional interfraternity competition: rushing, the Interfraternity Sing, and controversies arising from interfraternity competition. Subject to approval by the University Council, the Council has jurisdiction over interfraternity athletics and, most importantly, Kake Walk. This last provision is the most interesting one, in the light of certain facts. This year, for the first time, the directors of Kake Walk placed themselves under the University Council, to absolve themselves of personal liability, in the event of some unforeseen occurrence. If the directors, in the future, fall under the authority of the Interfraternity Council, it will be an improvement in that they fall primarily under student control. However, there remains the fact that no definition of Kake Walk has yet been made, and the question, "Is Kake Walk an all-student affair or simply a fraternity affair?" Student Government, as the power over any student activity, might well clarify the situation.

In viewing the new Constitution, the average student may be rather amazed that most of these provisions did not already come under the jurisdiction of the Council; but such seems the case. Whether the Council has ever been anything in the past is a fact unknown to this present generation of students. At any rate, it is safe to say that in the past few years the Council has existed in name only. According to some reports there were two extant copies of a Constitution and it was not known whether these were authentic. The President of the Council said recently that he had "seen one once," but that it was full of contradictions and unworkable. There was no continuity if tenure of office among the Council, and as for what generally transpired at the meetings, there was a "lot of just plain hot air." Its biggest business during the past year was the levying of a \$10 fine on a house for alleged "dirty rushing." In all, there simply was "not much to it." The new Constitution does have teeth. It is the outgrowth of a desire of both the Administration and the Council to give it some authority. The Constitution will become effective when ratified by two-thirds of the Council members and approved by the University Council. Its decisions will be final.

## East Hall

By Bill Riddell

Standing in a back alley position behind the more imposing buildings of our campus is an extensive bunkhouse known under the unpretentious title of East Hall. All of you have undoubtedly noticed it in your excursions around school while others have had occasion to take their classes inside its splintered walls. From the point of view of architectural beauty East Hall cannot be counted as any outstanding addition to the University. In fact at times it seems forlornly maladjusted to its surroundings when the old aristocratic Redstones frown down on it from atop the rise. But aesthetic appeal was not the object of its being brought here and its practical usefulness of relieving the otherwise overcrowded classrooms has more than repaid for its unrefined appearance. Some of you might be interested to know how this prefabricated temple of wisdom came to bless our campus grounds. If not I recommend the editorial page for more inspired reading.

East Hall began its career as a Naval Hospital at Davidville, R. I. The government paid \$200,000 to build it in 1943, then two years later at the end of the war proceeded to tear it down. At this time the student-ridden University of Vermont received news of its existence and through the direct efforts of Mr. Dahl predecessor to Mr. Kroepsch as Dean of Administration and Mr. Page treasurer of the University was able to save it from the scrap heap for the greater enjoyment of UVM. The agreement ran that the Government was to dismantle it and transport it here at its own expense but as the usual red tape accumulated and became ensnared in the various bureaucratic channels, a message arrived at the University to the effect that the Government would be able to cover only half the total expenses. This was followed by a mad dash to Washington by Messrs. Dahl and Page, who after a week of persuasive argument and string pulling revised the original agreement with an additional clause obligating the Government to finance its construction on arrival. In return the University received only four out of the five original wings, provided the furnishings, utilities and the site. After a little diplomatic pressure, the Government was persuaded to install a modern heating plant, which proved invaluable against the drafty corridors. The building now provides an auxiliary library for the more conscientious students and a well-used lounge for informal gatherings and last-minute cramming. The rest is divided up between the various departments of English, Geology, Pre-Clinic Nursing, Military Science and Civil Engineering along with their offices. The old hospital may continue to be an eyesore for sometime to come but on the whole it is serving its essential purpose to the best advantage.

## CYNIC VIEWS COMING EVENTS

Important Notice Change Date
- April 7—Tea and discussion hour for non-sorority members 7.15 p.m. at Southwick. Sponsored by Pan-Hellenic

## Your Student Government

By Marshall Sabens

Student government discussed a wide variety of vital subjects at its weekly meeting on Wednesday, March 16. President Ed Costello presided over the meeting in the South study lounge of Waterman Building.

The first item on the agenda was a report by the committee to study revision of the men's honor societies. The committee submitted recommendations with the request that they be forwarded to the societies. The report was not the final work of the committee. Among suggested revisions was the nomination of members by election in each class. It was also felt that a committee should be formed to draw up a list of things which the honor societies might undertake as regular duties. This is intended to block the favorite complaint of the societies that their inactivity is the result of a lack of knowledge as to what they are supposed to do.

The Social Committee reported that it had investigated the request of the Poultry Club for recognition by Student Government, and could see no reason why approval should not be given. After some discussion as to the need for such an organization in addition to the Aggie Club, approval was given. It was remarked by President Costello that perhaps the Aggie Club would not like the idea of having too many "poultry" speakers.

Walt Barnes was elected to fill a vacancy on the Social Committee and Andy Dzielewski was placed on the Religious Life Committee for Newman Club.

With Winnie Richards on leave of absence and Al Streeter as acting secretary,

Lucy Thornton was appointed as acting sub-secretary. When the new constitution appears, it will no doubt legitimize many of the appointments which have been made since the advent of the new administration at the special dispensation of the Executive Council.

A letter was read from Dean Kroepsch announcing the loss of a gum machine from the halls of Waterman. Since part of the proceeds from this machine go for the benefit of a summer camp for crippled, it was requested especially that the machine be returned to its proper place.

The President and one other delegate will attend a conference of New England Student Governments at Wesleyan in Middletown, Conn. sponsored by the New England Student Government Association.

In regard to the question of reinstatement of hockey as a University sport next year, it has been announced that the University is willing to continue the sport on its present budget. Several students have volunteered their services during the summer months to help in repairing the rink. Mr. Gardner says that a new rink cannot be built now, the main reason being the lack of financial resources in the Athletic Council. The estimated cost for an adequate hockey team is about \$50,000.

The Council voted to recommend to the Athletic Council that student's wives be given activity cards free of charge for admittance to games and other functions. This will save many a married student the time and trouble of trying to borrow someone else's card.

## CO-ED POLL REVEALS . . .

Miami, Fla.—(ACP)—A list of what girls dislike most in men has been compiled from a wide assortment of University co-eds by *Miami Hurricane* feature writers.

Heading the list, and running neck and neck, are dirty fingernails and conceit. "God's gift to women," and he who "constantly tried to prove he's a college yo-yo," are definitely taboo. Dirty and bitten-down fingernails are not only taboo—"They are strictly repulsive," according to the long-nailed co-eds.

"Men who can't stop talking about how much money they spend, who can only talk about cars and how fast they make them go, who boast, generally, about every phase of their lives, and who always try to be the life of the party," are heartily condemned.

Vulgar language, sloppy dressers, and men needing a shave, come high on the list of dislikes. Cigars, beards, suspenders, and mustaches are generally condemned. Bad manners, table and otherwise, are unappreciated by the gals. The "overbearing temperamental male is very hard to endure," said one of these interviewed.

Sarcastic men, loud men, lazy men, and those with shallow, insensitive natures are among the banned. "I like a fellow who has ambition—who can talk about something besides the race track and cars," is the way one co-ed put it.

Male superiority complexes come at the head of the list. "The kind of boy who thinks he's superior in intellectual ability to the female—tells you what to wear, criticizes every little thing about you, insists on choosing the evening's entertainment."

Delaware, O.—(ACP)—Men at Ohio Wesleyan were quick to reply to the Florida poll with their tabulation of what's wrong with women:

The consensus was that painted fingernails in rundown condition compares quite favorably with the men's dirty fingernails condemned by the co-eds. One chap inferred that some women paint their nails to cover up the dirt.

One male complained about women being late for dates saying that many co-eds take the stand that if they are on time for a date, they are showing too much interest. Accordingly, they show up anywhere from 10 to 40 minutes late. They also "tend to put too much emphasis on the amount of money possessed by their date," he continued.

Another interviewee begged that women at least "try to act natural without affecting the mannerisms of a sickening teen-ager attempting to play house."

## Spanish Club

At a joint meeting of the St. Michael's College Spanish Club and the UVM Spanish Club in the Art Gallery of the Fleming Museum on March 3, students from Spanish-speaking countries told about their native lands. Cuba, Puerto Rico, the Philippine Islands, Venezuela, and Guatemala were represented at this second meeting of the club. Stimulated by questions from their audience, the foreign students described native customs, dances, and the educational systems. It was a very successful meeting, according to UVM Spanish Club President Jo Smart, and the club hopes to include another such gathering in its program for the year.

This club meets for the purpose of having students come together in a social evening and make use of the Spanish tongue as much as possible, therefore meetings are conducted in Spanish. All students who would like to increase their use of the language are urged to come. The next meeting has not been announced, but it will be posted on the bulletin board. The film "El Sombrero de Tres Picos," a comedy, is expected to be shown soon, and, in the latter part of May, the annual barbecue will be held again.

## Essay Contest

The largest prize an undergraduate at the University of Vermont may receive is now being offered by the history department as the Emerson Essay prize. One hundred dollars will be awarded to the student who submits the best essay on any historical topic.

The contest is open only to undergraduates, and there is no maximum or minimum length required. However, the paper must be in scholarly form, typewritten and with a bibliography. The essays must be submitted on or before May 2 under an assumed name with the key provided in a sealed envelope.

The history department judges the essays first, and chooses four or five. The final judging is done by someone outside of the University.

This is the seventh year this prize has been given, in honor of Professor Emerson who was the history department at the University of Vermont for forty years until his retirement in the 1920's.

According to Professor Evans, with the exception of the war years, there have always been a reasonable number of contributions. Last year the department had eight or ten contributions. The award will be made at graduation.

## Delta Psi Edges Sig Nu By Fraction Of Sec. In Relay Final

Delta Psi, running with two new men from last year's championship team successfully defended its last year's relay crown by coming from behind in the 1949 relay final to defeat the Sig Nu's by two tenths of a second in 2:50.5. The Sig Nu combination led by their stellar trackmen of Randall, Bellows, and McLaren negotiated the distance in 2:50.7.

The first round, which was an elimination round, was run last Tuesday and saw the Sig Nu team of McLaren, Bellows, Nims and Randall cover the 1320 yards in 2:53.1 while the Phi Deltas of Keefer, Smith, Fink and Hartzell lost in 3:02.0. In the second heat the SAE's with Leavitt, Carter, Kendall and Hadigan ran the course in 2:56.4 with the ATO's running Brashear, Stickney Simmonds and Wood and being eliminated in 3:10.5. The third heat saw the Sig Phi's led by Nostrand, Rooney, Frazer, and Boyd turn on the steam to qualify in 2:57.4 while the Phi Sigs, of Rothchild, Schindler, Brown, and Lazar fell by the wayside doing 3:00.2. In the fourth heat last year's champions, the Deltas, ran Peabody, Cook, Fagan, and Emerson and turned in the fastest time of the day to qualify in 2:51.9 as the Kappa Sigs, running with Kotlarczyk, Travers, Fear, and St. Gelais just missed qualifying in 2:59.4. In the fifth heat the Owls, running Holly, Hunkins, Rice, and Luce were eliminated with the slow time of 3:06.5 as a pick-up team of Mahoney, Porter, MacDonald and Caswell did the distance in a non-official 2:57.4.

In the semifinals the Sig Nus running in the first heat turned in the fastest time of the series as they defeated the SAEs in the time of 2:51.6. The SAEs ran in 2:54.9.

In the second half of the semifinals the Deltas were unable to match the fast time of the Sig Nus but earned their way into the finals by running the 12 laps in 2:52.3 while the Sig Phi's took 2:56.7. This made it Delta Psi versus Sigma Nu in the finals.

For the Deltas it was Frank Peabody running the first leg while the Sig Nus has Dunc McLaren, their picture book runner in the lead off spot. Both men ran their legs fast with McLaren holding a slight lead as the batons were passed. Johnny Bellows then took over for the Sig Nus with Tommy Cook hot on his heels for the Deltas. Cook running in his best form this year, caught Bellows and at the halfway mark it was nip and tuck. Fagan took over for the Deltas on the third leg, with Dick Nims, carrying for the Sig Nus and gaining a slight advantage as the batons were passed for the final. Running anchor were Earle Randall for the Sig Nus, Johnny Emerson for the Deltas. Both men set a terrific pace with Emerson gradually working up to a three step lead only to lose two of them to the ease and endurance of Randall. Going into the last lap it was again nip and tuck but a final burst by Emerson put him across a step ahead of Randall, and the Deltas still ranked supreme in the relays.

## UVM-SM Dinner In Winooski Fosters Good Sportsmanship

The villains of northeast basketball, St. Michael's College and UVM proved for posterity recently that they save their rivalry for Memorial Auditorium and not for the feasting board. Phil Melanson chef de fourmand and concierge of the Mill Cafe in downtown Winooski entertained members of both clubs and their mentors with a feast of Lucullan proportions.

On hand were Doc Jacobs, St. Mike's athletic director, Steve Guter, coach of the St. Mike's frosh and John "Fuzzy" Evans, top wizard of UVM's hoopsters. The banquet table was also garnished by the presence of Mikemen scribes, Dante Alfieri and Tony Cauley, and tarnished by the appearance of the CYNIC's Gordon Bickford and J. D. Adams.

Doc Jacobs and Fuzzy Evans spoke words of praise for both teams after dinner while Ed Kotlarczyk and "Big Ted" Burzenski added a few words. After—  
(Continued on page 4)

## Gardner To Choose Squad For So. Trip 6 Pitchers Needed

With but 12 days remaining before the University of Vermont's baseball squad embarks on its annual Southern Trip, Larry Gardner, coach of the diamond sport, announced a 22-man squad to work out for the next two weeks in preparation for the trip.

Out of the 22 men, Gardner will pick a 15-man team for the southern jaunt. With a game-a-day pace on tap, Vermont will be forced to carry a staff of six pitchers, but that particular fact shouldn't cause Gardner too much worry with Ed Kotlarczyk and Manny Setien, veterans of last season, set to go, plus a couple of young hurlers up from last season's freshman squad, and two better-than-average tossers who have reported for the first time this spring.

In addition to Kotlarczyk and Setien, Gardner will be able to call on Don McCuin and Dalton (Doc) McBride, two of the classiest pitchers to perform for UVM's yearlings in a number of years. To bolster them, the Cats will have Art Martin, a sophomore product with a lot of ability, and Ralph Kehoe, former Rutland (Vt.) high school star.

Out of the 16 remaining players, Gardner will pick a nine-man crew to man the infield and outfield spots. There are five potential candidates for the catching chores with Art Collier, regular backstop last season, leading the list.

Other potential candidates for the catch-

THE BOYS STAND A GOOD CHANCE OF NOT MAKING IT THROUGH SPRING TRAINING—INFIELD PRACTICE IN THE CAGE IS LIKE WORKING OUT IN A CRACKER BOX—WITH THE TOP FOLDED DOWN

NOW WHERE DO YOU SUPPOSE THAT ONE WENT? I'D HAVE SWORN IT WAS THERE A SECOND AGO

HE SAID HE COULDN'T SEE IT COMING

THEY ALREADY SUNK \$21,000 INTO PLANS FOR A NEW CYM—THEY'RE GOING TO SINK IN \$750,000 MORE TO BUILD IT...JUST A COUPLE THOUSAND WOULD PUT SOME MORE LIGHTS IN THE CAGE

ing spot are Doug Tudhope, reserve backstop last spring; Stan Fitts, freshman catcher a year ago; Don Hebsch, reputedly a sharp performer behind the plate, and Charlie Smith, who doubles behind the plate and in the outfield.

Infield prospects for the southern trek are Ray Heath, 2b; Frank Pandolfe and Bob St. Gelais, s.s.; Ray Vescovi, 3b, and Bob Maroney and Pat Farma, still fighting it out for a spot. On the basis of last year's performance with the freshman squad, Ed Guliani should have a fairly tight hold on first base, with the very definite probability that Kehoe will be able to get in his licks at the spot when not on the mound.

In the outfield the race settles down among John Goulet, John Ballard, Bob Twiss, and Frank Reidy. Goulet and Ballard have previous experience with the varsity, while Twiss played sterling ball with the Kittens last spring.

Following Easter Vacation, the full squad will report to Gardner for practice at Centennial Field.

## Poor Light and Little Space

## MAN FAINTS AT LOW PRICES

Burlington, Vermont, April 1

The high cost of living took its toll in reverse today. Joe Smudge is so used to paying high prices for everything that when he ran into a low price for a better product, he bit the dust!

Seems a friend lent him a wonderful razor blade—PAL Hollow Ground. Joe went to the store to get some more. "How much?" asked Joe. "Still only 10¢ for 4," said the clerk. That's when Smudge fainted.

"What?" said Joe when he came to, "Why I pay twice that for blades that aren't half as good."

P.S.: Don't be fooled by price. Try Pal Hollow Ground yourself. You still get 4 for 10¢, 10 for 25¢, 21 for 49¢, 44 for 98¢. For either Double or Single Edge razors.

## Van Heusen Comfort Contour collar styling

low-setting, smarter, neater

how it feels!

how it looks!

So comfortable you hardly know it's there—yet it's the smartest shirt you've ever worn. More and more college men are learning that there's nothing quite like this collar styling—now on all Van Heusen shirts. It's the collar design that:

- gives you a smart, handsome appearance
- keeps the collar smooth and neat all day
- gives you that "nothing there" comfort.

Demand it next time you buy a shirt! Van Heusen shirts \$2.95 to \$4.95.

A new shirt free if your Van Heusen shrinks out of size

## Voting For W. A. A. Council To Be Held In Waterman Bldg.

On April 6 from 9 a.m. until 3 p.m. election of officers for the Women's Athletic Association will be held in the lower corridor of the Waterman building. All members of WAA are urged to vote for their officers to head the Council for ensuing year.

The list of candidates for the various officers is as follows:

**President:**  
Roberta Bicknell, Joyce Rogerson.  
**Vice-President:**  
Jean Hard, Anita Swasey.  
**Corresponding Secretary:**  
Ada Wilber, Alma Warrell.  
**Recording Secretary:**  
Ann Archibald, Harriet Carlton.  
**Treasurer:**  
Evelyn Bemis, Emily Young.  
**Publicity Chairman:**  
Pat Tucker, Bobbie Spaulding.  
**Social Chairman:**  
Shirley Dennis, Barbara Penfield.  
**Snapbook Chairman:**  
Mimi Lawrence, Marian Ford.

## I R C FORUM

(Continued from page 1)

from a member of the audience he said he did not believe war between the United States and Russia is inevitable, but that "we must always face the possibility of it."

Hannigan declared in his introductory remarks that the next era in the world's history will be dominated either by Russia and the West in co-operation, or by one of the two forces alone. And if one alone is to dominate, then there will be war until one or the other is eliminated.

An open question session followed, with many of the members and guests taking part. Speaking from the floor was Rev. Charles McIsaacs of the St. Michael's College faculty, who said, "Just as the Devil's main objective is to convince people that he doesn't exist, Stalin's aim is to persuade the world that he is a 'pure nationalist'—concerned only with the future of Russia and herself."

## MONTPELIER TRIP

(Continued from page 1)

guests were permitted to sit right in with the officials.

The group which went on Friday wasn't too much impressed with what they heard or saw in the morning, but the afternoon proved to be much more lively. Most of the afternoon was spent listening to talks given by various men who described the departments of which they are the heads. Included among the speakers were Levi Kelley, State Treasurer, and General Merritt Edson, Head of the Police Department. A guided tour of the police department followed these speeches.

The group returned to Burlington about five o'clock after having spent a full day in the seat of the Vermont State Legislature. The reaction of most of the students who went was very favorable and all agreed that the chance to go again would be very welcome.

## Vermont Team Wins Place In National Debate Tournament

By emerging as one of the top four teams at the Northeastern Regional Debate Tournament, held at Connecticut Wesleyan in Middletown, Connecticut last week, the University of Vermont has earned a place among the thirty schools from over the entire nation which will take part in the National Intercollegiate Championship Debate Tournament to be held at West Point next month. Representing UVM were John Harrington and Tom Hayes who argued both the affirmative and negative sides of the question, "Resolved, that the federal government should adopt a program of prepaid medical insurance."

Competing in this tournament were seventeen schools from New England and New York. In their four seeding rounds Hayes and Harrington defeated Holy Cross, A.I.C., and Canisius, and lost to N.Y.U. In the final elimination round they triumphed over Boston University. Other schools from this region who gained a spot in the Nationals are Yale, MIT and Champlain College.

## NOTICE

Meeting of all candidates for varsity track and freshman weight men—April 5 at 4.10 p.m., in the Back Armory.

## Doris Jones Heads Student Christian Assoc. For 40-50

Student Christian Association holding its annual election last week elected Miss Doris Jones president for the coming season replacing Hugh Gorton while Scott Mahoney, Cordelia Keith and Ruth Warrell were chosen to fill the remaining offices, previously held by Ruth Mason, Harriet Gregory and Holden Doane.

Communion and tenebrae services to be held in the Little Chapel were announced for Monday, April 4, and an open invitation was extended to UVM students. Services will commence at 4 p.m.

A deputation from the Faith and Worship Commission will take charge of church services at the Fairfax Methodist Church, Sunday April 3. Last year SCA completed 15 visits to neighboring churches and conducted the services.

As yet unannounced are the new chairmen for the Faith and Worship Commission and the World Relatedness Commission.

## POULTRY CLUB

Former Governor Mortimer Proctor will be the guest speaker for the Green Mountain Poultry Club on Monday, April 4, at 8 p.m., in the Fleming Museum. He will show colored moving pictures of his hunting trips in Canada.

## A FRIENDLY MEETING

A few nights after the U.V.M.-S.M. basketball game the two schools got together for an informal dinner and tête à tête. From left to right are Ted Bursenski, Tony Cauley, Gordon Bickford, Phil Melanson (owner of the Cafe), Ed Kotlarczyk and Fuzzy Evans.

## UVM-SM

(Continued from page 3)

wards the coaches cleared out and the boys promptly retired to sample the products of the malt mines of Milwaukee and exchange anecdotes.

Phil and Julie Melanson who are usually tied to the steak grill when Vermont and St. Mike's rent the Auditorium were glad to see the players en masse for the first time and probably would have provided a few basketballs for a scrimmage

if the ceiling of the Rosey Glow room hadn't been so low.

Cuff Notes... Big Bob French acted as song leader and proved his vast acquaintance of Hibernian melodies... the plaintive rendition of several Slavi lullabies by Bursenski and Kotlarczyk... the presence of four UVM Kake Walk kings, Art Collier, Eddie, Doug Riddel and Bob French... furnishing of cigarettes of Mikeman Dante Alfieri whose career in the journalism world has been called "From Rags to Ruppert's."

## S. Golden Tops Arts College Dean's List For Fall Semester '48

Dean George V. Kidder has announced the Dean's List for high scholastic standing of the College of Arts and Sciences. Forty-three of the students listed are seniors, forty-eight are juniors, thirty-one are sophomores, and nineteen are freshmen, making a total of one hundred forty-one students.

One student, Stanley L. Golden '49, Stamford, Conn., heads the list as the only one whose average is in the top bracket of 95 percent or better.

In the next group, those with averages between 92.5 percent and 95 percent, are five seniors, Ella E. Chamer, Union, N. J.; Jonathan W. Cummings, Wilmington, Mass.; Beverly M. Hillman, Brandon; John W. Howard, Bellows Falls; Doris B. Lowenfels, New York City; one sophomore, Carolyn M. Cross, Upper Montclair, N. J.; and one freshman, John B. Fraleigh, Burlington.

Those with averages between 89 percent and 92.5 percent are: Class of 1949, Philip J. Adler, New Britain, Conn.; Lillian H. Allen, Burlington; Jane N. Atwood, Delmar, N. Y.; Warren H. Caryl, Brandon; Gladys B. Cummings, Burlington; John W. Goodell, Wells River; Warren L. Jones, North Bennington; John B. Harrington, Burlington; Albert R. Ketcham, 3rd, Greenwich, Conn.; Louise B. Kiely, Union City, Conn.; Carol L. Levine, Burlington; Theresa P. Litster, North Pownal; Robert A. Russell, Niagara Falls, N. Y.; Lucille E. Wetherby, Walingford.

From the Class of 1950, Robert J. Burns, Springfield, Mass.; Delbert D. Griffith, Bristol; Edward J. Hogan, Jr., Worcester, Mass.; Paul R. Kimball, Barton; Ian R. MacNeil, Marlboro; Nancy R. Mollica, St. Johnsbury; Harry D. Nelson, Jr., Hanover, N. H.; Maynard J. North, Port Huron, Mich.; Edwin J. Raffie, West Haven, Conn.; Joseph J. Smart, Camden, N. J.; Oney P. Smith, Jr., Troy, N. Y.; Lawrence T. Stoddard, Malba, L. I., N. Y.; John C. Twitchell, Burlington.

From the Class of 1951, Lorraine E. Bushey, Milton; Nancy J. Gould, East Aurora, N. Y.; Norma C. Hale, Elmwood, Conn.; David S. Newhall, Burlington; Eleanor F. Newton, North Ferrisburg; Paul G. Stevens, Gardner, Mass.; Mary-Louise Taylor, Burlington.

And from the Class of 1952, Joel L. Rosenberg and June H. Stone, both of Burlington.

The remaining ninety-seven students on the list are in the group with averages between 85 and 89 percent.

## Shakespeare Scenes Will Be Presented At Fleming April 6

Scenes from five of Shakespeare's better-known plays will be presented by a group of students from Professor Pope's Shakespeare classes. The participation of the group will serve in the place of term papers.

Two scenes from *Coriolanus* will be first on the program. Acting in these are Mary Jane Farnham, Florence Holden, Mary Segale, Robert Guinn, and George Tucker. Emmet Van Buskirk, a seven year old from Burlington, is also included in this cast.

Charles Comstock, Edward Goetz, Alfred Redway, and Paul Henry will act in a scene from *Richard III*. The portion chosen is "The Murder of Clarence."

Marilyn Davis and Gladys Neiburg will do two scenes from *Romeo and Juliet*.

There will be one scene from *Midsummer Night's Dream* with Frederick Pratt, Nancy Hafely, Morris Pike, Clyde Badger, Marcia Osher, and Dee Dee Cummings as the actors.

The program will end with Part I from "The Rogues in Buckram" from Henry IV. Its cast will include Walter Delano, Newell Curtis, Thomas Hayes, Parker Ladd, Gerald Greemore, John Leo, Ehrick Howland, Emerson Melaven and Katherine Crocker.

The performance will be given on Wednesday, April 6 at 8.00 in the Fleming Museum Auditorium. Everyone is welcome.

## Five UVM Students Initiated Into Phi Beta Kappa Mar. 30

Alpha Chapter of Phi Beta Kappa honored five UVM seniors by electing them to that honor society. Three of these were initiated at an initiation ceremony and banquet held Tuesday evening, March 30.

Stanley L. Golden of Samford, Conn.; Herbert Bates Hunter of Dover, N. H.; Miss Ella E. Chamer of Union, N. J.; Edward F. Goetz of Hollis, N. Y., and John W. Howard of Bellows Falls, Vt., were the five students to whom the Phi Beta Kappa key has been awarded. The latter three were present at Tuesday's ceremonies conducted by Prof. E. J. Dole, president of Alpha Chapter, in the Phi

(Continued on page 4)

## Pat Davison Chosen Queen Of Military Ball By Five Judges

Pat Davison '52 will be queen of the 51st Military Ball. Five judges decided she was the candidate having the poise, carriage, and natural beauty necessary to make the ideal wife of an officer. The selection was made by the judges, Artist Frederic Stanley; Milton Slater, program director of WCAX; Gertrude Langlais, women's editor of the *Daily News*; Mary White, proprietor of the new Mary White Dress Shop; and Miss Muriel Hughes, assistant professor of English, during a tea held Saturday afternoon in Southwick. Pat was sponsored by Allen House. She will be escorted to her throne at the Ball by an honor guard and will reign during the queen's dance. Each day this week she is being escorted to dinner in Waterman by a member of the Ethan Allen Rifles Company.

The judges were introduced to the girls, but there was no formal judging. Instead, the judges mingled with the group and chatted impersonally with the candidates. Mr. Stanley has judged many state beauty contests and Miss Langlais conducts a Miss Vermont contest annually.

The other sixteen candidates and their sponsors were: Jane Gates, Alpha Chi Omega; Carol Hayward, Roberts House; Priscilla Hale, Pi Beta Phi; Jane Smith, Tri Delta; Ann Baker, Sigma Gamma; Claire Orson, Alpha Epsilon Phi; Pauline Wescott, Cadet Officer Ian MacNeil; Lucy Thornton, Robinson Hall; Carolyn Smith, Kappa Sigma; Charlotte Schlott, Adsit House; Petrea Anne Morrill, Warner house; Elouie Farnsworth, Sanders Hall; Barbara Penfield, Kappa Alpha Theta; Helen Lalooses, Lyman Hall; Joan Ericson, Old Mill; and Joyce Wright, Sigma Nu.

Harold Bronky, cadet captain, chairman of the queen's committee for the Ball, was in charge of the tea, which was attended by Maj. W. O. Witherspoon, head of the ROTC department and many other department officers. Mrs. W. F. Angen, Mrs. John F. Moss, and Mrs. J. E. Gillfillan poured.

The semi-formal Military Ball, to be held this Friday in the Memorial Auditorium, is being sponsored by the honorary society of Vermont's ROTC, the Ethan Allen Rifles Company. During intermission a crack drill team, composed of members of the Ethan Allen Rifles Co., will demonstrate precision drill work. The orchestra will be the Ambassadors of Barre. Honored guests at the Ball will be: Maj. Gen. Merritt E. Edson, who is now Commissioner of Public Safety, Col. J. E. Gillfillan, a former chief of

(Continued from page 4)

## Colonel Regnier, Former Military Advisor To Greece, To Head R. O. T. C.

In 1946 the ROTC unit at UVM, having suffered under wartime hardships, was reduced to the unimpressive total of 35 cadets and officers. Arriving on the scene, Maj. W. O. Witherspoon and Colonel Gillfillan, both back from wartime duty, took the department in hand and began immediately to initiate a new program of reorganization. By 1948 as the department was beginning to show a renewed sense of vitality, Colonel Gillfillan fell ill and the responsibility passed into the capable hands of Major Witherspoon, whose leadership has made it the organization it is today.

Major Witherspoon was born in Seattle, Wash., in June of 1914. Later he attended the University of Southern California at Berkeley where he became a member of the ROTC unit at that institution. In 1939, as an officer in the National Guard, he was inducted into the Regular Army and a year after joined the Army officially as an officer. He took part in the Aleutian campaign in Alaska and played a direct role in the Attu, Kiska Operations, where the Japs had to be weeded out one by one. In all he was overseas 22 months when he was recalled to the States to attend the Headquarters Replacement School Command and following that, was assigned here in 1946. Major Witherspoon is married and has two children. The family is residing at Fort Ethan Allen. During his stay, the ROTC group has grown from 35 to 750 cadets stimulated by such innovations as the Ethan Allen Rifles, an honorary club for sophomores showing leadership ability, and a 80 average in military science, the amphibious operation on Lake Champlain, not to mention the reinstitution of the annual Military Ball as a popular tradition on campus. Major Witherspoon himself says that he considers himself fortunate to be associated with the University and that he has come to admire and respect the state it represents. UVM returns this admiration in full and renders a farewell salute to the departing Commandant for a job well done.

As a successor to Major Witherspoon, UVM is very fortunate in receiving Colonel Regnier, who has just returned from Greece where he acted as an advisor to the Greek National Army. Colonel Regnier was born in Providence, R. I. He attended Brown University a year before joining the Navy as an enlisted seaman in the first World War. The war period satisfied his appetite for the sea and in 1924 he passed his examinations for West Point, graduating in 1929. He has served in various posts throughout the United States and overseas during peacetime, and during the war commanded an infantry regiment combat team through France, Germany and Austria. After the peace he served as Deputy Commander of the Nuremburg Military Post during the famous Nuremburg trials. In November, 1947, he was assigned to the Greek High Command as advisor, accompanying the troops in their mountain battles around Southern Greece. In his estimate the Greek is a fine soldier with a tremendous endurance. He is being supplied with

(Continued on page 4)

## Candidates For Military Ball Queen

The following co-eds have been nominated for the position of Queen of the Military Ball (left to right): Elouie Farnsworth '51, Pauline Wescott '51, Jane Gates '50, Claire Orson '51, Ann Baker '50, Helen Lalooses '50, Joyce Wright '49, Lucy Thornton '51, Pat Davison '52, Petrea Ann Morrill '51, Joan Ericson '51, Carolyn Smith '52, Priscilla Hale '50, Charlotte Schlott '52, Barbara Lee Penfield '51, and Jane Smith '49. Carol Hayward '50 was not present for the picture.

## Editorial . . .

Students will have the opportunity of the year to express their views on proposed class reorganization at the weekly Student Government meeting to be held Wednesday, at 4 o'clock, in room 210, Waterman. At that meeting a committee appointed by President Ed Costello will present its recommendations for better organization of all the classes, a thing which UVM has done without for too long a time.

The agitation for better organization began officially when Costello took office and promised "some changes" last January. As stated in a previous editorial, the Freshman class in particular has provided much of the needed impetus to provide more closely-knit class spirit. They have made at least two attempts to hold meetings, and have responded in an unprecedented way when vacancies on the Executive Council and on Student Government committees were open.

The latest drive for actually doing something about the situation began last week, when Costello stated that he would call meetings of the Freshman and Sophomore classes in the near future, for the purpose of electing officers. Since nothing had been done by Council members, Costello said that he assumed that their silence meant approval of his plans. He thereupon appointed a committee which will report its findings.

One of the most important and pressing matters on the subject concerns the time for holding meetings. There was some question on the part of one Council member as to whether it would not be better to wait until next year. Professor Rowell, however, long an exponent of closer class organization said that something must be done, and the sooner the better. The Council apparently approved the meetings proposed by Costello.

Of the proposals to be made Wednesday, the most important will be the deciding of a regular time for annual elections. There have been several suggestions, the most valid of which would appear to be the following: Three classes—the Freshman, Sophomore, and Junior classes—will elect their officers for the following year in the spring of each year; in addition the Freshmen, newly-arrived on campus at the beginning of each school year, would elect officers who would hold office only until the following spring when the other elections would take place. These Freshman class officers would be able to work with the Freshman Orientation Committee in getting the class on its feet and into the spirit of things.

The Council is naturally hesitant about dictating policies to be followed by the classes. However, it will discuss any proposals, and all who are truly interested in furthering the causes of improved class spirit will have a wonderful opportunity to offer their own solutions.

## With Malice Towards Some

By Carol Henshel

March 31, there was a Brotherhood Banquet which I attended. I gazed around and realized that everyone who attended was interested in "the brotherhood of man" and that the people who weren't there were the ones who could benefit more from it.

In February there is a special week set aside which is commonly known as Brotherhood Week. That's the week when some of "my best friends are Jews" or Catholics or Protestants. What happens during the other 51 weeks of the year?

Perhaps an innovation is in order. How about a National Hate Week some time in April? The week you can hate anything, anybody, or any group providing the other 51 weeks you don't. For lack of something to hate let's all hate people with the first name of Gerald. People generally have objections for last names so let's dislike first names for a change. It means about the same. Do you like the name Gerald? I hear that all Gerald's are lazy and shiftless although some Gerald's are too shrewd and mercenary. And if all Gerald's go into hibernation that week, why someone with the middle name of Gerald will find him out. You've surely heard that it takes one Gerald to spot another.

Sounds kind of silly hating all Gerald's doesn't it?

Well, unfortunately hate is not silly, but the people who harbor them are. After all you are in a minority group no matter who you are. Now the group in this country which is seemingly in the majority—native born, white Protestants—are really in a minority. There are many more Mohammedans than Christians in the world. Yet the Mohammedans are also in a minority—in this country. A person might be in a majority of the minority but still he's in a minority. Everything is purely relative.

Be glad of what you are. Be proud of what you are. As for the other people; let them be proud of what they are. It doesn't cost any more. And if you dislike a person, dislike him because he has an obnoxious personality and not just because his name is Gerald.

## CYNIC VIEWS COMING EVENTS

April 4 through 25

Art Exhibit in Galleries "A" and "B" of Fleming Museum, a series of Water Colors by Cleveland Artists. Regular Museum hours.

7.15 p.m. Important Dramatic Club meeting, election of officers. Middle College, Room 23.

8.00 p.m. "The Slavic Idea Faces Communism, Marxism, and Stalinism," title of lecture given by Dr. Arthur P. Coleman, under auspices of Kappa Phi Kappa and IRC. Fleming Museum.

APRIL 6

4.00 p.m. Student Government meeting, Lounge.

4.00 p.m. Meeting for those interested in golf. Back armory of gym.

7.30 p.m. Red Cross First Aid Course. Contact Mrs. Walter Gillam. Tel. 6130.

7.30 p.m. Aggie Club, Election of Officers, Movies: "Forestry in Vermont." Brick Barn.

8.00 p.m. ROTC Band Concert in Chapel. Broadcast over WJOY from 8.30 to 9.00 p.m.

April 7

5.00 p.m. CYNIC meeting, Senior Staff.

7.15 p.m. Meeting of Health Council, Election of Officers. Southwick.

7.15 p.m. Square Dance, men and women. Southwick.

7.45 p.m. Tea and Discussion for non-sorority members on formation of new group. Sponsored by Pan-Hell. Southwick.

8.00 p.m. Lecture on Ultra-Violet Radiation and Cancer by Dr. Harold Blum. Fleming Museum Auditorium.

April 8

5.00 p.m. CYNIC Staff meeting, reporters, sports writers, feature writers, photographers. Room 259, Waterman.

9.00 p.m.-1.00 a.m. Fifty-first Annual Military Ball. Music: Ambassadors of Barre. Memorial Auditorium.

## "Look To Your Own Mistakes First" Say Religious Leaders

Over one hundred people attended the Brotherhood Banquet held Thursday evening, March 31 in the Soda Fountain. An annual affair, normally held during Brotherhood Week, this year's banquet had been postponed because of the coincidence of Brotherhood Week with Kake Walk. It was sponsored by the Student Committee on Religious Life, in connection with the three main religious organizations on campus.

The three speakers of the evening were Mr. Leo Casey, instructor of Human Relations at St. Michael's, Father Charles Martin of St. Paul's Episcopal Church, and Rabbi Max Wall of Congregation Ohavai Zadeck. Each presented a short address, all agreeing upon one major point, that we should not attempt to ignore the differences between the different religions, but should rather notice and appreciate them, for this is the basis of true understanding.

In addition to this basic theme, Mr. Casey also stressed that one should look to his own mistakes first before worrying about those of others. He stated that religion is more than church attendance; it is something which presents itself in every action. Reverend Martin reminded the group that our behavior reflects not only upon ourselves but also upon the group to which we belong. To be brothers, we must look to God and realize that we are all His sons. Rabbi Wall made the statement that if we would all practice brotherhood, there would be no need for such dinners except for an enjoyable evening.

The evening ended with a short question and answer period.

## Mrs. Brooks

Mrs. Gladys Gleason Brooks, curator of the Robert Hull Fleming Museum, died March 28, after an illness of three months. Mrs. Brooks was a graduate of UVM, class of 1915, and was a member of Alpha Xi Delta.

She was active in the Vermont League of Women Voters, Vermont Society for Crippled Children, and the Vermont Parent-Teachers Association. During the war she was engaged in hospital and welfare work for the United Seamen's Service in Belgium, England and Germany.

Mrs. Brooks was completing her work for her master's degree in English, in addition to her position as curator, creating many of the exhibits at the Museum, including the Early American room and the many art exhibits. Mr. Horace Eldred, director of the Fleming Museum, praised Mrs. Brooks' work. He noted that the position of curator requires a person who has a great deal of imagination and creative talent.

## Spring Fashions

Spring is how you wear it! And this particular spring, it's all yours—wear your hat at a rakish angle, blossom forth with a pastel parasol, collect interesting gloves! With the advent of the vernal equinox are born fresh fashions newly spiced with coquettish, nostalgic notions, pearls and polka dots, and violets at the waist.

This season's co-ed will shine with a Newer-than-New Look from top to toe. The petit chapeau perched atop the gleaming locks will be of straw with a mass of bright blossoms circling the crown, or perhaps a small off-white felt cloche bound in velvet ribbon.

Her suit will have a short, flared jacket with a narrow panelled skirt; or why not a shepherd check with matching flannel-lined cape? And a back-pleated bolero does wonders for the skirt shaped high above the nipped-in waist.

Her tea dance dress will be in the swishiest of fabrics—printed rayon surah—with a tiny pushed-up collar and that sensational touch in the '49 Look, the plunging neckline! The waistline will be wide and high and the skirt length remains the same except for some of Dior's collections which predict a hike up to sixteen inches from the floor.

Louis heels that start under the instep on colored shoes will grace m'lady's feet and the opera pump in warm, toasted flavors is here for your spring sitting.

Blue's news in the spring of '49—blue, as in forget-me-not, or the deep, perennial navy.

Flirt with flowers this year—especially the false ones, worn in new places, new ways. Try a bright carnation tucked in the neckline, a cluster of daisies in your patch pockets, or a rose-budding ribbon round your wrist.

Pockets play a big part of your new wardrobe—pockets arranged in pairs or just scattered haphazardly . . . deep bushel pockets in your greatcoat, hip pouches on dresses. Jacques Fath covers the whole front of a bolero with tiny pockets, like a filing cabinet. Pockets, like flowers will be everywhere you don't expect them . . . a third dimension of the silhouette.

Buttons, buttons, buttons, all over. Most of them are decor, but some really serve their purpose—a row of the tiniest from throat to waist, a buttoned stepladder of straps on shoes, skirt buttons its full length, a pearl disc on chamois gloves.

For that V-neckline, the scarf is smaller, just 24 inches wide for easier arrangement. It's in tawny colors with wallpaper design.

The '49 silhouette is a live wire compared to last year's pencil shape. Slimness is still accentuated but with distractions in the huge pockets, rippling jackets and jutting necklines.

There will be no startling changes in this year's Easter Parade but spectators will be dazzled by sparkling details of the "spring sort of thing." But above all, the accent is not on what you wear, but how you wear it. So it's up to you—make the most of spring!

## Over 200 Alumni Guests and Friends Attend Evans' Banquet Thursday at Hotel Vermont

Originally the banquet held in honor of Fuzzy Evans was to take place in the Orchard Room of the Hotel Vermont, but there were so many tickets sold that arrangements had to be changed. The limited space of the Orchard Room necessitated the use of the main dining room where the large aggregation of alumni, athletes, and friends could be more adequately accommodated. Over 200 people attended to pay tribute to affable, blushing, modest John Clifford Evans, who termed the occasion one of the most important events of his career and that he would always remember it.

Vermont's Publicity Director, Jim Jennings, presided as toastmaster and introduced several dignitaries, who spoke briefly of the accomplishments of Coach Evans. Phil Robinson led the throng in group singing of Vermont songs and Maj. W. O. Witherspoon directed the salute to the flag. After the invocation by Dr. O. H. Sisson, a meal of chicken, mashed potatoes, peas and ice cream was served.

The top moment of the evening was when Fuzzy got up himself to express his gratitude for the honor presented him through the "Achievement Banquet"; he was overflowing with thanks and tried to bring out what was in his heart in words that were fitting, but his eyes and happy smiling face indicated his feelings better than anything else. Fuzzy stated that the athletes he has had working under him were responsible for the success he

has attained, but the forty-one-year-old mentor, known for his modesty, gave his teams the fighting spirit and will to win that accounts for over half of any team's success. For those of you who have witnessed the Evansmen on the football field and the basketball court this past year, a clear memory should be fresh in your minds of the way the teams have fought for the Green and Gold, no matter how great the odds have been. Fuzzy is an inspiration to every player he coaches.

Two of the best comments that were made from the numerous speeches during the evening came from Pres. John Millis (who was represented by Dean Robert Kroepsch) and local sports and news announcer Whitey Killick. Doctor Millis praised Evans highly for his work in athletics and remarked that coaching, more than any other line of educational endeavor, required a person of unusual ability and fortitude. Whitey Killick expressed his hope that more support would be given to the UVM mentor so that all competition can be met on an even basis; he also intimated that the University is extremely fortunate to have a coach who is willing to work under many pressing and discouraging circumstances.

Fuzzy was overwhelmed when the presentation of gifts began, because it seemed as though there was an endless flow of surprises all the way from a striped towel to a beautiful console radio. Perhaps one

(Continued on page 4)

## Spring Skiing Big Disappointment For Vermont Students

Usually the only sad effect spring has on the seasonal skier is the fact that summer follows close behind, for in normal years the latter half of March, April, and part of May affords some of the best skiing of the year. Skiing on the granular, "corn snow" is generally rated a close second to fresh powder snow and for some it even tops the powder. The main advantage of spring skiing is that the snow remains the same, even during and after a rainstorm, while powder snow gets scraped, packed, icy, or rutted very soon. Another advantage is that "corn snow" is very smooth to ski on. Most of the bumps that have been in the trails all winter have flattened out or dissolved, and except when it is full of water that it approaches slush, it is very fast.

During the week-end of the USEASA Giant Slalom Championships, March 19 and 20, snow conditions looked very wonderful and the skiing at most areas was the best it has been all year. "The Eastern Skier" predicted a long spring skiing season and many ski lodges offered special "package" vacations for the spring skiing; rates included meals, lodging, ski lessons and use of tows or lifts. Then the rains came. A strong south wind plus an overabundance of moisture made for the early appearance of robins and green grass, leaving only a few scattered areas with snow enough to boast "skiing, fair to poor."

(Continued on page 4)

### NOTICE

The University of Vermont Band will present a concert from 8.30-9.00 p.m. on the 6th of April in the University Chapel which Radio Station WJOY will Broadcast. This concert will be open to the public. This concert will be a part of the general observances of Army Week.

Please Patronize  
Our Advertisers

### SPORTS NOTICE

There will be movies every Wednesday night at the Burlington Veterans' Club for the members and their guests. Three weeks ago the club featured the 1947 Notre Dame football games and some boxing highlights of the past. The program went over so well that it was decided to make it a weekly affair. 8.30 p.m. is the regularly scheduled time for the attraction.

## MILITARY BALL

(Continued from page 1)

ROTC at Vermont now retired, and Mr. Frank Gohring of the United Veterans Council of Chittenden County.

The decorations planned for the Ball are elaborate, including a dome-like ceiling of gold crepe paper. Along the walls, rifle racks will be hung. Wide bands of gold will fan out from the racks to the balcony, the edge of which will be draped in green. From the main door to the right entrance onto the dance floor, there will be a tunnel, constructed of alternate sheets of green and gold. Huge cutouts of army insignia, a band shell, and the queen's throne will complete the decorations. A cabaret, where free refreshments may be obtained, will be set up downstairs where usually only checking of coats is done.

Mark I. Jurras, cadet lieutenant-colonel is general chairman of the Ball, which is an integral part of the social traditions at UVM. Other committee chairmen are: decorations, Cadet Capt. H. B. Baldwin; entertainment and reception committee, Cadet Capt. W. Salmon; tickets, Cadet Capt. R. Liston; refreshments, Cadet First Lt. S. J. Smith; checking, Cadet First Lt. L. H. Magnant; transportation, Cadet Capt. Newman Rome; publicity, Cadet First Lt. Ralph Conant; queen committee, Cadet Capt. Harold Bronk; furniture committee, Cadet Capt. First Lt. E. D. Nostrand.

### NOTICE

Any senior woman who is interested in a fellowship at the New York School of Social Work is asked to inquire at the office of the Dean of Women.

MARY JEAN SIMPSON,  
Dean of Women.

## Goodrich Classical Club To Initiate 8 Students April 7

Eight students will be initiated into the Goodrich Classical Club this Thursday evening, April 7, at 7.30 in Southwick. The initiates are: Mrs. Lillian H. Allen '49, Joan Beasley '51, Alfred Hurley '51, Thomas Kent '51, Carol Brody '52, Joan Crandall '52, Pauline Howard '52, Jacqueline Moore '52.

The program for the evening will include the history of the Classical Club at the University of Vermont by Molly E. Nichols '51 and the history of the classical department by Miss Mary R. Bates, former associate librarian at Billings Library. Miss Bates was a student of Prof. John Ellsworth Goodrich the founder of the Goodrich Classical Club. Prof. Arthur B. Myrick, professor emeritus of the Romance Languages, will reminisce about Prof. Marbury Ogle former head of the Latin department and Prof. Samuel Bassett former head of the Greek department.

Everyone is cordially invited to attend.

## Achievement Banquet

(Continued from page 3)

of the gifts he will cherish most is the watch the 1948-49 basketball team gave to him.

The three-hour program had its moments of seriousness and humor but to those who attended, the time was not wasted. It was a rejoiceful occasion from the informal get-together before the banquet began, to the singing of "He's a Jolly Good Fellow," at its close.

## SPRING IS HERE

(Continued from page 3)

Even Mansfield which had previously announced 27 inches of fresh snow on a 42-inch base suddenly dropped into an obscurity of silence and a number of eastern races which had been long postponed, but were scheduled for the weekend of March 26 and 27, were reluctantly cancelled. Many of the skiers were quite bitter and could be seen looking at the clouds and sky rather contemptuously.

There is no report obtainable from Mad River Glen but it is pretty certain that there is little or no snow. Underhill has no snow at all, and the areas in southern Vermont have closed for the year. Outside of Mansfield the only reliable areas in the East are the Laurentians in Canada and Tuckerman's Ravine at Mt. Washington. These last two places will probably hold out for another month (people have skied in the Ravine as late as the Fourth of July!) but the snowfall hasn't been of sufficient depth to have skiing possible much longer.

## PHI BETA KAPPA

(Continued from page 1)

Beta Kappa rooms in Waterman Building. Since Mr. Golden is temporarily away and Mr. Hunter is now a medical student at Boston University, they were unable to attend.

Dean Stephen Freeman of Middlebury College, president of Phi Beta Kappa's Beta Chapter, was guest speaker at the banquet held in the faculty dining room in Waterman. He spoke before a group of about forty-five who were present at the banquet. Included in his talk was an account of his recent trip to Europe connected with the establishing in Paris, of a French school which is connected with Middlebury College.

## R.O.T.C.

(Continued from page 1)

American equipment and is under the leadership of General Papagas, the same general who repelled the Italian invasion in the war. He commented that the Communist troops are also good fighters, having received equipment from the retreat-

ing Germans and by way of supplies from the Allies during the war. "But," he says, "the only sure way to defeat them is to shut off their life line from the Communist states to the north." With this type of experience and knowledge Colonel Regnier will undoubtedly prove a valuable asset to the ROTC at UVM.

## Shakespeare Scenes Given at Fleming Wed.

Paul Henry, Al Redway, and Charles Comstock are shown rehearsing for a scene from *Richard III*, one of five scenes presented by the Shakespeare class on Wednesday evening.

## Student Government To Sponsor Dance Recital April 20

The University of Vermont Dance Workshop culminated months of intensive practice in presenting its spring recital, "Uncle Sam's Diary," Friday evening, April 1, at Southwick. The three dance groups, the Apprentice Group, the Dance Workshop and the Master Dance Group, participated in the program of nine dances representing an imaginary diary kept from the time of the Indian to the present by Uncle Sam. Miss Ethel Hoffman, assistant professor of physical education for women, directed the program with the aid of Beverly Barker as general manager, Nancy Tobey designing costumes and Joyce Viventi as talent scout.

The Master Dance Group opened the program with a demonstration for the audience of the principles of movement in modern dance, and the basic movements for the more elaborate forms of interpretation. The modes of expression of the emotions such as fear, joy, or sorrow were explained by Miss Hoffman and illustrated by the group.

Following this, the girls presented their dances, each girl having composed her own part in the dance. They depicted the Indian, the coming of the white man, the slavery of the Negro, the development of industry and resources, the pioneers, the "Gay Nineties," the coming of jazz, the coming of the European immigrants during World War II and the confused peace of 1949.

Bob Frederick and Marvin Briggs were accompanists at the piano. Colorful costuming combined with striking lighting effects and music added to the moods created by each different dance and provided the appropriate backgrounds. Miss Selina Williams helped in the execution of costumes, and Hamilton Ploof managed the lighting effects.

A future dance program has been scheduled for Wednesday, April 20, when a group of five dancers from Washington and New York will present a recital. The program, sponsored by the Student Government Cultural Committee, is free to UVM students and is open to others at the price of fifty cents.

## Prof. Coleman Says State Dept. Lax In Cultural Exchange

"The Slavic Idea Faces Communism, Marxism, Stalinism" was presented Tuesday evening in the Fleming Museum by Prof. Arthur P. Coleman of Fairleigh Dickinson College of New Jersey.

"The Soviet Union respects nothing but naked power" was the thesis of Professor Coleman's lecture. He claimed our State Department has failed to get results in its efforts at cultural exchange with Russia. The only way to achieve success would be to demand of those Communist countries wanting visas, visas for an equal number of Americans.

Professor Coleman charged the State Department with conducting its cultural exchange negotiations with persons not wholly sympathetic to our American capitalistic system. Believers in what capitalism has done for America should be sent over even if they have to be sent as official representatives as the only means of getting them in.

The lecture was sponsored by Kappa Phi Kappa, national educational fraternity, and the International Relations Club. A luncheon was given for Professor Coleman Tuesday noon in the Faculty Dining Room of Waterman.

## Military Ball Queen and Escorts

Miss Patricia Davison, Queen of the Military Ball and her escort, Dick Nostrand. Pat will preside over the annual Military Ball to be held tonight.

## A.S.M.E. To Send Representatives To Regional Meeting

Now that spring has arrived the ASME (American Society of Mechanical Engineers to those who do not know what the initials stand for) is making plans to send a representative to the Regional Student Conference which is held every year in the spring at some New England college. The University of Connecticut is the scene for the two-day conference this year. Each college is allowed to send one representative to attend this meeting. He is conducted on inspection tours, he presents papers written on mechanical engineering and he gives a fifteen-minute speech. Last year the first prize was won by Robert Hall, vice-chairman of the University of Vermont Student Branch of ASME.

Each month a meeting of the ASME takes place, a lecture is given or movies on mechanical engineering are shown. Inspection trips are taken to local manufacturing engineering plants every spring. The object of these tours is to acquaint the members with the jobs themselves and to supplement text books with observations of mechanical engineering in action.

There are about thirty-five members of the Student Branch of the American Society of Mechanical Engineers at UVM. The officers of the UVM group are: Chairman, Karl Webster; vice-chairman, Robert Hall; secretary, Everett Havens; treasurer, Roy Fox.

Mr. D. B. Hopkins is honorary chairman.

## New Eng. Students' Movement Will Be Held Here Apr. 22

The UVM campus and the First Methodist Church of Burlington will be the scene for the spring conference of the New England Student Movement April 22-24, with the Methodist College Group of UVM as sponsor. This is the first time that a meeting of the Movement has been held in Northern New England.

The theme for the conference is "Our Faith." Rev. Roy L. Hendricks, pastor of one of the Methodist Churches in Mount Vernon, New York, will be the chief speaker. Mr. Hendricks has just recently completed a religious emphasis program on the Illinois campus. Professors and ministers from other New England colleges will be on hand to lead the discussions.

A feature of the three-day program will be the installation of the newly elected Student Council for the New England Methodist Movement. Leonard Tomat '50, one of the vice-presidents of the council, will also act as conference host.

The UVM Methodist College Group has the following people making preliminary arrangements: registration, Martha Samson '52, and Patricia Collins '52; housing, David Newhall '51, Mrs. Mario Barberi, and Leonard Tomat; campus publicity, Emma Chatfield '51; meals, Elizabeth Corliss '49; church arrangements, Arthur Straitiff, Jr. '52, David Cogswell '51, and Roderick Rice '50. The women of the Methodist Church are making arrangements for the meals while the students are in the city, and all the protestant churches are cooperating in attaining sufficient accommodations for the visiting students.

## UVM ROTC Band To Sponsor Concert By U. S. Navy Band

Like to hear a really great band? Like to see UVM's band take the field at the first football game next fall in flashy, new, green and gold uniforms? You'll have a chance to kill two birds with one stone Monday, May 16, when the UVM Band will sponsor two concerts by the renowned United States Navy Band in Memorial Auditorium.

The concerts, to be given at 3.30 and 8.15 are being sponsored by the UVM Band, not only to give UVM and Vermont a chance to hear the navy's concert band, but also to raise money for sorely-needed new uniforms. The present uniforms, inherited from the ROTC Battalion many years ago, deserve an honorable retirement, the band feels. The organization hopes to give its concerts and appear in parades next year, proudly wearing the UVM colors.

The band is raising money for the uniforms by selling records of "Cotton Babes," by playing at Wake Walk, and by sponsoring the Navy Band concerts. In addition, it hopes to sell the uniforms now being used when the new ones are purchased.

The Navy Band, directed by Lieut. Commander Charles Brendler, has played in hundreds of cities throughout the country and is rated among the very best bands now playing in America.

## Joan Ediff Chosen President of VIP At Recent Election

New officers for the coming year were elected at the Vermont Independent Party meeting of April 4. Chosen to head the group was Joan Ediff, a liberal arts junior from Pittsfield, Mass. The new vice-president is Lou Lane of Meriden, Conn., the secretary is Frances Keough of North Bennington, and the treasurer is Don Berube of Burlington.

Also elected was an Executive Council designed to represent the members of the group according to class. For next year's senior class the representatives will be Robert Condon and Robert Perkins; for the juniors, Pauline Wescott and Emerson Frost; and for the sophomores, Theodosia Carpenter and Arthur Lord.

Before retiring from his post, outgoing president Robert Condon made the statement to the members that he hoped the aims of the organization would always be kept in mind. He especially stressed the point that VIP stands to help all of the independents on campus to have a more complete school life, and while in pursuing this end, the organization may have seemed to be anti-fraternity in nature, this is not the case. VIP is pro independent, anti-nothing. He then expressed the wish that this feeling would always continue.

In her comments upon the coming year, the new president expressed the hope that there could be increased cooperation among the various groups on campus, and that VIP would be able to achieve its purpose of offering greater opportunity for school participation to all independent students, and to provide for them a common meeting ground for social activities and school projects.

## Editorial . . .

### FUZZY EVANS

When a coach receives the praise and whole-hearted appreciation from the student body, alumni, and administration, it is indeed an indication that he has truly attained the success that comes only through hard work and thankless worry. Yes, it has taken a long time for UVM to realize that they have more than just a mediocre coach in John Fuzzy Evans, but it was fitting to show this appreciation for a grand job during a period of years instead of at the end of one or two seasons of play. The Achievement Banquet will stand out in the memory of Vermont's well-liked mentor as one of the milestones of his life.

No other person in the field of education is more open to criticism than a coach who is expected to provide winning teams year after year. All is well when he is producing good teams, but when his rivals offer a rangy end or seven-foot forward a little better proposition (candid or otherwise), and his team goes down in defeat, the coach is the first to get the blame. It is no secret that UVM has met many schools these past nine years that could afford to obtain more material and provide for them with more funds. Despite this, Fuzzy has come through with what it takes and has proved his capabilities regardless of the circumstances. His teams have stuck by him and more than once eleven of UVM's best have stood up to twenty-two or more of the opposition's on the gridiron and played on even terms or better. The same holds true for basketball. It takes excellent coaching under those handicaps and Fuzzy Evans has given us just that.

Fuzzy Evans is indeed a unique personality, because he is on the firing line not only on every Saturday and Monday during the fall, but he has to satisfy the sports-conscious public throughout the hoop season as well. There are not many colleges in the country where one coach handles both of the most popular sports in the land and turns out the winning teams that Evans has produced. In fact, few colleges even have the same coach for the two sports.

It takes more than the knowledge of the fundamentals, planning, team organization, and hard work to round out a squad; it takes also a man who can win the confidence, respect, and admiration of those playing for him, and what is even more important, the ability to handle players and get them to work for him willingly.

It is admitted that this school is not in favor of subsidizing sports in any way. However, when a coach like Fuzzy Evans has put his heart and soul into his work it should inspire the administration to do all they can short of subsidizing. There are many ways of supporting a team and its coach that do not require money.

V. M.

## War Orphans

CAROL HENSEL

Although the war, in practically everybody's mind, has ended a long time ago, the situation in Europe is not much better for the people that still live there. It seems ironic that a lot of the war criminals have escaped the due process of the law, while the innocent children are left to suffer for crimes with which they had nothing to do.

It may sound trite but "every little bit helps." Even UVM has done its share.

The girls of Redstone campus have adopted a little French girl through the Foster Parents Plan. Each girl contributes 10 cents a month for her support. So far, Robinson Hall has sent her a box of clothes, and Mrs. Cole, Robinson's house director, has suggested that all the dormitories on Redstone do likewise, although food is just as acceptable as clothing.

One of the national projects of Delta Phi Epsilon is the adoption of Claudine, a Dutch girl. UVM's chapter donates clothing as well as money and her maintenance is the responsibility of all the chapters.

While the national of DPE supports a war orphan, the individual chapter of Tau Epsilon Phi has adopted an Italian girl whose parents were killed by the Fascists. The boys raise \$15 a month for her food and clothing. This is also done through the Foster Parents Plan. As in the other cases an avid correspondence is kept up.

Last on the list is Kappa Sigma, whose war orphan had a happier ending. Fortunately her mother remarried, and her stepfather was able to take care of her without any further assistance. Since Kappa Sigma did not wish to discontinue the good work, they adopted another child.

Of course, other organizations on campus have contributed to other philanthropic agencies, but there is a great deal of satisfaction in knowing that you are saving the life of a real person.

## Student Government

MARSHALL SABENS

The Student Advisory Committee, composed of faculty and administration, sent a letter to the Council concerning their recent action in regard to the men's honorary societies. The Committee, after considering the recommendations of the Student Government committee set up for the same purpose, passed the following motion: "The Secretary of the Student Advisory Committee is hereby instructed to write to the president and to the advisor of each of the men's honorary societies and request that, during the coming month, they consider most carefully each and every eligible man in the class before making their recommendations for the coming year, to the end that the group nominated will indeed represent the outstanding leaders of the entire class."

Another club has come to the campus to aid the students in their political thinking. This group is the Students for Democratic Action, which is the Democratic counterpart to the Young Republican Club. The organization was recommended to the University Council for final approval.

Will Robertson was present at the meeting to contest the results of the recent Student Court election. He stated that several freshmen with whom he had talked had not been given an opportunity to vote for the Court justice. This was apparently due to a lack of understanding on the part of those students as to who was eligible to vote, rather than an attempt to influence the final outcome.

The problem of overlapping programs was discussed at some length. It was suggested that, where interests are similar, clubs might combine in the presentation of certain programs. The Finance Committee, in keeping with the principle of economy, feels that this could result in a saving to many clubs.

President Costello announced that meetings of the freshmen and sophomore classes will be held on April 20. It is hoped that these meetings will provide a basis for the revival of class spirit and organization. Class officers will be elected and possible activities discussed.

The Constitutional Revision Committee made a preliminary report. They seemed to have nothing as yet, but promised that after careful thought a document would be produced which would cure many of the ills of the present constitution.

## Letters to the Editor . . .

To the Editor:

I want to congratulate the CYNIC on its editorial of March 22, 1949. The quality of the editorial was definitely superior to many past ones.

"The University is the breeding place of ideas, ideas to be applied later to society. . . ." It must be remembered, however, that all kinds of ideas can be bred in a University—that is the problem facing world society today.

So we have the very realistic problem—what kind of ideas should any American University be breeding? I like to think that our Universities are fostering democratic ideas—ideas that fit the new needs of our ever-changing society.

The old concept of education was to prepare the individual to fit his society. The along came that UVM student, John Dewey, who revolutionized educational concepts not only in the U. S. A. but also in many parts of the world. He believed that the University should produce a *thinking* student. Thinking, so developed, should serve to formulate a better society; society should not formulate the thinking of the individual. Conformity of behavior, blind clinging to tradition, uniformity of opinion, especially the last, held no place in Dewey's esteem.

I do not believe that American students (or any other students) need to be "indoctrinated" with Democracy. Actually Democracy is radical, but I believe that with the free search for truth—Democracy will stand head and shoulders above the "ism" in the world today.

Democratic principles should be encouraged on the university campus. The students of today are the potential leaders of tomorrow. Thus as you sow—so shall you reap. To many people democracy is too idealistic to practice. This group of people include some Americans as well as non-Americans. We the students of today and the citizens of tomorrow—let us prove beyond a reasonable doubt that the principles of democracy are practical as well as ideal.

For the student, certainly the university campus is the laboratory, the proving ground.

There is a lot of healthy thinking beginning to grow on this campus. Some students are beginning to critically evaluate University life and to consider what the difference is between what we say we believe and what we actually do.

There is definitely a trend to give up petty personal loyalties to the loyalties of the general welfare of the University Community. This is encouraging; it indicates that more of us are beginning to understand what "Democracy" means. We must evaluate in our University Community what kind of leaders of tomorrow we are producing. Will they be real democratic leaders or something else?

SCOTT MAHONEY

To the Editor:

I would like to express my views on the Student Government meeting of January 26, 1949. The issue under discussion was this:

The Kake Walk directors handed down a decision that the Vermont Independent Party could enter a candidate for either King or Queen (not both). Later the Kake Walk directors reversed their decision and stated that the V. I. P.'s could enter a candidate for King but not for Queen.

A suggestion to throw the issue to the student body in a referendum was defeated when voted on. This would seem to indicate that some of the members of Student Government put their loyalty to their fraternity or sorority above their loyalty to their class who elected them to their positions on Student Government.

I am not against members of fraternities and sororities being faithful to their respective organizations, but they should not bring their personal loyalties into Student Government which is supposed to represent the student body as a whole.

Important issues should be decided by the students in a referendum. I also believe that Kake Walk elections should be by popular vote. Democratic principles should be followed on campus as well as in later life because the students are the potential leaders of tomorrow.

WARREN COOLIDGE

## Placement Office Plans To Offer Student Job Programs

The Placement Office is planning a series of meetings which are designed to bring to the members of the UVM student body, work opportunities in a number of different fields. It seems that the number of jobs available exceeds the number of informed applicants, and these meetings will expose students to available work opportunities. These meetings are not intended primarily for seniors, but to aid freshmen, sophomores, and juniors to select careers.

The first in this series will be held Wednesday, April 20, at 7.00 p.m. in Room 239, Waterman. It will consist of a round table discussion with three or

four local insurance men about the opportunities for employment with insurance companies. All phases of insurance work will be discussed, not just jobs for salesmen. The program for this meeting and for each of the following meetings will include lectures on the kinds of work available, opportunities for advancement, personal qualifications and educational requirements. This first get together will be of interest to Liberal Arts students as well as business and economic majors. Through the cooperation of the Life Underwriters' Association, the Placement Office is able to bring to UVM students this profitable discussion on employment with insurance companies.

## Student Government Will Give Worthy Students Scholarships

The executive council of Student Government voted this year to set up six \$100 scholarships for the year 1949-1950. These scholarships will be awarded on Founder's Day, May 2, 1949. Anyone wishing to apply for one of these awards may do so by securing application blanks at the Information Office any time after Thursday, April 7. All the information must be filled out to the best of the students' knowledge and will be kept strictly confidential.

The awards will be made on the basis of need, scholastic standing and extracurricular activities in order of that importance. Selections will be made by the Student Government Scholarship Com-

mittee composed of Pearle Tucker, Norman Dennis, and Al Streeter, working in conjunction with a representative from each of the colleges of the University. It was recommended that the following faculty members serve in this capacity: Dean Simpson from Administration, Dean Kidder of Arts and Sciences, Dean McKee of Technology, Professor W. R. Adams, of Agriculture, and Professor Mary Sullivan of Education and Nursing.

Applications should be filled out, marked for the attention of Al Streeter and left in the Student Government box, Information Office, not later than Friday, April 29, 1949.

# Puddin's Proof's In Southern Haul

LAST YEAR THE CLUB DIDN'T HAVE A CONSISTENT 900 HITTER—THIS YEAR SOME OF THESE BALL PLAYERS OF GARDNER'S LOOK MIGHTY FINE IN THERE AT BATTING PRACTICE BUT....

LOOKIN' BIG AIN'T I?

...NEXT WEEK IS GOING TO SHOW HOW THINGS'LL GO

The UVM varsity nine leaves by bus Saturday morning on its 1949 southern baseball trip. The opening game is with the Fort George Meade team at Fort Meade, Md., on Monday, April 11. The fifteen players selected, Coach Larry Gardner, and Mgr. Pie Paikowsky are making the jaunt to the green pastures further south.

The six twirlers slated to see action are: Ralph Kehoe (who also plays at first base when not on the mound), Ed Kotlarczyk, Art Martin, Doc McBride, Don McQuin and Manny Setien. Of the six pitchers, Kehoe and McQuin toss them from the port side. Art Collier and Don Hebsch will do the catching with Collier also available for the outfield when not behind the plate. Around the infield will be Ed Guiliani at first, Ray Heath at second, Ray Vescovi at third, and Frank Pandolfe at short. Taking care of the outer garden will be John Ballard, John Goulet, and Bob Maroney.

The Cats will initiate their new slate gray uniforms on their southern invasion and will also be flashing the new Country Club green caps with gold Vs on the crowns.

In 1947 (the last southern trip taken by the Gardnermen) the team barely got a workout as it was able to play but one game against Navy at Annapolis. The Middies drubbed Vermont 12-4, and all the other scheduled games were rained out or cancelled because of wet grounds. Of the 1947 squad three men (Collier, Goulet, and Kotlarczyk) are touring the South again this year.

Seven sophomores are making the trip,

an indication that a lot of scrappy ball players came up from last year's hard-hitting Kitten team.

The Gardnermen are scheduled to arrive at Fort Meade on Sunday afternoon, April 10 where they will dine and have lodging for the week-end. A short practice session will be held there prior to the game on Monday afternoon. Weather permitting, the Vermont nine will play a game a day from April 11 through April 19.

## Tennis Squad Begins Practice For Season

The tennis squad under Coach F. D. Carpenter has been working out steadily for the last two weeks in the gym. Due to the heavy schedule of activities in the gym the tennis hopefuls have been practicing in the evenings. Professor Carpenter has all of last year's squad back with the exception of Sanford Bloomberg who graduated. If the weather stays warm the team hopes to be out of doors by the last of April.

The squad should be better than the '48 team which had a rather bad season. Opening the season May 6 at Clarkson the team will play about the same opponents as last year. Springfield and Union were dropped from the schedule.

Leading off in the first position is Hammie Livingston, who is considered one of the foremost players in New England. Also from last year's varsity are Capt. Mal Mickler, who should be better this spring, Walt Fimian, Bob Astone and Dave Hill.

An outstanding candidate for the position on the varsity is Al Hansen, a transfer from Champlain. Hansen played against Vermont last year and won his matches. Another promising player, if eligible, is Mark Byron, a transfer from New Jersey.

Out for the first time are Tom Banghart, Norm Dennis, Dan Monieson, Rod Stanton and Jim Stevenson. Up from last year's freshman team are Tom McGinty and Sam Bloomberg. Coach Carpenter plans to set up matches among the team and let them play off to establish their standings. The varsity will have six singles and three doubles combinations. It is hoped that the squad will be able to use the six outdoor courts soon in order to speed up practice sessions.

## Honorary Rifle Society Grows

UVM's Ethan Allen Rifle Club swelled to a membership of 110 ROTC men has opened its list of membership to all Advanced and Sophomore ROTC students who have completed their military courses with at least an 80% average. Men who have demonstrated outstanding leadership will also receive consideration for this military honorary society.

Originally backed by the Reserve Officers of the northern Vermont area Captain Horn, manager of the Sheldon Press, acts as president while Mr. Beebe of the New England Tel. and Tel., Myron Samuelson, local lawyer and H. Brown Baldwin fill the other posts.

Cadet Captain H. Brown Baldwin has

been elected as First Company Commander while fellow UVM students, Raymond Wheelock, George Cram, Earl Randall and Richard Casavant assist him. Captain Solossi is acting as the faculty advisor.

Ethan Allen Rifles will handle the major social functions of the UVM Cadet Corps in the future as well as sponsor crack drill teams and rifle teams on the campus. The group is also expected to provide military representatives at patriotic ceremonies.

Major Witherspoon of the UVM Military Dept. commenting on the group, praised it for initial enthusiasm and worthy purpose.

## 60 Aspirants Seek Roles At Tryouts For Spring Play

Last week, over sixty students appeared at the tryouts for the UVM Dramatic Club production of "You Can't Take It With You." Never before have so many students been so eager to participate in one of the University plays. The selections were not easy to make, for many who tried out for the same part were equally good. However, after much consideration and careful deliberation, nineteen students were chosen to be the characters for the forthcoming play.

Not all of the chosen nineteen are members of the Dramatic Club for there are quite a few newcomers, too. Eleven characters will make their first stage appearance, two have formerly appeared in major roles, six have appeared in minor roles, eight are Dramatic Club members, and two are non-members but have appeared in Dramatic Club plays before.

"You Can't Take It With You" will be presented on May 12 and 13 at Southwick Memorial Auditorium. Information about the time and tickets will be given out at a later date. The play itself is a very humorous one and provides many hilarious scenes, which are guaranteed to make the audience laugh until tears roll down their faces. The setting is New York, a house in which everyone lives his own life and does what he wants to (and it gets to be quite congested at times).

The following will be the characters who will help make the little house in New York burst with excitement: Shirley Gleason, Suzanne Pooley, Mimi Beauvais, Maynard North, Harry Miele, Neil Towne, Jack Halley, Charlie Parker, Gloria Ahrens, Steve Berman, D. A. Wetherby, William Riddell, Sheldon Meaker, Pam Crandall, Audrey Campbell, Robert Mahoney, Morton Kaufman, John Hinds, and Gladys Neuburg.

### NOTICE

Easter Vacation begins Saturday, April 9 at noon; ends Monday, April 18 at midnight.

Freshman and Sophomore class meetings will be held April 20. Watch bulletin board for further announcements.

## Baseball Team Receives Send-Off

The biggest send-off the UVM baseball team has had in a long time before its annual invasion of the South, took place Thursday night, April 7, at 7.00, at a rousing pep rally around a bonfire in front of the men's gymnasium. This rally was traditionally sponsored by Boulder Society, but this year it has been renewed by the Pep Committee of Student Government. Many people came and added to the spirit of enthusiasm shown the baseball team before it leaves to fight a long way from home.

The varied, stimulating program featured the UVM band with Joe Lechnyr, the cheerleaders' squad which has long waited for this occasion to display its force, and the inimitable quartet of Vermont Varieties fame, called the Melodians. Phil Robinson led in group singing.

The baseball team, which leaves for the South Saturday noon, April 9, was introduced, and Coach Larry Gardner spoke to the rallyists. Mr. Kroepsch, Registrar, also said a few words.

## President Millis Resigns

### Miss Simpson Explains Plans For A New Sorority At Tea

The desire and necessity of instituting a new sorority on campus was expressed Thursday night at Southwick by Dean Simpson at an informal tea and discussion, the purpose of which was to discover whether there was enough interest among non-sorority girls to organize a new sorority.

All non-sorority girls were invited to attend, while Dean Simpson and Adele Kaye, president of Pan-Hellenic explained the general procedure and details of such a move.

Speaking on behalf of the council, Adele spoke of the project as a very worthwhile undertaking, and as for the group of girls who would be "pioneers," she felt that they would be working towards a goal that not only they would enjoy, but that would be a lasting thing for future girls.

Miss Simpson, in expressing her firm belief in sororities, was fully in favor of this action to install a new one. She told of the efforts of many strong nationals in the United States to set up a chapter here as long ago as 1944, but that the time was not ripe then. However, with the vast number of women students that have been enrolling at UVM in recent years, the situation has changed, and Miss Simpson along with President Millis feels that there is not an adequate amount of sororities to take care of all the girls interested in belonging to one. As President Millis states it, "If we are going to have sororities on campus, we ought to have enough so that every girl who wishes to join one, may have equal opportunity."

In explaining the procedure whereby a group of girls form a sorority, Miss Simpson illustrated it in the following manner:

A group of interested girls are chosen to be the charter members, and they set up a local sorority on campus. If they desire to become affiliated with a national, which Miss Simpson will choose, they work towards that, keeping in close contact with the national's headquarters. There may even be girls who will transfer from other colleges to spend their last two years at UVM in order to help organize and build up the local, to get it ready for national colonization.

One point to keep in mind, Miss Simpson urges, is that no one who starts a local can look forward to national membership in less than two years.

One of the main reasons for Miss Simpson's strong enthusiasm for sororities and the enthusiasm also, of the Administration is that in past years, sorority girls have lived up to the leadership placed upon them, and "I also disagree with the statement that 'Sororities are Undemocratic,'" says Dean Simpson.

Referring once more to the "Pioneers" who shall carry the plan for a new sorority through, that is, if it is found that enough girls are sincerely interested, she compared them to the growth of a tree. "It's like planting a tree," she said, "You don't perhaps, live to see the tree grow to its full extent, but you have the satisfaction of knowing that you started something that other people will enjoy, and appreciate."

After the talks, a question period was held for the purpose of securing more information, with Adele Kaye answering all questions. At the close of this, refreshments were served, and groups mingled with the Pan-Hellenic representatives to further discuss the situation.

### Shep Fields Will Play For Junior Prom Thurs. May 12

One of the top name bands in the United States, Shep Fields and his orchestra, will appear at the Junior Prom in the Memorial Auditorium on Thursday evening, May 12. Featured with Fields will be the entire roster of personalities who recently concluded a smash engagement at the Ice Terrace of the Hotel New Yorker in New York City.

Fields is known for his unique Rippling Rhythm, a style that has become one of the most famous and easily recognized in the country. Making for more pleasant listening as well as being ideal for dance tempos, Rippling Rhythm has been featured at leading ballrooms, theatres, hotels and clubs everywhere in the United States.

A great favorite with radio networks, Rippling Rhythm has been featured on all major radio stations around the nation. Fields' records are among the most played by disc jockeys. During the course of a year, the band runs up a staggering amount of radio time. With live music now cleared for television presentation, the orchestra is expected to be among the first signed for video. Shep firmly believes television will be a boon to bands.

Co-chairmen of the prom are Marshall T. Sabens '50 of Essex Junction and Newell H. Curtis, Jr. '50 of Montpelier.

### Shakespeare Scenes Draw Over Three Hundred to Museum

Over three hundred attended the presentation of scene from five plays by Shakespeare at the Fleming Museum Auditorium on April 6. Harry Miele gave an introduction to each of the scenes, which were presented by the Shakespeare classes of Prof. Willard B. Pope.

The first scenes were taken from *Coriolanus*, and were presented in modern dress to emphasize the universality and timeless quality of the situation. The actors for these scenes were Mary Jane Farnham, Florence Holden, Mary Segale, Robert Guinn, George Tucker, and Emmett Van Buskirk of the Taft School, of UVM's College of Medicine. *Coriolanus* was directed by Norma Carmichael.

The scene from the second play, *Richard III*, was directed by Bill Flanders. Ed Goetz played the part of Duke of Clarence; Charles Comstock, a Jailer; Al Redway, the First Murderer; and Paul Heney, the Second Murderer.

Two scenes from *Romeo and Juliet* were directed by Gladys Neuburg. The first scene depicted the anxiety of Juliet who awaits word from her lover. Lynn Davis played Juliet, and Gladys Neuburg portrayed the aged nurse of Juliet.

Jean Ritchie directed a scene from the comedy, *A Mid-Summer Night's Dream*. The actors were Fred Pratt, Nancy Hafely, Morris Pike, Clyde Badger, Marcia Osher, and DeeDee Cummings.

The "Rogues in Buckram" scene from *Henry IV, Part I*, was the final scene

JOHN SCHOFF MILLIS

### Millis Accepts Call to Western Reserve

Dr. John Schoff Millis, president of the University of Vermont and State Agricultural College since November 1, 1941, resigned Saturday morning to accept the presidency of Western Reserve University in Cleveland, Ohio.

The UVM Board of Trustees, at its bi-monthly meeting, "regretfully" accepted the unexpected resignation, effective August 31. Committees to find a successor and to draw up a suitable resolution to be presented to Doctor Millis were chosen.

The WRU Board of Trustees elected Doctor Millis president at a meeting in Cleveland Saturday morning. He will replace Pres. Winfred G. Leutner, who retires at the end of the academic year.

Western Reserve, the second largest college in Ohio, has almost 16,000 students. Ohio State University is the largest. Western Reserve includes twelve colleges and schools. It has total resources of \$32,000,000, an endowment of \$17,159,472, and a budget of \$7,500,000.

Doctor Millis wrote in his letter of resignation:

"It is with great regret that I have arrived at the decision to sever my connection with the university in order to accept election at another institution.

"My eight years of service here have been most happy and rewarding, largely because of the loyalty, devotion and wisdom of the trustees. May I take this opportunity to express my gratitude for the privilege of working with and for the board and my appreciation of the friendships which it has been my good fortune to enjoy."

### Holds 3 Honorary Degrees

Doctor Millis received a B.S. degree in 1924, M.S. in 1927, and a Ph.D. in 1931, all from the University of Chicago. Honorary LL.D. degrees were conferred by Middlebury College in 1942, by Brown University in 1943, and by the University of Maine in 1949.

From 1927 to 1929, he was an instructor and athletic coach at Howe School in Indiana.

Prior to his election as president of UVM, he was a member of the faculty at Lawrence College, Appleton, Wis., as instructor, assistant professor, associate professor and professor. He was dean there from 1935-41, and dean of administration from 1938-41.

Doctor Millis is a member of The American Physical Society; Sigma Xi; Phi Kappa Sigma; Kappa Phi Kappa; Newcomen Society of England; Lay Reader and Lay Preacher, Episcopal Church; Vestryman at St. Paul's Episcopal Church, Burlington; and director, Burlington YMCA and Vermont Tuberculosis Association.

Also vice-president of the Board of Trustees of the Vermont Symphony; chairman, Vermont Council of Higher Education, 1943-46; chairman, Yankee Council, 1949; member of the Commission on Higher Institutions of the New England Association of Colleges and Secondary Schools, and a Rotary Club member.

Doctor Millis is the author of the textbook, "Laboratory Outline of Physics," and of numerous articles on atomic and molecular spectra.

### Native of California

A native of Palo Alto, Calif., he was born on November 22, 1903, the son of Dr. Harry A. and Alice Schoff Millis. He married Katherine Roseberry Wisner of Baltimore, Md., on June 13, 1929. They have three children, Jean Ann, Alice Gertrude and Harry Ward.

He played football in college under Coach Alonzo Stagg, but admitted when he first arrived in Burlington he was

### Choir Presents Concert At Chapel

The choirs of UVM, St. Paul's and First Congregational presented an Easter concert at the Ira Allen Chapel. The musical selections were taken from the Lenten and Easter portions of Handel's "Messiah."

Nine soloists were on the program, one of whom was a UVM student, Ann Harvey. Also many faculty members participated in one of the many choirs: Miss Ethel Hoffman, Prof. James Pooley, Miss

(Continued on page 4)

### \$1,459 Spent For Student Tutoring Through April 1

Three hundred and twenty-one students were able to obtain tutors this year from the Mortar Board Tutoring Service. This service provided part-time employment for some 107 student tutors who received a total of \$1,459.00 for their services. However, because the demands upon the service have been so great this year the funds are rapidly diminishing. Therefore, no non-veteran's tutoring fees will be paid after May 28 and no veteran's fees after June 1. No bills will be paid from these funds after these dates. The service will still be open, however, to supply qualified tutors at the student's own expense.

How does the service operate? Mortar Board, senior women's honorary society, sponsors and operates the tutoring service with funds derived from two sources, the Mortar Board Fund and the Mary Jean Simpson Fund. The Mortar Board Fund which is an allocation from Student Government (\$95.00 the first semester and \$117.00 the second semester) is used to pay one-half the tutoring fees of all non-veteran men and women who need financial assistance and have the approval of their professor acknowledging their need. One hundred and eighty-two dollars of this allocation has been spent as of April 1. The Mary Jean Simpson Fund was established by Mortar Board in 1943 to provide scholarship grants for veterans of World War II. However, when the G.I. Bill which provided for tuition was passed this kind of help was no longer needed and the 1946 Mortar Board voted to set aside from the fund a certain sum each year to be used to provide tutoring service for veterans. Under this plan any veteran may be tutored in one or more subjects free of charge, the costs to be charged against the fund. One thousand two hundred and seventy-seven dollars has been spent to date from this fund.

All editorials and business communications must be signed and addressed to the proper department head at the Vermont Cynic Office, Waterman. Brief notices must be handed in at the office not later than 8 a.m., Thursday. Office Telephone 5000—Extension 344.

Founded in 1883. Published weekly during the college year. Subscriptions \$2.50 a year; single copy, five cents. Acceptance for mailing to points outside Burlington at special rate provided for in Section 406 P. L. and R. Act of March 3, 1879, authorized October 14, 1926. Publication Office, 187 College St., Burlington, Vt.

With the following words Pres. John S. Millis resigned his position as president of the University of Vermont last Saturday: "It is with great regret that I have arrived at the decision to sever my connection with the University in order to accept election at another institution. My eight years of service have been most happy and rewarding . . ." Elected president of Western Reserve University in Cleveland O., a university of 16,000 students, it is only proper that recognition be given President Millis for his work at UVM.

On his arrival at UVM in November, 1941, President Millis faced a grave situation: There was a deficit of \$1,084,000 at the University. Dependent upon the new president's ability to raise \$150,000 on behalf of the University was a plan proposed by the State Legislature at a special session to aid UVM. President Millis met this first challenge successfully and raised the money within the time limit.

With advent of the United States into the second World War, however, President Millis was faced with a second problem—one which concerned the very existence of the University, for from a previous enrollment of 1,300 students, the University was left with only 600 students. President Millis thereupon immediately arranged for UVM to be used as a training center for air corps students, who saved the University financially.

Contrary to his second great problem was his third—that of dealing with the great influx of veterans which expanded the University's enrollment to a new high of 3,100 students. That the problem was successfully met is attested to by the new men's dorms, such facilities as East Hall, etc. And now again during the post-war period, President Millis has been successful in securing much-needed State aid in the construction of the two new buildings of the College of Agriculture.

In addition to these great administrative problems, President Millis has found time to participate in a multitude of church, civic and educational projects. Much criticized throughout his tenure of eight years, he has nevertheless weathered the storm and proved his abilities as an administrator. The deficit of the University of Vermont now lies at the figure of \$600,000, a substantial decrease.

It will be a difficult job for the eleven-man board appointed for the task of finding an equally capable administrator.

Congratulations from the CYNIC to *The Littercarrier* one of the newer campus newspapers. This paper is published by the Aggie Club for the College of Agriculture. Editor John Page has done an excellent job. The CYNIC is pleased to welcome it into the fold.

## Canterbury Club Holds Dinner For Religious Groups

Greek food was a main attraction at a Greek dinner held by the Canterbury Club on Sunday, April 3. More than a hundred people attended this function, which was the Episcopal group's annual Inter-denominational dinner. There were representatives from every church in Burlington and every religious organization on the UVM campus.

Headed by Helen Manos, the arrangements for the dinner were made by the Greek members of the Canterbury Club. It was the second in a series of international dinners which the club is having, the first having been a Syrian dinner, two weeks previously. Served by members of the Canterbury Club, the menu was built around three Greek specialties: Greek salad, a macaroni and meat dish, and Greek cheese. The meal was cooked by the proprietor of the Arcadia, assisted by his first cook.

Following the actual meal itself there was a general discussion period, based upon the article appearing in *Life* a few weeks ago entitled "College Bull Session" in which reports were given of informal college discussions upon religion. The Club has been carrying out a program of such sessions all year, long before the appearance of the *Life* story, but for this occasion, the questions were gleaned from that magazine. Following the table set-up of six in a group, with no more than two from each religious organization at one table, the questions were first discussed in the smaller groups and then by the entire assemblage. Helping The Reverend Martin, the group's leader, to direct the discussion and acting as a board of experts were the Reverend Perkins of the College Street Congregational Church, Doctor Sisson, of the Baptist, and the Reverend Mockridge of St. Paul's.

Following this discussion Miss Jean Euler led group games.

## Newell Curtis '50 To Be New Dramatic Club President

A short but important meeting of the UVM Dramatic Club was held recently at its regular meeting place in 23 Middle College under the direction of Professor Humphrey. Foremost on the evening's agenda was the election of officers for the ensuing year. Newell Curtis '50 is the new President and will be assisted by Leonard Tomat '50 as Vice-President; Pamela Crandall '50 as Secretary; Suzanne Pooley '51 as Treasurer; and Esther Thomas '51 as Historian. Nominations for positions on the Executive Council were made and elections will be held at the next regular meeting. Of the three nominees from the Dramatic Club two will be elected and from the two people put up by the University Players one will be fortunate enough to hold a position on the council. Nominated by the Dramatic Club were Tom Kent '51, Steve Berman '51, and Mimi Beauvais '52. Howard Delano '50 and Parker Ladd '50 will represent the University Players.

Since Junior Week is almost upon us, plans are being formulated for the behind-the-scenes committees necessary for a smooth production of Moss Hart and George Kaufman's "You Can't Take It With You." The chairmen for the various committees were chosen. Tom Kent '51 is the Business Manager; Leonard Tomat '50 the Stage Manager to be assisted by Howard Delano '50; Doris Galloway '49 has charge of tickets; DeeDee Cummings '49 is the property girl; and Parker Ladd '50 is the person in charge of costumes. Tentative plans were made for the presentation of a trophy during Junior Week.

Before the meeting was brought to a close, possibilities for a fund for a theater in the future were discussed. A committee was drawn up for the express purpose of delving into the matter. The idea of having a News Letter sent in the future to the alumni of the club in order to aid them in following the activities of the present members and so keep up interest was brought up.

## ELECTRIC SCORING MACHINE

Freshmen, remember that endless mass of tests you took last September? You know, those large white sheets of paper blocked by tiny blue dots that formed tiny numbered columns which you filled in with a special pencil until you were "blue in the face," or should I say green, because you were freshmen. Well, those hit or miss marks determined the amount of intelligence you personally were contributing to UVM, checked your interests, and analyzed your scholastic achievement. I won't go into the results of the tests, but the method of correcting these tests is extremely interesting.

After you finished marking up your papers and putting smudges where there should have been no smudges, they were taken to Waterman Building to be corrected by a "super robot," or an electric machine designed to speed up the process of deciding your fate. UVM rents this machine from the International Business Machine Company, and with it, scores all freshman placement tests and high school tests in the State of Vermont. So far, it has corrected approximately 30,000 tests.

The speed of this mathematical genius is astounding compared to the time it takes to do the tests by hand. The machine can do a test in one minute while it takes a person seven minutes to do the same test by hand. One of the freshman tests last fall, a set of 300, was completed in one hour. An ordinary test may be done at the rate of seventy-five an hour on the machine. Two thousand tests taken on a Monday of the test week last fall were all scored at 4:00 p.m. the same day and by 9:00 a.m. the next morning, they were tabulated for the teachers.

The scoring machine is shaped like an L, and stands about two and a half feet from the floor. The operator sits down to operate it, with one hand to manipulate numerous dials and the other free to score

the paper. First a stencil, which is perforated with many round holes, is inserted in the machine. This is the key used to correct the papers. Directly in back of the holes is a plate of tiny, sensitive needles which go through the stencil when there is a hole directly in front of them. Next the test is placed in a slot in the machine, a lever pressed, and the paper is now between the stencil and the needles. If there is a pencil mark over the needle which is able to go through the stencil, then it registers. However, if there is no mark there or the mark is someplace else, no point is registered. A freely moving needle like that of a speedometer registers the score, and the machine may be adjusted to subtract right from wrong, multiply by three, divide by two, add the total score, or anything but produce a coke. When the operator has marked down the scores, added them up and taxed his brain with a few more difficulties, he presses the lever, and the paper drops through the machine to the bottom. All this takes place, you understand in a mere minute. This mathematically-inclined robot is too complicated to explain thoroughly, but I guess you get the general idea.

This machine will only register if the marks have been made by the special pencils given the student, and it will not tolerate anyone who uses ink or makes circles instead of blocks. A normal question asked, "Is there any way of beating the machine?" Ask operator Benzil Boyd. His reply will be that "You may be able to beat the machine, but you can't beat the operator!" Benzil Boyd and Langdon Johnson, two main operators, put in about fifteen hours a week of work each, correcting tests. Outside the room where they work may very well be placed a sign reading "We Accept No Bribes." Just a warning to incoming freshmen!

## Know Your Student Court

The promotion of self-government by allowing student enforcement of student legislation is one of the chief aims of the UVM Student Court. This student judicial body was established only two years ago through the efforts of Student Government and has already proved itself effective in creating a democratic procedure for solving violations of school rules.

The Court is based on both criminal and civil procedure and on the state and federal court systems. However, much of the procedure is based on what is proper for an institution such as UVM. The Court tries to protect the defendant's innocence until proved guilty, and if proved guilty, tries to pass out fair and just punishment.

Original jurisdiction of the Court includes personal dishonesty, academic dishonesty, violations of regulations, and such other cases as shall be designated to it by the proper authorities. Unlike federal and state courts which will not pass on the constitutionality of an act unless presented before them in a test case, the Student Court will give advice beforehand on the constitutionality of an act. Needless to say, the Court has sole jurisdiction in all cases concerning the interpretation of the Constitution of UVM Students. Last year fourteen cases were handled, the great majority involving academic dishonesty.

As far as appellate jurisdiction goes, in the event of an appeal from a student judicial body that has original jurisdiction in its respective sphere, a case shall be heard by a joint court consisting of four members of the University Council appointed by the President of the University, four members of the Student Court elected by the Court, and the President of the University as Chairman. The term "student judicial body" covers Student Union, Pan-Hellenic Council, Student Court, Interfraternity Council, and any existing dormitory council.

Any individual or group desiring to have a case brought before the Student Court may initiate such request by presenting it before the Prosecuting Attorney of the Court. The Prosecuting Attorney shall refer such proposed case to the Court which shall determine if its jurisdiction is such that it is applicable to the case. If the case presented does not meet this requirement, the case will not be tried. In the event the case can be tried by the Court, the Prosecuting Attorney will instruct the clerk to place the case on the Court calendar. Both the Defense Counsel and Prosecuting Attorney will then prepare their cases. Approximately ten days will be allowed for such prepara-

tion, unless additional time is granted by the Court for due reason. In so far as practicable, the date and time of Court trials are determined by popular vote of the Court members. Any necessary subpoenas will be ordered by the attorneys and sent to prospective witnesses by the clerk.

Normally all trial sessions of the Court shall be open. Under special circumstances, the Court may declare a particular session closed.

The defendant may choose his own defense counsel, either the Court Defense Counsel, another fellow student, or a member of the faculty. The Attorney for the Defense, if not a member of the Court defense staff, will be instructed by the Court Defense Counsel so that he may know the exact procedure of the Court.

Witnesses may be presented for both the defense and prosecution. A fraternity brother or sorority sister, a husband, or wife of the defendant may decline to appear as a witness. Before arguments are actually presented, any member of the Court may be challenged for cause by the Prosecuting Attorney of the Defense Attorney. The remainder of the Court will determine by secret ballot whether he shall be allowed to sit in on the case.

The Court decides the punishment by recommending to the University Council one or more of the following: warning; theme or examination failure; course failure; suspension from the University for a definite period of time with automatic readmission; dismissal from the University. A student may also be put on probation and be under the charge of a probation officer.

Except for a few special cases, all verdicts as to guilty or not guilty are decided by a unanimous vote of the Justices sitting in on the trial.

The Court membership consists of an equal number of juniors and seniors, those juniors being elected to serve until separation from the University as undergraduates. No member of the Student Court may at the same time be member of the Executive Committee of Student Government. The Court chooses its own presiding officer, the Chief Justice, this year, Warren Jones. The Prosecuting Attorney and Defense Counsel are also appointed by the Court, with the attorneys choosing their own respective staffs.

Despite the fact that none of the members of the Court possess any legal training, the Court in its fledgling years has functioned quite smoothly and effectively and shows signs of becoming a permanent institution on this campus.

# Sigma Nu Garners 42.5 Points to Retain Track Crown

## Randall, McLaren Nims and Bellows Lead Way to Title

By placing men first in five events and second in four others Sigma Nu successfully defended its fraternity track crown last week-end. Led by Earl Randall who captured the 440 and 880 and Dunc McLaren, Dick Nims and Johnny Bellows who came through in the 1200-yd. run, high hurdles, and mile respectively, the squad from Williams St. built up a total of 42½ points to finish well ahead of the field. The Deltas, showing great all-round talent by placing men in ten of the eleven events, but lacking the strength to produce a winner, were the runners-up as they accumulated 24 points on four seconds, five thirds, and two fourths.

The first three events were held on Friday, and this day saw a new record set as Charlie Black, a Sig Phi pledge, tossed the 35 pound weight 42 ft. 2½ in. to win the event and eclipse the old mark of 41 ft. 7½ in. In the 440 Earl Randall, ineligible to compete in his specialty, the mile, took the first of his two triumphs as he defeated Howie Haddigan, competing for the SAEs, by a fraction of a second. In the broad jump, Haddigan, who was a consistent three event winner for the freshmen last year, won with a jump of 18 ft. 10½ in. Joe Metz of Sigma Nu was second.

In the pole vault, the first event on the Saturday slate, Walt Babish, a relatively unknown who had transferred from Champlain competing for the ATOs, sneaked by the Delt block of Al Beauchamp, Bob Herriott, and Bud Moreau to win by three inches at 10 ft. 3 in. The shot put was won at 35 ft. 9 in. by the Sig Phi's Dick Nostrand as Dale Barber and Lefty MacDonald finished in the runners-up spots.

Dick Nims of Sigma Nu finished first in the 30-yard high hurdles as Bob St. Gelais, last year's winner, picked off both hurdles and could do no better than fourth. Bud Moreau finished second.

In the 30-yard dash Howie Haddigan picked up his second first place and his thirteenth point of the meet as he won in the near record time of 0:03.8 seconds. Johnny Emerson of the Deltas and Hank Del Bianco of the SAEs followed him across the line.

The high jump was won at 5 ft. 9 in. as Dick Bohlen of the Owls took the event for the second straight year to join Earle Randall as the only men to retain their last year's titles. Chan Taylor, doing "The South African Scissor" finished second at 5 ft. 5 in.

In the 880 Earl Randall made a clean sweep of his two events as he won easily in the time of 2:14.7. Chad Arms of the Kappa Sigs took second after Ken Lawson was disqualified for illegally passing on a turn. The mile was won by Johnny Bellows of Sigma Nu, with Dunc McLaren and Frank Peabody pressing him to the finish.

The final event of the meet was the newly added and much controversial 1200-yard run, and in it the Sig Nus came through as expected with Dunc McLaren winning and Johnny Bellows placing second as the curtain came down on the 1949 meet.

### The Summary:

#### 440 Yd. Run—0:59.1

1. Randall, SN
2. Haddigan, SAE
3. Emerson, DP
4. Fraser, SP

#### 35 Lb. Wt.—42' 2½"

1. Black, SP
2. Kurkul, KS
3. Johnson, SN
4. Wiley, DP

#### Broad Jump—18' 10½"

1. Haddigan, SAE
2. Metz, SN
3. Emerson, DP
4. L. MacDonald, KS

#### Shot Put—35' 9"

1. Nostrand, SP
2. Barber, SN
3. G. MacDonald, KS
4. St. Gelais, KS

#### Pole Vault—10' 3"

1. Babish, ATO
2. Beauchamp, DP
3. Herriott, DP
4. Moreau, DP

#### High Hurdles—0:04.4

1. Nims, SN
2. Moreau, DP
3. Parker, PDT
4. St. Gelais, KS

#### Mile Run—5:04.7

1. Bellows, SN
2. McLaren, SN
3. Peabody, DP
4. Buchanan, LI

#### 30 Yd. Dash—0:03.8

1. Haddigan, SAE
2. Emerson, DP
3. Del Bianco, SAE
4. P. Goulet, SP

#### High Jump—5' 9"

1. Bohlen, LI
2. Taylor, DP
3. Hazelton, SAE
4. Reid, SN

#### 880 Yd. Run—2:14.7

1. Randall, SN
2. Arms, KS
3. Fraser, SP
4. Bennett, SN

#### 1,200 Yd. Run—3:14.2

1. McLaren, SN
  2. Bellows, SN
  3. Peabody, DP
  4. Bennett, SN
- | TEAM TOTALS            |     |

### SPORTS NOTICE

The Athletic Department will hold a meeting on Monday, April 25, to make arrangements for organizing spring football practice. All who are interested are to report to Fuzzy Evans and Mike Kasap at 4:30 p.m. in the Gym.

## Joyce Rogerson '50 To Be WAA Council Prexy For 1949-50

Joyce Rogerson is the new president of the WAA Council as a result of the elections held on April 6 in Waterman. Joyce takes over her duties from Janet Brackenridge, the Council president for 1948-1949.

The vice-president for the ensuing year is Jean Hard with Alma Warrell as corresponding secretary and Harriet Carlton, recording secretary. Evelyn Bemis takes over as treasurer; Pat Tucker as publicity chairman; Shirley Dennis, social chairman; and Mimi Lawrence, scrapbook chairman.

Representatives of the various classes are: Seniors, Roberta Bicknell; Juniors, Anita Swasey; and Sophomores, Ann Archibald.

The WAA Council is also composed of all the managers of the various clubs sponsored by the Women's Athletic Association. Faculty advisor for the WAA is Miss Jeanne Euler.

So round, so firm, so fully packed — so free and easy on the draw

## UVM Women Elect Verda Gray To Head New Health Council

Verda L. Gray '51 was elected president of the Women's Health Council for next year. Other officers elected at the meeting held at Southwick, Thursday evening, April 7, were Marjorie C. Leach '51, vice-president; Patricia A. Collins '52, treasurer; Josephine L. Campbell '52, secretary; Ann L. Hooper '51, publicity chairman.

Projects planned for the latter part of April and the month of May include the Stephenson-Millet booklet, "As Others Like You," to be distributed among the women's dormitories, talk by Dr. C. W. Stephenson on mental health; a dental care project; a care of the skin and sun tan pamphlet; and hints in regard to safe sailing, boating, and instructions regarding proper methods of studying for exams. Health Council members appointed to work on these projects are Ann L. Hooper, Martha Samson, Phyllis Fraser, and Ruth Coburn.

It was voted to negotiate a basketball game between a team of girls and a team of boys to raise money for the Loan Fund. Tentative suggestions were that the boys would have to wear mittens and play girls' rules. Ann L. Hooper was appointed as chairman to proceed with the plans. Assisting Miss Hooper is a committee consisting of Rita Bolognani, Phyllis Fraser, Ruth Coburn, and Katherine Young.

The May 5 meeting will be a supper-dessert meeting with Norma Stephenson as chairman.

### Pres. Millis Resigns

(Continued from page 1)  
only "a fourth or fifth stringer" in the days when Chicago was a football power. He also played basketball and was a swimmer.

#### Committees Named

The UVM Trustee Committee appointed to draw up the resolution to be presented to Doctor Millis includes Norton Barber, John E. Lovely and Frederick P. Smith.

The trustee members of the committee selected to choose a new president include Wallace M. Fay, John S. Wright, Elias Lyman, Frederick P. Smith, Norton Barber, Cleon A. Perkins and Mrs. Hazel M. Wills.

Other members of the Selection Committee will include a person selected by the University Policy Committee, by the University Council and by the Alumni Council. Doctor Millis is an ex-officio member.

At the time of his election as UVM's fourteenth president, Doctor Millis was 37, and was considered one of the youngest university presidents in the country. He succeeded Guy W. Bailey, who died October 22, 1940.

(Concluded from page 1)

presented. The cast of the "Rogues in Buckram," directed by Charles Parker, included Walter Delano, Newell Curtis, Katherine Crocker, Tom Hayes, Parker Ladd, Gerald Greemore, John Leo, Ehrick Howland, and Emerson Melaven.

Between the scenes Mary K. DeForest and Mary Ann Browne sang Elizabethan songs, including songs from several of Shakespeare's plays and one of Ben Jonson's. One of the selections was Cole Porter's adaptation of "I am ashamed that women are so simple," which is featured in the Broadway musical, *Kiss Me, Kate*. *Kiss Me, Kate* is based on Shakespeare's *The Taming of the Shrew*.

The entire evening of plays was recorded by Don Wetzell, who plans to have records of the various scenes available for sale. Harry Miele, who was in charge of the entire production, provided an angel food cake for the hungry actors. Jane Atwood and Pam Crandall were in charge of costumes; Dot Ross, Margaret Harris, and Ed Moore, make-up and properties; Charles Parker, Dick Moulton, and H. Miele, staging and lighting.

The participants spent much time and effort in the production of the plays. All those taking part were given credit equivalent to the semester term paper in the Shakespeare course.

### NOTICE

Laurence Olivier's production of *Hamlet* will be presented at the Strong Theatre for five days, beginning April 25. There will be a matinee and one evening show each day.

## SAC Dance Proceeds Donated To United Negro College Fund

The Social Action Commission sponsored a dance Saturday evening, April 2, for the benefit of the United Negro College Fund. The dance was held in the Soda Fountain Lounge with about 80 persons in attendance. Music was furnished by many popular recordings. Cookies and coke were served as refreshments. At the same time card playing was offered in the student lounge. All this for only 40 cents per person!

The proceeds of the dance were contributed towards the United Negro College Fund. The dance was held for this purpose instead of having a drive as originally suggested. Generally speaking, the dance was a success.

Polly Buttrick '51, was chairman, and Doris Jones '50, was in charge of admissions. Robert Gilpin '52, took care of refreshments, and W. Scott Mahoney '50, made arrangements for the recorded music.

Chaperones at the dance were Rev. and Mrs. R. A. Hall, and Prof. and Mrs. I. Levitsky.

### Choir Presents Concert

(Concluded from page 1)

Constance Brown, Mr. E. R. Stockwell, and Mr. Victor Shedko. Mr. Howard Bennett and Mrs. Teresa Thurston were the directors.

The program would not have been complete without the rendering of the Hallelujah Chorus, which was sung by all three of the choirs.

Utter simplicity points up the lustre of precious Solid silver. Just right for a monogram. A six-piece place setting of Towle's Craftsman costs but \$25.75 including tax. Visit Preston's downstairs silver department and leisurely select your pattern in Sterling Silver.

## Freshmen and Sophomore Classes Will Hold Meeting Apr. 25

### Goodrich Classical Club Elects Gee '50 To Head Officers

Elections were in order at the recent meeting of the Goodrich Classical Club. Louise Gee '50, was elected to succeed Dorothy Elmer '49, as president of the club for the coming year. The other newly elected officers ready to assume their duties next year are: Ann Baker, vice-president; Harold White, secretary; Bruce Stargatt, treasurer; Carolyn Cross, program chairman; and Prof. James Pooley, faculty advisor.

"In Retrospect" is probably the best term to describe the evening's program. After initiation ceremonies, the members, old and new, settled comfortably in the arm chairs at Southwick, and for an hour and a half were completely captivated by Miss Mary R. Bates and Prof. Arthur B. Myrick who reminisced and told stories of former members of the classical department — Profs. John Ellsworth Goodrich, Samuel Bassett, and Marbury Ogle.

Miss Bates read a paper that she had written several years ago on the life of Professor Goodrich, in whose honor and memory the Goodrich Classical Club was founded at the University of Vermont in 1926. The paper was spotted with interesting and amusing experiences that Miss Bates as a student had with Professor Goodrich and portrayed an excellent picture of Professor Goodrich's contributions to the University while he was here as a student, teacher, and scholar. Professor Goodrich entered the University of Vermont as a student in 1849, founded the Delta Psi fraternity in 1850, and graduated with honors in 1853, being elected to Phi Beta Kappa. Professor Goodrich gave up a teaching position to serve as chaplain of the First Vermont Cavalry in the campaign of the Wilderness and of the Shenandoah Valley. He was present in the struggle around Petersburg and the surrender at Appomattox. Professor Goodrich was called to the University of Vermont in 1872, first as a professor of English literature and Latin, and then of Latin and Greek, and finally of Latin alone, until his retirement in 1907 when he was succeeded by Prof. Marbury Ogle. Professor Goodrich died February 24, 1915.

You may be interested to know that the Goodrich window in the old chapel in South College, the one which has on it the picture of Erasmus, favorite author of Professor Goodrich, was a gift to the University from its alumni in memory of Professor Goodrich. It is to Professor Goodrich that we owe recognition on Founder's Day. In 1892 he delivered a Commencement Address on the life and public services of Ira Allen and recommended that his birthday be set apart forever as a holiday and be observed by proper exercises. The following information gleaned from Miss Bates' remarks about Professor Goodrich gives an excellent example of how the University has grown: "Professor Goodrich was librarian before he had been many years on the University faculty. At that time the library was small, was located on the second floor of the old museum, and was open twice a week for an hour at a time only; consequently, it was sufficient for a member of the faculty to serve as librarian."

Prof. Arthur B. Myrick, Professor Emeritus of the Romance Languages, reminisced on Prof. Samuel Bassett and Prof. Marbury Ogle, former members of the classical department at the University and very old and dear friends of Professor Myrick. Professor Bassett preceded Professor Myrick to the UVM faculty by only a few days and Professor Ogle came in 1907.

### University Average Announced For Last Semester As 75.42

Women at the University of Vermont and State Agricultural College showed slightly better than the men scholastically during the first semester, according to an announcement by the Registrar, Frank N. Hamblin. The total average for women was 77.24, as opposed to 74.66 for men.

In the senior class, the average for men is 79.44 and for women 81.44, making a class average of 80.10. Junior men have 76.32, and junior women 78.60, with a total for juniors of 76.79.

In the sophomore class the men average 72.88, and women 76.19. The all-sophomore average is 73.89. Among the freshmen, the men have 69.93 and women 73.85, with an average for the class of 71.33.

In the group of special students, men average 71.44 and women 78.47, making an average for the group of 73.94.

The highest averages are with the graduate students, where men have 86.09 and women 86.71, with a total average of 86.28 for the group.

Women also lead in sorority and fraternity averages, according to Registrar Hamblin.

### Vt. Sends Materials For Burned Library In Faroff Pakistan

The University of Vermont came to the rescue of a burned out library thousands of miles from the Green Mountain state this week. Dr. Sidney B. Smith, director of libraries at Vermont, announced that more than six tons of agricultural literature — including reports, pamphlets and books from state and national agricultural departments — was on its way to Pakistan.

Doctor Smith first learned of the acute lack of agricultural materials in Pakistan through the Food and Agricultural Organization of the United Nations. Fire completely destroyed the agricultural library of Pakistan, and the government immediately issued a plea for assistance.

According to Doctor Smith, the Smithsonian Institute will receive the 184 parcels sent from the university, and will trans-ship the materials to Pakistan.

### Placement Office Offers Part-Time Work For Students

This year over two hundred students have been helped to secure one or more part-time or permanent positions by the Placement Office. Twice a year this office sends out postal cards to Burlington business concerns asking them about jobs available, working hours and types of people needed. It also inquires about positions available in all departments of the University. Numerous calls come in daily to the Placement Office asking for students to do various jobs from garden work to pastry decorating. These jobs may require a few hours of labor or they may be semi-permanent jobs such as developing x-rays for the TB Society or a janitorial position. The Student Employment Office is anxious to serve those who want work, but it needs the help and co-operation of the students.

Students desiring part-time work should first of all register with Miss Joyce Bingham, of the Placement Office, who is in charge of part-time or permanent employment. As there is no adequate means of communication between a roving student and her office, students who want jobs should frequently check with her. Notices of available jobs are placed on the bulletin boards in Waterman, but so many calls are hurried that there is no advantage of placing them there. Therefore, if you wish to be notified of the vacancy, it is necessary that the office have your correct telephone number and address. If you live in a dormitory, make sure the office has your room and floor number. Also notify the office of any incorrect data given in the directory, for your address must be up to date.

If for any reason a student leaves his job, whether or not he obtained it through the Placement Office, he should report this vacancy of position to the office so that other UVM students can be notified of the job. There are many householders whom it is impossible to contact and who desire students for housecleaning, painting, packing furniture or baby sitting. If anyone knows of such a householder, call Ext. 204 and ask for Student Employment.

### PAT DAVISON REIGNS AT MILITARY BALL

Patricia Davison '52 of Morrisville reigned in regal style over the 51st Annual Military Ball, sponsored by the Ethan Allen Rifles, Friday, April 8, at the Memorial Auditorium.

Amid much pomp and ceremony she was escorted to her royal throne by Cadet Major Franklin Scribner under an archway of crossed sabers. Cadet Battalion Commander Mark Jurras, Jr., general chairman of the dance, bestowed upon her the coveted jeweled crown.

### Middlebury College Has Many Notables On Panel Discussion

The Seventh Annual Middlebury College Conference will be held in Middlebury, Vt., on the week-end of April 23-24 this year. "A Positive Program for a Democratic Society" has been selected as the Conference topic and the participants have been limited to fourteen speakers and a moderator in order to insure adequate time for discussion and student questioning. Many distinguished men have accepted invitations to speak. They are: Houston Peterson, Dean of Rutgers University and Conference moderator; Frederick L. Schuman, professor of government at Williams College; Charles LaFollette, former Congressman and former military governor of Wurttemberg-Baden, Germany; Claude E. Hawley, Chief for Social Sciences, Office of Education, Federal Security Agency, Washington, D. C.; Arthur Schlesinger, Jr., Department of History, Harvard University; R. E. Flanders, United States Senator from Vermont; David L. Thomson, Dean of the Faculty of Graduate Studies and Research, McGill University, Montreal; Theodore E. Brown, Research Director, Brotherhood of Sleeping Car Porters; Bartlett Hayes, Jr., Director, Addison Gallery of American Art, Andover, Mass.; Edgar A. Mowrer, syndicated columnist; Frederic Wertham, psychiatrist, neurologist; John Chalmers, Economics Department, Kenyon College, Ohio; W. T. Stace, Philosophy Department, Princeton University; George Thomas, Professor of Religious Thought, Princeton University; Florence Kelly, Attorney and head of Legal Aid Society, New York City.

The themes upon which panel discussions will be based are: What are the positive and negative forces in our democratic society? What should the aims of a constructive program be, and what are the steps necessary for its implementation? These are questions which the Conference Committee feels must be answered if democracy is to be defended to the nations of Europe and Asia.

In general, the Conference is expected to challenge the application and usefulness of education. Perhaps the most distressing criticism that can be levelled at a college student is that of calling his world one of mere patent theories, involved texts, and isolated facts. To prove theories practicable, to make texts meaningful, and to see facts related is but one aim of the Middlebury Conference.

### Compulsory Meeting Will Be Held To Foster UVM Spirit

Compulsory meetings of the freshman and sophomore classes will be held in the Ira Allen Chapel on April 25, it was announced Monday by Edward J. Costello, president of Student Government. The sophomore meeting will be held at 4 o'clock in the afternoon, and the freshman meeting will be held at 7.30 in the evening. The purpose of the meetings is to set up class organizations in the classes at the university where it does not now exist, with the view of further strengthening student relations and of developing class as well as school spirit. Officers and alumni council representatives will be elected, with the elections under the supervision of the Student Government Elections Committee, headed by Peter Haslam. President John S. Millis has approved the plan to set up class organizations, and will address the meetings, as will Prof. Lyman S. Rowell, well known in faculty and alumni affairs. The meetings are called as a result of recommendations made by a committee composed of Harry Miele, Gladys Neiburg, and Alan Bronner, which made a study of the matter. The Executive Council of Student Government adopted the recommendations, which were as follows:

1. All classes should be organized, with class officers.
2. Elections should be held about the first of April annually. In case of the freshman class, elections should be held upon completion of the Freshman Orientation Program. For the following year, the freshman class should meet in April, as will the other classes, and elect officers who would hold office during the sophomore year. Thus the term of office for freshman class officers would extend only from September until April. The junior class officers would remain in office from the time of election through graduation.
3. Each class should elect one representative to the Alumni Council, in order to receive what help the Alumni Office could give.
4. The Social Committee of Student Government, the Honor Societies, and in the case of the freshmen, the Freshman Orientation Committee should aid the classes in formulating definite programs to be carried out during the year.
5. Class meetings should be held monthly, and the first meeting for the purpose of elections should be made compulsory.
6. Student Government will not attempt to dictate to the class organizations, but recommends that class outings, picnics, boat rides, etc., be considered in order that class spirit, and through that spirit, school spirit may be increased.

### PROF. DEAN WRITES "ROYALTON RAID"

A new book by Prof. Leon W. Dean of the English department of the University of Vermont has just been published. The book, like all of Professor Dean's books, has a Vermont background. It carried the title of "Royalton Raid" and concerns itself with that notable Vermont raid of the Revolutionary War period.

The book, according to the publishers, has already been named a Catholic Book of the Month Club selection for young people. One of Professor Dean's other books, "Guns Over Champlain," also had this distinction.

The publishers say: "Here is an exciting historical-adventure story about the capture and kidnapping of Gideon Smart, a young Vermont boy, by a band of raiding Indians in 1780—a realistic and gripping story for teen-age boys."

## President of Yale Stresses Need For More Leisure Time

The hurried, crowded academic life on most American college campuses was attacked recently by President Charles Seymour of Yale who called for "much greater opportunity for leisure."

"My chief complaint with the Course of Study Committee of most American colleges is that in our planned curriculum so little time is left for contemplation. The American confidence in the insured results of a course of study, on the part of faculty and the students themselves, is a startling phenomenon. There is on the one hand the assumption that if you have taken a course you have mastered the subject.

"There is an equally surprising assumption, on the other hand, that if you have not taken a course in a subject you cannot possibly acquire mastery of that subject by yourself—just as though 500 years ago Gutenberg had never invented movable type.

"What we need in college, and in after years God knows, is leisure in which to read and the judgment to read the best books. And from that reading to go on to what it means, quietly apart from the activities of the crowd."

## What Is A Pyramid Club

By CAROL HENSHEL

Several years ago it was swallowing live goldfish but now the fad is Pyramid Clubs. Pyramid Clubs, you say? Perchance it is a group of people who desire to go to Egypt to visit those sacred tombs? Perhaps it is a group of gymnasts? No, it's not either of them. What is it? In order to find out we shall adjourn to Utopia College's den of iniquity (their student lounge, of course) where we see Joe Doffgeld, a rather seedy looking character casting his eyes furtively around.

"Hey you, over there—yeah, you crouched behind the ashtray. You want to get rich quick?"

Miss Anne Thrope to whom he was addressing looks shocked and replies, "I am a gentlewoman and a scholar; a cynic. I do not approve of gambling, besides, what's the gimmick?"

"No gimmick, but I'll tell you what I'm going to do. You give me a dollar so you'll be on the bottom of the ladder—I'll cash in. Now if you want to get to the top of the Pyramid, you'll do likewise."

"Likewise, I'm sure. Please be more explicit, fellow."

"It's this way, you get two more people to give a dollar so you'll be elevated. I call it the ladder of success. Each of them gets two others under them to elevate them. You see what I mean?"

"Indubitably, fellow, and this process of elevation goes on ad infinitum?"

"Oh no, once you get to the top of the Pyramid you're on the Master Rung—the gravy boat. You cashes in, sweetheart."

"And how much remuneration is there for me?"

"Well, I heard of someone in California getting a couple of thousand but that's on a national scale. The 'take' depends on your status on the Master Rung."

"I hate to bring this up, but is it legal?"

"Yes, providing you don't use the United States Post Office."

"Have many people joined this club?"

"Yes, millions and a lot of them are the country's intellectuals, the college students. Of course UVM is above reproach."

"Thank you for enlightening me re: Pyramid Clubs but I shall decline from your generous offer."

"You'll be sorry, sweetheart. Goodbye." Exit Joe.

"You, over yonder. May I interest you in an amazing financial deal? It's this way . . .

(Any resemblance to the above mentioned characters and other people is pure plagiarism.)

## NOTICE

All juniors and seniors will find their activity sheets for the *Ariel* in the Bookstore. There will be a box there to return them to. These sheets must be filled out. The *Ariel* staffs will not be held responsible for activities not appearing in the yearbook.

## Letters to the Editor . . .

I wish to correct an error in the Student Government column which referred to the Students for Democratic Action group, as the "Democratic Counterpart to the Young Republican Club." Students for Democratic Action (S.D.A.) is a non-partisan organization, which considers candidates in the light of their individual records, rather than their party affiliation.

While it is true that S.D.A. was effective in passing a strong Civil Rights plank at the last Democratic Convention, and though the group has supported many Democrats such as Harry Truman, Chester Bowles, Hubert Humphrey, etc., S.D.A. has also backed Republicans such as Senator Wayne Morse. S.D.A. will continue to support liberal candidates, irrespective of party membership. The S.D.A. chapter at Vermont, welcome's all liberals, whether they be Democrats, Republicans, or Independents.

BURT BLECHMAN, Acting Chairman UVM S.D.A.

## UVM Traditions

Miss Beresford of the Home Ec Department was heard to remark a few weeks ago that our campus has fewer fads than the usual college or university. Perhaps, from Miss Beresford's position, the fads that have invaded UVM are not so obvious, but anyone living in a dorm can tell you of a few choice oddities that seem to be going from room to room and, via telephone, from Coolidge to Buckham. For you hermits who have not observed the "latest" up here on the hill this article is written, but you wide-awake UVMers might read this too, to see if you've slipped up on anything.

Of course, the growing tradition of the "white bucks" seen on the feet of every B. M. O. C. are old stuff, but now the gals have picked up the idea, wearing their white gym shoes to classes. Those shoulder strap bags that carry everything from lipstick to that half knitted argyle sock have been very much in evidence since 'way back in September, and the bright wool scarves on the girls' dark coats give proof that not only fads but also fashion have come to our Alma Mater.

But the newest styles out of *Mademoiselle* aren't all that are sweeping the campus. From the latest report, the craze for playing "Hearts" which hit the girls' dorms earlier in the year has shifted to East Campus and the boys in B., C., and W. are burning the midnight oil over cards not books lately, even cutting short those telephone conversations with various other extension phones to finish that last hand.

Now that the male population has taken over "Hearts" the coeds in some of the dorms are having a fling with "Russian Bank" and of course the everlasting bridge games still set a mad pace in the student lounge and in every other available corner.

Although our Kake Walk is over for another year "Cotton Babes" is still being hummed and whistled in showers and smokers from Slade to Converse.

And so, all ye who have been awakened to the realization that we do have fads here at Vermont, get hep or you'll miss out on a lot of fun.

## The Old Mill

From the days when the Old Mill was the entire University of Vermont and its gilded dome could be seen for miles up and down Champlain, we've come a long way. New buildings have been added since the days of our predecessors until now our campus is spread from Pearl Street to the further end of South Prospect. Even though we are expanding every year, the Old Mill still survives and surveys from its lofty perch our "teeming" millions strolling from class to class. Inside its drafty walls the ghosts of dead alumni haunt its creaking staircases and tradition still clings to its musty halls. Echoes of the first Kake Walk celebrations and chapel services mingle with the present day attempts of the speech classes and dramatic club workshops.

Delving into the colorful history of our most venerable edifice we find that the present building stands on the site of the original college building erected in 1801 and destroyed by fire in 1824. By 1825 three sections were constructed which were joined shortly before 1850. June, 1883, saw the cornerstone replaced and aside from minor repairs and improvements the building now stands as it did then.

Because of economic difficulties it was closed in October 1944 but opened again in 1946 for the spring term. In its day, the Old Mill has housed a chapel, the University store, a soda fountain and cafeteria, and the south wing has been and is now, used as a dorm. During the War of 1812 and every war since, this wing has been occupied by servicemen and male students. It has been a dormitory for women since September, 1947.

Today it is the headquarters of the Speech, Political Science, and Economic departments and the home of the UVM Dramatic Club. Yes, even though Waterman has replaced it as the college "center" it still is an essential part of our campus.

From the top of its belfry to the boulder out front, its many cupolaed windows, ivy strewn brick walls, and sunny (when it isn't raining) doorsteps spell tradition with a capital T and assure us that as long as the Old Mill stands so will UVM, with its spirit intact.

Just how important is school spirit, anyway? Every now and then the editorial column comes out with a tirade that there should be more of it—without explaining what it is or why it is necessary. Is it necessary—or is it losing sight of the true nature of college?

School spirit boils down to a feeling of enthusiasm and loyalty for your school—your school, which for four whole years is both home and world. In order to make that world worth while, the individuals which are part of it must be blended into one fairly unified personality—and that is where school spirit comes in. For school spirit gives that warmth of common feeling and belonging which make you not only "do or die" but also "do better" in every field or endeavor.

Yes, this can be overdone. There are universities, generally referred to as "rah! rah! schools," which seem to stress the "glorious old P. U." feeling, rather than any of the incidental scholastic bother they are forced to put up with. That is ignoring our fundamental purpose for being in school—to gain an education. And yet, a certain amount of spirit is necessary for our unity and group personality.

This year has seen the revival of three old Vermont traditions. In the fall, we noticed myriads of little green beanie bobbing around campus in a rather bewildered manner. Introducing to all, the freshman class of 1952. A few weeks ago the baseball team had the royal red carpet laid down for them with the Pep Committee's big Spring Pep Rally—the first in many years, while that venerable institution of lusty vocal cords, the UVM Glee Club is due soon to make an appearance after much too long an absence. And all of these are a wonderful sign.

But there is one thing more that I would like to see revived. Back in the days when the Old Mill was UVM, there was a bell—a bell which was the spiritual center of the school. It rang out the hours, the beginnings and ends of classes, the call to special events, and after big victories, the score of our games could be heard all over Burlington for all to hear. To ring this bell was an honor for the lucky student who got there first; to hear it was as thrilling (or so I've been told) as the first strains of "Cotton Babes." Well, we now have electric bells timing the classes and the Chapel bell rings the time of day and call to services—but, even the Chapel bell can be rung by hand. And we still play football and baseball, and we still have special events—Founder's Day, for instance. There is to be a convocation for all university students. Can they be called to it by our University bell? Can the entire day, even without its being a holiday, be a special day by having the classes convened and adjourned to its chiming? How about it, Honoraries? It is your day, why don't you help make it something?

# Bill McIntyre Gains Hexathlon Victory; Record Established

Bill McIntyre recently served notice that he is the outstanding athlete on campus by winning the hexathlon from six other contestants with a new record total of 6,863.718 points. This record surpasses that set by Frank Taylor back in 1940 when he amassed 6,684.79 points in the six events (sprint, mile run, rope climb, high jump, shot put, and broad jump).

McIntyre racked up extra valuable points in five of the six events, and in scrambling up the 20 ft. rope in the cage in the remarkable time of 6.2 seconds, established a new record in the rope climb. He also sprinted around the 110-yard indoor track in 13.3 seconds for the best time of all competitors, won the shot put, placed second in the high jump, and fourth in the broad jump.

Jack Steinmetz, with some valuable points gained in the shot and broad jump, pulled up into second place with 6,482.343 points followed closely by Bob St. Gelais with 6,476.625, Dick Nims with 6,469.334, George Arata with 6,449.193, and Al Tavares with 6,079.417. Dale Barber, the seventh competitor, was forced to withdraw on the high jump event when he pulled a muscle in his side after clearing the bar at 5 ft. 3 in. Dale would have been right up in the thick of the fight for the cup if it hadn't been for this injury.

George Arata and Dick Nims matched strides in a great mile run on the indoor track with the latter winning by a yard in 5:33.3. Arata's time was 5:33.4. Arata won both the broad and high jumping events, but the shot put kept his score from soaring.

To give an indication of the keen competition, the first five in scoring could have won the hexathlon in former years with their fine scores. This is the first year that a champion has been determined in the hexathlon since 1942, and it turned out to be a record breaking performance.

The handsome trophy which has been on exhibit in the Book Store window will be presented to Champion Bill McIntyre by Archie Post, Director of Physical Education.

**NOTICE**

All seats for *Hamlet* at The Strong Theatre, April 25 through 29 are reserved. Tickets for matinee and evening performances regularly priced at \$1.20 will be sold to students for \$1.00 if coupons, obtainable at the University Store are presented in advance at the box office.

# Volleyball Playoff Won By Phi Deltas

In the intrafraternity volleyball just completed Phi Delta Theta emerged victorious with an impressive playoff victory over Delta Psi in games of 13-15, 15-6, 15-13, and 15-4. The play was hard and fast in the two close games while the other two were marked by a definite Phi Delt superiority.

In earning their way into the play-offs the Phi Deltas came through with impressive wins over TEP, SAE and Sigma Nu, while being extended before winning against last year's winners, the Phi Sigs.

The Deltas came through undefeated in their league also as they racked up easy wins against the Owls, ATOs and Sig Phis before disposing of the Kappa Sigs in three close, hard fought struggles.

In the play-offs the Phi Delt team of Stan Ursprung, Bill Dempsey, Ed Cornolli, Ralph Becker, and Bill Spreen had just too much height and spiking ability for the Deltas of Al Pratt, Ralph Kehoe, John Emerson, John Phillips, and Al Beauchamp as they won in games 3-1.

The standings:

**League "A"**

Phi Delta Theta	4	0
Phi Sigma Delta	3	1
Tau Epsilon Phi	2	2
Sigma Nu	1	3
Sigma Alpha Epsilon	0	4

**League "B"**

Delta Psi	4	0
Kappa Sigma	3	1
Sigma Phi	2	2
Lambda Iota	1	3
Alpha Tau Omega	0	4

Fraternity Winner: Phi Delta Theta 13-15, 15-6, 15-13, 15-4

**Dorm League**

Chittenden	4	0
Wills	3	1
Claggett	2	2

**Southern Baseball Trip Results**

George Washington	11
Vermont	8
Loyola at Baltimore	7
Vermont	5
Vermont	5
Camp Kilmer	2
Vermont	8
Fort Meade	2
Vermont	5
Hofstra	4

Won: 3 Lost: 2

Note: Complete results, including box scores of all the games, will be printed in next week's CYNIC.

# Trackmen Open At Bowdoin Saturday; Cats Seek Revenge

This Saturday afternoon at Brunswick, Me., the University of Vermont will open its 1949 track season when Bowdoin College plays host to the Catamounts. Track mentor Archie Post will take from twenty to twenty-five men on the trip in hopes of revenging the 95 to 40 defeat suffered last year at the hands of the Maine school.

UVM will be at a slight disadvantage when it meets the squad from Bowdoin, because the potato-staters have had the good fortune of training on an indoor cinder track during the winter and early spring. Three or four meets have already been used to condition the Bowdoin team and Vermont will have to use every possible point-getting combination to match the opposition.

Bowdoin lost Matt Branch, their best performer and highest point getter of last year through graduation, but they still have a powerful aggregation to contend with. Bill McIntyre's return to the Catamount squad, after an absence of one year, will help to even things up still more.

Through time trials conducted last week Post will probably choose the following men to make the trip: Howie Haddigan, Art Leavitt, Bob Mahoney, Ted Dawson, Bill McIntyre, Dunc McLaren, Earle Randall, John Bellows, Dick Nostrand, Ed Barber, Art McCann, Dick Fink, Stan Ursprung, Charlie Traverse, Bob Perkins, John Steinmetz, Dick Colella, Dave Hinkley, Bob Squire, John Porter, Dick Bohlen, Sam Pierce and Glenn Wheelock.

# SPORTS NOTICE

The Vermont State Tennis Open Tennis Championships will be held in Burlington again this year, it was announced yesterday by John T. Carpenter, tournament director of the University Tennis Club which sponsors the tourney. The dates will be from August 8 through August 14.

Carpenter stated that the same events will be held as last year. The junior boys' singles and doubles will start on August 8, the women's singles on August 9, the men's singles on August 10, and the men's doubles and mixed doubles on August 11. All matches will be played on the University of Vermont's six clay courts.

The Vermont Championships are sanctioned by the New England Lawn Tennis Association and the United States Lawn Tennis Association and play is governed by their official rules.

# 52 Report to Evans For Frosh Baseball

Fifty-two candidates for the University of Vermont freshman baseball team have shown intentions for trying out following Coach "Fuzzy" Evans' first call but practice sessions have been limited to battery practice as the varsity has not yet moved outdoors and the facilities are limited.

The fifty-two freshman candidates include fifteen pitchers, two catchers, twenty-four infielders and eleven outfielders. The breakdown of states from where these players originate from finds Vermont supplying the greatest number of candidates with twenty-one. The others follow in order: New York, twelve; Massachusetts, ten; New Jersey, three; New Hampshire and Connecticut, two each, and Maryland and Rhode Island, one each.

# WOMEN FIND LOCAL MEN Looking Better, Handsomer!

Burlington, Vt., April 21, 1949

So many women have been commenting on the improvement in male appearance hereabouts that we put a sleuth on the story. He snooped, he interviewed, he checked all over town. Here's his scoop: "The men who look better are using Pal Hollow Ground razor blades 100%. I've talked to dozens and the story's the same — Pal Hollow Ground. They tell me they shave better, cleaner, with no irritation to tender skins. Pal still gives you 4 for 10¢, 10 for 25¢, 21 for 49¢, and 44 for 98¢ — Single or Double Edge. So I bought some myself! How do I look?"

# It serves her right!

MARY JANE gives the telephone in her house a real work-out. But we're not worried a bit. We know Mary Jane's telephone is going to keep right on delivering good service year after year. Because the Bell System puts a lot of time, thought, and testing into making telephone equipment as rugged and trouble-free as possible.

Tests are constantly under way at the Bell Telephone Laboratories. There, for example, new types of telephone instruments are put through a school of hard knocks. Dials and other parts are given strength and wear tests. Even the bottom of the telephone set has been designed and checked to make sure that it will not scratch or stain furniture.

Such tests—on little things as well as on big things—help give you the world's best telephone service at the lowest possible cost.

BELL TELEPHONE SYSTEM

PHILLIPS-JONES CORP., NEW YORK 1, N. Y.

## Nursing Education To Sponsor Cabaret, Dance, Floor Show

The Nursing Education Club is sponsoring a cabaret dance floor show on Saturday night, April 23, from 8 to 12 p.m. at the soda fountain and student lounge.

Entertainment is being furnished by such talented performers as Newell Curtis and Howard Delano on the piano, Kent Matthews, a campus magician, the Phi Delt quartet, Betty Lozon, a Burlington personality and others with genial Brown Baldwin as master of ceremonies.

An added attraction for students with small children is a baby sitting agency in room 48 Waterman directed by Miss Faye Crabbe, head of the Nursing Department.

Music is being provided by Comstock's Queen City Melody Men.

This club is a relatively new organization on campus and is working for an increase in the scholarship fund, to help some worthy student in the Nursing Education curriculum. This event is the first large undertaking of the group and we are hoping for the cooperation of the student body in making it a success.

At the Nursing Education Club meeting on Monday, April 4, President Dorothy Squires presented the findings of the executive committee concerning the problem of whether or not the club, then in two separate graduate and basic divisions under one head, should again combine or form two completely separate clubs. Discussion followed and it was voted, according to the committee's suggestion, that the club should return to its former status of one organization including both graduates and basic students but with no divisions.

Nominations were made for officers for the ensuing year. The members present then voted, and it was arranged that those not present might cast their votes in Miss Crabbe's office any time before noon, Wednesday, April 6. The results of these elections were as follows: President, Jane Miller; Vice-President, Becky Caldwell; Secretary-Treasurer, Harriet Nichols; Social Chairman, Maxine Flint; Reporter, Martha Samson.

## Board of Trustees Grants Leave to Dean R. H. Kroepsch

The Board of Trustees of the University of Vermont, at the bi-monthly meeting Saturday, April 16, 1949, accepted a gift of \$2,980.00 from Edwin W. Lawrence, UVM '01, to be added to the fund for the Lawrence debating prizes.

The board, meeting in the Wilbur Library of the Fleming Museum, granted a leave of absence to Dean of Administration Robert H. Kroepsch for graduate study from July 1, 1949, to June 30, 1950.

Rolf N. B. Haugen, now assistant professor of political science, was appointed acting dean of administration for that period. Professor Haugen, a graduate of the University of Minnesota, received his M.A. at Harvard. He came to Vermont in July, 1947.

The Lawrence Debating prizes were established by Lawrence in two groups: the first in memory of his brother, Robert Ashton Lawrence, UVM '09, is offered annually to he students who in the judgment of the Department of Speech exhibit the greatest proficiency in debate; the second, established in memory of his father and brother, are awarded to three students participating in joint debate between Middlebury and Vermont who show the greatest proficiency.

### NOTICE TO CYNIC

Applications are now being received for the position of Assistant Tutors in the Men's Dormitories for the academic year 1949-50. Better than average grades are required and applicants should be members of the class of 1950 or 1951.

Tutors will be chosen and notified of their appointments before the end of the Spring Semester.

Applications should be submitted in writing to the Housing Bureau Office, Room 140, Waterman Building, before May 15, 1949.

### MILITARY BALL

(Continued from page 1)

The dance was a well-attended affair with many cadets of the UVM ROTC and veterans present. The Auditorium was decorated with green and gold streamers and embellished by the presence of rifle racks and military emblems galore; an archway of green and gold greeted the dancers on their arrival. At intermission an exhibition of precision drill was presented by twenty-four cadets of the UVM ROTC, under the command of Cadet Captain Don Steenburn.

The Ambassadors from Barre provided the music for dancing.

### What Will You Do After You Graduate?

#### EXECUTIVE POSITIONS IN RETAILING AWAIT TRAINED MEN, WOMEN

Attractive, responsible positions in stores or in teaching await graduates of the foremost School of Retailing. A unique one-year program for college graduates, leading to master's degree, combines practical instruction, planned market contacts, and supervised work experience—with pay—in well-known New York Stores.

### GENIUS

A young composer once came to Mozart for advice on how to develop creatively. "Begin writing simple things first," Mozart told him, "songs for example." "But you composed symphonies when you were only a child," the man exclaimed. "Ah," Mozart answered, "but I didn't go to anybody to find out how to become a composer!"—David Ewn.

**JOHNNY** LIFTS LARRY TO OLYMPIAN DELIGHTS WITH A CINEMATIC HOUR!

COME ON, LARRY! YOU HAVE TO BE PHOTOGRAPHED. YOU'RE PICKED TO ESCORT DOLLY DARE, THE HOLLYWOOD HETAIRA, OUR CHOSEN PROM-QUEEN

IMAGINE PICKING THIS BIG JERK TO GO WITH PHOTOGENIC TRINITROTOLUOL LIKE DOLLY! SHE'S ASKED FOR A PICTURE OF HIM AND LOOK!

I'D GIVE MY CHIAROSCURO JACKET TO HAVE MY PICTURE SENT TO THIS LULU AND YOU SULK!

SMOKING AND STUDYING SO HARD HAVE LEFT ME PEDICULOUS. I HAVEN'T THE VELLEITY TO OGLE THE QUEEN OF SHEBA

O-O! SOUNDS LIKE CIGARETTE HANGOVER!

JOHNNY'S RIGHT, BOY! PHILIP MORRIS IS THE ONE CIGARETTE PROVED DEFINITELY LESS IRRITATING!

CAME THE GREAT DAY AND PHILIP MORRIS HAD CLICKED

WE PICKED A SARTORIAL TREAT FOR DOLLY, BIG FELLA

WELCOME DOLLY DARE  
NOTICE THE BRIGHT NEW STRIPES IN HIS DISPOSITION

LARRY, YOU'VE GOT CIGARETTE HANGOVER, SWITCH TO PHILIP MORRIS AND END IT

ALL RIGHT MEN, I'LL GIVE IT A WHIRL!

EASY THERE, APOLLO! THE TRAIN TRIP BORED ME AND I SMOKED TOO MUCH—I'M APT TO BITE

GET HEP GORGEOUS! SWITCH TO A COUPLE OF GENTLE CHARMERS LIKE PHILIP MORRIS AND MYSELF

LARRY, YOU'VE GOT TOP BOX-OFFICE APPEAL FOR LITTLE DOLLY—LET'S SIT OUT THE NEXT CHORUS AND ENJOY PHILIP MORRIS

HOW CAN A GAL BE AS INCANDESCENT AS YOU AND YET SO COOLLY INTELLIGENT?

Use These Words With Tongue In Cheek!  
(Plan to use ONE every week!)

CHIAROSCURO (kee-ar-ee-skoo-ro) — A pattern of light and shade.  
CIGARETTE HANGOVER — (to be whispered, never pronounced). That stale, smoked-out taste, that tight, dry feeling in your throat due to smoking.  
CINEMATIC HOUR (ee-see-matic) — In short, a beautiful film star.  
HETAIRA (het-air-eh) — A play-girl (ancient Greek type).  
INCANDESCENT (in-can-dess-ent) — Glowing.  
PEDICULOUS (ped-ik-u-lus) — Bug-infested.  
PYTHIAN (pith-ee-an) — Devoted; from Pythias, that famous friend.  
SARTORIAL (sar-ter-yal) — As of a snappy set of threads.  
TRINITROTOLUOL (try-ni-tro-tol-u-ol). T.N.T.  
VELLEITY (vel-lay-tee) — A slight nebulous wish.

### Here's the Moral to Complete Our Tale —

Behind our playful plot, our intentions are serious: we want you to discover for yourself the welcome DIFFERENCE in cigarettes that PHILIP MORRIS can bring you.

Established PROOF of that difference is too extensive to be detailed here—but pre-medical and chemistry students, who will be especially interested can get it in published form FREE, by writing our Research Dept., Philip Morris Co., 119 Fifth Ave., N. Y.

## UVM's Debate Team Rates Third In Entire Nation

### HARRINGTON RATED BEST OF DEBATERS

Third in the entire nation was the record chalked up by UVM's crack debate team, John Harrington and Tom Hayes, at the Third Annual National Championship Debate Tournament, held at West Point last week-end, April 20-23. In addition, Harrington was named as one of the fifteen best speakers from the thirty-four schools from all sections of the country that took part. Each of these thirty-four schools represents a top team from its section of the country, having been chosen to compete either on the basis of an elimination tournament involving many other colleges from its district or on the basis of an outstanding record for the year.

Among this keen competition, the Vermonters reached the semi-final round of the tourney Saturday afternoon, only to be defeated by Baylor of Texas in a very close 3-2 decision. They had previously won out over Baylor in a preliminary seeding round that very morning. Of these eight seeding rounds, Hayes and Harrington won six, also defeating Ottawa of Kansas, San Diego, St. Mary's of Minnesota, Augustana of Illinois, and North Texas State Teachers' College, last year's national champions. They lost to Montana and Phillip's College of Oklahoma.

While Vermont was losing its semi-final round, the other semi-final saw the University of Alabama defeat Ottawa. Alabama then went on to win in the finals over Baylor and capture the title. UVM attained its rating of third on the basis of outranking Ottawa on a point basis as well as having previously defeated them. During the previous quarter-final round Vermont beat Kansas, the only team which succeeded in beating Alabama, during the entire tournament.

Vermont has made a consistently outstanding record at West Point. This year

(Continued on page 8)

### Dance Presented By Professional Group Applauded

Sponsored by the Student Government Cultural Committee, five professional dancers presented a fascinating recital of Spanish and modern dances at Southwick on Wednesday evening, April 20, at 8:15 p.m. All the work on the dances, including costumes and choreography, was done by the dancers themselves. They were assisted by William N. Thompson who designed the costumes and set for the final dance. Choreography for the solos was done by the soloists who danced them.

Rita Berger danced two Spanish dances and one Hungarian folk dance which brought out her vivacious personality. Her costumes were very bright in color and this added to the atmosphere of her performance. In contrast to these fast-moving, lively dances were those danced by Joan Roessle. Sophisticated in appearance, she portrayed very subtle feeling and emotion in the three solos she chose to do. She dressed quite simply to bring out the movement and flexibility of her body.

Batya Heller and Dorothy Madden appeared through the courtesy of the Dance Theater of Washington, D. C. These two women danced a variety of dances and showed excellent precision and coordination in them all. In addition to their solos they danced three times together in three entirely different pieces. Mary Louise Lee rounded out the group with one solo and two duets. Her treatment of her part in "Pardon My Tutu" was comical and brought a laugh from the audience. She was graceful in some parts and awkward in others.

### Joint Conference Held By Student Union At Southwick

On Wednesday evening, April 20, the Student Union Council held a joint conference at Southwick. All women students were invited to air their complaints and give suggestions about the Student Union rules.

Miss Woodard presided over the meeting which covered many major problems. The first of these problems is that of disciplining the women students. Up until now the penalty has been the loss of social evenings for misbehaving. This has not proved too successful, so it was suggested that instead of taking the social evenings away, they should just be shortened for a period of time. This system will keep the offense in the girl's mind since she will be reminded of it each time she signs out. Dean Simpson thought that the students should be made to be in at 8:00 each night instead of 9:00 for offenses. She also suggested that the times taken off social evenings, if that system is used, should be on a scale. This would mean fifteen minutes removed for the first offense, thirty for the second, etc. Although no definite conclusion was reached, many suggestions were offered which should aid in a solution to the problem.

Next on the agenda was the problem of the scholarship this year. Doctor Lange and the scholarship chairmen have devised a plan which seems to be working. Dean Simpson mentioned the girls' low marks this year. Miss Woodard asked that the mid-semester marks be handed in a few weeks later than they are. The question was raised whether or not freshman women under warning have to stay in their rooms during study hours. It is in the rule book that they do, and after a lengthy discussion it was decided to keep the rule, but to reword it when the rule book is revised.

Dean Simpson mentioned that the women students this year seem too social-minded. All they are concerned with is getting more social privileges instead of being concerned with longer study hours. The reason for this may be that freshman camp makes UVM seem like too much of a "country club." There is no orientation to studying. The question arose as to how this might be done. The solution is in putting more emphasis upon why we are here. This will be suggested to the committee working on freshman camp for next year.

This is the first year that the girls have been able to stay out until 9:00 each night. Prior to this year they have had to be in at 8:00. Many suggestions were made for next year but no definite conclusion was reached.

The behavior of university women on public conveyances was discussed. They are not to smoke on them. This rule will be added to the smoking rule already in the rule book.

At the close of the meeting slips of paper were passed around for any problems that time did not allow for discussion.

### CYNIC VIEWS COMING EVENTS

April 27

4:00 p.m. Student Government Meeting, Lounge, Waterman.

Representative from Filene's will be on campus to interview senior women interested in merchandising.

April 27-29

2:30 & 8:30 p.m. Laurence Olivier presents *Hamlet*, Strong Theater.

April 28

7:15 p.m. Square Dancing for all students, Southwick.

7:30 p.m. IRC Sponsored Discussion on the Atlantic Pact.

Speakers: Professors Schultz, Wilford and Stoel.

Moderator: Malcolm Severance, Rm. 216, Waterman.

8:15 p.m. Concert by the University Campus Orchestra and Choir, Ira Allen Chapel.

Conference on Vermont Building Problems, sponsored by Home Economics Department, Fleming Museum.

April 29

1:00 p.m. Chapel, Ira Allen Chapel.

5:00 p.m. Cynic meeting, reporters, feature writers, sports writers.

April 29-May 1 Newman Club Convention, Boston, Mass.

A.I.E.E. Dance.

April 30

UVM vs. Bates, baseball. Centennial Field.

8:30-12:30 p.m. A.I.E.E. Conference, Professor McKee, Museum Auditorium.

May 1

Vermont State Symphony Orchestra, Alan Carter, conducting; Elena Barberi, soloist, Memorial Auditorium.

May 2, Founder's Day

3:30 p.m. Convocation, Memorial Auditorium, attendance required.

Classes excused from 3:00 p.m. on.

May 3

7:00 p.m. Cynic photo staff meeting, Dark Room.

7:30 p.m. Card party sponsored by the Home Economics Club at the Fleming Museum Art Gallery, admission, twenty-five cents.

### SAE Holds Banquet And Initiation On 20th Anniversary

The initiation of twenty-eight new members, a banquet at Happy Acres and a dedication of rooms at the chapter house to certain members now deceased marked the celebration of the twentieth anniversary of Sigma Alpha Epsilon on this campus this last week-end as the actives played host to many of the chapter members and other alumni of the chapter as well as a past national president of SAE and the present province president of Province Alpha of which Vermont Beta is a member.

Bro. Charles Collins of Boston officiated at the initiation and was the main speaker at the banquet. In his speech he dwelt on the fraternity as a national and the part Vermont Beta has played in the national picture.

Other speakers at the banquet included Bill Paddock of Boston, the province president; Proge Page, University treasurer; Peanut Barry of Montpelier, a charter member of the chapter; and Bernie LeMieux of New York, '25. Speaking as the representative of the newly initiated group was Ed Raffile who gave the pledge viewpoint to those present. Brothers Harry Bolwell and Chuck Constantino, both past presidents of the chapter, said a few words in retrospect dealing mostly with the growth of the chapter since the war.

### Foreign Students, Guests of IRC, Tour University Campus

Holland, Turkey, France, Norway, Finland, and China visited UVM campus April 13. Students from Harvard and Williams toured Vermont's campus as guests of the International Relations Club. The group of foreign students were on a tour of New England campuses during their vacation.

Gerrit Blaauw represented Holland. A typical blond Dutchman, Gerry is enrolled in the Graduate School of Arts and Sciences at Harvard. Gerry, a physics major, graduated from Lafayette College. The Hague is his home town.

Jaakko Hintikka from Korso, Finland, spoke with the most unfamiliar accent, but like all his traveling companions, spoke an understandable English. Jaakko is in his sophomore year at Williams College, studying mathematics.

Rasin Birsell, enrolled in the Harvard Graduate School of Business, is from Istanbul, Turkey. He graduated from Purdue University. Rasin said that he is constantly called "Raisin" by Americans who do not accent the first syllable of his name correctly.

Gordon Yeh, from Kinshwa, China, is a graduate of the National Central University in Nanking, China. He received his Master's Degree from Stanford University. Now he is a student in the Harvard Graduate School of Engineering.

A special scholarship for studying transformers in the United States was granted to Lars Sundseth by the Royal Norwegian Scientific Research Board. Lars graduated from the Institute of Technology in Trondheim, Norway, and is now enrolled in the Harvard Graduate School of Engineering. Lars is the most recent arrival to this country, having stepped foot in this country last September.

Jean Cotillon, from Paris, France, is doing graduate work also at Harvard. He graduated from Harvard's School of Business Administration.

Wednesday, after arriving here, the group ate supper at Waterman with members of IRC and UVM foreign students as their dinner companions. The conversation was a strange mixture of various accents and topics, truly international. That night the fellows attended the presentation of Shakespeare scenes. The IRC had arranged, with the cooperation of the administration, for them to stay overnight in the boys' dorms. Delta Psi and Sigma Alpha Epsilon entertained them as their guests for their meals on Thursday. Thursday morning they visited various mills in Winooski and then left for New Hampshire. In New Hampshire, the boys visited Dartmouth and the state legislature in Concord. From there, they returned to their respective colleges. Before coming to UVM, the group visited Springfield College, Marlboro College and Bennington College. They also toured many manufacturing plants on their trip.

Hedi Ballantyne, president of IRC, was the group's guide while it toured the Vermont campus. Julian Leavitt, an American fellow-student of the Harvard students, was their driver and guide for the entire trip.

### TYPISTS NEEDED

Typists are needed immediately to work on material for the 1950 *Ariel*. Anyone interested who can type contact Carolyn Chapman, Tel. 3092, or Newell Curtis, Tel. 741.

### Sabens and Curtis Announce Program For Junior Week

UVM Junior Week will open Thursday afternoon, May 12, with the traditional "Peerade," co-directors Marshall Sabens of Essex Junction and Newell Curtis of Montpelier announced. The "Peerade" will be at 4:00 p.m. The floats will line up as usual at the north side of the gymnasium, parade down Main Street, up Church Street, up Pearl Street, and back to the gym.

Thursday night the Junior Week dance, featuring the music of Shep Fields and his orchestra, will be held in the Memorial Auditorium.

Friday and Saturday evenings May 13 and 14 the Junior Week play, "You Can't Take It With You," will be presented in the Southwick Auditorium.

Preceding the play Friday night, Staff and Sandal, the women's junior honorary, will give out awards for the floats in the "Peerade."

The Dramatic Club will present a rotating cup for the best all-round float. There are two first prizes, one for the men and one for the women, and two second prizes, one for each. The floats will illustrate the Junior Week play.

The Independents are to be considered a fraternity.

The floats will be judged on the following basis: (1) Originality, (2) Advertising qualities, (3) Artistic qualities, (4) Performance.

Sunday afternoon, fraternity and sorority houses will hold open houses.

The following are members of the committees for the Junior Week dance: Decorations, Elly Hayslip, chairman; Priscilla Hale, Scott Mahoney; Tickets, John Steinmetz, chairman, Bob Vachon, Mary Jo O'Neill, Barbara Fradenburgh, Jean Ritchie; publicity, Rita Karp, chairman, Millie Joslin, Bud Stearns, Bob Taisey.

### Perkins, Bailey To Head Outing Club For Coming Year

Robert Perkins, Jake Bailey, Susan Glenn, and Howard Lehnert were elected as president, vice-president, secretary and treasurer respectively of the Outing Club at a regular meeting of the Outing Club Council Tuesday evening, April 19. They assumed their new offices as of that evening, and will hold them until next year at this time.

A vote of appreciation was given to the retiring officers, Clifton Havens, president; Elbert Isham, vice-president; Robert Perkins, secretary; and Harold Stowe, treasurer.

The spring schedule of outings is underway already. Last Sunday, the club opened its spring hiking season with an afternoon hike to Red Rocks Mountain in nearby Hinesburg. Next Sunday a work party is being held at the Outing Club Cabin on the west side of Mt. Mansfield. The Outing Club rents a cabin from the state and is gradually trying to fix it over inside and out for use as an overnight cabin with bunks and general use on hikes and ski parties. All Outing Club members are welcome and may sign up for the party in Waterman's lower corridor. As on all Outing Club activities out of the city, transportation is arranged for.

The following week-end, May 8 and 9, will bring a hike over some of Mansfield's picturesque trails to Butler Lodge on the southwest face of the mountain. The party will leave Saturday afternoon, stay

(Continued on page 5)

## Wetzell's Music For Millions

Music for millions is almost what Don Wetzell is making. At any rate, he makes music for Vermonters with his UVM recordings. If somebody sang it or played it, Don Wetzell has it, recorded and on sale simply for the ordering. He has made over 100 recordings here at UVM and is on the way to making many more.

Don started out with a disc recorder, selling his records on a small scale. Now he has expanded his business and uses a tape recorder allowing him to reproduce a much larger number of discs from the original as made on the magnetic tape, used as a master. For him, it is not only a money-making project which sees him through college, it is in line with what he plans to do after graduation.

Like a newspaperman with his camera, Don Wetzell and his mike get everywhere they can. His substantial collection includes selections by the choir, band, the Catamounts, the well-known quartet, the Melodians, and covers such events as the fraternity sing and the various concerts during the year.

Among the more popular are some of the traditionally UVM selections: *Cotton Babs* by the UVM Band, *Champlain* by the Choir, and two more by the Band, *Vermont Victorious* and their version of *Champlain*. Selections from the *Messiah* as presented at the Christmas concert by the Choir may also be obtained. He has available almost all the college songs, and many of the fraternity songs the latter

of which were recorded at the fraternity sing.

The Melodians' ever-popular version of *Coney Island Baby*, and *Vermont Green and Gold* are among the favorites of the quartet's repertoire. The Catamounts' theme song, *Feeling Zero*, *Lover Come Back*, and *Boogie Blues* are among the best sellers also. Jacqueline Hawley is the vocalist on the Catamounts' discs.

In addition to concerts by the band and choir, Don covers concerts by local talent given in town. He plans to cover the secular concert to be presented this week by the orchestra and choir and the opera which the choir is to present this spring. He is also working on the sound for the movie which is being produced on campus life and UVM. On the side he makes private recordings for individuals to suit their special needs.

With this variety of events to record and work with, Don finds not only that he gains excellent experience, but that it is constantly interesting, having no set and unchanging routine. With some five hundred dollars worth of equipment, he has built a prosperous business which has paid for itself already.

UVM recordings are unique in that the purchaser may have whatever combinations he wishes as the discs are cut to order, and any selection may be ordered to back another to suit the individual. Orders are taken through the University Book Store at all times.

## New Windfall And Workshop Editor Is David Sullivan '50

Dave Sullivan was unanimously elected editor-chairman of the Writers' Workshop and the campus literary magazine, *Windfall*, at a meeting of the Workshop, April 21 presided over by Joyce A. Venti, outgoing editor-in-chief. Other new officers elected were: Prose editor, Betty Burnett; poetry editor, Larry Van Benthuyzen; art editor, Mike Wiedman; business manager, Floyd Eckerson; public relations chairman, Francis Rost; exchange editor, Madaleen Ellis; secretary, Lucy Thornton.

Previously, the editor-in-chief of *Windfall* and the chairman of the Writers' Workshop were separate officers. The outgoing staff has decided that for better coordination of the two organs the two offices should be combined. The editor will not only direct and supervise the magazine and workshop but also handle make-up and lay-out work. It was decided at the meeting that the new staff would immediately take office and put out the spring issue of *Windfall*. Each staff will hereafter issue a spring and then a fall magazine. That no manuscripts would be returned was another policy decided upon. If a writer does wish to have his work returned, he should include a self-addressed, stamped envelope with his manuscript.

The new editor-chairman is most appropriately an English major and intends to go into writing upon graduation. His field of concentration will be architecture, both fiction and feature. Since Dave was chairman of the Workshop this past year, he has the needed experience for his new post. Dave is anxious to build the Workshop into an active and effective group as he believes "the college that does not have an active writer's group shows a stagnant point in education."

The prose and poetry editors will have the job of gathering, reading, and helping select all literary material for *Windfall*. A freshman, Betty Burnett, the new prose editor, also wants to be a writer. She attended school in Liverpool, England, and is an English major. The poetry editor, Larry Van Benthuyzen is a sophomore Liberal Arts student from New York State. He wrote poetry for Elmira College and did public relations and radio work in the army. Art Editor Mike Wiedman is a junior pre-med student interested in anatomical studies. He

(Continued on page 8)

## Vermont Symphony to Feature Elena Barberi, Pianist, May 1

Elena Barberi

Elena Barberi, Vermont pianist, will be the soloist with the Vermont Symphony Orchestra at a concert Sunday, May 1, at the Memorial Auditorium here in Burlington. Featured on the program will be Beethoven's *Emperor Concerto* as performed by Miss Barberi.

Miss Barberi has appeared at Town Hall in New York City, and originally comes from Barre. Conducting the Vermont Symphony Orchestra is Alan Carter from Middlebury. Tickets are on sale at Bailey's Music Rooms.

## Fleming Museum Association

"Entertainment, education, and instruction are the main purposes of the Fleming Museum Association," stated Mr. H. B. Eldred, Acting Director of the Museum. Not only does the Association sponsor the well known series of movies, but it also sponsors many lectures, previews, and other special events.

"This Land is Mine" with Maureen O'Hara and Charles Laughton from the RKO service which has shown April 21 was one of the services of the year. The Association also sponsored a preview tea for the Northern Vermont Art Exhibit at which members met various of the artists and were shown the exhibit. Another project is helping to redecorate the auditorium; they are putting up new rose-colored drapes and painting it. Currently an exhibit of Cleveland water color artists is on display.

No admission may be charged at the time of showing on many of the movies

and collections which the Museum receives, and therefore, only such types of organizations as the Association may show them. The series of movies shown are on this condition and also art collections received from the Museum of Modern Art in New York City.

The Association is a phase of the program to make the Museum a definite part of University life. They aided with settings in the recent plays staged by the Shakespeare class. Mr. Eldred urged that any members or students who have any suggestions to make for possible improvements or innovations should by all means give them to him.

Membership in the Association is open to anyone, to students, \$1.00 for a year, to adults, \$3.00 for a year. This money goes toward the many projects the Association sponsors.

## CAREERS AT GENERAL ELECTRIC

General Electric is not one business, but an organization of many businesses, offering opportunities in virtually all the professions. Here three G-E men brief the career possibilities for the business trainee, the technical graduate, and the chemist.

### FROM BTC TO TREASURER

J. D. Lockton (Michigan), G-E Treasurer: "As an alumnus of our Business Training Course, I consider it one of the best avenues by which liberal arts or business administration graduates can enter into a business career at General Electric. Every year sees BTC-trained men rise to positions of real responsibility with the company."

### CAREERS FOR TECHNICAL GRADUATES

K. B. McEachron, Jr. (Purdue), Manager, Technical Education Div.: "There's no substitute for on-the-job experience. So we have carefully planned our educational programs to include 'learning by doing.' A wide variety of courses are open to those wanting to extend their studies, whether they are engineers, physicists, chemists, metallurgists."

### CHEMICAL WRITER

Tony Forni (R.P.I.) of the G-E Chemical Dept.: "At General Electric I've combined my interest in chemistry—I'm a chemical engineer—with an interest in advertising. Result: I handle promotion of the new synthetic called silicones. As new products are developed, there's many an opening in this technical side of G-E advertising."

For further information about a BUSINESS CAREER with General Electric, write Business Training Course, Schenectady—a career in TECHNICAL FIELDS, write Technical Personnel Division, Schenectady, N. Y.

ALPHA CHI OMEGA

Installation of new officers for the year 1949-50 took place last Monday night. The new officers are as follows: President, Carolyn Chapman; first vice-president, Rose-Mary Traynor; second vice-president, Joyce Rogerson; recording secretary, Evelyn Bemis; corresponding secretary, Marilyn Shea; treasurer, Joan Ganow; Lyre editor, Lorraine Ayers; rush chairman, Louise Gee; chaplain, Harriet Gregory.

Monday night "Sweet Alpha Chi Girl" was sung to Esther Havens for her recent pinning to Hobie Cook, and to Ann Archibald for accepting a pin from a Brown man.

The pledges are beginning to get materials to redecorate the old chapter room. Although the color scheme and theme are indefinite, the Alpha Chis are eagerly awaiting the opening of the new "rec" room.

Red roses to Lynn Davis and the deepest gratitude for a 'most successful year as president of the sorority.

ALPHA EPSILON PHI

Late Saturday afternoon, April 2, four new sisters were initiated into the ranks of members of Alpha Epsilon Phi. After the impressive ceremony which ritualist Lorraine Grody and Dean Adele Kaye conducted, Edith Aronchek, Leonore Blitz, Rhoda Finklestein, and Carol Henshaw received their official sorority pins. A banquet followed at the Hotel Vermont for both the old and the new sorors. The new officers were also installed by Sister Kaye.

Thursday and Friday nights, March 31 and April 2, anyone who happened to attend the revival of the hilarious "My Sister Eileen" could have seen Esther Thomas gain new laurels—in her original role.

Alpha Epsilon Phis also submitted a capable candidate for the Military Ball Queen competition, Claire Orson.

With spring finally here, the sorors are tuning their voices in anticipation of the annual interfraternity sing. Actual practice will begin after the Easter recess. A sorority formal and a picnic will climax the school year activities.

ALPHA TAU OMEGA

Three weeks ago elections were held for vacated positions. One top post, left by Paul Kelley who has gone home to his "baby," was filled by "Sim" Ralph. He, it so happened, opened his mouth once too often and proceeded to take an overwhelming majority for the election.

The next week saw the initiation of four new brothers. Congratulations go to Brothers "Cy" Ferland, John Tampas, Armand Beliveau, and Dean Moore.

The basketball team led by Dick Brecker, Gus Simonds, Don Cullison, John Tampas, Bob Fallon, Bob Tague, and Jim Simonson wound up in a tie for second place in league "B." Now it is volleyball season, and the Alpha Taus will be out for blood. Also the interfraternity track meet finds a few of the boys pounding around the gym track. The track group is led by Brother Art McCann, varsity hurdler.

A fine party was held at Alpha Tau on the night of March 12. Dancing to the soft music was the main attraction as Alpha Taus and their dates had a gay evening. Our chaperones, Mr. and Mrs. Shedko, Mr. and Mrs. Ricciardi, and Mr. Saindon, had an excellent evening, and we wish to thank them for their part in making the evening a real starter for the oncoming spring parties.

DELTA DELTA DELTA

The past week has been pretty exciting at Tri-Delta house. The whole house raised an uproar when Janie Smith came in Friday night with Dick Long's pin. The Phi Delts serenaded Monday night which gave the pledges a special thrill.

On clean-up day the workers were especially industrious and energetic. The smoke got so thick that the Burlington fire chief paid a personal visit to the TD house.

Four girls were initiated Tuesday night: Marie Gerdon '49, Dorothy Squires '51, Lucy Thornton '51, Barbara Whitney '51.

Officers elected for the coming year are: President, Milly Joslyn; vice-president, Barbara Whitney; treasurer, Alice Streeter; recording secretary, Bette Kerin; marshal, Marjorie Fullam; chaplain, Carol Greenwood; historian, Barbara Preston; librarian custodian, Glenna Gee; publicity chairman and corresponding secretary, Lucy Thornton; scholar-

ship chairman, Barbara Fradenburg; rush chairman, Jean Hurlburt; social rush chairman, Lynn Wheeler; service projects chairman, Ainslee Hanlon; extracurricular chairman, Jean True; song leaders, Sherry Bostwick and Dot Squires; Pan-Hel representatives, senior, Pat Tucker, junior, Alma Warrell.

PHI SIGMA DELTA

Phi Sig entered March '49 like a lamb and rounded out the month in a lion's fashion. Among the changes, additions and surprises were election of new officers, an enlarged pledge welfare program and a stimulating pledge dance.

New leaders in our fraternity include Ed Struhl, Master Frater; Paul Chusid, Vice-M. F.; and Paul Hackel, Mel Lazar, Mike Wiedman, Joe Levin and Lenzie Miller as members of the Executive Committee also assuming various organizational positions.

The pledge class, in cooperation with the Good Fraters has continued the fraternity's increased accent on welfare projects. Arrangements were completed with the Mary Fletcher Hospital to have our men visit with the sick and be available for any ward duty necessary. Fraters are well aware now that a derby-looking hat is not a derby hat when it has a handle on it.

Excellent, and somewhat provocative entertainment in our downstairs night club high lighted an interesting pledge dance at the end of March. The Slinging Waiters and Torchy Lash combined to set a fast pace for the evening's enjoyment.

TAU EPSILON PHI

The elections of TEP officers was put back this year so that the new brothers would be able to have a vote as to who would be their officers for the ensuing year. At our meeting last Monday night the following officers were elected: Dick Kinsler, chancellor; Herb Levine, vice-chancellor; Steve Berman, scribe; Ted Irwin, bursar; Stu Lerner, historian; Mel Zabarsky, warden; and Bernie Shapiro, chaplain.

The Social Committee bowed out in rags this year. Anyone who visited the TEP house last Saturday will admit that he was somewhat aghast at the way the dining room had been decorated. The TEPs had an "old clothes dance" that

night, and the ingenious Social Committee consisting of Steve Berman and Fred Sigman had strung up as many odds and ends of clothing as they could find around the house. Most of those who attended are still wondering from whose room they got those pieces of "odd" clothing that hung above the window. Many of the dancers would find themselves duck-

ing around pajama tops to get a look at their dates. The high light of the evening came when George Rudes, Master of Ceremonies, directed the games which took place. Games played were "Dancing Under the Stick" and "Find the Ring." Coffee and sandwiches were served later and it seemed that was all that was necessary to make the evening

All editorials and business communications must be signed and addressed to the proper department head at the Vermont Cynic Office, Waterman. Brief notices must be handed in at the office not later than 8 a.m., Thursday. Office Telephone 5000—Extension 344.

Founded in 1883. Published weekly during the college year. Subscriptions \$2.50 a year; single copy, five cents. Acceptance for mailing to points outside Burlington at special rate provided for in Section 406 P. L. and R. Act of March 3, 1879, authorized October 14, 1926. Publication Office, 187 College St., Burlington, Vt.

History does repeat itself and in this case one finds one of the more inept solutions in the process of fixing the blame. The CYNIC, as occurred last year, also has recently been one of the subjects for discussion at two of the meetings of Student Government, and from the facts involved, we are forced to admit that the CYNIC finds it all a bit tedious.

The first basis of its accusations resulted from the fact that the CYNIC failed to print necessary information on the recent Pep Rally, to all of which the CYNIC is willing to plead guilty. The basis of the second point of attack arises, however, from the closeness of the vote and the admitted mishandling of the March 22 election for a replacement to the Student Court. Stuart Moffitt was awarded the position by the margin of one vote over Will Robertson, before Robertson protested the election. The matter has been brought up before Student Court and due to the Court's inability to reach a decision recently, will without doubt be decided soon. Several aberrations in the voting procedure have been established and Robertson feels justified in protesting it: some students simply were not given ballots on election day for a Student Court justice (and an election official has admitted as much), on the grounds that they were not juniors—virtually a contradiction of true voting procedure in this case. Some argument noted against the protest lies in the fact that the election was not protested until eight days after election, that those people refused ballots did not try very hard to press the issue since the polls were open from 9-5 and the ballots were refused for but several minutes. But all of this matter is for the Student Court to decide.

More vital to the interests of the CYNIC, however, are two of the conclusions drawn by an investigating committee of Student Government: (1) that an incorrect statement appeared in the March 11 issue of the CYNIC stating that only members of the College of Arts and Sciences could vote . . . for a justice, (2) that no retraction . . . appeared in the CYNIC, before March 22. To the first point the CYNIC merely points out that this "incorrect statement" was presented in truth by the Elections Committee itself. Secondly, the simple truth in making a retraction is that attention to the error must be made and that the CYNIC can retract no statement when no protest is made.

In light of the investigation, Student Government recently drafted a letter to the CYNIC stating the simple fact that "in order to have an informed student body it is vitally necessary that (the CYNIC) work in close harmony with . . . Student Government . . ." The CYNIC simply states that it cannot be the official rule book for Student Government and advises Student Government, first of all to "codify" its rules so that this constitutionless (sic) organization has a foundation for its accusations.

## My Favorite Bar

Have you noticed a box labeled "Lucullus Tidbits" that has had a prominent place in the Book Store window for several weeks now? Believe it or not, there is a story behind this box, and the chocolate bars, too, which come in eleven varieties—lemon cocoanut cream, milk-o-mint, coffee cream, coffee caramel, date-nut chew, marzipan, Austrian nougat, bitter-sweet, peanut butter caramel, molasses cocoanut, and chocolate mint with raisins. You won't find bars like these at drug store counters or in the slot machines, because the aim of Mrs. Sally Munro, the heroine of our story and the creator of "Lucullus," is not to make anything that you can buy elsewhere. Take a big bite of a "bittersweet" or "milk-o-mint," and listen to our tale.

Back in the war days Mrs. Munro's church in Cambridge, Mass., held a bazaar, at which she had a chance to show her candy-making ability. She had tried out recipes given her by her father, an ace confectionist, and the sales at her booth proved that she, too, had the precious ability to turn out toothsome tidbits, for her delicacies had made a hit—to the tune of \$165, whereas the former high had been \$50.

You can guess why Mrs. Munro finally gave up her job, and decided to give herself over completely to the confectionery business. Old friends and new speeded her on her way with donated marble slabs, supply cans, and copper molds. When she came to Burlington—a comparatively short time ago—she was ready to go to work in earnest, assisted in her thriving business by her son and partner, Al, and a woman who "dips." (By the way, Home Ecceers, before the supply catches up with the demand, Mrs. Munro may need a few "assistants!")

Stop wondering right now about "Lucullus." "Luke" was a Roman general who lived about 57 B.C., and was renowned for the good table he set. Hence the name for the tempting product put out by Mrs. Munro.

A service that UVM students may like—sending boxes of tidbits on festive occasions, birthdays, anniversaries, etc.—has been instituted by Mrs. Munro. Inquire at the Book Store for details!

The story of "Lucullus" is being featured this month by *Gourmet Magazine* (whose editors ought to know their business), so we suggest you look into these tasty tidbits and find your "Favorite Bar."

Ed. Note: Mrs. Munro invites anybody who is interested in finding out what goes on behind the scenes of a "sweetmeat seminar" to come down to 28 School Street and watch homemade confections in the making.

## This Collegiate World

Man comes into this world without his consent, and leaves it against his will. When he is little the big girls kiss him, and when he is big the little girls kiss him. If he is active in politics, it is for graft; if he is not interested in politics, he is no good to his country. If he makes a lot of money, he is dishonest; if he is poor, he is a bad manager. If he needs credit, he can't get it; if he is prosperous, everyone wants to do something for him. If he is religious, he is a hypocrite; if he doesn't go to the Temple, he is a hardened sinner. If he gives to charity, it is for show; if he doesn't, he is a stingy cuss. If he is affectionate, he is a soft specimen; if he doesn't care for anyone, he is coldhearted. If he dies young, there was a great future before him; if he lives to a ripe old age, he missed his calling. If he saves money, he is a tightwad; if he spends it, he is a spendthrift. If he has money, he is a grafter, if he hasn't got it, he's a bum. So what's the use?—Author unknown.

The inventor of fancy, unusually-shaped liquor bottles was a Philadelphia distiller named Edwin C. Booz. Soon after his invention, contents of Booz bottles became known as booze. Hence, the colloquial name booze, as used today.

—Camillus

A man reproaches himself for injuring his health, he regrets squandering his money, and he swears if the rain spoils his new straw hat, but the most precious asset he has, his time, he wastes away without a care.

—Camillus

I'm a great believer in luck. The harder I work, the more of it I seem to have . . .

—F. L. Emerson

## BEFORE

AND

## AFTER

## Letters to the Editor . . .

Founder's Day Exercises will be held on Monday afternoon, May 2, at 3.30 p.m. in the Memorial Auditorium. Classes will be held according to the regular schedule until 2.50 p.m.; later classes will be omitted.

Attendance will be required of all undergraduate students. Graduate students, special students, and students in the Medical College will not be required to attend. Attendance will be taken.

Seniors will wear caps and gowns and will march in the academic procession. This procession will form in the basement of the Auditorium at 3.10 p.m. Seniors and faculty members may enter the basement at the ground floor level through doors on the north and south sides of the building.

Women students will be expected to wear hats, and men students will wear ties and coats.

At the conclusion of the Exercises the faculty and seniors will march out of the Auditorium before the others are dismissed.

G. V. KIDDER,  
Secretary.

## Numberr Pulease

Do you ever stop to think that if Alexander G. Bell hadn't invented the telephone this world would be in a sad plight? Why, patients wouldn't be able to call doctors in an emergency, policemen and firemen wouldn't be available in time of trouble, and most of all UVM wouldn't be able to function!

Ha! So you think it's funny? Well, just sit back and relax while I'll tell you about one of the most time-taking and important jobs on campus. What? Why that of the ever-present Waterman switchboard operator.

Now wait a minute; maybe you think I'm joking, but really I'm quite serious. You should hear some of the incidences that happen to that poor operator. People forever calling the wrong numbers, long distance calls for those who have already graduated (or possibly have been "pitched out"), "slightly off balanced" fellas playing jokes, and the tiring task of always plugging in calls for Coolidge Hall. She claims that Coolidge gets more calls than any other dorm or office on campus, but many times the kids won't answer the phone because of the ever continuing feud of "I just answered the phone; now it's your time to do so!" True, girls?

There are only two instances in which it's impossible to get hardly any of the dorms (or offices, for that matter). Namely, meal time and mail time. The operator says it's really needless to try to make calls then because food and mail are first preference with anyone. (Of

course the telephone becomes a main figurehead, again, after the other two have been carefully taken care of.)

Remember the saying "boys will be boys?" Well, the fellas at Chittenden, Buckham, and Wills must take it to heart for they are forever on a rampage (over the phone, that is). The poor operator is driven into a frenzy by the inhabitants of those dorms. She says that it's never uncommon to discover that they've "removed" the phones from their sockets or poured "coke" down the coin slots. The calls they're forever making to the girls' dorms are so numerous that she wonders if they ever go to classes. Although the operator does not work late at night, she has been told of the many "mysterious" calls that are made by the "joke fiends" at the boys' dorms.

Now, the Waterman operator isn't always concerned with the dormitories for she has many other buildings and offices to contact, too. There are always the libraries, the infirmary, the book store, the dairy, and the admissions office (the hardest place to get in touch with sometimes).

The operator seldom complains about the incidents that are very bothersome. She "grins and bears" them, and her nerves and patience learn to remain calm always. There is just one thing she wants the students to remember: Don't talk any longer than is necessary, for too much "hot air" causes the wires to burn out.

## University Bookstore Again Publishes Daily Bulletins

The University Bookstore has again started publication of a daily bulletin which lists notices of general interest, along with buying hints from the store.

Started some time ago by Student Government, the bulletin was taken over last year by the bookstore. Many of the notices became too personal and interest waned so the idea was dropped.

In reviving the bulletin the bookstore hopes to obtain enough notices to make the bulletin an established custom. Letters have been sent to all campus organiza-

tions, telling of the new service and furnishing them with slips on which all information concerning a notice may be enumerated.

Miss Barney stated that items of general interest will be given precedent over any advertising but that personal notices will be printed only as there is room. Miss Barney also said that any suggestions will be welcomed.

Notices should be in the bookstore by 5 p.m. the day before the organization wishes bulletin coverage.

# U. V. M. Founder's Day, May 1, 1949

## Founder's Day And Ira Allen Commemorated At Convocation

When May 1 rolls around, no UVM student associates the date with May Day or the Communist parade but May 1 is first and foremost the birthday of Ira Allen. Generally speaking Founder's Day consists of a one day vacation from classes, the excitement of finding out who were lucky enough to be admitted into the honor societies, and the privilege of listening to speeches by various notables.

It wasn't always this dignified. In 1908 on Founder's Day everyone on campus took part in a parade which had its start by the Old Mill, wound down Church Street, and finally terminated at the rear campus. After the parade the exhausted students gathered on the campus where a beautifully decorated Maypole was erected. Twenty male lowerclassmen participated in the May pole dance although half of them were obliged to dress as ladies. In addition to the dancing, the participants were supposed to grab the streamers with their class colors. When the dance ended the presidents of the freshman and sophomore classes dug a hole in the ground and actually buried a hatchet thus symbolizing the end of all campus hostilities and the admission of

the freshman class to full membership in the college brotherhood. Since 1908 a different point of view was taken by the University as to how we should commemorate the birthday of our founder.

For a while Founder's Day exercises were limited and the lowerclassmen were not permitted to attend but this year the convocation will be held at the Memorial Auditorium instead of the Ira Allen Chapel so that the whole student body can attend. Incidentally all the seniors will be arrayed in very fashionable outfits. In fact every freshman on campus has hopes of wearing them. You're right, caps and gowns.

This year we will not get the usual day vacation because of the extra day that was granted during the hectic days of Kake Walk.

The honor societies that will announce their new members are: Boulder, Key and Serpent, Gold Key, Mortar Board, Staff and Sandal, Sophomore Aides, Tau Kappa Alpha, All Sports, Alpha Zeta, Omicron Nu, and the Bluestockings. Various proficiency cups and awards connected with those societies will also be given.

### The Moral of This Story Is—Don't Ever Endow A University

If Ira Allen, the father of the State of Vermont, were alive, he would have a birthday on May 1! Ira, brother of Ethan of Ticonderoga fame, is now recreated in bronze and stands guard over the University campus. In his early years, Ira led the life of a statesman. However, at forty, his political career closed and he entered the commercial and romantic period of his life. At this time he was the richest man in the state, boasting a million dollar estate, keeping seven mills in operation, and maintaining a ferry; indeed, an eligible bachelor. In 1789 he married Jerusha Enos and gave her for a wedding present the town of Irasburg. Two years later, Ira, realizing the need of a university, offered a fifty-acre plot of "pasture-like" field for the establishment thereon of an institution of higher learning. Thus in 1791, success crowned his long efforts not only to accomplish the founding of a university at Burlington, the city which he created, but the year witnessed the entrance of Vermont in the Federal Union of States.

Allen's fortunes, unfortunately, did not rest at this peak. His liabilities increased and the shadow of a debtors' prison hung low. Allen had canvassed the New York market for funds but now Europe seemed the last recourse. Again he left his family, only to spend months in a French prison. When every debt was paid, he left Paris for his native Vermont. There, some of his former friends had turned antagonistic and it was not long before Allen, by a cruel reverse of fortune, after endowing a university and acting as legislator and general, fled from the state he had founded. This was the last year he called Vermont his home. After parting with his wife and small daughter, he embarked on Lake Champlain for Philadelphia where he was to spend the remainder of his life before 1814 when he was laid in Valley Forge Park—the final resting place of Vermont's noblest son, Ira Allen. The moral of the story is: don't ever endow a university.

**OUTING CLUB**  
(Continued from page 1)

at Butler for the night, and return late Sunday afternoon.

The high light of the spring season in the Outing Club's activities is Mountain Day, scheduled this year for May 30, Monday. Mountain Day is open house at Mansfield when the council of the club plays host at a general tour of the mountain's many trails for anyone in the university who wishes to come. Hiking for everyone's tastes will be planned along with food and transportation.

Other activities will be posted on the Outing Club bulletin board downstairs in Waterman building as they arise. Council meetings are held regularly every Tuesday evening at seven in room 36 adjoining the student lounge. Any club members interested in joining the council or simply attending the meetings once in a while are cordially welcome.

So round, so firm, so fully packed — so free and easy on the draw

## Frosh Track Squad Romps Over BHS at Centennial, 80-37

Norm Strassburg's Kitten track squad opened its spring schedule by decisively defeating the Burlington High team at Centennial Field Saturday afternoon by a score of 80 to 37. The frosh showed plenty of depth in the field events particularly sweeping all three places in the discus, shotput and javelin, and winning ten out of the thirteen events.

Paul Putnam was high man for the Kittens with 18 points which he amassed by winning the 100-yard dash, the broad jump, the discus, and placing second in the 220-yard dash. Ed Anania, Bob Caswell, Lee MacDonald, Don Parker collected 8 points each with Porter and Densmore next with 7 and 6 respectively.

Allen of Burlington High showed fine mid-season form in winning both the 220-yard dash and 440. He ran the 440-yard race in 52.5 seconds which equals the UVM frosh track record. Intermittent showers apparently did not hinder the runners to any great extent as creditable times were turned in for all running events.

### Summary of events:

#### 120-yard High Hurdles—17.2

1. Parker, V
2. Bosworth, B
3. Mulack, B

#### 100-yard Dash—10.6

1. Putnam, V
2. Reynolds, V
3. Van Gelder, V

#### Mile Run—4:45.5

1. Constantine, V
2. Robinson, B
3. Shindler, V

#### Pole Vault—8' 9"

1. Millington, V
2. Graves, B
3. Mulack, B

#### 440-yard Run—52.5

1. Allen, B
2. Caswell, V
3. Fraser, V

#### 110-yard Low Hurdles—13.6

1. Bosworth, B
2. Bryant, B
3. Steffan, B

#### 220-yard Dash—23.5

1. Allen, B
2. Putnam, V
3. Scinzillo, B

#### Broad Jump—19'

1. Putnam, V
2. Anania, V
3. Bryant, B

#### 880-yard Run—2:06.2

1. Caswell, V
2. Durett, B
3. Robinson, B

#### High Jump—5' 4"

1. Anania, V
2. Parker, V
3. Bryant, Marchessault, B

#### Discus—122'

1. Putnam, V
2. Densmore, V
3. Porter, V

#### Shot Put—40' 1"

1. Porter, V
2. MacDonald, V
3. Remick, V

#### Javelin—161' 5"

1. MacDonald, V
2. Densmore, V
3. Porter, V

## NOTICE

With each package of Chesterfield cigarettes bought at the Campus Bookstore during the next few weeks, there will be a card with a letter in the upper right hand corner. When sufficient cards are collected to spell out the word "Chesterfield," the lucky fellow or gal will be rewarded with six free packages.

## Vermont Rifle Team Third Best In N. E.; Breen High Scorer

The UVM rifle team have put away their guns for another year, after displaying excellent marksmanship throughout most of the season. The team won the Northern Division of the New England Rifle League and placed third in post-season competition for the championship of New England, at Boston, during the last week in March.

Captain Johnson's squad opened the season with a non-title match against the University of Massachusetts, which was won by the Baystaters by a close 1337 to 1333. The ensuing matches took place against league competition and the Vermont marksmen did not loose a match which are listed below:

Vermont 1325—Bowdoin 1271

Vermont 1310—Harvard 1298

Vermont 1381—M. I. T. 1378

Vermont 1352—Dartmouth 1320

Vermont 1376—New Hampshire 1310

Vermont 1366—Norwich 1342

In the match at Boston, the team was pitted against the best in New England League competition: the United States Coast Guard Academy won top honors firing a 1398, M. I. T. was second, and UVM third. However, Vermont's Tom Breen attained some glory for the team as he fired a 281 to win individual honors as the best scorer of the meet.

The ten men on the squad all performed capably as attested by the fact that all will receive letters. Corron, Cooley, Steenburn and Jacobs will not return next year, leaving Breen, Faulkner, Davis, Simonds, Mercia and Hutchinson to carry the burden.

## 36 Report At First Meeting For Spring Football Practice

First call for spring football at the University of Vermont came on April 21 when Coach Fuzzy Evans and Assistant Coach Mike Kasap called an organizational meeting in the gym and greeted thirty-six candidates.

Several candidates participate in other spring sports so were unable to attend the session, but such outstanding men from last fall as Capt. Hobie Cook, Ed Comolli, Jack Powers and Jack Hudson answered the call along with many freshmen.

The first outside practice session took place on Monday, April 25 at Centennial Field. The practice session was without pads. The first drills consisted of practicing new formations, and kicking, passing and punting drills.

Coach Mike Kasap will take charge of the spring football duties for the most part as Coach Fuzzy Evans will be handling freshman baseball.

The freshman candidates from last fall seem especially good. They have weight and have the know how of football and should aid considerably in bolstering up next fall's varsity.

**LOST**—From the Cafeteria book rack, a German camera. Will the person who found it please return it to the Information Booth or put it back on the rack? It is not mine and cannot be replaced.

## Vermont Loses To Bowdoin Track Team; 77-58; Catamounts Lack Strength In The Field Events

Last Saturday at Brunswick, Me., the University of Vermont track team suffered a 77-58 defeat to Bowdoin College in the opening meet of the season. Although the Cats failed to avenge the loss of last year, they cut the margin of Bowdoin's victory by sixteen points.

Vermont's biggest weakness was in the discus, hammer, and broad jump departments. Bowdoin captured first and second in all three to gain 27 points. Vermont's first place contenders were Nostrand (hurdles), Randall (one mile), Mahoney (quarter mile), Potter (two mile), McLaren (half mile), Perkins (pole vault), and McIntyre (javelin).

### The summary:

High hurdles—Nostrand (V), Briggs (B), Barber (V). Time: 16.2.

One mile—Randall (V), Porter (V), Clark (B). Time: 4.45.

100-yard dash—Holmes (B), Haddigan (V), McIntyre (V). Time: 10.1.

440-yard run—Mahoney (V), Pandora (B), Emerson (V). Time: 50.8.

Low hurdles—Briggs (B), Nostrand (V), Carley (B). Time: 26.2.

Two-mile run—Porter (V), Bellows (V), Randall (V). Time: 10.52.

220-yard dash—Holmes (B), Pandora (B), Haddigan (V). Time: 23.7.

880-yard run—McLaren (V), Mahoney (V), Sheahan (B). Time: 2:02.1.

Discus—Nicholson (B), Paussiz (B), Bacchiano (B). Distance: 120 ft. 10¾ in.

Shot put—Nicholson (B), Draper (B), Ursprung (V). Distance: 44 ft. 11½ in.

Hammer throw—Sabastanski (B),

Fortin (B), Nicholson (B). Distance: 164 ft. 7 in.

High jump—Barron (B) and Bradley (B) tie, Bohlen (V). Height: 5 ft. 8 in.

Pole vault—Perkins (V), Nichols (B), Lovejoy (B). Distance: 10 ft. 9 in.

Broad jump—Holmes (B), Humphrey (B), Bradley (B). Distance: 20 ft. 6¾ in.

Javelin—McIntyre (V), Smethurst (B), Steinmetz (V). Distance: 195 ft. 5½ in.

## W.A.A. Notes

On Thursday, April 21 at 4.15 p.m. at Southwick, freshman and sophomore women met for a talk by Miss Helen Beresford of the Home Economics Department. The subject of her talk was "Clothes and the Individual." Roll call will be taken.

Except for Mrs. Evans' class and the 2.15 swim class which met as usual, there were no other physical education classes during the week of April 18. The indoor programs will continue through the week of April 25.

Outdoor programs will start May 2. Registration day for all sophomores will be on Tuesday, April 26, 9-12 and 2.30-4.30 p.m. Freshmen will sign up on Wednesday and Thursday April 27 and 28 at the close of each regular physical education period.

UVM To Be Host Of April 30 Convention Student A.I.E.E.

The University of Vermont American Institute of Electrical Engineers Student Branch will be host to the First District, A.I.E.E., at the annual district convention on Saturday, April 30. The meetings, at which eighteen schools will be represented, will be held in Waterman Building and the Fleming Museum.

Registration, on Friday evening in Waterman, will be followed by a smoker from 8 to 10 o'clock in the Student Lounge, Waterman.

At the Saturday morning session, which opens at 9.30 in the museum, technical papers will be read. The two students representing Vermont on this program are Neil I. Burrington, St. Johnsbury, and Byron H. Kretzman, Hempstead Gardens, N. Y.

At 2 p.m. bus transportation will be provided to Essex Junction and the Gorge for an inspection of the Green Mountain Power Corporation power plant. Also open for inspection will be the metals research laboratory of the Vermont Copper Company and the University of Vermont; the electrical engineering laboratories in Waterman; and the plant of Radio Station WJOY.

The visitors will be guests of the University for the baseball game between Vermont and Bates at 3 p.m. The final event of the program is a dinner in Waterman Cafeteria, at which Everett S. Lee, president of AIEE will be guest speaker and Emeritus Prof. W. Timbie of MIT will be toastmaster.

Besides Vermont, schools represented at the convention will be Norwich, M.I.T., University of New Hampshire, Tufts, Clarkson, Northeastern, Harvard, Rensselaer Polytechnic Institute, Cornell, Syracuse, Brown, University of Maine, Yale, University of Connecticut, Rhode Island State, Union, and Worcester Polytechnic Institute.

The boy settled down on his elbow, picked up the phone and after the usual wait heard "Number, please?"

"Look operator," he explained, "just give me any number in Parker Dorm, I'm looking for a date. Any number will do."

Always complying and never questioning, the operator did as he asked. The phone buzzed and soon a female voice helloed from the other end.

The lad explained his mission, how it had been accomplished and would she go out with him to a local movie?

The voice at Parker answered quickly, "I'm the housemother."

He hung up.—*The Daily Reveille.*

Netsters Prep For Opener At Clarkson; Squad Cut To Ten

Coach Fred Carpenter cut his tennis squad to ten men this week, and settled down to some strenuous practice in preparation for the season's opening game with Clarkson Tech at Potsdam, N. Y., on May 6.

The Catamount netsters should be stronger than last season when they won three while losing six. Vermont's first five players will be back in action headed by number one performer, Hammie Livingston, St. Albans. Behind him in order comes Capt. Mal Mickler, Providence, R. I.; Walt Fimian, Brattleboro; Bob Astone, Beacon, N. Y., and Dave Hill, Teaneck, N. J.

A dark-horse candidate for this spring's squad, and a lad who is a definite threat is Allen Hansen, New City, N. Y. Hansen played for Champlain College last season, and defeated UVM's number two man.

The remainder of the ten-man squad is composed of: Sky Banghart, Douglaston, L. I.; Norm Dennis, St. Albans; Sam Bloomberg, Burlington; Tom McGinty, Willimansett, Mass.

Coach Carpenter indicated that the team would move out-of-doors as soon as the University courts are in shape, and would start playing off to determine the top six spots.

WSSF Urges Pledges To Be Paid During Remainder of Term

The WSSF committee at UVM have been somewhat disappointed that the goal set for the drive has not been reached, but as reports have been announced by the New England office they have learned that among state universities UVM is leading the region. The last remittance sent to the New England headquarters at Amherst brought our total so far to \$1,901.54. If an appreciable amount of the outstanding pledges is paid, the total of \$2,000.00 is within sight and this will put UVM easily at the head of the New England state colleges. Anyone with an unpaid WSSF pledge is urged to pay it during the remaining weeks of the term.

The following campus and town organizations made group contributions to the drive:

Alpha Epsilon Phi Sorority, Ann Morris Circle of King's Daughters, Antonia Rebekah Lodge No. 11, Ladies' Auxiliary to Canton Lafayette No. 1, Delta Phi Epsilon Sorority, Health Council, Kappa Sigma Fraternity, Mortar Board, National Council of Jewish Women, Newman Club, The Opportunity Circle of King's Daughters, Pi Beta Phi Sorority, Women's Service League of St. Paul's, Women's Society of Christian Service of the Methodist Church, and the "Y" Business Girls' Club.

**MYSTERIOUS LITTLE MAN**  
**POPS UP ALL OVER TOWN**  
Burlington, Vt., April 27  
Detectives can't explain the mystery of a little man dressed in red, with lather all over his face, who has been popping up in local bathrooms while men are shaving. He hands the shaver a Pal Hollow Ground Razor Blade, and disappears. He does no harm; in fact, the men report that Pal is the best blade they've ever used. Yesterday he showed up in this office and left a note reading: "Pal Hollow Ground is the slickest, quickest blade going. They're in all good stores—you still get 4 for 10¢, 10 for 25¢, 21 for 49¢, 44 for 98¢—Double or Single Edge." Strange case, isn't it?

## Placement Office

By Betty Cole

A cooperative job placement program for college graduates will function for the second consecutive year according to an announcement made following a recent conference of college and public agency officials which was held in Burlington. Participating in the conference were placement and guidance officials of Middlebury College, Norwich University, St. Michael's College and the University of Vermont, together with representatives of the Veterans Employment Service and the Employment Service Division of the Vermont Unemployment Compensation Commission. Officials of Marlboro College at Marlboro, Vermont, while unable to be present at the conference, are cooperating in the placement program it was announced.

The special program of job finding assistance for college graduates was developed jointly by college and agency officials last year for the purpose of increasing placement aid to the greatly increased numbers of students who would be graduating due to the influence of the educational provisions of the "G.I. Bill of Rights."

The program is aimed at the employment of graduates of Vermont institutions of higher learning by Vermont employers. It was pointed out that never before had such a wealth of college trained personnel been available and Vermont employers are urged to take advantage of this opportunity to acquire individuals who, with experience, are bound to become key personnel. Representatives of the Vermont State Employment Service and the Veterans Employment Service will act as representatives of the colleges and will make widespread contacts among Vermont employers to learn of employment openings and to supply qualified personnel from available college students soon to graduate.

Applications of students from other states will be cleared with appropriate agencies in their home states for those students who plan to return there to seek employment. This clearance will be effected by the employment services.

College placement officials will assist in the program by supervising the registration of interested students, disseminating information concerning the plan and assisting in establishing contacts between students and employers. They will, at the same time, conduct their usual guidance and placement programs.

As a result of the conference, revisions in the program were made on the basis of experience gained in its initial year of operation. These revisions are intended to increase the efficiency of this service to students and employers.

## Poultry Club With William Jasper, Pres. Formed On Campus

The newest club on the campus is the Poultry Club, formed within the past month. Its members consist of Agricultural Students, particularly the Poultry-Majors. Although it is not a social club, it offers those interested an excellent opportunity for informal gatherings to discuss and hear speakers on the subject.

Besides having several informal meetings, the Club intends to sponsor a poultry judging team, which might start some intercollegiate competition in the near future. Also the Club wants to become the state unit of the National Poultry Association. The officers are president, A. William Jasper; secretary, Charles A. Proctor, and corresponding secretary Betty Anne Stephenson.

## NOTICE

A cigarette-ash tray combination set is being raffled by Staff and Sandal, and the proceeds of this raffle will contribute to the remodeling of Coolidge basement into a recreation room for the girls on Redstone campus. Tickets for the raffle are ten cents and three for twenty-five cents. The set will be given away May 12, at the first presentation of the Dramatic Club play, "You Can't Take It With You."

The other women's honoraries are assisting on the Coolidge Project.

## Husbands and Wives Invited to Attend Private Graduation

Lest the heroines (and the heroes) of the Class of '49 should depart this campus unsung, the University of Vermont and State Agricultural College extend a most cordial invitation to the wives and husbands of the members of the Senior Class to attend Commencement Exercises, at which they may enjoy the tearful thrills and sorrows of a Graduation Day all their own.

At 8:00 o'clock the evening of June 1 Southwick Auditorium will be resplendent with the lovely ladies and handsome gentlemen who, without reward or recognition, have toiled, worried and tutored to push "him" or "her" through.

Addresses, diplomas and awards will be presented to honor the candidates for degrees, while admiring husbands and wives dote with pride on the attainments of those who have seen them through.

While refreshments are being served following the program, respective spouses will have an opportunity to present to the graduates those members of the faculty whom they have invited and for whose early classes their faithful mates have seen them off throughout the past four years.

Within the next few days the married members of the Senior Class will receive cards on which they will be requested to list names of faculty members, whom they would like their wife or husband to meet at this informal function.

The committee consisting of Dean Simpson, Dean Kroepsch, Professor Webster, Alan Steinecke and Robert French

## Katherine E. White Addresses Women "Why Join AAUW"

Responsibilities to your country in return for the privileges of college was the thesis of "Why Join AAUW," an address given by Mrs. Katharine E. White of Red Bank, N. J., to UVM women Tuesday night, at Southwick.

The American Association of University Women is active in furthering better educational programs and enlarging opportunities for women. The Association not only offers graduate fellowships, but also International Study Grants, which have brought students to this country to study from many of the countries of Europe.

Degrees from 261 American colleges and universities are accepted as a basis for membership in the AAUW. At present there are more than 93,000 women college students in the Association.

Miss Winifred Stone, President of the Burlington chapter, conducted a brief business meeting. Mrs. H. W. Abraham, state president, introduced the speaker. Following the program, refreshments were served to about 150 members and guests.

will be happy to answer any queries. Remember, it is informal.

One last item—there will be no baby-sitting problem! Father can attend mother's graduation without a worry, (and vice versa), for a qualified sitter will be ready to step in and take over when the parents step out.

## Windfall

(Continued from page 2)  
worked in the exchange department of *Windfall* last year and is art editor and campus editor of the *Ariel*.

Replacing Will Robertson as business manager of *Windfall* is Floyd Eckerson, an alumnus of Champlain College and hailing from Northport, L. I. At present he is a history major, but plans to make law his future. Extracurricular activities include pitching for the Phi Delta Theta softball team.

Dramatic Club, WAA, CYNIC, and Bluestockings all are among Madaleen Ellis' varied activities. She is a history major and has teaching for a major interest. Experience includes teaching in rural schools for two years.

Francis Rost, the new public relations man is a junior from Westfield, Mass. He is an English major in secondary Education. Public relations is a new post on *Windfall*.

## Debate Team

(Continued from page 1)  
the only schools in the Eastern United States, besides Vermont, to enter the elimination rounds were George Washington University and the University of Pennsylvania. During the three years that this tournament has been held, Vermont is the only school in the entire country to reach the elimination rounds three times.

Both Hayes and Harrington were members of the team that won the New England Championship at MIT in February. Harrington is a senior and was a member of last year's national team. Hayes is a junior and holds the enviable record of twenty-three victories out of twenty-nine debate contests this year.

## Honoraries Announced On Founder's Day, May 2nd

### Undergraduates Hold Class Election At Chapel For Year

Norman Lash and Bob Herriott were elected for the top executive positions in the freshman and sophomore classes when these classes held their elections at mass meetings in Ira Allen Chapel, April 25. Other officers were nominated and elected from each of the two groups in accordance with the program to organize the classes under Student Government. Freshman posts besides the above-mentioned president, Norman Lash, are held by Bob Flanagan, vice-president; Carolyn Smith, secretary; Charles Salem, treasurer; and Dick Viets, alumni representative. Elected in the sophomore class to the same four offices respectively are: Larry Kimball, Jean Hard, John Tampas and Jean Austin.

Edward Costello, president of Student Government, who presided over the meetings, expressed the desire of Student Government to aid in building up spirit and unity in the individual classes. He explained the newly-added office of alumni representative through which the classes will work with the alumni association and aim at the spirit and future efficiency of the class in its graduate years as a part of the UVM alumni. Pres. John S. Millis and Prof. L. S. Rowell of the Zoology Department were guest speakers at both meetings, speaking for the most part along the line of the relation of the students to each other as members of their class. Following the talks were the nominations, taken from the floor and elections by ballot as soon as nominations had closed.

Pres. Bob Herriott is a member of Delta Psi Fraternity and as a member of the Interfraternity Council has been instrumental in intramural activities. He has worked with Student Government and on Kake Walk. Bob is studying civil engineering and is from Tiverton, R. I. Vice-Pres. Larry Kimball, St. Johnsbury, is a member of Gold Key and Kappa Sigma. He has been working on the *Ariel* this year as well as with WSSF. Larry is in the College of Liberal Arts and is interested in history.

Jean Hard, a Pi Beta Phi sister, has been president of Sophomore Aides and has recently been elected as vice-president of WAA and assistant social chairman of Student Union in addition to her new position as sophomore class secretary. Jean belongs to the UVM Band and Student Government's pep committee. Jean is from Burlington and is enrolled as a home economics student.

John Tampas, the new sophomore financier, is also from Burlington where he was president of his class at BHS for three years. At UVM he is taking a pre-med course. A member of Alpha Tau Omega Fraternity, John works also with Student Government, and participates in dramatics as a member of the Dramatic Club.

Jean Austin, alumni representative, comes from Brattleboro. Enrolled in the Liberal Arts College, Jean has been busy this year in Student Union and as an Alpha Chi-Omega sister.

Norman Lash, the new top man among the freshmen, is from Rutland. He is taking a business course and is a member of Phi Sigma Delta Fraternity.

Bob Flanagan, the frosh vice-president, is from Malden, Mass. He attended Cushing Academy where he was active in sports. Here at UVM he has gone out for sports, already having numerals as a result of freshman football last fall. He is at present taking a secondary education course.

Secy. Carolyn Smith is from Oradell, N. J. She is studying medical technology.

### IRC To Show Prize British Film "World Is Rich" At Museum

The prize film, "The World Is Rich," dealing with the international food situation will be shown in the Fleming Museum, April 4 at 7:30 p.m. Sponsored by the IRC here on campus, the 40-minute film was made in Britain and was chosen as the outstanding documentary film produced in 1948. It was prohibited from general public consumption in the United States because of its frankness in dealing with the food situation.

Following the film the regular IRC business meeting will be held. The large portion of this meeting will be devoted

### Howard A. Prentice Speaks At Founder's Day Exercises May 2

The bronze statue of Ira Allen which stands a silent guard over the University campus, suddenly came to life May 2 in the minds of the student and faculty members of the University of Vermont at the annual Founder's Day exercises.

Gathered together in the midst of a rainy afternoon, all undergraduates assembled at Memorial Auditorium to share in honoring the University's founder and to commemorate his birthday.

At 3:30, as the University Band began the "Processional," the faculty, in academic dress marched down the aisle to take their places upon the stage. Immediately following them, were the seniors in cap and gown. Uniformed ROTC men formed the aisle down through which the procession marched.

The Rev. Raymond A. Hall then gave the invocation after which, Professor Bennett led in the singing of the National Anthem.

Harry Miele, who was chosen as representative of the senior class to speak in their behalf, chose to make an address on the importance of Student Government, and the spirit of the occasion which had brought them there, at Memorial Auditorium. Harry was a former president of Student Government.

President Millis, then introduced a distinguished Vermont alumnus, Howard A. Prentice of the class of 1928, who at the present time is executive director of the Washington agency of the Corn Industries Research Foundation.

In Mr. Prentice's speech, stress was placed upon the quality of leadership on campus and the necessity of preparing for "tomorrow." Conveying his best wishes on the part of the alumni, he concluded with: "A good speaker must stand up to be seen—speak up to be heard, and sit down to be appreciated."

Next on the program and paying tribute to Ethan Allen, the honorary ROTC unit, under the direction of Col. A. J. Regnier, demonstrated a short drill on the stage, during which a change of officers took place.

At this point in the afternoon's proceedings, the names of those chosen for the different honorary societies were announced.

The new Boulder members were announced by Dean Kidder and to the outgoing members of the society, he expressed his appreciation for a "job well done."

Patricia Doyle, outgoing president of Mortar Board made known the names of the new members while Dean Mary Jean Simpson gave a short background of the society.

The names of those chosen to the other honoraries were read by President Millis in the following order:

Phi Beta Kappa, Sigma Xi, Key and Serpent, Staff and Sandal, Gold Key, Sophomore Aides, Omicron Nu, Alpha Zeta, Kappa Phi Kappa, Tau Kappa Alpha, and the WAA.

A cup was then awarded to Bob French for his spirit and fine qualities of leadership.

From Alpha Zeta, a cup was presented to Richard D. Aplin, an outstanding agricultural student.

To Cadet Lt. Col. Mark Jurras, went the Wadsworth Smith Saber which was given a short introduction by Colonel Regnier.

Prizes were also awarded to Robinson Hall for receiving the highest average of the dorms with an 81.8, to Kappa Alpha Theta for the highest sorority average, 82.3 and to Anna Olsen for attaining the highest average among the senior women, 95.2.

### Olivier's "Hamlet" Reaffirms Faith In Film Possibilities

The movie that had been so long awaited here in Burlington, Shakespeare's *Hamlet*, was presented by the Strong Theater April 25-29. Students were especially enthusiastic and along with the townspeople made this a sell-out performance. In deference to the University, students were given special rates in order that more might attend.

The praise and acclaim given to Olivier's *Hamlet* has been prodigious. Hollywood has awarded it a number of awards, notably the award for the best male

(Continued on page 8)

# Junior Week Chairman Says Dance Is Informal

Beauty Contest To Be Held for Juniors

The Junior Week committee has announced that the Junior Prom will not be formal. Marshall Sabens, one of the Junior Week directors, explains this disregard of tradition by saying, "The committee decided to do away with the rule of formality, because the success of the dance is vital to the Junior Class. Student Government can't afford to give us any funds, so we have to make sure that we break even. We hope more people will attend the dance than would if the cost of gowns, tuxedos, and corsages had to be added to the price of the tickets."

The dance, to be held May 12, will be called the Junior Jubilee, since it is actually not the traditional formal prom. Shep Fields will play his "Rippling Rhythm" from 9-11 in Memorial Auditorium. Presentation of the beauties of the Junior Class and of the awards for the winners of the "Peerade" will take place during the dance.

Selection of junior beauties is a return to a custom adhered to before the war. Any junior girl may become a candidate if her name and picture is left at the information booth in Waterman Building before twelve o'clock, Saturday, May 7. Campaigns may be conducted on campus by the candidate's backers Monday through Wednesday of Junior Week, May 9-11. On Wednesday between 9 a.m. and 4:30 p.m., members of the Junior Class may cast their votes in Waterman Building. Activity cards will have to be presented by those who wish to vote. Five girls receiving the highest number of votes will be presented at the Jubilee by Shep Fields as the most beautiful girls in the Junior Class. Their pictures will be put in the *Ariel*.

There will be a half-hour broadcast of the dance over station WCAX.

Shep Fields, whose "Rippling Rhythm" will give life to the Junior Jubilee, originally directed a small orchestra that played at Erasmus Hall High School and other schools in Brooklyn, N. Y., his home town. Shep has been playing "Rippling Rhythm" for about ten years, excluding the period during which he experimented with "New Music." His Victor record, "The Fire Dance," which is now a collector's item, is a good example of the new music, played by an all-

Marshall Sabens, Newell Curtis

saxophone orchestra. Now Shep has returned to playing the type of music he is best known for. His latest hits are: "Hold It, Joe," "Carioca," "Larue, Larue, Lily Bolero," Musicraft records. Shep has played at the Hotel New Yorker, the Essex House, the Waldorf Astoria, and the Palmer House in Chicago among many others. He is one of the few top band leaders whose music has been heard on all four coast-to-coast networks. Among the sponsored shows which have featured him are: The Campbell Soups Show on CBS, the Rippling Rhythm Revue on ABC, the Radio Court of Fame on NBC, and the Coca-Cola Parade of Spotlite Bands on Mutual.

Dramatic Club will present the rotating cup which goes to the makers of the best all-round float. The Junior Week committee is giving two first place and two second place cups to the best four floats in the men's and women's divisions respectively. The purpose of the "Peerade" floats is to advertise the junior play, "You Can't Take It With You." The Staff and Sandal will present a cigarette ash tray combination set to the winner of the raffle it is conducting during intermission at the play.

Tickets for the Jubilee will go on sale Thursday, May 5. They will be \$2.40 a couple.

## Student Movement Conference of New England at Vermont

More than seventy-five students attended the Spring Conference of the New England Student Movement held in Burlington over the week-end of April 22, 23, and 24, sponsored by the UVM Methodist students of SCA. Boston University, Yale, Harvard, Massachusetts Institute of Technology, Radcliffe, Amherst, Bates, Bryant, University of Connecticut, and Grinnell College of Boston were the colleges represented. "Our Faith" was the theme of the conference and the main speaker was Rev. Roy J. Hendricks of Mt. Vernon, N. Y. Reverend Hendricks attended the World Council of Churches in Amsterdam last summer, and visited six countries studying the work of the church. Recently he was the principal speaker of Religious Emphasis Week at the University of Illinois. He is a graduate of Yale Divinity School and a member of Phi Beta Kappa.

In his Sunday morning address, Reverend Hendricks gave an account of the Amsterdam Conference and his experiences in other European countries. He talked about the European faith in God, saying that it was more passive than ours. After describing conditions in Europe, he said that there is a need for such works as summer work camps and the rebuilding of Europe with a Christian idea of love and brotherhood, which, he said, have been lacking so far in our reconstruction program.

On Friday evening the welcome was extended by Leonard Tomat for the UVM students, and the response given by David DiProffio from Boston University, president of NEMSM.

On Saturday morning, the Yale group opened the worship. "Our Faith Looks Outward" was Reverend Hendrick's theme for the day. Seven discussion groups met, presided over by chaplains or pastors at various New England colleges. "Faith and Reason," "Source Books and Faith," "Students in the Social Vineyard," "Campus Pressure Groups," "Pathways to Peace," "Program and Organization," and "Vocations" were the topics under discussion.

Trips around Burlington and on campus were handicapped because of the rain in the afternoon, but movies were shown on summer projects in Mexico and on Missionary programs in Japan.

The Evening Conference Banquet was held Saturday night at the Methodist Church, where most of the events on the program took place. Reverend Hall extended the greeting, and there were three speakers, two from the Methodist Board of Missions, and the third was Jesse Cornelius, a student from India who holds the Crusade for Christ Scholarship at Yale. The students adjourned to Southwick for a social hour and entertainment. The group from Harvard presented a play. There was square dancing for the remainder of the evening.

On Sunday morning the Conference met for a business meeting at the First Congregational Church, with David DiProffio presiding. Morning worship was at the Methodist Church. Reverend Hendricks' talk was on "Faith and Works." During the service, there was a program of dedication for the regional officers conducted by Chaplain Martin of Boston University. The officers elected in March are: President, David DiProffio; vice-presidents, Richard Burtis, Harvard; Doris Hardy, Bates; Leonard Tomat, UVM; and secretary-treasurer, Phyllis Dowling, Radcliffe.

## Schultz, Robinson and Stoel Head IRC Panel Discussion

The panel discussion on the Atlantic Pact, sponsored by the International Relations Club on April 28 proved to be one of the most successful and interesting of the year's meetings, according to club president, Peggy Fisher. Miss Fisher, recently returned from the second annual North American International Relations Conference in Denver, said that she was pleased to note that so many people were intelligently prepared for, and took part in, this discussion.

Three young members of the faculty who took part in the panel were: Professor Schultz, history department, on the pro side; Mr. Robinson, political science department, on the pro side; and Mr. Stoel, English department, on the con side. Malcolm Severance was moderator for the evening.

Mr. Schultz spoke first, stating that there is a fundamental conflict between U. S. and U. S. S. R., but that it is not irrepressible, and we must prevent it from becoming an armed conflict. The source of this conflict lies in the distribution of power on the face of the earth. This is by far the most significant factor contributing to the cold war. Why was there no conflict ten years ago? Neither the differences in both the economic and political systems, nor the clash of economic interests, can account to such an extent for the conflict, for the only change is the distribution of power.

Can there be conversion of ideas between the East and the West? Or will there be a blending of ideas? More probably, there will develop tolerance between the two ideologies, as there did between the Catholics and the Protestants after the sixteenth century, said Mr. Schultz.

"War must be prevented, and the way to do this is to convince Russia that she cannot use the Red Army in Western Europe, for she would meet strong military opposition and conflict with American armed forces. This is the role of the Atlantic Pact.

The creation of a strong independent state, such as a unified Western Germany, would serve as the third factor in the "balance of power." This state, if created, could say "no" to both the U. S. and

Russia, and carry on its domestic and foreign affairs without dictation from without. The weak point of the Atlantic Pact is that it makes a balance of power impossible.

Mr. Robinson agreed with Mr. Schultz as to the purpose of the Pact. It will prevent expansion, he said, and the fact that it was signed by twelve nations makes its symbolism greater than would have been a unilateral decree by the U. S.

The problem, whether the Pact is in keeping with the principles of the United Nations, Mr. Robinson answered by citing Article 51 of the Charter, saying that armed force may be used in case of armed attack on any one nation. "A government cannot be created by fear; before we can have a better government, we must have a community spirit, and since the United Nations has proven itself incapable, we must protect ourselves."

Mr. Stoel, taking the negative side, declared that a policy of hate and suspicion on one side breeds the same feeling on the other. The result of the Pact has been an increase in tension and the question in minds of Americans, "How can World War III be won?" instead of "How can World War III be avoided?"

"The United Nations is weakened, almost destroyed, by the Atlantic Pact, assuming that it will be ratified by the Senate, for Article 53 of the Charter says that no enforcement action shall be taken under regional agreements or by regional agencies without the authorization of the Security Council. . . ."

Mr. Robinson pointed out that, as evidence of the good done by the Atlantic Pact so far, Russia is making moves to attempt a lifting of the Berlin blockade. A student declared that Russia's reason for doing this is that she is losing ground economically, and that satellite countries are complaining.

"What would war accomplish?" "Can one power control the world?" "Will the distribution of power lead to an armament race?" were some of the provocative questions posed by students from the floor.

## DELTA DELTA DELTA

Delta Delta Delta, international collegiate fraternity for women, has awarded an amount slightly in excess of \$20,000 in scholarship gifts to college women in a period of two and a half years. This announcement was made at the district meeting of the fraternity held the week-end of April 30 at the Hotel Lennox in Boston. Tri Deltas in attendance at this meet are alumnae and collegiate members from Connecticut, Maine, Massachusetts, New Hampshire and Vermont.

Scholarships are the chief philanthropy of the fraternity. Each award is an outright gift to the successful applicant. Delta Delta Delta scholarships are available to outstanding college women on any campus where there is a Tri Delta Chapter. Non-fraternity women as well as members of other fraternities are eligible.

Money for Tri Delta scholarship gifts is derived from three sources: local funds, the General Scholarship Fund and the Fiftieth Anniversary Thanksgiving Fund. Local funds are established by alumnae or use at colleges in their immediate area.

At the University of Vermont the local fund is partly derived from the well-known Butterfly Breakfasts. There are fifty-three such funds now established in the United States and Canada. Altogether they have provided \$10,169 in gifts to ninety-three outstanding women.

The General Scholarship Fund is administered by the national organization and is derived from contributions of individuals and groups not identified with any established local fund. From it sixty-three women in forty different colleges have received scholarship gifts amounting to \$5,975.

The only fund limited to members of Delta Delta Delta is the Fiftieth Anniversary Thanksgiving Fund established in 1938. From it an annual Fellowship of \$1,000 is awarded to an outstanding Tri Delta for graduate study in a specialized field.

Information regarding scholarships may be obtained from the Dean of Women's Office.

## Angler's Society

Take out your old drop line or your rod and reel and head to the nearest stream. Sunday opened the trout and wall-eyed pike season to which the Angler's Society has been looking forward. They have not been idle awaiting the

season as their recent meetings prove. For example, their last meeting was addressed by "Stu" Phillips, manager of Wood's.

The club is already firmly imbedded in campus activities with a paid membership of eighteen and a fair-sized group of prospects. Big things are being planned for the next several weeks. There will be "skish" contests which is a game of competitive casting. If you think you're good why don't you contact the group and see if you can join in the fun.

In the very near future there will be several group fishing trips to various fishing spots in the vicinity. Next week the club will be given a talk on fishing in Vermont by William Preston, chairman of the Vermont Fish and Game Commission. This talk should prove interesting to all who plan to fish in Vermont this year.

The present officers of the society are: Stu Lerner, president; Allen Johnson, vice-president; Bruce Abele, secretary; and Hugh Gorton, treasurer.

## DRAMATIC CLUB

Activity is in full swing for the Dramatic Club's spring production, "You Can't Take It With You." Committees are hard at work searching for props, getting the stage ready and in other ways preparing for the performances which will take place at Southwick Auditorium on May 12 and 13.

The cast members who have already been hard at work for quite some time are as follows: Penelope Sycamore is played by Shirley Gleason, Essie is enacted by Suzanne Pooley, Mimi Beauvais plays the part of Rheba, Maynard North is Paul Sycamore, Harry Miele takes the part of Mr. De Pinna, Neil Towne takes the stage role of Ed, and Donald is played by Jack Hawley.

Martin Vanderhof is played by Charlie Parker, Alice is enacted by Gloria Aherns, Steve Brennan plays Henderson, David Wetherby enacts the roll of Tony Kirby, Bill Riddell is Boris Kolenkhov, Gladys Neiburg plays Gay Wellington, Morton Kaufman plays Mr. Kirby, while Mrs. Kirby is played by Pam Crandall. Audrey Campbell plays the part of Olga.

Moss Hart and George S. Kaufman's comedy, "You Can't Take It With You," promises to be full of laughs from start to finish. The play takes place in the Mid-Victorian home of Martin Vanderhof. A

On May 5, at 4.00 p.m., in the Student Lounge there will be a Cheerleaders' meeting. We invite all men interested to attend. Experience is NOT NECESSARY. If you are unable to attend please call Elly Hayslip—Captain of Cheering Team, 2933 at 420 College St.

There are several positions to be filled for next year's team. After one year's participation you are eligible for a Varsity Award! (Green sweater with white block V.)

Lecture by Dr. Badona Levinson on "Preparation for Marriage." Southwick, Wednesday evening, 7.30, May 4. All women students cordially invited and urged to attend this lecture which is sponsored by the Women's Health Council.

Seniors—Orders will be taken for Commencement Programs, graduation announcements, and personal cards in Waterman Hall, Monday to Friday, May 2-6 only.

Applications are being received for the position of Assistant Tutors in the Men's Dormitories for the academic year 1949-1950. Better than average grades are required and applicants should be members of the class of 1951. Tutors will be chosen and notified of their appointments before the end of the spring semester.

Applications should be submitted in writing to the Housing Bureau Office, Room 140, Waterman Building, before May 15, 1949.

boy zylophonist, Essig, who aspires to be a ballerina, and mother, who is writing her eleventh play, are only a few of the characters who keep the fast-moving, fun-rollicking play a little on the zany side. Everyone in the house lives in the fullest sense of the word where Grandpa's brood does as it likes with no questions asked.

## REDSTONE

After much deliberation the Redstone girls decided to hold an open house. With many groans and backaches, furniture was moved, rugs rolled, the last trip to the bakery made and the open house was an accomplished fact on Friday evening, April 22.

With the furniture moved to the porch, the living room was an excellent place to dance with music furnished by famous name bands straight from the original records obligingly supplied by the Alpha Chis and Kappa Sigs. In the smoker, card games of all varieties were in progress throughout the evening, from hearts to bridge.

About 150 students danced, talked, played cards and enjoyed punch and cake during the course of the evening. What might have been a major catastrophe happened so late in the evening that no harm was done. The punch bowl literally ran dry, just enough being drained out for one very latecomer. Of course there was the usual surplus of men but that seems to be a common occurrence at any college function lately.

Electricity might well have been the central theme for the evening. Due to some unexplained reason there seemed to be an abundance of it on the dance floor. A couple was apt to get a very unexpected shock at any time. The floor waxers firmly believe there was some connection between the highly waxed condition of the floor and the over-supply of electricity.

Chaperones for the party were: Mrs. Grace Foster, Redstone housemother, Miss Nell Jefferson, and Mr. and Mrs. L. L. Grow. Mary Jo O'Neill and Carol Farmer were chairmen.

## SPANISH CLUB

A group of visitors from the National University of Mexico presented a varied program to the UVM Spanish Club members and their guests from St. Michael's College who attended the April 26 meeting. Beginning at 7.30 p.m. the program entitled "Una Noche Mejicana," conducted, as always, in Spanish, was of excellent quality and variety.

Despite the competition offered by Guy Lombardo, Hamlet, Joan of Arc, and hour exams, a small but appreciative audience was on hand to enjoy the short film (presented in English) on "Guadalajara," and especially the tenor voice of Senor Sotero San Miguel, Mexican troubador, who

sang the more popular Mexican love songs, accompanying himself with some of the best guitar playing heard this side of the Rio Grande. Senor Luis Rojas de La Torre, representative of the National University of Mexico, spoke about the university in Spanish and later in English. The program, was rounded out by the Mexican lyric soprano, Luz Carril, Jaime, who sang operatic songs by Spanish composers. She was accompanied by Angela Spinally.

The coffee hour and reception held in the candle-lit main court of the Fleming Museum following the official meeting was well attended, as the audience took advantage of this chance to mingle with the guests from Mexico and to talk with them.

These Pan-American artists arrived in Burlington on Tuesday afternoon from Harvard University in Cambridge, Mass., where they had presented their program on Monday. At 6.00 p.m. on Tuesday the artists were the guests of the Spanish Club at a dinner in their honor at the Park Restaurant. Also present that evening were members of the faculty of the Romance Language Department at UVM and Joseph Smart, president of the Spanish Club. On Wednesday, the guests were shown around the University, conferred with Professor Willard, and left for Norwich and McGill Universities.

## Student Christian Association

Prof. R. A. Hall's summer camp at Thompson's Point, Charlotte, will be the scene of the SCA's annual retreat this year. Activities will include outdoor recreation, food cooked over an open fire, a planning session for next year's events, and a worship service. Cordelia Keith and Ruth Warrell are in charge of arrangements. A swell time is anticipated by all.

The Faith and Worship Commission of the SCA has been holding weekly study groups on the different denominations and faiths, inviting clergymen to lecture and lead discussions. On Thursday, May 5, at 4.00 in Room 239 another in this series of meetings will be held. It is expected that Father Tennien of St. Mark's Church will be the speaker. Everyone is invited to attend.

All editorials and business communications must be signed and addressed to the proper department head at the Vermont Cynic Office, Waterman. Brief notices must be handed in at the office not later than 8 a.m., Thursday. Office Telephone 5000—Extension 344.

Founded in 1883. Published weekly during the college year. Subscriptions \$2.50 a year; single copy, five cents. Acceptance for mailing to points outside Burlington at special rate provided for in Section 406 P. L. and R. Act of March 3, 1879, authorized October 14, 1926. Publication Office, 187 College St., Burlington, Vt.

## Inquiring Reporter

By Carol Henshel

When I looked on the bulletin board and saw my assignment I all but "shrieked and clasped my hands with ecstasy" for it required no opinions of my own, no writing ability. It was just perfect for me. So I merely confronted various students with this question: "Do you feel there is any difference in the executive ability between men and women officers of groups?" Some of the answers were amazing . . . but here it is, the vox pop of UVM.

George Levy '52

"I believe a man has much more innate executive ability than a woman because of his lack of sensitivity."

Gretchen Relyea '49

"A good executive is a good executive, male or female. Of course in some positions a man would be more suited, and in other positions women would be more capable. Generally speaking, I would say there was no difference."

Walter Thompson '52

"I feel that after women attain executive positions they are prone to prejudiced decisions, in that they are influenced by their frustrations, brought about by their desire to 'beat man at his own racket' rather than to achieve success as a spouse. This is brought about by an unsuccessful relationship with men in early life."

Ed Costello '50

"Generally, it's about the same. It depends upon the individual. I see no difference."

Walter Mazon '49

"The main distinction between the executive ability of men and women that I may promulgate from my experiences in the service, is that the female sex has a tendency to 'blow up' under pressure and is usually incapable of adapting easily to varying situations."

Carolyn Cross '51

"I don't believe there is any difference in the executive ability of men and women, except with reference to the type of job and the opportunities for training open to both sexes. It is obvious that some executive positions are more suited to men and some to women, and that the training opportunities for these positions are more or less limited by whether a person is male or female."

John Twitchell '50

"Limiting this to officers of college groups I believe there is very little difference."

Betty Tucker '52

"I definitely think a boy makes a better president but I believe that all other offices can be handled by either a boy or girl equally as well."

Whether or not this poll is accurate, I don't know because the majority of students were not consulted but this shows quite a bit of liberality. Last fall a more accurate poll was taken and it proved that nine out of ten male students who smoked cigarettes preferred women. And with that the roving reporter roves on.

## Juniors, Seniors! Turn in Activity Sheets for Ariel

Say, Buddy, handed in your ARIEL activity sheet yet? What! You never heard about them? Oh, open your peepers a bit. There have been posters telling about them, and the Cynic has announced them and will undoubtedly do it again and again. There's a pile of them in the bookstore too. Right beside the stack of Cynics which you go in to collect every week. All you have to do is put your name on them, fill them out, and stick them in the box that is placed right there in front of your eyes. It sounds terrifically easy, perhaps so easy that you just haven't bothered with them. But, you juniors and seniors, fill them out you must. Why, you ask?

Perhaps you noticed that in the 1949 ARIEL there were many, many pictures under which was printed merely a name with no record of college activities present. Last year there was a mixup: several sheets were lost, but still more were never

## Your Student Government

By Marshall Sabens

The main emphasis at this week's Student Government meeting was placed upon finances. The treasurer showed with figures what he has been saying for weeks now: Student Government is not too flush. At present, according to the books, there is a balance of about \$1,800. The treasurer stressed the need for conservative spending during the remainder of the year, so that student finances will remain solvent. Several members of the Council urged that, insofar as possible, organizations be made to realize that Student Government is not just a soft touch for financial support on any and all undertakings.

Following this the subject of Junior Week finances was brought up. The Junior Week Committee requested funds for a down payment on the band for their dance. After some discussion, the treasurer stated that the Finance Committee now had an idea of the wishes of the Council and would act accordingly. At this the matter was dropped.

President Costello announced that the freshman and sophomore meetings were a success and a good start on the road to continued class organization. At these meetings class officers were elected. There were 585 freshmen and 384 sophomores present.

Bob Herriott resigned from the Pep Committee and the Council decided that no replacement was necessary owing to the fairly large number already on the committee.

Scott Mahoney reported a meeting of the Social Committee. He said that plans are being made which will bring about more rigid adherence to the social calendar next year. If dates for activities are not placed on the calendar through the committee this year, it will be rather difficult to schedule events.

A special student committee was set up to make recommendations to the Executive Council of Student Government regarding the type of man who should succeed Doctor Millis as President of the University of Vermont. This committee consists of the following: Scott Mahoney, chairman, Dean Moore, Charles Traverse, Patrick Farma, Alan Pratt, Duncan McLaren, Kathryn Eaton, Rae MacTiernan, Martha Wood, Mary Ellen Fuller, and Esther Thomas. The recommendations of this committee, when approved by Student Government, will be forwarded to the Board of Trustees, or other appropriate agency, for consideration.

## PLACEMENT OFFICE

Here's just the solution to the vexing problem of summer employment! If you desire work in the state but off the UVM campus, drop into the Student Personnel Office where you will find notices of available jobs. These notices, in the form of letters or pamphlets, are collected for student use in a folder. Any student desiring this means of contact with a job will be referred to this folder if he comes into the office.

Our Student Personnel Office is working closely with the Vermont State Employment Service to bring to the UVM students this aid in finding jobs. The office receives notices of employment from all over the state, and a student may secure a job by direct application through their own local office or through the Burlington office. However, students are urged to contact the Burlington office.

The kinds of jobs available are numerous, but the outstanding field seems to be in camp counseling, where they are asking for both boys and girls. In the Barre area alone there are nineteen openings for girls in camp counseling. The counselors are needed in such divisions as archery, dramatics, arts and crafts, swimming, and numerous other divisions. There is also a demand for students to work in

summer resorts where they are offering jobs to dishwashers, caretakers for boats and lawns, waitresses, chambermaids, and even a stable boy. All information concerning the above jobs and many others may be found in the folder, and anyone interested may contact Miss Joyce Bingham of the Personnel Office. It is important that a student does not remove any material from the folder.

Unlike the regular Placement Office, the Personnel Office handling summer employment knows little about the jobs except what is indicated on the notice. They do not make an investigation of the jobs and consequently can make no guarantee as to the nature of the job. The office only acts as a clearing house for notices of available summer jobs away from campus and cannot accept any responsibilities. It is true that it has a file for part-time employment and employment for those attending summer sessions here on campus, but summer employment for those away from campus is not taken care of in this way. Therefore, it is necessary for the student to come into the office and look over the folder available there.

In an effort to clarify an otherwise muddled view of what happened in the three men's dorms last Monday night after the freshman class elections, the CYNIC takes this opportunity to present an account. Neither of the two Burlington daily newspapers carried an account of this alleged 'riot,' a result of which has been much unfounded rumor as to the extent of the affair. From the results of several interviews recently taken, we shall present the most plausible account of the episode and mention its after-effects.

The sudden wave of enthusiasm started primarily with the holding of class meetings last Monday night, when two students from Buckham Hall were nominated to certain positions—an act whose sincerity is greatly to be doubted. Seemingly spontaneously, there arose a great spirit that night in the halls of Buckham—attribute it to spring fever or just plain dislike of compulsory meetings—and it was decided to parade the two nominees throughout the dorms. The spirit was infectious, to say the least, and a good percentage of the dorm was soon otherwise engaged in some little activity: building bonfires, tossing bottles, etc. The parade of carousers wended its way to Wills Hall where it was allowed to pass undisturbed; it was at Chittenden Hall, however, at the siege of the fourth floor, that trouble really started.

The Chittenden boys, evidently forewarned stood ready with waste paper baskets full of water, firecrackers, cherry bombs, and the like, and quite naturally, the boys from Buckham did not take it lying down. In the midst of the proceedings someone threw the main switch plunging all three of the dorms into darkness, and someone using the name of a tutor called out the Burlington Police Department, after which things came to a speedy close.

In view of the recent epidemic of crimes committed by students on other campuses, it was easy to hear a grossly exaggerated story of this affair. And after the unfortunate calling in of the police, it took on added gravity in the minds of many. However, the one thing that remains obvious in the whole affair is that its origin was perfectly legitimate and in no way malicious. As one dorm man stated it "was the most peaceful 'riot' he had ever seen. As for the question as to what the tutors and the administration were doing on the case, they were both completely in favor of its initial stages which were regarded as "just letting off steam."

It was the final stages of the play which subtracted the element of fun, and thus, the dorm council of Buckham, comprised of tutors and students, has since ruled that any more like outbreaks will be dealt with severely. It has become another of the cases whereby the majority of persons have been hurt by the foolish actions of a small minority.

# Music Festival Time

"It's music festival time. This coming Thursday, Friday, and Saturday, May 5, 6, and 7, the City of Burlington will be vibrating with music and resounding with many eager and bewildered voices; as some ninety schools throng into the hotels and private homes for the twenty-second annual Vermont State Music Festival which is sponsored by the Lions Club. By now the tickets are few and far between, but there are still some to be obtained at Bailey's Music Shop.

The great event will start rolling on Thursday night at 7 p.m. as various small groups and soloists put on their concerts. The vocal concerts will be held in the Taft School Auditorium and the instrumental concerts will be in the Burlington High School gym. On the following Friday night one of the highlights of the festival, the All-State Band under the direction of Dr. Paul E. Wiggin, will be demonstrated. The band which is packed full of the best players in the state is divided into two different groups, the blue and the red. One division will play the first half of the concert and the other division will play the second half.

Saturday morning at 10 a.m. all of the individual bands, orchestras, and choruses will congregate on Main Street from Union Street to the top of Main and start forming the very colorful spectacular parade which is almost two hours long. Every group with their recently polished instruments and pressed and cleaned uniforms will display their gold and glitter.

Saturday afternoon at 1.30 short auditions of the ninety different groups will be held. The bands will play in the Memorial Auditorium, the Veterans Club, and Taft School; the orchestras in the College Street Church; the choruses in the high school gym, the junior high, the "Y" gym, and the City Hall Auditorium.

Saturday night at 8.00 another one of the highlights will be put on. The orchestra under the conduction of Albert W. Wassell will perform, and the girls' glee club, the boys' glee club, and the mixed choruses will sing old songs and new songs under the direction of Charles A. Woodbury. The last thing on the program will be the combination of the choruses and the orchestra as they join together in playing and singing that well-known song "One World," thus closing the doors on another Vermont State Music Festival.

# Navy Band Will Play At Memorial Aud. On May 16

For the first time in its history, the United States Navy Band is coming to Burlington! "The President's Band," as it is generally known, will give two concerts, both an afternoon and evening performance, on Monday, May 16, at the Memorial Auditorium. Tickets for the matinee are selling for 60 cents; while reserved seats for the late stand are \$1.50, and general admission \$1.00. They may be obtained at the UVM Book Store, Bailey's, Wood's, Cross', Hayes & Carney's, or from any UVM band member.

This is an opportune time to watch Navy Band Director Lt. Comdr. Charles Brendler in action. Mr. Brendler conducts without a score, also making a policy of playing at least one composition of native origin at each concert.

Dr. Joseph Lechnyr, UVM band leader, lately returned from a week's sojourn in Washington, D. C., had nothing but praise for the fine performance of the Navy Band, which he had had an opportunity to hear in practice.

The U. S. Navy Band will feature the Herald Trumpets of ancient lineage during its spring tour. The trumpet is one of the oldest forms of musical instrument, and frequent reference is made to it in the Bible. Listen, also, for a syncopated masterpiece, "The Three Bluejackets," played ably by three of the band's outstanding soloists.

Arrangements are being carried out under the general supervision of Bob Ray, UVM band manager, Miss Betty Bandel of the English department, and committee heads: Mimi Beauvais, publicity; Donald Ritchie, auditorium; Bernard Bisson, ushers; and Elouise Farnsworth and Dorothy Post, tickets. The Publicity Committee including Miss Bandel, Mimi Beauvais, Janice Farrington, June Stone, Roberta Bicknell, and Astrid Nelson, is already at work, while every member of the band will do his bit to help "the cause!"

# Mabel Holcomb New Curator At Fleming, Happy To Be There

"I guess my job just entails being a good housekeeper," laughed Miss Mabel Holcomb, new curator of exhibits at the Fleming Museum, in a recent interview with a CYNIC reporter. Officially Miss Holcomb's job is the organizing, labeling and collecting of exhibits but, unofficially, it is apt to include practically anything, even the arranging of the lovely bouquets of forsythia evident in the front lobby of the Museum the past week.

Miss Holcomb, a native New Yorker, is not unfamiliar with Vermont. Her ancestors were among the first settlers on Isle La Motte. Today she lives in the home built by her grandfather in the Islands. Educated in New York, she started on a lawyer's career but discarded that to attend Art Students League in New York City for four years. For several years she was associate with Mrs. Nelson Fiske in the Elizabeth Fiske Looms project in the Islands and during the war worked on the bombsight and radar through lend-lease.

Tall and energetic, Miss Holcomb is busy at the moment in going through a collection of papers and old books belonging to Elihu Taft, saved by his housekeeper. This collection includes many rare old books dating back to the sixteenth century and the Taft family Bible with entries as early as 1796.

Miss Holcomb emphasized the fact that she was extremely interested in her work and glad to be in Vermont permanently.

# Six Students Represent Vermont At Second Annual IRC Conference In Denver, Col.

Six Vermont students represented the New England region at the second annual conference of the International Relations Clubs, sponsored by the Carnegie Endowment for International Peace. The conference was the follow-up of the work done by Carnegie and the first annual conference which suggested plans for organization of the IRCs on a national level. Held at the Albany Hotel in Denver, Colo., the conference was attended by one hundred fifty delegates and observers from the fourteen regions in the nation. The work of the conference was twofold: first, to set up the national organization, and work on improving regional, state, and local organization; and second, to learn more about international relations especially with regard to the situations existing today in Europe and Asia.

The national organization of the IRCs, which will be called the American Association of IRCs, was set up to include the Canadian clubs. Its main purpose at present is the sponsorship of an annual conference for the exchange of ideas and the stimulation of club program, with the possibility of including other activities later as they are desired.

Carnegie's new policy toward the regional organizations is that they are to be granted the funds that Carnegie formerly spent on conference speakers to be expended in the way which the region deems best to develop regional organization. The advisability of maintaining state and other sub-regional organizations for better cooperation between clubs was stressed. May suggestions and ideas on individual club programs, and projects were presented.

The current international problems discussed included the study of the "Situation in Europe" with an address by the Canadian ambassador, Doctor Wrong, and a message from the Italian ambassador; and the "Situation in Asia" with an address by Doctor Das of Columbia. These were followed by round tables on the particular aspects of the general situations.

A full report of all the business carried out at the conference will be available for inspection for anyone interested as soon as all the information, especially the official secretaries' reports, can be assembled in the IRC office.

Those attending the conference were: Martha Atwood, past president of the New England region; Hedi Ballantyne, past president of the Vermont IRC; Margaret Fisher, secretary of the New England region, president of the Vermont IRC; Charles Ballantyne; Eleanor Weber; and Graham Berwind.

## Cats Edge Bearcats At Centennial Field By 3-2; 4th Win

### Martin's Pitching And Twiss' Singles Clinch Home Game

Before a crowd of 1,300 shirt-sleeved fans the University of Vermont opened its 1949 home baseball season by defeating a strong Bates College team by 3 to 2. It was Bob Twiss' blazing single to left center field in the big third inning, errorless ball by the Catamount fielders and the steady control of Art Martin that spelled the difference. Bates' Dave Leach held the hard-hitting home club to five hits, but two of those hits came in the decisive third frame.

The Bearcats opened the contest by scoring one run in the first inning when Parent drove in Perry after he had singled to center field. Martin settled down after that, however, and effectively retired the side.

In the bottom half of the third inning Johnny Goulet connected for a single and Johnny Ballard moved Goulet to second with another one-base bingle. Ralph Kehoe moved the runners to second and third when he grounded out. The next play turned the tide of the battle in favor of the Cats; Ray Vescovi, anxious to bring home the tying and winning runs, swung at a wide ball which went high into the air. Leach circled around under it, but misjudged it and Vescovi went to first filling the bases. After that Leach became shaky and walked Frank Pandolfe to bring in Vermont's first run. Then Bob Twiss, UVM's leading hitter of the day, clouted out his second single to drive in Ballard and Vescovi to clinch the ball game.

Bates continued to threaten in several points throughout the remainder of the game, but the Green and Gold held them to one more run in the eighth to keep a one-run advantage and the ball game.

### VERMONT POP FLY IN BATES GAME

### Freshmen Track Teams Whip Lyndon Institute, 93 3-4 to 23 1-4 for 2nd Win; Meet Away May 14

By capturing firsts in twelve out of thirteen events, the Kitten track team easily defeated Lyndon Institute at Centennial Field Saturday afternoon. The total score in points was 93 3/4 to 23 1/4. The only event captured by Lyndon was the pole vault in which Rich and Ray Allard tied for first place. The next meet for the Kittens will be on May 14, against St. Johnsbury Academy at St. Johnsbury.

Summary of events:

Pole Vault 9 ft. 9 in.

- 1—Rich Allard, tie
- Ray Allard (L)
- 3—Millington (V)

### VERMONT GOLF TEAM ANNEXES FIRST MATCH AGAINST CHAMPLAIN

The University of Vermont golf team gained a 14 1/2-12 1/2 decision over Champlain College's golf team at Champlain on April 29. It was the opening match for both teams. The match was a four-ball affair played with three twosomes representing each school.

Vermont scoring: Al Perreault and Dick Presby, 3 1/2 points; Bill Gilbertson and Ted Stafford, 9 points; Dick Dudley and Bob Kraut, 2 points. Each foursome match was worth nine points.

## Catamounts Win 4-Way Track Meet

Over at Lewiston, Me., last week-end the University of Vermont track team put on one of its best track exhibitions in several seasons when they piled up a total of 60 points to win the four-school meet. Middlebury was second with 32; Bates and Colby followed with 29 and 14 points respectively.

Russ Mahoney, the most promising middle distance runner seen around these parts for some time, led the Catamounts with two noteworthy first-place efforts. He crossed the wire first in the quarter mile and half mile events, the only participant who held the honor of winning twice. His time of 1:56.5 in the half mile broke a pair of records; the track record at Lewiston (unofficial) and the best time ever recorded by a Vermont athlete in that event.

UVM's loss to Bowdoin the week before was largely due to the weakness the Cats showed in the field events, but Bill McIntyre and Stan Ursprung gained first places in the javelin and shot put and many second and third places were taken.

Dick Nostrand (high hurdles), and Howie Haddigan (100-yd. dash) brought the total of first place victories for Vermont to six. Vermont took six second places and also nine third places to put them twenty-eight points ahead of their nearest rival, Middlebury.

The summaries:

Mile—Horn (B), Randall (V), Dole (M); time, 4:53.3.

440-yard run—Mahoney (V), Sawyer (B), Emerson (V); time, 50.7.

120-yard high hurdles—Nostrand (V), Meeker (M), Farber (V); time, 15.9.

Javelin throw—McIntyre (V), Reed (M), Jordan (C); distance, 171 ft. 2 in.

100-yard dash—Haddigan (V), Sherman (M), McIntyre (V); time, 10.2.

Two-mile—Horn (B), Porter (V), Randall (V); time, 10:22.1.

Shot put—Ursprung (V), Mitchell (B), Karney (M); distance, 41 ft. 2 in.

Pole vault—Hemphill (M), Perkins (V), Martin (C); height 11 ft. 6 in.

Hammer throw—McMahon (C), Ursprung (V), Converse (V); distance, 130 ft.

880-yard run—Mahoney (V), Moores (B), McLaren (V); time, 1:56.5.

High jump—Griffin (C), Barber (V) and Bohlen (V), tied for second; height, 5 ft. 8 in.

220-yard low hurdles—Meeker (M), Barber (V), Nostrand (V); time, 25 sec.

220-yard dash—Sawyer (V), Sherburne (M), Haddigan (V); time, 21.8.

Discus—Mitchell (B), Hemphill (M), McMahon (C); distance, 126 ft.

Broad jump—Meeker (M), Haddigan (V), Burnham (C); distance, 21 ft.

## SPORTS SLANTS

by Vic Murdock

The gap that usually comes between the winter and spring seasons, when sports activity is at a standstill, has definitely ended. Baseball, track, tennis, and golf are in full swing and every week-end from now until the end of the year will provide some entertainment for the sports enthusiast on the hill.

### Vermont's 300 Club

After last year's powerless showing at the plate, Coach Larry Gardner should be well satisfied with performance of his hitters on the recent southern trip. The team as a whole collected 46 hits in 165 trips to the plate for a healthy .278 percentage. The team was led by first baseman and pitcher Ralph Kehoe, who has a record of seven bingles for 18 tries and a .389 standing. Also in the 300 Club are: Frank Pandolfe, .357; John Ballard, Ray Vescovi, and Doc McBride, all with a .333 mark, and John Goulet with just .300. Ray Vescovi, guardian of the 3rd base line, has quite a record for himself in several departments. His batting average on the trip was well over .300; and in runs batted in he led the team with seven; and in extra base blows Ray was the only player who belted out a home run, besides collecting two triples and a double. With a record like that the team will undoubtedly provide plenty of action and thrills at Centennial Field in the next five weeks. The four hits collected against Bates in last Saturday's 3 to 2 victory is no indication of what the squad can really do, they just had an off day.

### Postmen Prove Power

After falling before the Bowdoin track team on April 23, the Catamount track aggregation returned to the potato state last week-end and demonstrated that it is definitely a vastly improved outfit. UVM scored points in every event except one, that being in the discus toss. Archie Post's crew walked away with the four school meet with a total of 60 points; Middlebury was the second place contender, far behind with only 32 points to its credit. Russ Mahoney, sophomore from North Adams, Mass., burned up the track with his performance in the half mile event. His time was a 1:56.5, the best ever recorded for a Vermont half miler.

## DeMar Speaks To Vt. Varsity Letter Men At Block Dinner

Clarence DeMar, veteran Marathoner, seven-time winner of the BAA Marathon and three-time representative on the U. S. Olympic team, told UVM lettermen, assembled in the Waterman Cafeteria last Thursday night at the annual Block V dinner, that concentration and relaxation are the requisites for successful participation in the gruelling 26-mile event.

The renowned alumnus of the Class of 1911 was introduced by Track Coach A. T. Post, who presented him with a varsity V. DeMar then entertained the athletes and their faculty and press guests

with interesting and highly amusing sketches of his career as student, marathoner and newspaperman.

President Millis led off the after-dinner remarks saying that he was proud of the way Vermont has been represented on the athletic field and informally bidding the lettermen good-bye, expressed the hope that he would encounter as fine a group of students and sportsmen at his new position as president of Western Reserve.

Athletic Director Larry Gardner introduced the coaches of the various athletic teams who presented Block V awards to lettermen in football, basketball, baseball, cross-country, track, hockey, skiing, and rifle.

Bill McIntyre, Stan Ursprung, Dick Nostrand, and Howie Haddigan also placed first in their events. Mahoney also won the quarter mile to give UVM a total of six first places. Two more away meets remain before the Cats open at home with Union College on May 18.

### Hockey Team Gets Bulldozer and New Lease

The Toronto Maple Leafs may have the Stanley Cup, but the UVM sextet recently received the loan of a bulldozer through the kindness of an alumnus for the job of leveling off the ground where the rink is situated. This last week the athletic council, adamant at first, decided to reinstate the sport with a \$1,250 budget and a ten-game schedule. If a few more of Vermont's graduates would offer assistance in such matters a lot more could be done to help the lowly athlete. Members of the squad have promised to repair the wooden structure that surrounds the rink with the aid of the athletic department. All we need now is the cooperation of the weather man come next winter.

# HAMLET

(Continued from page 1)

actor. Reviewers and critics have conceded that even Shakespeare should be satisfied. The fact that such a fine performance of *Hamlet* may be brought to the millions through the medium of the cinema is considered commendable in itself.

With all the current criticism of the mediocrity of modern movies, Laurence Olivier has brought refreshing faith in the value of the movie as a superior art form. A wide spread belief today is that if culture and art are mass-produced and available to the masses, the quality is necessarily always poor. Undoubtedly this is generally true, but Olivier has proven that it is not an iron-clad rule.

Obviously not an original creation, the movie *Hamlet* does show a great deal of originality and creativeness on Olivier's part. The tragedy had to be revised and shortened to make it suitable for movie form. Olivier has done this with taste and sensitivity. Much has already been said of the performance and interpretation of *Hamlet* and *Ophelia*. Those who were delighted with Felix Aylmer's performance of the Bishop in *Henry V* recognized him as the obsequious Polonius.

# NEIL I. BURRINGTON, RECIPIENT OF AIEE AWARD

Neil I. Burrington, a senior, was the recipient of one of two undergraduate awards presented at the Northeastern District Meeting of the Student Branch of the American Institute of Electrical Engineers held on the UVM campus April 29 and 30.

He received the award for the "Best Oral Presentation" of the second division. The title of his report was "A Visual Aid for the Qualitative Analysis of a Synchronous Motor." Of the twenty-four reports presented, his was unique in the respect that it contained humor in addition to technical accuracy.

The awards were made by Mr. F. G.

Webber, district secretary-treasurer of the AIEE, at a banquet held in the Waterman Building on Saturday, April 30.

Mr. Leopold Laliberte, chairman of the UVM Branch of AIEE, officially welcomed the delegates from the seventeen universities. Prof. William H. Timbie of the Massachusetts Institute of Technology presided as toaster. His live wit was instrumental in providing humorous introductions of the distinguished speakers.

Preparations for the convention were under the general direction of Leopold Laliberte and E. R. McKee, Dean of the College of Technology. They were as-

sisted by Raymond Torri, director of publicity; Douglas Corron, director of housing; Walter Mason, Director of registration; Thomas Gates, director of the banquet; Louis Lauer, director of the technical sessions; Charles Corey, director of the Smoker, Wallace Benson, director of inspection trips; and John Viagliano, director of the counselor's luncheon.

The assistance of Mrs. E. R. McKee, Miss Marion Willis and Mrs. G. D. Cram, contributed to the success of the convention.

to the report of the six Vermonters who recently returned from the North American Conference of IRC's in Denver. These six have brought back a wealth of new ideas that can mean a lot to the entire University as well as the IRC. The IRC extends a cordial invitation to all the students and administration to come and express their views on the ideas presented in the reports.

# ARIEL

(Continued from page 2)

handed in. This year the ARIEL Board will check names on the sheets with the names of juniors and seniors. But that is all.

The activities listed under the names of members of your class have a sentimental importance too. Perhaps some day, when you are settled back comfortably in an old rocker with nothing much to do, you'll dig out your old ARIEL and thumb its pages. You may remember the faces of your old friends and classmates whom you haven't seen in years. But their individual characteristics may have long ago escaped your mind. Then all you have to do is glance down through the list of activities and *dawn* will strike. Gradually the memory of many college functions will come back to you, and you'll soon find yourself slowly rocking with a folded ARIEL in your hands and just thinking of the good old college days.

So, Old Chap, high tail it to the bookstore and fill out your activity sheet!

## "You Can't Take It With You" May 13-14

### Junior Weekend Features Play At Southwick Aud.

"You Can't Take It With you," a hilarious comedy in three acts, by Moss Hart and George S. Kaufman is the spring play to be presented by the University of Vermont Dramatic Club at Southwick, Friday and Saturday evenings, May 13 and 14, by permission of Dramatists Play Service, Inc. Ronald H. Humphrey, of the Speech and Drama Department, is directing the production.

In the order of their appearance are Penelope Sycamore, the would-be playwright and painter. Shirley L. Gleason '51, Liberal Arts College, who comes from Chester, Mass., will play the part of Penny. Shirley appeared in "Almost Eighteen" and "Through the Keyhole," her high school productions, and as Sue Bayliss in "All My Sons," the drama presented at UVM last fall.

Essie, Penny's "dancing" daughter who is married to Ed Carmichael will be played by Suzanne Pooley '51. Suzanne, whose home is in Burlington, is in Liberal Arts College. She appeared in junior and senior high school plays "The Doctor Has a Daughter" and "January Thaw," the Christmas pageants for three years. On campus, she has worked on props and stage crew, has been stage manager, and done bit parts in "My Sister Eileen." She is a member of the UVM Dramatic Club.

Rheba, the colored maid who cooks very good corn flakes, will be played by Mimi Beauvais '52. Mimi, who lives in Burlington, is in Arts and Sciences College. Mimi appeared in the junior class play in high school. She was property manager in senior play at high school and had six lines offstage. "That was a big part," said Mimi who is member of the UVM Dramatic Club.

Paul, Sycamore, Penny's husband who is interested in the science of making fireworks, is being played by Maynard J. North '50. Maynard hails from Port Huron, Mich., and is in Liberal Arts. He belonged to the Civic Players at Port Huron, is a member of UVM Dramatic Club. He played in "Male Animal," "Night Must Fall," and "My Sister Eileen."

Mr. DePinna, the iceman who assists Paul in his scientific efforts will be played by Harry Miele '49. Harry's home is in Randolph. He is in Liberal Arts College, and is a Dramatic Club member and University Player. He belongs to Proctor Players Club, appeared in summer theatre in Newport, N. H., appeared

(Continued on page 8)

### Proc Page Resigns; Marburg '48 To Be Acting Treasurer

Mr. Proctor H. Page has resigned as Treasurer of the University of Vermont as announced Saturday April 30 at a meeting of the Board of Trustees. The following statement was issued by the trustees: "Because of certain error of judgment in his personal financial affairs, Mr. Proctor H. Page has offered his resignation as Treasurer of the University of Vermont and State Agricultural College, which has been regretfully accepted by the Board of Trustees. In accepting the resignation, the Board of Trustees expressed its gratitude for his seven and a half years of effective and loyal service to the University."

Mr. Donald Marburg, who has been assistant to the treasurer this past year, has been appointed acting treasurer to hold office at the pleasure of the Board of Trustees.

### Council Revises Old Constitution That Rules Fraternities

The fraternities have united again. The old constitution for the Interfraternity council, which showed no clear-cut basis for authority has been revised and a batch of new provisions have been inserted to clarify its position. The new constitution, if it runs true to its promise to bind the fraternities into a permanent organization and to promote the best interests of the University and all the fraternities, should prove to be a wonderful asset to the Student Body as well as an improvement over the co-operation among the various houses.

Out of the group of new provisions, two stand out for their importance and far-reaching consequence. The first concerns the formation of a judicial board by the President of the University at the request of the Interfrat Council or any fraternity, consisting of three men from the staff of the University who do not belong to any fraternity on campus. They will serve as the judicial authority on any infraction of the rules and will possess the power to impose such penalties as closing houses to levying monetary fines.

The second and most pertinent clause pertains to the Council's jurisdiction over certain interfraternity competitions rushing, interfraternity sings and especially over such important events as Kake Walk and interfraternity athletics, although subject to approval by the University Council. Kake Walk has caused not a little amount of friction between the fraternities over the last two years, which this clause should tend to remedy. Before the war when the student body was much smaller, the fraternity members constituted a good majority of the school, but at the present time with the proportion definitely reversed, the fraternities still play a dominating role in school activities. It is argued that the fraternities as highly compacted organized groups are best suited to carry on this leadership. This may be true enough, but it still stands that the great majority of non-fraternity members are not represented and whether this calls for an in-

The purpose of this meeting will be to discuss possible methods for planning job campaigns.

### Newly Organized Men's Chorus To Make Debut May 18

A recently organized group on campus shows great promise of success. It consists of men who want to sing, and who have the talent and the ambition. They will make their debut at the Interfraternity Sing, May 18.

This organization headed by Bill Chapin and under the direction of Lyman Hurd of the Burlington High School is known as the Men's Chorus. It has received full recognition after undergoing the usual procedure.

The first step was taken immediately after Christmas vacation, when a petition containing twenty-five names of those actively interested was submitted to President Millis, who then endorsed the plan. A meeting of the signers, later known as Charter Members, was called early in March. Their first step as a group was to draw up a constitution, and this was accomplished by Dave Battye, Dan Morrison and Bill Chapin. At the following meeting temporary officers were elected. Those chosen were Bill Chapin, president; Reg Linsenmeir, vice-president; Ellie Hayslip, secretary; Bill Wood, treasurer; Dave Battye, librarian; and Bob Taisey, accompanist.

The next step in the desire for recognition was to submit the constitution to Student Government for its approval. This done, all that remained was to have the Student Advisory Committee and the University Council give their approval. At last the goal had been reached. The men's chorus was now a fully recognized group, subsidized by Student Government, and able to go ahead with all plans.

Notices were put in the CYNIC to stimulate interest, and the response received was gratifying. The men's chorus is now composed of twenty strong, and according to its constitution, the total membership is left to the discretion of the club. The men meet on Wednesdays at 7.00 and hold their rehearsals in the Music Building. All prospective members must audition for the director.

They are now engaged in rehearsals for their first public appearance, to be held in conjunction with the Interfraternity Sing. Since there are both fraternity and

(Continued on page 5)

### Navy Band To Play At Auditorium With Com. Brendler

Lieut. Comdr. Charles Brendler, director of the United States Navy Band has just released the program to be played here May 16, at the Memorial Auditorium. There will be two performances, one at 3.30 p.m. and one at 8.15 p.m. Tickets are now available at Wood's, Hayes & Carney's, Bailey's, Cross Radio Shop, and the UVM Book Store.

#### Evening Program

Dance of the Hours.....Amilcare Ponchielli  
Saxophone Solo—"Stormy Weather".....Harold Arlen and Ted Koehler  
Hit Parade of 1949.....Harold Walters  
Vocalist: Richard Groves

## Will Sing At Junior Jubilee

SCOTTIE MARSH

"If I have to iron this gown once more I'll scream" and "So help me the florist took half of last month's check" are current campus complaints being heeded by Junior Week chairmen, Marshall Sabens and Newell Curtis. The annual Junior Week Prom, an integral part of Junior Week has been changed to the biggest informal dance of the year, a Junior Week dance, to be held in the Memorial Auditorium, May 12.

There are two main reasons for breaking with tradition and making this dance informal. The chairmen believe there are already enough formals in the spring to satisfy anyone who goes for satin and tulle, tuxs and orchids. The tickets are being sold for \$2.40 which will just cover the cost of the band, Shep Fields. The chairman feels that if the average fellow doesn't have to indulge in the necessary items for a formal dance, he can easily afford the price of admission.

Few can fail to admit that tradition isn't a fine thing, but it can become hampering. There has been a small campus reaction against the rapid succession of college formals this spring. The Kake Walk

## Delegates Travel To Boston For Meeting Of Newman Clubs

Seventeen members of the Newman Club of the University of Vermont journeyed to Boston during the week-end of April 30-May 1 to attend the twenty-seventh annual convention of the New England Federation of Newman Clubs. "Socially Conscientious Catholics" was the theme of the convention, which opened Friday evening at the Hotel Bradford with a joint assembly of the National Federation of Catholic college students. An address given by Archbishop Cushing of Boston highlighted the evening and later on a dance was held in the ballroom of the hotel.

### MIT Host to Panel Discussions

On Saturday there were panel discussions, all held in lecture halls at Massachusetts Institute of Technology. Some of the topics under discussion were: "Federal Aid to Education," "The Challenge of Radio to the Catholic Student," and "Christian Methods of Combating Communism." At noon the students participated in a Dialogue Mass at M.I.T., at which everyone gave the responses in Latin. A plenary session was held later in the afternoon, so that all summaries and resolutions of the panels could be given.

Saturday night, a dance at Boys' Latin School offered entertainment for the delegates, and on Sunday morning all the representatives attended mass at St. James' Church. At the communion breakfast at the Hotel Bradford which followed the Mass, Father John Daley from the New York province gave the main talk, fulfilling the convention theme.

dance and Mortar Board Spring Formal started it, and coming up are the Spring Fraternity formals as well as the Senior Week Prom.

### Reaction to the change was vocal:

"I think it's a wonderful idea. Why didn't someone think of this before?"

"I think it's a clever plot against the weather. Every UVM formal I've been to so far, it's rained like cats and dogs. If we have an informal dance maybe also we'll have warm weather and a moon.

## Barbara Jensen Named By Pan-Hell As New President

The Pan-Hellenic Council has named Barbara Jensen, president for the following year. Other officers are Pat Tucker, vice-president; Beverly Barker, secretary; and Kathy Mears, treasurer. The members include a senior and a junior representative from each sorority, and are as follows:

Alpha Epsilon Phi—Ruth Erhlick, Suzette Levine  
Delta Phi Epsilon—Ruth Kenner, Ruth Levine  
Tri Delt—Pat Tucker, Alma Warrall  
Theta—Barbara Jensen, Anita Swasey  
Pi Phi—Beverly Barker, Lynn Thorell  
Sigma Gamma—Kathy Mears, Ann Burroughs  
Alpha Chi—Esther Havens, Charlotte Smith

At the recent tea forty-seven girls indicated their interest in the formation of a new sorority. They filled out questionnaires giving interests, activities, and other information which will aid the Council in selecting the small group to form the nucleus of the sorority. About twenty girls will be picked to work together until the end of this semester. In the fall more girls will be added to this group prior to a rushing period.

Dean Simpson and the Pan-Hell Council are placing full support in the organization of the sorority and will work with the new girls as will also each sorority.

## Applications Now Being Received For Foreign Study Plan

The Foreign Study Program of the University of Vermont and State Agricultural College, for which applications are being currently received, will open on the University campus on June 26. After an orientation period the group will fly to England for two weeks at the University of Birmingham, and will then proceed to the University of Leyden, Holland. The ten-weeks program will also provide free time for sight-seeing, both in England and on the Continent.

The program offers courses in Economic History of Western Europe; the Economic Geography of Western Europe; International Economics; and a Seminar Course of foreign lectures dealing with problems of European reconstruction. It carries eight semester hours of graduate or undergraduate credit in the Social Sciences.

Applicants must be citizens of the United States; have completed basic courses in economics, history and political science; and hold a degree from a recognized institution of higher learning or have senior or highly qualified junior standing. In other words, anyone who is a sophomore now will be eligible to apply for the Foreign Study Program. Junior standing will be accepted for foreign study. Formerly only senior standing was honored.

Applications may be made to the Director of Admissions, Foreign Study Program, University of Vermont, Burlington, Vt.

## Shakespeare Scenes Presented At Local Theater Club

Scenes from several Shakespearean plays were presented by members of the Shakespeare class for the Burlington Theater Club at their rooms in the Howard Relief Building, Monday and Tuesday evenings, May 2 and 3. Miss Eleanor M. Luse, assistant director of the special clinic, directed these performances.

Robert Austin, president of the club, introduced Harry Miele, master of ceremonies, who explained the occasion of each scene.

### Varied Selections Offered

Act I, Scene III from Coriolanus was the first scene to be given. Taking part were Mary Jane Farnham as Volturnia, mother to Coriolanus; Florence Holden as Virgilia, wife to Coriolanus; Mary Segale, as Valeria, friend to Volturnia; Emmett Van Buskirk, as young Marcius, son to Coriolanus; and Gladys E. Neiburg as the gentlewoman attending on Volturnia.

Two scenes were presented from Romeo and Juliet, Act II, Scene V, scene in Capulet's orchard, and Act IV, Scene III, sleeping potion scene in Juliet's chamber. Marilyn Davis played Juliet, and Gladys E. Neiburg acted as the old nurse.

The final scene presented was Act I, Scene IV from Richard the Third. Taking part were Edward Goetz as George, Duke of Clarence; Charles Comstock as keeper of the tower; Albert Redway, the first murderer and Paul Henry, the second murderer.

## SUGGESTION for Summer Job Hunters

ARROW  
ARA COOL  
ENSEMBLES

## "If safety records were news..."

If safety were spectacular, it would be front-page news that Bill Jones and other telephone men drive 55,000 vehicles more than a million miles a day—with one of the nation's lowest accident rates.

Today, for example, Bill will drive a lot of miles. He'll guide his familiar green telephone truck through the heavy traffic of shopping centers, he'll go along quiet streets where children play, he'll travel lanes and highways at the edge of town. And every mile, every turn, will always

be driven steadily and carefully.

You see, Bill and the telephone company consider good driving as much a part of his job as installing a telephone. The truck which Bill drives is checked and serviced regularly, so it's always safety-perfect. And Bill gets a lot of training in safety—training that covers all phases of his work.

Bill has helped put together one of the best safety records in the country. It's a record we're proud of—and so is Bill.

BELL TELEPHONE SYSTEM

# Junior Week Festivities Begin With "Peerade" On Thursday

Junior Week, the week dedicated by this year's Junior Week committee to "junior" has on its program, the "Peerade," the junior play, "You Can't Take It With You," the Junior Jubilee, and the election of the Junior Beauties. "junior" is the typical youngster who wants to be a junior at UVM someday.

He will lead the "Peerade," accompanied by two other "kids." "junior" is presenting the Junior Beauties contest, and if he is allowed to stay up late, he will be at the Junior Jubilee, Thursday night. The identity of "junior" will not be known until the formation of the "Peerade." He will be a freshman dressed as a grade-school age boy, the typical devilish kid brother. He will be chosen by the committee for his sense of humor and ability to act the part of "junior."

Friday and Saturday nights the cast of the junior play is going to prove that "You Can't Take It With You." This comedy, written by the team of Kaufman and Hart, concerns the troubles that unconventional brings a family. Martin Vanderhof, the grandpa, decided that it is foolish to spend his life working, so for thirty-five years he and his family have satisfied their whims. His daughter, Penelope Sycamore, writes plays and her husband, Paul Sycamore, spends his time making fireworks and playing with an erector set. One of his granddaughters, Essie, takes ballet lessons and is married to Ed Carmichael, who plays with a printing press and xylophone. Alice, another granddaughter, is normal and wants to marry a normal young man, Tony Kirby, her boss' son.

The fun begins when Ed prints material that causes the FBI to suspect him of treachery and when the correct, austere Kirby family comes to visit the zany Sycamore family on the wrong night. An odd assortment of characters wanders through the play. Mr. DePina came to deliver ice eight years ago and just stayed. Gay Wellington, a drunken actress, drops in to read a play. A Russian ballet teacher, Mr. Kolenkhov, teaches Essie her ballet dancing.

The cast is: Grandpa Vanderhof, Charlie Parker; Penny, Shirley Gleason; Essie, Suzanne Pooley; Ed Carmichael, Neil Towne; Mr. Kolenkhov, Bill Ridgell; Paul Sycamore, Maynard North; Tony Kirby, Dave Wetherby; Alice,

SHEP FIELDS

Gloria Ahrens; Gay Wellington, Gladys Neiburg; Mrs. Kirby, Pam Crandall; Mr. Kirby, Morty Kaufmann; Rheba, the colored maid, Mimi Beauvais; Don, her boyfriend, Jack Holly; two men, Bob Arthur, Herbert Ehrenfreund; Mr. DePinna, Harry Miele.

The committee chairmen responsible for the back-stage work are: stage manager, Leonard Tomat; assistant stage manager, Howard Delano; property, Gladys Beauvais; tickets, Doris Galloway; publicity, Carolyn Delano; costumes, Parker Ladd; house, Katy Crocker. The play will start at 8:15. Tickets are \$.50 and \$.75.

The UVM band will lead the "Peerade" which will start Thursday afternoon in back of the gym at 4. The floats, advertising the play, will parade down Main Street, up Church Street, up Pearl Street, over University Place and back to the gym. The judges will be: Mr. S. Baranoff, instructor of economics; Francis Colburn, art department; Dean Robert Kroepsch, Mayor Edward Moran, and points awarded to floats will be given for four things: originality, advertising merit, artistic qualities, and performance. All the fraternities, including the Independents, and all the sororities are expected to enter floats. The winners will be announced at the dance and the photographs of the winning floats will be put upon the Junior Week bulletin board.

The Junior Week committee is cooperating with the St. Michael's Junior Prom committee so that expenses may be cut down by ordering decoration material in large quantities.

## Foreign Students In U. S. Colleges Help In Int. Relations

The 26,000 students from other lands now studying in American colleges could be immensely valuable to the United States in future international relations, according to Neil M. Clark, who discusses the role of foreign students in "Campus Ambassadors," in the current (May 7) *Saturday Evening Post*.

"These students have sharp, inquiring eyes," Mr. Clark says. "They are looking us over shrewdly and don't miss much, and they will carry word of us back home. In a few years most of them will be in places of power or influence in their own countries."

Of the foreign students enrolled in American colleges, Canada sends about 4200; China, 3900; India and Pakistan, 1500; Turkey and Iraq, 500 each; Holland, 270; every South American country, quite a few; Brazil, many; Africa, Australia and Northern European countries, quite a large number; Afghanistan, nearly 50, according to the *Post* article. With a total enrollment of about 1200 at Colorado School of Mines this year, 70, are from Iran, Iraq, Turkey, Great Britain, Brazil, Norway, Burma, Portugal, Bolivia, China and a dozen other countries.

At the School of Mines, Mr. Clark found the foreign students favorable to most American ways. They were well received, and have joined fraternities and civic organizations. They like the freedom that women and girls enjoy here. But they have some fault to find.

Chief among them is that Americans don't speak English, according to Mr. Clark. One student thinks we rush too much, and another regrets that American students don't take more time to explore each other's minds. Americans are too smug, we make a fad of college, race prejudice is strong, and we place too high a value on the money value of things—those are among other criticisms the foreign students make.

## Dating . . .

"If you have two dollars you can ask her for that date, because, according to a recent survey taken on the campus, 77 percent of the girls thought two dollars was all you should be expected to spend. If you're lucky, you'll be going with the other 23 percent who don't expect you to spend more than a dollar."

"Now that we have examined your financial status, how about your appearance? You had better slip into a shirt, sweater and pants combination; 60.5 percent of the girls on the campus preferred the combination. If all your sweaters are at the cleaners then wear a sports outfit since the other 39.5 percent of the girls preferred this type of garb. Suits didn't even get into the race."

"Where will we go? If there's a dance going on, it's your best bet because 60.5 percent of the girls preferred this to any other entertainment. If there's no dance, then the theater is your next best choice (15 percent), with skating, riding and walking trailing the list."

"Just in case you might be considering going around by the tavern, you had better forget it since only about 23 percent of the girls looked even tolerantly on drinking, and if there is a dance, do your best; 92.5 percent of the girls wanted to date good dancers."

"If you're amusing you've got the girls

behind you 100 percent and if your personality is one of those million dollar personalities then count your lucky stars, because, according to the survey, you don't need brains or beauty if you've got the 'ole thing called personality."

"About you girls: It seems that if you want to please the boys you will wear a skirt and blouse combination, unless of course you don't have any handy; then you can wear a dress which about 17.5 percent of the masculine gender preferred."

"As to where you might expect to go for your evening's entertainment; well, dancing barely leads the list with a 29.5 percent of the boys in favor of it; movies and walking tied with a 20.5 percent score, and riding trailed with 14.5 percent favor, indicating that if there is a dance you will go dancing, but otherwise, movies or walking."

"Eighty-five and a half percent of the boys think that girls should be good dancers, and 68.5 percent think they should stay away from liquor. If girls must smoke, they will lose favor in the sight of 75 percent of the boys, according to the survey."

"If they use cosmetics lightly, 59 percent of the boys will favor it; if they use cosmetics about medium, then only 41 percent agree, and if they use them

## New Band Uniforms

At a time when the general financial situation of Student Government does not appear to be rosy and when cutbacks in appropriations all along the line are being ordered, it is fitting to cite the case of one UVM organization which seems to know what it wants and is striving to become a member of that rare species: the self-supporting organization.

The UVM Band has undoubtedly done more for creating school spirit and providing a group atmosphere at student functions, with less reward than any one group. The members rehearse together twice a week in the loft of the ancient Art Building. Their recompenses are a banquet given them at the end of the year and minor awards, such as letters.

The recent past history of the Band has been a rough one with most of UVM's male students going into the service during the war. Co-eds, however, filling in this war-time gap capably replaced the men, and provided a firm basis upon which to build a good post-war band. And the Band has been growing: In 1946 there were approximately thirty-five players, this year eighty players, and it is hoped to reach the peak next year of 100 players, a band comparable in size to that of any college.

With this new growth in size came the need for new uniforms in Vermont colors, for the UVM Band, originally an R.O.T.C. Band, has been wearing the old blue R.O.T.C. uniforms for the past twenty-odd years. And thus the Band started a fund-raising campaign to obtain the required \$6,000 for green and gold uniforms. On a loan of \$1,200 from Student Government, 2,000 recordings of "Cotton Babes" were professionally made and placed on sale. To date the Band has repaid \$500 of this sum and is in a position to return most of the remainder. Anyone buying these records, true mementos of UVM's Kake Walk, directly aids the Band's cause. A windfall to the cause was a \$1,200 payment made to the Band recently by the University. The money came from an old uniform fund, whose original purpose is now defunct but whose money can serve no better purpose than these new uniforms. Other sources of revenue lie in the possibility that the sale of the present uniforms may yield a sizable return and also in the fact that the Band was paid this year for its invaluable services performed at Kake Walk.

The question has been brought up, "Will the Band expect money for all its services?" and the answer is an emphatic "no!" After the purchase of uniforms the Band will serve the University as it has in the past and will seek only enough funds to remain self-sufficient. It will continue to provide that intimitable spirit at football games, Kake Walk, the Junior Week Peerade, and other parades, as well as performing for the Military Department during Federal Inspection of the R.O.T.C. and other functions.

The last on this year's list of money-raising plans by the Band is a notable one: the sponsoring of the United States Navy Band, which is to present a concert in the Auditorium this Monday, May 16. The costs of presenting a world-famous organization such as this are formidable, but the possibilities of the students really showing the Band their appreciation are even greater. Let's all support this organization at this time in gratitude of what it has done and will continue to do.

## Inquiring Reporter

By Carol Henshel

For many years the Women's Health Council has been a very strong and representative organization on campus. It is responsible for the many posters on good health, and looks into the many difficulties of the University women with regard to mental and physical well-being. In addition, it maintains a loan fund for girls who need medical care on a "no interest" basis.

Since the plan now is to have a full time health director next year, many campus leaders have contemplated a need for expanding our present organization to the male students, to work with this new official. This week's Inquiring Reporter took it upon himself to get the opinion of various campus personalities on this question, and here is the result of his labors.

GLADYS NEIBURG, Health Council member: "I have worked on Health Council for a number of years, and I realize the necessity of its expansion to include all students, not just the girls. The men need the same sort of medical aid as the women now get, and perhaps some of our epidemics could be arrested if there were a Health Council member in the boys' dorms."

DR. T. H. HARWOOD, director of Student Health Service: "It seems to me that the more a student body as a whole takes an interest in Health Council the better it is for all concerned. Since the men constitute more than half the student body, obviously they should be included. Aside from benefiting the men, expansion would probably increase cooperation with the Health Service and therefore benefit the general health of the entire university."

SUE GLENN, Outing Club secretary: "I think it is a good idea if we can count on the cooperation of the male students, but if not, I don't think it would work. Interest would be aroused and multiplied greatly if Health Council publicized its projects more."

HARRY MIELE, past president of Student Government: "Any such expansion of Health Council has my absolute support. Its advantages are obvious and cannot be overlooked. Since the Council has done so much for our women there is no reason why the men should not receive the same help."

## Your Student Government

Marshall Sabens

The "battle of the fountain" extended to the Student Government meeting Wednesday. Opinion was unanimous in the belief that a pansy bed is not to replace a traditional U. V. M. landmark, if it can be avoided. Therefore, a protest will be sent to the proper authorities on behalf of the student body stating that it is felt that the fountain should be replaced, repaired, and maintained at University expense. Thus Student Government has joined the Alumni in opposing the removal of something which for present day students has lost most of its meaning. Perhaps this is indicative of some remaining spark of student spirit which can be fanned into a revival of some of the more important traditions of past years.

The secretary announced that ninety-one applications for Student Government scholarships had been received. Of these, six were chosen by a committee of faculty and students on the basis of need, activities, and scholastic average. The scholarships were awarded at Founder's Day exercises.

A representative from the newly-organized Sailing Club requested Student Government recognition for the Club. This raised the question of whether such an organization should be recommended for final approval to the University Council or the Athletic Council. The Executive Council finally decided to send the Club to the University Council with the recommendation that it be approved without opportunity to apply for funds from Student Government.

The Student Court will hold a special election for justice on May 18. This is because of the "irregularities" in the one held on March 22. At that time several freshmen were denied the right to vote for justice due to a misunderstanding on the part of those supervising the election as to who was eligible to vote. Only the candidates running in the last election will be allowed the run this time. Everyone is eligible to vote.

## Spring Fever

With the arrival of spring has come the most delightful disease — Spring Fever. This fever has had its effect on almost everyone here on campus. For many of the students are now lounging on the Waterman steps . . . using the college park lawn for a study hall . . . or just walking around absorbing the fresh, warm air (between light sprinkles of rain).

Because of this "out-doorsy" weather, the UVM candid camera decided it would make its appearances here and there and see what was on the minds of these persons who used their time so leisurely. Don't be surprised if you happen to see something here that you said, for remember, the candid camera traveled everywhere and at anytime.

From candid camera—Didn't that make you mad? Here we asked him to drop us at the dorm and he said he had to go to work. He could have at least waited until we were at Coolidge before he decided to drive by with her . . . and do you know he asked me out next Saturday night! I never dreamed he would. Say, what have you got that I could wear? All my things are so old . . . Say! Did you see who just went by? She certainly looked good the other night at that dance. What's her name, by the way? . . . Look at that. Just look at that. Here I study and slave over my books and all I get is an 85. The least he could have done was to give me a 90. (Camera's remark: How high can we get, uh?) . . . She made Sophomore Aides? Why I didn't know she was that brainy? Did you know any of the fellas that made Gold Key? Funny, I've never heard of any of them . . . Look at that cute little puppy over

there. Here puppy, puppy (whistle). He follows me home almost every day. . . . Mother sent me a huge box of food yesterday. You should have seen all the stuff that was in it. She even put a delicious chocolate cake in it, too! (Camera's remark: Ummmmmm! Good!) . . . It's a shame. I haven't been to this class in two weeks, but I have been doing the homework. Do you know whether he fails you for not attending classes? (Camera's remark: Kinda late to think about that now, eh?) . . . And here's one of Joe and me taken beside the fountain. That one's of Jackie and Bob. . . . they don't go together, at least not the way I know of (laugh) . . . (Giggle, giggle, giggle). Here's another one. Did you ever hear . . . (Camera's remark: I hate giggling girls, ug!) . . . Wasn't that an interesting discussion in class? However, I still don't see why she couldn't have been his wife instead of his girl . . . (Just finishing lunch): That sure was good. Hope they have some more of that real soon. (Outside, about fifteen minutes later): Was the lunch any good? Why it was the lousiest stuff I've ever eaten. I wouldn't eat it if I were you. (Camera's remark: Liar!) . . . Isn't Olivier the handsomest man you've ever seen? (sigh). I wouldn't mind seeing Hamlet again, would you? . . . Honk, Honk! Why doesn't he stop showing off his new car? Everyone can see it as plain as day. Gee I wish he would give me a ride to the dorm. (Camera's remark: Too bad she doesn't know that the swell car came to pick me up so I can go to lunch. You know I do get hungry, too, every now and then. So long . . . )

## Dutch Students To Study At Vermont In Ensuing Year

Several Dutch students will study at the University of Vermont next year as the result of arrangements between the Dutch Minister of Education and UVM, Dr. George C. Grosscup disclosed recently.

Professor Grosscup, who just returned from a trip to Europe, said a scholarship fund of \$2,290 will be set up at UVM. Dutch students designated by the Dutch Minister will use the fund.

The program grew out of the first year of the UVM Foreign Study Program. It is a reciprocal arrangement resulting from a Dutch subsidy given the UVM program while in Europe last year, Professor Grosscup said.

Dutch students will meet UVM standards. The number and other qualifications of the students will be established by the Dutch Ministry according to the agreement just concluded.

Professor Grosscup, director of the program, also disclosed that the New York City Board of Education will be co-sponsors of the program this year. An estimated 125 New York City school teachers will take part in the program.

"The board is interested in getting as many teachers as we'll take into the program," he said. "It considers it part of their formal in-service training."

Two Dutch field trips were also outlined by Professor Grosscup.

The first will include a visit to the experimental coal mines in southeastern Holland, probably Heerlen, he said.

The second will be a trip across the Zuider Zee dam. The students will also visit reclaimed areas called "polders" in two sections of the Zuider Zee, Professor Grosscup added.

While in London the students will hear lectures by the Board of Trade Pres. Harold Wilson and British Institute of Bankers Research Director, Professor Hinton.

The University of Birmingham informed Professor Grosscup that it will ask the British National Union of Teachers to arrange for a day's visit to Stratford-on-Avon. The same group arranged a visit to the town last year.

## Letter To Editor

To the Editor of the CYNIC:

Where are the '49 Ariels being concealed? They have been printed and briefly one afternoon in the lower hall of Waterman a few were distributed, but those of us who weren't lucky enough to find this out in time are again taking up the familiar cry, "What happened to the Ariel?"

JOSEPH LEVIN '50.

## PLACEMENT OFFICE

By Betty Cole

The Placement Office has several hundred pamphlets and booklets from numerous concerns available as an aid for seniors interested in specific jobs. These booklets do not contain vocational guidance material but merely list information regarding various divisions in the concern, types of workers employed, training needed, wages, pension plans, etc. This type of information is for the student who knows where he or she would like to secure a position but desires specific details about the job.

One may also find in the Placement Office material concerning the problem of getting a job. This information deals with such questions as how to obtain a job in your city, which private or government agencies should you use, what special considerations are given to veterans, or how to interview your employer. This material is in general terms and is of value to the job seeker. Also along this line are several "black books" containing lists of concerns from all over the United States who desire women workers. The state is listed, the concerns who need workers, and the types of workers needed. One may find material concerning the planning of job campaigns as well as the problem of securing interviews.

A third type of material the Placement Office carries is especially meant for freshmen and sophomores who have difficulty in choosing a major study or a career. In selecting a career, a student should first discover his own interests and abilities and then decide what abilities are required for this career he has chosen. This material will then help him decide his career but it will not tell him what career he is made for. After the student has received counseling advice, then he may use this material as a supplement. As an example, a student may be interested in plumbing contracting. The index lists this information under number 114, and this booklet gives such information as the history of plumbing, attractive and unattractive features of such a career, personal qualifications, course of study, an average day's work, earnings, and opportunities in such a field. There is also an index of short write-ups called "Occupational Briefs" which describe jobs from circus workers to butchers. A separate file contains material on professional and semi-professional jobs.

Altogether, the Placement Office has a tremendous amount of material available for the career or job seeker. Any student is free to use this material in the Placement Office.

# Joe Lechnyr Leads Cathedral Band In Festival Parade

"Buy a sticker! Hey, Nancy, get off my foot! Bob, got your rack? Pins for twenty-five cents! Look out for the car! Oh, bless me, I forgot my music. I'm hungry, let's get a dog." These were many of the cries and exclamations that one would hear if he happened to be one of the hundreds of people and cars that jammed the streets between the Burlington High School and the Memorial Auditorium during last Thursday, Friday and Saturday.

The whole City of Burlington was in an uproar. The coke company dragged cases of coke to the school yard and Memorial Auditorium, then went back to the company again for more. The ice cream company kept pouring in ice cream and popsicles of all flavors. Hot dogs, sandwiches, and candy bars were also sold. Many people chipped in and helped sell the huge quantity of goods to the massive crowd before them. Even the police put in their two bits by helping direct traffic as people scrambled from a band rehearsal to a choir or orchestra rehearsal. The Vermont Music Festival had arrived.

Friday night at 8.00 the curtains of the stage were finally drawn open, revealing a scene of glittering brass and various showy uniforms whose colors ranged from bright red to a navy blue. Doctor Wiggen snapped up his baton and the all-state jumped into its first piece. They played many different types of melodies—marches, waltzes, modern jazz, and overtures—but the "Syncopated Clock"—a light, peppy number with the drum sticks beating out the clock ticks—and the "Stratoswing," a piece composed of different jazz rhythms with a terrific clarinet solo, took the cake. The audience caused

a loud rumble as they stamped on the bleachers and yelled, more.

Late Saturday morning the clouds in the sky separated and let the sun's rays glare down upon the spectacular parade which formed on Main Street and proceeded through Willard, down Pearl and Church, and up Main to the school. Many, many schools were represented either by orchestras, or choruses. Twirlers in flashy uniforms ranging from flary skirts to military pants, strutted at the head of each band and flung their batons before them. Many comments were made about the tricky set of twirlers from Spaulding High. The bands were of all types and sizes and each was marked by its colored banner which was carried in front of them. The streets were jammed with adults and children who all craned their heads to look at the wonderful procession. There was much clapping as St. Anthony's drum and bugle corps snapped through their drill, and there were many oh's and ah's as Manchester marched by in their new flowing capes of bright blue satin trimmed with white. The parade was some two hours long and as each organization arrived at the high school they proceeded to the front lawn and waited. Finally the Burlington High School marched in, the drum major blew his whistle, the baton was lowered, and all was immediately silent. The picture of all bands massed together on the front lawn of the school was taken.

Saturday the auditorium was overflowing with people as the all-state orchestra and chorus performed under the leadership of Mr. Wassel and Mr. Woodbury. On the stage sat the orchestra and beneath the stage seated upon many rows of bleachers which formed a huge semi-circle was the chorus. In place of the sparkling colors of the all-state band's uniforms were pale springy pastel colors of hundreds of evening dresses. The "Syncopated

Clock" was played again and called for another encore. "Sleigh Ride" played by the orchestra, was also very popular. The chorus sang many pieces, ranging from the modern melodies to old church anthems. But the most glorious affair of all was when the orchestra struck up the introduction of the piece "One World." The chorus whispered the first few strains and the orchestra played softly in the background. Slowly the combined group

increased its volume. Now and then it was softened down again by group solos and, as the end drew near, the orchestra began to play louder and louder and to pick up speed, the notes of the sopranos rose higher and higher and the chorus shouted out the last words of the song as though they wanted the whole troubled world to hear them cry—One World. Then the curtain was pulled and the Music Festival was over.

## Interfraternity Sing

(Continued from page 1)

non-fraternity men, they will do a few numbers during the period set aside for judging.

The enthusiasm with which the group works, and the desire for success is ably summed up by Pres. Bill Chapin in his statement, "Although the Men's Chorus is one of the more recent student organizations to be recognized on campus, the enthusiasm and cooperation of its members is destined to lead this group to a position of prominence not only in the eyes of the University, but also in the eyes of the surrounding public."

The confidence and spirit displayed in this comment is an indication that we may all look forward to the chorus' performance at the Sing.

## Dating

(Continued from page 3)

heavily, then it's best to just pray. Fifty percent of the boys want girls to be frank, three percent, boldness and 47 percent neither.

"If you have an agreeable nature, 60 percent of the boys will go for you, 21 percent fall for the independent type and about 14 percent go for the submissive type. Fifty-one percent of the boys are going to be expecting a good-night kiss even though it is the first date. That's okay, but only 31 percent of the girls are going to be expected to kiss you on the first date. What I'm trying to tell you, boys, is that 20 percent of you are going to run into difficulty . . ."

So round, so firm, so fully packed — so free and easy on the draw

COPELAND, THE AMERICAN TOBACCO COMPANY

# Vermont Scores Four Runs in 7th to Defeat Clarkson

## Goulet's Single and Tech Error Gives Cats 5 to 2 Victory

Larry Gardner's nine came from behind the second Saturday in succession to win its second home game and fifth triumph of the year as they handed Clarkson a 5 to 2 setback. Rain and cold weather threatened to postpone the game earlier in the day, but as the afternoon rolled around the skies cleared and 1,000 fans braved a chilly wind to witness the Catamount victory.

UVM's Don McCuin had a little trouble with his control in the second inning and Clarkson put one run across the plate to maintain a brief lead. McCuin gave two free trips to first and the opening score of the game came when Clarkson's Greeban lined the ball to left field bringing in Lewis. Vermont proceeded to tie things up in the third when Hebsch scored from third as Greeban dropped Maroney's long fly ball to right center field. However, the Engineers bounced right back into the lead again with one run by virtue of a walk, two Vermont errors, and a sacrifice. A big seventh inning, Vermont scoring four runs, gave the Green and Gold the 5 to 2 verdict and win number five for the year. Art Collier tied up the score, coming all the way from second base, when Maroney rifled out a single to left center. John Goulet's hit to right field brought Hebsch and Maroney across the plate for Vermont's third and fourth runs. Goulet scored on Morabito's error at third for UVM's last run.

Saturday the Catamounts play the first Yankee Conference game of the year when they meet Massachusetts at Amherst, Mass.

## Netmen Lose to St. Lawrence, 9-0 and Clarkson, 6-3 in N. Y.

The traditionally ill-fated Northern New York State athletic trip cast its ominous spell on Coach Fred Carpenter's untried netmen over the past week-end as Clarkson and St. Lawrence pummeled UVM 6-3 and 9-0 respectively.

Hampered by a powerful wind, blowing in from the Racquette River, the Green and Gold courtsters fell to a mediocre Clarkson combine on Friday. Inability to come through in the clutch cost Vermont a victory in the opener of their ten-game slate. The Larries humbled Vermont the following day as the UVM netmen failed to garner a single set.

The hopes of Coach Carpenter received a severe jolt when Hammy Livingston pulled a ligament in his left leg against the Techmen. Livingston, who limped through his singles match at St. Lawrence, was Vermont's chief threat for the New England Tournament to be held this week-end. Whether he will participate or not will depend upon the effect of heat treatments.

### The summaries:

Singles: Elitharpe defeated Livingston, 7-5, 9-7; Lawrence defeated Mickler, 9-7, 6-3; Holzant defeated Hanson 6-3, 6-4; Larson defeated Astone, 6-0, 6-2; Hanlin defeated Hill, 6-4, 6-1; Ottman defeated Fimian, 6-2, 6-2.

Doubles: Elitharpe and Larson defeated Mickler and Hanson, 8-6, 8-6; Holzant and Ottman defeated Astone and Fimian, 6-1, 6-1; Lawrence and Parish defeated Hill and Denis, 6-2, 6-0.

### GRADUATE SCHOLARSHIP

## Postmen Win Second Straight Track Meet; Ready For Easterns

By Bill Matthews

The UVM varsity track team won its second straight track meet in as many weeks by trouncing the Champlain College squad over at Plattsburgh Saturday afternoon. Vermonters won twelve of the fifteen scheduled events and ran up a point total of 98 to Champlain's 33.

Double winners for the Postmen were Howie Haddigan in the 100- and 220-yard dashes, Rus Mahoney in the half and mile runs, and Dick Nostrand in the high and low hurdles. Haddigan established a new record in the 100-yard dash on the Champlain track when he scampered down the cinders in 10.2 seconds.

The squad appears to be in peak form as it points for the Eastern Intercollegiate to be held at Springfield, Mass., on May 14.

An added feature in the Champlain meet was the mile relay won by the Vermont quartet of Metz, Hinkley, Nims, and McLaren, in the excellent time of 3 minutes and 43.3 seconds.

### Summary of events:

100-yard dash: Haddigan (V), Shantey (C), Nims (V); time, 10.2 secs. (record).  
220-yard dash: Haddigan (V), Emerson (V), Chantey (C); time, 22.8 secs.  
440-yard run: McLaren (V), Emerson (C), Whitman (C); time, 54.3 secs.  
880-yard run: Mahoney (V), McLaren (V), Gilhardt (C); time, 2 min. 3.6 secs.  
Mile run: Mahoney (V), Porter (V), Coughlin (C); time, 4 min. 41.5 secs.  
Two-mile run: Randall (V), Hubbs (V), Porter (V); time, 10 min. 22 secs.  
120 high hurdles: Nostrand (V), Barber (V), Mazza (C); time, 16.1 secs.  
220 low hurdles: Nostrand (V), Barber (V), Mazza (C); time, 26.1 secs.  
Broad jump: Beckley (C), Haddigan (V), Lodge (C); distance 19 ft. 8 in.  
High jump: Beckley (C), Bohlen (V), Barber (V); height, 5 ft. 10 1/2 in.  
Pole vault: Perkins (V), Wills (C), Hathaway (C); height, 11 ft.

Mile relay: Vermont—Metz, Hinkley, Nims, McLaren; time, 3 min. 43.3 secs.

### Fifteen Will Make Easterns

Next week Coach Archie Post and fifteen track stars will make the trip to Springfield, Mass., for the Eastern Intercollegiate. Springfield College is the host this year and teams from Boston University, Connecticut, Massachusetts, Middlebury, Norwich, Northeastern, Providence, Springfield, Trinity, Tufts, Worcester Poly Tech, and Vermont will compete.

The Postmen are rapidly developing into a well-balanced team, and it is expected that the Green and Gold thinclads will be well up in the final point score.

## Tickets Available Now For Production Of Oklahoma

The smash hit, "Oklahoma!" will be presented in Burlington on the evenings of May 18 and 19. The Burlington Exchange Club is sponsoring this great musical which will be held in the Memorial Auditorium. Many are now offered the opportunity of seeing the ever-popular show with a record-breaking success of five and one-half years on Broadway. The No. 1 New York cast features Wilton Clary and Anne Crowley in the leading roles with a strong supporting body.

Ticket prices range from \$2.40 to \$4.20. The first fifteen rows are \$4.20; the next seven, \$3.60; and the orchestra side seats, \$2.40. Balcony seats are \$4.20, \$3.60, and \$2.40. Bailey's Music Rooms are now selling tickets.

## MAN SWEARS By Better Razor Blade

Burlington, Vt., May 12, 1949

Plenty of men swear at their razor blades, but here's a man who swears by his! When reporters called on Joe Muldoon, they found him whistling in the bathroom. "Boys," he said, "just tell my public I'm razor blade happy. After years of trial and error, mostly error, I finally found my blade — just a 'feather-touch' and so long whiskers! Why, shaving with Pal Hollow Ground is as easy as flicking the top off lemon meringue pie." Mr. M forgot to say that Pal Hollow Ground still gives you 4 for 10¢ (or 10 for 25¢, 21 for 49¢, 44 for 98¢). He uses Double Edge. Single Edge cost the same.

# Dartmouth Trounces Vermont 19 to 0; Frosh Lose Two

## Kotlarczyk, Kehoe And Martin Allow 16 Hits; 3rd Loss

**Gordon Bickford**

The UVM Catamounts, playing their second game after returning from a successful southern trip, were lambasted by the Dartmouth Indians 19-0 at Hanover last Wednesday. Errors and lack of hitting contributed heavily to the complete rout.

Ray Vescovi, outstanding Cat third baseman, continued playing sparkling ball. He started two double plays and fielded eleven chances with only one boot which was about par for the Hanover course, and connected for two hits.

Almost all of the Indians got into the hit column and pounded Kotlarczyk, Kehoe and Martin at will, but the main factor was Vermont errors—10.

Dartmouth pushed across two runs in the initial frame, but it was a five-run outburst in the third that started the Cats on the road to their worst trouncing in many years.

Emil Hudak, who has pitched Dartmouth to top spot in the Eastern Intercollegiate Baseball League, displayed a little of his magic to the Cats who were able to garner but six hits off the big righthander and Bob Bissell who followed him to the mound. It was Vermont's third loss of the year.

## Vermont, St. Mike's Freshman Game

For the second time in as many starts the UVM frosh baseball team went down to defeat before a state rival at Centennial Field. The Squires of St. Mike's pounding out ten hits and supported effectively by the pitching of Paul Powers, came from behind a one-run deficit in the first inning to win by a 10 to 3 count.

It was a close ball game up until the fifth inning and then the Squires began to find the range as they put four runs across the plate. The score up to that point was 3 to 2 with the Squires in the lead. Again in the seventh inning the Kittens had trouble silencing the St. Mike's batters and three more runs were chalked up by the Purple and Gold freshmen.

Three pitchers were used by the Vermont freshman team, with the loss charged to Ed Jasinski.

## UVM-Norwich J. V. Baseball Contest

In a ball game that went eleven innings the University of Vermont freshmen opened the 1949 season with a 4 to 3 loss to the Norwich Junior Varsity nine at Centennial Field, Tuesday, May 3.

Coach Evans' yearling squad got all its runs in the fifth inning on a walk by Ed Anania, Johnnie Bloomer's single, another single by third baseman Knox, a fielder's choice and a balk by Norwich's Covey.

Norwich scored its runs in the second, sixth, ninth, and eleventh innings to give them the one run victory over the Kittens. Vermont used four pitchers and gave up ten hits to the Cadet JVs, while two Maroon twirlers held the frosh to five hits.

In the field the Green and Gold far outplayed the crew from Northfield, as they committed only one error to the latter's five.

## "You Can't Take It With You"

(Continued from page 1)

in the following shows on campus, "Male Animal," "Night Must Fall," "Hotel Universe," and in the Vermont Varieties. He also took part in the radio shows directed by Harry P. Fisher and by Dr. Sherman P. Lawton.

Ed Carmichael, of great musical talent and printing abilities, is being played by Neil O. Towne '52. Neil who is from Milton is in Arts College. Neil appeared in the plays at Milton High School, worked on stage set for "All My Sons" given here at UVM. He also appeared in Vermont Varieties and in "My Sister Eileen." Neil is a member of Dramatic Club.

Donald, the negro boy friend of Rheba, who enjoys being on relief is being played by Jack Holly '51. Jack, whose home is in Schenectady, N. Y. is in Liberal Arts. Jack played the juvenile role in his high school play "Date With Judy," and did committee work for the UVM production of "All My Sons."

Martin Vanderhof, or grandpa, who works at his philosophy of enjoying life, will be played by Charles W. Parker '49. Charlie's home is in Norwich. He is in Liberal Arts. While at Green Mountain Junior College, Charlie was an active member of the Dramatic Club as he is at UVM. He is club president and a member of University Players. He acted in the UVM productions of "Male Animal," and "My Sister Eileen." He was stage manager for "Ruddigore," "My Sister Eileen," and "All My Sons." He was stage manager for the first annual Vermont Varieties, and assistant stage manager in the second annual Vermont Varieties.

Alice Sycamore, the one member of the family who believes it is normal to work for a living, will be played by Gloria L. Ahrens '52. Gloria, who lives here in Burlington, is in Elementary Education. She has appeared in grade school plays, the Junior High Latin Club play, and has worked behind the scenes as prompter, etc., for the high school plays.

Henderson, the Government man from the Income Tax Department, will be played by Stephen A. Berman '51. Steve, whose home is in New Britain, Conn., is in Liberal Arts College. He is a member of Dramatic Club. Here at UVM he has appeared in Vermont Varieties, and worked on several play committees. During his high school days, he took the part of Simon Stimpson in "Our Town," and did bit parts in "Yellow Jack."

Tony Kirby, in love with Alice, complicates matters in the play by "forgetting" which night he and his austere parents are to be dinner guests at the Sycamore home. Tony will be played by David A. Wetherby '51. Tony, who hails from Wallingford, is an Electrical Engineering College. During his high school days, he took part in one-act plays.

Boris Kolenkhov, the Russian ballet dance instructor who has definite odorous ideas about things, will be played by William H. Riddell '52. Bill, who hails from Burlington, is in Liberal Arts and is a member of Dramatic Club. During his high school days Bill played in "Our Town," and also did the work of stage manager. On campus, he had the role of the doctor in "All My Sons," and the father in "My Sister Eileen."

Gay Wellington, the actress who knows her liquor not wisely but too well, will be played by Gladys E. Neiburg '49.

### Constitution Revlsd

(Continued from page 1)

crease of the number of frats on campus or further initiative and organization on the part of the non-fraternity members it still seems that there is need for improvement. To be ratified the constitution will need the approval of two-thirds of the Interfraternity Council members and the consent of the University Council but this appears only a matter of time, since the constitution is an outgrowth of a desire of both the administration and the fraternities.

Gladys, who comes from St. Albans, is in Liberal Arts. She is a member of St. Albans Dramatic Club, having played in "Night of January 16th," and several one-act plays. As a member of Burlington Theatre Club, she acted the part of Millie in "Five Stars for Finnegan," Kate, the old saloon hag in "Gold in the Hills," the old nurse in scenes from "Romeo and Juliet." In high school at St. Albans, she played the part of the mother in the senior play "Esmerelda." Here on campus, Gladys, who is a Dramatic Club member and a University Player, has acted the role of Avery, the housekeeper in "Double Door," Cleota, the negro maid in "Male Animal," walk-ons in "My Sister Eileen." She has taken part in several radio shows directed by Harry P. Fisher and by Dr. P. Lawton. She is vice-president of the Dramatic Club and has served on membership, publicity, light, make-up, prompting, and properties committees at various times.

Mrs. Kirby, Tony's dignified mother, is played by Pam Crandall '50. Pam, who comes from Hardwick is in Liberal Arts. She is a Dramatic Club member and was recently elected as secretary of the club. During high school, she appeared in four one-act plays and in the senior class play. She did walk-ons in "My Sister Eileen" when it was given on campus. In Modern Drama Class, she had a part in Noel Coward's "Still Life."

Anthony Kirby, Wall Street broker who suffers from indigestion, will be played by Morton I. Kaufman '50. Mortie who is from Nantucket, Mass., is in Liberal Arts. He played parts in the high school plays "Out of the Frying Pan," and "Best Foot Forward."

The chief FBI man will be played by Robert W. Arthur '50. Bob, who hails from Rutland is in Liberal Arts College.

He played the part of Doctor Alec in the Modern Drama class play "Still Life."

The second FBI man will be played by Howard Delano '50. Howard, who hails from Burlington, is in Education. Howard, who is a member of Dramatic Club and a University Player on campus is also a member of Vermont Junior College Players. He appeared in the first and second annual Vermont Varieties, and in "My Sister Eileen." Howard has also done a great deal of stage crew and committee work.

The third FBI man will be played by Herbert Ehrenfreund '51. Herbert, who hails from Eagle Bridge, N. Y., is in Agriculture. During high school, Herb played the part of Tony in "You Can't Take It With You," and had parts in several other plays including "Arsenic and Old Lace."

Grand Duchess Olga Katrina, who knows how to make "blintzes," will be played by Audrey W. Campbell '50. Audrey comes from Livingston, N. J., and is in Liberal Arts. Audrey, who is a transfer from Drew University, Madison, N. J., is a member of Alpha Psi Omega Dramatic Fraternity and Forrester's Dramatic Club. She acted the part of Mrs. Wright in "Outward Bound," worked on stage crew for "Macbeth," and appeared in the following one-act plays given there: "Camille," "Another Way Out," "The Florist Shop," and "The Pot Boiler."

Tickets for the show "You Can't Take It With You" are on sale in the ticket booth, lower corridor, Waterman.

## Dorm Notes

### ROBINSON

"There's much delight—The stars shine bright—O'er the Hall o' Robinson." That is what Robinson Hall girls are singing; and according to their pleased house-mother, Mrs. Cole, they have a right not only to sing, but to shout right out loud!

Robinson Hall won the Mortar Board cup for highest scholarship awarded a larger dorm; Shirley Dennis and Peggy Fisher were elected to Staff and Sandal; Bobby Spaulding was elected to W.A.A. All Sports Club; Gladys Neiburg got the role of Gay Wellington in "You Can't Take It With You;" Lorraine Miles '50 has her diamond; as has Ricki Richards '52. Lorraine plans on becoming Mrs. Al Groshans when Al, who is a Junior at the University of Maryland, graduates. Ricki admits her man is Stan Clapp, U. V. M. '50.

Fire drills have their place in the scheme of things, but the fire drill at ten o'clock, Sunday evening, April 24, was a surprise for the girls because it was the call to the birthday party for Ricki, and

not the usual "close window, pull up curtain, put on coat, take note-book and wet wash cloth" procedure preliminary to rushing down the front stairs, back stairs, or the fire escape. Games were played, songs were sung, and poetry (if it may be called such) concerning one "Little Willie" was effectively intoned by Polly McMurdo. Refreshments were served.

If birthday parties are good for one, they are better for two. This was exemplified Wednesday night, May 4, when the "gang" surprised Sarita Goodman and Shadow Sundeen with Robinson Hall exuberance.

Bobby Spaulding spent the May 7 weekend at Colgate, and Polly McMurdo went to Yale.

### NOTICE

Forty-seven girls have indicated their interest in the new sorority. If you are interested and have not filled out the questionnaire, please do so at once. You can obtain one in Dean Simpson's office. Turn all questionnaires in to her office before Friday, May 13.

## Phi Delta Theta Wins Junior Week Peerade; The Vanderhof's Entertain At Southwick

### Mr. Play Delights Many With Humor

The focal point of Junior Week was centered upon the Dramatic Club presentation of Kauffman and Hart's "You Can't Take It With You." On both evenings, May 13 and 14, the Southwick Auditorium was the scene of much hilarity. In the Vanderhof living room many unusual things occurred throughout the play. Everything from raising snakes, making candy, ballet dancing, and painting to playwriting, fireworks, and playing the xylophone was the result of the "do what you want when you want to" philosophy of the Vanderhof family. This whole theme was strengthened by Grandpa's triumph over the Internal Revenue Department and his granddaughter's successful reconciliation with her boss' son. The play will not soon be forgotten for its many humorous scenes such as the "word game" scene and the surprising visit of the G-men.

Much applause goes to Shirley Gleason for the vague, innocent playwriting mother and to Charles Parker as good-hearted Grandpa Vanderhof. William Riddell, portraying the Russian, ballet teacher, and Gloria Ahrens, as the only sane member of the play, were very well cast, both contributing much to the comedy. Harry Miele and Gladys Neiburg played their supporting roles with an ease that brought many laughs from the audience. The entire cast deserves much credit for playing this popular comedy in its true style of hilarity. Each character portrayed with the distinct individuality that Kauffman and Hart created for it. Many congratulations go to Maynard North, David Fletcherby, Suzanne Pooley, Mimi Beaumont, Jack Holly, Neil Towne, Steve Berman, Morton Kaufman, Pamela Crandall, and Audrey Campbell.

The living room set was very complete, depicting many styles of decoration. The lighting and costume crews deserve a nod for their often unrecognized work. The play more than proved the versatility of the director, Ronald Humphrey, of the speech and drama department. We only hope that the cast enjoyed doing this play as much as the audiences laughed at its wit and narrative. A capacity attendance was reported for both nights.

### Book Store Extends UVM Postal Service

An announcement that students and faculty members now have extensive postal services at the University Book Store was recently made by Harry Miele, ex-president of Student Government. In announcing the service, Miele declared that it is not only possible to purchase stamps, postal cards, and stationery, but also to have packages weighed and mailed from the Book Store. U. S. Mail trucks will pick these items up twice a day, thus assuring service better than that of lugger packages to the post office. All services are rendered free of charge.

Thus, UVM sees the fulfillment of a project which originated under Miele's term of office as president of last year's Student Government. It was one of the matters left pending, however, when new members of the Council took office.

In his statement, Miele took the opportunity to thank those who made the service possible: President Millis, Mr. Proctor, Don Marburg, Miss Barney of the Book Store, and the Book Store personnel.

### Independents Plan To Open Dormitory For Headquarters

Living facilities for the male members of the Vermont Independent Party have been obtained by the group for the coming year. This announcement was made at the regular meeting of VIP, Monday, May 9.

Need for a VIP house has been felt for some time among the members. Under the chairmanship of Bob Preston, who initiated the movement to follow the plan used by the independent group at Syracuse University, a committee of four set themselves to investigate several possibilities. With the consent of the group as a whole, Preston's committee, consisting of Stewart Washburn, Don Berube, and Joan Ediff (an ex-officio member, as president of the organization) decided in favor of the former nurses' home on Colchester Avenue, next to Doug's Restaurant. The house is being redecorated by its owners and will be ready by fall to house some forty independent men. Bob Preston is in charge of obtaining the list of occupants for next year. To be eligible to take a room there, a man must be an independent, but not necessarily a member of the Vermont Independent Party.

At the present time the problem of holding the group's co-ed meetings at the VIP house is being investigated. Miss Simpson has stated that, with proper chaperonage, she sees no reason why this should not be possible. Definite action will not be taken on the matter, however, until the resumption of school in the fall.

It is felt that little more can be done this year, pending the completion of the redecoration process and the forming of the list of occupants. The shortness of time left in this semester has been accentuated by the fact that there will be only one more regular meeting of VIP this year, to be held on May 23. At this meeting it is hoped that general plans for the house for next year will be made. The desire has been expressed by all involved, that pending a satisfactory first year, the VIP men's dormitory will not only continue in operation, but that similar facilities may be found for the women members.

### Stanley Susskind Elected President Hillel Foundation

The Hillel organization on the U. V. M. campus recently held an important business meeting at the Chapel at which much important business was enacted. One of the main things on the evening's agenda was the election of officers for the ensuing year. Stanley Susskind '51 was elected to the office of president, to be assisted by Michael Wiedman '50, as vice-president; Ruth Goldberg '52, as Secretary; Wallace Lash '50, as treasurer; and an Executive Board composed of Edith Aronchick '52, Stephen Berman '51, Ruth Levine '50, Marshall London '51, and Murray Lyon '52. An announcement that Professor Kahn, of the German Department, will be the new adviser for next year, was met with wholehearted approval by all present.

In the past everyone who attended

(Continued on page 8)

### 5 Beauties Beautify Junior Prom, WCAX WJOY Broadcast

Dot Brau, Esther Havens, Carol Farmer, Mary J. O'Neill, and Barbara Spaulding were introduced at the Junior Jubilee as the Junior Beauties elected by the junior class. The awards for the winning floats in the Peerade were also made at the Jubilee.

Shep Fields' Rippling Rhythm was danced to by an appreciative crowd. His music was broadcast over WCAX and WJOY. The decorations were obtained in conjunction with the Junior Prom committee at St. Michael's who held their prom the night after the Jubilee. Multi-colored crepe paper was draped to hide the auditorium and a huge '50 hung from the center where the strands of crepe paper met.

Dean Mary Jean Simpson, Mr. and Mrs. J. W. Robinson, Mr. and Mrs. R. H. Humphrey, and Dean and Mrs. R. H. Kroepsch were chaperones.

### CYNIC VIEWS COMING EVENTS

### Student Christian To Hold Conference At U.V.M. May 20

Williams, Middlebury, Champlain, and other colleges in the Vermont region are all participating in the spring conference for active members of the Student Christian Associations. Prentiss Pemberton, head of the New England Student Christian Movement, will be the chief speaker and will set the keynote of the conference.

Friday, May 20, will be the opening date, and the conference will start with a buffet supper at 6 o'clock. Discussion groups on subjects of interest to all will be held on both Friday and Saturday. There will be a chafce for each to air his views and listen to others. All will be given the opportunity to hear about what other campuses have done successfully with Religious Life on and off campus.

Saturday afternoon a tea will be held which is open to all University students and faculty to give them an opportunity to meet the leaders and participating students of the conference. A picnic supper on the beach will wind up the conference.

All Vermont students are invited to participate in the discussions and round tables, and meal tickets can be purchased in the Religious Life office.

This is a valuable opportunity to get to know what other colleges are thinking and doing about problems that are similar on so many campuses. It will give us a chance to plan an active program for the association for the coming year.

The committees working on the conference are as follows: Registration, Martha R. Samson, chairman and Robert Gilpin, Irene Urie, Marilyn Moody, Audrey Kerner, Dave Cogswell and Doris Jones; Picnic Committee, Ken Williams, chairman, and Betty Jean Freeman, Pat Collins, Polly Buttrick, and Lucille Benedict; Morning Watch Service, Bertha Cook, chairman and Lucille Benedict, Marilyn Fairman, and David Cogswell; Housing, Leonard Tomat and Jean Hard, co-chairmen and Dave Newhall and Polly Buttrick; Tea Committee, Jane Atwood and Doris Collins; Telephoning, Barbara Hayden; Publicity, Hugh Gorton, Bob Taisey and Polly Buttrick; Supper Committee for Friday night, Hedi Ballantyne, chairman and Harriet Gregory, Sylvia Heininger, Barbara Beals and Barbara Hayden.

### Annual Lilac Day Ceremonies To Be Held May 21

The annual Lilac Day ceremony will be held this year on May 21, when Sigma Gamma will supervise the exercises beginning at 5.00 p.m. on Redstone Campus. The Lilac Day ceremony is a tribute to the first Dean of Women, Pearl Randall Wasson, who first conceived the plan of planting each year a lilac bush to beautify Redstone Campus. In past years, the exercises have been under the supervision of Mortar Board who in turn passed down the privilege to Staff and Sandal. A pageant was presented by the Modern Dance Work Shop and the senior woman chosen queen reigned over the festival. This year Sigma Gamma will revive the traditional exercises, and it is expected that for the coming years sororities will

(Continued on page 8)

### Floats Liberally Advertise Play

Showing what President Millis can't take with him to Western Reserve won for Phi Delta Theta the Dramatic Club rotating cup for the best float in the "Peerade" and also first place in the men's division. The "Peerade," the first event of Junior Week, was made up of 19 floats, all of the sororities and fraternities participating. "Junior," picked by the Junior Week Committee, led the Peerade.

The punch line of the Dramatic Club play, "You Can't Take It With You," was liberally played upon. The second place men's float, Sigma Alpha Epsilon, illustrated the things that the corpse in a coffin couldn't take with him. A minister read a burial service to the corpse surrounded by bathing beauties, a nudist colony, and money bags.

Alpha Epsilon Phi, first place winners in the woman's division, didn't follow the theme of not being able to take earthly pleasures to the abodes of departed souls, but illustrated that the play would be a "whale of a show." Their float was a huge whale which spouted water from time to time.

Alpha Chi Omega's float won second place in the woman's division. Arms came out from a Southwick painted on a backdrop holding a sign which said "You Can't Take It With You." A masked "Man" held a sign which said, "Oh, yes, I can." The "Man" was pushing a barrel of monkeys, which was sporting signs saying that "You Can't Take It With You" is funnier than a barrel of monkeys. The hood of the truck was made up with crepe paper to imitate a mask and a long green and gold banner floated over the truck bearing the name of the play.

The Tri Deltas' float consisted of a blonde wearing a crepe paper evening gown. Many rows of the ruffles of the gown covered the car on which she was sitting. Girls carrying banners advertising the play introduced this float.

Delta Psi's contribution to the Peerade was a large pink piggy bank which bore the words, "Bust open your piggy bank because you can't take it with you."

Alpha Tau Omega's float varied the theme of where you can and can't take "It" with you by showing the grave of an old maid, who could take it with her, and a devil on the other side of Mount Hell who, couldn't.

Tau Alpha Epsilon also used the theme of what President Millis can't take with him when he leaves U. V. M. Their float also showed Ira Allen as did Phi Delta's.

Kappa Alpha Theta's float was essentially two seven-feet high pages which opened where first nighters dressed in tuxes and gowns were buying tickets. Two ballerinas posed one on each side of the float.

Sigma Phi harked back to war times with their float which showed an embarkation pier and a group of soldiers trying to take with them a pretty blonde, who was partially stuffed into a duffel bag.

The Independents, Lambda Iota, and Sigma Gamma all entered floats that were interpretations of the most popular theme—you can't take wine, woman and song with you after you die.

The Sigma Nu paraded an armored car and a yacht carrying beautiful girls, also illustrating what you can't take with you. They also added a live "corpse" in a graveyard scene. Phi Sigma Delta's float made fun of the "Wrong" Theater's rule that you can't take popcorn into the theater.

(Continued on page 8)

## UVM Was There

By Carol Henshel

Many years ago in the far off campus of the University of Vermont there lived a Dean of Women who was called Pearl Randall Wasson. She was the first Dean of Women that the University had. One fine day she planted a lilac hedge on Redstone Campus, not only to increase the beauty of the grounds, but also to increase the feeling in the girls' hearts for "ideals of servitude and the beauty of nature." Because a lilac hedge was planted that day was called Lilac Day.

The next year in 1922 the theme was more elaborate. Instead of just the planting of the hedge, Mortar Board took over the helm and planned a colorful pageant. The pageant was held out doors and the background that nature provided was indeed a beautiful stage setting. The theme concerned a King and Queen of Redstone Campus who were saddened by the lack of flowers on campus so they had a contest open to all the peasants and everyone else in their kingdom for the most beautiful flower. A humble peasant brought in a lilac branch to the court and he was unanimously declared the winner. This theme has been used many times and has always added to the ceremony.

It wasn't until 1932 that the Modern Dance groups performed. That form of art is most conducive to expression of feeling and so the addition of the dancing increased greatly what was already there.

While everyone who has graduated looks back upon graduation, and possibly Kake Walk, as the most thrilling occurrence that happened while they were at Vermont, everyone who has witnessed it looks back with nostalgia upon Lilac Day as the most beautiful.

## Juniors, Interested In Honors, Should Apply Immediately

All junior Arts and Science students interested in seeking Special Honors for their senior year should apply to the Department concerned and to the Committee on Honors before the end of this school year. Two students of the class of 1949 are completing work for Special Honors this month—Beverly Hillmann in psychology and Albert Ketcham in political science.

The student should have an excellent record in the Department in which Honors are sought and should have attained a general average of at least 85 for the work of the last two years, normally the sophomore and junior years. The program for the senior year must be approved by the Department in which Honors are sought and the Committee on Honors. This program should include not less than nine or more than twelve hours of work in course per week.

Candidates must present a satisfactory thesis and pass an oral examination on the general field in which Honors are sought. The oral examination shall be conducted by a Committee, selected by the Department, consisting of one or more members of the Department and at least one person from an allied field.

The thesis and the oral examination must be completed at least two weeks prior to Commencement. The Department will report the grade and credit to the Registrar and to the Committee on Honors. It will also submit to the Committee a copy of the thesis, a list of the personnel of the examining committee,

## Barbecue To Be At UVM Poultry Plant

A barbecue will be held on Saturday May 21 at the University Poultry Plant from 4 to 6 p.m. In case of rain, the program will be held the same time on Sunday the twenty-second. This is to be an all-University function. Any profits will be used to help send a Poultry-Judging team to the intercollegiate competition at Rutgers next November.

Tickets will be on sale until Wednesday evening, May 18. The price will be \$1.10 per plate. Each plate will have one half-chicken with all of the trimmings. Tickets are available from any of the club members, the University Bookstore, or the Poultry Extension Office at 481 North Main St.

and the Department's recommendations on Special Honors.

Credits of at least six and not more than twelve semester hours may be given for the thesis. Grades will be reported on a basis of the thesis work only and credits may be allowed even though the candidate does not succeed in being recommended for Honors.

On the basis of the thesis, the oral examination, and satisfactory completion of all requirements for graduation the Department may recommend to the Committee on Honors that Special Honors be awarded to the candidate. The Committee will then present its recommendation to the Faculty for final action.

The present Committee consists of Professors Rowell (Chairman), Dykhuizen, Carpenter, Doane, and Babcock, who is on leave this year.

## Campus Fountain To Be Restored When Replacement Found

The Vermont fountain, the removal of which recently caused a minor revolution on the Vermont campus, will be restored as soon as the necessary parts for replacement can be secured. The fountain was taken down as a safety measure, according to Mr. Demsky, Superintendent of Buildings and Grounds. In a letter replying to the questions of Ed Costello, President of Student Government, Mr. Demsky stated that for some time the top of the fountain had been leaning to one side. Inspection had shown that the top was still secure from falling in spite of many rusty bolts and loose parts. Some time later it was noticed that there were several small children playing around the fountain and hanging from the sides. Because of potential danger to children, the fountain was removed.

Investigation as to the possibility of obtaining replacements for the worn parts at a reasonable cost is now being made. Until such time as these replacements can be made, the still serviceable parts of the fountain are being stored in the University plumbing shop. Among these replacements it is hoped that the original three fountain heads can be obtained to supplant the single shower head that has graced the fountain in recent years.

In the meantime the bottom of the fountain will be recemented, and a low bed of flowers will be planted around the outer edge of the fountain.

## Wheezes from the Gallery

By Gladys Neiburg

Humor, like other things, is where you find it. You don't think so? Then look on the big board facing the College street entrance. The board is labelled in big, black letters "JUNIOR WEEK JUBILEE!" What does it have on it? The tentative schedule for final exams.

Those nicely trimmed boxes, marked "Shoes," left at dorms are to collect any shoes or overshoes, that are still wearable, to be sent by the Quaker Service Committee to underprivileged people in Europe. This campaign for shoes is under the auspices of the Social Action Commission of the S.C.A. So, do a nose dive into your clothes closet and dig out those shoes which probably won't fit into your trunk, and which you probably wouldn't wear even if they did. Help to make somebody happy by sending him a pair of wearable shoes.

With activity piling upon activity these last few weeks of school, it is becoming a "Dagwood" sandwich sort of existence. Good eating if you can digest it all!

Campus grounds are hoping for a new look. Ground is spaded for lawns, if the seed hasn't been trampled to death by feet of all sizes and kinds. Maybe those cute little "Detour please" signs will be understood. Fences are going up. It seems as though the U. V. M. campus theme song could be "You Made Me What I Am Today—But Please Don't Fence Me In" . . . too much.

## The Beggar's Opera Gives Many Chance To Show Talents

The University Choir, with the cooperation of the Dramatic Club and the University Orchestra, will present John Gay's operetta "The Beggar's Opera," on May 25 and 26.

The principal parts in the operetta will be played by:

Macheath, a gallant young captain of a gang of highwaymen, is to be played by tenor Donald A. Brown. A freshman from Burlington, Don is a student in liberal arts and is majoring in English. He has had experience singing in the high school glee club and has been in the University Choir since last fall.

Peachum is a dealer in stolen goods who handles much of the business for Macheath's gang. This part will be played by a bass, David Newhall '51. A liberal arts student majoring in political science, Dave comes from Burlington, where he was in high school junior and senior plays and the operetta *In Old Vienna*. In the operetta *Ruddigore* last season, he was one of the ancestors who, some will remember, had to stand statue-still in picture frames for half an act.

Lockit, the jailer at Newgate Prison, is to be played by baritone Morris Pike, a senior who has delighted several UVM audiences in the past few years. Besides experience in high school dramatics and the UVM Dramatic Club, he is a member of the University Choir. He played the part of Strephen in *Iolanthe* two years ago and Robin Oakapple in *Ruddigore* last year. Morris is a pre-theological student in the College of Arts and Sciences.

An outstanding member of Macheath's gang, Mat o' the Mint will be played by Jerry Hayes '52, a liberal arts student from St. Johnsbury. In high school he took part in school plays, the glee club and the Vermont State Music Festival. Jerry, who is a baritone, was in the last UVM Variety Show.

The part of Peachum's daughter, Polly, will be taken by another freshman, Ann Harvey, from Montpelier. In high school she was in the operettas *Martha* and *The Chimes of Normandy*, and school plays. She was also in a production of *H. M. S. Pinafore* by the Christ Church Choir in Montpelier. In Burlington, Ann sings in the St. Paul's Church Choir and the University Choir. A student in the College of Arts and Sciences, she is majoring in music.

Lockit's daughter, Lucy, is a part played by Shirley Lancot '52 of Burlington. Shirley brings to UVM her high school experience in the operetta *Patience*, the choir, the glee club, and the orchestra. At UVM she is studying music education.

The part of Mrs. Peachum is filled by Mary K. DeForest '50, a French major from Burlington. Her high school experience includes school plays her second and third years, and the operettas *Ruddigore* and *In Old Vienna*. She sings with St. Paul's Church Choir and was in their operetta *H. M. S. Pinafore*.

Suky Tawdry, one of the women of the town, will be played by Jean Preston, a

junior who has already been in two UVM operettas. She sings in the Unitarian Church Choir and the University Choir. Jean comes from Salisbury and sang solos in Middlebury High School.

The operetta will be presented at Southwick, and the tickets will sell for seventy-five cents and one dollar. Make sure you buy your tickets early as all seats are reserved.

"Drink" said a native of the ould sod, "is the greatest curse in the land. It makes yer quarrel with yer neighbors. It makes yer shoot at yer landlord, and it makes yer miss him.

## AGGIE COLLEGE TO HOLD BEACH PARTY

Porter's Point, Colchester, Vt., will be the scene of the big Aggie-Home Ec beach party on Sunday, May 22.

Those daring souls who like cold water will enjoy swimming while other sportsmen and sportswomen will play softball, volleyball and horseshoes. After the games and singing there will be a supper.

The beach party is open to all members of the College of Agriculture, and they may bring dates if they wish. Students wishing to go must sign up in Morrill Hall on or before Friday, May 20. Cars will meet in front of the gym at 1.30. There is no charge for the party, those wishing additional information should contact Earle Randall, telephone 1338.

**Camels!**

Styled in the Morgan manner, "Forever and Ever" is dance-tempting. Russ likes smooth music and mild cigarettes. "Camels" — says Russ — "they're my idea of a mild, fine-tasting smoke!"

**for Taste and Mildness—**

In a recent coast-to-coast test of hundreds of men and women who smoked Camels, and only Camels, for 30 days, noted throat specialists, making weekly examinations, reported

**NOT ONE SINGLE CASE OF THROAT IRRITATION due to smoking CAMELS!**

## ROTC Federal Inspection

Striving to maintain its rating of "excellent" of the last two years is the UVM ROTC Battalion which this week reaches the official test of its year of drilling and attending classes in Military Science. For the entire battalion will be tested and proved over a two-day period of inspection by officers of the First Service Command. This annual inspection is known as Federal Inspection.

Upwards of 500 men have been drilled and trained in many subjects covering all phases of military life throughout the past year. The course is compulsory, under the Morrill Land-Grant College Act, to all freshman and sophomore men who attend a land-grant college. In addition, for those juniors and seniors who are interested in the Army as a career or for a commission in the Reserve, there is the opportunity to enroll for two additional years of Military Science. It is from these advanced classes that cadet officers are chosen, while cadet noncoms are drawn from the freshman and sophomore classes. Several of the subjects covered in this course of training of all ROTC men might be mentioned: Evolution of warfare, training in the use of the M-1 rifle, maps and aerial photos, military sanitation and first aid, rifle marksmanship and range firing, tactics, use of the carbine, and the like.

Common to all the men taking ROTC, however, is drill practice, and it is this drilling which will constitute the more impressive part of this inspection this Thursday, for the entire battalion, consisting of seven companies, will march in uniform and with weapons to Centennial Field where the official ceremonies of presenting awards and inspection will take place.

There is more to this inspection, however, which continues on Friday for special demonstration groups of ROTC personnel who will present, among other things, a mock court-martial and a class in tactics. The company adjudged the best in the battalion, Company F, will also perform an exhibition drill on Friday.

This year, it will be noted the rating of ROTC Battalions has been changed from "excellent," etc., to merely "satisfactory" or "unsatisfactory." Whether "excellent" or "satisfactory," they mean the same.

## Student Government Sets Up 1949-50 Social Calendar

In order that the general welfare of all clubs and organizations may be improved for the year 1949-1950, the Social and Cultural Committee of Student Government in cooperation with Mr. Jennings of the Public Relations Office has set up a new system in drawing up the Social Calendar for the coming year.

This committee is in the process of setting-up a central clearing house through which all campus clubs will have to clear before they can present a program which is not scheduled on the Social Calendar. Clearing involves authorization from the clearing house committee and also permission for space on campus in which to present the program. Program refers to any activity which involves participation of students not directly connected with the club. Regular club meetings do not come under this set-up.

A letter has been sent to each campus organization explaining the new set-up. Each club is requested to submit specific dates for their various programs to the Social Committee of Student Government by May 23. On Wednesday evening, June 1, at 7:00 p.m., there will be a general meeting in Room 239 Waterman at which time the President and Program Chairman of each club will appear to make final scheduling of the UVM Social Calendar. Those clubs failing to signify the dates desired will automatically lose their preference for specific dates in cases of conflicts.

It is imperative that these representatives of each organization attend this general meeting in order to iron out any difficulties or date conflicts which might arise.

It will be difficult next year to obtain facilities on campus for any date that has not been cleared on the Social Calendar by this committee. Therefore it will be to the advantage of all clubs to submit their requests for dates before the twenty-third of May. Requests should be addressed in care of the Social and Cultural Committee and left in the Student Government box in the Information Office of the Waterman Building.

During this past year Student Government spent hundreds of dollars for excess janitorial services. This year's budget allocation is much smaller. Such wasted expenditures were the result of clubs scheduling conflicting programs on the same dates. In addition to having attendance split, excessive costs were incurred.

Beginning next year a master calendar of all student activities will be kept in the Public Relations Office by the Social Committee, and open dates for programs which it will be impossible to schedule on the Social Calendar now can be determined.

The purpose of this new set-up is to create a more integrated social year for UVM students. The cooperation of every club in submitting their dates and sending representatives to the meeting on June 1 will be an important step to a better coordinated social year.

Members of the Student Government Social and Cultural Committee are Walter Barnes, W. Scott Mahoney, Mary Jo O'Neil, Bob Taisey, Jean True, and Mike Wiedman. Further information can be obtained from this committee, if necessary.

Between the great things we cannot do and the small things that we will not do . . . the danger is that we shall do nothing.

—Henry Grady Weaver

## MINIATURE MITTENS

All right, wise guy, what did he have on that one?

## Letters to the Editor . . .

By Gladys E. Neiburg

No refreshments. No exchange of gifts. That was the decision of the Robinson Hall girls, last Christmas when they had the Robinson Hall annual party in order that the money thus saved could be used for a CARE package for some unfortunate person in Europe.

The communication, quoted below, has created a bond of sympathy and friendship and a feeling of happiness which comes from doing for others.

The letter follows:

10 April 1949

Dear Mrs. Constance Holden Cole and Robinson Hall Girls:

Some days ago I received one CARE Food pack of yours.

With all my heart great thanks to you for the pack and the kind intention to make happy strangers, poor people, by preparing it.

Now, I want to tell you something about us. I have man and four daughters 2-6 years old. We are from Latvia and now we live at a D.P. camp in Germany. We can't go back to our country and live a normal life because the communistic terror rules in our country. The terror destroy every thinking person, who cannot and does not want to accept their way of thinking.

The conditions in the D.P. camp are very bad and it is made still worse for I am suffering from the inflammation of the spinal cord which resulted in the paralysis of my both legs. Therefore they are forced to give us many things, because the father has to stay home and has little chance to leave the family to try to earn something for his people.

The earned money is not sufficient for the medicine and the improvement of the food condition, that becomes with each day, worse and worse.

My daughters have almost no pleasure and therefore the pack sent by you made them really happy.

As a small Easter present and souvenir from the small Latvian girls I send you a pair of Latvian native mittens in miniature.

These mittens can be added to and worn on pullover, or dress.

We send you our love and wishing you Merry Easter.

Your sincerely,

LAIMA PAKALUS

The miniature mittens enclosed in the letter are one and one-quarter inches long, one-half inch wide. They are white with green and red trim. One wonders how tiny were the pins that knit them, how great the patience.

Robinson Hall is planning on sending a box of clothing and toys for the four little Pakalus girls.

Yes, a gesture prompted by Christmas holiday spirit has come home to roost bringing with it a deep sense of happiness, and thankfulness, and a desire to share unselfishly with new friends in distant lands.

Dear Sir:

The event of the Vermont Music Festival in the city of Burlington has brought home the realization of the sad state of musical activities on our U. V. M. campus. I hasten to say that this letter was not intended as a criticism of the policies of the music department, nor is it meant to be so.

Dr. Noble, State Commissioner of Education, who was the State's official representative at the last session of the Festival, made the following revealing observations: Approximately 4,500 students were present for the Festival. Dr. Noble went on to say that this total could be interpreted to mean (1) two students per square mile of Vermont's total area, and (2), one student for every 80 Vermonters. According to the most recent Bulletin of the University, statistics show that there are 1,939 Vermont students enrolled at U. V. M. Surely, many of these Vermont Festivals' former participants have found their way on our campus. What has happened to them? What has happened to the talent which they so ably displayed during the Festivals? It would seem that this talent is now in a rather pathetic dormant state.

Why should the campus musical activities be limited to a Christmas concert, Easter concert, Opera and Inter-fraternity Sing? These productions have always been evidence of a great deal of serious work on the part of those who prepare them and the few who participate in them. However, I again ask why our musical activities must be limited to the above-mentioned? Why must the Sigma Phi Four be the only "four" on campus? Why can't there be other "fours, sixes or eights?" Practically every college in the country sponsors frequent student recitals. Surely out of 1,939 Vermonters, many of whom have been former participants in the Vermont Musical Festivals, there must be a substantial nucleus of vocalists and instrumentalists who should be willing to revive or stir up interest in a broader musical activities program on campus. The fraternities and sororities, whose housing facilities permit them to do so ought to sponsor student recitals at stated intervals. It might even be possible for several fraternities and sororities to combine forces and facilities for such an undertaking.

The members of the Music Department should encourage student endeavors in the field of music, for they, as members of that particular department, are in a better position to know who the campus artists are. The members of the Music Department are also in a better position to make an appeal to students at large.

Students of U. V. M., if the Music Department does call on you, wake up and do something. Don't waste your talent and time by idling away so many precious hours. If you can organize and let us hear you, there will be a reward of personal satisfaction in knowing that you are doing something good, and that you are contributing something to the life of the campus and the University at large.

Sincerely,

A. A. SAINDON

Green and Gold Etchings

☆ ☆

DELTA DELTA DELTA

Delta Delta Delta welcomed fourteen new initiates into Eta Chapter May 5, and after initiation ceremonies, a banquet was held at Howard Johnson's Restaurant. The new members are:

Class of 1952, Carolyn Akin, Marianne Clout, Ainslee Hanlon, Anne Hawley, Frances Kendrick, Jane Norton, Teresa Rodette, Maxine Osborne, Alice Wakefield, Stella Ostrowski, Rita Seu, and Katherine Young. Also Dorothy Barr, '50 and Florence Holden, '49.

Initiation week was busy for all members. Monday night some of the pledges stayed overnight, and everyone chattered late into the night over hot coffee. Tuesday a grand free-for-all picnic was held at Betty Lawrence's camp and it couldn't have been a greater success. Only accident of the day was Drew Beach's broken toe. Drew and Gerry Balich were trying to see who would be the first Tri Delt to take a spring dip in Champlain.

The Tri Delt concocted a delightful formal dance Saturday night. Using their own special recipe, they started with the Roof Garden of the Hotel Vermont, added one full moon and the Catamount orchestra, sprinkled in a few stars, stirred lightly with a warm spring breeze, and combined this with lots and lots of wild cherry blossoms for fragrance. Everyone agreed it was a foolproof formula and is looking forward to the next Tri Delt formal. Special thanks go to Dot Barr as the chef of this wonderful dish. Also thanks to Jan Williams who helped a few lost flower-hunters find their way out of the labyrinth of the Country Club.

DELTA PHI EPSILON

With vacation over and college life prevailing, the D Phi Es started work on the annual Irving House Dance which was held on April 30. This dance is our annual charity dance for the benefit of the sorority's national charity project. It is a rheumatic fever home in New York City for needy children afflicted with this disease. The dance was held at Phi Sigma Delta house, since the boys were kind enough to donate the use of it. The chaperones were Mr. and Mrs. Louis Lis-

man and Mr. and Mrs. Myer Perelman. Dean Simpson and Miss Wing were our special guests. A large and congenial crowd turned out for the dance, which made for a very enjoyable evening for all.

The D Phi Es no sooner had closed the books on the Irvington House Dance than they were busily preparing for their Mother's Day Tea, held at Mrs. Michael Frank's home on May 8. About twenty mothers and guests were served tea, coffee, and cakes.

Junior Week festivities saw the D Phi Es taking an active part. Besides the float entered in the Peerade, the sorority was represented by Gloria Ahrens, who did an admirable job in "You Can't Take It With You."

**KAPPA ALPHA THETA**

The wedding of "Toots" Hageman, '48, and Sam Otis, on April 16, which took place in Verona, N. J., provided the opportunity for a wonderful reunion. Many Theta and Delta Psi UVM alumni were among the guests present—also, Mrs. Robbins, our former housemother. "Toots" and Sam will live in Kings Ferry, New York after a trip to Williamsburg, Virginia.

Spring seems to have brought its usual share of romance to the Theta house with Marge Salm being "pinned" to Jack Hudson, and Pat Brush passing chocolates to announce her engagement to Paul Hunt.

Our annual spring initiation took place on Saturday, April 23, at 2.30 p.m. The following girls were initiated: Charmaine Beauvais, Dorothy Bierman, Florence Cacioppa, June Crouter, Arloa Dean, Nancy Gould, Barbara Hardie, Marilyn Kelly, Zoe Keniston, Gloria Peck, Alice Plumridge, Carolyn Smith, Jean Smith, Harriet Towne, and Jane Wilson. A banquet was held afterwards for about 65 people, at the Apple Orchard Room of the Hotel Vermont.

LAMBDA IOTA

Social festivities reached their peak at the Owl House on Friday, May 6, with the presentation of the Annual Spring Formal. Colorful decorations, smooth

music, and appropriate atmosphere all contributed to the tremendous success of the dance. The two front rooms were decorated in the form of heaven and hades respectively; one containing blue sky, clouds, moon, stars and angels, and the other containing a red sky, devils and the notorious "raging inferno." At the main entrance between both rooms was a revolving crystal ball with sparkling red and blue lights.

It was noted afterwards that many Owls spent most of the evening in "heaven," realizing that that would undoubtedly be their only glimpse of the coveted sanctuary. However, others seemed to frequent "hades" more consistently; these more practical souls were probably taking mental notes in order to become familiar with their future habitation.

Once again the familiar box of cigars has been duly passed in the Owl House. This time the proud donor was Frank Round, who was married on April 23 to Vera Pelkey. Along with our appreciation of said cigars we offer Frank and Vera our heartiest congratulations.

NU SIGMA NU

A semi-formal dance held Friday, May 6 from 9.00-12.00 at Happy Acres was sponsored by Nu Sigma Nu and largely attended by medical students, members of the medical faculty and their guests. An informal open house was enjoyed at the fraternity house, 49 No. Prospect St., from 7.30 to 9.00 preceding the dance. Robert Heckman was general chairman with Norman Gauvreau, James Downs,

Paul Prior and John Durkin assisting with arrangements.

Newly elected officers of the fraternity are: Edward Jenkins, '51, Burlington, president; Robert Ward '51, St. Albans, vice-president; James Burke, '51, Barre, treasurer; Stanley Schilling, '52, Middlebury, secretary; Thomas McGarry, '51, Rutland, custodian and Edward Nash, '51, Bennington, historian.

SIGMA NU

Sigma Nu held its spring initiation on Monday evening, May 9. The following men were admitted to the Brotherhood: Safford Adams, Clyde Badger, John Belows, John Bloomer, Henry Corra, Lewis Corwin, Paul Gallagher, John Jackson, John Jacobson, Langdon Johnson, Donald Kaufman, Joseph Metz, Raymond O'Hare, and Rodney Stanton.

The members of Sigma Nu received many pleasant surprises at the Founder's Day exercises last Monday afternoon. With the announcement of new candidates for the different honorary societies in the coming year, many loyal Sigma Nu's took their places on the stage at Memorial Auditorium. Kappa Phi Kappa, the national educational honorary, elected our Eminent Commander, Pete DeSorcie, and Brother Bud Towne. Chosen to serve with Boulder Society were Charlie Carlton and Earle Randall. Art Hill was elected to Key and Serpent and a trophy representing the Alpha Zeta Proficiency Award was given to Dick Aplin.

Many persons around the campus have wondered how Mrs. Brauer, Sigma Nu's housemother extraordinary, manages to

get along with a houseful of men. They needn't worry. A list of her activities during a typical day might include nursing a sick brother, sewing up a rip in the seat of someone's pants, entertaining housemothers from other campus dorms, and perhaps even arranging a date for some reluctant pledge. Yes, she does all these things, and many more, and she does everything with a smile. As Mrs. Brauer's first year at Sigma Nu draws to a close, any pledge or brother will tell you that she has become a permanent institution at Sigma Nu.

WARNER HOUSE

"Visions of chocolates danced in their (Warner House girls) heads," as Pauline Goodrich came back from Easter vacation wearing her R.P.I. man's Phi Ep pin. Edward Barlow is the lucky man.

Our June brides-to-be have kept the house in merry excitement with plans for their spring weddings. Four of the girls will be bridesmaids at Jeanne Guyett's marriage to Jack Wisner of ATO, and the rest will be there (Vergennes), to add their moral support. Gracile Flower and Arthur Lord also plan to take the fatal step in June, at the bride's home in Hartland.

Congratulations are in order for Joan Chapman on her initiation into Pi Phi and for Barbara Jones who now wears the Alpha Chi pin.

The girls have organized quite a softball team and nightly practice out on Hospital Hill is getting them in trim shape. Do we hear a challenge?

"From a snack to a meal with a home appeal"

HE HAS BUILT A BRAND NEW CITY

The "telephone man" is mighty busy these days!

Since the war, among many other things, he has built or enlarged 2,800 buildings . . . scores of them large enough to fit into the skyline of a modern metropolis.

These buildings are more than brick, mortar and telephone equipment. They are jobs for thousands of men and women . . . more and better telephone service for millions of people . . . more business for the towns and cities in which they are located.

But most important of all, they are an indication of the Bell System's earnest efforts to keep up with the nation's ever growing needs for communications service.

# Catamounts Split Two In Vermont Conference Games

## Gardnermen Defeat Cadets, 9 to 4; Win Credited to McBride

U. V. M. won its first state conference victory and third straight home game last Wednesday by trimming Norwich at Centennial Field to the tune of 9 to 4. The Cats now have a 1-1 record against state competition and a season's standing of six wins and five losses. Norwich and Vermont will clash again this Wednesday at Northfield.

A big first inning gave the Green and Gold a substantial lead, which they held throughout the entire contest. Vermont loaded the bases in the initial frame when Pat Farma, starting at second in his first appearance of the year, reached first base on a Cadet error. Buck Bovee walked Johnny Goulet and Ed Guiliani bunted a perfect slow roller down the third base line, which filled the sacks. Ray Vescovi, who had a perfect day at the plate (two hits for two AB's), garnered a free trip as the Norwich hurler failed to find the plate. That forced Pat Farma in from third for the first U. V. M. run. Goulet came across the plate for the second run when Frank Pandolfe grounded to the Norwich second baseman, but the force play at second was unsuccessful and the bases remained loaded. Guiliani scored and Vescovi went on to third. The fourth run of the inning was scored by Vescovi when Hebsch singled to left field.

Vermont got the rest of its runs in the fourth, fifth and seventh innings. Johnny Ballard went all the way around the four base circuit alone in the fourth. He received a walk, stole second base, went to third on a wild pitch, and slid into home, hands first, ahead of the next pitch.

Doc McBride started for Vermont but was forced to leave the game in the fourth inning when his arm gave out; Art Martin went the rest of the way, however, McBride was awarded the win. Together they gave up only seven hits to the Norwich team.

## Yankee Conf. Loss

By Winn Fingerit

By scoring three runs in the sixth inning, and single runs in the seventh and eighth innings, the Massachusetts nine outdistanced the Catamounts 5 to 2 on Saturday afternoon, May 14 at Amherst. The game was played in semi-darkness and was often interrupted by rain.

Vermont scored two runs in the sixth inning due largely to errors. McCuin, the Catamount pitcher, was safe on first when Anderson, the opposing pitcher, dropped his fly ball. Farma also reached base safely when Moriarty dropped a throw at first base. Goulet bunted safely to fill the bases and Guiliani bounced into a double play as one run crossed the plate. Vescovi drove in the second run with a single.

McCuin pitched no-hit ball through the first five innings and appeared to have things under control. However, Mass. rallied with a walk, sacrifice, three base hits and an error, to get three runs. Timely hitting and heads-up base running gave Mass. two more runs in the seventh and eighth innings to sew up the game.

The result of the game might have been different if not for a spectacular catch by Costello, the Mass. State center fielder. After Pandolfe singled in the fifth, Kehoe blasted a pitch to deep right center field where Costello made a back hand catch and throw to first base to double up Pandolfe who was about five strides from third when the ball was caught. Kehoe's drive was easily the longest hit ball of the game and would have been a triple if not caught.

The Catamounts meet their second Yankee Conference opponent with a double-header against the Univ. of Conn. at Centennial Field on Saturday

## Sports Slants

By Vic Murdock

UVM's win over Norwich last week puts the Catamounts in a position whereby they can still capture the state baseball crown. However, it looks like Middlebury has the best chance as the Blue and White has gone undefeated in two Conference games to date. Larry Gardner's squad is a definite improvement over last year's, but injuries and a variety of tough breaks have hampered the '49 aggregation. The Cats now have a record of six wins and six losses which is respectable in any baseball league. Eight more games remain to be played, five against state competition. This Saturday the Cats oppose Connecticut here in Burlington and on Tuesday a home game is scheduled with St. Lawrence. UVM has gone undefeated in three home encounters.

Ray Vescovi currently leads the team's batters with an average of .333 and on the mound Doc McBride has two wins and no losses for the top pitching record for the team and in state college circles. Incidentally, Art Martin has the best record of any college player in the strikeout department with a total of twenty-three. In the shifted Vermont lineup Pat Farma is doing a fine job of substituting for Bob Maroney, ailing second baseman. We predict that before the season is over that the Cats will turn back the Purple Knights in the return engagement at Centennial Field by four runs; and also that Middlebury will have to be satisfied by splitting their two games with the Green and Gold.

This past week-end at the Eastern Athletic Association track and field meet the University of Vermont was well represented. The team took fifth place with a total of fourteen teams entered; the best UVM has placed for quite some time in the ECAA. Russ Mahoney took first places in the quarter mile and half mile events to gain the distinction of being the only participant in the meet registering two victories. Two more track meets remain before the end of the season and both are at home.

## Frosh Trackmen Win

Again it was Paul Putnam who led the frosh to its third straight victory in track, and this time against St. Johnsbury Academy at St. Johnsbury on Saturday afternoon. Putnam won the 100-yard dash, broad jump and discus events, and took second in the 220-yard dash to lead the Kittens to a decisive 82½-34½ win. Porter, with wins in the shot put and javelin and a tie for first in the pole vault, and Caswell, winner in both the 440 and 880 were the next leading point scorers.

Pepin was high man for SJA with victories in both hurdle races and several seconds and thirds in the field events. Norm Strassburg's track squad will try for win number four against the Norwich J. V.s at Northfield next Saturday.

Summary of events:

100-Yard Dash—10.8 secs.  
Won by Putnam (V); Pepin (SJ), second; Hartzell (V), third.

220-Yard Dash—23.4 secs.  
Won by Fraser (V); Putnam (V), second; Pepin (SJ), third.

440-Yard Dash—53.4 secs.  
Won by Caswell (V); Fortis (SJ) and Fraser (V), tied for second.

880-Yard Run—2 min. 6.4 secs.  
Won by Caswell (V); Constantine (V), second; Fortis (SJ), third.

1 Mile Run—4 min. 54 secs.  
Won by Constantine (V); Wilkins (SJ), second; Grady (SJ), third.

70-Yard High Hurdles—9 secs.  
Won by Pepin (SJ); Parker (V), second; Simpson (SJ), third.

110-Yard Low Hurdles—13.1 secs.  
Won by Pepin (SJ); Hartzell (V), second; Parker (V), third.

High Jump—5 ft. 4 in.  
Won by Barber (SJ); Pepin (SJ), Parker (SJ) and Brown (V), tied for second.

Broad Jump—20 ft. 4 in.  
Won by Putnam (V); Pepin (SJ), second; Gero (SJ), third.

Pole Vault—8 ft.  
Won by Millington, Porter, Remick, all of Vermont.

Shot Put—42 ft.  
Won by Porter (V); Densmore (V), second; Barber (SJ), third.

Discus—123 ft. 7 in.  
Won by Putnam (V); Densmore (V), second; Pepin (SJ), third.

Javelin—144 ft. 3 in.  
Won by Porter (V); Abele (V), second; Densmore (V), third.

## Knights Edge Cats, 11-10; Early Lead Fails to Halt Purple

In the opening game of state conference play the University of Vermont baseball team went down to defeat before a hard fighting St. Michael's nine last Monday by a score of 11 to 10. In the first inning the Cats came up with six runs and seemed to have things well under control. However, the Winooski lads gradually whittled the lead down to 6 to 5 by collecting two runs in the first and second innings and one in the third. The fourth frame proved to be UVM's downfall as the Purple pushed six more across the plate to take a 11 to 6 advantage.

The margin of victory was a result of some timely hitting by the St. Mike's batters, lack of control on the part of Vermont's pitchers and errors by Catamount fielders. Tommy Sullivan, the Catamount center fielder, was mainly responsible for the one run loss. In the fourth inning he clouted the ball into deep right center field, over the head of Art Collier for a home run with the bases full.

Ed Kotlarczyk was well on the way to winning his own ball game when his arm gave out in the third inning. In the first inning Ed drove in three runs with a blazing triple. Ralph Kehoe came in to pitch in the fourth frame but he had trouble finding the plate and the Knights went ahead, finally winning the conference tilt.

Vermont came to life in the last two innings and nearly won the game, but they were a bit too anxious in the ninth and allowed two outs to be scored on pick-off plays at second and first.

## Near absolute zero, matter does strange things . . .

AT 455 degrees below zero Fahrenheit, liquid helium becomes a "superfluid." That is, it loses its viscosity; if it were set in motion like coffee spinning in a cup, part of it would theoretically continue to spin forever.

It also becomes a "super-wetting" agent, meaning it will creep up a container's sides, flow over the edge.

Other types of matter develop "super-conductivity." If, for example, an electric current were set in motion in a closed loop of columbium-nitride below 15 degrees, it would in theory flow indefinitely.

These are some of the facts of cryogenics—the study of low-temperature phenomena—into which a group of

young General Electric scientists are directing their investigations.

Although their studies are in only the earliest stages, the facts of this nether world of temperature have aroused enough interest that with the building of a new Research Laboratory, a \$250,000 unit has been especially constructed for their work.

Through its emphasis on research and creative thinking, through encouraging fertile minds to follow their own imaginative bent and by implementing their work with the best available facilities, General Electric remains a place "where interesting things are happening," and stays in the forefront of scientific and engineering development.

You can put your confidence in—

# Vermont Places 5th in E C A A Meet

## Mahoney Only Man To Win Two Events

The jumbo trackmen from Tufts College won the Eastern Intercollegiate track championship at Springfield, Mass., on Saturday by narrowly squeezing by the host team, Springfield College, by three-fifths of a point. The Green and Gold thinclads ended up in fifth place in which thirteen schools were represented.

Russ Mahoney was the big point getter for Vermont as he showed his heels to some of the best middle distance runners in New England in winning both the 440-yard dash and the 880-yard run. Russ was the only two-event winner in the meet which gives an indication of the keen competition, and makes his performances all the more outstanding. A steady rain prevented UVM's long-striding sophomore from breaking any meet records, but he came within a second of the meet record in the quarter mile.

Beside Mahoney's wins, those who figured in the scoring for Vermont were Bill McIntyre with a second in the javelin throw, and Dick Nostrand with a third in the high hurdles.

The champion Tufts tracksters won only three events, the two mile, broad jump and hammer, but picked up valuable points with several seconds, thirds, and fourths.

The teams scored and finished as follows:

Tufts 31, Springfield 30½, Connecticut 23, Williams 16, Vermont 15, Middlebury 10½, Trinity 9, Boston University 8½, Providence 8, Northeastern 6½, Worcester Tech 5, Massachusetts 3, Norwich 0.

### Summary:

120-Yard High Hurdles—15.7 secs.  
Won by Kennedy (C); Meeker (M), second; Nostrand (V), third; Read (W), fourth.

100-Yard Dash—10 secs.  
Won by Fetterolf (C); Newhouse (BU), second; King (S), third; Kufsey (S), fourth.

Mile Run—4 min. 23 secs.  
Won by Delaney (W); O'Connell (Tu), second; Fitzgerald (BU), third; Taddonio (S), fourth.

440-Yard Dash—50.4 secs.  
Won by Mahoney (V); Furey (Tu), second; Peters (S), third; Mackiewicz (BU), fourth.

Two-Mile Run—9 min. 46.4 secs.  
Won by Schroeff (Tu); Giordani (C), second; Fjildal (S), third; Crane (S), fourth.

220-Yard Low Hurdles—25.5 secs.  
Won by Howell (W); Kennedy (C), second; Ranson (Tr), third; Meeker (M), fourth.

880-Yard Run—1 min. 59.7 secs.  
Won by Mahoney (V); Rubin (C), second; Miller (S), third; Delaney (W), fourth.

220-Yard Dash—22.8 secs.  
Won by Davis (S); Fetterolf (C), second; Furey (Tu), third; Dow (Tu), fourth.

Shot Put—44 ft. 11 in.  
Won by Detmer (W); Frenman (MS), second; Backus (Tu), third.

Discus—135 ft. 8¼ in.  
Won by Norman (Tr); Frantuonce (P), second; Kubachka (S), third; Backus (Tu), fourth.

High Jump—5 ft. 11 in.  
Tie for first between Read (W) and Willette (N); Smith (S), third; Hemphill (M), fourth.

Broad Jump—21 ft. 4¼ in.  
Won by Wobert (Tu); Meeker (M), second; Cox (Tu), third; Dow (Tu), fourth.

Hammer—147 ft. 3½ in.  
Won by Backus (Tu); Rees (S), second; MacBeth (Tu), third; Hanson (C), fourth.

Javelin—185 ft. 9½ in.  
Won by Alexander (P); McIntyre (V), second; Rees (S), third; Worthing (S), fourth.

Pole Vault—11 ft. 11½ in.  
Five-way tie: Brain (S), Arnold (S), Herryhill (M), Randolph (N), Loring (BU).

PEERADE

(Continued from page 1)

Kappa Sigma had many people wearing papier-mache heads, bearing sarcastic and humorous mottos. Their truck was disguised as a heavenly cloud, bearing angels with the same huge papier-mache heads.

Delta Phi Epsilon publicized the play with a sham airplane which was labeled as landing at Southwick, May 13 and 14. Angels sat beside it.

Pi Beta Phi constructed a huge model of Southwick which was carried in the Peerade, but it collapsed while the Peerade passed through the center of Burlington.

Many townspeople and students lined the streets of Burlington to watch the Peerade. "Junior" was illustrated the typical little "brat" who wants to be a junior at U. V. M. someday. He was Harold Henningsen, a freshman, and was attended by Ed Streeter and Dick Kelley, who played his mother and father respectively.

The judges were: Mayor Edward Moran, Albert Jensen, Prof. Francis Colburn, Dean R. H. Kroepsch, and Professor S. Paranoiff.

NOTICE

Pre-registration for the fall semester 1949-1950, will take place on the week of May 23-28.

The tentative schedule of courses for the fall semester has been posted on several bulletin boards, and additional copies are available for study in the registrar's office and in the offices of the several deans.

All members of the classes of 1950, 1951 and 1952, who plan to attend the University of Vermont during the forthcoming year must pre-register at this time.

For further information, consult the bulletin boards of the college in which you are enrolled.

VETERANS  
JUNE SUBSISTENCE CHECKS

P. L. 346

If you desire to have your June subsistence check sent to an address different from the one to which it is now sent it is imperative that you complete a change of address form.

These may be obtained from the Veterans Education Office, 138 Waterman.

P. L. 16

If you desire a change of address as indicated above you should contact your training officer, Mr. Sloan.

The 1949 *Ariels* will be in the bookstore during the week of May 16. Those who failed to get one will have a chance to get one at this time by calling for it at the section where books were sold last fall.

NOTICE TO ALL STUDENTS

All student bills and temporary loans must be paid on or before June 1, 1949 to permit students to take their final examinations.

LILAC DAY

(Continued on page 1)

alternate in presenting the Lilac Day ceremony.

The program will consist of the exercise, in tribute to Dean Wasson followed by the planting of a lilac bush and a May-Pole dance in which one girl from each dormitory and sorority will participate. This year there will be no queen, and the dance is not affiliated with the Modern Dance group. After the ceremony, a picnic supper will be held from 6.00-8.00 p.m. on Redstone Campus. Everyone is invited and the price is seventy-five cents. A free dance will follow which will also be held out-of-doors, and, in case of rain, in Southwick gym.

SPORTS NOTICE

All freshmen and sophomores who are interested in sports writing please report to the CYNIC Office, Tuesday, May 17, at five o'clock.

BURLINGTON, VERMONT, THURSDAY, MAY 26, 1949

NUMBER 18

## ROTC Fed. Inspection Crowned With Rain; Awards Announced

The ROTC cadets were put to the test to maintain their "satisfactory" rating in drill and classwork last Thursday and Friday at their annual Federal Inspection. During those days the military highlighted the UVM campus with the formation of the Battalion behind the gymnasium. The Battalion, consisting of seven companies, proceeded to Centennial Field at 3.30 for the formal ceremony. Following a precision performance by the Ethan Allen Rifles drill team, the companies formed on the football field facing the reviewing party and some 500 spectators on the north side. Opening the program the ROTC Band paraded the field and played the national anthem. Nineteen students were awarded commissions as cadet first lieutenants by President Millis, and several other cadets received awards of recognition for outstanding work in military science. A review of the battalion was then made by the inspecting party which consisted of Col. Leslie Jacoby of the First Service Command, Lt. Col. Richard F. Jeffers, Col. Augustus J. Regnier, and Maj. W. O. Witherspoon. The cadets concluded the ceremony by marching by the reviewing party, but unfortunately, a heavy rain shower broke out which drenched everyone participating.

Separate classes demonstrated to the inspecting officers various phases of their training in military science on Friday. Such subjects as evolution of warfare, use of the M-1 rifle, maps and aerial photos, sanitation and first aid were included in the classes.

A number of individual awards were made by patriotic organizations in Burlington. Cadet Capt. William Salmon, Commander of the best company (F) in the battalion, was awarded the American Legion Plaque by Comdr. John T. Wynne, Burlington Post No. 2. Cadet Lt. A. W. Jasper received the Loyal Legion Medal for being the most proficient junior in drill from Charles Upton. Pres. Hovey Jordan of the Vermont Society, Sons of the American Revolution, awarded medals to outstanding cadets in each class. They are: Cadet Lt. Col. M. I. Jurras, Cadet Lt. R. H. Wheelock, Cadet Sgt. Robert W. Moore, and Cadet Sgt. R. E. Newberry. The Veterans of Foreign Wars medal was presented to Cadet Sgt. William A. Riddell as the most proficient member of the freshman ROTC class. The Green and Gold citation cords were presented by Dean Kidder to the best drill squad, 2nd Squad, 3rd Platoon, Company G.

## Annual Mt. Day Will Be Held On Sunday May 29 At Mansfield

The third annual University of Vermont Mountain Day will be held this year on Sunday, May 29. The yearly pilgrimage to Mt. Mansfield, the University's mountain campus, is being held on Sunday this year to allow R.O.T.C. students to go.

This year, as in the past, it is the Outing Club's hope to get a large crowd to tramp over the many trails that wander over the sides of Mt. Mansfield. There are trails that the tired faculty members may meander along at their leisure, and cliffs that will challenge the most rugged of the University.

Anyone wishing to go is to be at Waterman with a lunch, preferably a cold one, and climb on a bus at 9.30 a.m. The Outing Club is supplying "cokes" for all hikers and plans to have enough busses on hand to take care of all.

### Grand Tour of the Mountain

Last year a grand tour of the mountain was instituted by some of the rugged Outing Clubbers that wanted to see just how rugged they really were. This tour consisted of scrambling up the Halfway and Teardrop Ski runs to the Forehead and then going along the summit ridge to the Chin and returning to the busses down the Sunset Ridge Trail. This year the Grand Tour will follow nearly the same route with the exception of the beginning. The hikers will approach the Forehead from the Maple Ridge Trail, which they will reach by going up a new connecting trail from the Outing Club Cabin to Maple Ridge. This trail was cut last summer by Dr. and Mrs. Frost of Worcester, Mass., and David Hagar of the Outing Club, then caretaker of Mabel Taylor Butler Lodge on the Mountain. Once the forehead is reached the group will proceed over the Nose to the Hotel. Lunch will be enjoyed under the Nose, where snow can usually be found to cool the "cokes." After lunch they will walk along the ridge to the Lips and Chin, the highest point in the State (4,293 feet) with stops along the way to investigate the Cave of the Winds, the Subway, and the Apartment House. The route from the Chin will be down the cliffs of the Chin to the Adam's Apple and the Lake of the Clouds, the loftiest body of water in Vermont. There everyone will have a chance to cool hot feet and do a bit of wading before hiking down the Sunset Ridge Trail to the busses for the return trip to Burlington.

From any number of vantage points on the Mountain are magnificent views of the countryside. Spread below to the

(Continued on page 8)

## Pi Phi's, Phi Delts Win First Place In Inter-Sorority-Fraternity Sing

### President Millis To Deliver Address At Commencement

Due to the fact that the 1949 Commencement will be the last at which John S. Millis will appear as the President of the University of Vermont and State Agricultural College a long standing tradition will be broken. This year Doctor Millis will deliver the Commencement Address instead of the Baccalaureate Sermon. The latter will be preached by Dr. Halford Edward Luccock of the Yale University Divinity School. This will be Doctor Luccock's second appearance as Baccalaureate preacher. In 1933 he chose "The Practice of Social Imagination" as his theme, and on the following day received the honorary degree of Doctor of Divinity from the University.

Since the first days of the University the President has preached the Baccalaureate sermon. This continued until Dr. Guy Potter Benton took leave of UVM. President Guy W. Bailey broke with the tradition and invited many noted clergymen to Burlington for the occasion. When Doctor Millis came to Vermont he revived the custom which is traditional with practically all New England colleges.

Doctor Luccock is Professor of Homiletics at the Yale Divinity School and the author of many books on different phases of the Methodist Episcopal religion. He graduated from Northwestern University in 1906 and in 1909 received his Bachelor of Divinity degree from Union Theological Seminary. He has received the honorary degree of Doctor of Divinity from Syracuse University in 1924, Wesleyan University (1928) and the University of Vermont and State Agricultural College in 1933. He also received the degree of Doctor of Literature from Allegheny College in 1927.

Doctor Millis graduated from University of Chicago where he also earned

(Continued on page 8)

## IRC Climaxes Year With Annual Picnic

A gala international picnic climaxed the International Relations Club program for the current year. The picnic, held Tuesday, at Sylvia Heininger's cottage at Mallets Bay, was a successful attempt at proving that cooperation and the sharing of food between all peoples is possible. Plans for the coming year were discussed thoroughly, and Professor Willard spoke on Latin American Affairs.

The IRC has promised a bigger and better program for next year—bigger than the energetic program that has been carried on this year. The contributions that the IRC has made to campus life this year have included the sponsoring of panels and speakers on foreign affairs, the organizing of the New England Regional Conference held here in December, the maintenance of the bulletin board displays and news magazine service in the reading room in East Hall, and the sending of six delegates to the national conference of IRCs in Denver.

Next year's plans include the sponsorship of two major programs, more student faculty discussions, the possible setup of a student information service and study program, more contact with foreign students, and an effort at better integration with other campus activities.

A capacity audience sat in the Ira Allen Chapel on May 18 to listen as the fraternities and sororities let out with some very wonderful singing at this year's Inter-fraternity Sing.

When the clouds of battle cleared, it was found that Phi Delta Theta had won first place in the fraternity division for their excellent singing of "A Toast to Phi Delta Theta," and a wonderful execution of "Stout Hearted Men."

Copping first place in the sorority singing was Pi Beta Phi with their two selections, "Arrow So Golden" and Schubert's "Serenade."

## Oklahoma Presented By Exchange Club Rocks Auditorium

Under the auspices of the Exchange Club of Burlington, the Theatre Guild's calico classic, "Oklahoma!" rocked Memorial Auditorium with its catchy Rodgers-Hammerstein tunes and expressive Agnes de Mille dances last Wednesday and Thursday as a bit of Broadway came to Burlington.

The "Oklahoma!" aggregation was a well-seasoned group, coming straight from the St. James Theatre in New York after a solid five and one-half year run. Wilton Clary and Curley, who besides taking the part of the handsome hero, thrilled the audience with his clear and appealing voice, especially in "The Surrey With the Fringe on Top," and "Oh, What a Beautiful Morning." Ann Crowley was the true, cute, pinafore-clad Laurey, charming everyone with her "Many a New Day." Jacqueline Daniels, as Ado Annie, the girl who couldn't make up her mind, properly bellowed "I Can't Say No" with the nasal quality and contortionist countenance which label her as a musical comedy hellion. Jud Fry, the hired hand, was darkly presented by Warren Harr. Ali Hakim, of the loud-checked suit and red bow tie, was the typical traveling salesman played by Hy Anzel. Only Aunt Eller seemed slightly overplayed as the humorous matron-auctioneer of the Indian territory now disguised as Oklahoma.

Miss De Mille's choreography was, as usual, tops. Her high-shoed young ladies en dansant were completely fresh and rowdy, characterizing the spirit of the West at the turn of the century.

First thoughts of a second-nighter: the yellow rocking chair that rocked even when unoccupied . . . the last scene survey with the fringe on top . . . the fascinating "Child in Pigtails" . . . and did you know that "Oklahoma!" had a hard time being named? "Oklahomas" without the "l" sounded too westernish, but add the "l" and see what happens. All in all, this play, like ham and eggs, and the Fourth of July, has become part of the American scene.

Running second in the men's and women's sections respectively were Sigma Alpha Epsilon and Kappa Alpha Theta. The SAEs won honors with a medley of old songs and "The Marching Song." The Theta's claims to glory were their "Theta Lips" and "The Night Is Young."

In all, eight fraternities and six sororities competed in one of the best sings ever held at UVM.

The fraternities, in order of appearance, were ATO singing "Sweetheart of ATO" and "Lady of Spain"; TEP singing "I'll See You in My Dreams" and "The Lamp and Sword of TE Phi"; SP crooning "With the Cadence Soft and Low" and "Arise Ye Loyal Sons"; DS singing "The Delta Psi Hymn" and "Poor Piero"; LI singing "You'll Never Walk Alone" and "Crambambula"; and SN singing "Grandfather's Clock" and "Pan-Hellenic History."

The sororities competing in order of appearance were AEP with "Memories" and "Song of Songs"; Tri Delt with "Tri Delt Win" and "You'll Never Walk Alone"; AXO singing "Song of the Lyre" and "Southern Moon"; and Sigma Gamma singing "The Bells of Saint Mary" and "Sigma Gamma is the One."

At the end of the competitive singing the judges, Professor Pappoutsakis, Miss

## Moffitt Wins Post On Student Court At Special Election

Stuart Moffitt was elected Justice to Student Court in a special Student Court election held May 18. Moffitt won by a small margin over his opponent Will Robertson. Larry Stoddard, whose name was placed on the ballot, withdrew from the contest shortly before the voting date.

This special election was the result of a recent vote of 5-4 by Student Court to declare a previous vote for Justice void. Due to certain irregularities in the election of March 22, the Court upheld a protest made by Robertson that the vote was not legal. The recent contest was limited to those three candidates who ran previously.

# Exams Scheduled To Begin June 7, End June 15

## FOR SPRING SEMESTER, 1948-1949

All of these examinations will be two hours in length.

Please check this schedule carefully.

Immediately report in writing to the Office of the Registrar any conflicts which you discover.

By a vote of the majority of the class, and with the permission of the instructor, an examination may be moved to another block within the schedule, provided that no conflicts result and that the instructor notifies the Office of the Registrar by Saturday, May 21, 1949.

Be sure to check the Final Examination Schedule for changes, when it is posted.

## To The Spouses Of Married Seniors

Long enough have you gone unrecognized!  
Long enough have you toiled and slaved in oblivion!

Long enough have you had to bask in the reflected glory of your mate!

*The Time Has Come for You to Shine*

The evening of Wednesday, June 1, has been set aside for just that purpose—so that proper respect may be paid to each and every one of you.

At last count there were 146 of you who are married to members of the Class of 1949. Most of you are women, but a few of you are men.

We think it would be a good idea for all of you to get together with your mates and with some of the faculty and their wives for an evening of FUN, FRIENDSHIP, and FOOD. The time: 8:00 p.m.—the place: Southwick Memorial. It's to be very informal. No hats nor long dresses—and you won't need a new Toni!

We hope that all of you will come. We'll even present you with a diploma, properly signed and sealed, as a memento of the occasion!

Some of you may have baby-sitter problems. Try to park Junior with a neighbor, relative, or with your regular baby-sitter. If you can't find anyone—call Dean Simpson's office (Ext. 331) at least a week in advance. Some students have volunteered to help out for free.

Please return the enclosed card immediately, indicating whether or not we may expect you and your spouse. If your plans change in the meanwhile, please let us know.

Again we hope you'll come! 'Twill be fun!

The Special Committee for the Recognition of Unsung Heroes and Heroines,

BOB FRENCH '49  
ALAN STEINECKE '49,  
PROFESSOR WEBSTER,  
DEAN SIMPSON,  
DEAN KROEPSCH.

## Staff and Sandal

The newly-chosen members of Staff and Sandal were initiated Wednesday night, May 4, at Southwick, and a banquet was held in their honor at the Olde Board afterwards.

A joint meeting of old and new Staff and Sandal members was held Tuesday, May 10, at Southwick, and at this meeting the following officers were elected for the new group: President, Alma Warrell; vice-president, Esther Thomas; secretary, Suzanne Pooley; and treasurer, Alexandra Dzialewski. The most important item on the agenda was forming plans for Homecoming Week-end next fall.

## ALPHA CHI OMEGA

We cite with pride the new members of honorary societies: Hedi Ballantyne and Rose-Mary Traynor, Mortar Board; Jean Austin, Shirley Dennis, Peggy Fisher, Staff and Sandal; Mickey MacLaughlin, Sophomore Aides; Betty Buzzell, Omicron, Nu; Evelyn Bemis and Joyce Rogerson, All Sports.

To Jean Austin, congratulations on her election to the office of Alumni Representative of the class of '51, and likewise to Janie Gates on her Sigma Nu star.

Perhaps a trifle early, but bon voyage to Rose-Mary Traynor who leaves on her trip to National Convention at Pasadena, Calif., in June as Alpha Iota Chapter representative.

## DELTA PHI EPSILON

Delta Alpha of Delta Phi Epsilon is happy to announce the initiation of its new sorors on Monday, May 16, at 5:00 p.m. Following the initiation ceremony, a banquet was held in their honor at the Black Cat Cafe, which was also attended by the old sorors. The four girls who received their pins are: Gertrude Rosenberg, Brooklyn, N. Y.; Sophie Muriel Sandow, Bronx, N. Y.; Marilyn Stern, Bronx, N. Y.; and Joan Weiss, Flushing, N. Y.

The new sorors have already begun to take an active part in future sorority affairs. Gertrude Rosenberg and Sophie Muriel Sandow have been elected to the offices of Program Chairman and Publicity Chairman, respectively.

Phyllis Perelman, Northern Regional President and Alum of Delta Alpha Chapter, and Rita Feinberg represented Delta Alpha Chapter at Syracuse University on Saturday, May 14, 1949, when a new Chapter was formally pledged into the national Delta Phi Epsilon.

Delta Alpha Chapter also wishes to announce the engagement of Eleanor Hurwitz '48 to Hy Margolin. Both are natives of Boston.

## PI BETA PHI

Twenty-two pledges were welcomed as new members of Pi Phi at initiation ceremonies held at the house on Saturday, April 30. The new initiates are: Joan Herberg '51, Burlington; Florence Parker '50, Morrisville; Norma Shangraw '50, St. Albans; Barbara White '50, Warner, N. H.; Joan Chapman '50, Springfield; Sylvia Heininger '51, Bur-

lington; Catherine Stone '51, Burlington; Janet Beardlee '51, Kenmore, N. Y.; Harriet Carlton '52, Burlington; Patricia Davison '52, Morrisville; Sarah Hallagan '52, Newark, N. Y.; Shirley Hakewessell '52, Caldwell, N. J.; Barbara Hayden '52, Barre; Ruth Huntsman '52, Burlington; Sally Jackson '52, Winchester, Mass.; Nancy Leming '52, Washington, D. C.; Joan McKerley '52, Rutland; Martha McNamara '52, Burlington; Patricia Morse '52, Montpelier; Jean Newmeyer '52, Washington, D. C.; Ruth Shaw '52, Verona, N. J.

Following the initiation ceremonies, a banquet was held at the Hotel Vermont. It was announced that Martha Atwood has been chosen the winner of the Portland Award for being the most outstanding Pi Phi sophomore in this Province, and Jane Cook was named the most outstanding pledge of the '49 group. Our congratulations to them both.

It's good to have Wilma Murphy staying at the house while Gladys Clark is trying her hand at teaching in Swanton this week.

Our very best wishes to Lorraine Miles for her engagement. Lorraine passed chocolates after a wonderful Easter vacation.

## TAU EPSILON PHI

Fred Sigman, designer of the TEP float in Junior Week Parade and our "statue" of Ira Allen on the float, did a marvelous job in supervising the decoration of our entry. Upon completion of the float, the TEPs resumed practice for the Interfrat Sing.

Wednesday night in the Interfraternity Sing the TEPs recited "I'll See you in My Dreams" and sang "The Lamp and Sword." In the locker room after the sing Maestro Herb Levine delivered an inspiring talk to the boys before sending them back to bridge games.

This past week saw the TEPs having a celebration every day. On Monday we celebrated the "Successful" return of the Montreals; on Wednesday, Marty Goodman received his long-awaited acceptance from UVM Med School, good luck Bobo; Thursday and Friday we celebrated the birthdays of Murray Nussbaum and Danny Charnes.

The TEP softball team, under the leadership of George Rudes, had a two-week layoff. Steward Gene Kalkin says that the allotment for the training table

is running out and that the ballplayers will soon have to pay for their meals, however, it was learned that George Rudes intends to introduce a bill at the next meeting calling for more money. His war cry is "Play Ball With Me Men and I'll ———."

## DEBATE CLUB

The Vermont High School Championship Debate Tournament, sponsored annually by the UVM Debate Club, was held here Saturday, May 16. Middlebury High School was the winner. The four team members were presented the E. W. Lawrence Rotating Trophy by Doctor Huber, head of the speech department and the Free Press Cup, which is a permanent award, by Bert Miller of the *Burlington Free Press*. Second place Burlington and third place Montpelier also received awards. Other high schools taking part were Randolph, and Leland and Gray.

UVM scholarships were presented to the four highest ranking speakers by President Millis. William Knight of Leland and Gray placed first and won a scholarship of \$350. Second was Jean Millis of Burlington, daughter of President Millis. Third place Bart Gershen of Burlington and fourth place Bengt Ljunggren of Middlebury received scholarships worth \$175 each.

## HEALTH COUNCIL

The final meeting of this year of Women's Health Council was held at Southwick, Thursday evening, May 5.

It was voted to have Dr. C. W. Stephenson, assistant professor of psychiatry speak on "Whom Not to Marry." This lecture, which is open to all men and women on campus, will be given Tuesday evening, May 17 at 7:30 at Southwick.

The Council also voted to send a letter of several recommendations to the Infirmary.

A report was given on the lecture by Dr. Badona Levinson at Southwick, Wednesday evening, May 4. About forty women were there to listen to the talk on "Preparation for Marriage."

Miss Eleanor Cummings and Miss Anna Scholl spoke briefly at the business meeting, at the close of which refreshments were served.

## HOME ECONOMICS CLUB

The term of office of the present officers of the Home Economics Club came to

an end on May 22, 1949, when the names of the newly elected president and vice-president were announced. Florence Cacioppo and Thelma Rowe will hold these new posts and will be assisted by a secretary, treasurer, social chairman, and publicity chairman. The names of these students haven't been announced as yet.

The officers who are bowing out now may well be proud of the record they are leaving behind them. Last semester a Cookie Bar was started in the lower hall in the Waterman Building, and was so well received by the students that it was continued all through the year. Each week a different committee, consisting of girls in the club, baked and sold the cookies. These girls met in the kitchen in Morrill Hall on Tuesday evening and baked either toll house or peanut-butter cookies, which were then kept in wax paper bags until Wednesday afternoon, when they were sold at a price of three for ten cents.

Most of the women students will remember the Nutrition Exhibit which was posted on the bulletin boards in Waterman last fall. The Home Economics Club was also responsible for this means of promoting good health among the students.

The refreshments at Dean Hills Sugar Party which was held this spring at Underhill, were provided by members of the club who worked hard to make this annual university event the success that it was.

The UVM Home Economics Club is a member of the American and Vermont Home Economics Association and was represented at a recent meeting of this association by Florence Cacioppo. Held at Memorial Auditorium here in Burlington, the meeting was attended by many alumni who belonged to various Home Economics Clubs throughout the state.

Many other little things have also helped to make this year a successful one for the Home Economics Club.

## KEY AND SERPENT

Key and Serpent Honorary Society, for outstanding junior men, elected the following officers at their May 10 meeting:

President, Larry Kimball  
Vice-President, Art Hill  
Secretary and Treasurer, Ed Streeter

Another meeting was held on May 17

at which time plans were partially formulated for Key and Serpent's role in the Freshman Orientation Program next fall. This society also made plans for adequately taking care of the needs of the visiting athletic teams to this campus during the following year.

At both meetings several of the former Key and Serpent members were present to aid the new members in setting up a program for the following worthy of an honor society.

According to the new secretary-treasurer, Ed Streeter, the final meeting of the year will be held on May 31 at 4 p.m. in Room 36 Waterman.

## NURSING EDUCATION

The Nursing Club held its first meeting with new officers on Tuesday evening, May 10, at 7:30 p.m., at Southwick. Pres. Jane Miller presided, with ten members and Miss Crabbe present. Jean Gregory, Marjorie Hadwen, and Margaret Kebrek were selected to help Maxine Flint plan the program for next year. It was suggested that a club picnic be held instead of the annual banquet, possibly on May 20. Plans were made in order to discover whether the majority of members favored this picnic. Miss Faye Crabbe gave an interesting informal report of the conference at Western Reserve University in Ohio from which she had just returned. Coffee and cookies were served after the meeting adjourned.

## MILITARY DEPT.

Cadet Capt. H. Brown Baldwin, Essex Junction, Vt., outgoing commander of the University of Vermont's honorary student military company, Ethan Allen Rifles, recently announced new company officers.

George D. Cram, Jr., New Bedford, Mass., a cadet officer in U. V. M.'s R.O.T.C. Battalion, has been elected company commander. Richard V. Casavant, Burlington, Vt., another cadet officer, will assume the duties of First Lieutenant of the company.

# Editorial . . .

"Hi, there! Got a job for me this summer?"  
"What kind of a job do you want?"  
"Oh, one that pays a lot of money and one where I won't have to work."

We would not have given this choice bit of wisdom much thought if we had not overheard another, in a similar vein, while making slow progress in the Cafeteria line.

The chief topic of conversation was summer jobs. Jobs with a contractor builder seemed most desirous. But h . . . , the only contractor builder in certain Vermont town was a local man. And what did you know, he had the gall and nerve to refuse to pay more than 60 cents an hour. This man actually expected the boys and men on his payroll to do a day's work for their pay. This description is the essence of what was said. The words were slightly different and much more explosive. These boys would not work for less than \$1.50 an hour—pay for skilled carpenters and artisans.

All this set us to thinking: is this the prevailing philosophy on campus? If so, we are going to be bold enough to say to you kids, who are saturated with such ideas, "If you are looking for a job and get one, it's time to get on the beam and be ready and willing to give value for value received. The day of ducking and dodging work, pulling down \$1.50 or so an hour because abnormal war conditions existed is fast fading out of the picture. Just because you can hold a hammer in your hand, and pose as a carpenter, is no reason why you should expect the pay of a skilled artisan."

Another thing for you to mull over is this: we all know you are going to college. That is a nice state of affairs. If you are earning your way, you know what is to work. If you are here because your folks are footing the bill, and by folks we can include "Uncle Sam," it is high time to get away from the opiate philosophy that everything is yours . . . just because . . . well, just because.

It is time to help our country get back to normal, healthy conditions. College students, the potential leaders, can help by adjusting their own immediate outlook.

Be sure you are deserving of what you demand. Be sure you can offer value for value received.

Work of common laborers, on a construction gang, even though you may be a College Joe, does not entitle you to the pay rate of a skilled artisan.

Nor does the fact that you need money to take care of obligations you have assumed entitle you to look for and ask for a job that will pay you a lot while you prefer not to work or earn that big juicy pay check.

G. E. N.

## Your Student Government

By Marshall Sabens

The meeting opened with the reading of some letters from Mr. Demsky and President Millis concerning the recent incident over the fountain. It was pointed out that the removal was not intended to be permanent, but merely a public safety measure, since the fountain was in bad repair. As soon as parts can be found for a fountain as old as that which graces our campus, it will be replaced. The replacement also depends upon whether or not the University can find the necessary money in the maintenance fund.

President Costello came forth with some suggestions for what he considers improvements. The major one had to do with a campus chest drive to replace the several drives for relief funds which are now carried on. He feels that sometime next fall a combined drive can be held with better results for all participating groups. Under this plan funds can still be given for specific causes, if a student wished to. The Student Government scholarship plan would also be included in this. On this point there was much discussion as to the desirability of removing the scholarships from actual Student Government appropriation. The only decision reached on the whole question was that it should be carefully considered before being adopted, especially by the groups being affected.

The second suggestion had to do with setting up Student Government as a fund-lending agency, as is done on a large midwestern campus. Any student who is in need of financial aid for a short time could borrow from Student Government. His name is put on a card and placed on a board. If the money is not returned within a specified time, the card is turned over for all to behold the name of the offender. The plan was obviously not popular in the Council. The majority seemed to be opposed to loaning Student Government funds on such a basis, since there is no real guarantee that borrowed funds will be returned.

The treasurer announced that in two weeks the Finance Committee will have a complete appropriations bill for Council consideration. He then asked the Council's view on the indication from certain members that his resignation should be forthcoming, since he is going to be in medical school next year. No view was given and he stated that he feels that it should be submitted in September when the new constitution is adopted. Elections could then be held for whatever financial officers are provided for.

## Inquiring Reporter

By Carol Henshel

About a few weeks ago, UVM students were very much surprised to find the traditional college fountain gone. Much talk was heard concerning its removal, and it was found out that it was a hazard to the little children who played in the pool. However, now that spring has come many students feel that the fountain should be put in action. Therefore, the CYNIC's question for this week is: What is your opinion of the removal of the college green fountain?

Richard Avery: Without the fountain, the college green looks barren. The re-addition of the fountain, plus some goldfish, would make the campus look very attractive. (Goldfish would be of great help to the Angler's Club.)

Frances Rosengarten: The fountain is a tradition, and the college green is the most used place on campus. Students are always walking by the fountain, and they consider it as a place to greet their friends.

Jack Keefer: When fellas come home at night, they want to stumble into something cool and refreshing instead of a hard cement bottom. Therefore the fountain should be restored so it will furnish the "something cool"—water!

Marjorie Durkee: I think the fountain should definitely be put back into action. Also, some pond lilies and goldfish could be added to make the appearance of the fountain more attractive.

Bill Flanagan: The fountain should definitely be restored. However, if it can't, then water should still be put into the pond and some flowers added. The pond looks useless just as it is now—empty!

"Okay. Cut 'er hard"

## Placement Office

With the seemingly impossible accomplished, that is, finishing four years at UVM, our present seniors have the most difficult of all problems to solve—the problem of finding a position in life that will give them a secure future. They have been preparing for the final plunge for four years, and this June is the zero hour. Many of them have their jobs, and I have interviewed six such happy people. Their experiences may be of help to underclassmen who will be repeating some of their actions soon.

Roy Fox, a mechanical engineer, has secured a position with the Hamilton Standard Propellers of East Hartford, Conn. This concern has many divisions in the work it does, and Roy will be doing more or less secret work, that is, the operations have not yet been released for public knowledge. He received his interview through the Placement Office and did not find it particularly difficult to talk with the representative from the concern. He found that the interview was based on the student's record and on the student himself, with attention focused on such things as personality and interests. Roy also received three other job notices through the Placement Office, and would like to put in a plug for the office which he thinks is doing wonders for the students on campus.

Hartley Shea will be spending most of his time in the future at Barre, working with the Rock of Ages Corporation. Hartley will be a sales correspondent for this concern which deals with "granite tombstones!" He had his interview there in Barre and discovered it is best to act natural and to pop a few questions yourself at your interviewer to show your interest. He also found that a mechanical engineer like himself would be of much more value to the company than a liberal arts student. Hartley had as many as five job contacts through the Placement Office and checked them all thoroughly before finally selecting the Barre offer as the one with the best future for him. Hartley also believes the Placement Office is doing a superior job in aiding seniors to secure positions.

One of the senior girls, Betty Grow, is going into the teaching profession. At Fairfax, she will teach junior high. She did her practice teaching here in Burlington and became acquainted with this age group which appeals most to her. Betty believes a student should keep checking in at the Placement Office, because one day by accident, the principal of Fairfax High was there when she breezed in. She was able to talk with him and was invited to the school to "look things over." Betty evidently took a good look and liked what she saw! During the interview, the principal asked Betty why she was interested in junior high teaching, informed her what subjects she would teach, and indirectly learned personal data. He showed her around the school, and now Betty has chosen this position after carefully inquiring about others in this same area.

Donald Kane has accepted a position

with the Factory Mutual Company. He will be stationed in Boston for three months and will then be sent to his permanent position in Cleveland, O. Here he will investigate factories about fire hazard protection. Donald was informed about this position through the Placement Office. A letter came in stating the job was open, and Donald also was informed about the job through a friend. He wrote his own interview letter, and went to Boston for the interview. The "deal" was sealed in February after Donald had considered two other excellent offers.

Another Education student, Mary Lou Sweet, will teach next fall at Ellenburg, N. Y. Here she will have charge of all the high school English classes. Her job also includes helping with the school paper and a debating program. Mary Lou's home town is near Ellenburg, and so she was able to visit the school and talk with the principal. He wished to know what work she had done here at UVM and if she were at all interested in Girl Scout work. Most of all he wanted to know if she were willing to just plain "work." Mary Lou received the position right after Easter, and is most happy with her future career.

As a contrast with the above careers, the work that Bernard Estey has chosen is most interesting. He will go to Portland, Me., to work with the Pine Tree Council, Boy Scouts of America. This summer he will attend Camp Hinds, Raymond, Me., and work with the young scouts. In the fall he is heading for New Jersey, for two months of training for, his title of Professional Field Scout Executive. His job will then involve work with scout masters to recruit troops, new members and to carry out a national program. Besides his job as acting counselor for the scout masters, he will attend camp in the summer where he will have actual contact with the boys. A notice of this opening was sent to the Placement Office where Bernard was notified of the job. He then wrote to the council and had his interview at Portland. Bernard found that scout executives are like "one big family" with no competition among them. The national requirements are tough and the scholastic references are also difficult. Bernard is a liberal arts student with six years of previous scouting which was a definite requirement. One can easily say that he is indeed interested and "wrapped up" in the career he has chosen. Good luck to you and all the members of the class of '49.

### NOTICE

The funeral of Myers J. Reynolds, III, UVM '42, who was killed in action on a fighter mission in Italy, in March, 1945, will be held in Malone, N. Y., on Friday, May 27, 1949, at the Congregational Church at 2:30 p.m. Friends are invited to attend the service.

## Student Christian Association Host To Colleges Last Weekend

This past week-end UVM was host to delegates from Dartmouth, Williams, Plattsburgh State Teachers College, Champlain, and Vermont Junior College. They were brought together by the cabinet and active members of the Student Christian Association to discuss the successful programs and projects that have been carried out on different campuses. Along with the discussions Prentiss Pemberton, secretary of the Student Christian Movement of New England, spoke on the ideal SCA and the types of members that belong.

Friday night after a buffet supper prepared by Hedi Ballantyne and the Scott Mahoneys he opened with a talk on the members and purposes of the SCA. He mentioned that all types of people belong, from the ones that are looking for a date to the students that really want to do some constructive work on campus.

Saturday morning after a morning watch service on Redstone campus he continued the outlining of a more successful program. This time attention was paid to organization, selection of leadership,

program planning and other technical aspects.

After the talk the program was divided into three different discussion groups which met out on the lawn between the library and the chapel. These groups were Faith and Worship; Relations, International and National; and Social Action and Effective Citizenship. It was at this point that the students actually had a chance to compare notes and hash over problems of universal interest.

After lunch a discussion was held on Redstone campus. After a few moments of technical problems the real meaning and purpose of the SCA was discussed. Some thought that too much attention was paid to a social program that would attract a great many students. Others felt that all interested in some phase of the work done should be welcome. No definite decisions were reached, but all received a great deal of helpful ideas.

A punch hour was held in Southwick and then everyone enjoyed the Lilac Day festivals. After that a picnic was held at Rock Point with two campfires and the conference closed with some harmony.

It was unfortunate that Ben Farrington and Chaplain Goldsmith of Williams had to leave Saturday noon, but the other two delegates, Bill Hollister and Dave Stamper were able to stay the full length.

It was discovered that Dartmouth is holding a clothing and shoe drive very similar to the one going on now at UVM. The two from the Social Action part of the Dartmouth Christian Union, Jerry Staton and Neils Chew, picked up several helpful ideas and gave us a few. Also Ted Coolidge from Dartmouth after several minutes of genealogical talk with Warren could find no relation to the President.

The delegations from VJC and Champlain missed out on the first supper meeting, but were able to stay for the rest of the conference.

Several favorable comments were made about the campus and the beautiful weather, and particular attention was paid to the Chapel, Redstone and Lilac Day. It was a very successful conference, and many friendships formed as well as future plans for cabinet work.

## Newman Club Names Tom Breen Pres.

Tom Breen was elected president of the Newman Club for the coming year at the last meeting of the club Thursday evening, May 19. The other officers elected were: vice-president, Mary Ellen Fuller; treasurer, Jean Austin; recording secretary, Janet Kerin; corresponding secretary, Barbara Ryan; senior representative, Loretta Howrigan; junior representative, Alexandra Dzielewski; and Sophomore representative, Jane Norton. Defeated candidates for offices became members of the Executive Board. They are as follows: Edward Streeter, Betty Kerin, Joseph Beauregard, Frances Keough, Marilyn Shea, William Washington, Barbara Jones, and Thomas Brady.

The outgoing officers read their annual reports, Rose Howrigan giving the secretary's report, Edmond Daigue giving the treasurer's report, and outgoing president Walter Fimian giving the annual report of the president. Committee chairmen also gave their annual reports. Kitty Martel for the Social Action Committee; Mary Ellen Fuller for the Communion Breakfast Committee, and Wilma Murphy for the Program Committee. The Nominating Committee then read its slate of candidates, and after leaving the floor open for further nominations, it conducted the balloting.

While votes were being counted, Walter Fimian proceeded to give a detailed account of the Boston New England Federation meeting attended by seventeen members of the UVM Newman Club. He called on several people to give accounts of the panel discussions which they had attended at M.I.T.

The newly-elected officers being announced, the meeting was adjourned. Tom Breen met with his Executive Board for a short business meeting and everyone retired to the Soda Fountain for dancing and refreshments.

## Lanterns Bother Trysting Places On Campus Green

L. Thornton

Secluded couples surprised and annoyed by flashing lanterns on the college green late at night need not fear there is a university drive to break up these romantic trysts. Avid fishermen are just indulging in the latest UVM sport—catching night crawlers. (A note to the squeamish: Go no further.)

Sportsmen declare that catching night crawlers is both an art and science, and each ardent fan of the diversion has his own particular method. Some believe in hunting by a full moon, others go by the tides, and some think a west wind is a necessity.

The only equipment needed is a flashlight, a Maxwell House coffee can, and a quick hand. The hunting ground is a wide space of green grass growing in rich soil, such as a golf course or the campus grounds, just wet from a heavy rain. Many water their lawn during a dry spell, but there is much dissension as to whether the results achieved this way are as excellent. The coffee can must be filled with moss and soil; the worms have to be kept alive as fish do not like dead worms.

The *Annelida*, or night crawler, mates at night which is why this is a night sport; most of the worms are above ground then. A brownish-red color, the night crawler is from six to eight inches long and not particularly intelligent. The better breeds of the *Annelida* are found in the southern part of the United States.

The object in hunting for night crawlers is to creep up behind them or from the side. The skin in the front of their head is sensitive to light, and they will dive back into the ground if the beam hits them in that spot. Having sighted the worm one must swing the light away so that it doesn't hit him directly. Then, silently steal up on the worm and when the hand is about six inches away, make a quick move of the hand and grab the worm with the index finger and thumb.

Be firm, but careful, as the earthworm breaks easily. The *Annelida* has very strong feet called *celia* which he tugs with; therefore the prospective hunter must have strong hands.

On a good night two or three people can pick up 150 to 200 worms in two hours. If one is an innovator, coffee grounds or sour milk sprinkled on the ground sometime get good results. Or if you have the equipment an electric charge might be set up in the ground which will make the worms pop up.

Night crawlers have developed into big business; they sell for two or three cents apiece and a few enterprising people have started worm farms. Their value lies in the fact that any kind of fresh water fish will eat them depending on how hungry they are.

## LILAC DAY HEIGHTENED BY LOVELY WEATHER

One of the loveliest days Burlington has seen this spring was made unforgettable for many people on campus Saturday, May 21, at 5.00 in the afternoon. Sigma Gamma, renewing the Lilac Day tradition, presented an effective program in memory of Dean Pearl Wasson, first dean of women at the University of Vermont.

The one hundred spectators who watched the ceremony sat on the ledge around Redstone Campus, and the program was carried out on the lawn in front.

Amy Lowell's poem, "Lilacs" was read by DeeDee Beauvais first, and then Jean Preston sang "Lilacs" by Rachmaninoff. Matilda Pratt told about the significance of Lilac Day and the gaiety of May was dramatized by sixteen girls doing a Maypole Dance. Dressed in white, the girls held the ends of colored pastel streamers which came down from a tall white Maypole. They did three variations of Maypole dancing, winding the streamers about the Maypole in every dance.

Miss Simpson dedicated the four-foot lilac bush which was planted by Ann Baker. The Vermont Creed, written by Pearl Wasson, was recited, and everyone sang "Champlain."

The buffet supper which followed Lilac Day was served under the trees, and was very successful, according to Dorcas Hadwin, who was one of the committee chairman.

## Cast of Beggar's Opera

Left to right standing: Don Brown, Ann Harvey, Mary K. DeForest and Dave Newhall.

Seated: Ray O'Hare, Shirley Lancot, Jerry Hayes  
Absent: Morris Pike

Many people consider the manners and morals of the lower classes little more than a reflection of the manners and morals of the upper classes, and things were not so different in the early eighteenth century, for in "The Beggar's Opera," John Gay has delightfully satirized this fact. Although "The Beggar's Opera" was originally produced over 200 years ago, the University Choir in their production May 25 and 26 will use rather modern dress to emphasize the similarities in human nature and manners through the years.

At the time that John Gay wrote this satire on the political and criminal laws of his day, graft was everywhere rampant, particularly in the so-called Courts of Justice. Hanging was an everyday punishment for such trivial offenses as shoplifting and pocketpicking. Women, too, suffered hanging and transportation for similar small crimes; in fact, it was not until some years later that this law was repealed.

This state of things naturally led to many abuses, one of the worst being the number of hangers-on or backstairs servants of the law known as "informers." These men were usually receivers of stolen property, or "fences," who by their intimate knowledge wielded almost absolute power over the criminal clients. Failure to keep in the good graces of a

"fence" was almost invariably followed by the arrest of the unfortunate thief. In the same way, a sentence could be considerably lightened by the good offices of the informer. From jailer to judge, all were flagrantly corrupt.

Captain Macheath, the highwayman hero, was a fairly common type of the period, many gentlemen having to relinquish His Majesty's Commission owing to gambling, dicing and high play generally. In Macheath's case he "took to the road," but in the opera we are more concerned with his gallantries than his robberies.

Up to this time it had always been the custom for dramatists to draw their characters from high life, or at least to model them on the aristocracy. Gay reversed this, and for the first time London saw a play in which every person was of the much despised criminal class.

The town was at first shocked, then amused. This daring innovation, coupled with the outspoken political gibes, so

# Union Upsets Trackmen — Vermont Defeat Cadets, 8-6

## Haddigan and Barber Score 11 Pts. Each; Cats Gain 7 Firsts

Despite seven first places by UVM trackmen, the Garnet and Gray of Union turned in a narrow victory at Centennial Field Wednesday afternoon by a score of 67½ to 58½. The Dutchmen swept only one event, the discus, but their nine second places and nine thirds were enough to assure the win. Hot, muggy weather with a few light showers to lay the dust, made it an ideal afternoon for track.

Howie Haddigan and Dale Barber were top scorers for the Postmen earning 11 points each. Haddigan won both the 100- and 220-yard dashes, and placed third in the broad jump. Barber helped Vermont's cause considerably with a photo-finish win in the 220-yard low hurdles and finished second in both the 120-yard high hurdles and high jump.

As usual Russ Mahoney, running in his effortless style, turned in two impressive victories in the 440- and 880-. In the latter race Russ kept with the pack until a couple of hundred yards from the finish where he cut loose with a blistering drive that beat Culver of Union by ten yards.

The outstanding distance race of the day was the mile run in which Culver overtook Earle Randall in the stretch to win by a stride in the excellent time of 4:33.5. Randy's fast pace, which he set for nearly four laps, accounted for the best time recorded on the Centennial cinders this season.

Dick Nostrand topped the tall timbers in sixteen seconds to win this event easily, and Bill McIntyre won the javelin throw with a heave of 169 ft. 5 in. Bill has been a consistent winner in his specialty all year.

High point man for Union was Culver with his win in the mile and second in the 880. Personeus and Wilsey were next in scoring with six points each. Whalen got off a winning toss of 45 ft. 6 in. in the shot put to set a new season's record in this event.

### Summary:

120-Yard High Hurdles: Won by Nostrand (V); Barber (V), second; Lawton (U), third; time, 16 sec.  
220-Yard Low Hurdles: Won by Barber (V); McQueen (U), second; Lawton (U), third; time, 25.1 sec.  
100-Yard Dash: Won by Haddigan (V); Personeus (U), second; Burnham (U), third; time, 10.2 sec.  
220-Yard Dash: Won by Haddigan (V); Nims (V), second; Thurston (U), third; time, 22.9 sec.  
440-Yard Run: Won by Mahoney (V); Thurston (U), second; McLaren (V), third; time, 50.5 sec.  
880-Yard Run: Won by Mahoney (V); Culver (U), second; McLaren (V), third; time, 2 min. 1.2 sec.  
Mile Run: Won by Culver (U); Randall (V), second; Belanger (U), third; time, 4 min. 33.5 sec.  
Two Mile Run: Won by Lakshin (U);

## Victories Over Union in 880 and Javelin

Russ Mahoney, middle distance ace, crosses the finish line well ahead of Union's Culver in 880 event; Bill McIntyre is shown as he gets set to toss the javelin 169 ft. 5 in., the winning effort.

## 2nd Vt. Conf. Win Posted; Goulet and Vescovi Get 3 Hits

By Winn Fingerit

The UVM Baseballers got back into the win column with a victory over Norwich in a game played Wednesday afternoon at Sabine Field. The final score was 8-6. The Catamounts rallied to score two runs in the seventh and one run in the eighth innings to gain the decision. This was Vermont's second State Conference win, both coming at the expense of Norwich.

The Cadets scored four runs in the fifth inning to take a 6-5 lead. The runs were scored on a double by Biggio and singles by Bovee and Murphy plus an error. At this point, Kehoe relieved Art Martin, the starting pitcher of the Catamounts, and pitched no run ball the rest of the way giving up only two hits. He encountered some difficulty in the ninth inning when the Horsemen loaded the bases, but Kehoe pitched his way out to gain the decision.

Singles by Collier, Ballard, and Kehoe scored two runs in the seventh to sew up the ball game for Vermont. Hard hitting Art Collier, captain of last year's team, returned to the lineup and produced a double and single for his day's work. The Catamounts banged out fifteen hits, Goulet and Vescovi leading the way with three hits apiece. Everyone on the team, with the exception of the keystone combination, got at least one hit.

## W. A. A. Notes

Open to all WAA members, the annual WAA picnic will take place at Rock Point Thursday, May 27, at 5.30. Buses will leave Waterman at that hour. The installation of officers, presentation of awards, and initiation into All Sports Club, honorary club of the Women's Athletic Association, will take place at this time. Cost per person is 35 cents.

### SPORTS NOTICE

All men who would like to be on the 1949 football squad must attend an important meeting, Thursday, May 26, at 7.30 p.m. at the gymnasium. Fifty players attending this meeting will be invited back to pre-season practice.

J. C. EVANS, Coach.

Garlock (U), second; Porter (V), third; time, 10 min. 39.4 sec.  
Shot Put: Won by Whalen (U); Ursprung (V), second; Hinkley (V), third; distance, 45 ft. 6 in.  
Pole Vault: Won by Milford (U); Perkins (V), second; Simmons (U), third; height, 11 ft. 6 in.  
High Jump: Won by Williamson (U); Barber (V), second; tie for third, Bohlen (V), Downing (U); height, 5 ft. 9 in.  
Broad Jump: Won by Hagar (U); Personeus (U), second; Haddigan (V), third; distance, 21 ft. 9½ in.  
Discus: Won by Wilsey (U); Dvorscak (U), second; Whalen (U), third; distance, 118 ft. 7 in.  
Javelin: Won by McIntyre (V); Haven (U), second; Wilsey (U), third; distance, 169 ft. 5 in.

## Netmen Lose Yankee Conference Match to Mass. 7-2; Livingston and Mickler Score For Cats

Vermont's tennis team journeyed to Williams College during the week-end of the 14th and participated in the New England Tennis Tournament.

Coach Carpenter's squad which had played mediocre tennis in previous matches this season, engaged the top flight small college teams of the Northeast.

"Hammy" Livingston was the only member of the Vermont team to get by the initial round, and he was defeated in the second by one of the best players of the tournament.

A member of Amherst's team won the singles championship. Bill Smith of the "Lord Jeffs" defeated Henri Salaum of Wesleyan 6-2, 6-4, 7-9, and 6-3. The doubles final found two teams from host school Williams engaged on the courts. Fred Scribner and Charlie Schaaf defeated their college brethren Stuart Robinson and Peter Thurber 6-2, 5-7, 6-3, and 6-2.

The tennis team engaged the University of Massachusetts at Burlington last week-end and lost to a strong University of Massachusetts team by a 7 to 2 count. Livingston won his singles match and in the number one doubles contest Mickler

teamed up with the UVM captain to score for the Cats.

The singles summary:  
Livingston (V) defeated Cleverley (M), 12-10, 6-0.

Beauregard (M) defeated Mickler (V), 3-6, 7-5, 7-5.

Brown (M) defeated Hansen (V), 6-3, 6-2.

Jones (M) defeated Astone (V), 6-3, 6-2.

Lovelace (M) defeated Hill (V), 7-5, 2-6, 6-3.

Colton (M) defeated Byron (V), 6-3, 6-1.

The doubles summary:  
Livingston and Mickler (V) defeated Lovelace and Cleverley (M), 7-5, 4-6, 6-2.

Beauregard and Brown (M) defeated Hansen and Astone (V), 8-6, 6-3.

Colton and Jones (M) defeated Fimian and Dennis (V), 8-6, 6-3.

# McCuin Pitches 5 Hit, 2-0 Victory in 2nd Game Of Double Header; U-Conns Take First Game, 7-2

By WINN FINGERIT

Big Don McCuin pitched a 2-0 shutout against University of Connecticut to give Vermont an even split in a twin bill played Saturday afternoon at Centennial Field. In the first game, the University of Connecticut got to Ralph Kehoe for seven hits and seven bases on balls to win 7-2. The two seven-inning games were played on a perfect day for baseball before 750 spectators.

Love, the starting pitcher in the night-cap for University of Connecticut, pitched well enough to also earn a shutout, but a teammate committed the only error to be made all afternoon by the Nutmeggers to give the Cats their margin of victory. With Ballard on second as a result of a single and stolen base, Pandolfe slashed a hard bouncer to third which Clark kicked into center field, and Ballard, running with two out scored. Maroney then singled to score Pandolfe from second.

McCuin was in trouble of some sort in almost every inning but neatly pitched his way out. In the second inning, the visitors loaded the bases with one out, only to have McCuin strike out Sorota and throw out Vining on a slow roller back to the mound. That was the closest University of Connecticut came to score.

In the first game, Connecticut took advantage of four errors and numerous fielding lapses by UVM, to sew away the game. The University of Connecticut scored single runs in the first and third innings and five runs in the fourth inning while the Cats scored single runs in the sixth and seventh innings. The five runs were scored as a result of three hits, four stolen bases, three walks and two errors.

The Catamounts reached Chapin for singles by Guiliani and Kehoe plus an infield out for one run, and singles by Pandolfe, Farma, and Goulet for another. QUICKIES—Chapin, the winner of the first game was recently tested for the speed of his fast ball pitches. He was recorded at 85 miles per hour as compared to Bob Feller's 92 miles per hour recorded on the same type of machine. That fast ball pitching enabled Chapin to win his eighth straight ball game in collegiate competition as against no losses.

Don Hebsch, hustling catcher for the Cats, injured his finger on a foul ball in the first game and was replaced by Art Collier who also caught the second game. . . . A peculiar double play occurred in the fifth inning of the first game. With a runner on first, Farma trapped a ball, and threw to Guiliani at the first for one out. Guiliani then threw to Pandolfe who tagged the runner coming into second. . . . John Goulet continues to get his one for four regardless of the opposing team.

Box score first game:

## Student-Faculty Softball Game to be Played on May 28

The Second Annual Student-Faculty C & E Softball Game will be held Thursday, May 28 at Bayside Park, Malletts Bay. Last year the students went down to defeat at the hands of the pros to the tune of 11-5. This year, all students majoring in this department are urged to attend and participate in dealing up a new deal, in giving the faculty the short end of the score. Following last year's precedent, a charge of 50 cents will be levied to defray expenses for the ample refreshments that will be available. All students will have a chance to play, and transportation will be provided for all those who don't have cars. Students wishing to go, will turn in their names to any of the members of the student committee, one of whom will be stationed in the hallway of the second floor of Old Mill (North College). The members of the student committee are Roderick Smith, Ben Schwyer, Charlie Traverse, Al Niemann, and Lo Lo Setien.

All students with cars and who want rides will meet behind Old Mill between 3.30 and 4 p.m. The game will begin at 4.15. This is a "stag" affair.

## SPORTS NOTICE

All freshmen and sophomores who are interested in sports writing please report to the CYNIC Office, Tuesday, May 31, at five o'clock.

## NOTICE TO ALL STUDENTS

All student bills and temporary loans must be paid on or before June 1, 1949 to permit students to take their final examinations.

## Important Varsity Club Meeting, June 2

In preparation for a big year the UVM Varsity Club will hold a meeting on Thursday, June 2 to elect officers for next fall. A recently organized institution, the Varsity Club has several worthwhile objectives incorporated in its constitution. First of all the main purpose of the club is to bring all athletes of varsity teams together in one organization. It is hoped that this will bring better relations between coaches, athletes, students, and all others concerned with athletics.

All complaints and grievances will be brought to the officers of the club and settlements involving sport activity will be reached. Students who have won a varsity letter in any of the several sports are eligible to join the club.

It is hoped that all the varsity lettermen on the campus will get together for the last meeting of the year on June 2, because at that time there will be the election of officers and new members will be invited to get into the fold.

## CYNIC VIEWS COMING EVENTS

- May 23-28 Pre-Registration for Fall Semester. All undergraduates who plan to attend UVM during forthcoming year, must pre-register at this time. For further information consult bulletin boards, registrar's office, and Deans.
- May 25-26 UVM Choir and Orchestra present John Gay's *Beggar's Opera* at Southwick, 8.15 p.m. Admission \$ .75 and \$1.00. Tickets available at Bailey's Music Rooms and Waterman.
- May 25 Outing Club's 3-Star Program. 7.30 p.m., Fleming Museum.
1. First showing of O-C Slides and pictures.
  2. Presentation of O-C Ski Trophy to Best All-round Skier of 1949.
  3. Movie of UVM Ski Team.
- Also presentation of new officers, coming events, business meeting.
- May 25 Student Government Meeting, 4.00 p.m., Waterman.
- May 26 W.A.A. Picnic, Rock Point.
- May 27 1.00 p.m. Chapel, Ira Allen Chapel.
- \* Tennis—Champlain.
  - Cynic Senior Staff Meeting, 4.00 p.m.
  - Regular Staff Meeting, Room 259, Waterman, 5.00 p.m.
- May 28 \* Track—Middlebury.
- \* Baseball—Middlebury.
  - \* Tennis—R.P.I.
  - Debate Club Picnic.
- May 30 Memorial Day Holiday.
- \* Baseball—St. Michael's.
  - R.O.T.C. Parade.
- May 31 Cynic Photo Staff Meeting, 7.00 p.m., Dark Room.
- Men's Chorus, Music Building, 7.00 p.m.
- \* Home Games.

## NOTICE

To Students in the College of Arts and Sciences:

- Preliminary enrollment for the next academic year will be held during the week of May 23 to 28 inclusive. During this period all students who expect to attend during the next year must file preliminary enrollment cards showing the courses they plan to take.
- This preliminary enrollment is designed to give students an opportunity to consider carefully, in consultation with their advisors or the Chairman of the Department in which they plan to concentrate, their selection of courses and to make sure that all distribution and concentration requirements are met.
1. Students will obtain blank enrollment cards at the Dean's Office.
  2. Students will then consult faculty members, as follows:
    - A. Pre-medical students will consult their pre-medical advisors; students in Medical Technology will consult Professor Crooks.
    - B. Freshmen in the Liberal Arts curriculum will consult their advisors, or some other member of the faculty.
    - C. Sophomores and juniors in the Liberal Arts curriculum will consult the Chairman of the Department in which they respectively plan to concentrate. Each student's program must have the approval of the appropriate departmental Chairman.
  3. Those who plan to concentrate in Economics must enroll between 9 and 12 a.m. or 1 and 5 p.m. in Room 27 North College according to the following schedule: Students whose last names begin with letters from A-G on May 24, H-O on May 25, and P-Z on the 26th.
- Cards when filled out and signed by the Advisor are to be returned by the student to the Dean's Office.
- The administration will assume that students who do not fill out and file preliminary enrollment cards by May 28 are not planning to attend during the next academic year.
- Students who have special difficulties of any sort may consult the Dean. Appointments should be made in advance.

## MOUNTAIN DAY TIMETABLE

- 9.30 A.M. Busses leave Waterman for Underhill Upper Parking Area, Mt. Mansfield. Bring a lunch!
- 4.00 P.M. Busses leave Upper Parking Area for the return trip.
- 5.00 P.M. Back to the campus in time for supper and relaxation.

## NOTICE TO ALL STUDENTS

All student bills and temporary loans must be paid on or before June 1, 1949 to permit students to take their final examinations.

## SPORTS NOTICE

All freshmen and sophomores who are interested in sports writing please report to the CYNIC Office, Tuesday, May 31, at five o'clock.

## Commencement

(Continued on page 1)

his Master's degree, and one of Doctor of Philosophy. Since then he has been honored by Middlebury College, Brown University and the University of Maine with the degree, Doctor of Laws. He is the author of "Laboratory Outline of Physics," and many articles on atomic molecular spectra for the scientific journals. He came to Vermont as President in 1941 after a long teaching and administrative career at the University of Chicago and Lawrence College, Wisconsin, and recently resigned to become President of Western Reserve University of Cleveland in the fall.

## The Beggar's Opera

(Continued from page 5)

ticked the populace that the success of "The Beggar's Opera" was assured.

For the music, Gay boldly seized on the popular songs of the day, and rewrote the words. Every tune was recognized by the audience, and this again added greatly to its success. Whenever possible, the methods and mannerisms of the Italian opera of the time were parodied.

"It will either take greatly, or be most confoundingly damned," said the Duke of Queensbury to his friend John Rich, the first producer of "The Beggar's Opera." It took greatly, and the old stories relate how it "Made Rich gay, and Gay rich." Players in the opera have not fared badly either, for the first woman to play Polly Peacham, the daughter of a "fence," became such a favorite that she was able later to marry into nobility.

"The Beggar's Opera" has remained popular for 220 years, delighting audiences wherever English is spoken and setting several records for long runs. Incidentally, much interest attaches through the fact that it was the very first musical play to be produced in America, then the Colonies.

The University Choir, in cooperation with the Dramatic Club will present "The Beggar's Opera" at Southwick Auditorium Wednesday and Thursday evenings. All seats are reserved and tickets can be purchased opposite the UVM Book Store and at Bailey's Music Rooms.

## Notice:

To the Secretary and the Treasurer of Each Student Organization:

In accordance with the "Statement Concerning Student Organizations" adopted by the University Senate on February 18, 1949, the secretary and treasurer of each organization are instructed to deposit their records in the office of the Dean of Administration for safe keeping during the summer months. You are responsible for complying with this request before Saturday, June 4, 1949.

If the records of your organization are regularly stored in some other approved place, you must notify the Dean of Administration of this fact in writing before the above date. Failure to cooperate with this request may result in the withdrawal of recognition of your organization by the Student Advisory Committee.

R. H. KROEPSCH.

The last tutoring bills which will be paid from the Mary Jean Simpson and Mortar Board Funds must be in the office of student personnel by 4 o'clock, May 31. Students who wish to be tutored after May 28 must finance it themselves.

## TRUTH

One of the witnesses in a recent court action on Long Island was an eight-year-old boy. The judge tested his understanding of the seriousness of the occasion by inquiring, "If you should promise to tell the truth, and then lie, what would happen to you?"

The boy considered the matter for a moment and then replied solemnly, "I'd be thrown out of the cub scouts."

"Swear him in," said the judge.—*New Yorker*.

## Inter-fraternity Sing

(Continued from page 1)

Wing, and Professor Colburn, retired to pick the winners of the much-fought-for cups. During the intermission the UVM Male Chorus made their first public appearance. The group led by Mr. Lyman Hurd sang "West Wind," "The Song of the Jolly Roger," and ended up with "Champlain." They did an excellent job, and it seems that they are definitely here to stay.

As the judges were not ready with their decisions when the chorus was done, a quartet called the Melodians and composed of Stan Carey, Dick Avery, Dick Haigis, and Bill Chapin sang.

This Interfraternity Sing showed that again the fraternities and sororities are realizing that music has a definite place in campus life.

## ANNUAL MOUNTAIN DAY

(Continued from page 1)

west are the Adirondacks with such peaks as White Face visible in the distance. To the north and south are the visibly recognizable peaks, Killington, Lincoln, Camel's Hump and Jay. On a clear day one can see the Presidential Range of the White Mountains and Mount Royal in Montreal.

Through the years there have grown a number of legends concerning the mountain, the most intriguing being that of

Frenchman's Pile. Many years ago a traveler was struck by lightning at the spot of that name. In later years, according to reliable reports from local climbers, the custom has been to add a stone to the pile and many a hiker has lugged a small rock from the bottom to fulfill his part of the ritual.

It may be muddy, so shoes or boots must be ready to take a beating. An extra sweater helps; it's hot hiking, but cool in the wind up top.

## Beggar's Opera An Experiment in Modern Play Productions

When "The Beggar's Opera" was first produced in London 220 years ago, it was an experiment. The production that the University Choir presented May 25 and 26 was also an experiment. The Choir deviated from the conventional in several ways. Regardless of the good or bad effect of the UVM Beggar's Opera experiments, the effect of the resulting production was entertaining and impressive. The staging of the operetta was a successful experiment. In the first scene, the set was in the interior of a house. The next scene was the interior of a tavern. A short time was required to change these sets, because both were painted on the same pillars and backdrops. The stage crew simply reversed them. Simplicity also characterized the sets which created the needed atmosphere without realistic details. All the characters were dressed in modern dress to accentuate the similarity of the situations of the eighteenth century and those of today. Those who produced the play felt that there is in present-day society a type which parallels each of the people John Gay presents in his opera. Whether wittingly or not, the UVM production thus satirized both society today and humanity in general. Another experimental factor involved the production was the fact that the choir did not present a traditional Gilbert and Sullivan operetta as it has in past years. It is too bad that the Choir endeavored to produce something that is out of keeping with popular taste during a week when many other activities, such as terminals and hour exams, were competing for the attentions of the campus public. The production deserved better attendance than the few hundred people who did see

Dr. John E. Little, who played the part of MacHeath, must be complimented for doing an excellent job. He took the place of Donald Brown, who was ill, with only ten days of rehearsal. Shirley Lancot, who played the part of Lucy, one of MacHeath's many girl friends, added to a good voice, force in her acting. The other member of the cast who emphasized a pleasant voice with acting was Jerry Hayes. Jerry, as Matte o' the Mint, one of the gang, made the tavern scene more convincing than the lifeless drinking songs alone. Anne Harvey's beautiful voice charmed the audience, while she played with naiveness the part of Polly, accomplishing the author's purpose of contrasting Polly with the underground world in which she lived. Dave Newhall and Mary DeForest both gave convincing performances as the "fence" and his hardened wife. Raymond O'Hare played the part of the youthful pickpocket with skill, even seemed well practiced in his part. Morris Pike's insinuations as the

(Continued on page 6)

## Plans For Proposed UVM Radio Station Now Progressing

Rumors circulating the campus about a proposed radio station have been exciting, but the true facts are even more fascinating. Many campuses throughout the country have effective broadcasting systems and so it seems that one could easily be set up here at UVM. The value of a radio station is unlimited and it would be beneficial to students and faculty alike. Last minute changes in registration procedure, cancellation of sports events, change of time of a social affair, and countless other instances may be announced over the system. Another important aspect is the practice such a system will provide for those receiving instruction in radio broadcast production and programming.

It has been suggested that a new organization could be formed which would be in reality a Radio Broadcasting Club. Students joining this club would be interested in either of both of two points, technical work or the production end of broadcasting. This club would be in a position to promote the setting up of the station and to solve some of the greatest problems which have kept a station from the campus.

The main problem is the type of system that could be used on campus. There are two types of broadcasting systems, radio and carrier. Due to rules by the Federal Communications Commission and the fact that FM stations, designed for educational purposes, are not numerous in this area and other technical reasons, the radio system cannot be used. Instead, a carrier system is necessary and a licensed operator is not needed, nor do lengthy government questionnaires have to be filled out. A carrier system means that there will be a central studio with many spotted transmitters in each dorm, fraternity, and sorority houses. Programs cannot be radiated to these stations, so they must be carried to the radio sets, which are the mediums of communication. If the programs must be carried to the numerous buildings through the wall outlet, through the power cord and into the radio, the question arises, how can this be done if so many different power lines and power companies serve the houses? The answer is that use may be made of leased lines from the telephone company. Then the programs are sent over these lines to low-powered transmitters in the various buildings

(Continued on page 6)

## UVM To Admit 500 Men, 300 Women To Class of '50 In Sept.

Attention all you UVMers, and UVMers to be! Here's a glance at the shape of things to come.

The University plans to admit 800 new students next fall. It appears that this number of new students will bring the 1949-50 enrollment in all departments of the University between 3,000 and 3,200. (Last fall's enrollment was 3,189 students.)

Since there are openings for 800 freshmen, it can be readily seen that there will be few vacancies for transfer students. Last fall, over 200 students with advanced standing were admitted.

The 800 new students will be made up of 500 men and 300 women. This will be admitting approximately seventy-five more women than was previously anticipated and has been made possible by taking over Converse Hall as a dormitory for upperclass women.

The decision to admit seventy-five more women, and a consequent reduction in the number of men, was reached when it was found that the number of applications from non-resident women had increased by more than one-third over last year's applications from this group, and the number of men applying for admission had decreased. This has been occasioned largely by the reduction in applications from veterans. We have less than one-third the number of applications from veterans this year that we had last year.

It was found necessary to deny admission to many well-qualified non-resident applicants—men and women—in the College of Arts and Sciences. Of course, the most important reason for this is the legal limitation of 1,000 students in this college.

Qualified male applicants will continue to be admitted in Technology, Agriculture and Education. Resident men who desire admission in any curriculum should write the Admissions Office and learn the procedure to follow in applying for admission and the probable chance of acceptance.

## Department of Music Features Recitals By Students This Week

The department of music has ended its student recital series of the year with a group of three recitals which are being held this week.

The first of these was held in the Fleming Museum auditorium on Tuesday at 8.30 p.m. This recital included students of voice, piano, and violin, and was open to the public.

On June 3, a senior piano recital will be presented at the Music Building by Jane O'Brien who will be assisted by Jean MacLaughlin. This recital is open only to invited guests.

The final recital of the year will take place at the Chapel on June 5, at 4.00 p.m. Organ and voice pupils will participate in this recital which is also open to the public.

## CYNIC VIEWS COMING EVENTS

- June 1 University Band Banquet. Tennis—Middlebury.
- Dramatic Club Meeting to consider new members; final business on "You Can't Take It With You" and Operetta; formal closing by new members at 23 Middle College, 7.15 p.m.
- June 2 University Players Initiation pre-supper at 5.00 p.m.
- 6 p.m. Banquet Supper. Get your reservations in.
- June 3 Chapel, 1 p.m. Ira Allen Chapel. Cynic Meeting, senior staff, 4.00 p.m. Cynic Meeting, sports writers, feature and news writers, 5.00 p.m.
- June 4-5 R.O.T.C. Amphibious Invasion.
- June 6 Speech Club Banquet.
- June 7 Finals begin . . . Events end . . . everything ends.

## Outing Club Climaxes Activities With Annual Mountain Day Trip

### Navy Band Delights Many With Clever Salty Arrangements

With a triumphant fanfare of *Herald Trumpets*, the United States Navy Band, conducted by Lt. Comdr. Charles Brendler, opened its evening program of May 16. Previously, approximately 500 persons, most of them school children, had witnessed the afternoon performance, delighting in such "extras" as "Casey Jones" and "Stormy Weather."

The overture from "Donna Diana" by Von Reznicek was very effective in setting the stage for an enjoyable evening. The brilliant orchestration, including the light trill of the flutes, proclaimed the fact that here was no ordinary fife and drum outfit, but a truly symphonic band. However, the few marches on the program had all the snap and vigor characteristic of a military ensemble.

Four novelty numbers followed: "Hoe Down" by Copeland, a syncopated Western whimsy; "Fiddle Faddle" by Anderson, the flutes and reeds achieving an amazing string-like effect; a danceable Gershwin Medley; and Morton Gould's fantastic arrangement of "Yankee Doodle."

Homer Phillips, the trombone soloist, performed an old-time bandstand number, "Fantastic Fantasy" by Pryor, with facility and grace. Cadman's "At Dawning," the encore number, was also achieved with a mellow, liquid tone by Mr. Phillips.

The most difficult number on the program, "Till Eulenspiegel's Merry Pranks," by Strauss, included many diverse rhythms reminiscent of the gay imps' naughty adventures.

The surprise appearance of Dr. Joseph Lechnyr, director of the UVM Band, conducting the Navy Band in Bagley's "National Emblem March," brought much applause from the large audience.

Soloist Ben Mitchell Morris, in a full rich tenor, which actually required no microphone, delivered several arias, including one each from Granada by Lara, and from Puccini's opera, "La Boheme."

A shortened, fast-moving arrangement of "Gaité Parisienne" by Jacques Offenbach, marked by brilliance of the brass and a clatter of tambourines, was followed by another march, "The Kilties," a medley of Anglo-French folksongs.

The program was ended in the true Navy tradition, with "Anchors Aweigh." Much credit should go to all the members of the UVM Band for bringing this great outfit to Burlington.

Spring activities of the Outing Club were climaxed with Mountain Day last Sunday and are being brought to a close by the picnic at Rock Point next Sunday, June 5. Mountain Day was the all-University party out at Mt. Mansfield which is conducted annually by the Outing Club Council, the executive body of the club.

Fifty-six hikers left Waterman on two chartered busses at 9.30 Sunday morning in spite of an unreliable sky, which was cloudy and rainy. By around eleven o'clock the several groups were underway with guides and mimeographed maps for each hiker. They traveled to various places including Butler Lodge, Taft Lodge, everyone eventually reaching the top at one time or another with hopes of a view in spite of the occasional rain, sleet, and even snow, it was reported.

Clouds rolled around the "Ridge" and "Chin" but lifted toward afternoon and the visibility extended as far as Lake Champlain. Once the sun shone, people were visible on all parts of the mountain. Lunches were eaten, and cokes provided along the way. By 4.30 fifty-six hikers were piling into the busses again and were bound for Burlington.

Looking forward to the coming weekend, club members are planning already to attend the picnic at Rock Point with swimming, hiking, ball playing or whatever the individual wishes beginning at two o'clock in the afternoon. For supper, "kabob steaks" are featured on the menu as a new kind of barbecue dish. This plus all the trimmings is offered for seventy-five cents. The transportation for those who wish it is being provided by means of a chartered bus charging ten cents per person. Janet Perkins, who is in charge of the picnic, is responsible for much of the planning, organizing and publicity.

## Hayes, Harrington Take Top Prizes In Debate Contest

Prizes totaling \$360 were awarded to the top three speakers taking part in the annual Lawrence Prize Debate between Middlebury and UVM on May 24. The debate took place in Fleming Museum before an audience of 150 people. Tom Hayes, of the winning Vermont team, received first prize of \$160, and his partner, John Harrington, won second prize of \$110. Eighty dollars for third prize went to Debora Nye of Middlebury. Vermont upheld the negative of the question, "Resolved, that the Federal Government Should Adopt a Policy of Equalization."

## Better Health Service

Congratulations are in order to the Women's Health Council for their efforts to have the health council reorganized to include the men on UVM campus.

The following is a letter sent by the Council to Dr. T. H. Harwood, chairman of the Student Health Committee, outlining a health program which would raise the health standards:

"At a meeting of the Women's Health Council on Thursday, May 5, 1949, the following recommendations and comments were made concerning the student health service on campus:

"1. We feel that there should be dental service, and routine vision and hearing testing available.

"2. We feel a need for immediate attention and a cordial welcome for students who come for care at the infirmary.

"3. We feel that facilities should be provided for more complete diagnosis within the health service.

"4. We appreciate the fine nursing care available at the infirmary.

"5. We believe that there should be some visitors allowed to the non-contagious patients, possibly during one hour per day.

"6. We recommend that patients taking examinations in the infirmary have uninterrupted quiet: for instance, their temperature should not be taken in the middle of an examination.

"7. We feel that there should be a student group to work with the student health service.

"8. We recommend that a health examination and consultation now required only of freshmen, be required at least once more during a student's four years in college, possibly in the junior year.

"9. We would endorse the extension of a plan for making health consultation available to all students whenever they request it."

We further second the hope of the Health Council that a permanent Student Health Service Director will be appointed to this campus. Splendid results in the right direction are inevitable if there is a Student Health Service Director who will be assisted by an interested and active Student Health Council.

G. E. N.

## New Photo Editor

In its last issue before the Commencement issue, the CYNIC takes this opportunity to announce the appointment of a new photography editor of the CYNIC, and to offer its thanks to two members of the Senior Staff who will be graduated in June. Due to the graduation of Stan King, photo editor for the past two years, Roy Whitmore '52, has been named to the Senior Staff. Whitmore is a pre-forestry student in the College of Agriculture, and hails from Flushing, N. Y. He spent two and one-half years in the Navy, two of which he spent in photography, and before coming to UVM, he worked a year in a commercial photography outfit. He has been a most dependable worker throughout this year, and best wishes are extended from the entire staff. To our other departing 'Staffer,' the CYNIC sincerely thanks Miss Gladys Neiburg, the personnel editor for her ready hand at all times and her mature advice on matters of policy.

## My Pal Schlitz

By Dale Nash

Aristotle Q. Schlitz elbowed his way up to me the other day in the Soda Fountain, dodging a couple of outstretched legs at the Kappa Sig table, knocking over a few coffees and sugar doughnuts, and in his own subtle manner, softly asked, "Hey, you work on that news-sheet they've got in the book store . . . the ah . . . now what the heck's the name . . . ? "CYNIC," I reminded Aristotle, who is an up and coming senior, "Yes, I'm on the staff." "Yeh," he casually mumbled, while chewing on a wad of gum, dangling a cigarette and twisting his lips into contortions. (Schlitz is a favorite pal of mine, he's so talented.) "Well," he muttered in phonetic, "whered ja ever pick up a name like CYNIC?" Ya see, I got a pal who asked me about it, and ya know how busy I am studyin' in the lounge all the time, so I says to my pal, Rasputin, I says, I'll solve your dilemma. You can stop your meditat' as of the present moment, I got a friend who's a Brain. She's one of those re-torters that goes around askin' a lot of questions and diggin' up people. You know . . . undercover stuff. She'd know for sure. "And so," Schlitz continued, a little breathlessly from the effort, "I comes to you with this bequest. How's about it, pal?"

The deep faith of this simple creature touched me deeply and I knew that I couldn't let poor Aristotle down. So I patted him on his unshaven-for-a-week-face, and resolved that I would do everything in my power to live up to his faith in me.

And so, after many hours of research, delving into the realms of every-nook and corner of the alumni office, and after minutes of grueling chain-smoking and ridicule from my fellow colleagues, the "Heck With Everything" society, I managed to find the answer to Schlitz's troubled inquiry. That answer I now dedicate to all the Aristotle Q. Schlitz's of UVM, who at some time, may find it both necessary and proper to ask, "Wheredja ever pick up a name like CYNIC?"

When the first issue of the Vermont CYNIC, then known as the University CYNIC, was published April 25, 1883, the Board of Editors were host to a great deal of criticism and caustic remarks on the part of the students and faculty regarding their choice of the newspaper's name. They sought to justify it on the following grounds:

Criticism has been passed upon the name distinguishing our paper. "CYNIC" has been translated "dog," and from some remarks, one might infer that the CYNIC was a bad assemblage of all the qualities that were bold and bad. But the founder of the CYNIC school was Antisthenes, a follower of Socrates; and the name CYNIC simply sprang from the gymnasium (synosarges) in which their instruction was imparted. The most celebrated cynic was Diogenes; and of him we read that he "abused literary men for reading about the evils of Ulysses, and yet neglecting their own; musicians, for stringing the lyre harmoniously, while they left their minds discordant; men of science for troubling themselves about the moon and the stars, while they neglected what immediately lay before them; orators, for learning to say what was right, but not to practise it."

"The effusions of such a Cynic, it seems to us, would be a welcome relief from the effected aestheticism and the prurient sentimentality with which the current literature is crowded. If the name on our cover means anything, it means that we shall honestly speak the convictions of our mind; it means that all things conflicting with the interests we represent, we shall constantly and consistently combat."

These profound ideals expressed so eloquently by the first staff members of an organization destined to become an integral part of UVM life, still stands as a living memento and incentive to the CYNIC of today, and of tomorrow.

## Libido is Our Credo and it's Wonderful

Carol Henshel

My alter ego and I are very true To one and other, because we like The very same things to have and to Hold and we try to strike Forever the happy medium So that our life is not one of tedium. L'envoi Ah me (both of us) let us be True to each other, because Incordiality Results in a split personality.

"Whom are you calling out?"

## Teddy Carpenter

Have you ever stopped to think what it would be like to know that you would never walk again. To lie in a hospital bed, between stiff white sheets and realize that the rest of your life would be spent like this flat on your back. Of course not, you and I take for granted the use of those two weary limbs the same as we do all the other parts of the body we are compelled to force through their motions from day to day. But to Teddy Carpenter as she lay in that bed gazing out the closed window on the shuffling pedestrians those two legs became extremely important.

She was born in Pawtucket, R. I., in the May of 1925 where she lived until moving to Hardwick, Vt., in 1943. Her family was a part of the large unsung group known as "average." Her father was a welder in the shipyards at Pawtucket and provided the family with an unextravagant but comfortable living. A younger brother completed the family portrait and of course an affectionate, hardworking mother, who kept family life disciplined but enjoyable. After her graduation from high school the family moved to Vermont where, after her brother's enlistment in the Marines she too joined the armed forces as a "Wave."

Receiving her boot camp training at "Great Lakes," she was sent to a Naval Hospital in Seattle for duty as a Pharmacist's Mate third class. Here she assisted in the surgical ward until the sudden accident that caused her to lose the use of both her legs. While lying in the hospital she was told by the doctors that she would never walk again, but Teddy says then and there she decided with herself that she was going to walk again if it were humanly possible. Under her constant urging the doctors were finally persuaded to perform a dangerous spinal operation on her and contrary to all professional belief it was successful. But this did not mean that she was able to walk away smiling. The operation was followed by months of monotonous exercises which proved fruitless. Then came another and more serious operation which kept her bedridden for almost five months.

During these months of inactivity, Teddy remarks on the adequate entertainment provided by the Red Cross for the benefit of the patients. Films were even brought to the bed-ridden patients, separately if need be and all possible facilities were utilized for making their life comfortable. At the completion of another year of grueling treatment and self-determination she was discharged from the hospital and returned home. Teddy enrolled in the University this fall as a zoology major in the College of Arts and Sciences.

Today the fair-haired, blue-eyed co-ed is a far cry from invalid girl of a few years past. Teddy says she is enjoying her stay at the University very much and comments especially on the friendly relations between student and instructor. In fact she enjoys it so much that she hopes to teach zoology here in the future, and with her determination I don't think she can miss.

## CBS Was There

CBS presents . . . CBS Was There! . . . Good day, ladies and gentlemen. This is M— J—, your news reporter, bringing you the latest developments from the campus of UVM in Burlington, Vt. As you know something very special is going to happen on . . . May 6 . . . Waterman Building . . . UVM campus in Burlington! Today, ladies and gentleman, is the annual Room Choosing Convention which all freshman women are required to attend. If they do not, there is the possibility that they will not have any place to live next year; and if some of the women do not get rooms, they will have to either drop out of school or transfer to another university! . . . You should see the number of women who have turned out for this convention. There seem to be at least 300 or more here, and we understand that there may be more to come still! . . . Pardon me while we try to move nearer to the front of the meeting, then maybe we can hear what is being said. . . . Seems as though numbers have been drawn by the women and the rooms are to be given out in numerical order. . . .

We have just been told that although numbers were chosen, many of the women are doubling or tripling in the same rooms; therefore it will be impossible to follow planned procedure! . . . Now some of the women have gone into the dean's office with very solemn faces; they are worried for fear they may not be able to get the rooms they want. . . . As I have hold you before, this is a very grave problem facing the freshman women and they're taking it seriously! . . . Some of the women are sitting on the edges of their seats, and others are pacing up and down the hall. Here are some snatches of conversation from those who haven't received their room assignments: . . . "Lines! Lines! LINES! That's all I've been doing since I've been here! Food lines! Registration lines! Enrollment lines! My feet are beginning to look like a straight line!" . . . This is your reporter again. My, it seems that this meeting has really worn some of the young women out. . . . We now see some of the women who have just received their rooms. Let's see what they have to say about this ordeal: . . . "I am really very glad that I have my room assignment, now. I couldn't stand the suspense, not knowing whether or not I would have to live in that terribly noisy dorm, Coolidge, again. . . . This is your reporter again. Seems as though many of the women have chosen Grassmount, Robinson, Redstone, and Converse for their next year domicile. . . . Well, ladies and gentlemen, you will not believe it when we tell you that this Room Choosing Convention has taken exactly three hours! It began at 4.00 p.m. and the time is now 7.00 p.m. The last young lady to go into the dean's office had number 99. She is quite perturbed about the matter, for number 287 was second in line because her roommate-to-be was number 21. . . . Well, it seems as though every woman got a room to live in and none have been forgotten! UVM is very proud of this for they did not want any of the women students to have to leave (for then the fellas wouldn't hardly have any dates next year!) . . . You have just heard . . . CBS Was There!

# Green and Gold Etchings

## ALPHA EPSILON PHI

On May 20 Alpha Epsilon Phi had their spring formal in the Apple Orchard Room of the Hotel Vermont. Dinner was served before the dance in the dining room for the sorors and their dates as well as the chaperones, Professor and Mrs. Harold Schultz and Mr. and Mrs. Abraham Rutstein.

The theme of the dance was Spring and the decoration committee headed by Lois Rutstein, Edith Aronchick, and Carol Henshel did its best to beautify the room with many floral arrangements. AEPH beer mugs were finally put to use filled with water and small sprays of lilacs. Candlelight also gave a romantic atmosphere which was temporarily broken by the hilarity, a result of the entertainment. The entertainment consisted of the "Little Nell" routine enacted by the pledges, accordion selections by "Jimmey" Schenkman, and songs by Joan Milgrim and Sid Levine. Orchids go to Sarita Goodman who was the chairman of the dance.

AEPH wishes to thank their many friends for placing advertisements in their ad book for the dance. Three-fifths of the money went into the house fund but the remainder went into the National Project, the Bertha Feitel Scholarship. It is a \$10,000 scholarship for a deserving and needy student in the school of Social Work at Tulane University. Tulane was chosen because of its fine graduate school in that field and the school of Social Work was chosen because of Bertha Feitel. She was the organizer of the Louisiana Society for Crippled Children, as well as many other charitable and philanthropic agencies for social welfare. Thus they hope by this project to immortalize one of Alpha Epsilon Phi's most beloved sorors.

The sorority also extends its best wishes to Sid Levine and Joan Milgrim on their recent pinning.

It also wishes to congratulate its Dean Phyllis Barron on her recent election to the Presidency of Mortar Board, Esther Thomas for her election of Vice-President of Staff and Sandal, and to Jackie Adler for her election as secretary of the Sophomore Aides.

## DELTA PHI EPSILON

"Surprise! Surprise!" were the first words which reached the ears of Marcia Oshner when she came to what she believed to be the final meeting of the year for Delta Phi Epsilon. Little did she know what had been stirring in the minds of her sisters! All week our little minds had been working on plans for a bang-up send-off for our little bride-to-be who is getting married on June 25. Now Marcia will understand why there were scraps of purple crepe paper lying around one of the rooms in the Old Mill, and why everyone was so secretive about its use. Credit goes to Ricky Levine for her decorations for which she used the mysterious crepe paper. In no time at all she transformed an every-day looking umbrella into a colorful, intricate-looking covering for the presents which were hidden under it.

We also had another little plan cooking in our cranium, and after it had been carried through everyone just boiled over with laughter. We felt that Marcia should see what a real wedding is like so we performed one. Polly Klein as the blushing bride, and Janet Hofstadter as the nervous groom were happily joined in marriage in the shortest ceremony on record. Polly made a beautiful bride in a stunning white nightgown, with a huge train made from a genuine sheet (a clean one, too) and a pillow case veil. Gloria Ahrens and Ricky Levine were the bride's attendants.

After the newly married couple had returned from their honeymoon we commenced with the evening's activities. Next on the agenda was the unwrapping of the various packages hidden under the umbrella. Some of them provoked snickers of laughter, but most turned out to be very useful gifts.

The evening wound up with refreshments and the singing of songs. We all wish Marcia lots of luck and happiness in the future.

## NU SIGMA NU

The annual Nu Sigma Nu medical lecture took place Friday, May 20, at 8.00 p.m. in the Fleming Museum auditorium. Dr. G. Gavin Miller, Surgeon-in-chief at the Royal Victoria Hospital and Chief of Surgery at McGill University, Montreal,

spoke on "The Surgical Treatment of Peptic Ulcer." The gathering of over one hundred fifty medical students and physicians were pleasantly surprised when Dr. R. S. Pilcher, professor of surgery at London University Medical College, England, and Chief Surgeon at one of its twelve teaching hospitals, was introduced to comment on Doctor Miller's paper.

Doctor Dreyer, professor of pharmacology, introduced the speaker and conducted the discussion and Robert K. Ward '51, spoke on behalf of the fraternity.

Doctor Miller and Doctor Pilcher were entertained at a dinner at the Park Cafe prior to the lecture. The dinner was attended by Doctors Dreyer, Mackay, Newhall, and Dean Brown, and about twenty medical students.

Edward Jenkins '51, Robert Ward '51 and Henry Baltrucki '51 served on the committee making arrangements for Doctor Miller's lecture.

## PI BETA PHI

Sensation from the Peerade! - Of all the floats entered in that noble event, only one has achieved cosmopolitan recognition by having its picture immortalized in the *Boston Globe*, a newspaper which appreciates true greatness. That float was El Magnifico, the Pi Beta Phi extravaganza of Southwick, which, if you remember, was also the only float to carry out the theme of the Peerade in its full meaning, "You Can't Take It With You."

Friday night climaxed the spring's activities with the Pi Phi formal dance held at the Country Club. Doctor and Mrs. Kruse, Mr. and Mrs. Page, Mr. and Mrs. Herberg, and our housemother, Mrs. Moore, were chaperones for the event. From all reports, the evening seemed to have been quite a success.

Orchids this week go to Peggy Harris, who led the Pi Phi to first place in the Interfraternity Sing.

Lots has been going on but it doesn't seem enough to keep the Pi Phis here. Joyce Wright has just come back from a field trip to New York, the big city. Betsy Bigelow is leading a double life between school and the farm at Landgrove. And Margie LeSueur seems to be about ready to move to Stave Island in the lake.

As for next year, Joyce Wright is all set for a big job in New York. All she needs now is the job! Bev Hillman has received a fellowship to Brown University where she will be teaching while working for her master's in psychology. Betty Grow will be teaching in Fairfax, well situated for commuting to Burlington. Bobbie Hale's plans are wrapped up in the summer when she joins the foreign study group and is Europe-bound. Polly McMurdo is off to the University of New Mexico to study art next year and Sonya Leach to the Cranbrook Art School in Michigan.

## TAU EPSILON PHI

This past week TEP won their first game of the present softball season. The record now stands at one game won and three games lost. Taking a big lead in the early frames, the men of TEP held off the final rally of the ATOs to cop the ball game by a score of 13 to 7. The highlights of the game were Brothers Ed and Stan Fram's hitting along with the superb play of the infield.

With the summer vacation approaching, TEP men are completing plans for their summer employment. The jobs will range from newspaper reporter to soldier; not to mention a venetian blind salesman and golf player. Where "Belle" will be for the summer still looms as the big question in the house.

This past week-end the TEPs held their third annual Memorial Day Picnic. Festivities were started Saturday eve with a dance on our side lawn. Fred Sigman, social chairman, did a marvelous job in decorating the porch and "snack table."

Birthday celebration for the week was held in honor of Marshall London. Thanks for the ice cream, Marshall.

TEP will feel the loss of our graduating brothers Marty Goodman, Stan Fram, Joe Waterman and Howie Aaron. This combination formed a group that any organization could be proud of. Best of luck to all of you!

## Wheezes from the Gallery

Gladys E. Neiburg

"Aha," says I to myself, says I. "I must return the books I have borrowed from people." And thinking in that vein, "Aha," says I to myself, says I. "Folks should think of returning books to me." Are you in this same category? Could be. Well, there is no time like the present to get those borrowed books back to their owners.

Congratulations and doffing of hats to the Kappa Sigs who are donating blood to the blood bank so that Dean Hills may have the blood transfusions he needs. That is fraternity. That is brotherhood.

It seems strange to think that this is probably my last "Wheeze from the gallery." And I'll use it to say "Kids—it was wonderful being with you and sharing with you here at UVM."

## THE CYNIC

If you want real campus atmosphere, if you want the latest gossip on the latest hot romance, if you want to find someone you can't find any place else, there's only one place to go—that den of iniquity, that hall of flaming news—the CYNIC office.

As you open the door waves of 93° smoke-filled air pour out on you, and the rat-tat-tat of four busy typewriters greets you. Bob Taisey stops you with a disarming smile and asks if you have an eight o'clock class on Monday morning. Innocently you say no, and the next thing you know you're signed up to take copy to the Free Press every Monday morning at 8.00 a.m.

Bill Riddell kindly bums a pack of cigarettes and Dale Nash demands how one spells committee. Dottie Post wanders in with an orange-chocolate coke and recites her latest poem on the principal maladjustment of college students. Student Government prexy Ed Costello is over in the corner busily explaining high finances to pipe-smoking editor Carlton. Executive Nancy Bachman runs in with her hands in the air, "Copy, I must have more copy!" Joan Ediff follows with, "An idea, I've got an idea!"

Sports Editor Murdock is extolling the evils of plagiarism to a cringing sports writer, while Mickey turns out her tenth story on Junior Week.

A head pops in the door, "When is the Wednesday issue of the CYNIC coming out?" "Friday."

Many CYNIC improvements are under discussion. Dottie suggests we build a badminton court on the terrace outside the office. Vic thinks it should be a tennis court. Someone states that CYNIC reporters should have press cards and get into various functions free. The 11.00 bell rings and everyone grabs books and pencils and dashes through the door.

## Exchange Table

A CYNIC exchange table in East Hall is the newest addition to campus features. Formerly associated with the International Relations Club, this exchange table will include the papers of many colleges throughout the country.

Representative of the several college papers included in the exchange pool are those of: Boston University, Colby College, Middlebury College, Bowdoin College, Norwich University, University of New Hampshire, University of Massachusetts, University of Connecticut, University of Michigan, and the Alabama Polytechnical Institute.

Not only are the college papers exchanged with the CYNIC, but also there are a few high schools included in the exchange pool. The papers will be placed on the table each Friday, and it is hoped that students will read them.

## NURSING EDUCATION

Hot dogs, potato chips, punch and salad! These were a few of the many luscious eats enjoyed by the Nursing Education Club at their supper picnic, on May 20, at Miss Jean Ichter's camp. Nothing could have been more perfect—a warm night, fire on the beach, and it looked as if a good time was had by all. Miss Crabbe, others of the faculty, and about thirty members of the club attended this picnic in honor of the graduating students.

To work up an appetite, the five-year seniors beat the undergraduates in a game of softball, and as a climax to the evening's entertainment, several members of the club presented a humorous series of skits representing four years of college. The four years were pictured respectively as follows: registration, basic students entering hospital, Nursing Ed. Club meeting, and graduation. Many thanks go especially to Miss Ichter, Maxine Flint, Jane Miller, and to all of the other members who helped to make this party such a success.

## WAA

The proper ingredients were there for a picnic; salads, hot dogs, ice cream, girls in jeans, etc., but something was missing. Instead of the wide open spaces of Rock Point, the girls at the WAA picnic were confronted with the familiar walls of the soda fountain. Due to rain and chilly weather, the picnic planned for last Thursday evening at Rock Point had to be held indoors, but from all reports, the food tasted just as good and was minus the ants which are usual guests of an outdoor picnic.

Janet Brackenridge, outgoing president of WAA, was master of ceremonies. First on the program was the presentation of numerals to the freshmen and sophomores and emblems to the sophomores and juniors. These awards are earned through active participation in WAA sports.

Following the awards, the new officers were installed by Janet, after which she presented to Allen House the award going to the largest dorm with the best participation in sports; and to Coughlin's, the award to the smallest dorm with the best participation in sports. Also to Allen went the basketball trophy which is presented each year to the winner of the basketball tournament. At the same time Mimi Lawrence and Sylvia Hoisington received awards for badminton.

Dorcas Hadwen then introduced the new members of the All-Sports Club who were presented with flowers by the outgoing members of the club. A former president of WAA, Mary Greene, was introduced to the group, followed by a short talk on WAA by Miss Cummings, professor of women's physical education.

Miss Euler, the final speaker of the evening, related briefly the beginning of a new honor in WAA. A plaque is being placed in Waterman on which will appear the name of every senior girl who accumulates 1,000 credits in WAA during her college years. The first names to appear on the plaque will be those of Dorothy Elmer and Martha Wood. Dorothy, Bennington girl, is a senior Liberal Arts major and is a member of Alpha Chi. Martha, also a senior, is majoring in secondary education, is a Theta and comes from Brooklyn, N. Y.

## WRITERS' WORKSHOP

A friendly wave of voices greets you as you enter the home of Professor and Mrs. Francis Colburn at 359 College St. each Wednesday night. Here in a homey atmosphere, conducive to relaxation and discussion, the writers' workshop gathers for its weekly meetings to discuss writing in general, and to appraise the work of their own members.

There is usually a discussion underway when one arrives. The talk may run from trees to mountains, prose to poetry, Rolland to Dostoevsky or innumerable other topics. Opinions flow freely and the discussion may take the bent of any forceful adherent, but Dave Sullivan generally acts as moderator to keep the discussion revolving as near to the central theme as possible.

After it appears that all have arrived, the writings brought by various members are anonymously read and the group offers criticism and suggests possibly more effective ways of presentation. Comments are

honestly presented by those fellow students who are also interested in acquiring the craft of an able writer. As each story, poem, or essay is brought out, the ensuing discussion proves invaluable, not only to the writer of the piece, but to all present.

The attendance at the weekly gatherings has often slackened and because of this it is hoped that the students at UVM who are genuinely interested in writing will come to the group get-togethers. Much can be learned from those with mutual interests and this will effect the increased desire for literary activity on the campus which the workshop wishes to see.

We all have, at one time or another, written something down when we were in a creative mood. Unfortunately, in retrospect, we usually think it very poor and keep it to ourselves. It is this material which often proves of merit and which the workshop wishes to try to bring forward. There is no doubt that there is much more material around than is evidenced by contributions to *Windfall*.

The writers' workshop provides the stimulus for more creative writing and it is hoped that those interested will come to the gatherings and see what is done. There is no doubt that by concerted efforts both the group and the individual will profit. There should be a greater awareness of the values of creative writing on the campus. The workshop provides a fulcrum for all who wish it. It is an opportunity that the student should not overlook.

## MARINE CORPS RESERVE

Burlington's Company "E" of the Marine Corps Organized Reserve now includes ten U. V. M. students: Albert M. Allaire, '51; George J. Brady, '52; David G. Christian, '49; Philip H. Davis, '50; Richard H. Dolloff, '52 (Med); Christopher Gatrouris, '52; Clyde H. Keith, '50; Wendell E. Lurvey, '51; William R. Mackey, '50; and John V. McLaughlin, '52.

The unit has been organized since last June, and now has over ninety percent of its authorized strength of 252. Paid drills are held each Monday evening at the new Naval & Marine Corps Reserve Training Center at the foot of College Street.

The bulk of the company is composed of men without prior service. This fact has left some of its higher echelons unfilled. The entry of college students into the organization tends to alleviate the situation; however it has been noted that students from St. Michael's College have joined in numbers proportionately three times greater than U. V. M.'s representation.

It is believed that freshmen and sophomores at U. V. M. may be unaware that attendance of the two year ROTC Basic Course and membership in any type of reserve unit are both possible concurrently, according to a decision of the U. S. Comptroller-General. Moreover, such concurrent training would have the advantage of stimulating the individual's advancement in both organizations.

There is one University professor, Dr. T. M. Pearce, head of English at the University of New Mexico, who thinks it should be perfectly proper to say: "It is me."

Further streamlining and liberalizing our spoken language, Doctor Pearce would eliminate "whom" the objective pronoun. Thus it should be correct to say: "Who do you want?" Other expressions that have come up from the common man and not down from university professors are "Drive Slow," "none are here" and "I don't care for these kind of apples."

"English teachers are behind their time teaching text book grammar when they should work for a standard nearer the common speech of everyday man," said the learned Doctor.

# Cats Regain Track Crown From Panthers

## McCuin Pitches 5 Hitter Against Middlebury

**UVM 8-2 Victors As Newman Allows 10 Hits; Vescovi Stars**

The Gardnermen turned back the vaunted Panther nine here last Saturday afternoon behind the five-hit chucking of Don McCuin, and clubbed out ten bingles for an easy 8-2 win. Jim Newman, ace hurler for Middlebury, whose record was five wins and no defeats was in trouble from the very first inning when the Cats scored three runs. Goulet opened by grounding out and Guiliani was safe on error by Middlebury third baseman, Shea. Guiliani stole second and went to third on an infield hit to short by Vescovi. The next batter, Collier, also ran out an infield hit with Guiliani scoring on the play. Ballard then lined a beautiful hit between first and second to score Fitts who was running for Vescovi, and Collier moved to third. Pandolfo scored Collier on a long, high fly to left field.

VERMONT										
	ab	r	h	po	a	e				
Goulet	4	1	0	1	0	0				
Guiliani	2	3	0	8	1	0				
Vescovi	4	1	3	0	3	0				
Collier	3	1	2	1	0	1				
Ballard	4	0	1	3	0	0				
Pandolfo	2	1	0	2	4	0				
Maroney	4	0	2	5	3	3				
Hebsch	3	0	0	7	0	0				
McCuin	4	1	2	0	1	0				
Totals	30	8	10	27	12	4				

MIDDLEBURY										
	ab	r	h	po	a	e				
Farrell, ss	4	1	0	2	2	0				
Shea, 3b	1	0	0	4	1	1				
Maurer, rf	4	0	0	1	0	0				
Coppinger, 1b	3	1	0	6	0	0				
Hunt, lf	4	0	1	1	0	0				
Mulcahy, 2b	4	0	3	4	4	0				
Forbes, cf	3	0	0	2	0	0				
Corbisiero, c	4	0	1	4	2	0				
Newman, p	3	0	0	0	3	1				
Totals	30	2	5	24	12	2				

	1	2	3	4	5	6	7	8	9	R
Middlebury	1	0	0	1	0	0	0	0	0	2
Vermont	3	0	1	4	0	0	0	0	0	8

Middlebury scored in the first inning when the lead-off man, Farrell drew a walk, reached second on a sacrifice, and scored when Maurer cracked a screeching line drive to Maroney that was too hot to handle. Don McCuin retired the side by striking out Hunt, the first of his six strikeout victims.

The Cats scored again in the third inning when Guiliani drew a walk, stole second, and scored on a long double to deep center field by Vescovi.

Middlebury got its second and final run in the fourth inning on a walk to Coppinger and a powerful drive by Hunt that was good for three bases.

Vermont really opened up in the fourth inning with a four-run rally in which the team batted around. Pandolfo walked and went to second as Maroney was beating out a bunt. Then Hebsch hit into a double play which also moved Pandolfo to third. McCuin, not to be content with superb pitching alone, then stepped up and slashed out at hit between first and second to score Pandolfo. Newman was shaking his head sadly at this stage of the game, and proceeded to walk Goulet, Guiliani and Vescovi, consecutively to force in McCuin and fill up the sacks. Collier was safe on a hard-hit ball to third base with Goulet and Guiliani scoring the final runs of the game. McCuin and Newman then settled down to some

## Outing Club Awards O. C. Ski Trophy To Kenneth Belding '50

Ken Belding, four-event man on the UVM men's ski team, has been awarded the Outing Club Ski Trophy which is given to the most outstanding skier of the year. The trophy was presented at a general meeting of the Outing Club on Wednesday evening, May 25.

The decision was reached by a representative committee consisting of Mr. Robert Searles, ski coach, Prof. Robert Sidle of the engineering department, and Mr. David Hagar from the Outing Club Council. Judging was based on consideration of the following: Who was the best all-round skier on the team, who contributed most to team's scoring in meets, and who showed most cooperation with the team, coach, and manager.

Ken is the captain-elect for 1949-1950. He participated as a four-event man at the Dartmouth Winter Carnival, jumped in the Middlebury jumping meet, ran the Eastern Giant Slalom at Franconia, N.H. Ken also placed in the McGill Winter Carnival and the Lyndonville open jumping meet. In addition to the intercollegiate meets, Ken raced in the individual races at Mansfield's Nose Dive, the Vic Constant race and the spring Sugar Slalom.

The trophy was given by Rod Galbraith, a former member of the ski team; it was to be used for three years. However, as the three years are already up, Rod requested that the trophy be continued to be given as long as there was still space in which names might be engraved. This will be placed with the other trophies when it is full. Each winner receives a medal which is his to keep permanently.

## Hexathlon Trophy Awarded to McIntyre

Bill McIntyre, top track and field event performer, was presented the James E. Donahue Hexathlon Trophy last week by UVM's track mentor, Archie Post. A new record was established this year when Bill piled up a total of 6,863.718 points in the six-event affair. Frank Taylor, who held the old mark since 1940, compiled 6,684.179 points in the Hexathlon competition.

McIntyre, better known for his performances in the javelin, took first places in the rope climb, 110-yard dash, and shot put, and a second place in the high jump, third in the mile, and fourth spot in the broad jump. At the Eastern Intercollegiate track meet held a few weeks ago at Springfield, Mass., Bill tossed the javelin 182 feet, his best so far this year and a new record at UVM.

In the summer of 1948, Bill represented the Baltimore Olympics in several AAU meets and established himself as a first rate competitor. This summer he plans to continue his conditioning by performing with the New York A.C. Bill trains very hard and is serious about improving his style and performance; he feels that the more competition he meets, the better he will be able to increase his distance. His biggest ambition is to heave the javelin 200 feet or more before his college days are over. Bill, besides taking part in the javelin, has also been entered in

Nostrand and Barber in Perfect Form (Union Meet)

## Yanks And Giants Seen As World Series Foes

By Winn Fingerit

With the baseball season almost one-fourth completed, I should like to predict the order in which both leagues will finish. The last time I predicted something right was when Roosevelt beat Landon in the '36 presidential election, so take it from there. Following is the order in which the teams might finish:

American League	National League
1—New York	1—New York
2—Cleveland	2—Boston
3—Boston	3—Brooklyn
4—Philadelphia	4—St. Louis
5—Detroit	5—Pittsburgh
6—Washington	6—Philadelphia
7—Chicago	7—Cincinnati
8—St. Louis	8—Chicago

I pick the Yankees for first place in the American because of their pitching staff which is easily the best in both leagues, and the all-round playing of Tommy Henrich. When their rookies players begin to falter in a few weeks, the lineup will be strengthened with the return of DiMaggio and Keller. When the sore arms of Feller and Lemon heal, the Indians should surge forward and play the kind of ball which won the pennant and the World Series for them last year. However, I don't think they can quite make it this time. The Red Sox are, on paper, the finest team in the league, but I must reserve third place for them due to their irregular play, especially against second division ball clubs. Take away Parnell, and there is no pitching staff to speak of to balance the slugging of Williams and Stephens. After the first three places its anybody's guess, with the Athletics and Tigers showing early strength which should take them to fourth and fifth places respectively.

The race in the National League will probably be so close that it will be decided in the last few weeks of play. The Giants

have the best hitting club in both leagues, and if the big four of Jones, Kennedy, Jansen, and Hartung continue pitching as they have been, there is nothing to stop them. The Braves present a well-balanced team of good pitching and good hitting, and should the Giants falter, they will be the team to take over. The Dodgers appear to be the type of team which can win by ten games or finish in the second division. They have the hitting power and the speed but the big question mark is pitching. If Branca gets any help on the mound, the Dodgers will be a shoe-in.

Gone are the days in both leagues when the teams in first place by July 4 would win the pennant. The competition will be very close due to the lack of an outstanding team such as the pre-war Yankees. The team that can beat its closest competitors in those "crucial" series to come, will go on to win the pennant.

I have inquired of our grandstand experts around the campus their opinion as to who will win the pennant. I have come up with the following cross-section of opinion which, scientifically speaking, is pretty awful. Most students residing in the State of Vermont want at least one Boston team to win the pennant. The girls' are very high on the Braves while the men are equally divided between the Braves and Red Sox. The students living in Massachusetts and vicinity, naturally make these two teams their choice also, with some derisive comment from some of the males for the Red Sox. The people from Connecticut, not living near any big city, are prone to be quite liberal in their choices. The consensus of opinion for Connecticut is Brooklyn and Cleveland. Fans from New York believe they are going in vain for the Yankees and are hoping all out for the Dodgers.

For better or worse, those are my predictions and perhaps in the fall, I will be able to say "I told you so."

## 43 Varsity Lettermen Will Graduate In June

Among the graduating class this June are many men who have contributed much to the athletic system at the University. Without benefit of athletic scholarships or the like, they have competed on even terms with their opponents and have upheld the high quality of athletics at UVM. Representative of the many athletes in the senior class are a few standouts such as Hammie Livingston of St. Albans, Vt., Bob French, West Springfield, Mass., Dunc McLaren, East Ryegate, Vt., Mal Mickler, Providence, R. I., and Ken Pierce, Montpelier, Vt.

Hammie has starred in basketball and tennis during his college career. He was the captain of last winter's quintet and was high scorer one year. He also has been tennis captain and is easily one of the better tennis players ever to graduate from Vermont. Bob French, besides plugging the hole in the center of the football line, has been invaluable on the basketball court. Dunc McLaren, a steady and consistent performer on the cinder track, is this year's track captain. Mal Mickler is captain of the '49 tennis

(Continued on page 6)

## Trackmen Register 72-63 Victory; New Record By Mahoney

The UVM track team recaptured the state crown after beating Middlebury by a score of 72-63 Saturday afternoon at Centennial Field. The competition was close all the way and was decided in the last event of the program when Bill McIntyre heaved the javelin 173 feet 5 inches to capture first place for Vermont.

UVM's smooth running speedster Bob Mahoney broke the state record for the 440-yard dash by racing that distance in 49.8 seconds bettering the old mark by one-tenth of a second. Both Hemphill and Meeker of Middlebury took firsts in three events. Meeker came out first in the 120 high hurdles, 240 low hurdles, and the broad jump. Hemphill took all competition in the pole vault, high jump, and discus throw.

This was the last meet for Vermont for this season, and congratulations are due to Archie Post and the team for a successful season.

100-yard dash: Won by Sherburne (M); 2nd, Haddigan (V); 3rd, Caswell (M). Time: 10 secs.

220-yard dash: Won by Sherburne (M); 2nd, Nims (V); 3rd, Haddigan (V). Time: 22.8 secs.

440-yard dash: Won by Mahoney (V); 2nd, tie between Dragone (M) and Nims (V). Time: 49.8 secs.

880-yard run: Won by Mahoney (V); 2nd, MacLaren (V); 3rd, Cushman (M). Time: 2 min. 3.6 secs.

Mile run: Won by Randall (V); 2nd, Dale (M); 3rd, Dawson (V). Time: 4 min. 37.5 secs.

Two-mile run: Won by Bates (M); 2nd, Porter (V); 3rd, Bellows (V). Time: 10 min. 25.9 secs.

120 high hurdles: Won by Meeker (M); 2nd, Nostrand (V); 3rd, Barber (V). Time: 15.4 secs.

220 low hurdles: Won by Meeker (M); 2nd, Boss (M); 3rd, Barber (V). Time: 25.2 secs.

High jump: Won by Hemphill (M); 2nd, Bohlen (V); 3rd, Barber (V). Height: 5 ft. 7 in.

Broad jump: Won by Meeker (M); 2nd, Haddigan (V); 3rd, Lattimer (M). Distance: 21 ft.

Pole vault: Won by Hemphill (M); 2nd, Perkins (V); 3rd, Ferber and Jocelyn (M). Height: 11 ft. 6 in.

Shot put: Won by Ursprung (V); 2nd, Karney (M); 3rd, Hinkley (V). Distance: 41 ft. 9 1/2 in.

Discus throw: Won by Hemphill (M); 2nd, McIntyre (V); Karney (M). Distance: 108 ft. 2 in.

Hammer: Won by Traverse (V); 2nd, Squire (V); 3rd, Ursprung (V). Distance: 116 ft. 8 in.

Javelin: Won by McIntyre (V); 2nd, Reed (M); 3rd, Steinmetz (V). Distance: 173 ft. 5 in.

## Larries Take Cats At Centennial, 9-1

The seventh baseball loss of the year was handed to the Green and Gold by a very strong St. Lawrence nine May 24, at Centennial Field. Effective pitching of Bill McKeever and some powerful hitting by George Van Derzee proved to be too much for the Cats. First baseman Ed Guiliani collected two hits for four trips to the plate, and Art Collier and Johnny Goulet slammed out singles for the only other hits Vermont produced.

St. Lawrence picked up four runs in the seventh inning and single runs in the second, third, fourth, fifth and ninth innings to give them a 9-1 triumph. The Catamounts spoiled pitcher McKeever's attempt for a shut-out when Johnny Goulet scored from third on a Larry error.

George Van Derzee hit two triples for the best performance at the plate of the afternoon; the only other extra base blow was a double by Moten, Larry short stop.

(Continued on page 6)

## Harry Miele, Chef de Luxe, Demonstrates Culinary Abilities

Gladys E. Neiburg

Harry Miele, chef deluxe, again demonstrated his culinary abilities as well as his thoughtful kindness and interest in his fellowmen by entertaining a group of Wills boys at a bonafide Italian feed. This dinner was held at Southwick early Saturday evening, May 14.

Not only did the boys from Wills enjoy the tasty meat balls, spaghetti, antipasto, celery, Italian bread and coffee, but hungry and not so hungry members of the cast, stage crew, and director of "You Can't Take It With You" wandered up to the top floor from whence came such tempting aromas of cooking food.

Miss Carrie Power, hostess at Southwick, arranged the tables. Mrs. Constance Cole, house director of Robinson Hall, was table hostess. Harry and Leonard Tomat did the honors in the kitchen. They were assisted by Director Ronald Humphrey and Stage Crew Manager Howard Delano who sampled and agreed that the sauce was just right. Gladys Neiburg acted as waitress until the boys were served once, and at the very slight urging of the boys, sat down and ate with them. The boys who wanted second helpings found their way to the kitchen and got refills there.

It was a treat for the boys who dressed for the dinner and enjoyed having done so. It was a treat for the table hostess and the wobbly dish balancer who dared to carry two dishes of food at the same time. It was a treat for the hungry members of the Thespian department. It was a treat for Len Tomat to make the antipasto, slice the crusty bread, and watch the sauce bubble. But best of all, it was a treat for Harry who enjoys so much doing for others to make them happy. And the boys from Wills were happy.

## Beggar's Opera

(Continued from page 1)

dishonest jailer added to the spirit of the story. Ruth Van Buren, Jean Preston, Jean MacLaughlin, Miriam Work, Barbara Whitney were the painted women who flirted amusingly with MacHeath. David Wheeler, Wallace Powers, Harlan Farnsworth, Malcolm Severance, Henry Trombley, Jr., John Emerson, Romaine Farnham, William Callahan, Robert Caswell were members of the gang who sang while they flourished pistols and stole for a living.

The orchestra, directed by Prof. I. Papoutsakis, earned praise for giving depth to simple music that preceded each act with symbolic melodies. John Moore, who played the beggar, and Leon Hull, Jr., who was the player, gave an average performance as the two whose conversations preceded each act and which explained the existence of the opera.

The finished production was smooth and well timed as a result of the work of many people. Among these people were: Howard Bennett, musical director; Ronald Humphrey, dramatic director; Miriam Marston, accompanist; Janice Shively, voice coach, and Ethel Hoffman, dance director. Howard Delano was stage manager. John Emerson was business manager. Chief of the staging crew was Charles Parker. Chief of lights was William Shoemaker. Beverly Beach was house manager and in charge of programs. Jane Cook was in charge of publicity. Ruth Van Buren was in charge of tickets. Chief of properties was Robert Arthur. Marilyn Fairman was responsible for costumes. Make-up was done by Elaine Segal, Harry Miele, and Michael Wiedman.

## Hexathlon

(Continued from page 5)

the 100-yard dash in a few meets this year and has been known to turn in commendable times in the 220 and 440, too.

The Hexathlon trophy is given in memory of James E. Donahue, former professor of mathematics at UVM. Donahue was quite active in sports at the University right up until his death in 1932; in 1921 he was chairman of the athletic council and for a time he was director of athletics here on the hill.

## Invasion Forces Hit Vermont Shoreline; Vt's ROTC Mobilizes

Bill Riddell

A special communique has just arrived in the Cynic office via the Military Department with the startling news of an invading force that has landed in the United States by way of the Gulf of Mexico and has succeeded in occupying the central states as far north as the Great Lakes. At this very moment the enemy is upon us with an advanced attachment in possession of Fort Ticonderoga.

As Washington remains calm and collected, the UVM ROTC is mobilizing a group of volunteers, ninety-five in all, under the command of Lt. Col. Mark "Blood and Grunts" Jurras to retake the Fort in the name of old Ethan Allen and the Green Mountain Boys. The order has been issued to replace all rifles with firing pins and the organization is scheduled to be completed by the fourth of June.

In the meanwhile a group of disreputable cadets (names withheld out of courtesy to their families) have declared their loyalty to the enemy and have barricaded themselves inside the Fort where they will repulse all fanatical attacks.

At the present moment the situation looks black for Colonel Jurras and his boys with all main highways, bridges, the airport, shipping on Lake Champlain destroyed by frequent bombings. But due to the diligence of the U.S.N.R., two landing crafts have been salvaged and the force should be adequately prepared.

The force will move out at 3.15 p.m. and spend the night on the lake. They will have chow aboard ship and receive a final briefing, along with a lecture on the Historical Campaigns of Lake Champlain. The attack will commence the following day at 0001 from aboard an LCI anchored four miles from the Fort. At 0420, scouts will land on the beach and set up guide lights and at dawn (0519) the LCI will land the main force. Various officers will be stationed on both sides to make sure that the rules of international warfare are upheld. On completion of the raid, both forces will bury their dead and go on a conducted tour of the Fort. At 1700 they will embark and return to the campus, where they will clean the sand from their rifles.

Time: 2:15.

## CHURCH—Contribution

When the hat which had been passed around the congregation was returned empty, the pastor shook it. Then he raised his eyes: "Lord," he prayed, "I thank thee that I got my hat back from this crowd."—Camillus.

## Five University Co-Eds Attend Colby College Conference

Back recently from an enjoyable and profitable trip to the Women's Student Government Association Conference held at Colby College, Waterville, Me., are Rae MacTiernan, Betsy Bigelow, Gerry Goeltz, Rosemary Traynor, and Ruth Goldberg. They spent a week-end attending discussions on questions pertinent to all women students throughout the New England region. Among the discussion groups attended by the UVM representatives were: Freshman Orientation, Honor Systems, Dormitory Life, Election and Point Systems, Student-Faculty Relations, and National Student Association. The girls returned with many new ideas for improvement and many helpful points for future administration.

Among the issues keeping the newly elected council on its toes have been the revision of the Student Union Rule Book, the preparation and plans for the Big-Little Sister project, the problem of freshman scholastic standing and study hours, and the scheduling of next year's elections and mass meetings.

## Middlebury

(Continued from page 5)

fancy twirling with neither team able to score after the big fourth inning.

It was the first defeat for Middlebury in state competition, and still gives Vermont a chance to at least tie for the state championship.

Ray Vescovi, returning to the lineup after a two-week layoff due to a leg injury, was in great form as he clubbed out three hits in four trips, batted in two runs, and handled three ground balls flawlessly.

The Cats were hitting better than they have for some time, and their fielding was generally heads-up all the way. Slight showers that fell intermittently drove the crowd of some 1,500 into the grandstand seats, but the game proceeded without a hitch.

The Panthers played excellent ball afield, but just could not get on to Don McCuin's slants and change-up pitches very often. Don now has a record of three wins and two losses.

## Hayes, Harrington

(Continued from page 1)

ing Educational Opportunity in Tax Supported Schools by Means of Annual Grants."

Responsible for the judging of the debate and the distribution of the prizes was Prof. Jerome Kovalcik of Champlain College. Professor Kovalcik is well qualified in this field, having trained several debate teams that have gained national recognition.

These prizes are made available through the generosity of Edwin Winship Lawrence of Rutland. They have been endowed by him in memory of his brother, Robert Ashton Lawrence '99, and his father, George Edwin Lawrence (Middlebury '67).

## Letter from the Dean

With the approach of spring and warm weather there has been a tendency for young people of opposite sexes to react more amorously toward one another, particularly in public places. This spring the epidemic appears to be more severe than usual.

During the past week a number of complaints have been received because a small minority of our student body has been guilty of bad taste. Some students have sprawled on the campus in such a manner that their actions have been offensive and embarrassing to passers-by. Others "smooch" in the Student Lounge and in other places to the disgust of the majority of the students who are forced to witness these intimacies. Indiscretions have also been committed in the name of sun-bathing by a few students who have been thoughtless of the feelings of some of the older and more conservative of our neighbors.

Good taste frowns upon such behavior. Therefore, all students are requested to govern their actions in such a manner as not to bring discredit upon themselves nor upon the University.

DEAN MARY JEAN SIMPSON  
DEAN ROBERT H. KROEPSCH

## Dorm Students Beautify Campus

## Ordway Tead Criticizes Modern College Education

Critically analyzing modern college-level education, Dr. Ordway Tead, chairman of the Board of Higher Education of New York City, declared that his experience in the field shows that the faults in the profession stem not so much from a lack of teaching knowledge as from "the lack of application of that knowledge."

Doctor Tead said, "We no longer have the right to say we cannot improve college teaching, because, by and large, we have not seriously tried to." He charged that there is no single institution which has "a sustained, committed program running throughout its instructional work."

Doctor Tead emphasized that the personal life and beliefs of the individual teacher are basically important to the quality of instruction, yet many teachers are in the profession because it "offers the line of least resistance."

"There are too many confused, timid, and introverted persons," he said, "who are afraid to leave the security of undergraduate life and find that three or four added years of graduate work in vineyard halls are the line of least resistance."

"There are born students who find that teaching is the meal ticket to a library cubicle. There are those natural researchers who would advance the boundaries of knowledge and who teach as the price of a key to the laboratory. There are even those who prize the higher social status to which the profession elevates them."

He stated that, in some cases, teachers "are making their behavior with students compensatory for some anxiety or frustration deriving from an inadequacy in their personal life." He mentioned in this class those whom he termed "show-offs" and others, "who insist on meticulous obedience, or who try to gain popularity by being soft, or who are bitterly sarcastic."

A teacher should, he stated, be physically and mentally healthy and should have some "rationally informed, affirmative view of the worthfulness of life and human effort."

## Varsity Lettermen

(Continued from page 5)

squad and has also earned varsity letters in hockey. Vermont will lose a high scoring basketball forward when Ken Pierce graduates this month. Ken has played varsity ball throughout his four years on the hill.

Varsity lettermen in the class of '49 are as follows: Football—Bolwell, Cayo, Eklund, French, Flanders, Ingram, Neiburg, Nussbaum, Riddell and Squire; Basketball—Becker, French, Livingston, Parrow, Peters and Pierce; Baseball—Parrow, Setian and Flanders; Cross Country—Bennett, Conant, Fagan, Havens, Jarecki, Jones, Matthews, Monieson, Milligan; Track—Emerson, Fagan, Havens, McLaren, Nims and Squire; Tennis—Astone, Livingston and Mickler; Hockey—Barwood, Ferriter, Mickler and Perrault; Golf—Perrault; Rifle—Baldwin, Burritt and Steenburn; Ski—Goodell; Cheerleader—Liston; Managers—Baseball, Paikowsky; Basketball, Baldwin; Track, Lyon; Football, Waterman.

## Petunias Endeavor To Give UVM That Added Homey Air

When spring comes and the green grass begins to appear in some places and not in others, the time has come for the Grounds' Superintendent to get to work.

Plans now being carried out on campus include first, the unsnarling of the traffic and parking problems. Using war surplus and abandoned pipes, the parking areas and road have now been marked off. The resurfacing of the parking space in back of Waterman will be followed by the painting of lines to indicate diagonal parking, and the one way entrance and exit. Following this, similar renovations will be made in the Buckham, Chittenden, and Wills parking areas.

A second innovation will be the building of a road from the main campus to the men's dormitories parallel to the existing road, but located between the Fleming Museum and East Hall. The existing road will then be closed to traffic, and made into a walk.

The planting of shrubbery and annual flowers in various locations has been planned to make the Vermont campus more beautiful. These beds, consisting of petunias, marigolds, zinnias, and calenula, will be located in the square in front of the Waterman Building, in front of the men's dormitories, around the University sign near Williston road, and on the Redstone campus. All of the planting is under the direction of trained horticulturists, with the plants being contributed by the forestry department. There are also fences being erected to protect plants and shrubbery where necessary.

And, most important of all, benches have been placed on the campus, so that everyone can sit out and enjoy the new look on campus.

## UVM Radio Station

(Continued from page 1)

which in turn supply a program to any receiver plugged into that line. This type of operation is like that of NBC or CBS except for the smaller scale. The reason why the telephone lines can be used is that all lines connecting the campus converge in the basement of Waterman building, and this stop is termed the distribution panel. It feeds the programs direct from the studio to the numerous transmitters.

There is a wide range in the cost of studio equipment for such a broadcasting system. A console, a major part of the studio equipment, has been donated, and if any of the equipment is built on campus, the cost will be greatly cut. The telephone lines require a flat installation fee and a leasing charge, which is about equal to a maintenance and operation cost.

The system described briefly above entails careful consideration in the design of the equipment used. The campus branch of the AIEE first became interested in such an undertaking in January as a research problem. Most of the details have been worked out by Byron Kretzman, Wallace Benson, Carl Proper and Eugene Palmer. Kretzman delivered a speech in April to an AIEE Northeastern District Meeting at UVM. Since then, there has been an active interest in the proposed radio station. The plans have been brought before Student Government in request for funds. A growing interest in the station has been shown by faculty members, especially in the Speech Department, as well as by students.

## Dr. Carrigan, Dean Of Agriculture Gets Leave Extension

Dr. Joseph E. Carrigan, Dean of Agriculture at the University of Vermont and State Agricultural College, now on leave of absence as Chief of the ECA Mission to Ireland, has been granted eleven months additional leave by the Board of Trustees, it is announced by Pres. John S. Millis.

The extension was granted at the request of Paul Hoffman, Administrator of ECA, and Averill Harriman, ECA's Ambassador-at-large, who stated that Dean Carrigan's continued presence is highly necessary if the work he has begun in the Irish Free State is to go on, and that much ground would be lost if he were not allowed to remain. Their request was accompanied by the highest praise for what he has accomplished as Chief of Mission.

## Dr. H. T. Heald of Ill. Inst. of Tech Asks For Support

Without private support, higher education in the United States "will be subjected to the same dangers of regimentation that business itself fears and is so frantically trying to prevent," warns Dr. Henry T. Heald, president of Illinois Institute of Technology, in his annual report. In his appeal for corporate support of privately endowed higher education, Dr. Heald said:

"If American business can justify to itself, and to its owners, expenditures to explain, defend and promote the democratic economy in which it operates and prospers, why should it not go a step further and logically lend its financial support to privately endowed higher education?"

"If business wishes to preserve the system in which it has flowered," he continued, "its leaders should think seriously about its responsibility to protect and defend freedom in education on higher levels."

"When federal support remains as the only bulwark of higher education, American business inevitably will suffer. It will have none but its collective self to blame if the country's system of higher education is permitted to flounder and collapse in the mire of political-dominated state control."

## Michigan State Holds Poll On Coed's Posture

East Lansing, Mich.—(ACP)—Reporters of the *Michigan State News* took a posture survey of co-eds on a Sunday afternoon in the Union Grill. They report a pronounced slouch on 60 percent of the co-eds observed.

"A slouch not only makes a woman look sloppy, it affects her personality and her physical welfare."

"It's a shame that so many of the so-called 'cream of American womanhood' should carry themselves as if they were frightened."

The article goes on to quote from "State Board Questions and Answers for Nurses":

"Question: What effect does poor posture have on one's mental attitude?"

"Answer: Poor posture comes to be associated with the grumbling, dissatisfied and unhappy individual. Any effect on the physical well-being will sooner or later be reflected in the mental outlook. Good posture suggests good breeding, alertness of mind, fearlessness, and an attractive personality, although people may possess more character and desirable personality traits than bearing indicates."

## Dr. Rhoads Gives Cancer Lecture at Fleming Museum

Dr. Cornelius P. Rhoads, director of the Sloan-Kettering Institute for Cancer Research, largest cancer research institution in the world, which was built at a cost of more than six million dollars, lectured Thursday, June 2, at 8 o'clock in the Fleming Museum on the subject "The Use of Isotopes in Cancer Research and Cancer Treatment." This was the concluding lecture in a highly successful series which brought to Burlington some of the most eminent scientists from different parts of the country, under the sponsorship of the pathology department of the UVM College of Medicine. Working in different fields—genetics, development, biochemistry, chemotherapy, endocrinology, the lecturing scientists have all been concerned with the same fundamental problem: What accounts for the differences between the controlled growth of normal cells and the wild growth of malignant or cancer cells.

Doctor Rhoads, who besides being in charge of research at Sloan-Kettering, is also scientific director of the Memorial Hospital in New York City, which specializes in cancer cases, was during the war the head of the national chemical warfare program of the armed services. As a leading figure in the American Cancer Society and other similar organizations, he has helped to shape the present broad approach to the study of the disease. He is especially fitted to discuss one of the most promising tools in cancer research, the radio-active isotopes which have become available as a by-product of the atom bomb, because radio-active isotopes are being widely used both at Sloan-Kettering and the Memorial Hospital.

The lecture attracted many physicians from the city as well as students and staff members from the science departments of the university and neighboring colleges.

## Twelve UVM Doctors Appear On Hospital Refresher Course

Twelve members of the faculty of the University of Vermont College of Medicine are scheduled to appear on the program of a Refresher Course on Cardiovascular Disease which is being given from June 13-18 at the Bishop DeGoesbriand Hospital in Burlington. The course is sponsored by the new Cardiovascular Unit which has been established under the direction of Dr. Wilhelm Raab, by the UVM College of Medicine in cooperation with the DeGoesbriand Hospital.

Vermont faculty who will participate in the refresher course series of twenty-eight lectures are Drs. J. Abajian; S. T. Allen, Jr.; E. L. Amidon; J. H. Bland; T. Harwood; E. Lepeschkin; A. G. Mackay; W. Raab; J. W. Spelman; C. N. Terrien; H. Upton; and F. W. Van Buskirk.

Two prominent guest speakers, according to Doctor Raab, will highlight the program. Dr. Paul D. White, one of the world's outstanding heart specialists, Clinical Professor of Medicine at Harvard Medical School and Executive Director of the National Advisory Heart Council, and Chief Consultant of the National Heart Institute, will deliver two lectures on Monday, June 13. Dr. Mercier Fauteux, Associate Professor of Surgery at the University of Montreal, internationally known specialist and pioneer in the ultra-modern field of heart surgery, will speak on Wednesday, June 15.

Applications for admission to the refresher course have already been received from physicians of several neighboring states.

## Commencement Program

June 17-20, 1949

FRIDAY, JUNE 17

10:00 A.M.—Trustees Meeting  
3:00 P.M.—Class Day  
9:00 P.M.—President's Reception, —Senior-Alumni Prom Southwick

SATURDAY, JUNE 18—ALUMNI DAY

9:30 A.M.—Council Meeting, Waterman Building  
11:00 A.M.—Phi Beta Kappa Meeting, Waterman  
12:00 noon—ALUMNI LUNCHEON, Waterman  
6:00 P.M.—Dinner, College of Eng., Waterman  
6:00 P.M.—Dinner, College of Medicine, Country Club  
6:00 P.M.—Reunion of Sororities and Fraternities  
6:30 P.M.—Dinner, College of Agriculture, Paragon

SUNDAY, JUNE 19

12:30 P.M.—Class Reunion Dinners  
3:30 P.M.—Academic Procession, University Place  
4:00 P.M.—Baccalaureate Service, Ira Allen Chapel  
7:30 P.M.—Alumni Sing, College Green

MONDAY, JUNE 20

9:30 A.M.—Academic Procession, University Place  
10:00 A.M.—Commencement Exercises Campus

## 50 Dramatic Club Members Attend Banquet On June 2

Fifty members and guests of the UVM Dramatic Club attended the annual banquet held in the President's Dining Room, third floor, Waterman, Thursday evening, June 2.

Leonard Tomat, banquet chairman and toastmaster, called on Newell H. Curtis, newly elected president of the club, to give an outline of the club's plans for next year. These plans include major productions, Vermont Varieties, campus poetry festival, Regional poetry festival, the possibility of taking the major productions on the road, and the great hope for the start of a fund for a theater on campus. Charles Parker, outgoing president, spoke briefly of the club's activities during the past year, showing the splendid growth in active membership and program carried out.

Ronald H. Humphrey, dramatic club director, gave an interesting talk about the number of people who take part in a production. The streamlined production of "My Sister Eileen" given downtown, Burlington, for the Lions Club, had a total of fifty people working in one capacity or another. "You Can't Take It With You," the spring play, absorbed the services of seventy-seven people in the cast and various crews such as makeup, stage properties, lighting, wardrobe, publicity, house and program, and tickets.

There was spirited group singing all through the banquet—honors for leading being equally shared by Leonard Tomat, Morris Pike, Mike Wiedman, Howard Delano, Neil Towne, and Newell Curtis.

Mrs. R. H. Humphrey and Miss Carrie Power, honorary members of the University Players, were guests of honor.

The evening had its hilarious moments as Mr. Humphrey called on different members present, who had been in plays, to stand up and give some of the lines they spoke in the play. The plays, somewhat shakily revived, included "Double Door," "All My Sons," "My Sister Eileen," two Vermont Variety Shows, "Male Animal," three one-act plays, and "You Can't Take It With You."

## Invasion Forces Hit Ticonderoga In Amphibious And Air Attacks

By Ed Waters

Traveling a portion of the historically famous route of Ethan Allen and his Green Mountain Boys, the University of Vermont's ROTC cadets "attacked" Fort Ticonderoga last Sunday, June 5, in the only amphibious operation of its kind undertaken by a collegiate unit in the United States.

Ninety-five cadet officers and men made up the Raider Force slated to disembark from a Naval Reserve LCI at dawn on Sunday morning. Fifteen other cadets under the direction of Capt. Earle A. Johnson, military science and tactics instructor at UVM, comprised the Aggressor Force defending the Fort.

The entire operation followed the basic pattern established by Ethan Allen and his Green Mountain Boys on May 10, 1775. Ethan Allen employed approximately eighty men in capturing the Fort. The Vermont cadet corps made its landing approximately one-half mile from the Fort as did Ethan Allen, but this year, Vermont's Air National Guard provided air cover for the landing.

The University of Vermont's military department initiated the amphibious operations as part of the cadet training program a year ago when the corps made a landing on one of Burlington's beaches. Cadet officers were in charge of all phases of the operation from the clothing and issuing of equipment to the troops to the actual direction of the attack and the defense.

The invader force was under the command of Lt. Col. Mark I. Jurras. The defenders were General of the Armies Earle A. Johnson and his Robert E. Lee Rifles, formerly a distinguished unit of the Confederate Armies of America.

The operation commenced with the transformation of the ROTC cadets into combat soldiers. This took place Saturday morning. The volunteers entered the gym as college students and emerged as combat infantrymen dressed in army fatigue uniforms and loaded down with cartridge belts, haversacks, rifles, mortars and various other pieces of light equipment. The men received a last briefing from Maj. William Evans-Smith, loaded aboard trucks, and rode smoothly down Main St. to the Naval Reserve pier at the foot of College St.

The combat team climbed aboard LCI 799 operated and commanded by members of the Burlington Naval Reserve Unit. This landing craft is a veteran of the invasion of Okinawa and other actions. The loading operation was completed shortly after 1430, the ship moved out into the lake at about 1500.

Underway, the men who had been previously assigned quarters were permitted on deck. During the beautiful trip down the lake the men soaked in the sun on the decks, craned their necks looking at the sights, played cards, or just went to sleep.

Chow was prepared by the efficient navy cooks and served under the capable direction of Sgt. Elbert Nostrand. KP was performed by noble volunteers and the whole thing moved along very well considering that it was the first time it was ever performed by these men.

The ship reached its anchorage in a bay just south of Crown Point, N. Y., and dropped its hook. At this time a new type of assault ration was passed out to the men to augment their evening chow. A screen was set up on the focsle for the movies later on in the evening and Special Services provided music for the entertainment of the men. Just prior to the showing of the movies Major Evans-Smith gave an interesting talk on the engagements that had been fought in the vicinity of Lake Champlain. It was his opinion that there had been more major battles in this one area than any other place in the United States.

The night was spent pleasantly until 0230 of 5 June. At that time the scout team prepared to move out to the beach in the whale boat and wherry. The ship was secured, anchor raised and the Task Force moved to Beach Red, north of the Fort. Breakfast was served on the way.

The scouting party landed on the beach, captured a sentry, and proceeded to reconnoiter the area, through which the main party would pass. They reported their observations to the command post aboard ship by radio.

At 0519 the task force, broken down into Assault team A and B and Fire Support team, waded through the water from the LCI to the beachhead that had been secured by the advance party. The troops deployed along a front, north-south and proceeded westerly parallel to the beach, then southerly through a wood bordering a clearing and then easterly over a ridge, and finally charging with bayoneted rifles up the hill to the Fort. They encountered enemy opposition in several places along this route, particularly at a point near a railroad bridge where the enemy had placed a machine gun that fired sporadically at the attacking forces. This was knocked out by the F-47s of the 134th Fighter Squadron of the Air National Guard.

This organization did a splendid job of strafing the enemy and bombing the Fort. Although they were a little late on the initial strike, they more than made up for it with their brilliant display of low altitude, formation flying.

Prisoners were quickly searched, relieved of their arms and ammunition and sent under guard to the rear. At one time one of the PWs who had no doubt been instilled with a rabid fighting spirit and a dear love for his wife, Mammy and the Confederacy, made a quick break from his captors, jumped over a fence and escaped without being fired at even once. General Johnson had his men well briefed. Three men of the task force managed to penetrate the enemy position pushed on into the enemy CP and demanded the surrender of General Johnson who was at the moment speaking over his radio. No doubt he was urging some of his men to do another dastardly deed. The three men who negotiated the heroic capture were: Sgt. Harold Bronk, Pvt. William Ryan and Pvt. William Jasper.

Flushed with victory, and with the enemy strewn over the hill the force was rallied, whereupon they sat down in the grass and held a critique. Maj. William Witherspoon and Colonel Regnier commented on the operation pointing out some of the mistakes that had been made, but also very definitely praising the operation.

At the end of the critique the men were dismissed and were permitted to wander around the Fort as guests of the owner. Many headed for the refreshment counter to still their thirsts. It was only about 0800 but many felt that it was 2000 for they certainly had done a day's work.

At 1045 the men formed again, moved out down to the beach to board the LCI again. Typically, plans had been changed, the men were to embark at a pier further up the shore. This was done in short order, the anchor was raised again, the ship headed up Lake Champlain.

The umpires for the operation were: Major Witherspoon, Chief Umpire; Major Evans-Smith, Chief Raider Umpire; Major Moss; Captain Sollosi; Master Sergeants Cavanaugh, Preston, Woodruff, Goss, Baker. The Chief Aggressor Force Umpire was Captain Johnson, the others: Master Sergeants Banan and Stark. Medical aid man was Master Sergeant Delp. The job of umpire is a difficult one; all did a beautiful job.

Press coverage was by the *Burlington Free Press* and also by a representative from the National Military Establishment in Washington, D. C., who made a wire recording of the operation.

# Congratulations To the Class of '49

## Your Student Government

Freshmen, remember the day when you donned your little green beanie and paraded around the campus with your Freshman Handbook in your hand? And remember how you looked forward with enthusiasm and wonder to the Freshman Mixer and the picnic? Behind all this is the planning of one of the Sub-Committees of Student Government, the Freshman Orientation Committee, whose members are Paul Barash; Sue Glenn, Sylvia Heininger, Jean Ritchie, Sue Levine, Marshall Sabens, and Ed Streeter. The chairman is Bill Dingerson.

This year the group is getting ready for the new class coming in next fall. The Handbook Committee is now busy revising the 1948 Handbook for the 1949 opening. More will be done this summer, for Bill Dingerson and Marshall Sabens are going to remain in Burlington. Next fall, the rest of the committee will arrive and prepare for the Class of '53.

The next thing on the program were the football games and the cheering and pep rallies that go along with them. Art Hill is chairman of the Pep Committee with Jean Hard as secretary. Next year something new is going to be added to the cheerleading squad—girls under the organization of Bob Carter. There are now about twenty girls working out twice a week with Miss Euler. By the end of this year these twenty will be cut down to ten or twelve, and next year, they will be cut again to six with three as regulars and three as alternates. A group of four boys and three girls will form the cheerleading squad under one captain.

Next fall the Pep Committee, along with the Freshman Orientation Committee, will put on a Campus Sing which is scheduled for the fifteenth of September, and on September 23 there will be a monster pep rally.

On June 1 in 239 Waterman the Social Committee will hold a meeting to which each organization on campus will send a representative. Then they will all knock their heads together and plan the calendar for next year. The chairman of the Social Committee is Bob Taisey; recording secretary, Mike Wiedman, and corresponding secretary, Jean True. Other members, are Mary Jo O'Neill, Scott Mahoney, and Walt Barnes. Besides rolling out the calendar of UVM events for next year, the group provides such cultural programs as music, journalism, and writing. They plan to have four of these events during the year. This year they sponsored a lecture by Stuart Chase, a program featuring Marie Curie and a group of modern dancers in conjunction with the Modern Dance Group.

A fourth sub-committee of the Student Government is that of the Religious Life, with Dave Newhall as chairman, Ruth Goldberg as secretary, and Stan Susskind as treasurer. Newman Club, Hillel and the S.C.A. each have representatives on this committee and the three groups combine together and plan out such things as the W.S.S.F. Drive and the Brotherhood Banquet. They also have a third event which this year was the Religious Life Parley, but this will be substituted by something else during the coming year.

Officers of the Finance Committee are Norm Dennis, treasurer; George Schofield, sub-treasurer. Other members are Shirley Dennis, Dick Kinsler, and Ed Costello. They have a meeting every Wednesday from 2-4 in the Student Government office and there they plan the budget and listen to appeals from the many student organizations at the University.

## Letter To Editor

North Bennington, Vt.  
May 31, 1949

Editor of the CYNIC  
Burlington  
Vermont

Dear Sir:

As secretary of the Vermont Education Association, I would like to announce that the Vermont Education Association is proceeding to fill the position of Executive Secretary of the VEA. Applications should be made to members of the Nominating Committee, namely, Miss Audrey St. Claire of Rutland and Mr. Ralph Eaton of Morrisville.

Sincerely yours,

MISS FRANCES CORCORAN  
FEC:AER

"Remember when we thought that jungle training was impractical?"

## Dear Mom . . .

Thanks so much for the letter and money. You couldn't possibly include \$5.00 more in your next letter? I need it desperately!

Spring has actually crept into Vermont. There were nineteen kids absent in International Relations today, and the rest of us daydreamed out of the window. People were strewn all over the campus—on the lawns and on the steps—with books under their heads. Then it began to rain. Yes, spring has come to Vermont. Could you send me my winter coat that I left home over Easter?

The most horrible thing happened last Saturday night. We all came down to supper in jeans and hairpins expecting the usual Saturday night bean supper. We weren't disappointed. But the cook had a special surprise for us—blueberry pie. We were all delighted until we got upstairs to get ready for our dates. It was horrible! Everyone looked in the mirror and discovered a violent blue hue all over their mouth. The kids rushed for their tooth brushes and soon the basins were surrounded by what looked like so many frothing chow dogs.

My roommate and I get along beautifully now. I'm dirty but neat and she's sloppy but clean. So she does the dusting and vacuuming and I do the picking up—every other Sunday that is.

Now I've found out what true academic love is. The night of the Mortar Board dance I had to work in East Hall Library. It was completely deserted and the wind howled like fury through the prefab. About 7.30 a couple came in all dressed up. She had on a black satin gown and her rhinestone jewelry really lit up the drab library. He of course, had on a tux. They sat at a table in a far corner, took out books, papers, and pencils and didn't move for three hours. At 10.00 p.m. when we closed up I got curious and went over to talk to them. It seems she had a chem hour test at 8.00 a.m. the next morning and there was one problem she just had to get. Needless to say they went over to the dance when we closed.

Love,  
JANIE.

## Ramblin' Round

By ED WATERS

### Invasion

Last week your correspondent went along on the invasion and capture of Fort Ticonderoga by UVM's ROTC.

It is hard to report all the feelings one has on an operation of this sort. Many of us have pushed the memory of war far back in our minds. Then you go aboard the ship, loaded down with guys in messed up Army uniforms, and the old feeling comes down upon you.

First it is that of being cooped up again, of being imprisoned behind the bars of rank, uniforms, and arms. This passes, and pretty soon you are back in the old routine again. It is surprising how quick one can readapt himself to the present situation. Civilian life again seems far away; what you did yesterday is far in the past.

All of it isn't bad, remember the feeling of security you had in the service; remember the ridiculous situations and the easy laughter, yes they all come back to you too.

But then night comes, the movies are over and you stand on deck, alone, and then you begin to think and your thoughts aren't pleasant, you remember buddies, those who will never be with you again,

and those who can never be with you. You remember another ship, another day, and then this ship becomes that one, and today becomes that day, and you are scared. That gnawing unrecognizable fear comes over you, but you snap out of it, this is today, this is Lake Champlain, this is 1949 and you wonder.

The next morning you get up, and go out on deck again. It is cold and grey and you remember the miserable mornings of others days, the dampness, the inevitable mud and again you wonder.

Then you go ashore, and the same damnable thing happens again, this field, this insignificant, ordinary field becomes another one strewn with the broken bodies of the living and the stinking ones of the dead. You wish you were away from here, but you can't be because part of you belongs here and will remain here.

But still you wonder, "Will it happen—will it happen again? Will these young kids have to go through the same thing?" And if it does happen, you know that when it is over it will be the same again, but there will be irreparable loss, there will be the dead, and the ruined. . . . Please God. . . . Don't let it happen again.

## The Vermont Cynic

VOL. 67

BURLINGTON, VERMONT, WEDNESDAY, SEPTEMBER 28, 1949

NUMBER 21

### Dramatic Club Welcomes University Talent for "Vermont Varieties"

"Talent wanted!"—that is the current appeal being made by the University of Vermont's Dramatic Club for the Third Annual Vermont Varieties show. This popular event, rapidly becoming a tradition, is the first of the many excellent programs on the Dramatic Club docket for the year.

Yes, talent is wanted—for the Vermont Varieties is devoted to all people who have talents, but who have no convenient outlet to present them to the university family as a whole. But the unique feature of the Vermont Varieties is that it is open to everyone connected with the University of Vermont. It is open to the faculty, to members of the administration, to students—in fact to anyone from Pres. Elias Lyman down to the greenest freshman. Anyone who thinks he can be entertaining in any way is urged to sign up for the Varieties, not only to afford him an opportunity to display his talent, but also to give the university family an evening of entertainment.

Any interested people still have an opportunity to sign up for the show with the Director of the Dramatic Club, Mr. Ronald H. Humphrey, whose office is found on the second floor of the Old Mill in Middle College.

People with talents of any type are wanted: dancers, singers, jugglers, comedians, impersonators, tumblers, novelty actors, magicians, instrumentalists, or any type of entertainment your mind may suggest. People are also urged to try out for the position of an emcee for the program.

Tryouts for any musical acts are being held in the Music Building, 70 Williams St., on Monday, Wednesday, and Friday from 4.00-6.00 p.m. Tryouts for all other acts are being held in Room 23 Middle College in the Old Mill on Tuesday and Thursday from 4.00-6.00 p.m.

But that's not all! All the untalented people of U.V.M. have a part in this show as well. They are all invited to reserve the evenings of Thursday and Friday, October 13 and 14 for this grand entertainment, which will be presented on U.V.M.'s legitimate stage at Southwick Auditorium on Redstone Campus at 8.15 p.m.

Dramatic Club members acting as heads of the various committees and working with Director Humphrey on this program are: Stage Manager: Suzanne Pooley; Publicity Chairman: Bob Arthur; Properties and Costume Manager: June Stone; Business Manager: Mimi Beauvais; Lights: Bill Shoemaker; Tickets: Shirley Gleason; Staging: Neil Towne; House Programs: Tom Kent; and Make-up: Pam Crandall.

### Community Concerts Opens New Season With Local Drive

The Burlington Community Concert Association inaugurates its fifteenth concert season with the annual membership solicitation to be conducted during the week of September 26, according to an announcement made by Miss Margaret Whiting, president. The Association anticipates another successful membership campaign which will result in the presentation of a series of four concerts at the Memorial Auditorium comparable to the high standard of excellence of former seasons.

This year one of America's finest and most popular major symphony orchestras will make a return visit here. The Indianapolis Symphony, with its dynamic conductor, Fabien Seitzky will be presented on January 7, 1950. The Association has options on two other artists who during the past season sky-rocketed to national prominence and fame and whom the local organization is most fortunate to present. These artists will be announced during the campaign week.

Mrs. E. H. Reid, membership chairman, is busy recruiting a corps of campaign workers including many faithful solicitors who have contributed so much to the success of the Association during the past years. Student teams will be organized at the University, St. Michael's, Trinity, Johnson Teachers College, and Burlington Business College to enroll student members in these institutions.

Willard M. Sistare, New England representative for "Community Concerts" New York will be here during the week of the twenty-sixth, to assist the local committee. The campaign will open Monday evening, September 26, with an anniversary dinner at the Waterman Building under supervision of Mrs. William E. Brown, dinner chairman. It is expected that officials of the Community Concert organization will be here from New York.

As usual campaign headquarters will be at Bailey's Music Rooms, 88 Church St., Burlington, and members may renew their subscriptions or new members enroll at headquarters. This should be a banner season for this fast growing musical activity which began with 500 members and now numbers about 1600.

### Pi Phis Receive Top Grades for Women; TEP's Lead Men

Scholastic averages of fraternities and sororities at the University of Vermont for the spring semester, as announced by Francis N. Hamblin, registrar, show that, in the main, the sorority grades outrank those of the fraternities.

Among the sororities, Pi Beta Phi tops the list with an average of 81.05. The others in their order are: Alpha Chi Omega, 79.75; Sigma Gamma, 79.67; Alpha Epsilon Phi, 78.57; Kappa Alpha Theta, 77.49; Delta Delta Delta, 77.34; and Delta Phi Epsilon, 75.19.

The fraternity list shows that again Tau Epsilon Phi leads with 77.65; followed in order by Sigma Nu with 76.97; Phi Sigma Delta 76.73; Sigma Phi 76.65; Phi Delta Theta 75.61; Kappa Sigma 75.55; Sigma Alpha Epsilon 75.36; Delta Psi 74.98; Lambda Iota 73.89; and Alpha Tau Omega 73.18.

The total University women's average for the spring semester was 77.84 as compared with the University men's average for the same term of 75.61. The University average as a whole was 76.28. These averages exclude graduate and special students.

### CYNIC VIEWS COMING EVENTS

#### SEPTEMBER 28

Alpha Zeta and Aggie Freshman Smoker Ariel Banquet.  
U.V.M. Male Chorus Rehearsal, 7.00 p.m.  
Ira Allen Chapel  
Film: "A Carnegie Hall in Every Town"—Fleming Museum 4.00 p.m.

### Notice:

Camel cigarettes and Prince Albert tobacco will be offered to University students and personnel at cut-rate prices next Wednesday, October 5. Three packages of Camel's will be offered for the price of one, a pound of 'P.A.' along with a pipe will go for \$1.69. They will be sold in front of the Bookstore.

### Acting President Lyman Greets Student Body at Convocation

### Costello Announces Plans For This Year, Views Last Year

Pres. Ed Costello in the first Student Government meeting of the year summarized the important strides made by the student voice so far this year in his opening address on Monday, September 20. He pointed out that Class organizations have been set up and a program developed for them. This also marks the first year that an annual budget has been drawn up and published in advance of the ending of the school year. Businesslike operation has reduced the budget by over \$3,000 so the savings effected in the budget are being used in part to provide new uniforms for the UVM Band.

President Costello also said that Student Government recommendations to men's honor societies resulted in the choices being made on a merit basis to a greater extent than in the past, when campus politics dictated the choices. Student Government committee work has been expanded, and new methods of choosing members by interview has resulted in many more capable members being recruited. Costello especially commended the Pep Committee headed by Art Hill, and the Freshman Orientation Committee headed by Bill Dingerson. He pointed also to the elimination of charity drives by organizing a Campus Community Chest, which places all drives under one organization.

The greater publicity given to Student Government activities by mimeographing minutes of all meetings, and arranging for distribution to any students who care to have them, has also added to the Student Government prestige. The new office space which has been arranged for has given to UVM students a place to settle their problems, and thus has made the students more mindful of their government.

But President Costello also added that there is much work to be done. The new constitution and by-laws has yet to be worked and tried successfully. The parking needs for students wants investigation. Action has to be taken on washing machines for the dorms, and the possibilities of setting up a Student Union building needs looking into.

So Costello and Student Government are looking forward to a busy year, in which they will need the cooperation of all. Costello hopes that the coming year will be as rewarding as the past year.

Acting President Elias Lyman described the U.V.M. path in education as the "practical road." President Lyman, speaking to over 2,500 students and members of the faculty, at the opening Convocation at Memorial Auditorium, noted that "little has been thrown at us to scatter in educational adventure pioneering."

"We have had always to struggle for the wherewithall to continue along the confined and practical road upon which our feet have been set. This apparent disadvantage has introduced the necessity of eternally testing the path, and of finding virtue and pride in our tested functions. Here is a continuity of circumstance, perhaps not of our own choosing but nonetheless compelling. Perhaps we are the more consistent because we have not been called by the educational fates to be otherwise."

"So here, perhaps," he concluded, "is the partial answer... perhaps we have somewhere within us an unrealized resistance to change that effects strange compensations, until we reach that greatest of all paradoxes, that the more we change the more we remain ourselves."

"So... we come ashore onto a familiar paradox... the changes are not a changing but a maturity."

The procession formed at the Waterman Building at 3.00 p.m. on Friday to march to the exercises. The procession went down to the Auditorium in the following order: University band, freshmen, faculty in academic dress. Prof. J. E. Pooley of the classical department was the marshal-in-chief with members of the men's honorary societies acting as sub-marshals for the freshmen.

The program presented was: Processional, "Pilgrim" by Lake; National Anthem; invocation, chaplain; "Adagio" from C Concerto in G Major by Mozart; address, "The Continuity of the University," Elias Lyman, M.A., acting president; "Champlain" by Fisher; benediction, chaplain; recessional, "Pilgrim."

Unfortunately, the loud-speaker system was not in working order and many of those present were unable to hear the program presented.

### NEW UNIFORMS

It was the "wearing of the green" for the U.V.M. band, Saturday at the St. Michael's game. For the first time in its history the band appeared in the traditional colors of the University.

Flown from New York by Colonial Airlines, the new green and gold outfits arrived Friday noon in plenty of time for the first football game of the season.

## A Challenge

This message can be directed to no one clear-cut class of individuals or college students. It would be unjust to single out a division between the vets and the non-vets, for example, or the fraternity members and the independents, or even between the economically well-to-do and those who are existing on a shoestring. In short, it is impossible to make any rigidly delineated divisions of any one group.

We do not write for those whose conception of college life is bounded on the one side by the weekly football games and the big and glorious social events of the year, and on other sides by the bridge games in the Lounge, the wasted hours of developing the fine art of 'socializing' in the Soda Fountain, or by the latest movies at the local theaters and the evening bouts spent at the local hotspots. Nor is it directed at those whose life is nothing more than an engineer's handbook, a slide rule, or a life composed of one series after another of memorizing dull statistical facts by themselves with no regard to their purpose.

It is better perhaps to address this simply to those to whom a University and its life present both an opportunity and challenge to the individual.

For a modern university is placed in a singularly paradoxical situation. On the one hand, it becomes the source of ideas and provides the theoretical testing ground of these concepts; which may or may not be applied later to society as a whole; on the other hand, the university becomes not a leader of society but instead merely an imitation of the conventions and organizations of society. In the American system, both elements play a part and it is the part of the student to determine the proportions each shall be allowed to play.

How then, is our college life analogous to our traditional conception of American society. From a superficial and external point of view, it can be treated thus: There is the 'everyday work' (classes) which the student must attend. He arises in the morning no earlier than is absolutely necessary and after having scurried around for a bite of breakfast (or perhaps, no breakfast at all) he rushes down to the 'office' (the classroom) where he again buckles down for another day's work—to be bored by or interested in what the 'boss' (the instructor) may have to say that morning. At a suitable hour of the morning he 'knocks off' for awhile for his daily morning break over a cup of coffee. After work, he may drop around at the gym for a workout or perhaps drop in at his club (fraternity). His evenings are spent primarily in reviewing some of this material his 'boss' has given him. In his off-hours however, this student has his other interests: he has a partial say in his local government (Student Government); if accused of some misdemeanor he may be tried before the judge and jury of the local court (Student Court); on his week-ends he may attend the weekly sporting events, and if he has a hobby, a special or professional interest he will find groups of other individuals whose interests may range from fishing to flying.

But, is there anything wrong in our setup? Having first this conception of a university as (1) a source and testing place of ideas and (2) an idealistic society actually modeled on a more-correct, already-existing society, can we detect flaws in the execution of the plan? As concerns the individual, and assuming that he has been exposed to concepts new-to-himself, does the average student emerge from this university any better equipped for the world? Socially is he a better individual, one possessing a 'well-rounded personality,' a person who can stand on an equal basis with society in general and successfully meet its situations? Or intellectually is he a thinking individual, receptive to new ideas and yet possessing the ability to distinguish and weigh their value? Or even philosophically, can this individual exist by himself if necessary? Can he be happy within himself? Does he have 'peace of soul' as well as of 'mind'? At any rate these questions can not be answered adequately here. And they are, by no means, peculiar to this one university.

(First of a series of two articles)

## Freshman Mixer

And so they were mixed. It was not an unduly long process, nor was it boring. In fact when the Freshmen convened to be mixed at the annual Freshman Mixer the strange and interesting became the ordinary and expected. And besides the freshmen, there were plenty of upper-classmen to see that all went in an orderly and mannerly fashion. Also there for that purpose were Miss Wing, Dr. and Mrs. Eakin and Dean and Mrs. Haugen, all of whom did a very good job. The U.V.M. Catamounts were there, cutting it up and putting it back in their usual fashion, making a fine debut for the college year. Marsh Sabens, dance chairman was there, tearing out his hair, but having everything in running condition. The decorations were there, green and gold fireproof streamers, and a 1953 on the bandstand.

Also there, but not an unmixed blessing, were several members of the entertainment committee, dressed in the queer regalia that entertainment committees appropriate. Ira Allen was there in his big fur hat, tails, and without his shoes. Lafayette arrived in jeans, striped tee shirt, a long cigarette holder, dark glasses, and the crowning glory of a French beret. There were trees, fire, the Old Mill—both in the original and the re-incarnated version, and the Vermont Catamount, who looked rather mangy in his new winter coat—hard summer—wandering around in the crowd. The first women students were there bearing signs of determination, and the first football game was won instead of lost this time. Vermont's first, last, and only version of the poor, anemic professor was there, moving in his own little haze.

In fact, all of the tradition of Vermont was there interestingly presented in a lecture by Miss Martha Atwood, excerpts of which appear below:

### ONE DAY IN 1791

Things were slowing down;  
The panthers and bears were on the run  
So Ira came to town.

He had a mission to perform;  
He sought an education  
For all those mountain boys in green  
Who'd fought to make the nation.

He looked above; he looked afar;  
He looked upon the ground;  
And there, beneath a young pine tree,  
U.V.M. was found—ed.

He put his gold upon the line  
And bought some saws and hammers;  
The students through the forest came  
To learn their Latin grammars.  
They chopped and sawed, and studied, too,  
And soon upon the hill,  
A red brick building came in view.  
It was the first Old Mill.

### ONE NIGHT IN 1825

There was an awful shout—  
A freshman there had failed to turn  
His bunsen burner out!

At dawn, with ashens faces,  
The hard-hit students found  
No brick, nor beam, nor beanie green  
Remained above the ground.

The Old Mill finally rose again  
With many a moan and groan,  
And Lafayette came to U.V.M.  
To lay the cornerstone.

The stone weighed nearly ninety pounds  
But the general could not lose face,  
So he picked it up all by himself  
And dropped it into place.

The president in '72  
Issued an ultimatum;  
He said, "The gals are comin', men,  
You've got to love or hate 'em."

So in they came, amidst dishay,  
With great determination.  
And the first female Phi Beta left one day  
Receiving a great ovation.

Early in the nineties, there  
Arose an awful roar—  
Vermont was playing football,  
And at last had made a score!

One day a brave professor  
Went walking by the stream,  
And there he saw a pothole,  
Colored dark and murky green.

He waded in the river, and  
Investigated more,  
Then reached down with a joyful shriek  
And splashed back to the shore.

And with our Boulder in his arms  
He struggled up the hill  
And set in on a pedestal  
In front of the Old Mill.

We've had it now for many years,  
In spite of Dartmouth's frown;  
'Twas painted, chipped, and rolled away,  
But now We've screw it down.

Ira came back to U.V.M.

In 1921  
To decorate our campus green  
He stands in wind and sun.

They placed him where Lafayette had been  
And covered him with wreaths  
And built a fountain spouting near,  
To cool the air he breathes.

Of such stuff are our heroes made—  
Our new traditions bourn.  
Who knows what future years may  
bring—

Or what will come with morn?  
No matter what the future brings  
In 1962

Always remember all these things—  
This could happen to you!

"Of course I'm getting an education mother."

## Letters to the Editor . . .

Is a football program a necessary item at U.V.M. football games? Whether it is or not, U.V.M. students came very close to not having one for this season's games principally through a ruling of the Burlington Chamber of Commerce which did not deem it as a satisfactory advertising medium. At any rate, through the efforts of the Athletic Office certain business firms and establishments in the city were invited to advertise—a sizable number of whom did. The result being of course, football programs for the home games.

The CYNIC gladly prints the following letter from the Athletic Department and also a subsequent list of business establishments. Mentioning the program when buying from these firms will insure easier sledding for this service in years to come.

To all members of the University:

The democratic way to do things is to help each other. We take the opportunity to bring to the attention of all the students, Faculty, and administration the fact that without the cooperation and help of the following local advertisers we should have had no football program this fall.

Very sincerely yours,

W. L. GARDNER, '09

## ATTENDANCE AND EXCUSES FOR ABSENCES

The rules concerning attendance are given on pages 7 and 8 of the "regulations." Please read those sections carefully.

The following procedures have been agreed upon by the University Council:

1. Excuses for justifiable absence from an hour test or final examination will be issued for the women by Dean Simpson and for the men by the Dean of the College in which the student is enrolled. Absence from recitation, laboratory, or quiz will be handled by the instructor concerned.

2. Excuses for justifiable absence from a scheduled University exercise immediately preceding or following a University holiday must be obtained from the appropriate Dean. If possible such absence should be anticipated and the excuse obtained in advance.

3. Students must obtain in advance from the appropriate Dean permission for any absence from Burlington for 24 hours or longer which involves absence from class.

4. Excuses for absence due to illness will be issued by the Deans only on receipt of written evidence from the Infirmary or attending physician.

Students who are sufficiently ill to miss class should go to the Infirmary, if able, or ask the Infirmary to have the college physician visit them. The Infirmary will send to the office of the appropriate Dean formal notice of cases of illness under its care but will issue no excuses for other cases.

Students who are attended by a private physician must present a statement from the physician to the Dean.

(signed) G. V. KIDDER,  
Secretary, University Council

## To the Editor of the CYNIC:

Is there a real need for the collection of funds for charity purposes on this campus? Is not the problem of securing enough to keep body and soul together enough for the student? Why should the student be asked to aid others when he has such a difficult time himself? Cannot these funds be secured somewhere other than on the campus? Is such a drive really necessary?

This year Student Government has asked the Religious Life Committee to organize and run a single drive for the collection of all funds for charity purposes on campus this year. The drive called the Campus Chest is scheduled for October 30 through November 5. The Religious Life Committee has accepted this responsibility, and is now planning the drive.

If there are students on campus who feel that such a drive should not take place on campus, they must act now, before it gets well underway.

BARBARA BEALS

## NOTICE

Picnic at Rock Point!

Thursday, September 29  
4:30-7:00

First meeting of the U.V.M. Student Christian Association

All invited—sign up on Waterman Bulletin Board. Transportation provided. Admission 50c.

All foreign students should report to the Registrar's office before October 15.

Those blankety blank tests!

## President, Deans Receive Freshmen At Fleming Museum

Freshmen, about 800 strong, got their first formal introduction to the U.V.M. faculty at the annual President's Reception Friday evening, September 16, at the Fleming Museum, from 8 to 10.

Heading the receiving line were Acting President and Mrs. Elias Lyman and Dean of Women Mary Jean Simpson. Also in the receiving line were Dr. and Mrs. Bennett C. Douglass, School of Education and Nursing; Dean and Mrs. William E. Brown, College of Medicine; Dean and Mrs. Edd McKee, College of Technology; Dean and Mrs. George V. Kidder, College of Arts and Sciences; Acting Dean and Mrs. Paul R. Miller, College of Agriculture; and Admissions Dean and Mrs. Rolf Haugen. Beginning at 8, students in the college of Arts and Sciences were received, while those in technology were greeted at 8.30, and those in agriculture and education at 9.00.

Members of the men's and women's honorary societies, Sophomore Aides, Staff and Sandal, Mortar Board, Gold Key, Key and Serpent, and Boulder acted as guides, assisting with ushering, serving and showing new students around the museum. Also assisting were members and wives of the faculty and administration departments of the University.

## Freshman Banquet Proves To Be A Colorful Affair

September 10 at six o'clock hordes of ravenous freshmen wended their way eagerly through the halls of Waterman to attend the Get-together Banquet, sponsored by the Freshman Orientation Committee of Student Government for all new students including freshmen and transfers.

After this colorful and tasty dinner, chairs were adjusted, necks stretched, and eyes focused upon the head table as Master of Ceremonies Bill Dingerson began the introductions: President Lyman graciously accepted a freshman beanie, put it on, and then proceeded to give a warm welcome to the incoming class. Dean Simpson spoke briefly and ended with this recognition of the men, "without you, the Dean of Women would certainly have a very dull time."

Rae MacTiernan, President of Women's Student Union, and Ed Costello heading Student Government, were introduced to the class and gave short talks of welcome. Mr. Collins, director of Admissions, made further introductions of the deans of the various colleges to their new undergraduates. The freshmen and transfers also met a few of the guests with whom they will have contact this first year; the housing director, head of publicity, athletics, director of personnel, etc.

## Freshmen Wear Beanies, Or Else

Freshmen, 'check-up day' is coming! "Wear those Freshman 'beanies'," advised Ed Costello, president of Student Government, "for within several days after this issue of the CYNIC appears there will be a check made on all those Frosh caught without their caps."

As required by the rules governing the wearing of the beanies, they must be worn by all Freshmen until at least the cane rush which occurs between the halves of the U.V.M.-Norwich football game during Homecoming Week-end. If the Frosh win the cane rush, they can doff their caps. If they lose, however, they much bear the ignominy of it all by wearing them until Thanksgiving vacation.

If a student has lost his beanie, he may obtain one without charge, by seeing Costello in the Student Government office near the South entrance of Waterman.

Remember, the day is coming!

## Elias Lyman, Acting President, In Undergrad Days Edited CYNIC

Acting President Elias Lyman is *not* the owner of the Elias Lyman Coal Company, discovered a CYNIC reporter upon visiting this man's office for an interview. His father, who was graduated from the University in 1870, owned this company. Forty years after graduating from the University of Vermont, Elias Lyman, Sr., signed his son's degree from that same University, for he too served as acting president. Among his son's extra-curricular activities in college was editing the CYNIC.

Elias Lyman, Jr., then studied at Oxford, spending the years between 1911 and 1914 in England. He was married before going away to war in 1916. Returning in 1919 with his commission as First Lieutenant, Mr. Lyman went to Chicago, and the next year was established at Northwestern University as secretary to the president. For many years he assisted the president with organization and undergraduates.

In February, 1948, he came to North Ferrisburg, Vt., where he is still dwell-

ing, and was chosen to be on the Board of Trustees of the University of Vermont. After the resignation of President John Millis in the spring of 1949, he was elected to be acting president of the University until the time when the trustees will have found a man to manage our affairs permanently.

"The things I valued when I was here before, I find again prevailing on the campus," said Acting President Lyman regarding "how it feels to be back." "It feels familiar, in spite of the physical changes and the great increase in enrollment which are so evident." And as far as getting re-adjusted to college, he says, "the freshmen may have a lot to learn, but I'll match any one of them!"

## Keefer Scores From 4 Yd. Line For Tying Tally In Final Minutes Of Hard Fought Game; Ursprung's PA Perfect

By the Sports Editor

A revengeful, never-say-die Vermont football team, trailing by six points up until the last four minutes, pulled the game out of the fire to better a fast, hard-hitting St. Mike's eleven by 7 to 6 before more than 7,000 fans last Saturday at Centennial Field. It was George MacDonald's thirty-yard return of Jack Heggarty's punt that set up the winning UVM touchdown and placement. Hard-driving Jack Keefer, brilliant sophomore half-back, right end Capt. Stan Ursprung, signal caller Ralph Kehoe, veteran tackle Hobie Cook, and fullback Al Tavares provided the necessary running, passing, receiving, and blocking that spelled victory. Keefer scored from the 4-yard line going through right tackle and end; and automatic Stan Ursprung converted. It took the Cats a long time to get moving, but when they did it resembled the play and spirit they possessed last fall.

In the opening four minutes of the dramatic fray it was St. Mike's speed, deception, effective blocking, and the fine running of Heggarty and Jack Daly that resulted in the opening score of the battle. Both Heggarty and Daly were constant threats to the Green and Gold all afternoon.

Throughout the first half Vermont had trouble in running its plays. Ball handling in the backfield lacked coordination and timing. Both Collier and Kehoe had trouble with opposing linesmen slipping through to rush their passes, which indicated that blocking assignments were not carried out.

Added to the fruits of victory will be the experience gained in this first contest of the year. Many mistakes and creases in both offensive and defensive play must be ironed out by Coaches Evans and Kasap this week in preparation for the forthcoming St. Lawrence game. In actuality the first game of the year is the hardest for both coaches and players, especially when a bitter rival is the opposition.

### Running Account of Important Stages

Ursprung kicked off to Daly who ran the ball from the five to the St. Mike's 48. Plourde was thrown for a five-yard loss when the center of the Vermont line broke through. Krupinsky threw a jump pass to right end Morris which connected for fifteen yards and a first down on the UVM 41. Heggarty picked up two through guard and center. Heggarty picked up ten yards for first down on an end sweep. Fullback Plourde went to the UVM 24 on another play through the center. Simas picked up two yards as he was brought down by Comolli. Haggerty scored another first down and moved the ball to the UVM 17. Simas was forced out of bounds on the 15 as the Vermont defense began to stiffen. Krupinsky gained two through the center. The left side of the UVM line threw Plourde for a two-yard loss. Krupinsky hit Morris again with a jump pass that netted fourteen yards and Vermont dug in on their own 2-yard line. Plourde failed to gain. Simas picked up a half a yard. The right side of UVM's line threw Heggarty for a half-yard loss. Heggarty scooted off left end and managed to get by Ballard to score for St. Mike's. Art Coggio's dropkick was low. St. Mike's 6, UVM 0.

Kateley kicked off and Ballard received the ball on the UVM 16, moving to the 25 before he was brought down. Vermont began to go down the field and got as far as the St. Mike's 19-yard line before their attack bogged down. Klaess intercepted Collier's pass and St. Mike's took over again. The first quarter ended with UVM in possession on its own 48.

### Second Quarter

Vermont could not make any headway and elected to kick. St. Mike's Daly ran the punt from his own 6 to the 27. Throughout the second quarter the ball exchanged hands eleven times as neither team could get a touchdown drive going. Vermont's pass defense held up much better as Collier, MacDonald, and Farrell made timely interceptions. Farrell made a spectacular interception on the Vermont 3-yard line midway through the period to break up a Purple bid for six points. In the closing seconds of the half Vermont stopped another St. Mike's threat on the Green and Gold's 9. Cote kicked out of danger up to the 50-yard line after Vermont held on downs. The half ended with St. Mike's in possession on UVM's 30.

### Third Quarter

Kateley kicked off for the Knights to open the second half. St. Gelais ran the kick back seventeen yards from the UVM 20 to the 37. Tavares picked up ten yards and a first down. Keefer gained six. Keefer carried the ball again for a two-yard gain through center. Tavares carried to the St. Mike's 42 for a first down. St. Gelais, Keefer, and Tavares continued to pick up yardage on the ground until UVM reached the St. Mike's 30. St. Gelais lost a half a yard. A

(Continued on page 5)

## Cats Await SLU Sat., After 2nd Home Win

This Saturday the University of Vermont plays its second home football game of the year when they encounter the Scarlet and Brown of St. Lawrence. Both teams have one game under their belts, but the Catamounts are in a much better position as the Larries have been plagued by injuries during pre-season practice. Last week before they opened the season against a strong Union eleven there were eighteen men out of a 44-man squad on the injured list. Union defeated the Canton, N. Y., club by 25 to 16.

The Larries of Coach Paul Patten have eighteen veterans returning to the team and with the addition of sophomores such as Woodrow Zaros, a big 227 pound tackle and Robert Prevost, 195 pound fullback St. Lawrence should prove a capable foe unless more injuries crop up during this week's practice. The first string center, Buck Haley, was absent from the Union game and may not be able to start come Saturday. Jack Barron, Roy Last, and Marty Frost, all vital linemen, are also hampered by injuries of one form or another. Coach Patten will probably start the following (barring future injuries): Ollie Audet and John Moro at the ends. Chet Herwitz and Roy Last, tackles, Jack Barron (selected last year on the Cat's all-opponent team) and Tony DeMaio at the guard positions, Chuck Lee at center, Jack O'Loughlin at quarterback, Joe Guardino and Bernie Connors at the halfback slots, and Jack Metraw at fullback.

Vermont and St. Lawrence have been meeting on the gridiron since the beginning of the century. In those 48 years, during which there have been lapses in the series, U.V.M. has won 14 as against one victory for the Larries. There was one tie back in 1904 when the two schools battled to a scoreless deadlock.

Vermont should come out on top in this one, but it never pays to be too optimistic when it comes to the unpredictable game of football.

The University of Vermont opens its twenty-game basketball schedule against Dartmouth College in Burlington, December 3.

The University of Vermont basketball quintet plays New Hampshire, Rhode Island and Coast Guard on a three-game, pre-Christmas road trip.

The University of Vermont hockey sextet opens its 1950 schedule at Champlain College, January 11. Mike Kasap, an Illinois graduate, is Vermont hockey coach.

Through the 1948-1949 season, the University of Vermont basketball team under Coach John C. "Fuzzy" Evans had won twenty-eight straight state conference court games.

Jack Keefer (arrow) hangs on to the ball after crossing S.M. goal line in 4th quarter. Al Tavares (31), Capt. Stan Ursprung (86), Bob St. Gelais (44), Ken Lawson (65), and Hobie Cook at extreme right look on with joyfulness, Ed Krupinsky (32), Jack Heggarty (24), and Dick Klaess (38) of the Knights stand by rather helpless.

## Cornell and Army Loom as Top Teams of the East, While N. D. and Michigan Dominate West

By Winn Fingerit

From now until late November, a group of adults will appear on a grass and rock covered field for a few hours every afternoon in their attempt to bring glory to their alma mater. They will play a game known as football. The reason the game is called football is that in the days before unlimited substitution and the top platoon system some teams actually kicked the ball. Nowadays, a kick on fourth down is a display of weakness. Every year at the start of a new season, certain "experts" attempt to predict which colleges will have the top teams in the nation. I am one of those experts by virtue of the fact that I read more sports columnists than most other people. So on with the predictions which I hope will not prove too embarrassing.

### East

The top two teams should be Cornell and Army. Cornell, the Cinderella team of last year has their squad returned in full. A backfield of Chollet, Miller, Bradley and Fleischmann plus an outstanding defensive line will enable the state subsidized school that is "far above Cayuga's waters" to be the best in the East. Army has lost many regulars from last year's team, but the sufficient supply of man power at West Point should keep Army as one of the powerhouses of the East. The Collegiates from Hanover way, should have their finest season in years. Dartmouth boasts the finest backfield in the East but a lack of reserves up front may keep her from achieving greatness. With the loss of twenty-two lettermen, Pennsylvania figures to have a disappointing season. Harvard, with successive encounters against Cornell and Army, may prove to be the dark-horse entry. Boston

College is three deep at all positions and should do well. With the loss of passer Ed Finn, Brown doesn't figure to do as well as their 7-2 record of last year. With the loss of Kusserow and Rossides, the Goldust Twins, Columbia's fortunes are at low ebb. Jim Fuchs, Olympic shot putter and Levi Jackson, hold the keys to Yale's improvement. This season will see Fordham in an attempt to come back to big league football. Boston University may pull a few surprises this year.

### Midwest

Notre Dame and Michigan will again prove the merits of commercialized football by being the top two teams in the nation. All that can be said about these schools is that they're loaded. The Big Ten representative should be decided when Ohio State meets Minnesota since both Michigan and Northwestern are ineligible to return to sun-kissed Pasadena.

In the south, North Carolina, with the services of Choo-Choo Justice, should easily become the Conference, Champions. Strong competition will be provided by Wake Forest and Duke. Tulane has one of the finest teams in the Southwest and should win the Big Twelve Championship. Georgia, with a schedule that includes most of the weak teams, will win lots of games also. With close competition all the way, the Southwest Conference Championship will go to Southern Methodist. Rice and Texas figure to be the big trouble makers. The following teams now lead the pack in their attempts at glory: Oklahoma A. and M. in the Missouri Valley Conference, Colorado State in the Rocky Mountain Conference, and Southern California figures to rule in the Pacific Coast Conference.

## Sailing Club To Be Sponsored

The University of Vermont this fall will sponsor a sailing club for the first time in its history, it was announced today by Athletic Director W. L. Gardner.

Maj. William Evans-Smith, a member of the Vermont coaching staff, has been named the club's faculty advisor.

Robert Moore '51, Burlington, is acting commodore. William Schacht '51, Fanwood, N. J., is acting vice-commodore.

The Vermont Sailing Club schedule:

September 25, Middlebury at Middlebury; October 2, McGill, New Hampshire and Middlebury at Middlebury, or Williams, Middlebury and Dartmouth at Dartmouth; October 15, New England Freshman Dinghy Championships at Brown; October 23, Trinity, Wesleyan and Rhode Island State at Rhode Island State; October 30, Colby, Holy Cross and Dartmouth at Dartmouth.

### FOOTBALL PREDICTIONS

FOR SATURDAY, OCTOBER 1, 1949

	Bickford	Murdock	Fingerit	Kaufmann
Vermont vs. St. Lawrence	Vermont 21-7	Vermont 21-6	Vermont 14-0	Vermont 14-3
Middlebury vs. Bates	Midd. 13-6	Midd. 14-0	Midd. 13-7	Bates 9-7
Army vs. Penn State	Army 14-0	Tie 7-7	Army 13-7	Army 20-6
Tulane vs. Georgia	Tulane 17-7	Tulane 26-0	Tulane 27-14	Tulane 19-7
Washington vs. Notre Dame	N. D. 40-12	N. D. 33-13	N. D. 34-6	N. D. 35-18
Michigan vs. Stanford	Mich. 21-7	Mich. 20-0	Mich. 21-7	Mich. 14-0
S. M. U. vs. Missouri	S. M. U. 7-0	Missouri 14-12	S. M. U. 20-7	Miss. 16-14
Dartmouth vs. Pennsylvania	Dart. 21-19	Penn. 14-6	Dart. 24-14	Dart. 26-6

## UVM Varsity, Frosh X-Country Begins

By Glegg F. Fay

Cross-country hopefuls at U.V.M. have been summoned to the colors by Coach Archie Post in order that they may ready themselves for the six meet schedule lined up for them. Veterans from previous campaigns around whom Mr. Post hopes to mold his thinclads are: Capt. John Bellows, a cross country man from way back, and Earle Randall, who is sometimes referred to as "the human dynamo." Jim Porter, Bob Caswell, Edwin Wolcott, Dick Randall, Murray Lyon, Bob Farrell, Andy Buchanan, Frank Moran, Joe Brohan and George Rowell are also in training, and according to Mr. Post, will give the aggregation plenty of depth, which has definitely been lacking in previous years.

The varsity schedule is as follows:

Oct. 8—Union at Schenectady  
Oct. 15—Champlain at Plattsburg  
Oct. 21—Bates at Burlington  
Nov. 1—Conn. Valley Championships at Amherst  
Nov. 4—Massachusetts at Burlington  
Nov. 5—Vt. State High School Championships at Burlington  
Nov. 11—Middlebury at Middlebury

With their first meet scheduled for October 15 against St. Johnsbury Academy, fifteen freshman cross-country candidates reported to coach Archie Post. Meets have also been planned against St. Paul's Academy, Burlington, Danville, Waterbury, and Randolph High Schools and against the Middlebury freshmen.

The candidates are: Richard Allen, Burlington; Leurs Blowers, Horseheads, N. Y.; Richard A. Brock, West Barnet; Bruce Carroll, Burlington; Jack Durett, Burlington; Harvey Farr, Bristol; Coleman Gross, St. Johnsbury; Howard Hanscom, Haverhill, Mass.; Frank Leary, Jr., New Bedford, Mass.; John Maynard, Bakersfield; Allan Paul, Albany, N. Y.; Albert Saurwein, St. Albans; Melvin Wrisley, Charlotte; Charles Zabriskie, Jr., Ridgewood, N. J.; and John Skib, South Vernon, Mass.

### NOTICE

Students and other members of the University may still buy tickets for the Artur Rubinstein Piano Recital by applying at the Music Building, 70 Williams St., one block down from the Waterman Building.

Sports Slants

By Vic Murdock

Sweet Revenge

That roar that came up from the Vermont side of the field when little Jack Keefer went across the St. Mike's goal line is probably still echoing in the ears of the Purple. It was apparent all through the game that UVM was lacking that vital clog in any team—a spark plug—and Keefer seemed to be just what was needed to touch off the fire of victory. There were several players on the team that contributed much to the kneeling of the Knights. The defensive play of Art Collier, whose pass interceptions and deft line backing up was probably the best single performance of the game. Hobie Cook, George Schofield, Bill Robinson, Ed Comolli, and Capt. Stan Ursprung did a fine job in the line. Tavares did a fine job subbing for Frank Farrell, who was injured after making a fine interception of a pass. We could go on and name others, but the list would be too long.

Vermont now has a four to two advantage over the Knights in their thirty-three-year-old, bitter rivalry.

Capt. Stan Ursprung and Jack Daly, who took part in a radio broadcast before the game, got along fine together. The game was minus any exchange of blows, despite the fact that both teams hit each other with vicious tackles and body blocks. One of the toughest games on the schedule is out of the way, but there are several big hurdles left before the big one with Middlebury on November 11 rolls around. Union, New Hampshire, and Rochester are as strong if not stronger than last year.

St. Lawrence Next Foe

With the St. Mike's game a thing of the past the Green and Gold will go after its second home win of the 1949 season when they meet St. Lawrence this Saturday. In a series that dates back to 1901, UVM has been defeated only once by the Larries. UVM has won fourteen. Last year, over at Canton, N. Y., the Cats registered a 7 to 0 victory. St. Lawrence opened its season last week-end against a strong Union team and held the lead twice before losing 25 to 16. Keep your eyes on Joe Guardino, halfback, and Jack Barron, guard, they gave Vermont beaucoup trouble last year.

Glances Here and There

Jerry Agel, sports editor of the St. Mike's college paper last year, has decided that the UVM campus is more to his liking. He has replaced sports publicity director Phil Robinson, who has journeyed to Syracuse to continue studies in graduate work. We will all miss Phil, but a capable executive has filled his shoes. Glad to have you with us Jerry. Good luck! . . . Larry Killick, UVM's basketball immortal, has signed a contract to play with the Baltimore Bullets of the American professional basketball league. Larry went to the training camp in Cambridge, Md., this last week to begin practice. . . UVM began its football career on October 17, 1897, when they engaged Rutland Institute and played a scoreless deadlock. Since that time Vermont has won 144 games, lost 211 and 34 ended up in a tie. . . For the information of a local paper we would like to correct the following error in regard to Vermont's scoring less than one touchdown in a game since the defeat of Norwich, 33-0, in 1947. Last year the Cats scored two touchdowns to defeat New Hampshire 14-0, two against Rochester in a stalemate, and two against Middlebury in the finale. . . Ralph Lapointe, who batted .280 for Rochester of the International League, returned to the campus in time to see last Saturday's game. Ralph played second base for the Royals. . . UVM's ski team has started to prepare for the 1949-50 season. Coach Bob Searle's men are doing some cross-country work to get their legs in shape.

Two Illinois graduates pilot the University of Vermont varsity football eleven.

John C. "Fuzzy" Evans, who graduated from Illinois in 1932 after starring on both its varsity football and basketball teams, is Vermont's head gridiron coach.

Mike Kasap, an Illinois '47 grad and a member of the Illinois Rose Bowl eleven of that year, assists Evans and is head line coach.

Pete Plourde (13) of St. Mike's is about to be brought down on the U.V.M. 3 yard line early in the first quarter. Art Collier (21), Hobie Cook and Dave Banta (65) move in to make the tackle.

Cats' Revenge

(Continued from page 4)

pass on fourth down from Kehoe to St. Gelais picked up ten yards, but it was just shy of a first down and the Knights took over on their own 20. Penalties, timely pass interceptions, and an improved Vermont forward wall kept the Purple pretty well in check during the third stanza. The deepest the Winowski squad got was to the Vermont 30, but then Art Collier made one of his many interceptions when he stole Simas' pass on the Vermont 18. The period ended with Vermont in possession of the ball on their own 33.

Fourth Quarter

The first part of the last canto was pretty much of a kicking duel with Cote and Kehoe averaging about forty-five yards per kick. With six minutes left to go Heggerty got off a forty-eight-yard punt from his own 15-yard line; George MacDonald, UVM safety man caught it on about the UVM 40 and went straight down field to the St. Mike's 35 before he was brought down. Stan Kehoe then tossed the pigskin to big Stan Ursprung which was good for fourteen yards and placed the Cats on the St. Mike's 21. Kehoe dropped back again to pass and it was Keefer this time who did the receiving. He was stopped on the 4-yard line and it was first and goal to go for the Evansmen. Kehoe recovered his own fumble on the next play. A pass in the end zone to Ronnie Smith was incomplete. On third down Keefer went through a hole opened by right tackle Hobie Cook and right end Ursprung to knot the ball game at six all. Old reliable Stan Ursprung split the uprights with a perfect placement to give the Cats a one-point edge. Shortly after UVM kicked off to St. Mike's, Art Collier again upset the Knights' appercent by intercepting a last minute, desperation pass. He caught the ball on the UVM 40 and ran it back to the St. Mike's 35. Keefer picked up five yards and then eleven more on the next play to put the ball on the St. Mike's 19. Farrell made two through the center of the line. St. Gelais ran the ball to the 7 and UVM had a first down and goal to go. Keefer carried for a half a yard when the final whistle sounded. UVM 7, St. Mike's 6.

Line-ups:  
Vermont: Powers, C. Smith, R. Smith, 1e; Comolli, Ward, Trono, 1t; Banta, Carpenter, Corra, 1g; Dempsey, Robinson, c; Schofield, Lawson, Hines, rg; Cook, Williams, rt; Ursprung, Traverse, re; Collier, Kehoe, qb; Ballard, Cote, Keefer, lb; G. MacDonald, St. Gelais, Haddigan, L. MacDonald, rh; Farrell, Tavares, Miller, fb.  
St. Michael's: Knight, Hannigan, 1e; Forte, Whelan, 1t; Whitlock, Hannoosh, Ferris, Provansano, 1g; Klaess, Hermans, c; Maloney, Crombie, rg; Conboy, Daneuk, rt; Morris, Kateley, re; Krupinsky, Coggio, qb; Daly, Simas, Smithson, lb; Heggarty, Cunningham, Batts, rh; Plourde, Conley, fb.  
Vermont 0 0 0 7-7  
St. Michael's 6 9 0 0-6  
Touchdowns: Vermont: Keefer; St. Michael's, Heggarty.  
Point after touchdown: Vermont Ursprung (placement).  
Officials: Ed Jeremiah, Dartmouth, referee; Pat Del Vecchio, Norwich, umpire; George Allison, Colby, linesman; J. F. Howard, Wentworth, field judge.  
Time of periods: 15 minutes.

The University of Vermont initiates a Sailing Club into its athletic schedule this year.

STATISTICS

	U. V. M.	ST. M.
First downs	15	15
Yards gained rushing	105	132
Yards gained passing	57	99
Passes attempted	11	18
Passes completed	4	7
Passes intercepted by	5	2
Punts	7	5
*Average distance of punts	43.6	31.8
Runback of punts (yards)	47	114
Fumbles	8	1
Own fumbles recovered	6	1
Penalties	1	7
Yards lost, penalties	5	75

Edward P. Hume is Appointed to Staff Of Aggie College

Edward P. Hume has been appointed to the staff of the college of agriculture, University of Vermont, announces Paul R. Miller, acting dean and director. He will assist Vermonters with problems on flowers, shrubs and ornamental plants. He also will teach and carry on research in the field of ornamental horticulture.

Hume will arrive in Burlington September 19 to begin his duties as assistant professor of ornamental horticulture and ornamental horticulturist for the Vermont extension service and experiment station.

At present, Hume is supervising one of the largest plant collections in the Western Hemisphere at the federal experiment station in Mayaguez, Puerto Rico.

"I feel that I can accomplish some valuable work with ornamental plants," he writes. "The performance and winter hardiness of many species is not generally known for Vermont conditions. This information derived from comparative plantings and made available to the residents of the state in printed form should prove of considerable value."

During the war, the newly appointed horticulturist supervised the transplanting of many thousands of trees and shrubs for camouflage. He also prepared specifications for contract topsoiling and seeding of airport runway shoulders and camps.

Hume earned his B.S. and M.S. degrees at Cornell University, Ithaca, N. Y. He also attended the University of Hawaii, Honolulu, and Columbia University, New York City. He is a member of the Pi Alpha Xi floriculture fraternity, the Cosmopolitan Club and the Algonquin Lodge. He was born in Bombay, India, of American parents who were residing there temporarily. Hume is married and has three children.

NOTICE

On Tuesday and Wednesday, September 27 and 28, a sound film entitled "A Carnegie Hall in Every Town" will be shown free to all students and faculty members wishing to attend the performance at the Fleming Museum Auditorium at 4.00 p.m.

UVM NOTES

Student Christian Association

At the first meeting of the S. C. A. at 265 Waterman, plans were perfected for the first two events of the fall, the first of which is to be a picnic at Rock Point on Thursday, September 29. This picnic will be for acquainting new students with the officers and program of the S.C.A. There will be singing, picnic supper, and a brief worship service on the Point. Transportation will be provided by the S.C.A. The entire cost will be \$.50. The buses will leave Waterman at 4.15 p.m. and be back at 7.15 p.m.

On Thursday, October 6, a second meeting of the fall will be held in Southwick following a buffet supper. At this meeting, the purpose and activities of the S.C.A. will be outlined by the officers and there will be a service of installation of the new cabinet. There will be no charge for the buffet supper; similar meetings will be held throughout the year.

The officers and members of the association invite every student at U. V. M. interested in its purpose and ideals, to come out and support the Christian Association with their ideas and cooperation. These first two meetings will acquaint new students more fully with the purpose of the organization.

NEWMAN CLUB

This year's activities were given a rolling start with the Freshman Breakfast which was held in the Knights of Columbus rooms on Sunday, the eleventh of September, immediately after our Communion Sunday. Approximately 125 Frosh were introduced to the club and were formally welcomed by Miss Mary Sullivan and Dr. Katherine McSweeney.

A picnic at Camp Holy Cross on Sunday, the twenty-fifth, was well attended and much enjoyed by all.

The Newman Club participated in the inter-faith Chapel meeting last Friday and heard their program for the year outlined along with the other religious groups.

The regular Catholic Chapel hour is on Fridays from 1.00-1.20 in Room 239 Waterman Building under the direction of our Chaplain, Father Cosgrove.

If anyone has not yet joined the Club and is interested in doing so, they will be given an opportunity to become a member at the first monthly meeting on October 26. A membership drive will also be held in Waterman on September 29. A table for this will be located across from the bookstore.

Many tentative plans now in formation will prove for an interesting year.

MOUNTAIN DAY

Mountain Day, one of the older traditions on the U.V.M. campus, is once again to be a big fall event. For the past several years Mountain Day and Memorial Day have been one and same things, but this year October 2 has been set for this annual affair, sponsored by the U.V.M. Outing Club.

Busses will leave Waterman 9 a.m. Sunday, October 2, and will transport all members of the University family interested to the upper parking area on the Underhill side of Mt. Mansfield. Everyone planning to take advantage of this opportunity to climb the mountain is asked to bring his own lunch, but the Outing Club will supply cokes for all. Busses will return to Waterman about 5.30 p.m.

Several hikes will be organized on the mountain. Some will go up Maple Ridge; some up the Hotel Train; and some up Sunset Ridge.

Mountain Day at U.V.M. was originally held in the fall on Columbus Day. The students took leave of their classes and went on a hike. Later it became the custom to cut classes and climb Mt. Mansfield. They were still technically "on campus" since Mt. Mansfield, at least the summit, is university property. After the war the university recognized Mountain Day as a college holiday and it was changed to be held on Memorial Day in the spring. This year it is returning to the fall semester because Memorial Day next year comes in the middle of exams.

Tickets may be procured from the Outing Club ticket booth in the lower corridor of the Waterman building near the bookstore.

CAMPUS SING

Spirit and enthusiasm marked the Campus Sing, which climaxed the excitement of the first day of classes, September 16. In spite of rain, spirits were not dampened and the U.V.M. cage resounded with a type of spirit unsurpassed in post-war university history, spurred on by high-spirited, enthusiastic freshmen. All this points to a further strong comeback of school spirit which has been on the up-grade for the past few years.

The Campus Sing also marked the appearance of six recently added members to the cheer leading squad. Successful survivors of last spring's tryout period are Zoe Keniston, Cheryl Gelhaar, Carolyn Smith, Nancy Leming, Joan Kopp, and Virginia Smith. Old members of the team are Capt. Elly Hayslip, Reg Rider, Gene Gardman and Ron Ross.

# Sophomores Reign On Their Day, Hobo Day

## Sophomores To Have Special Privileges

Saturday will be traditional "Sophomore Day" or "Hobo Day." Upperclassmen and freshmen will have to watch the sophomores get the best things in campus life for a day, but all UVM students are invited to the Sophomore Day dance, the "Pigskin Parade."

From the time the first sophomore gets up in the morning until the last sophomore goes to bed at night, the class of '52 will enjoy special privileges. Sophomore Day is often called "Hobo Day," because it is the only time when sophomore women are entitled to wear dungarees on campus during their college career.

Sophomores will have the right to cut in at the head of cafeteria lines and will be the only students allowed to walk up the front stairs of Waterman. A section of the soda fountain will be reserved for the "almighty" sophomores. The Vermont side at the St. Lawrence game will have a special sophomore section on the 50-yard line. Sophomore women will be allowed an extra social evening to go to the dance Saturday night.

Only sophomores who purchase special identification tags will be entitled to Sophomore Day privileges. The tags will be sold for 5c each Thursday and Friday in Waterman to students who prove their '52 status. Tags will be checked at the game and in the cafeterias to eliminate any "pseudo" sophomores. Seats at the game will be held only until 1:45.

The "Pigskin Parade," climaxing Sophomore Day, will be held from 9-12 p.m. Saturday in the gym. The "Arabian Knights" will provide dance music.

Sophomore Day and the "Pigskin Parade" is sponsored annually by the sophomore honorary societies, Gold Key and the Sophomore Aides.

## Vt. Forums Open Third Year, Oct. 5 At the Auditorium

The Vermont Forums opens its third year October 5 at the Burlington city hall auditorium at 8 with the subject "Should We Re-arm Western Europe?" Speaking on the program are Pennington Haile, assistant director of the League of Nations Association and director of programs for World Wide Broadcasting, and Mrs. Ely Culbertson, chairman of the Citizens Committee for the United Nations Reform.

November's program is lined up with Raymond Walsh, radio commentator, economist and educator, speaking on "Do We Want More Government-Provided Security?" The opposing speaker November 2 is as yet undecided.

Marshall Dimock, outspoken campaigner for more public power, will be one of the speakers on "Does Vermont Need More Public Power?" December 7.

Since no state-wide forum is scheduled for January, the next confab will take place sometime in February, the topic for discussion, "Is Consolidation Essential To Solving Vermont's School Problem?"

"Is Asia Lost To Democracy?" is the topic for March, and for April the subject will be "Is Labor Leading Us To Socialism?"

Speakers for the last three forums have not been announced as yet nor definite dates decided upon.

ARTUR RUBINSTEIN

## Artur Rubinstein To Appear at Mem. Auditorium Oct. 29

Artur Rubinstein whom critics and audiences acknowledge as "one of the greatest pianists of all time" will appear in a recital sponsored by the Music Department of the University of Vermont on Friday evening, October 28 at Burlington Memorial Auditorium as part of his eleventh consecutive concert tour of the United States under the management of Impresario S. Hurok.

Mr. Rubinstein, who has been heard by more people than any other living pianist, began his career in his teens, acquiring a fabulous reputation throughout Europe before his American debut in 1906. Since then he has traveled more than a million and a half miles to play everywhere on the globe except Tibet. His RCA-Victor recordings sales average one-million dollars in a single year.

When not globe-trotting, the pianist lives at home in Hollywood where he is a lion at parties of the movie, art and literary circles.

In recent years he has added to his fame with his film performances, first as a "sound-track ghost" in "I've Always Loved You" and then as himself in "Carnegie Hall." In "Night Song," starring Merle Oberon and Dana Andrews, he played the Leith Stevens Concerto. In MGM's "Song of Love," a dramatization of the lives of Robert and Clara Schumann, Rubinstein supplied their piano performances as well as those of Johannes Brahms and Franz Liszt, in the style Rubinstein thinks each would have played it.

The pianist, who holds many honors, was cited a second time last year by the French government, when he was elevated from Chevalier to Officier in the Legion d'Honneur.

## Haugen Replaces Kroepsch as Dean Of Administration

One of the more elusive men on this campus, our present Acting Dean of Admission, Rolf N. B. Haugen, after several attempts by this reporter to see him, was finally "bearded in his den," as it were, and herewith are the results.

Still an assistant professor of political science here at the University, teaching a class in Inter-governmental Relations, Acting Dean Haugen will take the place of Dean Kroepsch, who is now at graduate school.

After graduating from high school in Minneapolis the spring of 1929, he started work for an investment house, a position which he kept until that memorable fall. He then started work as a part-time editor of a weekly magazine and attended the University of Minnesota. After a year and a half, he began work with the state banking department, but again the economics of the nation interfered in the form of the bank crash of 1935. He returned to the University, where he did graduate work as a research assistant developing a basic social science curriculum. In 1938 he attended Harvard as a George Chase Christian Scholar, and for two years, 1939-1940, was research assistant in the Bureau of Municipal Research of the Graduate School of Public Administration, at Harvard.

In 1940 he accepted the post of a political science instructor at Wellesley, but resigned two years later to take a position with the OPA. He was commissioned in the Naval Reserve in 1943, and from 1944-1946, served in the office of the Chief of Naval Operations in command of an LSD (Large Steel Desk).

He was married in 1941, and has two children, a boy, six, and a girl, two. The family at present is living in Converse.

## Chapel Will Feature Piano Concert by Married Couple

Elsa Kremers Bennett and Howard Bennett will give a two piano recital in the Ira Allen Chapel, Thursday, September 29, at 8.15 p.m. The program will include works by Bach and Brahms, Copland's "Billy the Kid," and Gershwin's "Rhapsody in Blue."

Elsa Kremers Bennett is a graduate of the University of Wisconsin, where she studied piano with E. L. Townsend. She did graduate work at Wisconsin and Radcliffe, and received her master's degree in composition at Vassar. She also

studied piano with Eduard Steuermann in Vienna. She has been a soloist with the Vermont Symphony Orchestra, playing the Grieg Concerto.

Howard Bennett took his bachelor's and master's degrees at Harvard, where he was awarded a traveling fellowship, studying composition in New York with Rubin Goldmark and piano with Clarence Adler. He studied piano with Franz Schmidt in Vienna and musicology at the Universities of Berlin and Munich and at Columbia University.

*Your* **REGISTERED JEWELER**  
*knows gem stones*

It takes years of study and specialized training to fit a nurse for her exacting duties. It also takes long experience and special study to become proficient in gemology.

When looking to buy a diamond or other gem stone, you'll find it greatly to your advantage to go to your Registered Jeweler. This title is given by the American Gem Society to only those jewelers who have qualified by study, experience and training. Yearly examinations are required. Highest ethical standards must be maintained. You can depend upon the friendly advice of your Registered Jeweler.

## 1949-1950 University Choir

Tryouts for the University Choir have been held and the following candidates have been chosen members of the group for the year. According to Professor Bennett several candidates who are not presently included, for the sake of balance, may be used later in the year. The results are as follows:

### First Sopranos

Bradley, Lorraine  
Davison, Rhoda  
Edwards, Joan  
Fink, Carolyn  
Graves, Elsie  
Guild, Shirley  
Morse, Gloria  
Pope, Bertina  
Randall, Jane  
Sweeney, Lydia

### Second Sopranos

Binning, Marjorie  
Blinder, Rita  
Goss, Cynthia  
Hanbridge, Alice  
Hard, Jean  
Lancot, Shirley  
Stone, June  
Whitney, Barbara

### Altos

Aronson, Judy  
Bremer, Mary  
Crowley, Ann  
Freeman, Betty-Jean  
Hayn, Lois  
Huse, Josephine  
Miller, Marilyn  
Newhall, Susan  
Parker, Charlotte  
Stone, Constance  
Warren, Linda

### Tenors

Brown, Donald  
Kelly, Joseph  
Peabody, Franklin  
Stanciff, Merton  
Trombley, Henry, Jr.

### Basses

Barker, Frank, Jr.  
Caswell, Robert  
Emerson, John  
Farnham, Romaine  
Farnsworth, Harlan  
Gear, Charles  
Hayes, Jerry  
Hull, Leon, Jr.  
Jones, Ralph P., Jr.  
Moore, John  
Newhall, David  
Perry, Carl  
Ruzicka, Herbert  
Saénz, Manuel, Jr.  
Sweetser, Evan  
Terino, Raffaele M.  
Tillotson, Chester  
Wheeler, David

This year the choir meets only on Thursday evenings, from 7 to 9 p.m. in the Ira Allen Chapel. The choir made its debut at the vesper service on Sunday September 18 and as usual will officiate at the weekly chapel services held in the chapel at 1 p.m. on Friday afternoon. The first concert will be a secular concert planned for November 3.

## Danforth Foundation Fellow Helps UVM Religious Program

For the third time the Danforth Foundation of St. Louis, Mo., has honored the University by sending a graduate fellow to help in the religious program. In 1945 a graduate of the University of Colorado was sent to the campus, in 1946 a graduate of the University of Tennessee. This year the Foundation has sent us Miss Mary Ruth Coffman, a graduate of the Southern Illinois University at Carbondale, Ill. Her home is in Norris City, Ill.

She has come to the campus almost directly from an extended training period at Camp Miniwanca, Shelby, Mich. under experts in college religious work who recommend her highly. Miss Coffman

has served at her own college in the Student Christian Foundation, as YWCA president and as state board member of the YWCA. She has worked on deputation teams of the Student Christian Foundation, and was on the steering committee for Religious Emphasis Week. She has taught vacation Bible school for two summers, and has participated in dramatics, debates, public speaking and reporting.

Mary Ruth has a desk in the Religious Life Office and will be available for counselling and for assistance to the religious groups on campus. She will also visit neighboring schools and be in attendance at conferences in New England.

### STUDENT COURT ELECTIONS

Seven new Justices will be elected to the Student Court in a school-wide election to be held Thursday, October 13. Of the seven, one junior and one senior will be elected from the College of Arts and Sciences, one Junior from the College of Technology, one junior and one senior from the College of Agriculture, and two juniors from the School of Education and Nursing. The Juniors will be elected for a term of two years. However, as the seniors will be filling vacated seats on the court, their terms will be for only a year.

Petitions are now available in the information booth. A prospective candidate must obtain 100 valid signatures from undergraduates of any of the various colleges (not necessarily his own college). Also, a prospective candidate must have an overall average of 75 per cent to qualify for nomination. All petitions are

due Saturday, October 1, at 12:00 noon, and should be placed in the Student Court Box in the information booth.

It has never been the custom for Student Court candidates to electioneer, as is customary for other school elections. However, every nominee should plan to have a picture, and a small placard, bearing his name, class, college, and school activities, both to be displayed at the polls during the day of elections.

The Student Court is the judicial branch of the University of Vermont Student Government. Its jurisdiction is derived from the University Council, as is that of the Executive Council. This jurisdiction is stated in the constitution of Student Government.

The present members of the Court are Chief Justice Robert Condon, and Justices Charles Carlton, Charles Traverse and Stuart Moffit.

## Chapel Hour

The first chapel hour of the fall term Friday, September 23 at 1.00 p.m. was given over to the three faith groups, Catholic, Jewish and Protestant, to present their programs to those interested in the Hillel Foundation, the Newman Club and the Student Christian Association. The presidents of each organization

outlined the plans of his group for the year so that new members as well as old might know what to expect. M. Stanley Susskind spoke for Hillel, Thomas Breen for Newman Club, and W. Scott Mahoney for the Student Christian Association. The advisors of the three groups, were present.

## Work Forges Ahead On University Apts. Rock Blown To H---

With more than 100 employed at the site of the construction of the University Apartments, there is great activity in accelerating the construction to get at least a few units ready for occupancy October 1. Several hundred pounds of dynamite were used to blast a heavy vein of rock. This was entirely unexpected and, according to a spokesman for the firm of Shields and Doherty, Inc., the subsequent blasting delayed construction at least five or six weeks.

About 95 per cent of those employed are from the Burlington area.

The concrete has been poured for eight foundations, and the footings ready in three additional units. A mill is located on the property which prepares all the lumber for the sidewalls. The sidewalls are pre-constructed and then hoisted into place.

Almost all the interior equipment for the 92 units is already on the site.

## Fleming Museum Opens Colorful Exhibit Featuring "Merci" Gifts

A collection of items from the Merci Train, Vermont division, went on exhibition Saturday in the main court of the Fleming Museum. The colorful group was donated by the French people to express thanks for America's present, the Friendship Train, which brought food to the hungry citizens of that country.

Included among the 17-odd articles, brought here from the Vermont Historical Society in Montpelier by Horace B. Eldred, museum director, is a knotted red, white and blue silk cord, symbolic of France-American friendship. It was woven from strands of two flags flying in Paris in 194 when the American troops freed the city.

This, together with a large doll dressed in the regional costume of Normandy, which will be added to the museum's doll collection; a black lace parasol and two Louis XV fans (faintly reminiscent of badminton rackets), is expected to go on permanent display. The collection as a whole, Eldred said, will probably be exhibited for a two-week period.

Most of the gifts bore a short message

from the donor written in French. An exception was the note from a fond mother, writing in English for her son, that he hoped Christmas would find some little American boy happily playing with his toy soldiers.

A French painter, who sent a small metal bust, also wrote in English that he had spent much time traveling and lecturing in the U. S. and had passed through about 40 of the states.

A group of etchings and lithographs, also brought from Montpelier, will be shown separately later.

Many articles sent to the U. S. in the Merci Train are valuable antiques and museum pieces, while others were made by the French especially for the occasion. All represent a French "thank you."

## Hamblin Estimates Enrollment at UVM Exceeds 2,800 Mark -

Although total enrollment figures will not be released until today, Registrar Frank M. Hamblin stated Thursday there were definitely more than 2800 students, including transfer, freshmen, former and graduate students, registered already at U.V.M.

This estimate does not include those enrolling in pre-clinical nursing, dental hygiene, medical school or late former students. Normally late registration, held Friday, would number between 50 and 75, Hamblin explained, but also cited the case of an interfering blizzard two years ago which delayed the registration of some 200 students.

Strangely enough, although about 200 more registered Thursday, September 15 than Wednesday, enrollment was completed earlier on Thursday. Over 100 student workers assisted in the eight steps of registration, about 225 persons passing through the assembly line every hour.

## Kelley, University Treasurer, To Have Budget Headache

The new treasurer of the University of Vermont is Mr. Levi Kelley, former treasurer of the State of Vermont from the years 1943-1949. Before holding this office, Mr. Kelley was deputy treasurer, and has been in the state service since 1925. Elected in June, 1949, Mr. Kelley did not take office until September 16, as he was settling accounts with his successor in the state department.

It is now the function of the treasurer to prepare the University budget, whereas between the years 1946 and 1949 it was the president's duty. This decision was made at the last meeting of the Board of Trustees, declared Mr. Kelley.

The new treasurer and his family are living temporarily at 25 Colchester Ave., the residence of the president of the University, which was unoccupied this year. He has five children, four boys and one girl, who attend college, high school, and grammar school, respectively.

# LUCKIES PAY MORE *to give you a finer cigarette!*

**Yes, at tobacco auctions Lucky Strike pays millions of dollars more than official parity prices for fine tobacco!**

There's no finer cigarette in the world today than Lucky Strike! To bring you this finer cigarette, the makers of Lucky Strike go after fine, light, naturally mild tobacco—and pay millions of dollars more than official parity prices to get it! So buy a carton of Luckies today. See for yourself how much finer and smoother Luckies really are—how much more real deep-down smoking enjoyment they give you. Yes, smoke a Lucky! It's a finer, milder, more enjoyable cigarette!

**CURTIS A. WALKER**, veteran independent warehouseman of Wendell, N. C., says: "Season after season, I've seen the makers of Luckies buy fine tobacco . . . tobacco that makes a mild smoke. I've smoked Luckies myself for 20 years." Here's more evidence that Luckies are a finer cigarette.

BURLINGTON, VERMONT, WEDNESDAY, OCTOBER 5, 1949

NUMBER 22

## Enrollment Rises Two Per Cent Over Previous Student Body

### Freshman Class With 791, Largest At UVM

A total of 3,248 students is enrolled at the University of Vermont for the fall semester, according to figures released by Registrar Frank Hamblin, who said this is an increase of about two per cent over last year. Last year, 3,189 students were registered.

The figure includes those in the four undergraduate colleges, special students, graduate students, medical students, resident fellows in the medical college, pre-clinical nurses, and school of dental hygiene students.

Although enrollment figures went up, the number of veterans enrollment decreased sharply. This year 1,000 ex-GI's were registered as compared to 1,527 last year. This includes only those who are candidates for degrees. Twenty of the vets are women.

The undergraduate registration totals are almost equal to last year, with 2,794 enrolled as freshmen, sophomores, juniors or seniors. Last year there were 2,798 undergraduates.

Freshman enrollment is less this year than last, with 751 students registered, as compared with last year's 803. And there are 189 more seniors, for a total of 694. There are 687 juniors and 662 sophomores.

The number of veterans registering has declined steadily each year. In the senior class there are 470 vets, while there are 295 in the junior class, 194 in the sophomore class, and 123 in the freshman class.

The College of Technology has the largest number of veterans, 502. There are 297 in the College of Arts and Science and 151 in the College of Agriculture.

About two-fifths of the students who are candidates for degrees are from out of state, according to Hamblin's report. Those enrolled from Vermont number 1,703, while out-of-staters, account for 1,091.

## Prof. John H. Kent Appointed Head of Classical Dept.

The appointment of Prof. John H. Kent as Roberts professor of Classical Languages and Literatures and head of the Classical Department at the University of Vermont and State Agricultural College was announced recently. The appointment, which is effective as of the year 1950, was ratified by the Board of Trustees at their regular August meeting.

Professor Kent, who is a native of Nova Scotia, attended Dalhousie University in Halifax and received his B.A. and M.A. both with honors in classics, from Queen's University, Kingston, Canada. He took his Ph.D. in ancient history at the University of Chicago, and has spent three summers at the Institute for Advanced Study in Athens, Greece, doing research in Greek and Latin Epigraphy.

During his teaching experience, he has been lecturer in Classics at Dalhousie; Classics Master at Rothesay Collegiate School, New Brunswick; instructor in ancient history at the University of Chicago; and Classics Master at the McCallie School, Chattanooga, Tenn. Since 1945 he has been at Southwestern at Memphis, first as associate professor, then as professor of Latin. He is the author of a number of articles having to do with classical research, and is now completing a book on the subject of recently discovered Corinthian inscriptions.

## Vermont Varieties Inaugurates Third Year On Oct. 13, 14

Much enthusiasm and interest is being shown by numerous students and faculty members in the Third Annual Vermont Varieties show sponsored by the UVM Dramatic Club. After viewing many of last week's tryouts, many felt that a fine show is in the offing. Various musical acts and talent-jammed, attractive novelty numbers will comprise the bulk of the program. Many vocal and dancing numbers in addition to comedians, magicians, acrobats, and other numbers are in lively competition for a spot in this year's edition of the show.

### Curtain Time

The first curtain will go up Thursday evening, October 13, at 8:15 p.m. at Southwick Auditorium. The starting time on the second night, Friday, October 14, has been changed to 8:45 p.m., one-half hour later, to allow students and faculty members to attend both the show and the big Pep Rally for the Norwich Homecoming Day game.

Since all seats are reserved, it is advisable to buy tickets well in advance. Tickets will go on sale in the Dramatic Club ticket booth in the lower corridor of Waterman on Thursday, October 6. Tickets sell for 50c and 75c, tax included.

The show is under the direction of Ronald H. Humphrey of the UVM Speech Department.

Dramatic Club members working on the production include—House and Programs: Tom Kent, Chairman; Les Culver, Francis G. Bell, Ruth Goldberg, Audrey Campbell; Tickets: Shirley Gleason, Chairman; Jean Newmeyer, Nancy Leming, Pat Greenup, Stella Ostrowski, Calvin Tikley, Ernestine Genine; Publicity: Bob Arthur, Chairman; Bob Taisey, Jean True, Maryjane Borah, Faith Allen, Arloa Dean, Marilyn Rosenberg; Staging: Neil Towne, Chairman; Mary Ann Browne, Andy Doe, Joan Coffman, Al Hurley; Lights: Bill Shoemaker, Chairman; Rita Blinda, Ken Pierce, Bill Riddell, Bradford Solmonsom. Members for the Makeup Committee under the chairmanship of Pam Crandall and the Costumes and Properties Committee headed by June Stone will be announced at a later date.

## Mass Meeting To Explain Sorority Rushing To Frosh

A mass meeting Wednesday October 5 at the Ira Allen Chapel at 7:15 will start off women's rushing this year. All freshmen, transfers, and all other girls interested in rushing should go to the meeting. Rushing procedures and finances will be explained.

Sorority conducted tours will take place October 8 and 9. Girls will spend some time at each of the houses, getting acquainted with the members, their songs, and looking over their scrap books and ours.

Sorority open houses will occur Sunday October 23 and informal parties will follow soon after, on October 27 and November 2. Houses will again be opened to all interested November 6, after which the formal parties will be held. Each sorority has its formal party on a different night, and these start November 10, continuing through November 19. Bidding takes place November 22.

## Marshall Plan in Action Completes Its Second Successful Summer Abroad

### Dot Brau Tells of Experiences Abroad

Photo by Hazleton  
Dot Brau

Before you, is about to unfold a most interesting and eventful trip taken this summer, by Dot Brau, to Europe. The purpose of this trip was to give the American students a chance at International living.

Dot's boat left Quebec on June 25 and nine days later she arrived in La Havre, France. While on the boat, she and 300 other students were divided into small groups of ten and given information about the customs, ways of living, and character

### Five Faculty Members, Fifty Students Make Trip To Europe; Return In September

It's been summer No. 2 for the Marshall Plan in action here at U.V.M.! This time, five faculty members, fifty students, and three wives made the European air trip on the sixteenth and eighteenth of July.

The summer program, which included a week in London, two weeks in Birmingham, and two weeks in Holland, with ten days left for sightseeing in any part of Europe, was directed by George C. Grosscup, Asst. Prof. of Economics. The faculty members making the trip along with Mr. Grosscup were Paul D. Evans, Prof. of History, Florence Woodward, Asst. Prof. of Economics, L. E. Knollmeyer, Asst. Prof. of Economics, and H. C. Gary, Asst. Prof. of Economics, who did not return to U.V.M. this year.

### England Popular With Group

Of the countries visited, England seemed to be the most popular with the group. Post-war England finds meat and eggs still rationed and high-priced, and a limited food supply in general. The typical London table features foods rich in starch with protein-building foods definitely lacking. Children are given preference in food, especially in milk. At one time, when Mr. Knollmeyer was lucky enough to eat half an orange, it was considered unusual. Despite this, the English people have five meals a day: breakfast, coffee at 11:00, lunch at 1:00, traditional tea at 4:00, and a late dinner. A general impression of England is that there is no "primary" poverty—that is, there are no families dependent on the government for food; every family has enough of an income to keep in good health. This is probably due to the fact that what food is in existence is equally divided, and, to all appearances, the black market is not employed. Mr. Grosscup, who was part of the initial Marshall Plan trip to Europe in 1948, comments that because of the Marshall Plan, material circumstances have improved, and on the whole, the morale of the people is elevated. There is still a feeling of unrest, not, as in last summer, of a skepticism of the Plan, nor a fear of Russia, but rather an insidious type of unrest, affecting those in the governmental levels—more of a technical unrest, arising from the British financial crisis. The average man on the street is not aware of the critical financial situation—it does not affect him directly. He is only conscious of it in that he reads about it in the newspapers and hears people discussing it. But to move on to a lighter and more attractive view of English life, we follow our group to Cambridge. There we are met by a student

in full academic gown. The gown is required of all Cambridge students when they leave the university grounds. Another unusual feature is that the windows are barred—once a student is in for the night it is impossible to leave, for unless he remains a prescribed number of hours in his room, he risks being awarded a degree.

### Miss Woodard Tours France

Traveling on to Holland and stopping at the University of Leiden for lectures, the students found the food situation considerable better than in England. There is a more plentiful supply of bacon and eggs, although it is still shy as far as the American home is concerned. France, too, seemed to be more economically stable although there were still evidences of poverty among the children. According to Professor Evans, the railroads are as good as they were 20 years ago; there are huge numbers of travelers, even though there is much reconstruction being done in ports and bridges. The French women, surprisingly enough, are not as well dressed as fashion magazines lead us to believe. Cloth is exceedingly high and the practical tweeded woman of Britain has taken a stand over *la femme chic* of Paris. Miss Woodard was perhaps luckier than the rest, in that she spent a week motoring through France, starting at Rouen, across to Normandy and Ste. Michel, then southeast to Patois as far as Avignon and down the famous Riviera. France held a thrill for Mr. Grosscup too—especially, he states, the view down Grand Avenue in Versailles, past the formal gardens and statues to the magnificent lagoon where one can see the horizon—all man-made and devoted to the exclusive use of a privileged class.

### Economic Situation Better

On the whole, Professor Evans feels that the situation is better than was anticipated. The average European is not living in desperation. The class with the fixed income suffers most from the inflation, while the peasants, who can always sell to the public, are better off. However, there is still a great deal left to be done in reconstructing Europe and to do this, she must continue receiving help from us.

The group found this year's trip more interesting than the previous one, and although there was less to see, there was more time to digest what was seen. It is hoped that these trips will continue, perhaps expanding to include more emphasis on the modern social problems and relationships in western Europe, thereby affording a new slant to the psychology and language student as well.

## Tryouts For UVM Orchestra Held This Week at Music Bldg.

Tryouts for the University Orchestra are being held from Tuesday through Friday of this week at the Music Building, 70 Williams St., from 4:30 to 5:30 in the afternoon.

The orchestra is scheduled to play Thursday, November 3. There can be no additional tryouts, therefore, after this Friday. All candidates, including former members, are expected to try out.

Rehearsals are held once a week, on Tuesday evenings, from 8:00 to 10:30, at the Ira Allen Chapel. Membership in the orchestra carries one semester hour of college credit.

Students, members of the faculty, administration, and staff, as well as residents of Burlington, are eligible for membership.

## Mountain Day Sees 125 Students Climb Mount Mansfield

An unforgettable autumn Sunday will be recorded by many weary sunburned people as Mountain Day, October 2. Four buses were chartered to take the eager hikers to the foot of Mt. Mansfield in Underhill, from where groups divided and struck various trails, all leading to the Ridge Hotel and Octagon at the top. The chair lift was still in operation and the Octagon was open (for the benefit of skiers).

"The foliage was gorgeous," reported a freshman, of whom there were many, "and there were many camera fiends. One fellow even brought his portable radio!"

Cokes were furnished by the Outing Club, to whom the hikers are indebted for the idea and the carrying out of Mountain Day.

All editorials and business communications must be signed and addressed to the proper department head at the Vermont Cynic Office, Waterman. Brief notices must be handed in at the office not later than 8 a.m., Thursday. Office Telephone 5000—Extension 344.

Founded in 1883. Published weekly during the college year. Subscriptions \$2.50 a year; single copy, five cents. Acceptance for mailing to points outside Burlington at special rate provided for in Section 406 P. L. and R. Act of March 3, 1879, authorized October 14, 1926. Publication Office, 187 College St., Burlington, Vt.

## A Challenge II

(In the first article on this subject which appeared in the last issue of the CYNIC, the two-fold position of the University the source and testing place of ideas and 2) an ideal society in embryo modeled on our outer society was pointed out. An analogy between the University community and society was made. The question, 'Is anything wrong in our setup?' was posed.)

But having posed the question concerning the student as an individual, may we not go to other phases of the University-community and look at our 'boss' (the Faculty and Administration)? Does our University in many of its policies represent rather some of the practices which we, from a detached viewpoint, see as cause for some of the vices in modern society? For, behind our teaching practices is there any one clear-cut philosophy concerning how this 'job' of teaching and learning shall be carried out? Is there any concern given by the University over the general underlying concepts of how this task is to be carried out? There is, to be sure, some concern over its actual administration but can we boast of a philosophy in education which might even compare with that of the University of Chicago?

Or, to investigate the actual administration of this task, can we even be assured that our 'company' (the Administration) has much concern over the practices of its 'foremen' (the Faculty)? Does it really make much difference whether an instructor does fulfill even a modicum of the qualities of a good teacher? Do even the deans and the heads of departments have the proper control over the policies of their Faculty, or is it an accepted phenomenon that a course with one instructor will practically assure a passing 'grade,' whereas a course from another instructor teaching the same curriculum almost assures a considerably lower mark?

And considering the possibility that an instructor may possibly recognize in himself some pedagogically-undesirable quality, does he receive the opportunity to face these things and overcome them?

And lastly, has our University ever considered the possibility that the relationship of its facilities to the total number of students may be a contributing cause of some of the difficulties? Or is it simply expected that a graduate student will have to fare as best he can while struggling to find suitable opportunity to use the necessary facilities of a library, or that a music student must bide his time waiting for someone-authorized-to-play-the-records before he even attempts his homework?

But our 'company' is not the only one falling short of its mark. In our political organizations does the average student attempt to shoulder some of the responsibilities that the Administration must shoulder? Have we shown any willingness to govern ourselves in regard to determining official study hours or deadlines for arriving back at a dorm? If the average student actually is incapable of deciding these matters and providing the necessary controls to assure their functioning, why not initiate some form of honor system where incentive to act according to self-initiated rules plays the major part? In the present situation, wherein we must be told what is right we continually seek the loopholes in the letter of the law; we become, paradoxically, educated for dishonesty. This honor system need not be of the trial-and-error sort which some of our so-called progressive schools foster, but it would provide the student at least the opportunity of responsibility to the group.

To examine two of our major political organizations, Student Government and Student Court, very elementary weaknesses may be pointed out. Our Student Government has more power than those of many other 'governments' of other schools. But its one real jurisdiction over students is its authority to decide how money shall be spent. Its members are numerically representative of the students; yet the average representative of the Government lacks one essential characteristic of any good legislative body: the willingness to prepare himself with as many facts possible for and against an issue. Too many times the only evidence presented is hearsay evidence; opinions spring strictly from the immediate personal biases of the representatives. Furthermore, there seems to be no real system of 'checks and balances' between the Government and the President of Student Government. There 'seems' to be none, for if there were any codified provisions to assure this, the present President could never be allowed to assume so much authority in making decisions by a Council no matter how naive. The fault seems to be one of structure, and President Costello seems to be making the best of a bad situation. If a structural fault, there is always the hope that it can be corrected.

As for the Student Court, it is a court which sincerely tries to mete out justice. It is 'student' in name only, however, for it neither has jurisdiction over all students nor does a student tried by another 'court' have the right of appeal. Thus, a woman may be tried by a women's court, or a man living in a dorm may be tried by the dorm council. Still other cases are simply 'handled' by the Administration.

(This is the second of a series on this subject)

## Inquiring Reporter

Two weeks ago when school opened again after the summer vacation, and the upperclassmen came tripping back to classes they probably noticed many changes around campus. Among these changes were new faces, most of which belonged to freshmen. The old students probably formed opinions about the freshmen that they met, but probably few, if any, realized that their new acquaintances had ideas about them, too. Therefore, the question for this week asked of freshmen is, "As freshmen, what do you think of the upperclassmen that you have met so far?"

Joyce Harrington, Woodstock, Vermont:

"I haven't met too many as yet, but I like all that I have met so far. They all seem very friendly and helpful. By saying 'Hello' when they see you on the street they make you feel at home."

Rita Blinder, Elizabeth, New Jersey:

"Being a freshman, I find it very hard to think. (reporter's note: Paused to collect her scattered thoughts.) The upperclassmen that I know make me feel like I'm a part of UVM, and not just a nuisance. They also have been friendly and helpful to me."

Stanley Nilsson, Proctor, Vermont:

"Well, I met some very nice upperclassmen last night at the Aggie Club. They were very friendly to all the newcomers. They came around and introduced themselves to us. I'd like to be one, but you have to work hard to get there. You have to struggle for a whole year, and then work twice as hard once you get there."

## THE WHIRL OUTSIDE

By MONTONE

LIKE FATHER LIKE SON

Michael Newton, South Windham, Vermont:

"The upperclassmen seem to act like everyone else. Some are good, some are bad. They seem to know what they are doing. Sophomores are mouldy! Of all the upperclassmen that I have met the graduate students treat me the best."

Nan LaFontaine, Manchester, Connecticut:

"I think they are more friendly than the upperclassmen on other campuses that I have heard about, but I do think they could be a little more considerate when walking to and from classes. Some of the upperclassmen seem to think the freshmen don't know very much; which we don't. My upperclassmen dates have been very nice ones. The fellas treat you as their equal."

Walter Meyer, Townshend, Vermont:

"Freshman women are more friendly than upperclasswomen, and the upper-class fellas are very easy to get along with if you keep your mouth shut, your eyes open, and your beanie on. Although I think well of the upperclassmen they still think of us as kids."

## Letter To Editor

September 26, 1949

Members of the administrative, secretarial, and clerical staff have directed my attention to the fact that no formal opportunity has been given them to select tickets for the Artur Rubinstein piano recital sponsored by the Department of Music.

On September 19, mimeographed letters were prepared and directed specifically to the administrative, secretarial, and clerical staff, as well as to the faculty. The letters were sent as first class mail in envelopes prepared by the University's electrical addressograph. I have learned only today that although the machine contains names and addresses of the officers of administration, it does not contain the names and addresses of administrative, secretarial, and clerical workers.

I assume full responsibility for our failure to reach you, and can offer as an explanation only the fact that I sincerely believe the use of the addressograph to be the most completely foolproof way of reaching the entire University family exclusive of the student body.

I need not say that every effort will be made to fill your orders with the best seats available at the price you designate. Please, telephone, write, or visit the Music Building and feel free to select your seats directly from the seating plan of the auditorium. If you find it inconvenient to leave your post during business hours, I shall be glad to have the seating plan brought to your office on request.

Very sincerely yours,  
IPPOCRATES PAPPOTSAKIS.

## Compulsory Chapel?

After two weeks of religious services at the Ira Allen Chapel, the question of compulsory attendance at some form of Chapel service has again reared its head. The most recent justification for the renewal of the whole subject was the difference in attendance at the two services already held in the Chapel: whereas the Chapel was crowded for the first service which took place during Freshman Camp, a grand total of, perhaps 100 students turned out for the second service.

The argument for compulsory attendance is a sound one; not only from the religious angle, but as much from the fact of providing the average student a common cultural background—embracing all phases of life from which the student may benefit. Cynics may deplore the lack of good speakers and the resulting lack of food for thought. However one fact remains: a good attendance would naturally assure good speakers.

Last Friday, President Lyman initiated a new series of talks by the faculty—a practice long popular at other colleges—at the regular Chapel service which started at 1.00 p.m.

## Elizabeth Wilson, RN Appointed Director Of Wasson Infirmary

New to the University this year is Miss A. Elizabeth Wilson, who was appointed to the post of director of the Wasson Memorial Infirmary, August 15. A Bishop DeGoesbriand graduate in '33, Miss Wilson comes to U.V.M. with a wealth of experience gained at Porter Hospital in Middlebury. While there she held the positions of operating room supervisor, director of nursing service, and, most recently, general superintendent of the hospital.

Two innovations that have been carried out since Miss Wilson's arrival are the employment of a cook so the infirmary can have its own food service, and the addition of a permanent staff of four nurses. A secretary and five doctors complete the personnel working at the infirmary.

A native Burlingtonian, Miss Wilson was brought up in Leicester, Vt., and besides her work at Porter Hospital has taken a course in hospital administration at Beth Israel Hospital in Boston and also did private duty for two years.

She smilingly said, when interviewed by the CYNIC reporter, that she greatly prefers institutional work because of the regularity and the contact with people. Students she finds very cooperative and enjoyable and though the infirmary can house twenty-two students, she hopes that no serious illnesses will occur to fill the building.

Of interest to students is the statement Miss Wilson made that effort is going to be made this year to get the patients well and out of the infirmary as rapidly as possible, and that students may feel free to go to the "sick house," hours eight to eight, or anytime for emergencies.

## Kelley, Post To Fill Windfall Positions For Coming Year

The election for the second time of an editor of *Windfall*, this time Jerome Kelley, high-lighted the first meeting of the year Tuesday evening, September 27. This was due to the fact that Dave Sullivan, who was elected last year to the position of editor, is not back at UVM this fall.

Three nominations for editor were made: Larry Van Benthuyzen, who declined to run; Frank Rost, and Jerome Kelley, who was not present at the meeting. Kelley, however, when contacted, was willing to accept the nomination, and subsequently was elected by a majority.

The position of secretary, to which Lucy Thornton was elected last spring, was also open, and by unanimous vote, Dottie Post was chosen to fill the office.

Present at the meeting was Miss Betty Bandel, member of the English department, and faculty advisor to the organization.

The meeting was informally conducted by Larry Van Benthuyzen, poetry editor who stated that Writers' Workshop and *Windfall* would function jointly and that contribution boxes would again be open for all comers so that work of people not attending workshops can be published.

Several suggestions were also put forward, such as the question of art in *Windfall*, and the running of a contest to stimulate interest and serve as a medium of publicity. Miss Bandel suggested that a set of by-laws be drawn up for the administration, which wants to know the aim and principles of every organization on campus.

## Council Announces Rules For Fraternity Rushing

The Interfraternity Council meeting for all men attending the university who are interested in joining a fraternity will be held Wednesday evening, October 12, at 7 p.m. in the men's gymnasium. At this time the rushing rules will be fully explained and any questions concerning rushing will be answered. All men who wish to take part in the rushing period must submit their names at this meeting so that their names can be arranged in groups for the first rushing period.

The full men's rushing schedule is as follows:

First rushing period starts on Monday, October 17 and runs through Friday, October 21. A "hands-off" period will exist from October 21 to Monday, November 7.  
Second rushing period starts on Monday, November 7 and runs through Wednesday, November 9.  
Rushing banquets will be held Monday through Wednesday, November 14, 15, and 16.  
At noon on Thursday, November 17, all men wishing to join a fraternity will fill out in the presence of the faculty advisor a list of his choices in order of his preference and shall pay a \$1.00 fee at that time.  
The men and the houses shall be notified of the results of rushing at a later date. Actual bidding takes place on Saturday, November 19.  
The complete rules for rushing, as approved by the Interfraternity Council October 24, 1947 and revised by I.F.C. January 25, 1949, are as follows:

1. In the rules when reference is made to "Freshmen" or "rushes," it shall be construed to mean all men entering the University of Vermont for the first time, or such men as have not been subjected to a formal rushing period, except such men as are already members of a fraternity represented on the council.
2. During the 30 days prior to registration and thereafter until one week following pledging, no fraternity man or pledge shall discuss under any circumstances, matters concerning fraternity, rushing, or pledging of these freshmen, except at times designated by the Interfraternity Council as rushing periods.
3. At a date designated by the Interfraternity Council, a meeting will be held for all undergraduate men regularly enrolled in undergraduate colleges who are interested in fraternity.
4. Following this meeting, the committee will arrange those men interested in fraternity into blocks, each block scheduled to visit fraternities according to a pre-arranged schedule. THAT EVERY MAN SO SCHEDULED SHALL VISIT EVERY HOUSE SHALL BE MANDATORY.
- Each fraternity shall be provided with a copy of this schedule and the names of the men to appear prior to the first day of rushing.
- Should a freshman fail to appear as scheduled without a valid excuse, he shall be considered to have forfeited his chance to take part in the current rushing program, and further, shall not be extended a bid until such time as he shall have been subjected to a formal rushing period.
5. On the days scheduled and the times designated, the freshmen will be present at the fraternity houses. These days will be known hereafter as the "First Rushing Period." Fraternities may be discussed, but under no circumstances must a pledge or member be allowed to discuss any other fraternity.
6. Upon the completion of these first visits or of the "First Rushing Period," there will be a "Hands-Off" period during which no fra-

ternity matters may be discussed with these men.

7. One week prior to the termination of the "Hands-Off" period, all freshmen will turn in at the Waterman Information Office a sealed envelope listing a maximum of four fraternities which they desire to visit again. The Rushing Committee will again schedule these men in blocks of smaller number and for longer periods of time. Fraternities will be tendered again a list of men, showing the names and times when these men will visit the respective houses.

8. This period will be known as the "Second Rushing Period." Again, members and pledges shall be allowed to discuss fraternity matters, but must confine their talks to their respective houses, and under no circumstances, shall they discuss other houses on the campus. Following this period, two or more nights will be given over to "Rushing Banquets."

9. A "Hands-Off" period will take effect from the date of the final banquet night to the end of one week following the date of pledging. By noon on the day following the final banquet the fraternities will hand in to the Faculty Advisor lists of men they desire to pledge. Also by noon on the day following the final banquet the freshmen shall have filled out in the presence of the Faculty Committee a FINAL list of fraternities in which he is interested in order of preference, and shall pay a fee of \$1.00 at this time. The houses and freshmen shall be notified of the outcome at a later date.

10. Following the final "Hands-Off" period, as soon as a rushee accepts an open bid, the Interfraternity Council will be notified in writing within 48 hours. The President will then announce the pledging at the first subsequent council meeting.

11. If a man breaks his pledge, or a pledge is revoked, the man will not pledge another fraternity within 90 days after notification is

## Kehoe and St. Gelais Pace UVM Victory; Reserves Aid Cause

By Winn Fingerit

Swamping St. Lawrence University by a score of 21-0, Saturday afternoon at Centennial field, the Vermont football team brought their winning record up to two, as the Yankees came from behind to beat Boston 5-4.

Led by the running of Bob St. Gelais, who scored two touchdowns, and John Ballard who accounted for the third, and the southpaw slants of Ralph Kehoe, the Cats rolled for scores in the second, third, and fourth quarters. Johnny Lindell became the hero of the day before 69,551 fans, he blasted a home run to break up the ball game.

Stan (The Man) Ursprung ran his consecutive point-after-touchdown string to ten, as he kicked all three conversions. Joe Page pitched near perfection baseball giving up only one hit in six and two-thirds innings to gather his thirteenth victory.

St. Lawrence flashed razzle-dazzle plays to ground out large gains but the sparkling defensive playing of Charlie Smith, Comolli, and Cook prevented them from scoring.

After an exchange of punts and a recovered fumble, Vermont had the ball on its own three-yard line early in the first quarter. Kehoe, standing in the end zone, faked a kick and passed to Ursprung who carried to the thirty-eight. Two plunges and a pass failed to net ten yards and Kehoe punted to Connors who carried to the thirty-six. The Larries then rolled up four first downs and had the ball on Vermont's 18-yard line. Two passes in the end zone failed and the Cats took over. The quarter ended with UVM in possession of the ball on the 43.

The Red Sox started off to an early 1-0 lead off Allie Reynolds by scoring on two hits and two wild pitches in the first inning. Neither team could make a substantial gain in the second quarter

### The Yardstick

Own fumbles recovered .....	2	2
Penalties .....	5	6
Yards lost, penalties .....	48	40

until George MacDonald intercepted a pass and ran it back to the 48. Ballard scampered to the 32. An incomplete pass and an offside penalty put the ball on the 28. Kehoe's pass to Tavares was good on the 13. Then St. Gelais skirted left end and cut down the sidelines for the score. The same play was used in the third period as "The Saint" went from the 26 to the 6-yard line being knocked out of bounds by the last man who had a shot at him. Ballard sliced through the right side for the score. On this particular play, which went twice for long gains, Kehoe fakes to Ballard cutting over to the right and hands off to St. Gelais who starts cutting around left end. Hobie Cook, playing at left tackle, pulls out of the line and moves in front of the ball carrier to knock the defense toward the middle enabling the wide end run. Cook worked these blocks to perfection setting up the long runs.

The Sox drove Reynolds out in the third inning by scoring one run and loading the bases. Page walked two men in a row and things certainly appeared gloomy as the score was 4-0. But "Big Joe" started the Yanks off with a double in the fourth inning. A few moments later, the score was 4-2 and finally in the fifth, the score was tied at 4 all and Dobson replaced Parnell on the mound.

With the score 14-0 in the third period, the visitors went for five downs only to stop short on the 21. The Cats took over as the fourth period started and marched seventy-nine yards for their

(Continued on page 5)

The "Saint" Scores on End Sweep

### Ten Straight

Capt. Stan Ursprung

Stan Ursprung, who hails from New London, Conn., is in the process of making history on the U.V.M. football team. In the last ten games Stan, with the aid of his adept placekicking, has personally led the Green and Gold to two victories and two ties.

Two weeks ago in the season's opener, Vermont found themselves trailing St. Michael's by a score of 6-0. The Cats tied the score with four minutes remaining in the game. A hush fell over the spectators as Vermont tried for the extra point; the ball was snapped back, one second silence and then a tremendous roar, Ursprung did it again. Stan's kick sailed clear through the uprights and Vermont was up and away with victory number one.

Ursprung, who is captain of the U.V.M. eleven, has been placekicking ever since his freshman days at Chapman Technical High in New London. Stan says it all happened like this, "I just started fooling around with placekicking one day at practice. The first couple of tries were good and I've been doing it ever since."

Stan isn't only a gridiron standout, he is also quite a campus favorite. Ursprung is president of both Phi Delta Theta and Boulder Society, the latter, a senior men's honorary society and he is a member of the Varsity Club.

This spring Stan will be defending his State Championship title in the shot put event along with bringing his varsity "V" total to eight.

Ursprung was married last June and is currently living in the Vermont Trailer Camp, which is incidentally a good place-kick away from the picturesque U.V.M. campus.

### Frosh vs. Champlain In Initial Game Friday

The University of Vermont freshman football team will encounter Champlain College frosh at Centennial Field on Friday, October 7.

Over fifty men reported for practice two weeks ago, and since then Coach Norm Strassburg has cut his squad down to thirty-two players.

Unfortunately for the "Kittens" among the potential footballers that reported for practice none were "All-State" in high school or prep school, nevertheless Coach Strassburg has worked very hard with this squad, and has come up with a fine outfit.

Coach Strassburg released some of the probable starters; it will be Watson and Nixon on the ends, and Manners holding down the center spot. In the backfield it will probably be Brown, Brewster, Mann, and Vatrul. All are very fast and shifty personnel.

In recent scrimmages against the varsity, the frosh have shown up considerably well on the defense, but are weak on the offense; yet Coach Strassburg indicated that his forward wall is his main worry at present.

The "Kittens" will face a rough and ready team when the boys from Champlain invade Centennial Field. Coach Strassburg stated, "I expect a real tough game, despite the fact that Champlain freshmen are comprised of 60 percent sophomores and 40 percent freshmen." He went on to say, "High spirit exists among the boys and they are all set for the opener."

Athletic Director W. L. Gardner of U.V.M. announced that a four-game schedule has been arranged for the 1949 freshman eleven. All but one contest will be against a Green Mountain Conference opponent.

The frosh schedule is as follows: October 7, Champlain Frosh at Burlington; October 21, Norwich Frosh at Northfield; October 28, St. Michael's Frosh at Winoski Park; November 4, Middlebury Frosh at Burlington.

### Dutchmen Possess Strong Air, Ground Game; Cats Seek 3rd

Coach John "Fuzzy" Evans' Catamounts will go on their first road trip of the season this Saturday when they travel to Schenectady, N. Y., to meet a powerful Union College aggregation.

The Dutchmen will be out for revenge as last year's Vermont one-point, 7 to 6 victory prevented them from posting an undefeated season. Thus far this fall the Garnet and Gray has won two games; St. Lawrence (25 to 16) and Rochester (27 to 7).

Saturday's game with the Dutchmen will prove to be the toughest on the schedule as Union lost only four regular players through graduation. There is plenty of depth and experience in all positions. Ken Whalen, one of the top small college centers last season, has graduated. First string ends Tony Coppola, John Brissson, and right guard Pete Ten Eyck are gone. These key men will be missed but there seems to be no serious gaps. However, the Union forward wall will not be quite as stalwart as last year.

The Dutchmen will operate from a heavily over-shifted "wing T," which gained considerable yardage against opponents in '48. The entire starting back-

Co-Capt. Brud Shaffer

field has returned, including Dave Strauss, one of the best passers in small college circles.

Evans will probably use the same starting lineup as he used against St. Lawrence. However Jack Keifer and Frank Farrel may be ready to start.

Head coach John J. McLaughry, son of Tuss McLaughry mentor at Dartmouth, will use a modified version of the two platoon system. Like Vermont, they are three and four deep in every position. In all probability, on the offensive team there will be Ed Layden and Ray

## Sports Slants

By Vic Murdock

### Depth and Talent

Between yells and cheers for U.V.M., the Yanks and Red Sox, John "Fuzzy" Evans sent thirty-six Green and Gold clad Catamounts into last Saturday's encounter with St. Lawrence. Both offensively and defensively the Cats looked much better than they did in their first game with St. Mike's. The biggest improvement was in down field blocking—Hobie Cook, in particular, stood out in this department.

Larry quarterback, John O'Loughlin, who threw one touchdown pass and picked up considerable yardage through the air against Union was bottled up nearly all afternoon by a hard-driving Vermont line and an alert defensive backfield. Bob St. Gelais, Ralph Kehoe, and Dom Cote sparked the U.V.M. offensive, while Charlie Smith, Howie Haddigan and Ed Comolli did yeoman work on defense. Several reserves, something that was lacking last year, held up almost as well as the first string regulars. The Cats look strongest in the end position thus far this year. There are eight who can perform with unique ability. . . . Linesman of the week: Charlie Smith, left end. Backfield man of the week: Robert St. Gelais, right halfback.

### Union Big Hurdle

This may be the last time in several years that U.V.M. and Union meet on the gridiron. Maine will replace the Dutchmen in 1950 so that the Cats can eventually qualify to compete for the Yankee Conference title. Vermont has to meet at least four members of the league.

Saturday's game at Schenectady is the toughest on the schedule, with the Middlebury fray running a close second. Union has won two and is undefeated. Last week they overpowered a potentially strong Rochester club, 27 to 7. Vermont also puts an undefeated record on the line. The Garnet will be out to avenge the 7-6 loss of last year, the only game marring an otherwise perfect season. Union has one of the finest small college backfields in the country. A rugged battle is in the offing.

Many students have voiced their intentions as to making the trip to the Union game. The more the better; let's back the team to the fullest. Three or four chartered buses to accommodate those without cars would help. How about some cheerleaders and band members to represent the university, too?

### Glances Here and There

Jerry Agel was the sports publicity director at St. Mike's, instead of sports editor of the *Michaelman*. . . . Ralph Lapointe played for the Rochester Redwings, not the Royals. . . . pardon the errors . . . the public address system at home football games is always blabbering about the spectators crowding around the yard-line markers, making it difficult for the statisticians to follow the game. It takes a pair of binoculars to see them anyway. Why doesn't the University replace them with some decent box-shape or folding markers? Prof. Francis Colburn's painting and drawing students might be able to work something out in their spare time. . . . the chapel bell rang for the second straight Saturday, signifying a Vermont victory. This was a University tradition several years back. . . . A twenty-meter ski jump is under construction behind Centennial Field. . . . The hockey team is rebuilding the rink in back of the gym. Leveling was completed by a bulldozer a few weeks ago. . . . can winter be far away? . . . Gil Wood's statement in regard to Vermont's scoring only one touchdown in a game, since the 33 to 0 drubbing of Norwich in 1947, was retracted in the *Daily News* a few days after the September 25 edition. . . . no hard feelings, I hope; we all make mistakes as was pointed out earlier in this column.

## SPORTS FEATURE . . .

Athletic Director, Larry Gardner

by Glenn Fay

In the middle of last October, Pres. Bill Veeck, mastermind of the Cleveland Indians notified Larry Gardner, mastermind of UVM athletic activities to the effect that he would be one of the star attractions at a reunion of the 1920 World Champion Indians. Although many New England observers had a hunch that Mr. Veeck was lining up secret weapons to be used in a tremendous last minute drive for the American League pennant, communiques from the Indians' reservation announced the occasion to be a charity game, pitching the 1920 team against an all-star team of Cleveland luminaries of later vintage.

So, Mr. Gardner packed his can of Polident and with his wife beside him, motored to Cleveland where many memories and old friends waited to be recalled. Memories of four World Championship teams on which he played—the Red Sox in 1912, 1915, and 1916 and the Indians in 1920—good friends like Ray Mack, Hal Trosky and Stuffie McInnis.

Upon arriving in Cleveland Mr. Gardner went to the Stadium where he was in time to see his Cleveland Indians scalped by the St. Louis Browns, the second best team in the league if you hold the standings upside down.

Directly following this contest the old timers, which included Mr. Gardner, gathered in the Indians' press room for a combined reunion and interview with the press. Among the questions asked Mr. Gardner, who was scheduled to hold forth at third base, was, "Say Larry, just what will you do if the other team starts bunting?" The silence which followed was deafening.

The following day, September fourth was the big day. Larry got up early, did

a few hundred push-ups and ran three miles to Municipal Stadium where batting practice was being held.

In the afternoon he took his place at the "hot corner" and during the game fielded his position flawlessly, accepting innumerable chances with the grace of old. In his only time at bat he grounded out, second to first but gave the opposing team a scare as he nearly beat it out.

That evening after a banquet given by Mr. Veeck, as only Mr. Veeck can give a banquet, Larry Gardner packed his can of Polident, took his wife by the hand and with a tear in his eye bade his old friends and memories aloha and set out for his old Alma Mater, UM, to resume his duties as Director of Athletics.

Larry played for UVM back in the early 1900's while matriculating here, joining the Boston Red Sox in 1908 where he developed into one of the best third basemen in the American League. He has been baseball pilot at UVM for twenty years and Athletic Director for nine, which is a feather in UVM's beanie, par excellence.

### Cats Seek 3rd

(Continued from page 4)

Pomeroy at the ends; Brud Shaffer (co-capt.) and Dick Zelfiff, guards; Larry Foley, center; Dave Strauss (co-capt.) at quarterback; Charlie Lewis at right half; Dick Speidel at left half; and at the fullback spot, Hal Lundstrom.

Union and Vermont have been meeting on the gridiron since 1886. This will be the twentieth game between the two institutions and U.V.M. has won seven and lost ten. Two ended in a tie.

It should be a very close game and interesting to watch; a tossup affair with the breaks deciding the winner.

### Vt. - SLU Game

(Continued from page 4)

last touchdown. The payoff came on a pass from Kehoe to St. Gelais who had outmaneuvered two defensive men.

The Larries continued their high spirited offensive play but were slowed down in the shadow of the goal line. They used very tricky plays off the T-formation. O'Loughlin, the quarterback, handed off to Conners and Metraw, two fast, smooth running backs. Coach Evans, in an effort to test his reserve strength, sent in most of the players on the bench. UVM held the ball on the visitors eight-yard line after an advance of 77 yards as Lindell parked one in the stands and the game ended with the score 5-4, I mean 21-0.

Some kind gentleman in the press box had a radio with him which enabled us to listen to that all-important ball game. However, it became quite confusing as you can see by the results of this story.

The lineups:

VERMONT—C. Smith, Powers, R. Smith, le; Comolli, Ward, Trono, Slater, lt; Banta, Carpenter, Guzewicz, lg; Dempsey, Robinson, Hoskiewicz, c; Schofield, Lawson, rg; Cook, Williams, rt; Ursprung, Pruneau, Traverse, McIntyre, re; Kehoe, Collier, Waller, qb; Ballard, G. MacDonald, Cote, Hebsch, lh; St. Gelais, Haddigan, L. MacDonald, rh; Tavares, Miller, fb.

ST. LAWRENCE—Audet, Henning, Frost, le; Sywetz, Sullivan, Walin, lt; Omerly, Biernacki, Johnson, lg; Lee, Paris, c; Barron, Shakhshober, DeMaio, rg; Herwitz, Last, Zaros, lt; Moro, Stafford, re; O'Loughlin, Castle, Miller, qb; Conners, Yannes, Mullins, lh; Guardino, Saco, rh; Prevost, Metraw, fb.

Vermont . . . . . 0 7 7 7—21  
St. Lawrence . . . 0 0 0 0—0

Touchdowns: St. Gelais 2, Ballard.  
Points after touchdowns: Ursprung 3 (placement).

## We Predict . . . by Mort Kaufmann

The sports experts of the University of Vermont began their annual predictions of the top football games in the nation last week. These *renowned* prognosticators will indicate the winner of football games during each Saturday of the pigskin season, which promises to be one filled with many upsets and surprises.

During the summer, while many of you enjoyed the warm moonlit evenings, members of the sport staff were reading every conceivable publication on football; Grantland Rice's predictions were carefully weighed, every possible clue that might reflect on the performance of

## UVM Harriers Face Union and Amherst Sat. in First Meet

The Green and Gold harriers of Archie Post open their cross-country season against Union and Amherst, at Schenectady on October 8. Originally this meet was scheduled to be a duo, but Amherst has been added at the last minute.

The Catamounts' chances this year look pretty good. They have quite a few of last year's men coming back, among whom are Capt. Johnny Bellows, Earle Randall, Jimmy Porter, Frankie Moran, and Russ Mahoney, who set the University's quarter and half-mile record last spring.

In addition, Bob Caswell, Bob Farrell, Murray Lyon, and Dick Randall have graduated from last year's freshman squad to swell the ranks of the varsity. As Captain Bellows put it, "We should have a good team because of the large number of experienced men running this season."

Coach Post will be looking for his boys to avenge last year's defeat at the hands of Union, 35-24. Although Randall and Bellows finished first and third respectively, the team lost because the other men could not place sufficiently high to draw a winning number of points.

The course that the boys will run at Union is a tough one. It is a little longer than U.V.M.'s and has steep inclines on both sides, thus making it additionally tough for the competitors. However, Coach Post feels that his boys will give a good account of themselves if they are feeling right.

Wanted: Cross-country scrub managers. Fellows who become scrub managers are excused from physical education, and at the end of the year are awarded their numerals.

## TWO THINGS EVERY COLLEGE MAN SHOULD KNOW!

1. This is a girl athlete. Likes tennis—eager for love match. Good golfer, but heart belongs to caddy. Even tries to make the football team—one at a time. Dangerous when exposed to a "Manhattan" shirt.

2. Abernethy's Men Shop is headquarters for smart college clothes featuring the latest smart styles in the country's finest brands. There's Economy in Quality.

## Library Appoints Mrs. Pamela Quiers, Curator, To Staff

After somebody has gone to all the trouble of learning seven languages (including English), she needn't go looking for a job. In the case of Mrs. Pamela Quiers, now of the library staff of the University of Vermont, one was created for her.

In the new position of curator Mrs. Quiers studies the needs of the departments, scrutinizes the contents of the present library, gets opinions of the faculty and students as to what material ought to be in the library, and also is organizing a long-range buying program.

She has been librarian of the Iodine Educational Bureau of the Chilean Nitrate Co., in New York City, has served on the staff of the New York Public Library, and was associate director of the mail order advertising department of the Macmillan Co.

Former alumni secretary-treasurer of Zeta Phi Beta, the national professional

Photo by Roy Whitmore

speech arts fraternity, Mrs. Quiers holds her B.A. and B.S. in Library Science from the University of Minnesota and has her master's degree in French.

Mrs. Quiers and her husband, an officer in the French navy, have bought a farm in Williston, where she, her parents, and her children, Pierre, five, and Charlotte, two and one-half, are now living.

## Bennetts Excel in Two-Piano Recital at Chapel

by Joan Ediff

Elsa Kremers Bennett and Howard Bennett gave a diversified and interesting dual piano concert in the Ira Allen Chapel on Thursday, September 29.

Divided into two parts, the concert consisted of both classical and modern American selections. The opening work was the Bach-Burmeister Fantasy and Fugue in G Minor.

A beautifully constructed composition, it served its purpose well as a warm-up piece, the early part of its being played somewhat woodenly but with real warmth developing during the body. By the time the fugue was reached, the work assumed a true fire so that the fugue itself was simply magnificent.

The second selection was the Brahms Variations on a Theme by Haydn, based upon the Chorale St. Antonii. This consisted of a simple statement of the theme, eight variations, and a finale. Especially outstanding was the emotional third variation and the lively sixth, which was played with a clear, sharp tone.

Following a ten-minute intermission,

the Bennetts resumed with a piano transcription of excerpts from the ballet, "Billy the Kid" by Aaron Copland. The selection itself was one that seemed not too well suited for the piano, but despite this handicap, the Bennetts did admirably with it.

The outstanding section of this was the one entitled "Billy and His Sweetheart," which was played with a fine, sure, and haunting tone. The concluding selection on the regular program was Gershwin's "Rhapsody in Blue," in which Mrs. Bennett played the solo part, and Prof. Bennett, the transcription of the orchestral background.

Here again, the performance was impaired by the lack of suitability of the medium. In places, the two pianos blended in such a way as to blur the melody line instead of accenting it, as would have happened with the orchestral-piano version. Despite this, both did an excellent job. In both these latter pieces, however, one gained the feel-

ing that the Bennetts were not as much at home in the modern realm as they are in the classical.

As encore numbers, they played Morton Gould's Rumbolero and a waltz written by Prof. Bennett, himself. The waltz was a gay and light little piece which the Bennetts seemed to enjoy playing and the audience certainly enjoyed hearing.

It seems rather unfortunate, even given a concert they enjoy, that Burlington audiences have not yet learned how to be polite. . . . Several times the performers felt it necessary to wait until their audience had quieted sufficiently to provide the proper atmosphere for the music.

It seems that the audience might just as well have shown its appreciation by respect during the concert as well as by applause following it. . . . It is the least they could have done for these two people who gave so freely of their time and effort in providing this excellent evening of music.

# LUCKIES PAY MORE

## *to give you a finer cigarette!*

Yes, at tobacco auctions Lucky Strike pays millions of dollars more than official parity prices for fine tobacco!

There's no finer cigarette in the world today than Lucky Strike! To bring you this finer cigarette, the makers of Lucky Strike go after fine, light, naturally mild tobacco—and pay millions of dollars more than official parity prices to get it! So buy a carton of Luckies today. See for yourself how much finer and smoother Luckies really are—how much more real deep-down smoking enjoyment they give you. Yes, smoke a Lucky! It's a finer, milder, more enjoyable cigarette!

**CURTIS A. WALKER**, veteran independent warehouseman of Wendell, N. C., says: "Season after season, I've seen the makers of Luckies buy fine tobacco . . . tobacco that makes a mild smoke. I've smoked Luckies myself for 20 years." Here's more evidence that Luckies are a finer cigarette.

COPR., THE AMERICAN TOBACCO COMPANY

## **L.S./M.F.T. — Lucky Strike Means Fine Tobacco**

So round, so firm, so fully packed — so free and easy on the draw

# U. V. M. CAMPUS CLIPPINGS

## ALPHA CHI OMEGA

The first open house, on September 24 following the St. Michael's football game, was very successful and a credit to those who worked on it under the chairmanship of Charlotte Raymond.

Diets go out the window and chocolates are in order, with congratulations extended to Carolyn Chapman Barrows on her marriage, September first, to Richard Barrows of Vergennes, a senior at RPI; to Jane Gates on her engagement to Dale Barber; and to Rose-Mary Traynor on her engagement to Alden Hay.

Also congratulations to Ann della-Chiesa on the reception of a Phi Delt pin from Roy Weber, and many thanks to the Phi Delt brothers for their subsequent serenade.

If members of a certain adjacent organization appear with gleaming locks, they "owe their crowning glory" to the obvious detergent along with Louie Farnsworth's application of the good neighbor policy.

## PAN-HELLENIC

At the last Pan-Hellenic meeting it was decided that each sorority should have a self-imposed quota as to the number of girls bid at each rush period. It is felt that if the sororities do this it will help establish the new sorority and also help the other sororities maintain their proper functions on campus. If a sorority has too many girls they cannot be properly assimilated into its group.

The Pan-Hellenic card file of all transfer and freshman women is now available to Rush Captains only. These cards may not be removed from the Dean's office.

The Pan-Hellenic also decided to have a Rush Captain's workshop which will be held during rushing in order to alleviate some of the difficulties involved at this time.

## KAPPA PHI KAPPA

Kappa Phi Kappa, the educational fraternity on campus, will have open house at Southwick, Friday, October 7 at 8, it was announced at the first meeting of the year. A panel discussion about developing a co-educational organization for those interested in teaching and education as a profession will be held.

## NU SIGMA NU

Nu Sigma Nu Medical fraternity held the first open meeting of the year at the fraternity house, 49 North Prospect St., on the evening of September 23. The meeting was largely attended by both members and non-members.

An instructional movie on obstetrics was shown and followed by interesting talks on fraternity activities by Dr. T. H. Harwood, local physician, and Dr. Karl Erwin of the pharmacology department. It is planned to have a physician present a discussion on clinical subjects or topics of current interest at all of the open meetings of the year.

In charge of general arrangements were James Burke '51, Thomas McCormack '53, Philip Hincks '51, Edward Jenkins '51, president, and Dr. N. B. Dreyer, faculty adviser.

## PI BETA PHI

The Pi Phis have started off another year with their very successful open house held on September 23. This gave them an extra chance to show off the new rug which now graces the dining room. This year the meals in the house are handled by Dee Parker and Lorraine Miles. The girls have also arranged for exchange dinners with the different sororities and fraternities. They feel that by going to the different houses to eat, it will give them an added opportunity to get acquainted with each other.

Two Pi Phis have passed chocolates at recent meetings. Jo Golliday returned from the summer vacation with Jim Turnbull's ring, and Mary Ellen Putnam announces her engagement to Reg Linsenmeir. Monday night, Pat Davison was given a belated serenade by the Phi Delt for her "pinning" by Norm Herberg. Bobby White and Shirley Hakewessell have also joined the ranks of those pinned, Bobby to Benny Schwyer and Shirley to Dusty Miller.

Among the tragedies which have hit the Pi Phis, is the loss of Polly McMurdo to the University of New Mexico, Joan Slayton to Skidmore, and Georgie Prime to Denver. Katherine Kidder McKee reports that things are fine in Ames, Ia., where she and Ed have decided to make

their home. Ed is employed by the Chamber of Commerce and Kathie is attending the University of Iowa.

Joan Kaufman had an accident, the other day, in the form of a fall out of bed. Toni Peloquin, our private nurse was around and luckily Joan was found to have nothing worse than a slight sprain. She is now up and around, and Toni has taken her nursing duties to the infirmary.

Mrs. Moore, the ever faithful Pi Phi house director has been very patient with the girls, telling them just where to put everything, and trying to keep a little order. We wonder how she stands it sometimes.

The Pi Phis hope that their friends will drop in often and are looking forward to more open houses and the Rushing season about to commence.

## NURSING EDUCATION

The Nursing Education Club met at Southwick on Thursday, September 29, at 7:15 p.m. About forty members attended. President Jane Miller was in charge. The major part of the meeting consisted of making plans for a dance to be held on October 29, 1949. Marguerite Kebrek was elected to be chairman of this dance, and the following people were elected to head the different committees: tickets, Betty Hazelton; refreshments, Betty Kramer; orchestra, Martha Samson; decorations, Maxine Flint; cleanup, Elaine Taylor, chaperones, Helene Shapiro, and posters, Jean Maltby.

The club also voted to send Jane Miller and Rebecca Caldwell as delegates to the banquet to be held by the State League of Nursing Education on Friday, September 30, 1949, in Waterman. The next regular meeting of the club will be Tuesday, October 11.

Miss Jean Ichter's camp on the shore of Lake Champlain was the scene of a marvelous outdoor picnic held by the Nursing Education Club on Thursday, September 22, 1949, at 6 p.m. Forty-five nurses, or future nurses, including the new freshmen as honored guests, were present. The picnic supper consisted of hot baked beans, frankfurters in rolls, coke, ice cream sandwiches, and marshmallows toasted over the fire on the lakeshore. After supper, Jane Miller, president, welcomed the new freshmen into the club, and Miss Lena Oakley, assistant professor, extended her best wishes for the club's success in the coming year. To complete the evening's entertainment, Betty Hazelton and Rebecca Caldwell led the group in a scavenger hunt and relay race.

## MILITARY DEPT.

The University of Vermont Reserve Officers Training Corps has been expanded five times in the last three years, it has been announced by Maj. William Evans-Smith, the corps' commanding officer.

The Vermont R.O.T.C. squad has over 750 men in its organization this year, the largest such group in the college's history. As a result, the initial light regiment consisting of two battalions and over 700 men will be organized this term.

"Freshman and Sophomore Basic" and "Junior and Senior Advanced" is the curriculum taught by the corps' staff of six officers, one warrant officer, and six enlisted men.

About sixty-five members of the "Junior and Senior Advanced" course in the 1948-1949 term drilled for six weeks at Fort Meade, Md., last summer.

## WAA

At the first meeting of the year the W. A. A. Council announced the dates and managers of the various sports being offered during the fall season. Badminton meets Tuesday at 6:15 for beginners; at 7 for intermediates, at 7:15 for advanced, Mary Segali, mgr.; bowling, Friday at 3 and 4, Joan Ganow and Ginger Hageman, mgrs.; hockey, Wednesday at 2:15, manager undecided;

modern dance, Monday at 4:15 for apprentice, Wednesday at 4:15 for master; Friday at 4:15 for workshop, Barbara Spaulding, mgr.; square dance, Thursday at 7:15, Ruth Warrell, mgr.; swimming, water ballet, Monday at 3:15; strokes, Monday at 3:50; life saving, Wednesday and Friday at 3:15, Ruth Steele, mgr.; volleyball, Monday and Wednesday at 5, Monday for freshmen and Wednesday for upperclassmen, Emily Young, mgr.; sailing Friday from 1-5 for those qualified. Tennis, golf, ping-pong, riding, etc., are individual sports and hours should be handed in for credit.

## DELTA PHI EPSILON

Flash! A cup of the best skit put on at the Biennial International Convention of D Phi E has just arrived. Both cup and sorors are doing fine.

We are all very proud of Janet Hofstadter and Polly Klein who represented us at the Convention held last June in Chicago, Ill. They did a splendid job in putting on the skit that took first prize, and were the happy bearers of the wonderful news.

The convention was also attended by Mrs. Phyllis Perelman, an alum of our chapter, who accompanied Polly and Janet. We are all very happy for Phyllis who was made National Rush and Pledge Chairman. Our best wishes go to her.

Quite a bit of time was spent at the first meeting listening to tales of their adventures in Chicago. You can bet that they all had a swell time.

## FLEMING MUSEUM

A wonderful opportunity for UVM students is urged by museum director Horace B. Eldred. Eldred points out that one dollar allows the holder of a museum activities ticket, which can be purchased at any time, to enjoy eight entertainment programs, seven movies and a special puppet show later in the year.

In addition to these top-rate productions, a membership in the Fleming Museum Association entitles the owner to take part in teas, previews, and lectures coming during the year. The program as scheduled follows:

- Oct. 24 "Follow the Fleet" (Fred Astaire, Ginger Rogers).
- Nov. 29 "Room Service" (The Marx Brothers, Lucille Ball, Ann Miller).
- Dec. 15 "Scrooge."
- Feb. 16 "Marie Chapdelaine" (French dialogue, English titles).

Mar. 16 "The Informer" (Victor McLaglen, Heather Angel, Preston Foster).

Apr. 25 "La Boheme" (in German, tentative).

May 9 "Bambi" (a Walt Disney production in glorious technicolor).

Future Entertainment: Folktale Puppet Play—"The Fox and the Rabbit," by Artist-Producer Basil Milovsoff, Norwich, Vt.

## HEALTH COUNCIL

The Women's Health Council announces that Tag Days will be held October 3, 4, 5 for contributions toward the loan fund.

The loan fund, a unique institution set by the Women's Health Council to provide loans up to \$25 for those students needing money for medical or dental care, is probably the only one in the country, said Miss Eleanor Cummings, Women's Physical Education head.

## PHYSICAL EDUCATION

For the first time in several years the UVM women's Physical Education Department has opened its fall curriculum with an outdoor sports program. Miss Eleanor Cummings, department chairman, stated recently that an outdoor sports season had not been practical in the last few years due to the university's late opening in the fall.

Freshman girls are playing either soccer or field hockey, according to their choice, while sophomores have quite a selection, electing volleyball, hockey, tennis, riding, golf, or swimming from a varied program.

The outdoor program, Miss Cummings said, will last through October 26, after which the girls will head indoors for modern dance and basketball.

Fourteen University of Vermont students have been named as workers on the Burlington Community Concert drive at the university.

## COMMUNITY CONCERT

Those named were: co-chairmen, Esther Havens and Carmer Van Buren; tables, Jean MacLaughlin, Charles Ballantyne, Helen Post, Mary K. DeForest, Clifford Havens, Hedi Ballantyne, Eleanor Mahoney and Harlan Farnsworth; men's dormitories, Walter Brown and David Cowles; women's dormitories, Jean MacLaughlin; medical college, Cedric Mather and Lawrence Ahrens.

## SAILING CLUB

Vermont's Sailing Club started off their fall schedule with a bang last Sunday, October 2 with two meets, one at Lake Dunmore, the other at Lake Mascoma.

Sailing in Weasel Class Dinghies, Vermont's team placed second in the Dunmore meet with a score of 29. Middlebury, the winner scored 33 and McGill 22. The team was composed of Ken Young, Bill Schacht, and Bill Semonite.

Vermont scored again at Mascoma taking second again with 30%. Dartmouth and Williams tied for first with 39% each. Dan Stephenson, Bill Baldwin, Bob Moore and Jake Feldman represented Vermont.

The boats were International 14's and Class X Dinghies.

These meets, the first of this season, were also the first ever sponsored by the Athletic Dept of UVM. The club has made application to join N. E. Intercollegiate Sailing Association.

Vermont will sail against Middlebury again next week at Lake Dunmore.

## UNIVERSITY CLUB

The first meeting of the University Club will be held in the club's rooms, third floor, Waterman Building, Friday, October 7. A get-together party will be held at 8:00 p.m., preceded by a business meeting for club members at 7:30 p.m.

## FRENCH CLUB

The Opening Meeting of Le Cercle Francais will be held Friday night, October 7 at 7:30 in the Southwick Lounge. All interested in French and the things of France are cordially invited.

In the course of the evening there will be a "French Farce" and refreshments will be served.

## ANNOUNCEMENT

Miss Suzanne Poljacik, daughter of Mr. and Mrs. Andrew Poljacik of Florence, and Harry Bolwell, son of Mrs. Harry Bolwell of North Arlington, N. J., were married Saturday in the Congregational Church, Brandon. Rev. Bowen H. Shattuck performed the double ring ceremony.

Both Mr. and Mrs. Bolwell were graduated this year from the University of Vermont, the bride from the nursing school and the bridegroom from the mechanical engineering school.

## We Predict

(Continued from page 5)

the sport staff, knowledge of football is usually inversely proportional to the number of games choosen correctly. At any rate, here are predictions for Saturday's games.

Vic Murdock predicts the following:

Vermont 14, Union 13  
Georgia 6, Kentucky 26  
Army 13, Michigan 27  
Middlebury 27, Hamilton 0  
Harvard 6, Cornell 28  
Ohio State 16, So. California 14  
Yale 6, Columbia 3  
Minnesota 27, Northwestern 21

Jerry Agel ventures the following conclusions after much thought:

Vermont 7, Union 6  
Georgia 13, Kentucky 26  
Army 13, Michigan 0  
Middlebury 33, Hamilton 6  
Harvard 13, Cornell 25  
Ohio State 20, So. California 38  
Yale 20, Columbia 20  
Minnesota 10, Northwestern 14

Winn Fingerit says that:

Vermont 7, Union 20  
Georgia 20, Kentucky 7  
Army 0, Michigan 7  
Middlebury 19, Hamilton 0  
Harvard 0, Cornell 34  
Ohio State 13, So. California 20  
Yale 21, Columbia 7  
Minnesota 34, Northwestern 7

Mort Kaufman concludes the following:

Vermont 13, Union 20  
Georgia 7, Kentucky 12  
Army 18, Michigan 14  
Middlebury 13, Hamilton 7  
Harvard 7, Cornell 20  
Ohio State 20, So. California 26  
Yale 24, Columbia 20  
Minnesota 20, Northwestern 7

Sol Black was sure Brooklyn would win the National League Pennant—lucky guy, he was right!

## Miss Woodard Tours France

(Continued from page 1)

traits of the different foreign peoples with whom they were to stay.

Brittany, France, was the chosen "home" for Dot's group and there they were to live for about two months. Each student was assigned to a different province there; Paimpol was to be Dot's destination.

Paimpol is located in Brittany, in the northern province of France. It is a small fishing village on the coast; the people and the surroundings are typical of France. Dot's "parents" were a retired lawyer, his wife, and their twenty-five year old daughter. She participated in all of the family activities and enjoyed fishing, swimming, and hiking like any other Paimpol villager.

One particular bike trip proved to be a very educating experience. Dot's "parents's" cousin is a Count, who lives in a huge chateau not far from them. She had the opportunity to visit him and "sight-see" in his lavish home. The chateau was built in 1280 and is surrounded by a large moat of water. Inside the chateau, the walls are covered from top to bottom with mirrors, and the furniture is somewhat on the order of Louis XIV. The most fascinating room in the chateau is the library in which there are about 1,000 books, some of which are originals. Dot and her companion stayed at the chateau overnight; the next morning they returned to Paimpol.

After four weeks of family living and visiting French and German ruins, Dot met with her group and leader and some French youths in Brittany. It was then that they started on a tour of some of the high spots of France. They biked through the Loire Valley, stopping at many of the old chateaus that had been built along the French coast.

Orleans, France, was a well remembered stop, for it was there that the famous Joan of Arc was burned at the stake. At Chartres, the famous cathedral with two towers of completely different architecture was viewed. Places like these had up to then, been only pages of a book to those seeing them for the first time.

The last stopover on the bike trip was Paris, France, where everyone completely enjoyed himself. Visiting perfume shops, sidewalk cafes, operas, and ballets were on everyone's agenda. After spending eight glorious days in "gay Paris," a most wonderful and educating summer experience was brought to an end.

Eight days on the boat were loads of fun, for each person had his own personal experiences to relate. Since the docking of the ship, August 29, Dot has been kept busy trying to find time to tell all her friends about the trip.

She hopes someday that she will be able to go back to Europe to visit more new places and enjoy learning about other people, again.

## University Admits Teemant, Displaced Person, As Student

The University of Vermont has admitted a Displaced Person to the student body of the University. In doing this they are following the example set by many of our leading colleges today.

The young man admitted is a young Estonian named Uno Teemant. He lost all of his family in the late war. He is being enrolled, in advanced standing, in the College of Agriculture, as a student of Farm Management. He has had some schooling in this at the Pionneburg University in Germany, and has also had some practical experience at this type of work. He is a good student and has a good speaking knowledge of Estonian, English, and German.

Uno Teemant's tuition is being waived by the Trustees, and his other expenses are being covered by the State Conference of Congregational Churches.

## Fraternity Rules

(Continued from page 3)

received by the Interfraternity Council from the fraternity in question.

12. No pledge shall be initiated prior to one complete academic semester, nor without the written approval of the Dean of his college.

13. Copies of the rules shall be placed in the Freshman Handbook. These rules shall be made available to freshmen upon registration and placed in each fraternity house.

14. Infractions of these rules shall be subject to penalties according to the discretion of the Interfraternity Council, in the case of fraternities, the penalty not to exceed \$100 fine and suspension of rushing privileges for one rushing season following the infraction. Or if the infraction be on the part of the rusher, he may be prevented from pledging for one year following the infraction.

## Vt. Traditions, 'warmer feeling' Cited by Homecoming Faculty

This year has been a homecoming year for many of our faculty returning from other institutions of learning. The sophomores are bewildered by faces they didn't see around last year, while the upperclassmen greet them like old friends. Your reporter has tried to get the impression of a cross-section of these returnees and they all seem to be as glad to be back as the college is to have them.

Mr. Roberts, Romance Language Department.

Mr. Roberts was located at Harvard for two years, three months of that time spent at the University of Mexico and two months at the French University in Quebec. One definite difference he noticed between Harvard and U.V.M. was the much warmer feeling here between students and faculty, and he wishes to compliment Vermont on that phase. Mr. Roberts also noticed that standards have been improved in regard to people connected with the University and their work.

Mr. Milbank, Civil Engineering Department.

"I like it here (at U.V.M.) because I like the country and the students."

Mr. Milbank, who has been at the University of Connecticut for the past year, noticed little change had taken place in his absence except for the face-lifting our campus had undergone with its flower, fences, and other improvements. He contends that the University of Connecticut, a comparatively new school, has

a smaller wealth of tradition and spirit than an older institution such as our own.

Mr. Babcock, Political Science Department.

After spending time at Northwestern University, Mr. Babcock has this to say: "I'm exceedingly glad to be back to an amateur football team. Northwestern, in many ways, is a country club without any educational philosophy, but with occasional brilliant men in the faculty. It's a pleasure to be back in a small college, grounded in liberal arts, with an emerging educational philosophy and with a splendid view."

Mr. Larivee, Mathematics Department.

Upsala College has been the location of Mr. Larivee for the past year and he seems to be glad to get back to a smaller town but a bigger college. Upsala, Mr. Larivee said, is a straight liberal arts school, and here at the engineering school there is more opportunity for applied mathematics. On his return he has found that the teaching schedule is much less rushed on the semester system than on the quarter system.

Mr. Bogorad, English Department.

Mr. Bogorad has been at Brown University for the past year and since Brown is his Alma Mater, he enjoyed being back. Nevertheless Mr. Bogorad said he was always thinking how nice it would be to get back to U.V.M. He found the average student at Brown had about the same capacity as at U.V.M. The many seminar courses he handled were to his

## NOTICE TO PRE-MEDICAL STUDENTS

Rice Research Associates of Chicago are presenting a Medical School Requirements Chart and Manual to help you meet today's med-school competition.

The Manual shows:

1. where you will have the best chance of acceptance
2. each school's address and requirements in subject semester hours
3. helpful hints concerning "Medical School Acceptance Today," "The Aptitude Test," "Increasing An Applicant's Acceptability."

Further information on how to get one of these charts and Manual is on file in the Placement Office, Room 104.

EUGENE K. EAKIN

## NOTICE

A dark green hard cover notebook has disappeared from the shelves outside the Waterman Cafeteria. It contained many extremely indispensable notes and lab experiment reports. If the person responsible finds himself so financially embarrassed that he cannot return the notebook will he kindly leave the notes themselves on the same shelves where I may find them. Thank you.

WILLIAM SEMONITE,  
Rm. 407, Buckham Hall

liking and the Brown library was a great aid to him in research work. Mr. Bogorad also said he favors the co-educational system of Vermont in comparison with the segregated education at Brown.

Mr. Bogorad echoed the statements of the others when he said, "I certainly missed U.V.M. and I'm awfully glad to get back."

Compliments of the

BURLINGTON, VERMONT, WEDNESDAY, OCTOBER 12, 1949

NUMBER 23

## Netherlands Bestows Decoration on UVM Prof. W. Hugh Riddell

On behalf of Queen Juliana of The Netherlands, the Dutch Consul-General in New York, Dr. Willem Cnoop Koopmans, bestowed the decoration of the Order of Orange Nassau, with the rank of Commander, on Dr. W. Hugh Riddell, from 1945 to 1948 agricultural attache at the United States Embassy in The Hague.

Professor Riddell, who since November, 1948 is head of the Department of Animal and Dairy Husbandry at the University of Vermont and State Agricultural College in Burlington, Vt., served as agricultural expert with the assimilated rank of Lieutenant-Colonel in the SHAEF mission stationed in Breda, Holland, during the last part of World War II. He entered The Netherlands with the victorious allied armies and celebrated liberation with the people of The Netherlands in the provinces of Friesland and Groningen, where agriculture is highly developed.

### Contributed To Dutch Recovery

He was the post-war American agricultural attache in The Netherlands and through his knowledge and thorough study of post-war conditions, contributed highly to the reconstruction of the damaged fields and the recovery of The Netherlands and to the development of international agricultural relations.

In his capacity as a United States Government official in The Netherlands, he was also in charge of the furthering of agricultural interests of Indonesia in which respect, especially, the recovery and development of copra production in regard to the world-wide need of fats and oils had his full attention.

The ceremony took place at the home of Dr. C. C. Koopmans, 1039 Parke Ave., on Saturday, October 1, at 5.00 p.m. It was attended by Dr. Herman Baruch, who has just resigned from his post as United States Ambassador to The Netherlands, and possibly by The Netherlands War Minister, Dr. W. F. Schokking, who is expected to arrive in this city by air on Saturday morning for military discussions in connection with the Atlantic Pact.

## Kappa Xi Kappa To Be New Sorority On UVM Campus

Eight University of Vermont girls announce the founding of a new sorority on the U.V.M. campus. The sorority, to be known as Kappa Xi Kappa until such time as it affiliates with a national group, was organized with the help of the Pan-Hellenic Council and the Dean of Women to fill what was felt to be a definite need for another women's society at the University.

Taking the pioneering step are founders Marilyn Murdock '52, Carolyn Foster '52, Mimi Lawrence '52, Betty Burnett '52, Dorothy Post '51, Mary Ellen Murray '50, Pat Varn '50, and Edith Braislis '52.

### Will Rush This Year

After a number of meetings, including one with Dean Mary Jean Simpson, the girls of Kappa Xi Kappa have decided to rush during the coming rushing season, with the help of a special committee, which includes two girls from each sorority and members of Pan-Hellenic Council. The group makes a strong appeal to freshman women that a new sorority gives a chance to each member to make a genuine contribution to sorority activity.

### To Affiliate In Future

Kappa Xi Kappa thus becomes the pioneer in establishing and promoting the growth of a new sorority which can look forward confidently to affiliation with one of the strong national groups. Meanwhile it provides, in true democratic fashion, the opportunity for sorority experience now denied to many girls because of the inability of the five national sororities at Vermont to absorb all who wish to join.

"It is the hope of the Administration and Pan-Hellenic," stated Miss Simpson, "that a large group from the more than 300 new women enrolled this fall, will be challenged by this opportunity to become members of Kappa Xi Kappa and thus share in founding a new national women's sorority at Vermont."

Kappa Xi Kappa will for the present meet at Southwick but is planning to get a house. The sorority will hold a Coffee Hour 'soon, and will compete in the Homecoming Day Poster Contest.

## Prof. Babcock Hails Vermont Forums For Choice of Subjects

"It is no good pussyfooting on important community matters," said Prof. Robert S. Babcock, of the Political Science Department, University of Vermont, commenting on the Vermont Forum topics to be discussed this year.

Professor Babcock went on to say, "This year's choice of subjects seems to leave little to be desired. The question of more electric power in Vermont which seems to me to be a subject of paramount importance to us, is rather likely to be warmly debated. So also with the question of providing more government security. I have strong feelings also on the question of the consolidation of schools. These seem to me to be timely questions, of particular concern to us all, worthy of public debate, and not at all likely to cause us to fall asleep."

"After a summer of drought, following two successive springs in which rivers flooded their banks, wasting their waters, after a report in which Vermont is shown to have the third highest electric power in the nation, it is time, it is overtime, for us to consider the development of our own Green Mountain power authority, not only to reduce the price of electricity, but to conserve our natural resources. We cannot expect, and we ought not expect this to be done by private companies, operating necessarily for profit. It is a community, a town meeting job. And in a unique way the Vermont Forums is bringing the question before such a town meeting."

Professor Babcock concluded by saying, "some of the questions to be brought before that forum, are almost bound to bring acrimony, for people hold dear opinions on these subjects. Acrimony, if properly bound within the conventions of public debate, is a stimulus to public action as well as making for interesting meetings. I am delighted that the forum people are courageous enough to bring controversial issues before us."

## Vermont Varieties Gets Set For Terrific Show Oct. 13

After a highly competitive week of try-outs, final selections of acts for the Dramatic Club's 3rd Annual Vermont Varieties have been made. For this year's edition, to be presented Thursday and Friday evenings, October 13 and 14 at Southwick Auditorium, a wide variety of talent has been chosen.

### Variety of Numbers Highlight Show

In the vocal line, the show will present an interesting diversity ranging from sopranos to basses and represented in solo, trio and quartet form. Dance selections run from the farcical to the interpretive.

The show is nicely balanced with straight and musical comedy numbers, skits, novelty numbers, magical stunting, and instrumental work. Members of the U.V.M. faculty will also participate in the show in an act that has been screened with secrecy.

Full rehearsals are now in full sway under Director Ronald H. Humphrey and Stage Manager, Suzanne Pooley '51, Burlington.

### Many Burlingtonians Taking Part

Local students cast in this production include: Gloria Ahrens '52, Esther Thomas '51, Mike Wiedman '50, Howard Delano '50, Mary K. DeForest '50, Betty McMahon '51, Larry Gardner, Jr., '52, David Cass '52, Sally McMahon '53, Josephine Buck '51, Marilyn Kelley '50, Roger and Rodney Belden '53, John Tappas '51, Jim Kaleda '52.

Other student participants from Vermont are: Parker Ladd '50, Hardwick; Newell Curtis '50, Montpelier; Chris Gianola, Graduate Student, Proctor; Jerry Hayes '52, St. Johnsbury; John Burrows '50, Brattleboro; Peter Haslam '51, and Robert Dufresne '50, Barre; Arthur Hill '51, Brookfield; George Martin '52, Saxtons River; the Davison sisters, Betty,

Pat, and Rhoda, Morrisville; Harry Miele, Graduate Student, Randolph.

Other students include: Carolyn Wheeler '51, Glen Ridge, N. J.; Patricia Ham '53, Schenectady, N. Y.; June Crouter '51, Oradell, N. J.; Abbie Marsh '51, Rahway, N. J.; Kent Mathews '51, Wellesley Hills, Mass.; Elly Hayslip, Flushing, N. Y.; Dick Avery, Ithaca, N. Y.; Joan Banghart, '51, Douglaston, N. Y.; Harry Nelson '50, Hanover, N. H.; Mairlyn Miller, '50, Bloomfield, N. J.; Sally Smith '53, Hackettstown, N. J.; and Helen Schnitnikoff '50, New York City.

### Faculty Members Act, Too

Faculty members participating are: Professors F. P. Colburn, Art Dept.; J. E. Pooley, Classical Languages Dept.; A. W. Wurthmann, German Dept.; A. A. Saindon, Romance Languages Dept.; I. Pappoutsakis, Music Dept.

Students heading various phases of the production staff are: Suzanne Pooley '51, Burlington, Stage Manager; Robert Arthur '50, Rutland, Publicity; June Stone '52, Burlington, Costumes and Properties; Bill Shoemaker '52, Garden City, N. Y.; Lighting; Shirley Gleason '51, Chester, Mass., Tickets; Mimi Beauvais '52, Burlington, Business Manager; Neil Towne '51, Milton, Staging; Tom Kent '50, Bennington, House and Programs; and Pam Crandall '50, Hardwick, Make-up.

### Curtain Waits For Pep Rally

Tickets are on sale in the lower corridor of the Waterman Building at 50c and 75c apiece. All seats are reserved.

The curtain will go up in Southwick Auditorium at 8.15 Thursday, October 13 and one half hour later on Friday October 14, at 8.45 p.m. The half hour delay on Friday has been made to allow students to attend both the Varieties and the Pep Rally which precedes it.

## Shakespearean Plays To Be Presented By Margaret Webster Co.

St. Michael's College will offer two famed Shakespearean plays by the noted Margaret Webster company in Burlington Memorial Auditorium Saturday October 29.

"Julius Caesar" will be given at 2.30 and the "Taming of the Shrew" at 8.15 under the sponsorship of the Knights and Knaves, the dramatic society at St. Michael's. Rev. Edward Tining, SSE, is moderator of the Knights and Knaves.

Last year, St. Michael's brought the Webster troupe to Burlington in "Hamlet" and "Macbeth," and the success of those plays enabled the college to again sponsor the country's number one Shakespearean group this year. The Burlington Auditorium has been selected rather than the College Playhouse because of the crowds expected. The larger auditorium will also enable more people to see the play at lower cost.

Miss Webster, herself the daughter of the distinguished acting pair, Ben Greet and Dame May Whitty, ranks with the top actresses and directors of the day.

Her travelling company offered the Bard throughout this country and Canada last year, especially before College and University groups.

Student tickets at 75 cents can be purchased at Bailey's, the U.V.M. bookstore or at St. Michael's.

## Welcome Alumni, Beat Norwich; Are Homecoming Themes

Homecoming week-end for alumni of the University of Vermont and State Agricultural College has been scheduled for Friday and Saturday, October 14-15 with Lawrence E. Kimball, St. Johnsbury, and Nancy A. McKee, Montpelier, both of the class of 1951, heading the student committee in charge of the arrangements.

### Varieties Head Program

Homecoming Weekend, will be given a new flavor this year with the presentation of Vermont Varieties on Friday evening.

The hose fight, scheduled for Friday afternoon at 4.00, should give the freshmen a chance to cool off while waiting for the traditional Cane Rush on Saturday. This will take place between halves of the Norwich-Vermont game and is sponsored by Boulder Society.

If the freshmen win this, they may stop wearing their beanies, but if not, they must wear them until Thanksgiving.

### Traynor Trophy Awarded

The Homecoming theme will be carried out by a giant poster contest taking place among fraternities and sororities. These posters, about nine feet tall, will be in evidence in front of the houses, and a Rotating Cup will be awarded to the one best carrying out the theme.

The Traynor Trophy for fraternity excellence in sports will be awarded Saturday.

(Continued on page 8)

## Vt. Forum Ticket Drive On

Detore Photo Service

Sidney B. Smith, director of the University of Vermont Libraries, officially initiates the drive to sell Vermont Forums tickets. Dean of Women Mary Jean Simpson and Acting President Elias Lyman are his satisfied customers. For the third year Vermont Forums offers monthly discussion and lecture programs, at a reduced rate for students.

## A Challenge III

(In the first two articles on this subject, an analogy between the life of the student and that of the working man has been made. Now we may raise the question, "What does our student do in his off-hours?" and again, "Is anything wrong in this setup?")

In our study of what the student may do in his off-hours we may point out our "social clubs," our fraternities and sororities, which serve approximately one-third of the students.

From a more detached viewpoint the basic justifications for fraternities might be argued for and against, but those pros and cons need not concern us here. What must concern us, however, is the way in which these organizations do attempt to fulfill their ideals and purposes upon which they are based. At UVM, they admittedly do not constitute a mean, subversive way of life, the complete antithesis of democracy. But one may ask, "In what way do they live up to their ideals?" Does the average fraternity here live in a state of brotherly bliss? Does the house become merely a place to hang one's hat or a house renowned for its social extravaganzas? Do many fraternity members live the exact opposite of their national ideals by living this narrow life of existing entirely for their one small group and themselves, completely withdrawn from the university community? Does a fraternity become merely a low-grade political machine that must dominate campus offices not because of merit but because of strength? What personal self-satisfaction can a member get by sacrificing the strength of his convictions in order to vote in a bloc merely for the subsequent "honor?"

And still basing our arguments on an acceptance of the fraternity system, can we still question some of its practices? We have a rushing system which seems to be an improvement over those used at many other institutions. Even here at UVM, it is undeniably better than yanking the incoming freshmen off the train, however our system still carries with it some inconsistencies. For example, seemingly without reason the period for rushing changes each year. One year it may work out for the best and another year it may not. Unfortunately there seems to be no continuity at all in the practices of either the fraternities or the Interfraternity Council. There seem to be two major lackings: the first, from the point of view of the fraternities, that they don't really know the students whom they rush in the short time allotted; and, second, from the point of view of the entire university, the University as a whole is hurt—when its freshmen are suddenly split into the various camps of "pledges," "VIPS," "independents" most of whom must continue to live in a dormitory. A plan might be to wait until at least the second semester of the freshmen year or until the sophomore year.

But much more could be said concerning this question and also many others, such as a University sports program, not only for our organized teams representing the best individuals, but for all students; or the policies of some of our clubs, such as the Outing Club, whose possibilities never even approach realization.

These articles are far from comprehensive; we have barely scratched the surface. However, in scratching the surface we hope that at least one conclusion may be drawn: all is not well at the University of Vermont. The general situation cannot be blamed entirely on the administration, as many would have us believe. Nor can the students alone be blamed. The whole situation concerns everyone.

These articles have been intended as a challenge—a challenge to everyone whom the University comprises. However, more immediately, they are a challenge to the freshman class. You will all have the opportunity to observe certain of these situations and more at the University; it will be only after you have seen the situation and done nothing about it that you will have failed as citizens of the University society.

(The last of a series.)

## Your Student Government

by MARSH SABENS

At its regular Wednesday meeting Student Government discharged five items of business in two hours, once again giving evidence of its somewhat cumbersome deliberations. They succeeded in doing this with only a little over one half of the membership present. So far this year the Council has shown an amazing ability to prolong discussion without reaching any decision. It may be heartening that the discussions are taking place, but it would be more heartening if something were done other than to appoint an investigating committee. Soon the meetings will be entirely taken up with committee reports.

Norman Dennis asked that a new treasurer be appointed to help him with his work, since the present one does not have the necessary time. Al Streeter is to be given top priority for the job. This leaves a vacancy in the secretary's position and as yet there is no indication of a possible choice for the vacancy.

The old station wagon discussion came up again. No decision was reached, so Scott Mahoney suggested that an open meeting be held in the near future concerning the policy to be used. Any group interested in using the station wagon at some future date should be represented at the meeting. No date was set.

The recent controversy over the ruling on dance permissions for fraternities on nights that big university functions are being held received its fair share of time at Student Government. Scott Mahoney asked for some recommendation from the Executive Council to be carried to the Social Committee which would aid them in making a decision on the question. However, the Council seemed reluctant to commit itself on an issue which is so muddled, and left the decision in the hands of the Social Committee. The only sentiment expressed, and one which is basically good, was that the fraternities remember that they have a loyalty first to the school, then to themselves.

The problem began when several fraternities requested permission for Saturday night dances on Homecoming Weekend. Permission was withheld because of the Key and Serpent—Staff and Sandal Dance that evening. Since some fraternities had made plans for dances to which their alumni would be invited, the prospect of no dance was naturally not too happily received.

In checking with Dean Simpson and the chairman of the Social Committee, the origin of the ruling could not be found. Dean Simpson indicated a willingness to grant permission as long as it did not conflict with the wishes of the group sponsoring the dance. A meeting of the Social Committee is to be held at which time some solution should be worked out.

## Letter To Editor

To the Editor of the CYNIC:

A lot of disturbance occurred when St. Mikes and U.V.M. made with the paint jobs and great apologies ensued, but what's been done about the white "53's" painted on our sidewalks in front of the Ira Allen statue, by the fountain and on the newly constructed band stand.

SOME IRATE SOPHOMORES

To the Editor of the CYNIC:

In the last issue of the CYNIC there appeared a letter questioning the desirability of a Campus Chest drive at U.V.M. From the tone of the letter it was obvious that the author did not know a great deal about the purposes and aims of the drive.

Since there may be a great many others who are interested, perhaps this is a good opportunity to explain to the student body the why's and wherefores of the Campus Chest drive.

Last spring Student Government asked the Religious Life Committee if they would undertake the organization on campus. This step was taken because of the feeling that a great deal of time and effort were wasted in all of the different drives, and that this effort could be diverted into a really big drive, which the students would more willingly support.

The Religious Life Committee agreed to undertake the task and has organized the drive under their co-chairmen representing the three major faith groups on campus. The drive because it is under the Religious Life Committee does not have any religious strings attached. It

## Inquiring Reporter . . .

The riot Monday night between the freshmen and the upperclassmen culminated the various attempts to enforce the wearing of the beanies. Few people thought that it would ever go this far when they first saw the reminders up on the Waterman bulletin boards. Now that it has happened, however, some one thought that it would be a good idea to ask some undergraduates what they thought of the whole thing, so here goes!

"What are your opinions regarding the recent disorder in which the upperclassmen attempted to enforce the wearing of freshman beanies?"

1. Winston Ellis, South Royalton, Vt.:

"I wasn't in on it, but sure wish I had been. I think that if we are going to have anything like freshman beanies they should be enforced, and that they should be worn. It shows an increase in school spirit."

2. James F. Moriarty, Burlington, Vt.:

"I think it's silly to wear the freshman beanies! Not only is it silly to wear the beanies, but anyone trying to enforce it is foolish, too, whether they cause a riot or not. They think they're at a place like Dartmouth or Williams where things like this happen all the time, but a thing like the riot doesn't go at a state university like UVM!"

3. Beth Drexler, Larchmont, N. Y.:

"Personally, I don't think the wearing of the beanies is such a good idea in the first place. As for the riot, I think that

is being run for the student body at the request of their governing body.

After a great deal of discussion, the Committee designated which of the relief agencies are to receive money obtained in the drive.

The World Student Service Fund will receive a share of the total amount. WSSF, the American branch of the World Student Relief Organization is supported solely by students for students. It has as its goal the helping of those college students, especially in war torn countries, who are in desperate need of food, clothing, books and supplies.

The second cause to be included in the

the whole thing was silly, but it was full of school spirit, which was something the school needs.

It was also exciting to watch. I still think there should be a better way to show school spirit. Another thing, freshmen shouldn't be made to wear their beanies so long."

4. Rudy Trefny, Bohemia, L. I.:

"The upperclassmen really tried, but they didn't do a very good job. All they did was make a wreck and disorder of all the dorms, and hurt some of the fellas. If they hadn't been so rough it would have been fun."

It was the wrong way to go about it. If they try anything again they will have some heavy resistance. I do think, though, that the idea of the freshman beanies is a good one, and that we should wear them. Yes, I wore mine until they started making all this fuss. It shows school spirit."

5. Polly Klein, Newton, Mass.

"If beanies are the order of the day, they should be worn. School spirit is also good, but not in the form of savage amusement. Thank goodness, I'm not a freshman!"

6. Sherry Gelhaar, Upper Montclair, N. J.:

"I think it's about time that the freshmen were made to wear their beanies or pay the penalty. It is good to see the beanies in the stands at the ball games. The riot was terrific! I was watching, and wish that I could've been in it myself!"

drive is the United Negro College Fund, for the aid of students here in our own country. It appeals to colleges all over the nation and works to provide decent conditions and opportunity for the education of the American Negro.

A third division that will be included will be the emergency loan fund. This will be set up on our own campus as a source for money that is needed in a hurry in case of emergency. It will be granted to students in small amounts at no interest.

In these three divisions of the Campus Chest fund, there is one common factor (Continued on page 8)

# New Fraternity Will Participate in Rushing

## Sororities Announce Rules For Rushing; Pledging To Take Place On October 23

Sunday afternoon, October 23, there will be open-house in all the sororities and rushees are permitted to attend three which appeal to them most.

The informal parties are held on Thursday, October 27, and Wednesday, November 2. This is an opportunity for the girls to become acquainted in an atmosphere of fun. This is the only way a girl can be sure she is going to be happy with the group.

After a girl has attended two informal parties and finds that she is still interested in a third sorority, she has an opportunity to show that she is by going to another open-house Sunday, November 6. She may attend any two open-houses that she wishes on this date.

But she must first sign up in the Student Government Office, Room 40, in the

Waterman building. There will be a member of Pan Hellenic there all day Friday, November 4 and rushees will tell her their two choices for the open house.

Invitations for the formal parties will be sent the following week. The formal parties will be held November 10 through 19.

If a sorority decides to pledge a girl, she will receive a bid in the form of a letter not stating the particular sorority. On Tuesday, November 22, those girls with bids go to Southwick and designate the sorority which they would like to join. If that sorority has given them a bid, they go directly to the house. If not, they are entitled to a second and third choice.

Pledging will take place Tuesday, November 22.

## Prof. Buckham, NYU, To Represent UVM At College Inaugural

Prof. Waldo B. Buckham of the Business English department of New York University's School of Commerce, Accounts, and Finance, will represent the University of Vermont tomorrow (Tuesday, Oct. 11) at the inauguration of Dr. John J. Theobald as president of Queens College in Flushing, L. I., N. Y.

Professor Buckham, who is an alumnus of the University of Vermont and the grandson of the late Dr. Matthew Henry Buckham, eleventh president of the University of Vermont, was invited to represent the University by Dr. Elias Lyman, acting president.

He lives at 78-10 34th Street, Jackson Heights, L. I., N. Y.

## Sorority Notes

### ALPHA EPSILON PHI

The welcome mat has been put out again before the threshold of Delta Phi Epsilon. This time it is for two new pledges, Adrienne Smith '52 of Ithaca, N. Y., and Norma Honig '52 of Brooklyn, N. Y. After the ceremony which was held at the home of Mrs. Phyllis Perelman, National Rush and Pledge Chairman, the two girls were guests of honor at a dinner held at the Black Cat Cafe. After the dinner they attended their first meeting.

As we welcome these two new girls, we say good-bye to some others. Elaine Segal has left to become a sophomore at Boston University. Marcia Osher became Mrs. Morton Friedman last June and is now living in Brooklyn, N. Y.

Congratulations are also in order for Rosalind Margulies who recently announced her engagement to Milton Shapiro. Another one to join the ranks of engaged persons is Edith Robbins who will soon marry Milton Alexander.

Two Delta Phi Epsilon's have had additions to the family, and both are baby girls. Their mamas are Carol Handel Lax and Rose Boyarsky.

### DELTA DELTA DELTA

Fashion may have the "new look," but so does the Tri-Delta House. The green, shutters, bright cream-colored framework on the outside and newly decorated living rooms and kitchen inside are very sharp and lively looking!

Ever since arriving, the Tri-Delts have been busy cleaning up the yard, mowing the lawn, and clipping the hedges. Things were really buzzing especially in preparation for the open house which was held on Saturday, October 1. Their work wasn't in vain for the open house proved to be a huge success.

The most excitement was caused by the initiation of five pledges all of the class of 1952. The new members, all sophomores, are Pat Elwell, Janice Hallock, Betty Hulse, Janet Kerin and Charlotte Way. Corsages were presented the initiates after the ceremony and a dinner was served them at the house by the members.

Changes this summer weren't all in the house. Some changes came right to the Tri-Delts themselves. This year's president, the former Millie Joslin, is now Mrs. Charles Burbank of South Burlington. Elizabeth "Inky" St. Mary, graduate last June, was married to George Ballou and they are living in Burlington. Even more surprising was the announcement of Franny Kenrick's engagement to Dave Shortsleeve.

There's always a little bit of sadness to go along with the joy of the Tri-Delts. Janie Norton '52, September 15 entered the convent at St. Joseph's Seminary in Troy, N. Y. to begin her novitiate. While lively "Cookie" Aiken '52 decided upon a nursing career and is now training at the Massachusetts General Hospital.

### KAPPA PHI KAPPA

At the Kappa Phi Kappa open meeting on Friday evening, October 7, a panel discussion was held at Southwick. President Scott Mahoney presided at the meeting.

Al Redway spoke on Kappa Phi Kappa as a men's national educational honorary. Mrs. W. R. Adams of the Education Department discussed the idea of a co-educational club. The idea of a girls' national educational honorary was introduced by Mary Ruth Coffman, Danforth Fellow at U.V.M.

## Chi Sigma Zeta Greet Students At Recent Open House

Chi Sigma Zeta opened its fraternity house for public inspection for the first time at its formal open house on Sunday, October 2. Invitations having been sent to the other fraternal organizations on campus as well as to specific campus notables, a crowd of more than two hundred turned out to examine both the new fraternity and its house.

Among those present to participate in the occasion were the chaperones, Prof. and Mrs. J. Kelly, Mr. T. Webster and Mr. A. Saindon. Tea and cookies were served by representatives of most of UVM's sororities.

### Newest Frat On Campus

Newest among the fraternities on the U.V.M. campus, the organization was first formed last February as a fraternity nucleus group. Originally conceived in the minds of four of these members, enthusiasm soon expanded until the formal step was taken by the original thirteen: Harold Henningsen, Jud Glen, Al Cichon, Marvin Briggs, John Lyman, Edgar Peoples, James Schneider, Jack Heaslip, Don Hammell, Henry Stone, Leslie Rollins and two others who have since left this campus.

### 23 Pledges Received

Chi Sigma Zeta, as such, was founded on May 13, with its charter being accepted by the Interfraternity Council on May 18. Since then, twenty-three boys have been pledged in open bids, and the group will participate for the first time this semester in the general school-wide rushing period.

While at present the fraternity exists as a local, it has received several offers by national groups to join their larger organizations. Although they intend, in the near future, to take this step, the members of Chi Sigma Zeta have not yet decided upon which national group they will affiliate with.

### Gates House Chi Sig's Home

The house which now serves as their home was originally known as Gates House and is at 381 Main Street. Bought this spring by Mrs. Emilia Shepard of Plattsburg, N. Y., she leased it to the fraternity shortly afterward. Containing twenty-one rooms, the house, at present, contains forty-two men. Upon obtaining the property, Mrs. Shepard had the entire house painted and redecorated making it among the most attractive homes on campus.

## Five Vermont Boys 'Superior' At UVM In Cozen's Test

Five Vermont boys received a superior rating in the indoor battery of the Cozen's Test recently administered to all University of Vermont physical education classes by the physical education department under Archie T. Post's supervision.

The test consisted of a dodge run, standing broad jump, bar snap, and dips on the parallel bars. Eighty-four boys passed the test. A score of 700 was the highest one could obtain.

Edwin Camp of Newport with a 532.2 score achieved the highest rating. He headed a list of seven boys in the superior division.

Others obtaining superior class honors were Paul Putnam, Springfield, 521.3; Robert Brown, Seekonk, Mass., 517.4; Henry Allen, Verona, N. J., 505.0; Dave Livingston, St. Albans, 502.7; William Marr, Montpelier, 501.9 and Donald Shorey, Burlington, 497.0.

# Union's Pass Attack Halts Cats --- Homecoming Saturday

## Stiff Garnet Line Holds UVM in Check; Cats Open Scoring

By Glenn M. Fay

There was no joy in mudville for the mighty Catamount had been smote. That's about the way UVM's staunch supporters felt last Saturday after watching a tough first-half Green and Gold team do everything wrong in the final periods and hand the Garnet a victory on the proverbial silver platter.

Both teams were "up" for this one. Each team and its coach knew this was the big game of the season, but both teams couldn't win and whether or not "the better participants did emerge victorious" the final score didn't do justice to the fighting spirit shown by UVM's warriors.

Union kicked off to Vermont but the Green and Gold could do nothing about moving the ball toward the enemy goal. Union's line, although not as heavy as UVM's, seemed to be impermeable. Several exchanges of punts and head bashing later found Vt. with the ball on her own 37. John Ballard tried an end sweep and the roof fell in on him. Ralph Kehoe then unleashed two of his better bullet passes the first to sticky-fingered Art Pruneau good for a modest gain, and the second to Stan Ursprung who gathered the ball in with one of the best circus catches ever witnessed in any football game and galloped over the goal line as the gallant band of Vermont supporters went wild. And after Stan's "educated toe" made it 7-0 many of the crowd thought the Green was on the gravy train with a downhill drag. However, to these kind souls sad dismay, it turned out to be more like a slow boat to China.

Before the Garnet would give up the ball again they had pushed their way 72 yards and found themselves kicking a point after to tie the score, seconds before the half ended.

During the half-time the crowd was electrified by a brilliant display of precision marching, as demonstrated by the Union band, while they played several unrecognizable renditions. They sounded like the ROTC Band—when they are tuning up.

### Tide Turns

With the resumption of play in the second half, heads began to roll. Strauss waltzed to his left and flung a long looping pass to a Mr. Busino who happened to be passing by at the time and strolled to the 2 where Lundstrom hurdled the line for the TD.

From then on it was all Union, they were all over the field, intercepting passes and throwing plenty of their own. In fact if it hadn't been for a couple of guys named Comolli and Corra the last few dreadful minutes might have been much worse.

Strauss passed again, this time to Jackson, who outran the whole Vermont backfield to score. After this play the Catamounts were desperate but every trick they pulled seemed to backfire, and Union once again got the ball after a Don Cote punt was partially blocked. Incidentally one of the brightest spots of the game was Cote's remarkable punting. From this vantage point Strauss again tossed a pass good for 20 yards and a TD polishing off the contest and making it three straight for the Garnet.

Note: At the Union home games the announcer gives the name of each player as well as his number before the game

(Continued on page 6)

## Up Anchor . . . Up Sail

## Vt. Swabbies Breeze by Middlebury 44-39

Sailing against stiff competition, Vermont scored a win over Middlebury at Lake Dunmore last Sunday.

Sailing Weasel Class Dinghies in a light variable breeze, both teams tied after the second race. This tie held until the last race when a Midd boat with a feminine skipper committed a foul at the start and U.V.M. was able to take first and second place. Aside from this misfortune Midd's sailorettes did some fine work. In the fifth race they not only

came in first but had a lead of almost half the lake over the rest of the field.

Final score of the meet was Middlebury 39, U.V.M. 44.

Those taking part in this meet were: Bill Baldwin, Dan Stephenson, Bill Schacht, Bob Moore, Dick Wolfe, Bob Kraut and Ed Waters.

The next meet will be a quadrangular at Kingston, R. I., on October 23. Taking part will be Rhode Island State, Trinity, Wesleyan and Vermont.

## We Predict . . .

by Mort Kaufman

Let's see, the experts of the Vermont CYNIC sport staff were keen in their choice of victory in some of the better football games last Saturday. Despite the tension and distraction caused to the World Series, they managed to observe and predict, without too much thought, this week's games.

Jerry Agel calculates:

Vermont 27, Norwich 6  
Notre Dame 13, Tulane 12  
Minnesota 35, Ohio State 6  
Southern Calif. 12, California 21  
Rice 14, Southern Methodist 14  
Cornell 26, Yale 13  
Middlebury 20, Tufts 14  
Dartmouth 28, Colgate 14

Vic Murdock worked for three hours on these predictions instead of going to the customary Sunday evening movie.

Vermont 32, Norwich 0  
Notre Dame 21, Tulane 14  
Minnesota 27, Ohio State 14  
Southern Calif. 13, California 13  
Rice 0, Southern Methodist 14  
Cornell 27, Yale 0  
Middlebury 14, Tufts 7  
Dartmouth 21, Colgate 0

Winn Fingerit was thinking about fraternity football when he indicated the winners of the following games:

Vermont 21, Norwich 0  
Notre Dame 21, Tulane 7  
Minnesota 14, Ohio State 7  
Southern Calif. 7, California 0  
Rice 6, Southern Methodist 13  
Cornell 34, Yale 14  
Middlebury 19, Tufts 6  
Dartmouth 21, Colgate 7

Although Mort Kaufman was striving to make "Dean's List" he paused long enough to make the following predictions:

Vermont 28, Norwich 0  
Notre Dame 14, Tulane 20  
(Continued on page 5)

## Vermont Is Heavily Favored; Norwich Still After 1st Win

The forty-first game in a series extending back to 1897 will be played against Norwich Saturday afternoon before a large Homecoming Weekend crowd at Centennial Field. Also taking place between halves of this all important game—is Cane Rush, the annual battle between freshmen and sophomore men.

### Unusual Scores Recorded

The first game in the Norwich-Vermont series was won by U.V.M. by the then unheard of score of 62-4. The most interesting game was played in 1941, when Norwich, with an outstanding team of All-Stars was upset by underdog Vermont by a score of 14-10. The record of the games for Vermont stands at 25 won, 11 lost, and 4 tied.

Thus far this season, Norwich has been completely outclassed by her more powerful opponents. The Cadets opened the season against Williams and lost 54-6. The following week they were beaten by Massachusetts 54-0 and last week Trinity added to their misery by trouncing them 71 to 0.

### Vermont Favored

Vermont will be a strong favorite in the game, but Norwich will be out to pull an upset in the unpredictable Vermont State competition in which all record books are tossed to the wind.

### Bloody Cane Rush Anticipated

An interesting feature between halves of the game will be the Cane Rush. If the freshmen win, they will be able to take off those fragile looking beanies. If they lose, they must wear them until Thanksgiving.

It is very important for all freshmen and sophomores to line up in opposite end zones and rush toward the fifty yard line in search of those precious canes. For the more participants in this event, the more blood will roll, much to the delight of upperclass Romans.

## Sports Slants

by Mort Kaufman

The usual writer of this column, that is, Vic Murdock, got himself an Indian summer cold and thus yours truly was called upon to pinch hit in the top of the ninth so leave us start swinging.

Strike one; After watching the game at Union on Saturday, one could not get away from the importance of depth to a football team. Vermont was simply worn down by the two platoon system employed by Coach McLaughlin. Although the Catamounts do use an offensive and defensive backfield, they make very few changes in the line. Regardless of individual abilities, and there's no doubt that the Vermont has a big strong forward wall, fresh men with less ability can play on a par with better but tired players. That is not only the case in football for many writers pointed to the depth of the Dodgers and Yankees as one of the important reasons for their winning of the pennant in their respective leagues.

Ball one, high and wide. Now that the World Series is over, the baseball fan can put away his fingernails, and bring his blood pressure back to normal until next spring anyway. Certainly, no baseball season since "way back when" produced any more drama and human interest than this year. Boston was overcome by the tension of the Red Sox's stretch drive toward the pennant, which found them one game out at season's end as was the case last year. Mel Parnell, or Ted Williams could have beaten Mayor Curley for the mayoralty race in the coming election if the Red Sox had beaten the New York Yankees for the American league pennant.

Probably no other team in the games' history won over so many fans as the New York Yankees of 1948. The team's injuries and yet its ability to win showed the Yankees as the Cinderella club possessing the spirit of a high school football team. Why they were so beset by injuries, that members of the team were afraid to walk the streets for fear they would slip on a banana peel or get kicked by the milkman's horse. It's over now so Casey Stengel has won a world series and Boston papers can go back to the conventional headlines, and anyone who didn't reap the fruits of victory can say, "wait until next year."

Homecoming week-end is this Saturday and Vermont will engage Norwich in part of the week-end's gala events. Let's have everyone at Centennial Field cheering and displaying the spirit of Vermont to our guests.

## Harriers Triumph In Triangular Meet

While the University of Vermont was tasting its first defeat at Union in a sport called football, Archie Post's cross-country team was moving with ease and grace around the oval track which surrounds the gridiron. And while all eyes were on the football game, the cross-country team proceeded to win a triangular meet from Union and Amherst on that warm Saturday afternoon.

It was depth, just what the football team seems to lack, which gave the Green and Gold victory. Union's Abe Lakshin won individual honors as he ran the 4.8 mile course in the excellent time of 25:35, and Bogarth of Amherst was second. It was from this point that colors of Vermont crossed the finish line in rapid succession. Jim Porter of Burlington finished third, followed by John Bellows, Earle Randall, and then Bob Caswell. The number 7 position, somehow, was not won by U. V. M., but Owen Coughlin continued the order by taking eighth and Elwin Wolcott finished close behind him.

The result of the meet found Vermont scoring 26 points, Union 43 and Amherst 66; in the dual portion of the scoring, U.V.M. defeated Union 21-37 and defeated Amherst 20-42.

It would seem from this meet that the harriers of Coach Archie Post should have a very successful cross-country season. The main factor is the depth of the squad, anyone of the harriers is capable of leading the team in any given meet.

The summary:

1, Lakshin (U), 25:35; 2, Bogarth (A), 25:41; 3, Porter (V), 25:59; 4, Bellows (V), 26; 5, Randall (V), 26:29; 6, Caswell (V), 26:41; 7, McCormick (U), 26:47; 8, Coughlin (V), 26:53; 9, Wolcott (V), 27:01; 10, Brown (V), 27:34; 11, Prosswimmer (A), 27:35; 12, MacCoun (U), 28:01.

### WE PREDICT

(Continued from page 4)

Minnesota 20, Ohio State 26  
Southern Calif. 21, California 13  
Rice 14, Southern Methodist 7  
Cornell 20, Yale 7  
Middlebury 21, Tufts 6  
Dartmouth 28, Colgate 21

## Kittens Win 19-13 To Upset Champlain

A high spirited UVM freshman football team won over a favored Champlain College eleven on Friday by a 19-13 score. Played in a rain soaked first half, the Kittens scored all of their touchdowns; highlighted by Phil Mann's 78 yard run.

After the kickoff, Champlain was forced to punt, sending the Cats deep into their own territory. On the next play, quarterback Vatrak handed the ball to Mann on an off tackle play; he slashed through the forward wall—twisted and sidestepped by the secondary and was off on the most dazzling run of the afternoon.

Two minutes later, a recovered Champlain fumble on the 20 yard line gave the frosh a golden opportunity. One line smash gained 5 yards and then Hughes out-stepped the Champlain secondary on an end sweep for the final 15 yards for a T.D. Jerry Brewster executed the extra-point. It was Vermont 19, Champlain 0 at the half.

Champlain opened the scoring column in the third period on a 42 yard drive as Johnny Leonardi bulled his way over from the four yard line.

Mike Cassidy, left halfback for Champlain found pay dirt in the closing minutes of play for their final touchdown and Leonardi conversion was perfect.

Throughout the second half, the boys from across the lake piled up yardage, but the Kittens, though tiring fast, fought back and maintained their lead until the final whistle.

Besides the scoring trio, Brewster, Lawlor, MacIntyre, Slater, Watkins and Ables were standouts for Vermont. While

Lodge, Cassidy, Perna, Fraser, Stopinske and Amato were the Champlain standouts.

## Western Reserve U. Renovates Mansion For Millis Family

Letters received here from former U.V.M. President and Mrs. John S. Millis indicate they are getting settled in their new home and position at Western Reserve University in Cleveland, O.

Dr. Millis said in a letter to Miss Anna Smith, his former secretary, that their house was in a "chaotic" state because of painters, plumbers and carpenters who were renovating the interior. At times, he added, it was even difficult to find a chair to sit on.

The home of the president of Western Reserve is a large house, about 10 minutes' drive from the campus in Cleveland Heights. The grounds are spacious and contain a tennis court.

Mrs. Proctor Page said that Mrs. Millis had given news of her children in the letter she had received. Jean is in Lawrence College, Appleton, Wis., where her father once taught. Harry and Alice are in junior high and high school in Cleveland and are making many friends.

### Agriculture

Juniors—Betty Kerin, Mary E. Fuller. Seniors—Barbara Larrabee, William Farrar.

## Rubenstein Concert Time Nears; Tickets Are Still Available

Artur Rubinstein, one of the greatest pianists of all time, who is currently on his eleventh consecutive tour of the United States, will appear at Burlington's Memorial Auditorium, Friday, October 28 at 8:15.

The pianist, who holds many honors, was cited a second time last year by the French government when he was elevated from Chevalier to Officer in the Legion d'Honneur.

He was born in Warsaw, Poland, the son of a hand-loom manufacturer. At eleven, young Artur made his formal debut in Berlin under the baton of the venerable Joseph Joachim, who had assumed responsibility for Artur's musical future. By the time Artur was fifteen, his reputation had spread throughout Europe and he had earned the praise of Saint-Saens, Paderewski and Max Bruch.

### Education and Nursing

Juniors—Harlan R. Farnsworth, William R. Johnson, Claude H. Magnant, Betty Lou Delaire.

In 1906 he paid his first visit to America where he gave 75 concerts in three months.

Rubinstein returned to Europe to begin his global trips which have since covered more than two million miles and have taken him to every country in the world except Tibet. Upon the outbreak of World War I, he tried to join the Polish legion but his knowledge of eight languages made him more valuable as an interpreter. He was so shocked by the brutalities of the German army that he swore never again to play in that country. He has kept that vow for 32 years.

Last fall (1947) he made his first European tour since 1939. An idol before he left the continent his return was the signal for one of the greatest tributes ever awarded an artist. He played more than thirty-five times to sold-out houses which had to install stage seats and permit standees. The overwhelming response of continental audiences resulted in Rubinstein's return for a second tour in the fall of 1948.

# To give you a finer cigarette Lucky Strike maintains AMERICA'S FINEST CIGARETTE LABORATORY

## America's largest cigarette research laboratory is your guarantee that Luckies are a finer cigarette!

YOU SEE HERE the largest and most complete laboratory of its kind operated by any cigarette manufacturer in America.

For many years Lucky Strike scientists have delved into cigarette research on an extensive scale. Out of this has grown an elaborate system of quality control. Every step in the making of Luckies—from before the tobacco is bought until the finished cigarette reaches you—comes under the laboratory's watchful eye. As you read this, a constant stream of tobacco... samples

from every tobacco-growing area... is flowing into the laboratory in Richmond, Virginia. These samples are scientifically analyzed, and reports of their quality go to the men who buy at auction for the makers of Lucky Strike.

Armed with this confidential, scientific information—and their own sound judgment—these men go after finer tobacco. This fine tobacco—together with scientifically controlled manufacturing methods—is your assurance that there is no finer cigarette than Lucky Strike!

**Testing tobacco.** Samples from every tobacco-growing area are analyzed before and after purchase. These extensive scientific analyses, along with the expert judgment of Lucky Strike buyers, assure you that the tobacco in Luckies is fine!

**So round, so firm, so fully packed.** Typical of many devices designed to maintain standards of quality, this mechanism helps avoid loose ends... makes doubly sure your Lucky is so round, so firm, so fully packed.

**So free and easy on the draw.** This meter draws air through the cigarette, measures the draw. Samples are tested to see if they are properly filled. Tests like this guarantee Luckies are free and easy on the draw.

We know: **LUCKIES PAY MORE** for fine tobacco

(millions of dollars more than official parity prices)

We are convinced: **LUCKIES PAY MORE** for cigarette research

So, for your own real deep-down smoking enjoyment

**Smoke a Lucky!**

Lucky Strike's fine tobacco and constant research combine to give you a finer cigarette. Prove this to yourself. Buy a carton of Luckies today!

## Rescued Fountain Serves Utilitarian Purpose As Upperclassmen Enforce Rules

That a fight between the freshmen and the upperclassmen took place, there is no doubt. There is however a great variety of opinion as to what took place, who participated, and just when everything happened.

One point is certain, and that is that it occurred on Monday, October 3. According to the general consensus it all started about seven-thirty when about thirty-five upperclassmen went up to the dorms and took several freshmen out for a short walk to the fountain and then invited them to take a dip in the cool water.

It seems that while this was going on, the freshmen were organizing and planning the best method of reprisal. A group of the freshmen left the dorms about eight and attacked the upperclassmen at the fountain. Several of the upperclassmen were thrown into the water, and the rest fled for their lives.

### Freshmen Blame Phi Delt's

The freshmen then held council and decided that Phi Delta Theta had been responsible for the injustices inflicted upon their fellow classmen. They then went to the Phi Delt house on College Street and started fighting the people they found there. In the process they painted up the sidewalks a little and did a little

damage to the front doors that are the Phi Delt prides.

### Garbage and Water Flung

The embattled Phi Delt's called on the other fraternities for aid and most of them responded. The freshmen were forced to flee to their dorms for safety.

Now the real fighting war began. Garbage, stones, and water were hurled by both sides in the hope of forcing the other to surrender. Eventually the upperclassmen fought their way into the dorms and some hand to hand fighting took place in the dorms, mainly Buckham, and several outdoor skirmishes were reported.

### Aid for Police Needed

Finally aid was called for and a police car was dispatched. When it arrived the officer in it was greeted by a shower bath and the air was let out of his tires.

A little later one brave soul took the keys out of his car, and as yet they are still among the missing. In the end the forces of law and order took over and the battle ended.

### Cane Rush to Decide Victor

After the battle everyone went home to talk over this first of class clashes in many years. A few minor accidents were reported, but luckily nobody was seriously injured.

Just who won this battle is still in dispute, but it will be decided once and for all in the Cane Rush on October 15.

## Dr. Sidney B. Smith Announces Changes In Library Staff

Sidney B. Smith, director of the University of Vermont Libraries, has announced five changes in the libraries' staff.

D. L. Janes, of Essex Jct., is the new general assistant of Libraries, replacing Wallace Harding, who died June 28.

Taking Mrs. Philip Robinson's place as secretary to the director is Mrs. Doris B. Lowenfels, U.V.M. '49.

U.V.M. graduates Mrs. Marie P. Condon '49, and Mrs. Alison S. Flanders '48, are working as circulation and reference assistants in Billings Library.

Acting librarian of Wilbur Library is Mrs. Gladys L. Colburn, U.V.M. '33, who is taking over for Mrs. Sumner Willard, now teaching Spanish at Bennington College.

## WJOY To Air Local Colleges' Favorite Discs On Saturdays

Hear those drums?

It's Gene Krupa's "Star Bump," the theme song of Don Gibbons, '50, and Don Hayward '51, two St. Michael's College "dons," who offer for the enjoyment of U.V.M. students a new program, College Carrousel. A disc jockey affair, College Carrousel will also include news from St. Mike's, U.V.M., Trinity, Middlebury, Norwich and Champlain.

The first program was broadcast over Station WJOY at 1.00 p.m., Saturday, October 8. Requests for records and news for airing may be sent to the program, c/o WJOY.

### NOTICE

Any women who have been members of sororities on this campus are asked to please leave their names in the dean of women's office.

## UVM Lists Dates Of Aptitude Tests In Law, Med., NROTC

Students from Middlebury College, St. Michael's College, Norwich University, and the University of Vermont will take all-day examinations given by the Placement Bureau on October 22 and during the next few months.

U.V.M., as the official examining center for this area, is giving medical and law aptitude tests, and for the first year, a Naval Reserve Officer Training Corps Examination.

The medical examination will be held on October 22 from 8.30-5.30 in Waterman building in Room 210, and again in January.

November 2 is the deadline for applications for the pre-law examination which will be given November 12, and again in February, April, and August. Applications for these exams should be sent to Educational Testing Service, Post Office Box 592, Princeton, N. J. Any notification of room change will be posted on the main bulletin board in Waterman.

Four years of college and a commission in the Naval Reserve is offered to those men qualifying for the Naval Reserve Officer Training Corps. Applicants for the examination to be given December 3 must be male citizens, at least 17 years of age and not older than 21 by July 1, 1950, unmarried, a high school graduate, or possessing the equivalent certificate, and satisfying the physical requirements as set down in the Manual of the Medical Department, U. S. Navy, for midshipmen. Applications must be received by November 12, 1949.

All candidates with qualifying scores will be interviewed by the State and Territorial Committees which will make the final selection of admissions to NROTC colleges.

Applications may be procured at the Placement Office and the following: Office of Officer Procurement, U. S. Navy Recruiting Stations, and the Educational Testing Service, P.O. Box 709, Princeton, N. J.

## Benedict Essay Prize

The Benedict Essay Prize, offered annually to the member of the senior class presenting the best essay on the subject of "International Arbitration," will amount to thirty dollars this year (1949-1950).

Only essays of high quality will be considered for either of these prizes. Each candidate who presents a satisfactory essay will be expected to pass satisfactorily an oral examination on his essay before awards are made. Both the essays submitted and the examination upon it will be considered in making the award in each contest.

I would be glad to discuss possible subjects with any student who may be interested in either contest. In any case, it would be wise to have the subject approved in advance.

DANIEL B. CARROLL,  
Department of Political Science.

## Join The Modern Dance Club To Loosen The Joints

Are you stiff??

Do your joints creak?? Well—here's the solution to all your problems!

Join the Modern Dance Club. It guarantees you—not for an hour, not for a day, but for at least a week—the stiffest, creakiest joints ever; but—and here's the catch—after the first week you'll be a new person!! You'll feel like the top of the morning! Take a tip from an expert—it can't be beat.

Modern Dance Apprentice Group (that's for those in the "bend-two-three-puff-up-two-puff-puff" stage) meets every Monday at 4.15 p.m. at Southwick. The "bend - two-three-four-up-two-three-four-with-no-effort-at-all" Group, otherwise known as the Workshop and Master Group, meets each Friday at 4.30 p.m. at Southwick.

We're starting immediately to work on our spring program, so you don't want to miss a single meeting—especially since eight technique hours are required in order to participate in the Program.

By the way—not that this would influence you one way or the other—the men on our campus have finally realized the opportunities they've been missing and have organized a Beginners' Men's Dance Group which will have its first meeting October 21. Any males on campus interested may just get in touch with Miss Hoffman.

We're expecting great things from both groups this year so—we'll see you at Modern Dance!!!

## NOTICE

United States Senator Ralph E. Flanders, who was scheduled to appear at the University under the auspices of the U.V.M. Young Republican Club on October 15 will not be able to appear at that time, due to the failure of Congress to adjourn. He will appear later in the semester, however, probably in November.

E. J. COSTELLO, Chairman,  
U.V.M. Young Republican Committee

## Homecoming Week-end

(Continued from page 1)

day night. This event will highlight the Homecoming Dance, sponsored by Staff and Sandal and Key and Serpent under the chairmanship of Alma Warrell '51, and Larry Kimball. The Catamounts will furnish the music for the dance, which will be held at the men's gymnasium, from 9-12.

## "Beat Norwich" Poster Theme

Alumni will register Saturday morning in Waterman Building and a special section is promised them at the game. Afterwards there will be open houses observed at the sorority and fraternity houses to welcome all alumni following the game. Coolidge Hall will also hold an open house, put on by freshman girls.

For the benefit of freshmen, the poster contest is fairly new at U.V.M., and has been incorporated into Homecoming Weekend only since last year. Staff and Sandal introduced this phase last year to heighten the feeling of "Welcome Alumni" and "Beat New Hampshire." This year the theme will be "Beat Norwich."

## Leonard Tomat Also Recalls Highlights of His Trip Abroad

Like Dot Brau, Leonard Tomat, '50, took a trip across the ocean this summer. His destination—Italy. However, before he began his trip, he attended a three-day orientation program held in Putney, and on June 28 he boarded a plane in Windsor Locks, Conn.

## First Time Experiment

After reaching the Eastern hemisphere, Len's plane made short stopovers in Gander, New Foundland; Shannon, Ireland; Madrid, Spain; Geneva, Switzerland; and finally, Milan, Italy, where Len spent three days with some of his relatives.

However Len made his "home" in Florence, Italy, in a small boarding house. Since this was the first time that the International Experiment in Family Living had been tried in Italy, no families were available for the American students to live with. Therefore, not only American students, but also Italian students formed a well-rounded coop house.

## Rests at Famous Resort

Among the Italian students staying at the house were a psychiatrist and an agricultural student from the University of Florence. In a nearby village lived a young, talented, Italian violinist, who entertained the students with a private concert. This violinist is getting ready for some concert series in Rome; and he has played in a few Italian films.

Florence is noted for its art galleries, churches, and museums. Len visited Pisa—the leaning tower; Siena—a beautiful cathedral; Fiesole—famous monastery

overlooking Florence and Tuscon area; art galleries such as Palazzo Pitti, Palazzo Vecchio, and la Accademia di Firenze. Some time had to be allowed for recreation and naturally Len chose a famous beach resort on the Meditterean Viareggio.

## Visits Vatican

Rome was the next stopover, and there were definitely many places and scenes of interest to see and visit. Len, along with other students, visited the famous Vatican and had an audience with the Pope, which was very massive and spectacular.

Also, he visited the University of Rome, which was recently rebuilt under Mussolini. The architecture is very modern and the buildings, centralized.

Another place of interest was Fort Mussolini, where young Fascist youths were trained during the last war. Inside the fort is a very beautiful, massive swimming pool done in mosaic. Time out was taken by the visiting students to enjoy a swim.

## Living Conditions Hard

In Venice, Len lived in an old school which had been converted into dorms for the visiting students from all over Europe and America. The students took motor boat rides to islands and visited a glass making factory, a Venetian Lace factory, and the Piazza San Marco—famous for its many pigeons and tourists.

Some day he hopes that he will be able to take another trip and broaden his experiences. So far he has received four letters from friends he met while abroad; has given seven reports here in Vermont.

## Sadah Start Will Give Concert At Chapel On Oct. 16

Sadah Shuchari Start, violinist and instructor of violin at the University, will give a recital in the Ira Allen Chapel Sunday, October 16, at 8.30 p.m., with Howard Bennett at the piano. The recital is free and public.

Faculty and students will recall that Mrs. Start played the Andante from Mozart's G Major Concerto at the opening convocation in the Memorial Auditorium. She is a graduate of the Juilliard School of Music in New York and has studied violin with Leopold Auer and Paul Kochanski.

She has appeared as soloist with the New York Philharmonic, Philadelphia, Baltimore, Detroit, San Francisco, Los Angeles and other symphony orchestras, and has given concerts in many of the leading cities of the United States, where her beauty of tone, warmth of temperament, musicianship and technical mastery have been admired by reviewers.

## LETTER

(Continued from page 2)

They are all for students, from students. If students do not support them, no one will. There is no other place to which they turn to help.

Here is a chance to help others who have the same goals and the same ideals of education that we do; but in desperate need of help in order to continue their education. What would you think if you were in that position? Give, that their education may live; support your Campus Chest.

PEGGY FISHER, '51

## Delta Psi Wins Traynor Trophy

### Vermont Variety Show Produces Much Hidden Talent, Entertainment

To a jammed-pack Southwick auditorium, the Third Annual Vermont Varieties played on Thursday and Friday evenings, October 13 and 14. The demand on the second evening of the performance was very pressing. Early in the day all reserved seats were sold out. In the evening well over 50 people were turned away after all available rush seats had been sold at the door.

The Varieties, which gets bigger and better each year was sponsored by the U.V.M. Dramatic Club and directed by Ronald H. Humphrey. Members of the staff which helped were:

Stage Manager: Suzanne Pooley, assisted by Jane Cook and George Martin.

Musical Advisor: John Emerson.  
Stage Crew: Neil Towne, chairman; Andrew Doe, Alfred Hurley, Joan Coffman, Mary Ann Browne.

Make-Up: Pam Crandall.  
Properties and Costumes: June Stone and Marianne Ciotti.

Lights: Bill Shoemaker, chairman; Rita Blinder, Ken Pierce, Hamilton Ploof, Bill Riddell, Roger Hulburd.

Business Manager: Mimi Beauvais.  
Tickets: Shirley Gleason, chairman; Ernestine Genine, Stella Ostrowski, Pat Greenup, Nancy Leming, Jeanne Newmeyer, Calvin Libby.

Publicity: Bob Arthur, chairman; Arloa Dean, Jean True, Maryjane Borah, Marilyn Rosenberg, Robert Taisey.

House and Programs: Tom Kent, chairman; Audrey Campbell, Ruth Goldberg, Lester Culver, Francis Bell.  
Ushers: Alma Warrell, Sally Bray, Ainslee Hanlon, Barbara Hayden, Joan Hobson, Joan McKerley, Peggy Piche, Dorothy Squires, Alice Streeter.

### Frosh, Sophomores Tied At 1-1 After Annual Battles

A crowd estimated at between 300 to 400 persons witnessed the victorious battle of the Freshmen over the Sophomores in their first test of the year last Friday afternoon as the Frosh literally drove the Sophomores to cover in the first Hose Fight since the war. A subsequent win of the Cane Rush on Saturday would have permitted the Frosh the official right to doff their beanies. In this second encounter they proved not so fortunate, however, and thus the series is evened up at 1-1.

But for a squirt account of the glorious Hose Fight read the following on-the-scenes report by your CYNIC reporter.

At the outset the situation looked grim indeed. The cold chill of this October day seemed to infect the combatants and observers alike with a deadly tone of solemnity. The expected hour for this massacre had long since passed, and as the firemen of the Burlington Fire Department methodically inspected the weapons, this delay only seemed to point out more fully the team which was "up" for this test of its mettle. The Frosh were clearly the stronger of the two forces. Their's was not simply a numerical advantage but, anticipating the forthcoming carnage, they eagerly awaited the battle. These Frosh were officially untied, but from their previous "melee at the fountain," it was clear that they were to take no gaff from anyone. Defiance radiated from each unbeaned head.

The Sophomores were clearly more, recalcitrant. In numbers their force was far the inferior and every last Sophomore seemed to feel that that Freshman hose had "his number." But in all fairness, however, the Sophomores were dealing with a problem of low morale in the rear lines and it must have been a  
(Continued on page 3)

### Senator George Aiken to Speak At Waterman

Senator Aiken

United States Senator George D. Aiken will be the first major speaker on the U.V.M. Young Republican Club's program for this year, it was announced Friday by Ed Costello, Club Chairman. Senator Aiken will speak in the Waterman building next Tuesday, Oct. 25, at 8.00 p.m. All members of the student body are invited to come, hear and meet Senator Aiken at that time. The room location will be posted.

#### Aiken Outstanding Liberal

Senator Aiken is one of the outstanding leaders in the liberal wing of the Republican Party and one of the foremost speakers for the party on domestic issues in Congress.

A one-time Speaker of the Vermont House of Representatives, he served as Lt. Governor, and twice as Governor before being elected to the Senate in 1940.

(Continued on page 6)

### Kappa Alpha Theta, Phi Delta Theta Take Homecoming Poster Contest Trophy

### Mademoiselle Seeks Trial Editors For Fall College Issue

Do any of the following jobs interest you? Fiction writer? Fashion designer? Artist? Merchandising? Publisher, Public relations? or Feature writing? The Mademoiselle College Board is looking for twenty girls who would be interested in editing the Mademoiselle college issue for this fall.

The college board wants to (1) Help girls decide what they would like to do for a career; (2) Encourage girls to think about their careers.

In order to have a chance to explore the fields open in magazine editing, Mademoiselle will allow twenty young women to edit the college issue during the month of June, paying them a salary too. The board will pay transportation from campus to New York and from New York home.

All one has to do is:

- (1). Send a trial report of two, type-written, double-spaced pages on any phase of college life—humorous or serious.
- (2). Send a snapshot, along with complete data of college and home address, class year, major and minor, other interests, and activities.
- (3). Mail this material on or before November 1 to: The College Board Editor, Mademoiselle, 122 East 42 St., New York 17, N. Y.

Before doing the above, please report to the Placement Bureau (room 104, Waterman) and talk it over with the secretary there.

### Contributions To Be Incorporated In One Campus Chest Drive

Campus Chest, a drive to incorporate contributions to W. S. S. F., the United Negro's Fund, the Scholarship Fund, and the Loan Fund, will open October 29 when students will be approached individually by solicitors.

The World Student Service Fund is a fund to help needy, worthy students all over the world. It provides many supplies without which they would be unable to continue their education.

The United Negro's Fund contributes to the upkeep of the 33 Negro colleges in the United States which manage to pay for all but ten per cent of their needs.

The Scholarship Fund is administered by Student Government who awards six one-hundred dollar scholarships annually, to deserving, needy students.

The Loan Fund is an emergency fund which helps out students who unexpectedly find themselves lacking sufficient funds to continue their college education.

The unusual part of this drive is that it is sponsored by our students for less fortunate students. Remember this, and back up Peggy Fisher, special events chairman; Ruth Goldberg, publicity chairman; Mary Ellen Fuller, solicitor chairman; and other members of the Religious Life Committee.

"Give So That Others May Live."

Celebrated by open houses and tea dances which followed the victory of U. V. M. over Norwich, Homecoming Week-end was topped off with a well-attended dance in the Men's Gymnasium Saturday night, Oct. 15.

One of the main features of Homecoming Week-end was the presentation of the Traynor Trophy. Just before intermission at the school dance sponsored by the two junior honorary societies, Saturday, October 15, Larry Kimball, President of Key and Serpent, made the award. This year Delta Psi fraternity won this king of all fraternity cups.

The Traynor Trophy was established by the 1930 Key and Serpent Society, in memory of their classmate, Edward L. "Pie" Traynor, captain-elect of the varsity baseball team, who was fatally injured in an automobile accident on December 30, 1930. Its purpose is to stimulate interest and activity in all the interfraternity competitions of the campus, a large share of which are intramural sports. It is a permanently rotating trophy, awarded annually to the fraternity scoring the most points for the year.

Points which apply toward the Traynor Trophy may be earned in the following divisions:

- Scholarship (first and second semester)
- Touch Football
- Basketball
- Track Meet
- Relay
- Softball
- Squad Drill
- Kake Walk Stunt (first and second nights)
- Kake Walking (first and second nights)
- Bowling
- Interfraternity Sing
- Winter Sports
- Junior Week Peerade
- Homecoming Poster

#### Sophomores Victorious

The Cane Rush, held between halves of the football game, indicated a great amount of class spirit between the freshmen and sophomores which has been built up within the first few weeks on campus. It was won by the sophomore men, no doubt in revenge for the beating they took in the Hose Fight on Friday afternoon.

Mr. and Mrs. MacCripe and Mr. and Mrs. Ronald Humphrey chaperoned the Homecoming Dance. Peggy Fisher and Ed Streeter were in charge of decorations, which followed a rustic theme. Streamers from a big wheel overhead extended to all sides of the room and gave the effect of a lowered ceiling. An unpredictable tree on the wall produced balloon "apples." The Catamounts played, with Jackie singing with them again.

### Student Union Is Host To Town Girls At Special Supper

A Town Girls' Supper, given by the Student Union Council was enjoyed by all Wednesday evening. Dean Simpson and Miss Wing both welcomed and addressed the girls.

Also, Rae MacTiernan introduced the members of the council following her welcome. Five house presidents served.

## CAMPUS VANDALISM

For the second time this fall vandalism has smelled up the Vermont sports scene and for the second time Vermont has been involved. The first time was the occasion of the St. Mike's game when somebody daubed our campus with the St. Mike's colors. But the shoe was on the other foot when the Norwich campus was invaded last Thursday night and plastered with the "green and gold." We were informed of the deed late Friday afternoon when a low-flying plane scattered leaflets on the U.V.M. campus telling us of our crime. The tone of the leaflets was a righteous one for evidently Norwich had adopted and long since practised better, less-destructive ways of whooping up enthusiasm. President Lyman immediately apologized to the authorities at Norwich, and received promises that Norwich would try to keep its students from retaliating. Knowing the anger of the Norwich students, obviously the Norwich authorities could make no out-and-out assurance that we would not be raided. With this retaliation a possibility, the U.V.M. campus took on the appearance Friday night of a western mining town of the 1840's with groups of "vigilantes" armed with baseball bats ready to repel the forthcoming invasion.

But as long as colleges remain and as long as "boys are boys" the problem will remain. The trick is to find some solution. There are certainly other ways of pepping up the spirit of a campus: Norwich showed one way by scattering "propaganda" sheets on us last year; and this year the fraternity and sorority posters did the trick. But it is the other elements—whom we find at any campus—that we must watch: those students who act together in a mob spirit and who always want too much of a good thing. Oh, if anything does get out of hand and the guilty parties are found, then god help 'em. Just ask a student who has been bounced for trying to emblazon initials on a gridiron with dynamite or who has painted somebody's chapel pillars. These wrongdoers are rarely caught, though, and anyway the prevention is better than the cure.

So, we must find a solution. Several years ago some of the student leaders of the Vermont colleges got together and decided officially that that marked the end of intercollegiate vandalism. That was all well and good; members of the Honoraries all agreed and that was the end of it. Unfortunately that wasn't the end of it, because nobody else heard much about it, and more, nobody had to live by their agreement. Maybe Norwich did a better job in educating its students, but around here no one knows much about it. Since that banquet several freshman classes have come and not one has been informed of the situation. The University regulations don't even mention it. We feel that Norwich had a legitimate gripe.

The solution, then, is one of education; and the simplest way is at least to formulate and print this rule. The best place for it at the time would be in the University Regulations, along with the stipulation that offenders would be brought before Student Court or some other court.

At the moment, U.V.M.'s nose is clean, just as is St. Mike's because a group of five students went to Norwich last Saturday and made amends. Maybe U.V.M. students weren't guilty and maybe St. Mike's wasn't involved in the first fracas. St. Mike's showed the way by cleaning up our campus voluntarily; and were were able to soothe Norwich with our apologies this time.

But these apologies are only stop-gaps. The next step is publicity.

## Inquiring Reporter

Fraternity and sorority rushing has rolled around once again, though quite a bit earlier than last year. This new plan may be a good one or it may not.

It is a little too early to predict what the final outcome will be, but we do have opinions already on the subject for this week's question—"Do you think that rushing is too early this year?"

1. Ralph Simonds, Grosse Point, Mich.:

"That is a question that is hard to answer, but I think it is too early because it doesn't give fellows enough time to really make up their minds. The fellas that are rushing, I mean. Also, rushing is at a time when both fraternity members and rushees are busy with hour tests."

2. Mimi Martin, Glen Ridge, N. J.:

"Yes and no. It is more advantageous for the sororities to have it now, but too confusing for the freshmen in their adjustment to first year college life."

3. Norma Honig, Brooklyn, N. Y.:

"It is too early. It doesn't give you a chance to know the girls. I like the idea of the new sorority, and think they are a terrific bunch of girls. The freshmen show a lot of spirit this year; a lot more enthusiasm than last year."

4. Leland MacDonald, So. Ryegate, Vt.:

"No, I think that if guys are going to rush they might as well start right off. I rushed last year and school started later. Most of the fellas who rushed last year found that a lot of college life is in the frat."

## UVM Leaders --- Ed Costello

This is the first of a series on outstanding junior and senior students at U.V.M. The sketches for each of these campus personalities will be done by a very talented freshman, Jack Schrem. The people publicized in this column are the juniors and seniors whom the entire student body, faculty, and administration should know. They are the students who are in the key student positions on campus and the ones who bear a great deal of responsibility for keeping the wheels rolling in the complicated machinery of extra-curricular activities.

By Nancy Gill Reynolds

In order to help the student body recognize its outstanding members, the CYNIC will feature each week an interview and brief sketch of a junior or senior who devotes a great deal of his time and effort in aiding the students as a whole.

The first to be interviewed is Ed Costello, president of Student Government. (Continued on page 6)

## Your Student Government

by MARSH SABENS

One visitor, two faculty advisors, and the members of the Executive Council gathered in the south study lounge of the Waterman Building Wednesday for the Student Government meeting. The visitor is a typical demonstration of the student interest in its governing body.

The only time that more interest is shown is when a particular group is affected by an action or inaction of Student Government. In such cases students apt to blame Student Government for many of the ills or fail to give it due credit for any of the good.

It's your Student Government and your interest which will make it operate most efficiently. Also, there might be some (Continued on page 3)

## Ramblin' Round

By ED WATERS

### SPIRIT AND SPIRITS

The other night, the tremendous spirit of the Freshmen Class was graphically demonstrated to this correspondent and to numerous others.

The occasion was the attempted invasion of the U.V.M. campus by non-uniformed Norwich Cadets, who, it has been reported had a detailed plan to do some damage to U.V.M. property in retaliation for the painting of the Norwich campus last Thursday.

As to the Norwich painting, only the green paint is evidence that it was committed by U.V.M. students. It is very possible that it was done by others outside U.V.M. or that one or two U.V.M. students committed the act, and it, therefore, was not a result of concerted action. Realizing this, the officials of Norwich, both administrative and student, did what they could to prevent retaliation.

Norwich is to be congratulated for the way they handled the problem. It was a fine gesture to send up a group of Norwich officers to cooperate with U.V.M. in anyway possible. Those who came were: Capts. Di Martino, Griffiths, Krause, Reiter, Tieman; 1st Lieutenants Todd, Groezinger; 2nd lieutenants Chadwick and Vani; and Sergeant Dickson. These men sacrificed their sleep to help us. We owe them a debt of gratitude.

A group did get up to Burlington and did succeed in painting a couple of signs on the campus. More extensive damage was prevented by the combined effort of the Norwich cadet officers and the freshmen. Under the control and direction of Graham Berwind, representing Key and Serpent, Marsh Sabens representing Boul-

der and Edward Water of the class of 1953 organized and kept guard over the campus during the entire night. If a reader had occasion to either drive or walk around the area of the College Green or Centennial Field, you can realize how well these men did their job. This reporter drove down College Row about twelve o'clock and was stopped in front of Science Hall by an army of students. As soon as it was determined that we were a bona fide member of the University permission to pass was given.

The following day a group of U.V.M. student leaders went to Norwich to apologize and to offer their services. The group which was composed of Marsh Sabens, John Barrows, Will Johnson, Streeter, and Larry Kimball, did much to clear up the tension and bring about the good feeling between the two schools that was noticed over the week-end.

It is about time that this sort of thing stopped. It should be realized that the painting business is an expensive practical joke. Not long ago the chapel was smeared, and it cost around three thousand dollars to clear up the mess.

Even now after all the scrubbing and the wearing of the weather, there still remains the letters SMC scrawled on the Statue of Ira Allen.

It should also be realized that a few years ago St. Michael's, Middlebury, Norwich and Vermont agreed to put an end to this practice. Only last year a dinner was held, attended by representatives of these schools to reiterate their standing. Every student is committed to this agreement, there can be no evasions, so they stick to it.

### Student Government

(Continued from page 2)

concern on the part of some as to how these elected representatives spend fifteen dollars of each student's money. Meetings are held every Wednesday at 4.00 p.m. in the south study lounge of Waterman Building.

#### Betty Kerin New Secretary

The appointment of Betty Kerin as acting secretary, to be assisted by Marianne Ciotti, was announced. Bill Dingerson mentioned the heretofore unmentioned possibility that Student Government might be stretching its legal prerogatives in making these appointments.

However, he was assured that a clause exists in the present constitution which makes practically any action deemed necessary by the president legal.

A protest was entered against the handling of the Student Court election. It was cited that each election held by Student Court seems to get progressively worse and that until the situation is improved it would perhaps be better to hold no election. A motion was passed recommending that Student Court postpone the present election until better publicity for it is put forth.

#### Dead Week Issue Aired

The Social Committee, just recovered from charges made against it in the recent dance permissions controversy, was again put on the carpet: this time for failure to include Dead Week on this year's social calendar. The Student Government representative on the Committee pleaded innocent to the charges.

It was discovered that the resolution to restore dead week came too late last year to be included when the calendar was made up. This absolved the Committee of the responsibility, but it was given the task of whatever is necessary or possible for the restoration of Dead Week.

#### Supports Campus Chest

The Executive Council refused to act on a request for a supplementary budget which was brought in without first hav-

### Free Dance Will Give Students An Inexpensive Evening

Students! A FREE school dance is in the offing in the immediate future. An old clothes dance with a "rags to riches" theme, which is open, free of charge, to all students interested in spending an inexpensive, casual evening of pleasurable dancing.

This unusual phenomenon, sponsored by the Student Government Social Culture Committee, will take place Saturday evening, October 22 in the men's gym from 8.30 to 12. This event will climax the two-day Student Government Conference scheduled for the week-end, October 21 and 22.

The well-known Catamounts will be on deck with their fine music for the evening. Everyone is invited to attend this dance, one of the school year's most unique. And remember, the oldest clothes you can wear will be your admission to this dance!

ing been through the Finance Committee. It was stated that as a means of expediting business at the meeting all financial matters will be cleared by the Finance Committee before coming to the Executive Council.

To indicate its support of the Campus Chest Drive, which opens in one week, the Council voted to attend as a body the opening meeting to be held in the Chapel on Friday, Oct. 28. This is the first year that the campus chest idea has been tried, and it is hoped that it will prove successful.

### Hose Fight

(Continued from page 1)

little discouraging when replacements swelled their small band only to twenty men.

But the preparations were finished; the men were ready. They were dressed in their Hose Fighting suits: trunks, dungarees, bare feet; and now with the battle imminent they grasped their hoses with deadly seriousness.

The spirit of the crowd rose and fell, vacillating like breezes before a storm. A nervous laughter arose when a dog, unmindful of the situation, trotted across the field. And suddenly everything sprang to life as a few nervous squirts—like bullets from trigger-happy riflemen—spurted from the hoses, and then the full fury of the torrential streams gushed from the nozzles.

Oh, the carnage! Men were riddled with devastating blows of the hoses, hats were blown far and wide, once-green grass was turned into quagmires. But all the while, the two armies—like two monstrous centipedes—purposefully maneuvered, each trying to outflank the other. But it was soon over: as ominously as it had started, quickly it had ended; the Frosh had driven their opponents into the ground. The vanquished sloshed off the field bearing the signs of defeat of soggy drawers and muddy knees.

And in the camps of the two teams it was interesting to hear the comments of the combatants: from the simple, heart-felt statement of one of the vanquished, "I'm wet," to the joyful exuberance of the victors, "Boy, did we cream that guy on the ground!" and the bitter disillusionment in, "Who the hell shut the water off?"

### UVM Student Gov't Will Play Host to High School Representatives Oct. 21, 22

The week-end of the twenty-first and twenty-second of October will be an important one at U.V.M. with Student Government playing host to students who have been invited from every school and college in the state of Vermont. They are meeting with the purpose of considering the idea and practicability of Student Government at the secondary level.

This conference is intended not only for those schools who already have some type of student organization but also for all people who are interested in discussing the idea of Student Government or Council.

#### PTA's, School Boards Invited

Not only students are invited, but also members of the P.T.A., school boards, interested citizens-at-large, faculty and administration.

Delegates from Vermont colleges who have recently returned from the National Student Assembly held from August 24-September 3 at the University of Illinois found that this was not a new idea but one that has been used very successfully in other states.

The program for the conference is as follows:

**Tuesday, October 18**  
10.30-11.00 WCAX Radio Panel on "The Idea of Student Government."

**Friday, October 21**  
9.00-11.30 Registration.  
9.30-11.30 Registration Coffee Hour  
11.45- 1.15 Luncheon  
1.30- 2.30 Case Study Demonstration  
2.45- 4.15 Round Tables  
4.15- 5.15 Tea Hour and Exhibition (Sponsored by Kappa Phi Kappa, National Educational Honorary Society).  
6.00 Dinner  
8.00- 9.30 Panel Discussion: "The Idea of Student Government"  
10.00-11.00 Recreation

**Saturday, October 22**  
9.00-10.30 Round Tables  
10.30-11.00 Recess  
11.00-12.00 Round Tables (Evaluation Session, Debate)  
12.15 Luncheon  
1.30- 3.00 Round Tables  
3.00- 4.15 Final Session: Concluding Panel and Discussion  
4.30- 5.00 Tea and Exhibition (Sponsored by Dean Mary Jean Simpson, Dean of Women)

**Post-Conference:**  
**Saturday, October 22**  
8.30-12.00 Informal Dance sponsored by the Social and Cultural Committee of U. V. M. Student Government

The Conference Staff (to date)  
Coordinating Staff Chairman:  
Mr. Don Elberson—Educational Director, Vermont State Farm Bureau; Chairman of Committee for the Christian Education of Adults.  
Mrs. Ruth Elberson—Vice President of Winooski P.T.A.  
Mrs. Helen Lawrence—District Director of P.T.A.  
Mrs. Doris Hathaway—Area Supervisor of Vermont State Department of Public Welfare.  
Mrs. Lillian Samuelson—UN Chairman of League of Women Voters.  
Mrs. Helen Pitkin—Plainfield P.T.A.  
Mr. Paul Stockwell—Teacher in Brattleboro.  
Mrs. Dorothea Stockwell—President of the Vermont Adult Education Association.  
Mr. John Hall—Student, Goddard College, Plainfield, Vt.  
Max Barrows, Head of the Teacher Instruction, Department of Education, Montpelier, Vt.  
Mr. Robert Carter—Rural Sociologist, Member of the Department of Agricultural Economics.

# Cats Come To Life In Second Half To Trim Cadets, 20-0

## Ballard, St. Gelais Pace Ground Attack; Blocking Improves

By Winn Fingerit

The University of Vermont football team rolled to an easy 20-0 triumph over Norwich Saturday afternoon before a Homecoming crowd of 5,500 at Centennial Field after the stubborn Cadets held them scoreless during the first half. The three U.V.M. touchdowns were scored by Farrell, Collier and Ballard. The latter played the best game of his career as he gained 138 yards on the ground in nine tries.

Norwich was definitely "up" for this one and looked like a different team than the one that was drubbed the previous week 71-0. The Cadets held the ball in U.V.M.'s territory during most of the first quarter, but couldn't put enough together for a score. The running of full-back Nick Psalidas and the passing of quarterback Mel Damon kept the Cadets in the picture during the first and most of the second quarter.

About half way through the second period of play, the Catamounts had the ball on the Norwich 39-yard line. Ballard then went 22 yards around right end to the 17. Kehoe's pass to Pruneau was good on the 9. On two plays, Ballard went to the 3. Then Al Tavares fumbled and the ball was recovered in the end zone by Burd of Norwich, for an automatic touchback and it was the Cadets' ball on their own 20. That was the last scoring threat during the first half.
